Chapter 221 Clumsy Lies

But Kerr knew that he would never touch other women, except for Nicole.

No matter what, Nicole was happy to hear his words. At least, she was comforted.

"I know. It's useless to be afraid. Maybe the Gu family will never accept me and my child. But it doesn't matter, as long as you love us.

Kerr, you are the one I love in the world. Remember, you are the only person who can hurt me in this world. No one can hurt me no matter what they do or say."

She gently kissed on Kerr's chin, her eyes full of pride and confidence.

"I will never hurt you, Nicole. No matter what happens, I won't lose you." With firm determination, he tightened his grip on her arm.

Feeling the warmth of Kerr's arms, she nodded slightly.

The car stopped in front of Kerr parents'. Jared walked out of the car and opened the door for them. Everyone knew that there was a fierce storm ahead of them.

However, it seemed that both of Nicole and Kerr didn't care about it at all.

As soon as Kerr walked into the house with Nicole, he saw the people sitting on the sofa.

"What do you want from me?" If possible, Kerr really didn't want to come back.

Because this place could not be called a home for him.

When Freya saw Nicole was beside Kerr, she couldn't help but frown and cough gently, hinting Kerr to watch his own attitude.

Kerr ignored Freya, sat down on the sofa near the door with Nicole.

"Kerr, today we are going to discuss your wedding date with Sunny. There is no need for an outsider to be here." Freya knew that Nicole hadn't left Kerr.

But now, Sunny had already had a child with Kerr. Freya didn't think that Nicole didn't care about it at all.

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

"

Noticing the smile hidden in Nicole's eyes, Kerr asked softly, ignoring what Sunny had said.

That clumsy lie couldn't deceive him, so Nicole didn't believe it. He was not even interested in watching Sunny acting.

"Nothing. It's just that someone's acting is great." Nicole said calmly. Although she didn't make it clear, everyone here knew that the person whom she mentioned was Sunny.

She was not afraid of people from Gu family, as if she had been used to it.

"You!" When Sunny was about to speak to Nicole, she was stopped by Freya, who stretched out her hand and let her sit beside her.

"Miss Ning, today is a family matter. Since you are here, I also hope you can understand something. You knew about Kerr's engagement with Sunny from the beginning. Let bygones be bygones.

I just hope that you can understand that Sunny has a child and you are also a mother, I don't think you want to see your child born in an incomplete family, right?"

From Freya's words, it seemed that Nicole had interfered in the relationship between Kerr and Sunny.

When she heard what Freya said, Nicole sneer.

Chapter 222 Witnesses

It sounded ironic. When Nicole knew Kerr, she didn't know the existence of Sunny, "I don't understand what you said, Mrs. Freya.

What about my child? Doesn't she need a family? I don't know who is the father of Miss He's baby. I just know that my baby is Kerr's.

I will never give away anything that belongs to me."

Nicole looked at Freya without fear and said firmly.

"My baby is, of course, Kerr's. He knows it best. One month ago, in Lin Group Hotel."

Sunny frowned and looked at Nicole and Kerr. Never had she imagined that now that she was carrying a child, Kerr would deny it.

"Kerr, no matter why you refused the marriage, you can't deny that the bay is yours. It's unfair."

Except for Sunny and Moore, everyone else was taken aback by what Nicole had said. Freya was even more surprised. She didn't expect that Nicole was pregnant, which made things more complicated than before.

Kerr cast a glance at Sunny. "Maybe you're wrong. If you're really pregnant with a child, it shouldn't be mine. I was drugged that night.

As for the medicine, no one knows it better than you. Fortunately, I came back to Nicole in time, or I would regret for the rest of my life."

He felt so lucky that he left in time that day. Otherwise, it would be impossible for him to give a convincing explanation.

Hearing what he said, Sunny was extremely angry. "No! That's impossible. You said that because you are captivated by her. You can't deny what had happened between us that night, Kerr."

There were tears on Sunny's face.

"Enough! "Kerr, Sunny is your fiancée, and we are a decent clan. How dare you insult her like that? She has received good education since she was a child, some loose woman is nothing compared with my daughter."

Daniel looked at Kerr in rage. As for the marriage between

you?"

Sunny took a deep breath and wiped off the tears on her face, unwilling to give up.

"If it's not mine, why should I admit it?" Kerr's tone was calm, and he didn't care about her criticism at all. He had regretted coming here, since the conversation was meaningless.

Noticing how confident and calm Kerr was, Moore couldn't help but frown. He didn't want to arouse Kerr's suspicion and didn't want to get himself involved into this affair, but now it seemed that Sunny was totally useless.

Moore raised his hand and put it to his lip, coughing slightly. He has successfully attracted the attention of everyone, except for Kerr and Nicole.

"Actually... I was at the party held by Lin group, but I came there a little bit late..."

Moore spluttered on purpose. He cast a glance at Kerr with an unnatural expression as if he was worried about Kerr.

"What did you see?" Jack looked at him.

On the contrary, Freya looked nervous, because she could not figure out the intention of Moore. If he continued to make trouble, their marriage would be really ruined.

Sunny nodded at Moore. She knew that he would help her.

"I saw Kerr was drunk, then he pulled Miss He into the hotel room."

Chapter 223 He Didn't Say No

Moore looked at Kerr and Nicole with an innocent expression in his eyes.

Upon hearing this, Sunny heaved a sigh of relief. Now that she got the witness, he believed that Kerr would not deny it.

Nicole raised her head and looked into Kerr's eyes with inquiry. In fact, she did not want to believe Moore's words, but there was no need for Moore to tell a lie.

Moreover, it had nothing to do with Moore. Kerr's marriage with Sunny could only strengthen his status in the family. Logically, Moore should have stopped it.

But now, it was obvious that Moore was on Sunny's side.

"How do you explain that?" Nicole needed an explanation from Kerr. With the doubt in her heart, she needed a comfort from him.

"I have nothing to say. Even if I was in the same room with her, it means nothing."

Kerr knew that Moore wanted to see the Gu family get messed up, so he could take the opportunity to get what he wanted. If Kerr knew that Moore had some tricks up his sleeves, he would not fall into the trap.

But Kerr couldn't help but doubt it when Moore tried to get into the middle of this.

"Yes. I was about to call him, but Kerr didn't seem to refuse Miss He, so I didn't disturb him. It seemed like something was wrong between them."

Moore frowned and fell into deep thoughts as if he was recalling what Kerr looked like at that time.

Hearing what Moore said, Sunny's face turned red and said, "Kerr and I drank a little wine at that time, so we can't control ourselves..."

Sunny hadn't expected that Moore would tell them about it. She knew it better than anyone else how the baby came. Although she felt a little guilty, it was the truth.

She had a baby with Kerr. Th

f that was the case, Nicole would not let go of Kerr. Nicole hated betrayal in love.

"There's nothing to worry about. I know what I've done better than anyone else. You're the only woman I'll marry." Replied Kerr with a firm look on his face.

He had never hesitated.

When she saw the firm look on Kerr's face, she couldn't help but glare at him.

"So you mean you will marry her because she is pregnant with your child? Then why are you with me?" There was no longer worry in her tone. Instead, she sounded more serious.

All of a sudden, she became very picky about what he had said. She stretched out her hand and grabbed him by his neck. She glared at him, not allowing him to escape.

It seemed that if Kerr said something wrong, Nicole would strangle him without any hesitation.

There was obvious threat in her eyes.

Looking at the cute face of Nicole, Kerr felt relieved. He raised his hand and pinched her cheek gently. Feeling her soft and fair skin, he smiled dotingly.

Although she looked smart, she was very simple and pure about relationship. In this complex world, he preferred to live simply.

Chapter 224 I Cant Stand Betrayal

"Don't be silly. I was just making an excuse. It is impossible that the baby is mine. Besides, it is not suitable for pregnant women to be in such environment.

I just want to take you out of here as soon as possible. Do you still want to stay there?"

Kerr reached out to hold her in his arms and gave her a kiss on her cheek.

As if he had won the whole world when Nicole nestled in his arms, with a sense of satisfaction, he continued, "Nicole, I know what kind of life you want, and I'll give you."

Being held in Kerr's arms and holding his hand, she felt the warmth from him and raised her lips. "I'm warning you. If you have anything to do with Sunny's child, I won't let you go!"

She reached out and pinched his palm, as a gesture of threat.

"Kerr, now that you've chosen me, there's no turning back. It's too late to back out now. We're going to be together until the end of."

She didn't want to give up halfway.

Kerr held Nicole tight, gently patted her back and tried to comfort her, but carefully avoided her belly.

"Nicole, I know you want a life without being disturbed. I know everything. I'm ready, and when everything's done, I'll take you out of here.

I don't want anything from the Gu family any more. I only want you. I have found out an illegitimate child of the Gu family. I will let him come back to take over everything of the Gu family, and then I will leave The Gu Group."

Kerr had never told this to Nicole. He had planned to hide it from her and give her a surprise, but now he didn't want her to feel unsafe.

Maybe for her, surprise didn't matter.

Hearing Kerr's words, Nicole was stunned. She raised her head from his arms with disbelief in her eyes, "Are you really willing to give up the position as the eldest son of the Gu f

he honor to give you a ride?"

Hearing the voice of Moore, Sunny stopped walking. Thinking that he was also helping her just now, she nodded.

Sitting on the passenger's seat, Sunny nodded at Moore with a smile. "Thank you for your help, Mr. Moore. I'll never forget your kindness."

Sunny was glad that another member of the Gu family could help her, but she didn't know that what Moore was thinking.

With one hand on the steering wheel, Moore leaned against the door and supported himself with his elbow. He shook his head and said, "Sunny, you don't need to thank me. I'm helping you, and I'm also helping myself."

He didn't plan to keep the secret from Sunny anymore. After all, the DNA test would be done in the future, so it would be better to let her know about the truth.

Hearing the way he called her, Sunny slightly frowned. In fact, it was not a big deal for them to call each other like this since they were about the same age, but she didn't expect that Moore would change so suddenly.

Sunny was somehow uncomfortable with it. "Please pull over, Mr. Moore."

All of a sudden, she was afraid to stay by the side of Moore, who had a horrifying aura emitted from him.

Chapter 225 Truth

"Sunny, are afraid of me? Or you don't like that way I call you? But we are intimate to each other."

A weird smile appeared on Moore's face. He turned his head to look at Sunny.

"What do you mean? What are you talking about?" Sunny frowned and was not pleased with the wired look on Moore's face.

"Don't you remember? Or do you really think the man you had sex with in the hotel that night was Kerr? Are you serious? Do you really think your baby is Kerr's?"

There was a clear mockery on Moore's face.

Looking at the stunned look on Sunny's face, Moore was amused.

"Moore, what are you talking about? Obviously, Kerr is with me. Didn't you see us walk into the room with your own eyes? Stop the car. I want to get off."

Sunny didn't know what Moore was going to say, but she could feel vaguely how scary Moore was, which made her want to escape.

"You want to leave? Where do you want to go my son?" Smiling, Moore reached out his hand towards her belly.

But before he could touch her body, Sunny pushed him away.

"Moore, what did you say? You know better than anyone that this is Kerr's baby." Sunny didn't believe what he said at all.

"Sunny, when did you become so naive? Okay, I will tell you the truth. Not long after Kerr took you to the room that night, he left directly.

You can only blame yourself for not being able to keep Kerr by your side. Otherwise, I wouldn't have worked so hard as to get you pregnant. Fortunately, you are having a baby, which is great."

Moore said with a smug smile on his face.

In her heart, what Moore said was totally out of her expectation. It turned out that Kerr didn't lie to her. The baby in her belly wasn't his.

She went silence

. "I know mommy is worried about me. In fact, I'm not as fragile as you think.

Actually I know a lot, because I inherit mommy's wisdom. Mommy should be happy to know that." Jay snuggled up to her and acted like a spoiled child.

Nicole touched his hair naturally. "Jay, it's mom's fault. I didn't take good care of you. Can you promise me you will tell me everything in the future? I won't force you to go to kindergarten."

She still remembered that Jay refused when she sent him to kindergarten for the first time. Maybe from then on, she realized that he was different from other kids.

"Thank you, Mommy. I get it. Don't worry. I didn't do anything bad."

Wearing a smug face, Jay seemed to be waiting for her praise, but heard another voice.

"Yes. It's not a bad thing to crash the Internet system of the Song Group." Kerr said in a calm tone.

This little guy had always been fighting against him for Nicole, and he finally got the goods on him today.

Hearing what Kerr had said, Nicole frowned slightly. Although Gregory and Fiona were not good people, they were adults. She did not want Jay, a child, to get involved.

Chapter 226 Such A Good Day

Nicole turned to look at him and said, "Why didn't you tell me about it?" Nicole suddenly remembered that Jay liked Kerr very much before because Kerr arranged a school for him.

Now it seemed that Kerr had already known that Jay was gifted.

The anger was burning in her eyes when she looked at Kerr. It seemed that he was indeed hiding a lot of things from her.

"I just know it a little earlier than you."

A faint smile appeared on Kerr's face, but he felt very nervous in his heart. It was a trap that he was going to set up for Jay, but he didn't expect that he would jump into it in the end. He reached out his hand, trying to hold Nicole's, but she dodged.

"Mommy, the old man knew it and joined us. So it's not only my fault. I want to protect Mommy. But I don't know why the old man did it."

Jay put his head on Nicole's legs. He smiled happily with a smug look in his eyes. He made a face at Kerr.

Upon hearing this, Kerr's face darkened. He reached out and held Jay in his arms, and was going to take him upstairs.

"Mommy, help!" Jay kicked his short legs and shouted, trying to get rid of his hug, but failed. He could only watch Nicole farther and farther away from him.

Looking at them, Nicole couldn't help but shake her head helplessly. She really couldn't do anything with them.

"How are you feeling recently?" Harley put down the laptop and looked at Nicole with a smile. He had never seen Kerr like this. It seemed that Kerr was influenced by Nicole.

In fact, Harley knew that Nicole gave Kerr a family to make him feel warm.

Nicole nodded to him. "Well, I am great." In fact, she enjoyed this kind of life, as she heard Kerr and Jay squabble over trifles.

Such cheerful laughter was

very with a puzzled look. "Where are we going? Why are you in such a hurry?" Before Nicole could finish, she was pulled by Avery towards the door.

After sitting on the rear seat together with Avery, Nicole saw that it was Zachary who drove the car. "Hi, Zachary," she greeted. Nicole smiled and nodded to Zachary as a greeting.

Zachary responded with a smile.

Nicole looked at Zachary 's suit and found that something was wrong. She couldn't help but feel strange. "Are you going to attend a banquet? Is it your engagement party? It's in next month, isn't it?"

She remembered it was next month, but when the two men in front of her heard her mention the engagement party, their expressions changed. Avery frowned instantly, but Zachary looked relaxed.

"It's such a good day today. Don't mention the engagement party!" Avery avoided the topic but could not help but shoot a glare at Zachary.

She didn't expect that Zachary was so cunning that even her parents helped this bastard.

The corners of Nicole's mouth lifted into a helpless smile.

"Come on, don't say that. Zachary is a great man. I'm sure Zachary will take good care of you."

Chapter 227 Skip The Engagement

Nicole could always feel that Zachary treated Avery differently, but she didn't expect that Avery, the silly girl, didn't feeling anything.

"Nicole has a good taste. But I haven't told you that I've already planned to skip the engagement and get married."

Zachary's tone was flat and it seemed that he had prepared for it for a long time. However, what he said was like a blow to Avery. She couldn't help but widen her eyes.

"What did you say? Zachary, don't go too far. We have already been engaged, but you don't have to get my consent. Now even if you want to get married, you don't intend to ask for my opinion. What do you think I am?"

Avery couldn't help but get angry. Since Zachary didn't take her seriously, didn't she have the right to choose her own happiness? It was not fair to her at all.

When Nicole saw that Avery was really angry, she reached out to hold Avery's arm and said, "Well, we can have a discussion on this."

She knew that Zachary would not rush things, so he must have a plan in his mind. Marriage was, after all, important to Avery. She believed that Zachary would not make things difficult for Avery.

After hearing what Nicole said, Avery didn't look at Zachary anymore, but her good mood was completely ruined. She leaned on the back seat with her arms folded in front of her chest, and looked out of the window.

Zachary's face darkened when he saw how angry Avery was through the rearview mirror.

Suddenly, a sense of awkwardness came over Nicole. Fortunately, Zachary stopped his car very soon, so she opened the door and got out of the car. She was not relieved until she breathed the fresh air outside.

It seemed that such a scene was really unsuitable for a pregnant woman.

After they went into a beauty salon, Avery held Nicole's

ped, she couldn't wait to get out of the car and saw a lot of people standing in front of the building, but she saw Kerr at a glance.

There was a slight smile on the handsome face of Kerr in a white dress. His angular features made him look extraordinarily masculine and handsome, but his smile made Nicole feel warm.

As Kerr walked to her, he naturally put his arm around her shoulder and said, "Nicole, is this what you want?"

Turning around, Kerr's sight fell on the big words covered by red cloth above the building.

Following Kerr's gaze, Nicole looked up and saw the red cloth falling down and the "The Ning Group building" appeared in front of her.

When Nicole looked at the four words that she had been familiar with, she could not help but shed tears. This was what she had always hoped. She had finally fulfilled her father's last wish.

She covered her mouth to hide her astonishment. "Kerr... Thank you."

She finally knew what the surprise was and was grateful to Kerr. The surprise was so important to her that she gave him a big hug.

She rested her chin on Kerr's shoulder. She was so happy that she couldn't help bursting into tears.

"Mommy! I also helped!"

Chapter 228 The Establishment Of The Ning Group

Jay didn't seem to be satisfied with the way Nicole praised Kerr in front of him. He stood up and ran to Nicole, holding her leg tightly.

He raised his head and looked proud.

Nicole let go of Kerr's arm and turned around to look at Jay. She patted him gently on the head and praised, "Bravo, Jay!"

She was grateful that she ran into Kerr when she was helpless. She felt luck that she didn't give up on Jay so she led a happy life right now.

"This is my first surprise for you. I have said that as long as you want, I will give you the whole world."

Hand in hand, Kerr walked with Nicole towards the building where a lot of reporters were already standing there, along with their best friends.

Nicole followed Kerr. Although the Ning group wasn't rebuilt by her, she wouldn't let Kerr down. In the future, she must help the company develop better.

She would not let others look down upon her, nor would she let others question Kerr's choice.

Walking into the Ning Group, Nicole looked at everything in front of her. It seemed like seven years ago, and her father was still there. She was still that little girl, but she knew that everything had changed.

"How is it? Is it good enough? I've tried my best to restore them, but that is the best I can do." Harley let out a sigh of relief. In fact, he knew that Nicole wouldn't mind.

But this was a gift that Kerr gain to Nicole, so they paid so much efforts to it.

Nicole nodded to Harley, "It is wonderful. Thank you!" She knew that the Ning Group could be rebuilt, in addition to Kerr, Harley had made a lot of contribution to the company.

"Sister, take it easy. When I show my surprise to you, I'm afraid you won't be able to hold back your tears." Ken looked at Nicole with pride.

Before he wa

the room were his best friends, so Kerr and Nicole to have fun there.

"What is it?" Kerr knew that Jared wouldn't disturb him now if there wasn't any emergency.

With an embarrassed look on his face, Jared hesitated for a while before he finally said, "Sir, the Gu family has announced the news of your marriage with Miss He. The wedding will be held next month."

This news came all of a sudden, but he knew the reason. After all, Kerr set up a Ning Group for Nicole without any scruple, which completely angered Jack.

The smile on the corner of Kerr's mouth gradually disappeared. He didn't expect that the Gu family would fight back in this way. "I know."

After putting down his phone, Kerr looked terrible. He knew that at this time, he couldn't stand out to clarify for himself, which would only make the public think that he was protecting Nicole.

On the contrary, it would make things worse.

"What happened?" Nicole noticed the change in Kerr and looked at him strangely.

"Nothing." Just as Kerr finished his words, all people's phones rang. They picked up their cell phone with curiosity and looked at the contents on the screen, and could not help but froze.

Chapter 229 The Wedding Date

Then everyone turned to look at Nicole.

Nicole looked at the headline on news in her phone, which read, "The CEO of the Gu Group and the daughter of the He Group are engaged. Their wedding will be held on the 18th of next month."

Nicole knew that the Gu family was putting pressure on Kerr, but when she saw the news that her beloved was going to marry someone else, she felt sad.

With a serious look on his face, Kerr held the hand of Nicole, hoping that she would not be influenced by these things.

"Nicole, trust me. They can't change my mind. I won't be with anyone except you.

I won't agree to the so-called wedding, and I won't show up. If you don't believe, I can prove it to you now."

Putting down her phone, Nicole turned to look at Kerr beside her, with a smile on her lips. "I know."

Then she looked at everyone present. She knew that they were worried about her, so she said as if nothing had happened, "I'm very happy today. I don't want to think about these unhappy things.

I know that all of you have worked very hard for me these days. I am really grateful that I can have you guys. This wine is a token of my regards."

Nicole picked up the glass in front of her and was ready to drink it up, but before her lips could touch the glass, the wine was taken away by Kerr.

"You are pregnant. I will drink it for you." Kerr took the wine glass in Nicole's hand and drank it up.

In fact, when Kerr saw the strange look in Nicole's eyes, he was a little uncertain. She had been moody since she was pregnant.

As far as Kerr knew, Nicole must be very angry when she knew such news. So when he saw the smile on her face, he felt that he w

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

"Jay, let me take you on a business trip, okay?"

She didn't forget that two days later it was the so-called marriage between Kerr and Sunny, but Kerr didn't give her a satisfactory explanation. She bore it in mind all the time.

Jay stopped and looked at her, "Mommy, you just leave like that?" Jay would never let of Kerr that easily.

He even had made up his mind that if Kerr really dared to marry that Sunny, he would mess up Kerr's wedding. In this way, he could avenge Nicole and leave here with Nicole and his younger sister.

Nicole knew that Jay was a smart kid so she couldn't hide it from him. "No. I know you feel sorry for me. But, don't worry. I'm not that vulnerable. I've thought it over. If Kerr really dare to marry Sunny, I'll take the baby away from him.

And we would hide in somewhere to see if he was worried when he couldn't find us."

There was an obvious trace of anger in Nicole's words. Two days ago, she really felt sad, but now she had figured it out.

She was in love with Kerr, and she believed that he loved her so much, so she would not give up on him.

"Really?"

Chapter 230 I Only Want You

Head tilted to one side, Jay looked at Nicole with curiosity.

"Yes, if Kerr really dares to show up on the wedding, I'll take you and the baby out of here. I don't believe that he would not worried about us."

She had threatened Kerr like that before, and she knew that he would never forget it. But she really didn't know what Kerr was busy with these days.

Kerr had promised me to share the responsibility with her, but she doesn't know anything about it.

"Mommy, do you want to know what that old man is going recently?" In fact, Jay wanted to take Nicole and his little sister away from this old man so that Nicole could be his.

But he knew that Nicole might not be really happy if it happened, so he put the laptop on his lap.

"I don't want to know what he is doing." Although she said she didn't care about it, when she saw Jay turn on the computer, she couldn't help but look towards him.

She was a little curious. What kind of thing was actually more important than her in Kerr's eyes.

Looking at the expression on Nicole's face, Jay shook his head helplessly. It seemed that since Nicole was pregnant, Jay obviously felt that she was a little dumb.

"Mommy, I'm your son. Why am I so smart, and you..." Jay said half of the sentence on purpose.

Hearing Jay's words, Nicole stretched out her hands towards him and pinched his little face. "So you dare to look down on me now, don't you? You sound like Kerr."

She was speechless. She didn't know whether to laugh or cry when her son was getting more and more like Kerr.

"I tell you, pregnant women tend to become a little stupid during the pregnancy. I became like that because Kerr wants a daughter and you are always

I will go on a business trip in two days, and Jay also wants to go with me."

Nicole didn't plan to hide this from Kerr.

"It's good for you to know that, Nicole. Don't think about leaving me. I won't marry anyone except you."
He kissed Nicole as there was a gleam of cunning in his eyes.

But she didn't see it.

Raising the corners of her mouth, Nicole turned around and gave a hug to Kerr.

Looking at Nicole, Kerr didn't say anything more.

At dinner time, Kerr, Nicole and Jay were having meals, and the atmosphere was quite good.

"Sir, Kelvin sent some ornaments here and said they are used to decorate the villa." The red box was in Vedder's hand and he asked for Kerr's opinion.

When Nicole turned around, she saw the box in Vedder's hand at a glance. The red ornaments stung her eyes. When she turned her head, she looked down awkwardly.

Kerr had noticed the reaction of Nicole, but he didn't ask much. He just nodded his head to Vedder.

"Humph!" Jay put down his chopsticks and turned around to the room upstairs. Apparently, he was not satisfied with the reaction of Kerr.

Nicole didn't stop Jay.
