

CEO Daddy 231

Chapter 231 I Dont Plan To Get Married

She knew that even though Jay didn't say it out frankly, he was still angry in his heart. So she smiled bitterly at Kerr and said, "Don't mind it. He is just a kid."

But actually, she wanted to know whether Kerr cared about it or not. Although she didn't look at him, she was watching him from the corner of her eye.

"It is okay." Kerr didn't pay attention to it at all. He just picked up some food for Nicole and put it on her plate.

Lowering her head, Nicole tried her best to suppress her anger. She didn't touch the food, but raised her hand to cover her mouth. Then she ran to the bathroom.

She felt like her stomach was churning. Standing in front of the wash basin, she spat out everything that she had eaten. In fact, she didn't eat too much, so the gastric acid coming out of her stomach made her uncomfortable.

In fact, Nicole had been well taken care of since she was pregnant, so the nausea or vomiting reaction was not very serious. But in recent days, it got worse and it might be because of the mood swings.

She suffered a lot during these days.

"I've called Harley and he'll be here soon."

With a glass of water in his hand, Kerr stood behind Nicole. Looking so pitiful, he put his arm around her shoulder and handed the glass to her lips so that she could rinse her mouth.

Nicole shook her head and rested her head on Kerr's shoulder. "Don't worry. It's normal for me to vomit. I'm fine." She really didn't want to think about those sad things.

The living room of the villa had been decorated into red, full of joy.

Sitting in the living room, Nicole felt that everything seemed dazzling to her. When she stood up, she saw Harley walking in from outside.

"What's wrong? Do you feel uncomfortable?" There was a smirk on Harley's face.

He put his hand on Nicole's wrist and felt her pulse. In fact, when he got a call from Kerr, Harle

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

n let off Nicole. Now she has Ning Group which can provide her a good life.

She should be satisfied with this results. Otherwise, not only can not you be together, she will lose the Ning Group, and you are no longer the eldest son of the Gu family."

Jack also made a compromise. As long as Kerr could give up on Nicole, he was willing to let her go.

Kerr tightened his grip on the invitation card, and his face was full of anger. When he was about to refute, Freya butted in, "Kerr, don't be so naive to think that after you lost everything, Nicole would still be with you. Even if she doesn't leave you, what else can you do? Without your family, how can you give her happiness?"

Freya knew her son well. She knew that when Kerr fell in love with a woman, he would try his best to make that woman happy. If not, he would rather not be with her.

Lowering his head, Kerr was silent for a while. Then he slammed the letter on the table, stood up and left the villa silently.

When Sunny saw the reaction of Kerr, in fact, she had already known what would happen, but she still deliberately flattered Freya. "Auntie, please don't be angry..."

A smile finally appeared on Freya's face. "Don't worry, Kerr has agreed, and the marriage is settled."

Chapter 232 I Promise To Marry Her Because Of You

Hearing what Freya said, Sunny finally felt relieved. A smile appeared on her face.

In Kerr's villa.

When Nicole was lying on bed, the door opened. She turned over out of instinct, turned her back towards the door, closed her eyes, and pretended to be asleep.

With the dim light at the door, Kerr saw Nicole, so he closed the door gently. He sat beside her and kissed her on the cheek. He embraced her from behind and then fell asleep with a slight smile on his face.

Early in the morning, when Nicole woke up, she found that Kerr had already gone. She sighed, and she had to pack up her things and go to the Ning Group.

The car was parked downstairs, and a red Ferrari stopped in front of Nicole's car.

Sunny got out of the red Ferrari, walked to Nicole, and took off her sunglasses.

"Kerr has spent a lot of money on you. It's just a Ning Group. It's not a big deal to me and Kerr. We don't care about it either."

Hearing what she said, Nicole got out of the car, walked towards the company and ignored her.

"Nicole!" Seeing that Nicole didn't seem to care about what she had said, Sunny could not help calling out her name.

"My wedding with Kerr will be held the day after tomorrow. You'd better not play any tricks. Otherwise, I won't let you go." Sunny was very worried that Nicole would be angry and ruin her wedding.

So she came to warn Nicole.

Stopping, Nicole turned around very calmly, with a faint smile on her lips and an obvious disdain in her eyes. "What? Are you so afraid that I would make trouble in your wedding?"

Actually, I don't really want to do anything to you. If he gets married, I will break up with him. But it's my own business to decide whe

.

"No, No. Don't marry anyone else..." The phone was hung up. Nicole spluttered, but no one could hear her true feelings.

Kerr put down his phone and there was determination in his eyes.

Jared stood bedside Kerr. "Sir, Mr. Zachary is here. Can him come in now?"

Kerr held back his emotions, nodded at Jared and went back to his desk.

After receiving the sign from Kerr, Jared turned around and walked towards the door. Very soon, Zachary in a dark grey suit came in. At this moment, Zachary was different from usual and had no expression on his face.

He didn't look gentle as usual.

Seeing that Kerr was sitting behind the desk, Zachary sat opposite him.

"I wonder why Mr. Kerr wants to see me?"

Zachary focused his eyes on Kerr. Although he had some doubts in his mind, he was hesitating.

"In fact, you have already known that you are not the child of Lin family, and you know your real identity more clearly than anyone else." It never occurred to Kerr that the one he had been long for was Zachary.

At first, Kerr couldn't believe it either. But after thorough investigation, he knew that it was true.

Chapter 233 My Real Identity

It proved that the one Kerr had been looking for was indeed Zachary, and he only needed the DNA test.

Hearing this, Zachary just smiled faintly, "I'm not the biological child of the Lin family, and this is not a secret in the industry. As for my real identity, I don't know what it has to do with you.

I never put my mind on finding my biological parents. If Mr. Kerr knows, you don't have to tell me. I don't want to know at all."

With obvious disdain on his face, Zachary thought that since his biological parents abandoned him like that, and then the Lin family gave him warmth and safety which he never had before, he never thought of leaving it.

What's more, he didn't intend to deal with these issues for Kerr, and he didn't want to end up like Kerr.

Seeing the determined look on Zachary's face, Kerr was more sure that Zachary had known everything.

"Really? What if I say that if I can't find out your real identity, you can never see Avery again?" Kerr knew that Avery was Zachary's soft spot.

In this world, no matter how strong and powerful people were, once they fell in love with someone, they would have a weakness. So Kerr wasn't worried that Zachary would do anything against his will.

As expected, when Zachary heard that Kerr was threatening him with Avery, the smile on his face disappeared gradually. "Kerr! If you dare to touch Avery, I promise you will lose everything."

Zachary stood up, clenching his fists tightly.

He would never allow anything to happen to Avery.

"I'll give you a month. I know you want to marry Avery. After your wedding, I'll give you some time to reveal your real identity." Kerr didn't want to force him.

So he made a small compromise. In fact, Kerr didn't dare to hurt Avery. Avery was Nicole's best friend, if something ha

had no other choice when she was threatened by Moore.

Looking at Lily's wired expression, Nicole looked at the milk on the ground and asked, "What did you put in it?" No matter how stupid she was, she knew there must be something wrong with the milk.

But she was glad that Lily was able to stop her.

Otherwise, she would be in trouble.

"I'm sorry, Nicole. I didn't mean it. I really don't know what to do." Lily raised her hand to cover her face. She felt so ashamed that she didn't even have the courage to look at Nicole.

There was a trace of sadness in Nicole's eyes. She sighed and grabbed Lily's hand to let her sit on the sofa. Then Nicole sat beside her.

"Tell me what happened?" Nicole could sense that Lily was forced by someone. Otherwise, as far as she knew, Lily wouldn't do anything to hurt her.

Lily took the tissue from Nicole and sniffed. She cried for a long time, as if she could vent all her fear and grievance these days.

She turned to Nicole and said, "Nicole, it's actually Moore. He was worried that you would marry into the Gu family because of your child, and that the child would become a future trouble for him, so he wanted to get rid of your child."

Chapter 234 The Truth

"I really had no choice. He threatened me that if I didn't put any drug in your food, he would..."

Lily didn't dare to tell Nicole, since she couldn't get the photo from Moore.

If the photo spread out, Lily know that her life would be ruined.

Looking at Lily's sad face, Nicole had a rough idea about what had happened.

"Tell me, what did he do to you? This time, if we haven't solved it, he will threaten you with it in the future. You will never live a peaceful life."

She knew Moore was mean and ruthless enough to do anything to get what he wanted. The last time she and Kerr narrowly escaped from death was because they were extremely lucky, but she knew that not everyone could be so lucky.

"He got me drunk, and then... even took pictures of me." Lily trembled with fear.

Hearing Lily's words, Nicole couldn't help but clench her fists. It never occurred to her that Moore was so despicable. As a woman, Nicole knew how important such a thing was for a girl.

"It was a long time ago, wasn't it? Why didn't you tell me earlier? And that was also the reason why you broke up with your boyfriend?" She suddenly remembered that Lily had mentioned that she had broken up with her boyfriend before.

Lily nodded, but she didn't know what to do next.

Nicole sighed. Since Moore could send Lily to her side, he might arrange some around Kerr too. Thinking of this, Nicole picked up the car key on the table directly.

She drove fast towards the Gu Group and headed for the office of Kerr. At the parking lot, she met Moore.

"If I remember correctly, Miss Nicole is no longer a member of the Gu Group. Why are you here?" Moore stood in her way.

This woman was Kerr's weakness. If he caught Nicole and threw Moore a punch.

He should have taught Moore a lesson.

If something happened to Nicole because of Moore, Kerr wouldn't let him go.

Noticing the tense look on Kerr's face, Nicole fondled his side face and asked, "Why are you so nervous about me? How can you marry someone else?" She couldn't imagine what would happen in two days.

This man didn't belong to her anymore.

"Kerr, if you marry Sunny, you will lose me forever. No matter how much I love you, I won't be the mistress in your life."

"I can't do it."

As long as she thought of this possibility, she felt a pang in her heart.

Lowering his head, Kerr didn't see any miserable expression on her face. "You faked it just now, didn't you?" He knew what if she really didn't feel well, she wouldn't be so calm.

Nicole nodded slightly. Then she took out her cell phone and dialed Lily's number. "Lily, tell Moore that you have done what he asked you to do, and I'll be in the hospital recently."

She hoped that it would help Lily.

After she told Lily, Nicole hung up the phone.

"What are you doing?" Frowned, Kerr looked at Nicole. Obviously, she was plotting something.

Chapter 235 Threatening Each Other

"You know what? I almost lose our baby just now. Moore threatened Lily and wanted to hurt the baby. Fortunately, Lily didn't do it in the end.

So I'd better stay in the hospital these days. It can confuse Moore and also help Lily, you'd better manage to spread the news that I have an abortion."

She had already made a plan.

"Okay," replied Kerr, nodding slightly. He would take Nicole to a new place the day after tomorrow so that Moore could not find her either.

As the car arrived at the hospital, Kerr carried Nicole into the ward. Harley had already got the news, so he had already arranged a ward for her.

After Nicole was in the hospital, Kerr asked Jared to call Avery and ask her to keep Nicole company. He was worried that Nicole might be bored, and Kerr could use this opportunity to threaten Zachary.

After getting the phone call from Jared, Avery immediately picked up the car key and was about to go out, but she met Zachary at the door.

"Where are you going?"

Zachary didn't return to the Lin Group because he was worried about what Kerr had told him. But when he returned to the villa, he saw that Avery was about to go out.

"Kerr asked Jared to call me and told me that Nicole was in hospital. I'm going to there." She was so worried about Nicole that she didn't have the time to quarrel with Zachary.

She put on her shoes and walked towards the door. As Avery had hung up the phone in a hurry, she didn't have the time to ask Jared about the conditions of Nicole.

"I'll go with you." Zachary held the hand of Avery.

He knew that Kerr had protected Nicole well and would keep her safe. It was just an excuse that Kerr made to deceive Avery. Only an innocent girl like Avery would believe him.

Avery didn't want to waste any time here, so

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

on card."

If it was not Nicole and Kerr's wedding, it was kind of her not to cause any trouble in his wedding. How could Kerr send her an invitation and asked for her blessing?

Hearing what Avery said, Nicole had a smile on her face. She thought that before the Ning Group was officially established, Kerr had been preparing secretly for it for a long time.

Now he wanted to give her a surprise again. However, she wanted to make a move this time.

"What? Kerr want to keep me in the dark? Isn't he afraid that the bride might run away before the wedding ceremony begins?" Nicole finally gained her confidence. No wonder that Kerr was cool all these days.

When Avery saw the determined look on Nicole's face, she had a bad feeling.

"Are you serious? Are you really going to do that?"

In fact, Nicole just made a joke. How could she leave Kerr alone in the wedding.

But Nicole didn't tell Avery. She was smiling, and put her hand on her belly, feeling the baby.

"Nicole, you must think it over. I did want to flee from my wedding, but if my father knew, he would break my leg. Though Kerr would not beat you, it's not a good idea..."

Avery heaved a sigh of resignation.

Chapter 236 Arent You Afraid That The Bride Will Run Away

But Avery thought that they had no choice since they had a lot to think about when it came to marriage.

So fate played cruel tricks sometimes and they couldn't anything they wanted.

"Don't worry. I know what to do." Nicole answered. She was considering how to punish Kerr since she had been worried about him these days.

Looking at the smile of Nicole, Avery did not worry too much. As they were truly in love, it was important than everything.

At night, Zachary took Avery back. When Nicole was alone in the ward in the hospital, she called Jay and couldn't fall asleep.

After thinking for a while, she called Kerr. "What are you doing?"

In the office, Kerr was holding the diamond ring he prepared for Nicole. With a smile on his face, he answered, "I'm preparing for the wedding." He knew that if he said so, Nicole would be very disappointed.

But only when she was totally disappointed could the surprise he prepared be meaningful.

"Preparing for the wedding? Aren't you afraid that the bride will be gone before the wedding begins?" The corner of her mouth rose slightly, and her words were somewhat threatening.

She was eager to see Kerr, especially after knowing that her wedding was coming.

When he heard that, Kerr felt that something was wrong. It sounded that she seemed to have known everything. Kerr slightly frowned.

"The bride... Didn't the bride look forward to marry me a long time ago? Why did she run away?" Both Nicole and Sunny could not wait to marry Kerr, so what he said was not a lie.

When she heard the confidence in Kerr's tone, she was a little upset. She sat up and said, "Kerr, I want to see you now.

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

The car stopped at the gate of the hospital and Kerr walked towards Nicole's ward. The moment he pushed the door open, he felt something flying towards him and he lifted his hand subconsciously to catch the pillow firmly.

"You are ten minutes late!" Nicole was standing not far from them, frowning.

Kerr smiled and looked at her gently. "So what? Are you trying to murder your husband?" Kerr put the pillow aside, walked towards Nicole and held her waist.

His big palm gently covered on Nicole's bulged belly, and a satisfied smile appeared on Kerr's face.

"Is the baby doing great?"

Nicole pulled away his hand. "Who is my husband? Now the whole world seems to know that the eldest son of the Gu family is going to marry the daughter of the He family."

She turned around to avoid eye contact with Kerr. When she mentioned the wedding again, there was no twinge of sadness in her tone.

When she found that all the things were fake and it was a big surprise from Kerr, she didn't feel sad anymore.

She knew that he concealed the truth to surprise her, but she couldn't help making fun of him.

Chapter 237 The Truth Of The Wedding

After listening to Nicole, Kerr had known it. "I have hidden the secrets from you for a long time. In this world, only you are qualified to stand by my side and become my wife.

You are my one and only." Kerr put his hands on Nicole's shoulders and gently pinched her cheeks. He loved her so much when she looked so lovely.

"Humph! I don't believe you. Besides, you never proposed to me. I don't want to marry you in that way."

She purposely made things difficult for Kerr. In fact, she didn't care about the formalities. In her heart, as long as they could be together, that was enough.

She didn't need to get everyone's approval as long as those important friends and relatives were there.

Looking at the dotting eyes of Kerr, she felt sorrowful whenever she thought of Kerr working so hard these days.

"I'm sorry, Nicole. Although it's not a perfect wedding. I'll make up for you in the future.

Well, are you still willing to be with me if things turn out like that?" Then he took out the ring box in his pocket and opened it in front of Nicole.

Stepping back, Kerr knelt on one knee and lifted the ring up in front of Nicole.

In fact, on the celebration party of the Gu Group, Kerr had planned to propose to Nicole, but he was interrupted by the Gu family.

There were no flowers, no witness, no grand ceremony, and they were even in the ward, but when Nicole looked at Kerr's sincere eyes, there were tears in her eyes.

She never thought that Kerr would actually kneel down in front of her with a ring in his hand. For a moment, she didn't know how to react.

"Kerr... Are you serious?" She looked rather surprised.

Looking at the reaction of Nicole, Kerr did not know whether to cry or to laugh, "Of course I'm." He took hold of Nicole's hand and pu

use the baby is in your body.

If you give up in our relationship, you might be able to live without me. But I can't. without you, it means I lose the whole world. There is no way I can leave you and our baby!

What else do I need? Everything is meaningless. When I met you, I knew I had wasted a lot of time. I don't want to waste it any more."

He expressed his true thoughts and wanted to make her feel at ease. In fact, he also found that she had been losing her sense of security since she was pregnant.

It was also because recently they had heard too many doubts and criticism. Now someone was even trying to hurt the child in Nicole's belly.

This was something that Kerr would never allow it to happen.

"Kerr, thank you for sticking by my side. I really thank you for not giving me up." Nicole was deeply moved.

In fact, in this world, if a man had never given up a woman in the relationship, they would have a chance to continue, but if a man wanted to give up a woman...

no matter how hard the woman tried, all her efforts would be in vain and she couldn't change his mind.

She was grateful that she could meet with Kerr so that she had nothing to be afraid of.

Chapter 238 A Happy Marriage

"I can switch you back, but Jay can't show up at the wedding that day. Tomorrow I will send him to a safe place. When our wedding is over, we will also go there.

I want you to stay there and wait for the baby to be born. Now that Moore has noticed the baby in your belly, I won't let the baby get hurt. This way, I can also be a little relieved."

Kerr had been worried about her safety all the time.

That's why he didn't dare fight back since he was afraid that he would put Nicole in danger. He has been tolerating Moore until now.

After making sure that Nicole was fine, he must get rid of Moore as soon as possible.

Hearing the carefully arrangement of Kerr, Nicole smiled faintly and nodded. She left all the things to Kerr to deal with. She knew that he would take care of herself.

"Okay. But what about the Ning Group?" She didn't want to let Kerr down. The Ning Group was a gift from Kerr, which was special to her.

"Don't worry. Just take it easy and be my bride." He tucked Nicole in and held her in his arms. He placed his hand on her belly gently.

"I hope our girl could be more like you." This was the first time that he had looked forward to having a girl with Nicole. Since he had never been with Nicole when she was a child.

So he would love their daughter with all his heart and he wanted to compensate for Nicole.

"A girl? I'll try." She looked serious. Both she and Kerr knew that the baby's gender was already fixed, but Nicole didn't want to disappoint Kerr.

Looking at Nicole's cute face, Kerr couldn't help laughing. "Can you make the decision? You little fool, go to bed early. I still have something to deal with. The day after tomorrow is your wedding. I won't let you have any regret."

As Kerr took this wedding very seriously, he had arranged a lot in secret, only

natural. "Nicole, is today really your wedding? Didn't they say that it was the marriage between the Gu family and the He family? I didn't believe it when Bonnie called me."

She said with a embarrassed smile on her face.

Nicole knew what was on her Auntie's mind, so she did not care about it. Maybe that was why Kerr did not invite her.

"Mom, what are you talking about? It's a good day for Nicole. Kerr really loves her. How could he accept that kind of business marriage?" Bonnie glared at her mother.

She did not expect that her mother would react like this, which made Nicole very embarrassed.

Looking at the eyes of Bonnie, she probably knew that what she said was not appropriate, so she said with a smile, "Nicole, don't take it the wrong way. I take you as my own daughter, so I'm more worried about you."

She stepped forward and held Nicole's hand, with a concerned look on her face.

Nicole nodded with a smile. "I know that. Thank you for your concern. And I want to tell you something.

You came to the Ning family when I was very young. I respect you very much. Later on, you have Bonnie, and I have taken her as my own sister. Auntie, my father has passed away for so many years..."

Chapter 239 The Beautiful Bride

"Let bygones be bygones. It is all in the past now. I hope you can find a good husband and live a good live."

There is a deeper meaning in Nicole's words. Nicole knew well about what happened between Auntie and Daniel. She couldn't accept it before, but after going through so many things, she has moved on.

Now that she had a child of her own, she understood how hard to be a mother, and gradually understood her Auntie.

Seeing the meaningful look in Nicole's eyes, she went blank and felt embarrassed. As an elder, she thought that it was embarrassed to be lectured by a youth.

So he just nodded to her and said nothing.

"Nicole!" Ken knocked on the door gently. He stood at the door with a big smile on his face, "I'll take you there. There are some problems in the He family. Kerr will go and deal with it. We'll meet on the half way."

Hearing Ken's words, a trace of worry appeared on Nicole's face. "Is it serious?" When Nicole didn't see Kerr, she always felt worried.

Ken said and shook his head. He walked to Bonnie and held her hands.

Then they got in the car. Sitting in the wedding car, Nicole suddenly felt a little disappointed when she saw an empty seat beside her. She prayed in silence that everything would be fine.

The rest of the cars were following the wedding cars. Sitting in the car, Bonnie's mother was very uneasy. She finally could not help but take out her mobile phone and dialed a number.

The phone rang for a long time before it was picked up.

"Why are you calling at this time? Sunny's busy with her wedding today. I'll talk to you later." Daniel said in a hurry and was about to hang up.

"Kerr didn't plan to marry Sunny at all." She butted in.

Her tone was so serious that Daniel felt his heart skipped a beat, "

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

and her hands unconsciously covered on her abdomen.

"Sunny, don't be so nervous. I'm just here to see you, but I'm afraid you would be disappointed. The person who comes here is me, not Kerr." Moore had already felt that there was something wrong with Kerr.

It was already wired that Kerr had agreed to marry Sunny. In the past few days, he had been busy with the wedding ceremony, so Moore felt something was wrong.

Just as he expected, Moore overheard Daniel's conversation on the phone. He didn't expect that Kerr would dare play a trick at the wedding.

"It seems that you hasn't known it yet. Kerr is really heartless. How could he embarrass you like that?" Moore shook his head, pretending to be sad.

Hearing his words, Sunny had a bad feeling. "What do you want to say?" She looked up at the clock on the wall. It was time to pick her up to the church, but Kerr still didn't show up.

Thinking of this, she walked towards the door and wanted to see what was going on. But she was stopped by Moore.

"There's no need. Kerr has already picked up Nicole. They are on the way to the church." Moore stopped joking.

"Nonsense!" Sunny opened her eyes wide in disbelief.

Chapter 240 She Is Not The Bride

Daniel walked up behind Sunny. With a serious look, he said, "Moore is not joking with you. You should give up on Kerr." Daniel had just confirmed the news.

He didn't expect that Kerr could be so ridiculous.

Looking at her father's serious eyes, Sunny knew that what Moore said was true. The bouquet in her hand fell to the ground all of a sudden.

Sunny's eyes went blank. Kerr put on a act in front of her and did all of these just for Nicole.

She was born with a silver spoon in her mouth. Never had she suffered from such humiliation. Holding her hemline in both hands, she was ready to rush outside.

"Where are you going?"

Daniel's eyes were burning with rage. In fact, he had no objection to this marriage, but because his daughter loved Kerr so much, and she became humble in this marriage.

"I have to ask Kerr. Today I am his bride. He can't marry anyone else."

She sounded stubborn, tears tricking down her cheeks.

She was unwilling to give up the wedding that she longed for. It was unfair to her.

"Don't you understand by now? Kerr has never wanted to marry you. I forbid you to contact him again. If you want to keep the baby, I will agree. The baby's surname is He and it is my grandchild.

From now on, you are not allowed to keep in touch with Kerr. Otherwise, I will not let you go. From now on, our family and the Gu family will be at daggers drawn with each other. No matter what it takes, I will let Kerr pay for what he has done."

After Daniel warned Sunny, he turned around and left the villa.

Watching her father's receding figure, Sunny collapsed to the ground. She stared blankly into the distance and didn't know what to do.

Sunny squatted down beside Sunny. "You just give up so easily? I thought you loved Kerr very much."

He was

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

Harley, who was guarding at the door. "Mr. Daniel, I think you'd better go back. You know that Sunny isn't here.

This wedding has nothing to do with the He family."

Harley said politely. Now that Kerr asked him to guard here, he would not let Daniel in and cause trouble.

Daniel sated at Harley. "So Mr. Harley is going to take Kerr's side and make our He family enemy? And just so you know, our He family doesn't mind having one more opponent. Mr. Hardly, please tell Kerr that sooner or later, he will pay for what he has done. "

Daniel knew that if Kerr was so bold to make such plan, he must be well prepared. So Daniel also knew that it was impossible for him to go to the wedding, but he didn't allow Kerr to treat himself as a fool.

Hearing what he said, Harley nodded slightly.

In the church.

Sitting in the lounge, Nicole was a little nervous. The wedding hadn't started yet, but she had already worn her veil. Kerr stood beside her, looking at her clasped hands.

Knowing that she was anxious, Kerr held her hand and said, "Don't be afraid. I'm here."

While they were speaking, the door of the lounge was pushed open from the outside. Freya walked in with worries.
