### Chapter 241 The Woman Sitting Opposite Me

There was a slight surprise on Freya's face when she saw that Kerr was holding "Sunny".

But it was a good thing for her. Freya responded quickly and a smile appeared on her face. "Kerr, you must be good to Sunny in the future, you know?"

When he heard Freya's voice, he let go of Nicole's hand and turned to face her. Although Nicole was wearing a veil, Kerr still had to be careful.

"I see. That's what you want. I have done what I promised, and I hope you can keep your word." The smile on Kerr's face disappeared and he looked at Freya seriously.

Pretending to be unhappy, Kerr knew that if he was nice to Sunny all of the sudden, it would arouse everyone's suspicion.

Freya knew that Kerr didn't change at all. As long as the outcome was what they wanted, it was enough. "Don't worry. I'll have a talk with Sunny."

She wanted to remind Sunny something. After all, Sunny was pregnant with the child of the Gu family. She had to be careful all the time, and she also had to prevent Nicole from making trouble at the wedding.

Hearing what Freya said, Kerr didn't step away. He was shocked.

The rest in the lounge looked at each other, a little nervous. They were afraid that Freya would expose their tricks before the wedding ceremony began.

"Sunny didn't sleep well last night. She has a sore throat, so she can't speak now." Just when everyone was very nervous, Avery said lightly.

Then she walked to the other side of Nicole and held her hand to prevent Freya from coming near Nicole.

Looking at Avery, Freya frowned slightly and asked, "Who is this?"

"Nice to meet you, Aunt. I'm Avery Lin, the daughter of the Lin Group's CEO. I'm also a good friend of Sunny." There was a faint smile on Avery's face. She looked very elegant and decent, and she just emphasized her identity.

She was not a person who liked to show off, but in the face of a man in front of him was not Sunny, but Nicole.

When Nicole heard what he said, she smiled and instantly understood what he meant.

No matter how many difficulties they were faced together, Kerr seemed to have a way to make Nicole laugh. With Kerr by her side, she was no longer afraid no matter how difficult it was.

The vicar turned his eyes to Nicole, who was standing opposite him. "Sunny, do you take Kerr as your husband? Will you love him, comfort him, honor him and protect him, and, forsaking all others, be faithful to him, so long as you both shall live?"

Nicole spoke calmly, "I do."

The thunderous applause broke out in the hall.

Hearing that voice, Jack believed what Moore had said. Staring at Kerr with anger in his eyes, he turned his eyes to Freya who was standing by his side. "This is your good son!"

Seeing that Jack had suddenly changed his attitude, Freya had a confused look on her face. When she saw Moore who appeared all of a sudden, she knew that Moore must have done something. Glaring at Moore, Freya said, "It's you again."

"Aren't you afraid that you would be kicked out of the Gu Group after Kerr married Sunny, so you are stirring up trouble here?"

But Moore seemed to get used to Freya's accusation.

Chapter 242 Family Affairs

There was not a single trace of displeasure on Moore's face and he looked at Freya with a smile. "Mrs. Freya, you misunderstood me. In fact, I also hoped that my brother could marry the daughter of the He family."

"It's just a pity that woman is not Miss. Sunny." While speaking, Moore turned his head to the stage.

He seemed to enjoy a good show.

Hearing what Moore had said, Freya looked confused. Looking at the woman who was kissed by Kerr on the stage, Freya had no idea what was going on in her mind. According to the previous attitude of Kerr towards Sunny...

It seemed impossible for Kerr to give Sunny a chance to get close to him, but now obviously, Kerr was great with her without any sign of impatience on his face.

Jack stood up and stared at Kerr with obvious anger on his face.

Standing close to the stage, Harley noticed something was wrong with Moore the moment he walked into the church. He always followed the movements of the Gu family to prevent accidents.

Seeing that Jack stood up, Harley immediately walked to him and said, "Congratulations, uncle." Harley smiled and greeted Jack.

Hearing that, Jack's face did not soften at all. "Is this your plan? Harley, why do you have to get involved in other's family affairs?"

Jack's words were obviously a warning. Although Jack knew that Harley had been with Kerr for many years and he had great reputation in the Su family, Jack thought that he was still an elder in front of Harley.

Now Harley's appearance was challenging his dignity.

But Harley didn't care about Jack's rude attitude at all. "You are right. I shouldn't have taken part in the family affairs of the Gu family. It's just that the lovers end up together, and is a good thing.

What's more, this is the G

d for a long time.

The light in Nicole's eyes dimmed because of what Jack said, but she didn't care about it as she knew that Kerr didn't care about it either.

As long as they could be together, the other things did not matter at all. Since they couldn't be accepted by the Gu family, there was no need to be sad for these things.

Nicole held Kerr's hand tightly. She wanted him to know that she was not as fragile as he thought.

"Dad, Sunny's father called me just now. He was very angry and asked me where she is now."

Moore stepped forward, adding fuel to the fire.

As expected, when Jack heard Moore's words, he looked at Kerr sternly. "Don't make trouble. Where is Sunny?"

Kerr turned to look at Harley, but the latter slightly shook his head.

In fact, according to their previous plan, it was true that Harley would go to pick up Sunny and hide her away. But when Harley arrived at the He family, Sunny had already disappeared.

Harley had been nervous because she was afraid that Sunny would stir up trouble on the wedding.

Although Sunny didn't show up, the wedding still ruined in the end.

"I don't know. It has nothing to do with me."

Chapter 243 Neither Humble Nor Pushy

Kerr looked at his parents coldly. He didn't care about Sunny at all. As long as she hadn't come to hurt Nicole, he wouldn't give a damn to Sunny.

When Freya saw the calm look on Kerr's face, she turned her eyes to Nicole behind him.

"Tell me! How did you play this dirty trick? You must have hidden Sunny somewhere! She's pregnant now. If anything happens to her, can you take the responsibility?"

In Freya's eyes, Kerr always knew that Kerr was a smart kid. If it weren't for Nicole, Kerr wouldn't have become so irrational.

Nicole would be the bride if Sunny didn't show up at the wedding, so Freya did not believe that Nicole was really innocent.

When Kerr was about to explain for Nicole, he felt that Nicole's grip on his hand tightened.

Nicole gently pulled Kerr's hand and when he turned around to look at her, she smiled at him, indicating that he didn't need to worry about her.

Then, she looked to Freya standing opposite her.

"In accordance with the rules, I should call you 'Mom', but I know you won't like it. Today is a happy day, and I don't want to upset you, so I think I'd better call you Mrs. Freya."

Nicole said calmly, as if she was not influenced by these criticism.

"Mrs. Freya, you keep accusing me of taking away Sunny. Do you have any evidence? Illegal confinement is against the law, and I'm not that stupid. If you don't have any evidence, please don't talk nonsense here.

After all, you are Kerr's mother. I won't sue you for slander, but once the news is leaked out, it will damage your reputation."

When Nicole saw the angry expression on Freya's face, she was not afraid at all, and her attitude was neither humble nor pushy.

With the promise given by

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

still stay beside him without any qualms of conscience, then I really doubt your love for Kerr."

Freya had almost used all methods, including money and threat, but to no avail, Nicole was still with Kerr.

Hearing what Freya said, Nicole didn't take it to heart. In her opinion, the most important thing is to make Kerr feel happy.

Watching Freya leaving, everyone was relieved.

"Nicole, you don't need to care about this." With a doting look, Kerr put his arm around her waist.

Nicole nodded slightly.

She heard something slide towards her. When she raised her head, she saw a huge balloon sliding towards her from the sky above the hall.

"Was it you who prepared the surprise?" Nicole turned her head to look at him, but he looked very serious.

As the balloon approached, Kerr looked warily and took Nicole in his arms.

Hearing that, both Harley and Zachary were a little surprised. This was not prepared by them. Everyone's attention was focused on that balloon.

Nicole lowered her head and hid her face into Kerr's chest, hands protecting her belly.

She knew if it wasn't prepared by Kerr, something was wrong.

Chapter 244 Jays blessing

The balloons halted above Nicole and Kerr.

"Bang!" In a flash, the balloon exploded.

Kerr raised his hand and protected Nicole's head.

However, there were only countless colorful ribbons scattered from the balloons and fell on Kerr and Nicole.

There was a card hanging from a small balloon.

Raising his hand, Kerr directly grabbed the card and read, "Congratulations on your wedding!"

Handsome handwriting.

As soon as Kerr saw the card, he recognized Jay's signature and gave it to Nicole.

"It's Jay."

Hearing Kerr's words, Nicole craned her head from his arms and took the card. She already had an answer in her mind with a smile on her face.

"You all know what happened today, but you just hide it from me." Nicole glared at Kerr.

Kerr put his arm around her shoulder and smirked, "If not, how could it be a surprise?" Kerr turned around and was about to take Nicole to the lounge, but he saw a man walking towards them.

"Congratulations, Mr. Kerr!" Jeremy smiled at Kerr and turned to look at Nicole. "Congratulations, Director Ning. Oh, I'm sorry. It should be Mrs. Gu."

Watching him appear, Nicole sensed the irony in his words. She frowned slightly without any joy on her face. As a partner of the Gu Group, it was reasonable to invite Jeremy to the wedding.

But Nicole always felt that Jeremy was up to something.

"Thank you, Mr. Jeremy."

She didn't plan to be entangled with him anymore. Holding Kerr's hand, she intended to leave. She knew that all the guests here were for the power of the Gu family and the He family.

In some way, they had nothing to do with their wedding.

Jeremy stepped forward, looked into Kerr's eyes and said, "Mr. Kerr, I want t

as obviously in a coma, he was shocked.

"What happened?" Asked Harley.

"She was frightened." Kerr's tone was cold, and he felt that there were something sticky on his hands while holding Nicole's legs.

Kerr looked down and found that the white hemline of Nicole's wedding dress turned red.

"Take her to the hospital!" Seeing the blood stain on her clothes, Harley shouted.

Jared dropped the gift box, opened the door and got in the driver's seat.

When the crowds heard the noise, they rushed out of the hall and only saw that Kerr carried Nicole into the car, and Harley followed them and left.

They were all confused. "What's wrong? They were fine just now!" Avery murmured to herself, confused.

Zachary took a quick glance at the box on the floor and saw a dark red liquid from the bright red box. Immediately, he realized that something was wrong.

"What's that?" Seeing the box on the ground, Bonnie walked over and wanted to have a look.

Avery was also attracted by what Bonnie said. When Avery was about to follow her, Zachary pulled her arm. Before she could ask, Zachary raised his hand and covered her eyes.

#### Chapter 245 Being Terrified

Just as Avery was wondering, she heard the scream of Bonnie.

"Ah!" When Bonnie saw clearly what was in the box, she was frightened and ran into Ken's arms, trembling.

The box was turned over, and everyone saw clearly what was in it. When Zachary and Ken looked at each other, they instantly knew that someone had had a hidden agenda.

"It's okay. Don't be afraid. We are going to the hospital to check on Nicole."

Ken patted on Bonnie's back gently and comforted her.

Although Avery didn't see it with her own eyes, she knew it would not be something nice. After Zachary took her into the car, he released his hand from her eyes.

"How... How do you know?" Avery felt lucky that Zachary had protect her.

At the same time, her impression of Zachary seemed to have changed.

"If it's a good thing, Nicole won't be in danger." While driving, Zachary didn't look good, with a complex look in his eyes.

Zachary was very clear about what Nicole had been through. In fact, Nicole did nothing wrong. But the reason why she had to bear all of these was because she had chosen Kerr.

Even though she didn't do anything wrong, she still became the target of public criticism.

Zachary was very hesitant. He didn't want Avery to end up like that.

"Avery, I won't let you suffer this." Zachary made a promise to her.

Listening to Zachary's words, Avery had a faint smile on her lips. Although she felt that Zachary was a little disgusting, she felt a little sweet in her heart.

This was the first time that she hadn't refuted him. Flushed with shyness, Avery looked out of the window.

In the hospital.

After Kerr sent Nicole to the emergency room, he had warned Harley seriously that he wanted Nicole and the baby to be safe.

But w

n for her not long ago.

"You're my wife, Nicole. Wake up, please? I don't want anything from Gu family anymore. When you woke up, I'll take you out of here."

Kerr didn't want to wait any longer. He had made Nicole bear with his mistakes, but he hadn't expected that it would become such a disaster.

He would not let Nicole get hurt anymore. The Gu family has nothing to do with him. He can't live up to everyone's expectations, but he would not to let Nicole down.

Nicole frowned and opened her eyes.

"Nicole! How are you feeling?" Kerr saw her wake up and asked nervously.

When she heard the voice of Kerr, Nicole looked at him and said, "Kerr..."

All the memories came back to her mind bit by bit. It occurred to her that she fainted because of fright. She immediately widened her eyes and touched her belly with both hands.

"Kerr, how is our baby?"

She knew that such a big fright could be fatal to a baby.

She was worried that it would hurt the baby in her belly, and suddenly regretted her recklessness.

This baby was the blessing of their love and she cherished it very much. As she thought of this, tears fell from the corners of her eyes.

Chapter 246 Keep It In Balance

Kerr wiped off her tears. "Don't worry. Our baby is fine. It's not a big deal. You'll recover soon." Said Kerr in a gentle tone.

He was full of patience and thoughtfulness when it came to Nicole.

He felt extremely guilty that he failed to protect her.

"I'm sorry, Nicole. It's all my fault. I didn't protect you well."

Nicole shook her head and said, "It's not your fault. Someone wanted to hurt me and my baby, and we never know when they would make a move." As long as she knew that her baby was fine, she was relieved.

However, she couldn't figure out who was so vicious that wanted to kill her and the baby in this way.

"But we have to find that person, and this will never happen again."

Until now, when she recalled it, she still felt a cold sweat. She was still very afraid now. She should have been careful at that time. Fortunately, she did not hurt the baby.

Kerr held Nicole's hands. "It must be Sunny. Don't worry. I've sent my men to look for her. I won't let her go this time."

The reason why he didn't do anything to Sunny before was that, after all, she was carrying a baby. No matter what happened, the baby was innocent. But now, it seemed that it was her who asked for the trouble.

And she deserved the punishment.

When she heard Sunny's name, Nicole frowned. It seemed that as long as this woman was with her, she would never lead a peaceful life. She forgave Sunny again and again, but Sunny never let her go.

"She blames me for taking you away. But the baby is innocent. How could she hurt the baby?"

Although Nicole knew how jealous Sunny was, she didn't that Sunny was so vicious.

"Nicole, you need to take good care of yourself. Let me handle this." As a matter of fact, Kerr didn't want to burden Nicole. However, he didn't expect that she had suffered a lot because of him.

He kissed Nicole's forehead and then walked out of the w

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

Nothing related to the Gu family.

Hearing that, both of Harley and Ken looked at Zachary in confusion. Before today, they had thought Zachary was a friend of Nicole and they didn't know much about Zachary, the adopted son of Lin family.

Zachary always kept a low profile and lived abroad all year round, so they didn't have much contact.

Zachary didn't avoid Kerr's eyes. He slowly opened his mouth and asked, "Do you want Avery end up like Nicole?" Zachary took a look at Avery in the ward.

Compared with Nicole who was calm and smart, Avery was too simple. He was not sure if she would lead such a life.

"If you want me to clean up the mess, you can't never get rid of it and run away from it." Zachary wouldn't let Kerr go so easily, after all, it was him who caused so much trouble.

If Kerr wanted to leave, he had to clean up the mess himself first.

"Don't worry. I will get rid of Moore for you before I leave." In the past, he had been holding back his angry, so he could find evidence of Moore's little tricks.

Now that he had got all the information he needed, he intended to fight back.

"What are you talking about? I don't understand. I just left for a few months. But I feel like I can't understand a word in your conversation."

Chapter 247 Do You A Favor

Ken looked at Kerr and Zachary in confusion.

Harley raised his hand and put it on Ken's shoulder. "I am here every day and I don't understand it either, let alone you." Said Harley helplessly.

He suddenly felt like he knew nothing about Kerr.

Kerr didn't say much. Since Zachary hadn't thought it through, it was not the time to make his identity public.

"When are you going to get married?" He knew that Zachary had always wanted to marry Avery, but Avery didn't love him back.

Zachary's face darkened.

"You know the answer." If possible, he hoped to hold the wedding tomorrow. He didn't expect that he could get along well with Avery's parents but failed to win her heart.

He didn't feel satisfied until she was willing to be with him.

"I'll get it done for you, and you must keep your promise." Kerr knew it would be unfair to Zachary if he took over the Gu family business in the future, so Kerr wanted to compensate him.

He knew that Zachary's biggest wish was to win Avery's heart.

"No, I don't need your tricks. You'd better use them on Nicole. But be careful not to be discovered, or you'll be in trouble." There was obvious disdain in Zachary's words.

Since Zachary was a little girl, Zachary had a crush on her. However, Avery was simple and pure. What was more, she was protected well by Zachary that she had no feelings for any boy so far.

Zachary felt happy but helpless at the thought of it.

"You want to win Avery's heart? That's easy. I can help you." Ken finally understood what they were talking about. He turned around and looked at Avery.

A plan quickly flashed through his mind, "Zachary, how about I give you a solution? To save the beauty in distress, no woman could resist such a hero."

Zachary looked at Ken w

ning in Kerr's arms, she held his hand and felt the tenderness of his palm.

"Do you still remember that I told you about the other child of Gu family?" He had promised to Nicole that he would never hide anything from her.

And this secret would be exposed to the public sooner or later.

"Is it Zachary?" It occurred to her that Zachary was just a child adopted by the Lin family, but... "What a coincidence!"

It was such a small word. It turned out that the person that Kerr had been looking for was right beside her.

"It's him. He will take over the Gu Group for me in the future. Now I have to work for you." There was not a hint of disappointment in his tone, but there was a sense of pride in it.

From the CEO of the Gu Group to the deputy CEO of the Ning Group, only Kerr would like this change in the world.

"What do you mean?" She looked rather confused.

Kerr tucked her in. "How about I being your vice-president? The Gu family has abandoned me and we are married. You should be responsible for me!"

He took it for granted and didn't feel ashamed at all.

But he was confident enough to face the challenges.

"Are you serious?" She looked surprised.

Chapter 248 Im So Happy To Have You

There was no trace of joking on Kerr's face. When he rebuilt the Ning Group, he put the entire company under Nicole's name.

If Kerr really became the vice president of the Ning Group, he would indeed work for Nicole in the company.

"What? You don't want me?" The corners of Kerr's mouth lifted into a smirk.

What he wanted was to be with Nicole. Now that she was pregnant, he didn't want her to work too hard. So he could just leave the Gu Group with a good excuse.

He could be with Nicole all the time, so he didn't feel like losing anything. On the contrary, this was what he wanted.

"It's not that I don't want to. I'm just afraid that I can't afford such a big shot like you. Our company just starts its business, and I can't pay a very high salary to you."

With a smile on her face, she made fun of Kerr. As long as he would be with her every day, she felt a sense of relief.

"As long as you can feed me and be on the same bed with me, that would be enough." He lay next to Nicole, took her in his arms and whispered in her ear.

"I don't want to be on the same bed with you... You are too greedy. If there are more and more employees like you in the company, then I am... Hmm..." Before she finished her words, Kerr stopped her in the most direct way.

He kissed her for a long time, which made the whole ward warm up.

Even though he had been with Nicole for a long time, he cherished her so much.

After a long time, Kerr let go of her.

The smile on Kerr's face became more obvious when Nicole was skittle out of breath.

"Let me see who dares to make such a request." There was arrogance in Kerr's tone.

And it was a warning as well.

He pinched Nicole's nose gently and

npleased look on his face.

Compared to the strength of Kerr, Jay was so fragile.

"You can also have your own wife in the future. This woman is mine, so is your little sister." Retorted Kerr arbitrarily.

One was his wife, and the other was his precious daughter. Both were his treasures.

When Nicole saw them playing happily, she felt helpless and happy.

Wearing an gloomy look, Jay glared at Kerr with his eyebrows furrowed. He then said, "Just wait and see. I'll show you what I got. Your Gu Group would be in trouble." Jay had found out a loophole in the Gu's group's network last night.

He had thought that today was a big day for Kerr and Nicole, so he would let Kerr off. But now it seemed that he was too kind-hearted.

If Jay had known what a terrible person Kerr was, he would have made the Internet of the Gu Group collapse yesterday.

"The Gu group is not mine anymore." He knew what was on Jay's mind and he also knew that he was very capable. But now, he didn't need to worry about it.

However, it would be a good idea to let Jay cause some troubles to Moore.

"If you want to do something, just go ahead."

## Chapter 249 I Can Prove It To You

Kerr shrugged his shoulders and he seemed to be happy.

Looking at the way Kerr behaved, Jay was confused.

"Don't be so cocky. It was just an accident that I lost to you last time." Kerr's arrogance upset Jay.

Although Kerr did not intentionally show off, in Jay's eyes, Kerr was boasting of his success last time.

"Hope not every time it's an accident." Kerr knew that Jay was clever, but he had more experience than Jay.

He knew that Jay would have a chance to become stronger.

"Don't be so cocky." Jay folded his arms in front of his chest and turned his head away to avoid eye contact with Kerr.

Nicole smiled helplessly. "Jay is still a child. You should be more lenient with him." In fact, she was sure that Kerr knew what he was doing.

"Mommy, I can win with my own ability. Mommy, don't you believe in me?" Jay looked at Nicole with a frown.

He looked rather pitiful with those pair of big eyes.

"I will prove it to you now." Jay turned around and took out the mini laptop from his backpack.

Nicole was about to stop him, but she was stopped by Kerr beside her.

He slightly shook his head at Nicole.

So Nicole did not speak any more.

In the CEO's office of the Gu Group.

Looking at everything in the office, Moore showed a sense of complacency in his eyes.

Although he was just the vice president of the company, he could act on Jack's behalf and most of Jack's information came from him.

Then it wouldn't be a difficult thing for him to get the whole Gu Group.

"Mr. Moore, I'm sorry to bother you. I'm here to take back some of Mr. Kerr's personal belongings." Jared stood at the door and saw the smug look on Moore's face.

So he interrupted Moore without hesit

an abortion at all, so Lily was lying to him. Last time he had given Lily all the photos he had, but he didn't expect that Lily would join hands with Nicole to turn against him.

Holding the phone in his hand, Moore dialed Lily's number, but no one answered.

At the same time, Lily had packed her luggage.

She was preparing to leave this horrible city, and maybe she would have a chance to start all over again. Looking at the suitcase she had packed, she decided to pay a visit to Nicole before leaving.

Standing in front of the ward, Lily gently knocked on the door.

"Knock, knock, knock."

Lying on the bed, Nicole looked at the lovely look on Kerr's face. When she heard someone was knocking on the door, she looked away and answered, "Come in."

Someone pushed the door open. When she saw it was Lily, she smiled faintly.

"Lily."

Lily felt warm when she heard the voice. "Nicole, I heard you were here, so I came to see you. And I want to thank you."

If it weren't for Nicole, she might still be controlled by Moore.

"Let bygones be bygones. Lily, now you can start a new life." In fact, Nicole's heart was full of guilt.

Chapter 250 Regret Marrying Her

After all, Lily could have lived a simple life if there were no disputes between them.

Since it was them who brought Lily trouble, Nicole felt obliged to help her solve the problem.

Lily nodded. "Yes, Nicole, I've decided to leave. Maybe I'll live a different life in a new city. But you have to keep an eye on Moore.

He is not as simple as he seems." Lily kindly reminded Nicole.

When Nicole looked at the suitcase in Lily's hand, she felt sad. But she also knew that this was a terrible place for Lily, so maybe leaving was the best choice for her.

"Lily, if you have made up your mind, I won't force you to stay. It's just that you are always welcomed to The Ning Group. I hope you can come back to me when everything is fine."

Although Nicole didn't know what would happen to Moore in the future, she also knew that Kerr wouldn't let him go so easily. When Kerr got rid of Moore, he wouldn't be able to threaten Lily anymore.

Lily was so touched to hear that. "Thank you, Nicole. I got it." After saying goodbye, Lily turned around and walked towards the door.

Lily halted all of a sudden. "Nicole, it seems that there is some organization behind Moore. He is not simple. So you must be careful." Lily heard that when Moore made a phone call.

Lily wasn't sure because she couldn't hear it clearly.

Looking at Lily's back as she walked away, Kerr slightly frowned his eyebrows.

Kerr took Lily's words seriously. He had always thought that Moore only to inherit the Gu Group. Now it seemed that this matter was not as simple as he thought.

Jay was also attracted by Lily's words.

He turned to look at Kerr, planning something in his mind. This time, he must get the clue before Kerr. He couldn't lose to Kerr all the

ger in Maggie's heart was totally ignited, and she shouted, "Baron, if you have to hurt me like this, then don't blame me for being ruthless."

She couldn't accept the threat. "I won't let her off." Then she turned around and was about to leave.

When Baron saw the excited expression on her face, he thought she was going to make trouble with Nicole. So he stepped forward and grabbed her wrist, "What do you want to do?"

Maggie, I never knew you are such a vicious woman. If I had known this earlier, I really shouldn't have married you!" All of a sudden, he regretted marrying her for the sake of his child.

If Nicole was really hurt because of him, he would feel guilty for the rest of his life.

"I am vicious? I was forced to do something evil by you and Nicole!" Irritated by what Baron said, Maggie, who was always well-educated and reasonable, was in rage.

Maggie pushed away Baron's hand and tried to get rid of him. But it didn't work at all.

"You just stay here and can't go anywhere!" He held her hand more tightly and tried to push her to the sofa.

However, Maggie struggled hard and wanted to break free from his grip with all her force.
