### Chapter 321 The Son Of Son

"Of course it's a very important thing. I'm a member of Gu family. In the face of such a change in Gu family, of course I have to stand out and protect everything in Gu family.

Any outsiders can't interfere with our family affairs." Jay let go of Nicole's hand and walked towards Jack opposite.

"Nice to meet you, Grandpa. I'm Jack Gu, the son of your son. We've met before. If you don't remember me, I can help you recall it."

Last time, Jay didn't admit his identity.

Jack looked at the sudden appearance of little boy in front of him. He had seen this child, but he had never taken him seriously before. "What do you want?"

He was also a little surprised at the child's appearance, after all, this little boy had never admitted what Nicole had said before.

"I am the child of Gu family, of course I have the right to attend today's family meeting. I know you are doubting my identity. It doesn't matter. This is the paternity test report I got.

I know you've gotten one before, but it's different from the one in my hands. It's strange, isn't it? Let me tell you what happened."

As he spoke, he looked at the direction of the door. Kim nodded and brought in a female nurse who had come here with them.

"Hello, Mr. Gu." The nurse lowered her head. She was in white nurse uniform, tall and sharp hair, which made her look capable and experienced.

Jack frowned slightly, but said nothing.

Looking at the person in front of him, Kerr felt a little familiar. A possibility flashed through his mind. He took a slight glance at Jay and didn't expect that he would find out this secret.

"Grandpa, don't you think she looks familiar?" Jay glanced at Harley who just arrived.

As soon as Harley stopped at the door, he felt Jay was looking at him, a little perplexed. He look who had spoken out the so-called truth, which made them, adults, feel ashamed.

Looking at Jay in front of him, Kerr was slightly stunned. His suspicions and disbelief before were all gone, and he thought of the night seven years ago.

Without knowing it, he tightened his hand on Nicole's shoulder. Kerr felt lucky that he didn't leave Nicole at that time.

"Thank you."

Kerr said in a low voice that only the two of them could hear. Nicole turned to look at Kerr and asked, "What did you say?" She didn't understand what he meant.

"Thank you for staying with me." He knew that she trusted him, and he was grateful that he lived up to her trust.

Raising the corners of her mouth, she rested her head on Kerr's shoulder.

Her intuition told her that something good would happen today, and maybe they could have a family reunion.

Looking at Jack, Jay continued, "I'm a member of Gu family. Even though grandpa doesn't want to admit it, the blood of Gu family is still kept in my body. Everything of Gu family is related to me.

No matter what you want to do, I will try my best to help you." Jay was good at flattering the old, but he hadn't had a chance to show his ability before.

Chapter 322 Baby In Gu Family

"So what? Are you here to divide up the family property?" The corners of Moore's mouth were full of obvious irony. In his opinion, it were just excuses for the assets of the Gu family.

Moore had underestimated the child. He didn't expect that Nicole was so strong that she got the initiative without saying or doing anything.

Now everyone here could see that Jack was very interested in Jay.

However, what Moore had said make people feel that Jack came here with ulterior motives.

Nicole glanced at Moore and said, "Jay, come to Mommy." She had always tried to prevent Jay from getting involved in their disputes.

It was bad for a child's growth.

"Mom, I'm a child of Gu family. So I do have the right to be here." said Jack as he walked to Nicole and looked up at her. He didn't care about what Moore said.

"All mockery and jealousy are because they don't have my advantages. In this world, many people will be jealous and resentful because they can't get what they want. Others have something they don't have. Do you think so? Mommy."

Although he was asking the question, everyone present could tell that he was mocking Moore.

Nicole looked at Jay with pride and nodded. "You are right, but I only hope that you can grow up healthy and don't want anything else to affect your mood."

Her only wish was the safety of Jay and Lucas.

Holding the hand of Nicole, Kerr Gu gave Jay a look of appreciation. Maybe he should have asked Jay to change his surname. Thinking of this, Kerr felt a little guilty.

"That's right. You are the child of Gu family. All children of Gu family should enjoy the same treatment." Kerr took a look

led him, "Are you not afraid of me at all?" No one had ever been so audacious in front of him, even when he had found Moore.

When he had seen Moore for the first time, he could see the panic and nervousness in Moore's eyes clearly. At that time, Jack had thought that Moore was nervous, or perhaps because he had grown up in the orphanage.

But now he understood, because Moore was not a member of the Gu family at all.

"Why should I be afraid of you? Family ties and laws mean that we should love each other. Even though I didn't grow up with Grandpa, blood is thicker than water and it can't be changed because of a long departure."

Jack said with a serious look on his face.

But he had her own plans in his heart.

Jack reached out his hand and touched Jay's hair.

"Good. You are right. Then why didn't you identify yourself earlier?" Jack was not a fool. He liked both Jay's smartness and his composure.

But he would never be deceived by a child.

Holding back his smile, Jack was waiting for his answer.

Not only Jack, everyone was waiting for Jay to tell them the truth.

Chapter 323 Who Is The Righteous One

"Because, if I don't show up today, the Gu family will fall into the hands of outsiders. At that time, Grandpa will not be happy, right?"

Jay said frankly. He didn't want to hide anything.

He would tell them everything he wanted, let alone these belonged to him in the first place.

"So what?" Jack raised his eyebrows.

"As a child of the Gu family, I should have the same things as the other children in this family, shouldn't I?" Looking at Jack, with a determined expression in his eyes, Jay said. Actually, he didn't care about these things.

But he knew, once he got these things, it meant that the Gu family had admitted him.

When the reporters heard Jay's words, they all locked their eyes on Jack, waiting for his answer. Because his answer meant would mean whether he would accept Jay as his grandson or not.

In fact, Nicole really hoped that Jack could accept her and his son. Even if Jack had been against their marriage all the time, she would still stay by Kerr's side. But if he did recognize them, she would be happier.

So that Kerr wouldn't be in a dilemma.

Kerr turned to look at Nicole beside him and gave her a soothing look to indicate her not to think too much.

"Mr. Gu, are you really going to transfer the shares of the Gu group to Jack?" The reporters urged Jack to give an answer.

Jack was silent, seeming to be considering.

Everyone was nervous.

"Of course, since he is a member of Gu family, he should enjoy the advantages that Gu family children should accept." After a long time, Jack said lightly.

The corners of Jay's mouth curled up slightly. He did not show too much surprise, as if everything was under his control.

Standing by the side of Jack, Kelvin was relieved to hear Jack's words, because he knew that Jay had bought Jack over.

"The

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

r them at all.

"Sunny, don't say that. Dad has his own plan. Remember, you've married into the Gu family legally and become Kerr's wife. Father will treat you well."

Moore reminded her.

Jack glanced at Moore indifferently and was satisfied with his reaction.

"Legal? My wife?" The corners of Kerr's mouth were full of sarcasm. He raised his head and looked at Moore and Sunny.

"I never remember that I had married Miss He. Nicole is my bride and my wife. It seems that you two forget what happened on the wedding day.

In that case, I don't mind helping you to remember who was the bride on my wedding ceremony."

With his hand on Nicole's shoulder, Kerr said. Though the wedding was not perfect, he didn't regret it at all, because the person standing by his side could only be Nicole.

Nicole looked at Kerr standing beside her, wearing a satisfied smile on her face. She didn't need to worry about anything because Kerr was always the first one to know what she was thinking.

"Do you think you can hide your trick from everyone? If the Gu family really doesn't show any sincerity, our He family shouldn't insist on this matter anymore." Daniel's strides were steady and his tone was angry.

Chapter 324 The Separation

Daniel came in directly from the door and heard clearly what Kerr said.

He didn't like this marriage in the first place, and he agreed on the marriage only because he cared about what Sunny thought.

It seemed that the friendship between the Gu family and the He family was to come to an end.

Seeing Daniel coming in, Sunny felt like she had someone to rely on. She threw away Moore's hand and walked straightly to Daniel. She held his arm, with tears of grievance in her eyes.

"Father."

Hearing her choking voice, Daniel patted her on the shoulder gently and said, "I'm here with you, no one can hurt you. From now on, I'll protect you. And Ron's surname is He and he has nothing to do with the Gu family."

Seeing the appearance of Daniel, the reporters can't help but come forward one after another. "Mr Daniel, does it mean that Miss He is going to divorce Mr. Kerr?"

"Is the He Group going to fight with the Gu group?"

In the whole A City, in addition to the Ning Group that had just been established, only the Gu group and the He Group were able to compete with each other. If the two groups turned against each other...

Then there must be a good show to watch.

Hearing what Daniel said, Jack could not help feeling dissatisfied. "She should consider the pros and cons carefully after she said anything. After all, once these words are blurted out, there is no chance for her to redeem."

Jack was warning Daniel. Even though he didn't want them to become the enemies of the He Group at this time. But he could do nothing if Daniel had decided.

Daniel smiled faintly. "Yes, you are right. But I can't let my only precious daughter suffer in here. Until now, the Gu family haven't shown any sincerity, and our He family is not a pushover."

As Daniel said

han Kerr when I stayed with him.

I think no one will be really stupid enough to raise a son for others, right? Lucas and Jay are Kerr's children." Although Nicole was weak, her tone was firm.

And she didn't show any weakness.

Jay walked to Nicole and held her hand as if he was comforting her.

But before Jay spoke, Jack said firmly...

"Jay, didn't you just say that you were the child of Gu family? So from today on, you will stay in the Gu family. You can't be with Nicole."

Even though Jack had accepted Jay, it didn't mean he would accept Nicole.

After all, the baby with Nicole was not Kerr's. And they hadn't figured out the whole thing. Thus, Jack would not let Jay continue to live with Nicole.

In case Nicole brought any bad influence on Jay.

"What do you mean? You admit me as your grandson but you didn't accept my mother?" There was obvious stubbornness and firmness on Jay's cute face. He had never expected to hear such an answer.

Jack didn't say anything, so it meant that he acquiesced in his words.

That was exactly what he thought. For a woman like Nicole who would make trouble in the family, Jack would never let her stay with Kerr and Jay.

Chapter 325 Prejudices

"It never occurred to me that there would be such a cold person in this world. Now I understand why my dad would rather leave the Gu family than give up everything here to be with mom.

Although this place is full of wealth, it's cold. I came here to meet mommy and daddy's wishes. I won't leave Mommy."

His intention was to make the whole Gu family admit Nicole. If he had known this earlier, he would never have come here. In fact, the Gu family was nothing to him, and he didn't care about it at all.

Nicole reached out and held Jay's hand. She was a little worried that Jack would force Jay to leave with him.

As she still couldn't get Lucas back, she didn't want to lose Jay again.

Kerr sat beside Nicole. "No matter how you allocate the Gu family's assets today, no one can separate us." Kerr reached out to hug Nicole into his arms.

It was obvious that she felt a little relaxed.

"Don't think that what you saw is the truth. You didn't see Sunny give birth to the baby, nor did you keep an eye on Ron every second. The night when Nicole gave birth to the baby...

Have you really been with Ron all the time?" Kerr then cast a glance at Jared who was standing beside him.

With the remote control in his hand, Jared turned on the projector in the living room. The video of the old house of Gu family appeared in front of everyone.

"On the day when Miss He gave birth to the baby, she didn't stay in the Gu's mansion all the time. You can see it clearly through the monitor. Only after the banquet, only Mr. Jack and Mrs. Freya came back.

Miss He, where have you been?" Jared asked this question for Kerr.

Sunny looked at Daniel beside her and said, "On that day when the party was he

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

ss heatedly.

Apparently, Sunny didn't notice that, and she was a bit flustered when she watched that video.

Feeling the reaction of Sunny, Daniel also knew that there was something wrong with her, but he still chose to stand out and said, "Sunny did go to the hospital on that day, because I'm in poor health.

Sunny stayed in hospital for a long time, so she would let me see the child. It's not a big deal that the baby's quilt was changed.

Kerr, I hope you can stop this farce. Don't let it go beyond your control. It is not necessary to bring trouble to the two families." Daniel was angry and it was obvious that Kerr didn't care about his opinion at all.

Kerr smiled faintly. "Drop it? Everyone wanted to know the truth, didn't they? I just want to make it clear to you who is the liar.

Embarrassed now? This is just the beginning." Kerr always kept Sunny's insults to Nicole in mind. He had promised Nicole that he would avenge.

Now was the best chance.

He would not let anyone hurt his woman and children.

As for the grievances that Nicole and Jay had suffered, Kerr would take revenge for the insult bit by bit.

Chapter 326 Please Stop

"Yes. Although my brother is still young, he is just a newborn baby, different from Sunny's baby." Jay said with confidence. He asked Harley about it on the way here.

Hearing this, Harley was speechless. Now he knew why Jay asked this question.

When Nicole looked at the baby in Sunny's arms, she let out a sigh. She knew that Kerr wanted to break up with the He family completely. But she knew that he didn't care about the He family at all.

But if she could anything to help to solve the problem, she didn't want to cause any trouble for Kerr.

"Miss He, no matter what reason you want to take my Lucas away, since things have come to this, please return him to me, and your Ron will be safe.

As a mother, no matter how helpless you are, you should not send your child to others. This farce is over. I don't want to continue it any more. Please stop it."

Nicole was trying to persuade Sunny to let it go, in a peaceful way.

But things always went against her will.

Sunny looked at Nicole with anger burning in her eyes. "I don't understand what you are talking about, Nicole. I carried the baby of me and Kerr, but he wanted to break off the marriage with me because of you.

Because of you, my child has almost lost its father. Do you still want to take my baby away from me, his biological mother?"

Sunny pretended to be calm. "You just said that I should do some good deeds for my child's sake, so I'm curious about how you'll explain to your children about their identities in the future?"

Can you tell them very that you stole their father from me?" Sunny always believed that it was because of the appearance of Nicole tha

widened, as if she suddenly understood what Kerr was going to say. She clasped his hand to show her nervousness. She had been burying this matter in her heart.

A lot of things had happened recently, so she did not have time and energy to investigate it.

But she didn't expect Kerr to keep it in mind all the time.

"I don't know what you are talking about." It seemed that Daniel was a little surprised. Eight years had passed since that accident. All the evidences had been destroyed. Daniel had never expected that someone would find it out again.

"You don't know? Let me tell Mr. He, eight years ago, no, ten years ago, you and Leila were a couple, but you keep this relationship as a secret.

"The reason why you let Leila get close to Nicole's father and marry into Ning family is that you want to want the land in the east part of the city and it belonged to Nicole's father.

But you were greedy. What you want is not only the land. The He Group is not as big as it is now. So you choose to take the Ning Group as a springboard."

Kerr knew that the business was full of conspiracy.

Chapter 327 Murderer

If one wanted to survive, he had to try every means to fight for everything.

Obviously, Daniel He didn't take it as an ordinary commercial competition.

"So what? It's just fair competition. You have helped the Gu Group to develop to what it is today, during which you have destroyed many other companies. I'm afraid you can't even remember them. "

Daniel didn't care about that at all.

Shaking his head, Kerr continued, "then what about working together with Leila to put some irritant drug into food of Nicole's father which would cause his sudden heart attack and death. Could this be considered a commercial competition?"

This was cruel to Nicole, but Kerr knew that if she didn't find out the truth, her father's death would be a permanent thorn in her heart.

He didn't want her to be bothered by this.

Nicole clenched her fists and let go of Jay's hand, her nails digging deep into her palm. Bu she felt no pain.

Sitting next to Nicole, Avery clearly felt that the whole body of Nicole was trembling.

"Daniel He! Is it really because of you that my father died of heart disease? " Nicole looked at Daniel. If it weren't for the inconveniency of her body or

Avery, who was holding her shoulders, Nicole must have rushed to the face of Daniel.

As Nicole spoke, Avery patted on her back and consoled her, "don't be mad, honey. Everything is gonna be fine! He must pay for what he has done! "

Avery also felt surprised. They had been unable to find evidence before, but they didn't expect that it was because of Kerr.

Daniel shrugged his shoulders, as if he didn't care at all. "It's all your conjecture. I didn't do anything. I just grabbed a project from Ning."

"Who knows that he has such a weak mental quality? The sudden heart at

worry. I'll turn myself in, but I hope you don't vent your anger on Bonnie. She really doesn't know anything about it."

Taking a meaningful look at Kerr, Leila he turned around and walked towards the door of the villa.

Bonnie stood there in a daze. She didn't know what to do.

Daniel took a step forward and was about to take hold of Bonnie's hand, but was dodged by her. "Don't touch me! My surname is Ning, not He." Apparently, Bonnie didn't accept the truth.

As for what Daniel and Sunny had done, Bonnie knew more or less about it. She refused to admit her true identity.

When she walked up to Nicole, Bonnie's eyes were filled with tears. "I apologize to you on behalf of my mother." Bonnie bowed to Nicole deeply.

Then she turned around and left the villa.

Nicole didn't say anything and was in a state of trance.

After a while, Nicole came to her sense and let go of Kerr who was hugging her. "I'm fine. Don't worry." When she finished, she looked up at Sunny.

"You knew the truth long ago, and you even tried to attribute it to Kerr?" Nicole didn't forget the result she had investigated before. Now she thought that it should be because of Sunny.

Chapter 328 Too Kind Before

Just now, she was trying to settle this dispute.

Now she knew how stupid her idea was.

"I... I don't know what you are talking about." Sunny avoided eye contact with them.

"Excuse me, who is Mr. Daniel?" Several men in uniforms came in and asked indifferently.

Jared gave them a look and indicated Daniel's location.

"Mr. Daniel, someone is accusing you of intentional homicide. Please go back with us to assist in the investigation!" They walked up to Daniel and showed him their badges.

Daniel glanced at Kerr with a sneer, "Kerr, if you want to destroy the He family in this way, don't be complacent too early. Things are not over yet."

After saying that, Daniel was taken away from the Gu family.

Sunny trotted to the door, "Dad!" She called out Daniel, but he didn't turn around.

"If you want to leave, you have to keep the baby here!" Kerr warned Sunny in a cold voice.

"Nicole, since you have lost your family, you want to destroy my family too. Nicole, why are you so vicious?" Sunny's eyes were burning with hatred.

Daniel was the only person she could rely on in her life. At this moment, she really felt at a loss.

Nicole sneered, "I hurt you? Sunny, it's not until today that I know I was too kind to you. From now on, I will take back everything you had stolen from me."

She didn't want to fight for it.

But Sunny never let her go.

"Since you don't believe that the baby in Sunny's arms is my Lucas, then it's easy to solve the problem. Since you have admitted that Jay was the grandson of the Gu family, you can ask Jay to do a DNA test with Lucas, or let Lucas do a DNA test with me and Sunny.

We will know who is the father of the baby when the result comes out. There is

e him away and raise him. After all, it's fate to meet this child in the world." Moore said lightly.

There was obvious threat in his words.

Now Sunny had lost her father's support, and they were all desperate.

One of the child could threaten Kerr and the other could threaten Jack.

It worked.

"Moore, what are you doing?" Jack's face turned cold. He didn't say anything although he was angry with Moore. But he wanted to deal with the matter of Kerr first.

He didn't expect that Moore would want to take away the child of the Gu family at this time.

Nicole looked at Sunny nervously and clenched Kerr's hands.

Their child was still very little and fragile. "Sunny, you can tell me what you want directly. No matter what you do, don't forget that you are a mother. You should put the safety of the child first in everything."

She reminded Sunny.

With a faint smile on his face, Moore said, "I haven't thought about anything. Haven't dad been very disappointed in me? If I guess it correctly, I can't stay in the Gu family anymore, right?"

In fact, I know that Dad won't keep a person of no use." Moore said sadly with a sneer.

Chapter 329 Make A Choice

Then Moore turned to look at Kerr.

"Brother, do you still want this baby?" Moore asked Kerr.

He held Ron with one hand, and put the other hand on Lucas in Sunny's arms.

"The two children here seem to have an indescribable relationship with you, but the Gu family will only leave one child in the Gu family. What's your choice?"

Moore threatened Kerr.

The two of them all knew the identities of the two children.

Seeing what Moore was doing, Nicole couldn't help but stand up from the sofa, but hurt the wound on her body. She frowned slightly.

"Kerr, we can't let the child fall into the hands of people like Moore, no matter it is Lucas or Ron." Nicole reminded Kerr in a low voice. She knew that Moore was a vicious man.

If she really gave the child to Moore, then she couldn't imagine what would happen to that child.

Kerr put his hand on Nicole's shoulder to reassure her. Then he stared at Moore with an iron face.

"Moore, what do you want to do?" Obviously, Sunny was confused with Moore's reaction. She looked at Moore nervously.

Moore didn't give her an answer. In his eyes, the child was nothing more than a tool for him. He wanted to use Ron to get the property of the Gu family, but now things became complicated.

"What do you think? You have to make a choice."

Before Kerr could say anything, Jack, who was standing aside, said angrily, "Moore, what on earth do you want to do? Put down the two children. When the result of the paternity test is announced, the Gu family will naturally make a choice."

He thought it had nothing to do with Moore, so he never thought that Moore would stand out at this time.

"Dad, I grew up under your education. According to your requirements, I have never gone against your will. You said that I am not

that the baby in his hand was out of his control, Moore wanted to grab Sunny and Lucas, but when he turned around, he felt that the baby in his arms was gone.

Kim seized the opportunity, snatched the baby from Moore and handed it to Kerr.

In fact, if it weren't for the fact that Sunny had been in a tense state, Kim would have chosen to bring Lucas back directly.

Kerr loosened his grip on Nicole's shoulder and took the baby out of Kim's arms.

"Moore, now your son is in my hands. If you want him to be safe, stop this farce." Kerr threatened Moore and turned to look at Sunny.

"Sunny, my patience is limited. Don't you always want to prove your innocence? I'll give you a chance." Kerr looked at Harley beside him.

"Harley, the medical room of Gu family can also do the DNA test. Now we are going to collect the blood sample. This is the last time in front of everyone. As soon as the result comes out, everyone should respect the fact."

Kerr said this to Sunny and everyone present.

"Yes, this is how the future successor of Gu family should behave." Sitting on the sofa, the old man, who had been silent all the time, said lightly, looking at Kerr with appreciation.

#### Chapter 330 Deception

After watching the show for so long, the old man finally saw something interesting.

Among the younger generation of Gu family, the old man thought highly of Kerr, so he came here today.

Seeing that Kerr was serious this time, Sunny couldn't help but feel scared. "No, I've done the paternity test for Ron. He is the child of the Gu family. I don't know what you are talking about.

Nothing happened between me and Moore. You are the one I want to marry. I have nothing to do with him." Sunny was eager to get rid of Moore.

The existence of Moore had always been a nightmare for her. She had been hiding this secret for so long but it would come to light soon.

Hearing Kerr's words, Jack's face darkened. He had always trusted Sunny, but now she seemed to have an affair with his adopted son. Jack really didn't know whom to believe.

"Hand over the child to me and do the paternity test now. The truth will be revealed when the result comes out." Jack made a decision.

Moore said in a hurry, "Dad, don't be fooled by Kerr's trick. Harley works for him. Of course, he can get the result Kerr wants.

He is worried that Nicole will leave him because of Ron, because up to now, Kerr has not admitted that he has an affair with Sunny by accident and has a child.

If you really give the baby to Kerr, it is very likely that your own grandson will be taken away and the Gu family is raising other's baby.

The Gu family can't be a joke." Moore deliberately sow dissension between them, and then turned to Kerr, "Kerr, in order to prove your innocence, you blame me for this kind of thing.

I will not admit it." Compared with Sunny's panic, Moore was calm.

n is really brilliant, but he missed one thing."

Moore pretended to be calm. In fact, when he saw Sunny running towards Ron, Moore knew that something bad was going to happen.

But before the last step, Moore would not give up. He had endured humiliation for so many years and waited for today.

"Where is my child?" Sunny turned around and looked at Moore behind her with a confused look. She thought that everything was in Moore's plan. After all, Moore did stop her just now.

But she didn't know that Moore was just pretending.

Looking at Sunny, Moore really regretted choosing Sunny as his stepping stone in his plan, but now he had no choice. "Come here."

At this time, only Sunny would be on his side.

"Don't you want to see your child anymore?" Kerr said indifferently. He didn't want Sunny to come back to Moore.

After all, now Lucas was still in the hands of Moore. It was obvious that Sunny's mood was not normal. The two people who acted abnormal were together. Kerr was very worried about the safety of Lucas.

Sunny rose to her feet and looked at Kerr and Moore, not knowing what to do.
