

## **CEO Daddy 341**

### Chapter 341 It Was Never A Trouble

Kerr shook his head, lowered his head and kissed Nicole's pink lips gently.

With a hint of punishment, he gently bit her lips. After a long time, he let go of her and seriously looked into her eyes.

"Don't say sorry to me in the future. For me, you will never be a trouble."

He was grateful that Nicole was still willing to stay with him at this time, so he didn't care about her so-called trouble at all.

Nicole nodded. When she was about to speak, she heard Jay's faint voice.

"Yes, it's not a trouble. But Mommy, why do you know that I don't care about the property? I heard from uncle Kelvin that there will be a lot of things, which I can't imagine at all."

Jay sat on the stairs, with his little face buried in his hands. He looked at Nicole and Kerr seriously. Apparently, he had heard what they had just said.

Nicole felt a little shy and pushed Kerr away subconsciously. Even though she had become Kerr's wife and had Lucas, Nicole would still feel embarrassed.

Every time she had intimate contact with Kerr, Nicole would avoid Jay.

She turned around and looked at Jay, "Do you want to leave me? Then I can ask Uncle to get Mrs. Freya back. Maybe you still have a chance."

She knew Jay well. Of course, she knew that Jay cared about her the most, so she joked deliberately.

As expected, as soon as Nicole finished speaking, Jay stood up, walked up to her, opened his arms and hugged her waist. "I don't want anything, only Mommy."

Perhaps it was because there was only Nicole with him in the past, Jay would rely more on her.

Nicole hugged Jay with a smile.

Jay poked her head out of Nicole's arms and said, "I will take the evidence to the Gu family. I just want them to know that mommy is the best mommy in the world. Even if she is alone, she

after she left the Gu family, Harley had tried to contact her.

But it didn't work, which made Harley feel very disappointed.

"Sir... In fact, I... " Harrow understood what Harley meant, but she didn't know how to explain it.

"Do you still regard me as your master? In that case, shouldn't you give me an explanation? Anyway, we have known each other for so long. Aren't we friends?"

Harley was a little angry. It seemed that even Kerr knew it, but he didn't.

"In my heart, you are always my master." Harrow was helpless with fear. Perhaps she had known the difference between them from the very beginning, so she had been so cautious all the time.

She felt desperate.

When the car stopped at the gate of the villa, Harley took a look at Harrow and said, "If you don't want to tell me, I won't ask. Let bygones be bygones. Since Kerr didn't say anything, I won't do anything."

It didn't want to affect their relationship for so many years.

"As long as you don't disappear for no reason."

After saying that, Harley turned around and got out of the car.

Looking at the back of Harley, Harrow only felt sad. Perhaps she had no choice since she was targeted by Sunny.

Chapter 342 The Beauty Is In My Arms

Following Harley, Harrow walked into Kerr's villa.

"It seems that you are in a good mood."

Looking at Kerr holding Nicole in his arms, Harley felt very jealous. However, Lisa said that she was very busy recently and had no time to meet him, so he could do nothing even if he wanted to see Lisa.

"You look good too." Kerr said slightly and helped Nicole sit on the sofa. He knew what Harley meant.

Kerr glanced at Harrow and said nothing.

Knowing that she was no match for Kerr in terms of argument, Harley naturally didn't want to argue with him. "You are holding a beauty in your arms. Since you are in a good mood, I won't argue with you."

Then, Kerr sat on the sofa opposite Kerr.

"What are you going to do with Moore and Sunny?"

Harley knew that according to Kerr's character, he would not let go of Moore and Sunny so easily, but now the two of them should be in the hands of Jack.

"Everyone has to pay for what they have done. Uncle, please tell Uncle Kelvin that I want Moore and Sunny." Kerr turned around and said to Vedder who was standing behind him.

Vedder nodded and then turned to make a phone call.

Nicole had just coaxed Lucas into sleep and sat next to Kerr, "What are you going to do?"

She also hated what Moore had done before. But now, if she really wanted Moore to pay any price, she really had no idea at that moment.

Maybe she was not a bad person material.

Kerr patted Nicole's shoulder and said, "Don't worry about it. I'll handle it." Kerr knew that Nicole was kind, but being kind to his enemy would cause losses to himself.

He wouldn't do that.

"The case of Daniel is still under trial. The result will come out soon. I've asked Jared to hand in all the evidence we found."

Kerr knew that Nicole was still worried about this matter. "And

since you have made up your mind, I won't let you down. Even if you cancel the lawsuit against Leila, I will let her receive the deserved punishment." Kerr knew that Nicole cared about Bonnie's feelings.

Then Kerr would restrict the personal freedom of Leila, which was also a little punishment for her.

"Thank you, Kerr."

Nicole knew that only Kerr knew her best in the world.

With Kerr by her side, she felt satisfied.

"You are so generous. When can Lisa be with me?" There was obvious jealousy in Harley's tone.

Lisa's figure appeared in his mind, with expectations in his eyes.

However, this sentence made Harrow, who was standing aside, silent. She turned around and walked to the door of the villa. She heard Vedder calling Kelvin.

"You know Mr. Kerr better than I do. If he wants those two people, will he let them go?" It seemed that Vedder was trying to persuade Kelvin.

Subconsciously, Harrow approached Vedder and eavesdropped on the conversation.

"Well, I'll pass this message to Mr. Kerr. I don't know whether he will agree or not."

After saying that, Vedder directly put down the phone, with a helpless face. As soon as he turned around, he saw Harrow behind him.

Chapter 343 A Bright Future

Vedder was taken aback. Perhaps it was because he was getting old, his vigilance had become much lower.

It was also because he was in Kerr's villa that he instinctively took his guard down.

"Harrow, what are you doing here?"

Vedder couldn't help but feel a little strange. Looking at the sudden appearance of Harrow who was in women's clothes, he was a little unaccustomed to it.

"Nothing. It's too stuffy in the room. I just came out to breathe some fresh air."

Hearing that, Vedder didn't think too much. He just turned around, left the door and walked into the villa.

"Sir, Kelvin said that Mr. Jack wanted you to go back and talk with him in person. He said that it is negotiable if you want Moore and Sunny back, but you have go back alone." Vedder repeated Jack's words to Kerr.

Kerr didn't say anything, but he was thinking about what Jack meant.

"Kerr, are you going back now?"

Nicole probably knew that Jack did this for Jay and Lucas.

But she believed in Kerr's decision.

"Mr. Jack hasn't given up yet." There was helplessness in Harley's tone, but in fact, he just felt helpless for Kerr.

Although Kerr looked gorgeous, his every move was restricted, and he didn't even have the right to choose to love someone.

If they had a choice, none of them would choose such a life.

"We'll talk about it later."

Kerr didn't want to be controlled by Jack all the time. He wanted to really get rid of Jack's control. He wanted to give Nicole a bright future.

But as soon as Kerr finished his words, the phone in the living room rang.

Vedder walked to the phone, picked it up and put it near his ear. Before he opened his mouth, he heard the anxious voice of Kelvin. With his eyes wide open, he turned around and looked at Kerr in surprise.

"Sir, Kelvin said that Mr. Jack fainted and was

ter her secret was exposed.

"Don't be nervous. Harley doesn't know, and he will never know. Don't worry. In fact, you remind me of my previous friend, Lily. I didn't protect her well.

But now, I hope I can protect you. I don't want the tragedy to happen again."

Nicole looked at Harrow with firmness in her eyes. Lily was also threatened, but she always protected Nicole at the most critical moment. She didn't want Harrow to be the second Lily.

Harrow was dubious and hesitant.

"I know you don't trust me. It doesn't matter. I'll give you some time. You can live here from now on. When you figure it out, you can tell me at any time."

Nicole knew that it was not easy for Harrow to reveal her scar with her own hands.

Nicole turned around and was about to go upstairs to her bedroom.

Standing still and looking at the back of Nicole, Harrow frowned and hesitated, "Wait a minute!"

Finally, when Nicole was about to disappear at the corner of the stairs, Harrow said lightly.

"Sunny has a bodyguard called Edward. He is very loyal to Sunny and is trying to save her."

She hoped that Nicole could help her get rid of Edward, so the photo in his hands would not be an enormous burden on her anymore.

Chapter 344 Sudden Change In The Illness

Hearing Harrow's words, Nicole turned around and nodded at her. She kept it in mind silently.

Nicole had to ask Kerr to handle this.

In the Gu's hospital.

When Kerr and Harley arrived at the hospital, Jack was out of danger.

"Sir, the doctor said that Mr. Jack is not in a good condition. We should pay more attention to him and he should not be too emotional, or it will be very dangerous."

It never occurred to Kelvin that Jack would be in such a dangerous situation.

Although he knew that Jack had a physical examination before, he did not see the results of the examination report. But every year, Jack's situation was very normal, so Kelvin did not think too much.

Kerr's eyes dimmed. In fact, only he knew about Jack's situation, but he could do nothing.

Taking Harley's case from the doctor, Harley glanced at Kerr beside her and understood why Kerr had asked him that question before.

"I'll go inside and have a look."

Harley raised his hand, patted Kerr on the shoulder and walked into the ward.

Kerr stood at the door and didn't have the courage to walk in.

Even though he didn't admit his relationship with Jack in his heart, he felt at a loss when he faced such an aged and powerless Jack.

"Sir..."

Noticing Kerr's unusual behavior, Kelvin wanted to comfort him, but he didn't know what to say.

"Why did it happen?"

Kerr asked indifferently, but he had already had a guess in his heart. Not long after Freya left, Jack came to the hospital.

He knew that there must be a connection between the two things.

"Mrs. Freya didn't bring Jay and Lucas back after she came back, so Mr. Jack..."

When Kelvin said this, he was full of hesitation.

Sure enough, things unfolded as Kerr's

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

amily. As long as I am alive, they will stay in the Gu family.

They have to follow my arrangement. You can do whatever you want. I won't interfere anymore."

Jack thought that he had made a great concession. It was his bottom line to tolerate the existence of Nicole. If he couldn't control Kerr, he should also train the future heir of the Gu Group.

Although he only met Jay once last time, he liked the child very much in his heart. After asking Kelvin to investigate Jay's information.

He was more determined. After all, such a smart child had inherited the excellent genes of the Gu family. He would keep Jay in the Gu family.

"No way."

Kerr refused Jack without hesitation.

Everything was as he expected. Jack didn't change a single bit and Kerr didn't feel surprised.

But he had his bottom line.

Hearing Kerr's words, Jack was surprised. He frowned and looked at Kerr seriously.

When Jack knew that Kerr was silently enhancing his own power, he was not in a hurry to interfere with Kerr, because he wanted to test Kerr's ability.

But when Jack realized that Kerr was getting more and more powerful, it was too late to stop him.

Chapter 345 Desire To Control

Kerr had been out of his control.

This was the biggest mistake of Jack, but he would not allow it to happen again.

So this time, no matter what happened, he had to keep Jay by his side.

"Think it over before you answer me. And don't forget that I haven't made my will public. Even if you are both children of the Gu family, the shares you get are up to me."

Jack threatened Kerr.

"That child deserves the best training."

Hearing Jack's words, Kerr smiled ironically.

"What do you want? When I was a child, it was impossible to control me. When I knew it was dead end, you want to control Jay. You know clearly what Moore has done.

Now that I have asked you, no matter what, I will find him."

Kerr turned around and didn't want to have any pointless argument with Jack.

"If I were you, I would take good care of myself. After all, in this world, no matter what you want, you have to have good health."

After saying that, Kerr walked towards the door.

Looking at Kerr's back, Jack gradually relaxed his eyebrows.

"Are you willing to exchange your identity as the CEO of the Gu Group for your present life? Don't forget that everything you have now come from the Gu family.

I know you have your own plan, but only you know what will happen to you if you lose your identity as a member of the Gu family."

Once upon a time, Kerr also left the Gu Group. During that period, he was restricted in the city. In order to protect the safety of Nicole and the baby in her belly, Kerr left here with Nicole.

But now, Nicole had just given birth to the baby. It was not easy for her to leave here again.

"Gu family? For you, something very important may not be worth a penny for me. I know what is more important

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

In his arms. Kerr hadn't really taken care of Lucas since he was born. Looking at Lucas who was crying in his arms, Kerr felt at a loss for the first time.

"It's time to change diapers."

Nicole could tell it from Lucas's crying.

When she was about to untie Lucas's clothes, Kerr stopped her.

"Let me do it." Kerr put Lucas on the bed and seriously unbuttoned his clothes.

"Can you?" Nicole knew that Kerr wanted to help her share the burden. Her heart was full of gratitude and her eyes were warm.

She knew that Kerr's love was enough.

"You can teach me."

With a serious look on his face, Kerr didn't seem to be joking at all.

"Are you sure you want to learn? The president of the Gu Group wants to be a super daddy?"

Nicole joked with Kerr and guided him carefully.

"Why not?"

Kerr didn't think it was a shameful thing. He had witnessed all the hardships when Nicole was pregnant. He had said that he would make it up to her.

Now it was a good chance.

Nicole was obviously stunned, "Kerr, are you serious? Something happened to the Gu Group again?"

Thinking of this possibility, Nicole's heartbeat quickened again.

Chapter 346 Hidden Danger

Kerr didn't answer Nicole. Instead, he carefully changed the diaper for Lucas. Then he held Lucas in his arms, coaxed him to sleep and put him on the crib.

Then he held Nicole in his arms.

"It's not a big deal. Don't take it to heart." Kerr comforted Nicole, "Isn't it better for me to stay at home with you?"

Nicole, sometimes, I really hope that I am not a member of the Gu family, so that I can give you a complete life. I don't want you to care about what the Gu family said, because it is not me."

What Kerr said was the most real thought in his heart.

Nicole wanted to ask more, but she saw Kerr's expectant eyes. She didn't say anything, because she didn't want to be a bummer because of her worry.

In the Gu's hospital.

Standing beside Jack, Kelvin clearly felt the anger in Jack's heart, but he also knew that his anger came from Kerr, and he could not change it.

"Sir, in fact, Mr. Kerr is a man of sense. He knows what to do and what not to do." Kelvin tried to comfort Jack. He didn't want the relationship between Jack and Kerr to become more and more difficult.

Jack looked up at Kelvin with a complicated expression in his eyes, "Bring Moore here." Jack still couldn't find that missing child.

Unfortunately, he didn't have much time left and didn't have the chance to look for the child, so he could only use Moore again.

Hearing Jack's words, Kelvin was obviously shocked. "Sir, think it over. You know the seriousness of this matter. Moore didn't change, and now we all know that he is not a good guy.

Once you set him free, he would be a hidden danger in the future and the consequences will be unimaginable." There was obvious worry in Kelvin's tone.

However, Jack didn't take it seriously. He was clear about the power of Moore. He knew that he couldn't shake the foundation of the Gu Group with those little tricks, and he knew that no ma

n Jack's face that he realized why Jack suddenly decided to make a will.

"Don't be surprised. I won't die for the time being. I can forgive what you have done before, but I want you to do one thing. If you can satisfy me, I will give you a satisfactory answer.

Although I won't let you inherit the shares of the Gu Group, I would give you a handsome reward."

Jack offered. For him, Moore was more suitable to be a puppet.

"What do you want me to do?"

In fact, Moore was full of disdain. Everyone knew that the Gu Group was a cash cows. Except for the Gu Group, everything else was worthless in Moore's eyes.

"Don't you want to work in the Gu Group? I'll give you the chance." Jack said lightly. As expected, he saw the light in Moore's eyes as soon as he said it.

"Conditions?" Moore didn't know the reason, but it was a great temptation for him. He looked at Jack with greedy eyes.

"You'll know soon." Jack's voice became weak. Perhaps it was because he had just lost his temper just now, or because of the change of his health condition, he felt that he was too feeble to move.

Looking at Jack's face, Moore was very proud. The world was full of uncertainty, but people would age one day. Moore knew that Jack could not hold on for long.

#### Chapter 347 The Best Gift

In the early morning.

In Kerr's villa.

Nicole sat next to Kerr. With Jay in her arms, Harrow sat beside them and enjoyed the warm morning.

Kerr's eyes were full of affection. He put the shrimp dumplings into Nicole's plate.

"Mommy, eat this!" With a flattering look on his face, Jay put the other one on Nicole's plate, as if he was expecting Nicole to choose him between Kerr and him.

Nicole smiled faintly and touched Jay's hair. Before she could say anything, she saw Jared come in in a hurry.

"Sir, I just got the news that Moore has returned to the Gu Group."

There was obvious surprise in Jared's tone. He walked to Kerr's side. When he just knew the news, he had to double confirm before he dared to bring it to Kerr.

But there was no surprise on Kerr's face, as if he hadn't heard it at all.

"How could this be? Didn't they already know that Moore was not the child of the Gu family? Do they still want to hand over the Gu Group to Moore?"

Nicole looked at Kerr in surprise. According to her logic, she really couldn't figure out what Jack was thinking.

"Why are you so excited?" Kerr raised his hand and touched Nicole's long hair.

There was a smile in Kerr's eyes. In fact, he knew that Nicole was nervous because she cared about him. If he was not a member of the Gu family, she might not pay attention to any news of the Gu Group.

"Kerr, don't you feel worried at all? Or strange?"

Nicole took Kerr's hand off.

"It's not strange. Nicole, you should know that with my ability, I can give you a good life even without the Gu Group and the Gu family."

Kerr never relied on the Gu family.

That was why he didn't care whether he would lose everything from the Gu family or not. After this experience, he had completely

of being manipulated by others."

The corners of Moore's mouth rose slightly. He was still happy that Kerr had left the Gu Group so easily. No matter what, it was a good thing for him.

He turned around and sat in the place that originally belonged to Kerr. "Kerr, what you have always wanted is now in my hand. No one can get what I can't have."

Moore took out his phone and dialed a number. The phone was quickly answered.

"Moore, how dare you call me again? Do you know that I have suffered a lot because of you?" Jeremy was living a life worse than death.

The debt collectors had surrounded Jeremy's company. He hadn't left the Chu Group for three days.

"Don't worry. Our chance has come. We have a big plan this time. Once we get it, we won't have to worry about money for the rest of our lives."

Compared with the suffering of Jeremy, Moore was more relaxed.

Hearing Moore's tone, Jeremy calmed down, but he was suspicious, "How could you come out of the Gu family safe and sound? Did Kerr let you go?"

He finally realized how cruel Kerr was.

But if Moore could be safe in this case, he might consider to believe Moore.

"I never take him seriously."

Chapter 348

Moore said that frivolously.

He knew that since he was a tool for Jack to threaten Kerr, Jack would definitely protect him well. He didn't need to worry about it.

"It seems that you have figured out a way to fight back. Tell me where you are and I'll come to you now." Jeremy Chu couldn't wait to see the embarrassed look of Kerr.

Since he wanted to transfer his business from the international market to the domestic one, Nicole and Kerr had already brought him too much trouble. He had been holding back his anger, and now he finally found a chance.

"You can just come to the Gu Group to find me."

After saying that, Moore directly hung up the phone, leaving no chance for Jeremy to question.

"Kerr, it's not that I want to oppose you this time. It's just that you have too many enemies. Even Jack is unwilling to help you. It's so pathetic." Moore should be glad that Kerr didn't develop as Jack expected.

Only in this way could he get the chance.

An hour after he put down the phone, Jeremy appeared in Moore office where used to be that of Kerr.

"It seems that you have really had this position." Jeremy clearly remembered that last time he came here, Kerr looked so domineering. He didn't expect things to turn around.

Last time he left here in such a mess. This time, he wanted to avenge himself.

"Now the whole Gu Group belongs to me. That old man and Kerr have completely fallen out with each other. This is a chance given to me by God. If I don't seize it well, I will definitely be punished by God."

For Moore, this was a happy surprise.

After his identity was exposed, he thought that he wouldn't have any chance, but he didn't expect that there would be a turning point.

"You got the shares of the Gu Group?" Jeremy became interested. He k

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

The projects of the Gu Group had been taken over by him.

He even didn't have much time to accompany Nicole, which made him feel very guilty.

At night, it was already eight o'clock in the evening when Kerr left the office.

"Master, there is a dinner party tonight."

Jared followed Kerr and didn't have a good rest neither, but fortunately, their efforts were paid off.

"Cancel it. You can go back and have a rest now."

Kerr walked out of the building, took the key from Jared's hand and said to him indifferently.

Looking at the light in Kerr's eyes, Jared knew what he meant. He nodded and smiled.

When Kerr was driving back to the villa of Gu family, a black car quietly followed Kerr's car.

"Miss, shall we continue following it?"

Edward asked Sunny sitting on the back seat. Twenty days ago, with the help of Moore, Sunny left the Gu family's house, but she had been hiding her whereabouts.

"Follow him."

Sunny said stubbornly.

After hesitating for a while, Edward slowed down the car gradually and looked at Sunny in the rearview mirror, with obvious pity in his eyes.

"Miss, you know clearly that Mr. Kerr... He didn't plan to let us go at all. "

Chapter 349 Play Dumb

He tried to persuade Sunny, not wanting to see Sunny continue to be stubborn.

But he also knew Sunny's personality. His persuasion was useless.

As expected, when Sunny heard Edward's words, her face darkened. "Edward, do you also want to betray me?"

I have nothing now. The He family is gone. I don't want to be with that freak Moore. I'm destined to be the wife of Kerr. I've made up my mind that as long as Nicole is not with Kerr...

Kerr will accept me. I'm Mrs. Kerr by then and no one can bully us anymore."

Sunny was immersed in her own fantasy.

She never gave up the dream of being Kerr's wife.

Hearing Sunny's words, Edward braked the car and stopped it at the same place. "Miss, the Gu family has been looking for our traces. No matter what, in fact, what Moore said is right.

The only person we can rely on now is Moore."

Compared with Sunny's irrational behavior, Edward was obviously more sober than Sunny.

"Hurry up. I don't care what you are going to do. I just want to get Kerr. He is mine and I am his wife."

Pointing at the front, Sunny accused him hysterically.

"Miss Sunny!"

Edward turned around and faced Sunny. He realized that Sunny was emotional and wanted to comfort her, but he only saw Sunny holding her head with her hands.

"No, I don't want to listen to you. I don't know anything. All I know is that I want Kerr. Help me, Edward!"

Sunny held out her hand and begged.

"Miss... You!"

Before he could finish his words, a car light flashed in front of him.

The sudden strong light made Edward and Sunny unable to open their eyes.

But Kerr, sitting in the opposite car, saw the two people in front of him clearly.

Kerr's face was cold. He didn't expect

But Kim, who was standing next to Kerr, sensed the killing intent in Kerr's tone.

He knew Kerr well and knew that Kerr didn't intend to let go of any of them this time.

"Isn't it too cruel for you to say that, Mr. Kerr? Anyway, Sunny is your fiancée and she loves you so much. Don't you have any feelings for her?"

Moore got out of the white Porsche behind, followed by several men in black suits.

With the previous lesson, Moore had learned his lesson and be smart. He knew that he was no match for Kerr, so Moore had made some preparations before he came. He would not let himself suffer any loss.

Now Kerr was no longer a member of the Gu family, and Moore didn't have to consider Jack's opinion.

"Moore, how dare you show up again? It seems that we can settle accounts today."

Kerr was a little surprised that Moore dared to show up in front of him.

He had never let go of Moore.

"Settle accounts? Of course! But since you want to settle accounts with me, how can you miss the most important woman in your life, Mr. Kerr?"

The corners of Moore's mouth rose slightly, with confidence. There was a deep meaning in his words.

Chapter 350 Dont Fall Into His Trap

Kerr's eyes directly locked on Moore's face. He clearly saw the complacency of Moore, and he also understood what Moore meant. The most important woman in Kerr's life was Nicole.

But he knew that it was impossible that Nicole would fall into the hands of Moore.

"Moore, struggle to the death will only make you lose more miserably. Don't think that no one knows what you have done."

Kerr warned Moore. Although he had left the Gu Group, he knew what was going on in the company every day.

During this period of time, Moore had done a lot of terrible things, and it was obvious that Jack had known it, but he could do nothing to Moore. Now, Jack's power had been gradually deprived by Moore.

So Moore was different from what he looked like a month ago.

"Of course I know that I can't hide those things from you, or I have never thought of hiding it from you. The Gu Group has achieved such a great development today, and Mr. Kerr has made great contributions, haven't you?"

Moore had thought that Kerr would stand out to stop him, but he didn't expect that Kerr was also trying to win over the clients of the Gu Group. Compared with his transfer of assets, Kerr's plan was more thorough and smart.

"In fact, I really admire you. You even didn't let go of the company you have been working for. It seems that you are better than I'm!"

There was obvious irony in Moore's words, which implied that Kerr caused damage to the Gu family.

"Kerr!"

Before Kerr could say anything, he heard Nicole's voice coming from behind. Even though Kerr didn't turn around, he could feel that Nicole was approaching. He naturally stretched out his arm and held her waist.

"Why are you her

oked at Sunny, although she knew that Sunny didn't deserve sympathy...

But when she saw a woman acting crazily in front of her, she just felt sad.

Letting go of Kerr's hand, Nicole walked towards Sunny.

"Don't get close to her!"

Kerr grabbed Nicole's wrist and stopped her. Now Sunny had lost her mind. Kerr wouldn't give Sunny the chance to hurt Nicole.

Nicole knew what Kerr was worried about, so she didn't insist but looked at Sunny.

"In fact, sometimes, when you love someone, he would not love you back. It's happy if you can fall in love with the one you love. If you can't, you can be a better version of yourself."

As long as you cherish yourself, you will be cherished. You have to bear the consequences of what you have done."

She wouldn't forget that Sunny had put all the blame for the bankruptcy of the Ning Group on Kerr. If she really believed in the forged evidence at that time...

Maybe she and Kerr would never be together again.

"Who are you? It's you who seduced Kerr. He doesn't want me. You bitch, I won't let you go. You ruined all my happiness. You will definitely be punished."
