Chapter 351 You Can't Hurt Me

With a fierce look in her eyes, Sunny cursed Nicole with her eyes burning with hatred, as if she would pounce on Nicole and swallow her in the next second.

"Kim, shut her up. Since she likes cursing so much, just teach her a lesson."

Kerr held Nicole in his arms and covered her ears. He didn't want her to hear such vicious words.

Because of Nicole, Kerr was willing to protect her from all the malice in the world.

With her face against Kerr's chest, Nicole clearly heard his heartbeat, which made her feel at ease. She raised her head in Kerr's arms and looked at him with a smile.

"Don't worry. I'm not that fragile. These words cannot hurt me."

She already had the best love in the world, and with all the love of Kerr, Nicole felt very satisfied. Such happiness was so real at this moment.

Only she could feel the real happiness.

Kerr kissed Nicole. His eyes were full of tenderness that only belonged to Nicole.

Upon receiving Kerr's order, Kim walked towards Sunny.

The bodyguards standing next to Moore stepped forward and blocked the way of Kim. Obviously, at the moment when the four eyes met, the conflict was about to break out.

Moore looked at the scene in front of him and stepped back quietly when Kerr was not noticing.

Obviously, Kerr was well prepared this time. Moore wouldn't put himself in danger just for others.

"You want to leave so easily?"

Kerr said indifferently. Although Kerr kept his eyes on Nicole, he kept an eye on Moore from the corner of his eyes. This guy had hidden himself for so long...

It was not easy for him to let Moore show up. Kerr would not let Moore go easily. This was his promise to Nicole.

Hearing Kerr's voice, Moore was obviously stunned and felt guilty. He looked at Edward bes

h with her hand.

She didn't want others to hear such shameful words.

With a cold face, Moore looked at Kerr and Nicole flirting with each other in front of him, which made him feel insulted. Perhaps because of the growing environment, Moore had always wanted to be the focus.

He hated being ignored.

"Kerr, do you think you can easily catch Jeremy and I would end up like that?" Moore questioned Kerr.

As soon as Moore finished his words, a black car stopped behind Kerr's car.

"Sir!"

Kelvin got out of the car, took a look at the scene, and stood directly next to Kerr, looking embarrassed.

Hearing the voice of Kelvin, Nicole let go of Kerr and turned to Kelvin behind her, "Uncle Kelvin, what happened?"

Not knowing whether it was her illusion or not, Nicole felt that Kelvin seemed to be much older than before.

Kerr looked at Kelvin's nervous face and asked, "What's wrong with him?"

Kerr knew that except that something happened to Jack, Kelvin would not be so nervous.

Seeing the complacency on Moore's face, Kelvin frowned and whispered in Kerr's ear.

"No way!"

No one knew what Kelvin had said in Kerr's ear, but Kerr's face darkened.

Chapter 352 Ungrateful Man

Nicole held Kerr's hand and asked, "What happened?"

Kerr kept silent, as if he was in a stalemate with Kelvin.

"Are you going to let go of Moore?" Nicole guessed as she knew Kerr well.

She hadn't seen Kerr so angry, but Moore had been challenging Kerr's bottom line. She knew clearly that Kerr's endurance had reached a limit.

Kerr didn't say anything, but the expression on his face showed everything.

"Sir!" Kelvin was worried. "Mr. Jack's situation is not good now, and Moore has something on the Gu Group. If it is exposed by Moore, the Gu Group will really be over."

Kelvin knew that Jack had an inescapable responsibility for Gu Group's current situation, and Kerr should not bear the consequences. But the cruel reality was in front of him, and Kelvin had no choice.

"The Gu Group has long been an empty shell, and only he is unwilling to admit it." Kerr said indifferently. His relationship with Jack had been cut off.

He wouldn't let go of Moore for the sake of Jack, because the harm he brought to Nicole had become a worry in Kerr's heart.

"Sir, Mr. Harley said that Mr. Jack doesn't have much time left. No matter what, you can't let him see his whole life's painstaking efforts destroyed."

At this point, Kelvin had to try his best to persuade Kerr.

Looking at the worried look on Kelvin's face, Nicole knew that Jack was indeed in a bad condition. She held Kerr's arm and looked up at his serious expression.

"Kerr, we still have a long time. There are still many chances in the future. I'm not in a hurry at this moment. I know that even if you let go of Moore today, you can find him again in the future."

Although she didn't want to please Jack, she didn't want Kerr to be unfilial.

"It's time for us to go back and

in, I really don't understand. It's my father who asked me to take charge of the Gu Group, but everyone has his own way of management. I'm just using my rules to manage the Gu Group.

But thank you so much, Uncle Kelvin. Without you, I might really be in danger today."

Moore said frivolously. Then he turned around, started the car and left.

The farce finally ended and an eerie silence fell upon the scene, but Kelvin knew that it wouldn't last long.

Feeling that the car had driven for a long distance, Nicole slowly opened her eyes and looked at the nervous expression of Kerr with a slight smile at the corners of her mouth. "Don't worry. I feel much better. It doesn't hurt so much."

Although she said so, she clearly felt that Kerr's face did not soften a little because of her words, and turned even worse.

"Where does it hurt? We will arrive at the hospital soon."

Kerr glanced at Nicole lightly and then looked ahead.

"Are you angry?" Nicole raised her head from Kerr's arms and looked at him carefully. She knew she was in the wrong, so she felt guilty instinctively.

Kerr didn't say anything. Since he had been with Nicole for such a long time...

Chapter 353 Walk Into The Trap

How could Kerr not know what Nicole was thinking about? He even knew every look and expression in her eyes.

He was not a person who would compromise easily, but there was an exception. Even in front of Nicole, he was not a person who would make a compromise easily.

"I didn't mean to lie to you. Kerr, do you really have the heart to ignore me?" Nicole gently kissed Kerr on his side face.

She hadn't seen Kerr get angry for a long time, so she felt a little uncertain.

"Nicole, I know what I'm doing. Believe it or not, no one knows you better than I do, but I don't want you to take advantage of my weakness like that."

Kerr's tone became serious. The last thing he could accept was deception, and he couldn't accept that Nicole threatened him with her own health.

This made him feel that Nicole had betrayed him.

"I'm sorry, Kerr. I've never thought about it like that. I just don't want to see Uncle Kelvin in a dilemma. In fact, you know clearly that it's not easy for the Gu Group and the Gu family to get what they have today.

You heard it that Jack..." When it came to Jack, Nicole didn't know how to address him, so she could only pause. "He is not in a good condition.

I really don't need to have a conflict with Moore at this time. I don't care if I own the Gu Group or not, and so do you. But someone cares, and Moore will definitely get retribution for what he has done."

Nicole carefully analyzed the pros and cons, but clearly saw that Kerr's expression did not get better because of her words.

"You have no idea what I care about."

Kerr looked at Nicole helplessly. This little woman put the kindness in her heart first, but didn't take his feelings seriously. Kerr didn't

le.

The expression on Nicole's face froze. She understood Kerr's words and was touched, "I'm sorry. I shouldn't have let you worry. You knew it was an act, why did you still walk in my trap?"

She knew that it was Kerr's love for her. She felt so lucky that Kerr had spoiled her and made her become the happiest woman in the world.

"I have no choice. You are my weakness." Kerr sat up and tidied up her messy hair.

There was a smile on Nicole's face.

"Thank you, honey!" When she said these two words, she couldn't help but lower her head with a shy look on her face.

Kerr was about to call Kim in, but when he heard the two words, his heart skipped a beat.

Holding up Nicole's delicate face with both hands, Kerr looked at her in surprise, "Say it again." Before this, Kerr had never heard Nicole say this word.

"No! I've said it just now." Just now, it was because she was moved by Kerr, and she did not expect herself to speak so frankly. But now, she could no longer speak it out.

Her face was as red as a tomato. Hiding from Kerr's loving eyes, she said, "Well, let's go home quickly." Nicole diverted his attention.

Chapter 354 Save The Situation

Holding Nicole's hand, Kerr took her back to the villa.

When Kelvin left the scene and went back to the Gu family's house, he only saw Freya sitting alone in the living room with a gloomy face.

"My lady, Mr. Harley said that Mr. Jack is not in a good condition and can't come back these days." He simply told Freya about Jack.

Jack had been in the company since he came back from the hospital last time. He had to go to the hospital occasionally, and his condition had gradually been getting worse, but he still couldn't stop Moore.

Freya glanced at Kelvin and asked, "How is the company going now? Is Moore really going to destroy the Gu Group?" Freya had more or less heard some news, but it was not confirmed yet.

Hearing what Freya said, Kelvin nodded and said, "Although Mr. Jack has tried his best, it's still too late. Now I'm afraid only Mr. Kerr comes back in time can change the situation."

He offered. It was not until something happened to the Gu Group that they remembered the importance of Kerr.

"I see. I'm going to the hospital now." Freya had never cared about Jack, but she had to care about the Gu Group. After all, without the support of the Gu Group, the Gu family would collapse sooner or later. ?

After saying that, Freya stood up and walked outside.

Following behind Freya, Kelvin arrived at the Gu's hospital. Seeing that Jack was lying on the bed with his eyes closed, Kelvin felt sorry for him. Compared with Kelvin, Freya was very calm.

She looked indifferent, as if the man in front of her had nothing to do with her at all.

Feeling that there was someone beside him, Jack slowly opened his eyes and glanced at Freya indifferently, but his face did not change much.

"I'm not dead yet. You don't have to come here in a hurry."

Jack said sarcastically.

"At this time, you still couldn't figure i

wo children.

Compared with Lucas, Freya liked Jay more, because Jay was just like Kerr when he was this little.

Vedder stopped and looked at Freya with a little embarrassment. After all, before that, every time Freya appeared, Kerr would be unhappy.

But now seeing that Freya was sincere, Vedder could only nod.

Freya walked to the gate of the villa with light steps and heard the sound from inside.

"Let me hug him for a while." Jay raised his head and looked at Kerr holding Lucas. He couldn't help reaching out his hands to hold Lucas in his arms.

But Kerr didn't agree, "No way!"

Now Jay was still young, so it was not safe for him to hold Lucas in his arms.

"Just for once!" Jay reached out an index finger and made a promise to Kerr, with a look of appeal in his eyes. During the day at home, Jay was just hiding in his room and studying something that no one else could understand.

He didn't look at Lucas for a whole day, but when Kerr came back home and skillfully bathed and dressed Lucas, he became interested.

Kerr turned around with Lucas in his arms and dodged Jay's hands.

"What are you arguing for?"

Nicole came out of the bathroom, with a towel in her hand, drying the water on her hair.

Chapter 355 Persuade Him To Go Home

Then Nicole walked to Kerr's side and looked at Lucas who just woke up. She couldn't help but lower her head and kiss Lucas's side face.

It was a light kiss. But when she raised her head, she saw two faces, one big and one small, coming close to her.

"Mommy, I'm here!"

Jay was not tall enough. He grabbed the hem of Nicole's nightdress with his little hands and stood on tiptoe, indicating that Nicole must kiss him first.

When she was about to lower her head, she saw Kerr's threatening eyes. She felt helpless and raised her hand to touch Kerr's side face. "How old are you? You still have to fight with the child."

Then she bent down slightly and kissed Jay's face.

She didn't want Jay to think that she didn't love him anymore after she had Lucas.

Whether she and Kerr would have another child in the future or not, Nicole hoped to bring the same share of care and love to her child.

With dissatisfaction in his eyes, Kerr stretched out an arm and directly held Nicole in his arms, forcing her to get close to him.

"I don't mind making it up to me later." Kerr hadn't been intimate with Nicole for a long time. He was always worried that the wound on her body hadn't recovered.

Now Lucas was one month old finally.

Of course, Nicole understood what Kerr meant. She nodded at him and turned her head to cover the blush on her face.

"Mommy, what are you talking about?" Jay didn't hear Kerr's words. He was curious when he saw the shy look on Nicole's face.

"Nothing. Let's go. Mommy will take you to take a shower." Holding Jay's hand, Nicole walked towards the bathroom.

Standing at the gate of the villa, Freya heard the delightful voice. Although she couldn't hear it clearly, she could feel the warmth. At least, it was more sentiment

. No matter how well the Gu Group developed or what happened to the company, it has nothing to do with me."

This time, Kerr had made up his mind. He didn't want Freya and Jack to have any hope anymore.

"Now I have ZX Group. In the future, I will build it into a leading group in A City. I'm not interested in the Gu Group at all."

In just a month, the ZX Group had changed a lot under the management of Kerr.

Freya didn't expect that Kerr would be so determined.

"Kerr, I don't care what you have now, but you can't get rid of the Gu family and the family name would be with you for the rest of your life. Everyone wait to see the joke of the Gu Group, you can't just sit there and watch the show."

She wanted Kerr to believe that he and Gu Group were inseparable, but obviously, Kerr didn't think so.

"A joke? I don't think it's funny at all. The fate of the Gu Group has settled. It was all caused by themselves. I have nothing to say."

Kerr ignored Freya and went upstairs.

He didn't look back no matter how Freya call out his name.

"Kerr! Think it over." Freya still didn't give up. Even if the Gu Group was in danger, its potential was still unpredictable.

Chapter 356 You Are The Most Important People

However, Freya could do nothing but watch Kerr leave her sight.

After entering the room, Kerr closed the bedroom door and looked into Nicole's calm eyes, which made Kerr feel at ease.

Nicole looked at the darkness on Kerr's face, which had not yet faded away, and became gentle the moment he saw her. She felt very sorry for Kerr from the bottom of her heart.

She opened her mouth and was about to say something when she heard Kerr's voice.

"Nicole, you don't have to persuade me. I know what I'm doing. I've given them a chance. This won't be a second time. I know what you are thinking, but for me, the most important person is you.

I won't blame them, but I can't forgive them either."

Kerr looked into her eyes and knew that Nicole had more or less heard his conversation with Freya. But this time, he hoped that Nicole could stand by his side.

"I understand." Nicole stood up and walked to Kerr. She put her arms around his waist and pressed her face against his chest.

"I didn't mean to persuade you. No matter what decision you make, I will respect your choice and stay by your side all the time. From now on, you will be the support of Jay, Lucas and me."

Nicole didn't want to make things difficult for Kerr anymore. After all, the Gu family had gone too far. Only she knew that she was not a saint, and she wouldn't force Kerr to be one.

Everything in the world had a cause.

All she wanted to do was to stay with Kerr. Besides this, she didn't want anything else.

Hearing Nicole's words, Kerr felt a little comforted.

Holding her tightly in his arms, Kerr lowered his head and kissed her red lips. Then he held her up and walked towards the huge bed.

"Ouch!"

Nicole felt Kerr's anxious action.

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

woman.

She could even imagine how Nicole pestered Kerr all the time. In her opinion, Kerr wouldn't have left the Gu Group if Nicole hadn't appeared.

And he would not have any conflict with the Gu family, so that the Gu Group would not end up like this.

Hearing Freya's voice, Nicole looked helpless, but she couldn't directly hang up on Freya. "Mrs. Freya, what can I do for you?"

If you want to speak to Kerr, I'm sorry. He's busy now and isn't at home. You can call his personal cell phone."

There was obvious politeness in Nicole's tone. She knew that Freya called mostly to persuade Kerr to return to the Gu Group.

"I'm not looking for Kerr. I'm looking for you. An hour later, you'd better show up in the cafe under the Gu Group on time. I don't like people who didn't have a sense of time. And you come alone. Don't tell Kerr."

There was obvious threats in Freya's tone. Then she hung up the phone directly.

Looking at the phone in her hand that had been hung up, Nicole had a puzzled look on her face. After a long time, she realized that Freya wanted to see her, but she could not figure out the reason why Freya would want to meet her.

Chapter 357 For The Shares

But Nicole couldn't refuse. She sighed, turned around and went upstairs. Then she changed her clothes and went out with the car key.

The car was running on the road, and Nicole was not nervous at all.

Anyhow, no matter what Freya said, Nicole would not leave Kerr. With this faith, Nicole would not have any pressure. Now Kerr had a good development in the ZX Group.

Nicole was very satisfied.

The car stopped at the door of the cafe. Before Nicole got out of the car, she saw the car with the exclusive logo of the Gu family. She knew that Freya had arrived.

She raised her hand and looked at her watch. There were still ten minutes left before the appointed time of Freya. Instead of getting out of the car in a hurry, she stared at the watch. It was not until there was only two minutes left that she opened the door and got out of the car.

Nicole didn't notice a black Maybach parked at the door of the coffee shop.

The man sitting in the car smiled slightly when he saw that Nicole deliberately made Freya wait for so long.

As soon as Nicole arrived at the door of the cafe, she saw Cherry beside Freya.

"Miss Nicole, this way please. Mrs. Freya is waiting for you in the private room." Cherry looked at her watch and found that there was only one minute left.

Nicole nodded and followed her into the private room.

"How dare you make me wait so long?" Freya arrived ten minutes earlier than usual, but she did not expect that when she sat in the private room, she did not see Nicole at all.

Raising her hand, Nicole pointed at the watch on her wrist and said to Freya, "The time is just right. I'm not late. Maybe Mrs. Freya arrived early."

Nicole knew that Freya had arrived a long time ago, but she just wanted to teach Freya a lesson. Otherwise, Freya would always think that she was a pushover.

"Nicole, don't think th

at Freya wanted to do.

"But you should also be clear that only when Kerr is in charge of the Gu Group can you get the shares of the company. You should know it better than me, don't you?"

In Freya's view, Nicole must be plotting every day to get more shares. After all, the Gu Group was such a big temptation. In front of money and interests, no one can really be indifferent at all.

"Gu Group?" Nicole couldn't help laughing. She lowered her head and shook her head.

"Mrs. Freya has been living in the Gu family for a long time, so you don't know what's going on outside, don't you? Mrs. Freya, you'd better know what is going on in the Gu Group now."

Nicole reminded Freya. In the past, when the Gu Group was in glory, Nicole had never thought of taking a penny from it, not to mention that the Gu Group was on the verge of bankruptcy and had lost its former brilliance.

She didn't care about it at all. She only liked Kerr.

She just want the love from Kerr. Only he could make her feel at ease.

"Do you know what is going on with the Gu Group? Sure enough, you are always paying attention to the Gu Group. Nicole, dare you say that you are not interested in the Gu Group?"

Freya was also surprised at Nicole's reaction.

Chapter 358 A False Charge

Seeing the shrewdness in Nicole's eyes, Freya knew that her guess was right.

Hearing what Freya said, Nicole really felt that maybe she shouldn't have been here today. Kerr was right. It was a waste of time to be with the Gu family.

Nicole shook her head and said, "Mrs. Freya, if you really think so, I have no choice. In your eyes, I have always been greedy for the property of the Gu family. No matter how I explain, it won't change your opinion of me."

She didn't want to waste time on meaningless things here. She stood up and was about to leave.

"Mrs. Freya, Kerr is not interested in the assets of the Gu Group, and I am either. If there is nothing important in the future, I don't want these things to disturb our lives again.

I will try my best to give Kerr the happiness he wants."

After saying that, she turned around and walked towards the door. However, just two steps, she was stopped by Cherry, who had been standing beside Freya.

Nicole looked at Cherry and frowned.

"You want to leave before I finish my words? You are rude." There was obvious disdain in Freya's tone.

She always thought that Nicole was just a woman from a humble family. Nicole had no background and poor education. She didn't deserve to be in the Gu family.

Now it seemed that what she thought was right. Freya doubted very much why Kerr refused so many women and only wanted Nicole, perhaps it was because of her tricks.

Knowing that Freya wouldn't let her go so easily, Nicole didn't leave in a hurry. She turned around and sat opposite Freya, looking at her helplessly.

"Mrs. Freya, if you have anything to say, just say it as soon as possible. Although we can't end our conversation in a pleasant way according to the past. I know you won't give up if you didn't finish you words.

But I hope you can say it qu

ted expression in her eyes.

She was weighing Freya's words. In fact, some of her words made senses. Even if Nicole and Kerr didn't want everything of the Gu family, they couldn't let the Gu Group fall into the hands of Moore.

Nicole knew better than anyone else about Moore's ambition and ruthless. If she couldn't solve the problem for Kerr, she had to remind him not to cause more trouble.

"In fact, there are many things are not as complicated as you thinks."

A gentle voice came from behind.

Hearing the voice she hadn't heard for a long time, a figure flashed through her mind, with obvious surprise in her eyes. She suddenly turned around and looked at Baron who was standing at the door.

The corners of Nicole's mouth rose slightly. "Long time no see, Baron."

When Maggie had an accident last time, Nicole wanted to see Baron, but Kerr didn't allow her to do so because of her physical condition. After so many things happened, Nicole ignored Baron.

Now seeing Baron again, Nicole only felt a long lost warmth.

"Long time no see, Nicole. How are you doing?" With a gentle face, Baron walked to the opposite of Nicole and sat down, with a faint smile on his face.

He missed her very much.

Chapter 359 As Long As You Are Happy

But every time Baron could only stand in the distance and peek at Nicole. He had never been noticed by her. It seemed that he had been used to hiding in the corner.

Nicole nodded, "I gave birth to another boy. You haven't seen him yet." When Jay was born, Baron accompanied her.

But now, she felt that there was a sense of distance between them.

No matter how good friends were, they would unconsciously alienate each other since there was no news of each other for a long time. Thinking of Maggie's death, Nicole only felt sorry, and she had never had the chance to face Baron.

"Really? That's good. If there is a chance, let me see him one day. You look good."

Every time Baron stood in the distance, he could see Nicole snuggling up to Kerr with shyness and happiness on her face. He knew that Nicole was very happy now.

Maybe only in this way could he rest assured.

"Thank you, Baron. In fact, I still owe you an apology. I didn't do anything wrong, but I didn't expect such a result."

Her heart was full of pity. After all, she really wanted to treat Baron as a friend and see him happy.

Baron shook his head and said, "Nicole, it's all fate. In fact, the responsibility for this matter is on me, and it has nothing to do with you. You don't have to blame yourself. It's not what we can expect."

He accepted it very frankly, but after Maggie's death, the Chen family did not let go of Baron so easily. Fortunately, he took all the blame for himself, and in the end, Nicole was not involved.

Nicole looked at him and found that he was still as gentle as before. But after careful observation, she could tell that he looked a little mature.

But only Nicole knew that it was because he had been through a rough patch.

"Baron..."

She wan

and didn't see Lucas.

She couldn't help frowning. Recently, it was Harrow who had been taking care of Lucas. Harrow had never made any mistake, and Nicole had already trusted her very much.

"Nicole, listen to me. Don't worry. Lucas is fine."

Harley walked up to Nicole and comforted her, as if he was worried that she would be angry.

But when Nicole saw the nervous look on Harley's face, she became more anxious. She couldn't help but become serious. "Where is Lucas? What happened?"

She could compromise in everything, but there was one thing that she couldn't make any concessions, which was related to Lucas and Jay. As a mother, she would never let anyone hurt her child.

As long as she thought that Lucas and Jay would be hurt, she felt as if her heart was stabbed by a thorn, and every breath would be painful.

"Don't be nervous. Lucas is fine. He is in the hospital, but..."

Looking at Harrow behind her, Harley hesitated.

With a sigh, Harrow walked up to Nicole and said lightly, "Here's the thing. I took Lucas to do the examination, and everything was fine. But I didn't expect to meet Mr. Jack walking in the garden.

The moment he saw Lucas..."

Chapter 360 The Baby Was Taken Away

They didn't expect that Jack would react like this. Although they worked for Kerr, they didn't dare to say anything against Jack.

Looking at the two people, Nicole frowned, "You mean that Lucas was taken away by Jack?"

She knew that if Jack really wanted to take the child away, it was impossible for Harley and Harrow to do anything about it.

Harrow nodded helplessly.

"Where are they?"

Nicole pulled a long face. No matter what Jack wanted, she wouldn't let him take Lucas away from her. Nicole thought that Jack would do something to Jay.

She didn't expect that Lucas was also his target.

In the face of the child, Nicole would never compromise.

Looking at the firm look of Nicole, Harley did not feel surprised at all. He could only sigh, "I'll take you there." Taking a look at Baron, who was standing behind Nicole, Harley was obviously stunned.

But he didn't have time to ask more, he took Nicole to Jack's room.

Obviously, Nicole looked worried and flustered. She had lost Lucas once and could never let it happen again. She was afraid that the Gu family would send Lucas to somewhere else.

Maybe Nicole would never find Lucas since he was so little.

Thinking of this, Nicole felt terrible.

She couldn't help but stagger.

"Watch out! Don't worry. He just took the baby away. It shouldn't be a problem." Baron reached out his hand to hold Nicole, nodded to her and comforted her.

Then Baron followed behind Nicole. Seeing that she was anxious about Kerr's child, he felt sad. Perhaps from the very beginning, he could only protect Nicole as a knight.

When Harley arrived at the door of Jack's ward, he stopped.

Feeling strange, Nicole took a closer look and saw that the do

her.

Before she turned her head, she felt her right hand was held by a warm palm.

Nicole turned her face and looked into Kerr's gentle eyes.

"Why don't you wait for me?"

Kerr was in the company and received a call from Harley. But as soon as Harley hung up the phone, Nicole arrived at the hospital, so she came here a little faster than Kerr.

"I thought you didn't know." The moment she saw Kerr, she felt at ease. It seemed that no matter what kind of problem she encountered, as long as this man beside her was there, she was not afraid of anything.

Baron's eyes dimmed when he saw Nicole's lovable face, but he quietly took a step back to make room for this loving couple.

"If you have anything to say, just come in and say it openly. When did I teach you to do such an impolite thing?"

There was obvious displeasure in Jack's tone when he heard Kerr's voice.

In his opinion, Kerr had changed a lot since he met Nicole. Jack didn't like those changes at all and it ruined his plan, so he pin all the blame on Nicole.

Kelvin walked to the door and looked at Kerr and Nicole. He nodded to Nicole and held Lucas in his arms.
