### Chapter 361 Not Willing

"Sir... Miss Nicole..."

With Jack behind him, Kelvin couldn't call Nicole as Mrs. Nicole.

Nicole didn't care at all. For her, no matter what others called her, it was a mere title.

"Uncle Kelvin, remember, this is my only wife, so you should call her Mrs. Nicole." Nicole could let it go, but Kerr couldn't turn a blind eye on it.

He said this not only to show his approval of Nicole, but also to warn Jack. Obviously, he said this to Jack deliberately.

Kelvin glanced at Jack with a worried look, bent down slightly and made way for Kerr and Nicole.

As soon as they entered the ward, Nicole saw Lucas in the hand of Kelvin. She could not help but breathe a sigh of relief.

Letting go of Kerr's hand, she walked up to Kelvin and took Lucas from him. Seeing that Lucas was sleeping soundly, Nicole smiled slightly.

"Don't get close to Lucas anymore. Both Lucas and Jay are my children."

Kerr looked at Jack and warned him coldly.

In fact, he didn't want to have any conflict with Jack, but on the premise that Jack would not disturb their lives again.

"Is this how you treat your father?" Jack's face was full of anger. Perhaps it was because of the sudden emotional fluctuation that his breathing became no longer smooth and his face darkened.

"Sir!"

Seeing that there was something wrong, Kelvin walked directly to Jack.

"Harley!"

Kerr didn't expect that Jack's condition was so serious. Standing at the door, Harley heard Kerr's call and walked in directly.

He walked quickly to the side of Jack. After checking his condition, Harley shook his head at Kerr to show that Jack was fine. Then he said to Jack, "Uncle, I have told you not to be too excited

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

r knew her well and knew that some of her words made senses. Nicole felt pity for Jack and wanted to persuade Kerr.

Nicole's sympathy made Kerr feel her kindness, but also made Kerr feel a lot of helplessness, because she was so soft-hearted that she receive a lot of unfair treatment.

And the grievance that she shouldn't have suffered.

Looking at the reluctant look on Kerr's face, Nicole raised the corners of her mouth slightly. She stretched out her hand to hold Kerr's cheek and said, "Are you a mind reader? You know everything in my mind."

After seeing Freya today, Nicole really wanted to say something to Kerr. She didn't expect that Kerr could guess what she was thinking immediately.

"Are you willing to listen to me and interfere in Moore's plot?"

There was one thing that Freya was right. They really didn't need to let Moore get what he wanted. Although Nicole and Kerr didn't care about the property of the Gu family, they wouldn't give these things to Moore.

If he got more power and wealth, the consequences would be unimaginable.

"No." Kerr let go of Nicole's chin and looked out of the window.

Chapter 362 Just Give Up

This time, even if Nicole asked, Kerr would not compromise. Moreover, according to Kerr's estimation, the Gu Group could not hold on for a few days. It was meaningless whether he could go back or not.

Hearing Kerr's straightforward refusal, Nicole looked helpless. She reached out her hand and hugged him. She knew that Kerr was softhearted. No matter what she wanted him to do, as long as she said it, Kerr would eventually compromise.

"Actually, it's not that I want you to compromise to the Gu family, nor that I want you to leave me and our child. You know that it's all caused by Moore. He's not a member of the Gu family. Do you really want him to succeed?"

As long as Nicole thought of the arrogant look of Moore, she couldn't help getting angry.

"Do you remember that you almost had an accident last time? Didn't you always suspect that Moore was the person behind it? We just haven't got the evidence."

Kerr turned his eyes from the window to Nicole and said, "I didn't expect you to bear grudges."

All these things were kept in Kerr's mind. He never intended to let go of Moore.

But he would not return to the Gu Group.

Sitting next to Kerr, Nicole smiled, "If Moore just wants to set me up, I may not mind. But if he wants to hurt you, I will remember it clearly."

This was how she loved Kerr. Even if she was weak, she would support Kerr silently.

He kissed on her forehead and said, "Don't worry. I'll make Moore pay for it. I've never forgotten it, but I won't go back to the Gu Group."

Nicole, you'd better give up on this matter. It's absolutely impossible."

Kerr directly refused. Even though he knew that Nicole did it for his own good, he didn't want to do it in this way. After all, the Gu family h

should have belonged to Kerr. Now the Gu Group is in danger because of you. Do you know how the Gu family criticized Kerr behind his back?"

Freya's voice came out of the laptop.

Hearing Freya's words, Nicole was stunned. She didn't understand why their conversation would appear in Jay's computer.

"Let me tell you, Nicole, sooner or later, Kerr will regret for choosing you. If you do so, Moore's scheme will only succeed. You should know the relationship between Kerr and Moore, they are just like fire and water.

If Moore really gets the whole Gu Group, is it not a threat to Kerr at all? Nicole, think it over. You should know that Moore would be a hidden danger in the future.

Do you really think Moore will let it go even if the Gu family doesn't make things difficult for him?"

Hearing Freya's words and thinking of what Nicole said to him just now, Kerr understood what had happened.

"Is this the reason why you want me to go back to the Gu Group?"

Kerr held Nicole's hand tightly, "Why didn't you inform me in the first place? Why should I listen to these meaningless words from her alone?"

In his eyes, these words were worthless.

Chapter 363 I Dont Agree

Looking at Kerr, Nicole smiled slightly. She knew that Kerr would be nervous because he was worried that she would be wronged, but as long as she had Kerr's care and love...

She wouldn't feel wronged at all.

"Don't be so nervous. I'm fine. In fact, I think what she said is right. We all know that. The reason why you should come back to the Gu Group is that they don't want Moore's plan to succeed.

I won't be wronged at all."

She didn't want herself to be a factor that would affect Kerr.

"No, I don't agree!"

Jay felt angry when he heard Freya's attitude towards Nicole. It was obvious in Freya's words that they were coveting the property of the Gu Group.

He cared so much about Nicole. How could he let her face the grievance of others?

Hearing Jay's firm voice, Nicole was stunned. She didn't expect that the little guy would say something at this time.

"Jay, you are still young. You will understand a lot of things when you grow up." Nicole knew that Jay cared about her.

But now these things were so complicated that they couldn't explain it clearly. Moreover, Jay was a child. No matter how smart he was, he was still too young to understand it.

Hearing Nicole's words, Jay was dissatisfied. When he was about to refute, he heard Kerr's voice, which made him happy.

"Even a child knows how to protect himself, but you don't know?"

Kerr put his arm around Nicole's shoulder and said, "From now on, no matter who in Gu family finds you, you can avoid them. Do you hear me?" Kerr reminded Nicole.

If he couldn't even deal with Moore alone, then he had no right to stay with Nicole.

As her man, he should have done something for her and protect her from danger.

"Kerr..."

Nicole knew that Kerr

e meant, but Jay was proud and raised his little face.

"I hacked into your email, so I saw it." Jay said indifferently, "But I can't find out the other party's ID account, so we can't find out the sender's identity."

Obviously, the person who could get the recording was observing Nicole and Kerr on the spy, but no one knew the sender's intention of giving the recording to Kerr.

"Even if you can't find it out, it doesn't mean that no one else can."

While speaking, Kerr raised his hand and made a gesture to Jared behind him.

Jared understood and immediately took Jay's laptop and handed it to Kerr.

Nicole, who was sitting next to Kerr, was dazzled by his flexible fingers on the keyboard, and rows of characters that she couldn't understand appeared on the screen of the computer.

Soon, Kerr found the ID of the sender. It had to be said that the sender had put a lot of thought into it, but it didn't mean that Kerr could do nothing about it.

Looking at the familiar e-mail account, Kerr knew the identity of the other party, but he didn't understand why he did so.

"What's wrong? Is there any problem?"

Nicole asked Kerr worriedly.

Chapter 364 Extremely Disappointed In The Gu Family

Kerr shook his head and said, "Don't worry. It is fine." While speaking, Kerr edited an letter and sent it to Ben's private e-mail.

Jay, who was sitting next to Kerr, looked at him with dissatisfaction. He curled his lips at him, turned around and went upstairs.

Seeing that Kerr's face softened a little, Nicole wanted to persuade Kerr again, but she was interrupted by Kerr before she could say anything.

"Don't ever think about letting me go back to the Gu Group. I can tell you directly that the Gu Group is now in jeopardy, and there is even a possibility that it will collapse at any time. Even it is me, I don't have the confidence to save the Gu Group."

Kerr deliberately made it very serious. He didn't want to give Nicole any hope, nor did he want to quarrel with her because of this matter. He was extremely disappointed in the Gu family.

Such disappointment accumulated during this period of time.

In the past, Kerr had given Jack and Freya, but in return, he was indeed disappointed again and again. Therefore, now Kerr only wanted to live with Nicole and their children.

Without the Gu Group, it was a relief for Kerr, which would save him a lot of trouble. No one would say that Nicole stayed with him for the shares of the Gu Group anymore.

Reaching out his hand, Kerr stroked Nicole's long hair. "Nicole, this is maybe a blessing in disguise."

Hearing Kerr's words, Nicole knew that he had made up his mind, but when she thought of Freya's words, she couldn't help worrying.

"Kerr, do you really want the Gu Group to be destroyed by Moore? After all, the bankruptcy of the Gu Group is a good news for Moore.

But for you, for the Gu family, it means something different. Why do you have to let your family hurt by the enemies?"

As a businessman, such a deal was not worth

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

st assured.

Seeing that Kerr's face darkened, Jared didn't say anything more. After all, Jack had really gone too far on Nicole and Kerr, and Kerr's attitude towards Jack was obvious now. Kerr just didn't want to have anything to do with the Gu family.

"Be careful when you do it. Don't let Moore arouse suspicion."

Kerr exhorted Jared. He had never doubted the loyalty of Jared.

In the Gu's hospital.

Looking at the weak Jack lying on the bed, Kelvin was worried, but there was nothing he could do.

"Wow, I didn't expect you to be so lucky!" With obvious mockery, Moore appeared at the door of the ward, but his respect for Jack was long gone.

Since he had returned to the Gu Group, Moore thought that he had anything to do with Jack, so he was so unscrupulous.

"Don't worry. I will be fine as long as you are still alive." Jack struggled to sit up, leaned against the head of the bed, slightly narrowed his eyes with obvious fatigue. In just a month, he seemed to have aged more than ten years.

When Moore was about to walk into the ward, he was stopped by Kelvin.

"Mr. Moore, if you have anything to say, just stand here and say it." Obviously, Kelvin was on guard against Moore.

Chapter 365 The Ultimatum

After all, Moore was different now. Kelvin was worried that Moore would do something bad to Jack.

A man 's mind is unpredictable.

Looking into his eyes, Moore smiled and said, "Uncle Kelvin, it seems that you don't trust me anymore. If that's the case, it's meaningless for me to stay here. Let him have a good rest.

I don't want to see anything happen to you before the Gu Group is completely destroyed. In that case, this game will be boring."

Moore shrugged his shoulders to show that he didn't care. He turned around and was about to leave, but he stopped as soon as he took a step. He took out an envelope from his pocket and turned to look at Kelvin with a smile.

Then he handed the envelope to Kelvin and said, "This is for you. I hope you can be mentally prepared. I have something else to do, so I'm leaving now."

Then Moore left the hospital with pride and confidence on his face.

Looking at the back of Moore, Jack clenched his fists and asked with a trembling voice, "What is it, Kelvin?"

He knew that it must be something bad, but there was nothing he could do. The last time Kerr left the Gu Group, the company was already in danger.

But at that time, Kerr came back in time, so the Gu Group escaped a disaster.

It was at that time that the Gu Group chose some risky projects, and some problems occurred, which caused a great loss to the Gu Group. In order to make up for this loss...

Jack had to make some concessions on some problems, but it happened to be caught by Moore, which made Moore so arrogant.

Hearing Jack's inquiry, Kelvin opened the envelope in his hand. When he saw the notice from the bank on the envelope, he didn't have the heart to tell Jack about this news, but he had no choice.

"Sir, it's a notice from the bank. The Gu Group's loan hasn't been repaid on time. If it goes on like this, the

eliberately said half of his words in order to attract Kerr's attention.

Kerr was a smart man. How could he not understand what Harley meant? But Kerr didn't know how to answer, so he hung up the phone.

Turning around, Kerr stood in front of the French window and looked at the distance with a deep face.

The door of the study was pushed open. Kerr heard the sound but didn't turn around.

Looking at Kerr's lonely back, Nicole walked behind his back, held his waist and pressed her face against his back.

"Go and see him. You don't need to make any changes or make any decisions. Even if you just take a look him from a distance, you just need to rest assured."

If possible, she would choose to be with Kerr.

But she knew that her appearance would only make Jack's condition worse.

"You eavesdropped on me." Just now, Harley called the landline of his villa. When Kerr picked up the phone, he heard the extension was picked up.

But he knew that there would be no one else except for Nicole, so he didn't care. Nicole was just caring about him.

Nicole nodded honestly, "Yes, go and have a look. I go with you. I'm not asking you to compromise to anyone, but to hope that you won't leave any regret for yourself."

Chapter 366 Unwilling To Accept The Reality

Hearing Nicole's voice, Kerr, who had been feeling uneasy just now, seemed to calm down all of a sudden.

He turned around and held her in his arms. "Nicole, thank you for being with me." Perhaps the most fortunate thing for Kerr was that he didn't let go of Nicole's hand at any time.

That's why they could be together after they had been through so many things.

Nicole smiled, took a look at Lucas, and followed Kerr out.

The car stopped at the gate of the hospital, but Nicole didn't move. "I'll wait for you in the car. I'm afraid that he will be more emotional when he sees me, which is not good for his recovery."

Nicole didn't want to bring trouble to Kerr again because of her appearance. She did it out of kindness, so she didn't want to get anyone in trouble.

Kerr raised his hand and stroked her long hair. "Wait for me here. I'll be out soon."

He didn't force Nicole to stay with him, and he also worried that what Jack said would hurt Nicole.

If he couldn't stop Jack, he should at least protect Nicole. After all, there was only one Nicole in the world.

"Okay." Nicole kissed Kerr on the lips and watched him get off the car.

She looked relaxed.

After entering the hospital, Kerr was not in a good mood. He stopped in front of Jack's ward. Kerr was not in a hurry to enter. Not long after, Harley came out of the ward.

When he saw Kerr, there was not much surprise in her eyes. It seemed that he had expected that Kerr would come.

"You are finally here." Said Harley lightly.

Kerr looked up at him and asked, "Are you telling the truth?" Kerr knew that Jack's condition was serious, but he did not expect it to be so critical.

Or, Kerr wouldn't have believed it if it weren't for Harley.

Harley nodded. "In fact, if uncle had taken good care of himself, his illness wouldn't have dete

e, right?" Kerr frowned slightly.

He knew what Jack was thinking, but he couldn't understand.

Hearing Kerr's words, Kerr kept silent for a while and then said seriously.

"You should know that only when the Gu Group is safe can the whole Gu family be saved. As the man in the family, of course I have to protect the family. This is my responsibility.

It's also your future responsibility." Jack reminded Kerr.

Looking at Kerr's expression, Jack just thought that Kerr was confused by Nicole. At this time, in Kerr's eyes, except for those stupid love, it seemed that nothing else was more important to him.

"Kerr, if I don't oppose you to be with Nicole, will you go back to the Gu Group?"

Jack had no choice but to make a concession. All he wanted now was the safety of the Gu Group. For other things, Jack could solve them in the future. At present, the Gu Group could not hold on any longer.

Kerr looked at Jack and said, "No matter what happens, I won't break up with Nicole. Even if you say that you won't object, I know that it doesn't mean that you agree.

But I don't need your approval." Kerr said resolutely. He would not take his relationship with Nicole as a condition to return to the Gu Group

Chapter 367 In A Dilemma

Because that would only make Nicole suffer more grievances.

Kerr didn't want her to be wronged.

In his heart, as long as Nicole was happy and Kerr was willing to trade everything for it, Gu Group was nothing.

"Kerr, you only care about Nicole now. Do you know that if someone threatens you with her one day, you will be in a passive position?"

This was also the reason why Jack had been against Kerr and Nicole being together. As a real leader, they should not expose any of their weakness.

Before Kerr knew Nicole, he had become the best leader. But after Nicole appeared, everything had changed. Jack really regretted not getting rid of this hidden trouble before Nicole appeared.

It was too late to make a move now.

"I know, but I will never give anyone such a chance. I know how to protect my woman." Kerr's brows were relaxed. Fortunately, Jack was not in the mood to plot against Nicole now.

Kerr took a step back and changed the topic. "I'm not here to discuss Nicole with you. Health is the most important thing for you now."

Kerr didn't know what else to say.

"I'm here because of your healthy conditions. That's all."

Kerr didn't want to have a so-called dispute with Jack because of what he had decided.

Looking at Kerr's firm look, Jack kept silent and his face gradually turned cold. "Have you thought it over? You should know that even if the Gu Group is in danger now, it is more potential than other companies.

No one knows the Gu Group better than you. You must have a solution to those problems."

Jack didn't directly admit that Moore was the troublemaker of the Gu Group. After all, it was Jack who had helped Moore.

"If you are fine, I will go back first.

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

have known the situation of the Gu Group. In fact, even if you don't tell me, I also know that you have been paying attention to the development of the Gu Group. In that case, why don't you return to the Gu Group?

Do you also want to see the Gu Group and the Gu family being destroyed like Moore?"

It was the first time that Kelvin questioned Kerr in this way, because he didn't want Kerr to really abandon the Gu family. No matter what had happened before, it was the internal conflict of the Gu family, and no outsider should get involved.

Hearing what Kelvin said, Jack looked at Kerr with expectation.

As long as Kerr was still concerned about the Gu Group, it was hopeful for Jack.

"As I said, the Gu Group has nothing to do with me."

Kerr noticed Jack's physical condition, but he didn't want to go back to the Gu Group at all.

"In fact, I'm not that powerful as you think. The Gu Group is in danger now, and I can't save it by myself. Even if I return to the Gu Group, it will be useless.

If I were you, I should be prepared for the worst. By then, you will understand that these things are really not that important."

#### Chapter 368 A Familiar Figure

In fact, Kerr knew that Jack was selfish.

Jack didn't love anyone. He was even unwilling to give up the Gu Group even though he was in such a poor health.

Turning around, Kerr didn't want to waste any more time here. "I've been here. Take care of yourself." After saying that, Kerr left the ward.

When he walked out of the ward, he saw Jared standing at the door.

Obviously, Jared heard all the conversation between Kerr and Jack.

"Nicole is worried about you, so she asked me to come and see you." Noticing that Kerr's face darkened, Jared explained. He knew that Kerr was in a dilemma.

No matter how Kerr chose, he couldn't achieve the best of both worlds.

"Master... Actually... "

Jared wanted to comfort Kerr, but he didn't know what to say, so he shut up.

Kerr didn't say anything. He walked to the end of the corridor and reached out his hand to Jared.

Looking at Kerr, Jared took out a cigarette from his pocket and put it in Kerr's hand. Since Nicole was pregnant, Kerr had seldom smoked. After the birth of Lucas, Kerr had smoked less.

But now, Kerr's mind was in a mess.

Kerr lit a cigarette and put it into his mouth. The smoke gradually covered his eyes. No one could see the complexity and embarrassment in his eyes.

It was not until a cigarette was burnt out that Kerr put it out and walked out of the hospital.

Walking out of the hospital, Kerr felt the fresh air, which made him less depressed.

The car stopped at the gate of the hospital, Kerr reached out his hand to open the door, but he didn't see Nicole. He was shocked and flustered.

"Where is she?"

Kerr turned to look at Jared behind him. Kerr had left Jared here and asked him to protect Nicole.

Hearing Kerr's wor

guess what had happened exactly.

"Kerr, what happened?" Nicole held Kerr's hand and said softly.

Kerr didn't turn around but shook his head. "Nothing. Don't worry. I can handle it." He didn't want Nicole to get involved.

Nicole turned to look at Jared, who was sitting on the driver's seat. Fortunately, there was another person who knew the situation.

Feeling Nicole's gaze, Jared raised his head and saw through the rearview mirror that Nicole was looking at him with inquiry, but he just glanced at Kerr silently.

With Kerr's presence, even if Jared knew everything, he couldn't say anything when facing Nicole's question.

Nicole understood what Jared meant, so she leaned her head on Kerr's shoulder.

Kerr naturally held Nicole's shoulder and gave her a support.

The car drove into the Gu's villa. Kerr held Nicole's hand and got out of the car. "Go to bed early. There are still some things to be dealt with in the company. I'll go to the study. Don't wait for me."

Although it was late at night, Kerr was not sleepy at all.

Nicole knew that Kerr had something on his mind, so she nodded obediently and watched Kerr go upstairs.

Chapter 369 The Little Devil In My Heart

But when she turned around, the smile on Nicole's face gradually disappeared, and her eyes were fixed on Jared, who had just walked in from the door.

"Jared, tell me the task I assigned you."

Hearing Nicole's words, Jared told her everything he had heard. Thinking of Kerr's current situation, Jared was also worried about him.

Sitting on the sofa, Nicole looked up at the clock on the wall thoughtfully. It was already late at night.

"I see. Thank you, Jared. Go and have a rest." Then she stood up and walked towards the kitchen.

She wanted to boil some water to cook noodles. She knew that Kerr barely ate, so she cooked a bowl of noodles for Kerr. Looking at the boiling water in the pot, Nicole was lost in thought.

She also knew that Kerr's trouble was all because of his love for her.

With the tray in her hand, Nicole walked towards the study and gently pushed the door open. Then she saw Kerr standing in front of the French window with his back towards her, and sensed that the air was filled with a strong smell of tobacco.

Nicole walked in with light steps. As soon as she put the tray on the table, she saw Kerr turn around.

"You are still awake." Kerr sensed that someone was approaching, but he was so upset that he didn't turn around immediately. He calmed down and didn't want to affect Nicole because of what he had in mind.

Then he opened the window. Kerr didn't want her to be choked by the smoke.

Nicole smiled and walked to him. She caught a glimpse of the ashtray which was full of cigarette butts.

"Don't smoke too much. I know you haven't eaten much tonight, so I cooked a bowl of noodles for you." Nicole held Kerr's hand and walked to the desk.

In the past, Kerr would never eat in the study, but

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

figured it out, haven't you? Tell me, what is it?"

The corners of Nicole's mouth rose slightly. The little devil in her heart was lurking. Moore had made too many unforgivable mistakes in their previous life, so it was impossible for her not to blame Moore.

She couldn't be so generous. No one was a holy being.

"You'll know in the future. It's time to go to bed. It's almost dawn." Kerr put down his chopsticks and took Nicole back to the bedroom.

Holding Nicole in his arms, Kerr felt at ease. Recently, because Jack's condition had changed, Kerr was so flustered that he even ignored Nicole.

Kissing Nicole's hair and smelling the faint milk fragrance from her body, he gradually calmed down. In fact, after he figured it out, he was not so worried.

Jack had always regarded the Gu Group as more important than his own life, so Jack would not let anything unexpected happen to him before the Gu Group weather the crisis.

All the critical illness was just an excuse for Jack to let Kerr go back to the Gu Group.

Noticing that Kerr was smiling behind her, Nicole turned around and said to him, "Kerr, tell me, how on earth do you want to punish Moore?"

Chapter 370 Something Meaningful

"If you don't tell me tonight, I won't be able to fall asleep."

Nicole threatened Kerr. She just wanted to face it with Kerr. Even if she couldn't help him now, she didn't want to be protected by Kerr all the time.

She knew nothing.

Kerr closed his eyes and gently patted on her back, as if he was coaxing a baby, "Have a good sleep." Kerr didn't want to answer her question.

Nicole stretched out her hand, "Do you want to tell me? If I can't fall asleep, you won't be able to sleep well either."

Seeing that Kerr's nervous mood had calmed down, Nicole was also in a good mood. She smiled evilly and touched Kerr with her finger.

Nicole felt Kerr's body temperature, as if it was about to burn, which made her stunned. But when she was about to take back her hand, it was obviously too late.

Kerr directly held Nicole's hand which was about to retreat, and then turned over to trap her under him. "Honey, since you don't want to sleep, let's do something else."

Looking into Nicole's eyes, Kerr's eyes were full of passionate fire.

It seemed that he was about to swallow her.

"You... What do you want?" Nicole looked at Kerr in a daze. She did nothing just now, why did he suddenly change?

"What do you think I want to do? You have to find a way to put out the fire yourself since you are the one who start it." Kerr put Nicole's cold hand on his chest to let her feel his temperature.

Even though they had been together for so long, Kerr still couldn't resist the temptation of Nicole.

Lowering his head, Kerr kissed her.

"Hmm!" Facing Kerr's enthusiasm, Nicole was unable to resist.

"It's almost dawn..." All her refusal was blocked in Kerr's mouth.

"That's why we have to hurry up."

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

p."

Kerr didn't know who had such a purpose for the time being. Although the Gu Group had many opponents, there were not many people with such strength.

Hearing Kerr's words, Jared nodded.

In the hotel.

Looking at the data on the screen of the computer, Ben smiled slightly.

"Brother, I really don't understand why you do this. You know that Kerr is also collecting the shares of the Gu Group. What else can a collapse company be used for?"

Sitting on the sofa, Lisa looked at Ben with a strange look. Perhaps it was because Ben protected Lisa too well that she really didn't know anything about business.

"How could it be unnecessary? Although Kerr didn't return to the Gu Group and didn't stop Moore's action directly, he didn't give up the company in private. He just did it secretly."

"How do you know Kerr's purpose? If he is really worried about the Gu Group, how can you guarantee that Kerr won't sacrifice Rachel for the Gu Group and the Gu family?"

Although she saw that Kerr loved Rachel so much, Ben was still worried. After all, in a marriage that was not accepted by their families, no one could guarantee what would happen.
