Chapter 371 Take My Son Back

Lisa looked at him thoughtfully, "Will that day really come? Then Rachel would be so disappointed." Lisa said in a distressed tone.

"The world is full of unforeseen events. Why didn't you go to see Dr. Harley?" Ben looked at Lisa up and down, and rarely saw Lisa being so patient and stayed with him all the time.

Lisa blushed, rose to her feet and left Ben's room.

In the Gu Group.

Sitting in the office, Moore looked pleased. Looking at the Secretary beside him, he asked indifferently, "How is Sunny?"

Since Ron's identity was exposed in the Gu family last time, Sunny was brought back from the Gu family by Moore. She was in a bad mental state. For the sake of Ron, Moore took care of Sunny.

Originally, He wanted to send Sunny directly to the hospital, but Edward strongly opposed, so he could only let Sunny stay in the villa and restrict her freedom.

Because he had transferred a large amount of money from the Gu Group, he was no longer what he used to be.

But people with a discerning eye could see that no matter how much money Moore had, he was just a paper tiger. After all, there were still many things in the world that money could not do.

"Her situation has stabilized, and the psychologist has been helping Miss Sunny. But she is now thinking about Ron. The psychologist called me this morning to ask if there is a way to find Ron back."

Hearing the Secretary's words, there was obvious worry in Moore's eyes. "Can she really take care of the child now?" Moore was not in a hurry to take Ron back because he was worried about Sunny.

"The psychologist said that she is all right now." The Secretary could only convey the doctor's words to Moore.

Moore stood up and walked towards the door.

On the way to the Gu family's old house, there was obvious contempt in Moore's eyes.

The car stopped

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

Moore lowered his head and looked at Ron, who was still asleep in his arms. With a slight smile at the corners of his mouth, Moore raised his head and looked at Freya. "I'm afraid I'll let you down, Mrs. Freya. We'll have a chance to meet again in the future."

The crisis of Gu Group was not over yet. Moore knew that they still had many chances to meet, but at that time, no one could tell what kind of situation they would be in.

After saying that, Moore left the old house with Ron in his arms.

Seeing Moore leave, Freya gradually relaxed her eyebrows.

"What happened?" Hearing the noise, Jack came out of the bedroom and looked at Freya standing at the door, frowning and asking.

"Your dear son took your grandson away."

There was obvious sarcasm in Freya's words, which made Jack stunned. It seemed that he didn't understand what she said at all.

Seeing the confused look on Jack's face, Kelvin walked up to him and briefly explained the situation.

"Dammit! How stupid you are." When Jack heard that Freya had given Ron to Moore, he couldn't help but get angry.

Looking at Jack's angry face, Freya asked, "What did you just say? Jack, don't pretend that you don't know it. It's all your fault."

Chapter 372 Its Time

"If you didn't bring him back then..."

Will the Gu family face such a crisis? If you didn't hand over the Gu Group to Moore, would the company become what it is today?" Freya had long been dissatisfied with Jack.

Now the Gu family was in trouble, the outside world has long been spread a lot of rumors. When facing those rumors, Freya could not help but be sneered, which threatened her original noble image.

In the face of these changes, Freya pin all the blame on Jack.

"What do you know? What's the point of saying that now? Let me tell you, now Moore has something on the Gu family, so he is so arrogant. I originally wanted to exchange Ron for it.

But now you give Ron to Moore so easily. Do you know that we will be in a disadvantageous position when we negotiate with Moore?"

Jack obviously felt that his blood pressure was rising. The reason why he left Ron in the Gu family was to threaten Moore. But now, everything was gone.

He could even feel that the Gu Group and the Gu family would really be ruined in this way.

Hearing Jack's words, Freya was obviously stunned. She just wanted Moore to leave as soon as possible, but she didn't think it over. Now looking at Jack's serious face, Freya also realized that what he said was reasonable.

But it was too late.

The Gu family fell into dead silence.

Compared with the heavy atmosphere of the Gu family, Kerr's villa was much more lively. After dealing with Gu Group's affairs, Kerr would stay with Nicole, Jay and Lucas, enjoying the warmth of a family that he had hardly had before.

"Kerr, you haven't told me what you are going to do with Moore." Nicole looked at Kerr beside her. Since last time when she woke up and told Kerr that she wanted to go back to the company...

Kerr almost m

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

le at the corners of his mouth, Kerr hung up the phone directly. Then he looked at Nicole, who looked confused, and gently kissed her pink lips. After a long time, he said lightly.

"Your peaceful life is over. Now it's the right time." As he spoke, Kerr stood up, held Nicole's shoulder and walked outside.

Nicole followed Kerr. Before she could ask, Kerr dressed her up into a formal dress and walked out of the villa.

"Kerr, where are you taking me? What do you mean it was the right time?" Nicole asked curiously. Although she didn't know what it was, she could see the pleasure on Kerr's face.

Her intuition told her that it was a good thing.

Looking at Nicole's big eyes, Kerr couldn't help but want to get close to her. He held her neck with one hand and was about to kiss her.

Then Nicole raised her hand and covered his thin lips.

Nicole pressed her palm against Kerr's mouth, "If you don't tell me, I won't kiss you!" Nicole looked at him complacently.

Looking at her face, Kerr began to kiss her palm on his lips, which made her giggle.

"Don't, Kerr. What on earth do you want to do?" Nicole asked with a smile. She really couldn't do anything to him.

Chapter 373 Go Bankrupt

"You'll know in a minute." Kerr said lightly. He held her wrist and kissed her, but didn't explain.

She smiled helplessly.

Hearing Kerr's words, Nicole leaned on his shoulder. She knew him well. If he had made up his mind not to tell her, no matter what she asked, he would not open his mouth.

Kerr gently kissed her forehead.

The car gradually stopped. Looking at the surroundings, Nicole was shocked.

"Here... Kerr, are you going back to the Gu Group?" Nicole didn't expect that Kerr would take her back to the Gu Group. She looked out of the window at the crowd.

Nicole frowned. It was obvious that those people were a little excited and came to collect their debts.

"Kerr, what's wrong with the Gu Group?" Nicole looked out of the window and asked Kerr.

"It has broken." Kerr said in a relaxed tone. Looking at the panic outside, he was calm. If he hadn't been well prepared, perhaps he would also feel disappointed about the current situation of the Gu Group.

And now he was fine.

Perhaps it was a good thing for Kerr that the Gu Group went broke.

Hearing his words, Nicole was not surprised, but the Gu Group collapsed faster than she had expected.

"Really?" Nicole felt it was a pity. She even remembered that she came here and bumped into Kerr a year ago.

At that time, this place was the dream of many people. In just over a year, things had changed.

"Are you disappointed?" Kerr sensed the regret in her tone.

Nicole turned to look at his relaxed face and couldn't help but feel curious. "Kerr, I don't believe that you really don't feel anything when the Gu Group ruined. You have spent so much effort here.

You've put so much hard work into it, but now it's all gone. Won't you be sa

the banquet, but she didn't know why kind of occasion it was.

"You'll know when we get there." Even at the last moment, Kerr remained mysterious.

Nicole didn't want to ask any more. She just leaned on Kerr's shoulder and accepted his arrangement with ease.

In the Gu family's house.

Jack looked at the newspaper in his hand. It had been three hours since he got it, but he didn't speak or move.

"Sir, that's the truth. We have to tough up." That was all Kelvin could do to persuade Jack.

But Kelvin also knew that it was not easy to comfort Jack when he saw his whole life's efforts were in vain.

"Do you really think I was wrong, Kelvin?" Jack didn't know what he did wrong. From the very beginning, he just wanted Kerr to take over the Gu Group. If it weren't for Nicole...

He wouldn't choose to threaten Kerr with Moore. He didn't expect that he would make a fool of himself and give Moore a chance.

"Sir... Now that things have come to this, it's meaningless to look into the past. But even without the Gu Group, I believe that Mr. Kerr will not completely ignore the Gu family's affairs."

Kelvin knew that Kerr was softhearted.

Chapter 374 Business Empire

But so far, the bankruptcy of the Gu Group had become a foregone conclusion, and no one could change it.

Maybe that was the fate of the Gu Group.

And Kelvin could only comfort Jack in this way.

Hearing that, Jack was silent and didn't know how to deal with it. He had tried all the ways he could think of, and even pretended to be seriously ill and begged Kerr to come back, but he still didn't get the result he wanted.

Jack didn't know what was on Kerr's mind. In other words, he felt that he had never known Kerr before.

The car drove to the gate of the banquet hall. Kerr took Nicole out of the car and stood at the gate.

The reporters surrounding the entrance of the banquet hall immediately rushed towards Kerr and Nicole when they spot the two of them, and the flashlight was aimed at them immediately.

Nicole put her arm in the crook of Kerr's arm and stood gracefully beside him with a smile on her face.

"Mr. Kerr, what do you think of the bankruptcy of the Gu Group? Is it true that the Gu Group has lost its former brilliance now?"

"Mr. Kerr, what is the cause of the bankruptcy of the Gu Group? Such a big commercial empire collapsed overnight. Is there any secret behind it?"

"Mr. Kerr, please give us a brief explanation!" The reporters all held the microphones in their hands to Kerr, waiting for his answer.

But Kerr just smiled at Nicole beside him and didn't pay attention to the reporters at all.

For Kerr, only Nicole deserved his attention.

"Excuse me, please. Mr. Kerr will answer your questions in the press conference." Jared walked up and blocked the reporters for Kerr and Nicole.

Then, under the protection of the security guards, Kerr and Nicole entered the banquet hall safely.

Looking at the banquet was ready, Kerr walked

To take her revenge, she married the man, and used him.

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

n the new KN Group and the old Gu Group? Is it also a family business of the Gu family?"

In the eyes of outsiders, the KN Group seemed to be the old Gu Group dressed up as something new. They thought that in fact, there was no essential difference between the two companies.

Kerr turned his face and looked at the reporters. The tenderness in his eyes disappeared in an instant and turned into coldness directly. From beginning to end, his tenderness only belonged to Nicole.

"The KN Group has nothing to do with the Gu Group. I'm Kerr, but I have nothing to do with the Gu family." Kerr said resolutely.

In the past, no matter how Jack threatened Kerr with his identity as a member of the Gu family, Jack just threatened him in private with mere words and didn't take any action.

But Kerr was different. As long as he made a decision, no one could change it.

He didn't want the Gu family to give Nicole any more grievances, so his protection for her was to make a clean break with the Gu family. Anyway, Kerr had never felt a little proud of himself as a member of the Gu family.

"Mr. Kerr, do you mean that you have cut off your relations with the Gu family?" The reporter asked.

Chapter 375 It Doesn't Matter

All of a sudden, people present felt that the atmosphere was heavily and awkward and temperature in the hall seen to have dropped by several degrees.

Jared frowned and looked at the reporter. He didn't expect that the reporter would ask such a brash question. Then Jared directly answered the reporter's question before Kerr opened his mouth.

"Today, Mr. Kerr is holding a press conference here to share the good news about the KN Group. I hope you can give us more support.

As for anything that has nothing to do with the KN Group, Mr. Kerr will not answer." Jared distracted the reporters.

Hearing Jared's words, everyone knew that Kerr deliberately avoided this sensitive question. After all, no matter whether Kerr admitted that he was a member of the Gu family or not, it couldn't be decided by Kerr alone.

Holding Nicole's hand, Kerr looked at the reporter off the stage with a deep look in his eyes. He didn't say anything because there was no final answer to this matter.

When he officially reached an agreement with Jack, he would give Nicole an explanation.

"Mr. Kerr, is this beautiful lady standing next to your wife? It seems that Mr. Kerr has never announced her identity to the public. Does it have any special meaning for the establishment of the KN Group this time?"

A female reporter stood up and asked Kerr. Everyone present could see that Kerr loved Nicole so much. And they knew that it wasn't an act.

This was the true love that could be shown involuntarily.

Hearing the reporter's words, Nicole looked at Kerr with a gentle smile, waiting for his answer. In the eyes of others, Nicole was the perfect image of a gentle and lovely wife.

"Yes, her name is Nicole, and she also has another identity, my dear wife. It's the luckiest thing in my life to have her. The

also cause the conflict between Moore and Kerr.

Moore took a deep breath and calmed down a little. "You are right. It seems that Kerr doesn't care about anything about the Gu Group, but he is secretly purchasing the Gu Group.

Compared with Jack, Kerr is much more cunning. In this way, the Gu Group will change into a new company. All the evidences I have is worthless now."

Moore didn't expect that Kerr would set him up.

He had planned to take advantage of the scandal of the Gu family to make the them collapse completely, but now it seemed that he had to give it further thought.

After all, Kerr was not easy to deal with, so Moore had to be on guard.

"Ah!" Ron suddenly burst into tears. Sitting next to Moore, Sunny didn't react until she heard Ron's cry. She immediately lowered her head and coaxed Ron in her arms.

Hearing Ron's cry, Moore turned around and took a look at Sunny, who was obviously a little clumsy. "You'd better know your identity. Only by taking good care of Ron can you have a safe place to live.

I hate betrayal the most. You'd better give up on Kerr as soon as possible. Don't blame me for not warning you!" Moore knew that Sunny still couldn't forget Kerr.

Chapter 376 Let It Go

Sunny froze as she was holding Ron in her arms. She looked up at Moore and said, "I know what I'm doing. Kerr has destroyed my father and the my family has been destroyed by him.

Do you think that I will come back to him? Never. I will never be with Kerr for the rest of my life." Sunny had already given up on Kerr. ?

After the psychotherapist's treatment, Sunny had clearly realized her situation and that it was impossible for her to be with Kerr again.

"It's good that you know it. I haven't settled accounts with Kerr yet. And the lawsuit against Daniel hasn't been over yet. You should know that if it weren't for me, Kerr would have made Daniel disappear in this world a long time ago.

That's what your beloved man did."

There was obvious irony in Moore's words.

He knew that Sunny stayed here because of Ron. He couldn't understand why both Sunny and Nicole loved Kerr so much.

Thinking of this, Moore got angry.

He glanced at his assistant.

With the hint of Moore, the assistant walked to Sunny and took Ron from her arms.

"What are you doing? Where are you taking Ron?" Sunny questioned Moore, with obvious anxiety in her eyes. Although Ron was not Kerr's child, he was Sunny's biological son.

She couldn't let Ron get hurt.

When she was about to step forward, her wrist was held by Moore beside her.

Moore stood up with a sly smile at the corners of his mouth. He looked at Sunny with obvious possessiveness in his eyes. He stretched out his arms and picked up Sunny. Then, he walked upstairs to the bedroom.

"Moore, what do you want to do?" With a frightened look on her face, Sunny questioned Moore, but she had a guess in her heart. Since the He Group had been bankrupt b

ld not completely collapse because of the bankruptcy of the Gu Group...

He felt relaxed, as if most of the pain on his body had healed.

"I don't know what you are talking about. The Gu Group has become the past forever. Haven't you received the news that the Gu Group has gone bankrupt?" Kerr didn't think the KN Group had anything to do with the Gu family.

The reason why he did so was that he didn't want the new company to have anything to do with the Gu family.

Now it was impossible for the Gu family to meddle in the KN Group.

"I've seen the news conference. The KN Group is the Gu Group." In his opinion, although Kerr had given up the Gu Group and establish a new one, it meant that he would go back to the Gu family.

After all, they were still family.

"I think you made a mistake. The KN Group belongs to me. It has nothing to do with the KN Group. It's my personal property and has nothing to do with the Gu family."

Kerr said resolutely. He didn't want to give Jack any hope, lest it would cause unnecessary trouble in the future.

"What did you say?" Jack thought he had misheard. He frowned and looked at Kelvin.

Chapter 377 Temptress

Without hearing Kerr's words, Kelvin looked at Jack with a confused expression.

"I've made myself clear. You heard me. There's nothing to argue about. I'm Kerr Gu, but I have nothing to do with the Gu family, and the KN Group has nothing to do with the Gu family.

That's the truth. If you don't accept Nicole, I won't go back to the Gu family. She is my wife and owns the KN Group with me."

As Kerr spoke, his eyes fell on Nicole beside him, with obvious tenderness in his eyes.

From now on, he would put Nicole in the first place. Kerr would not tolerate anyone who did not accept Nicole.

After saying that, Kerr directly hung up the phone.

Nicole smiled at Kerr and said, "Actually, I'm satisfied as long as I have you, Jay and Lucas. You really don't have to do this."

At the beginning, when she was with Nicole, she wanted to win the recognition of the Gu family. But as time went by, she gradually realized that it was impossible.

Therefore, she had to face it frankly.

Kerr held Nicole's hand tightly, put it to his lips and kissed it. "Nicole, this time, I will give let everyone know that you are my wife."

He didn't give Nicole a perfect wedding, and there was something wrong in the wedding ceremony, which was a pity for him.

Now, he finally didn't need to care about anyone. He wouldn't make up for what he owed Nicole.

Hearing Kerr's words, Nicole looked confused, because in her heart, those so-called formalities were no longer important, as long as he was by her side.

Letting go of Nicole's hand, Kerr started the car and left the banquet hall.

In the Gu family's house.

Hearing the sound of the phone hanging up, Jack looked angry. Although the Gu Group would be handed over to Kerr sooner or later, judging from Kerr's tone just now, it was obvious tha

family, give her a fake identity, and let her stay with Kerr...

Maybe they wouldn't have such a bad relationship with Kerr.

"Let's keep an eye on her in person. I'm sure that she will get us into any trouble. Kerr has been busy with his work. Do you think he will still be so enthusiastic to her after a long time?"

Freya never believed that love could last long in this world.

People are unpredictable. Even if the person who smiles at you one second doesn't mean that he won't betray you the next second.

It was because Freya knew that people were cold and indifferent that she treated others with indifference. If she didn't express love, she wouldn't be disappointed.

Jack nodded slightly to show his approval of Freya's words. In fact, he had been very against Nicole before because of her family background. Now it seemed that Kerr had drifted apart from them because of this matter.

And the loss outweighs the gain.

"It's good to let Nicole go back to the Gu family. She will behave herself in the Gu family. I don't want her to cause any trouble again." Jack's words were full of disgust.

Even if he let Nicole go back to the Gu family, it was not because he had accepted her.

Chapter 378 The Proposal Ceremony

They knew that if they didn't accept Nicole, Kerr wouldn't come back to them. Then the Gu family had nothing to do with the Gu Group.

"Tomorrow, we will announce the relationship between Kerr and Nicole to the public, and then let her officially enter the Gu family."

Freya said, but there was no sign of satisfaction on her face.

Standing aside and watching Jack and Freya scheming against Kerr and Nicole, Kelvin kept silent.

He was worried about Nicole, but he thought that it might be a good idea. After all, if Nicole returned to the Gu family, perhaps they would change their opinions about Nicole after they knew her.

He hoped that everything would go well.

On the road.

Nicole looked at Kerr beside her and noticed that they were farther and farther away from the city. She could not help but feel curious.

"Are you going to elope with me?" Nicole Joked. In fact, she was not worried at all. She knew that as long as she stayed with Kerr, she would never need to think too much.

Hearing what she said, Kerr smiled faintly and said, "Are you willing to elope with me?" They had two children, and their marriage was not accepted by many people.

But as long as they loved each other, it was enough.

Everything else became unimportant.

"No matter where you want to go, I will be with you." Nicole looked at Kerr seriously and made a promise.

Kerr smiled faintly, and noticed the admiration on her face. As a man, he was satisfied.

Seeing Kerr's smile, Nicole looked out of the window. Unconsciously, she felt that the surroundings had become very familiar, far away from the city, without the noise of the crowd.

She rolled down the window and breathed the fresh air, which made her feel relaxed and happy.

Looking at the flower nursery in the distance, the smile in Nicole

t know that I could love someone so much.

I love you. I want to be with you. With you, all the grievances are no longer grievances, because with you, I am willing to accept everything in the world.

Because I know that no matter it's good or bad, we will face me together. So I'm not afraid of anything. I'm so lucky to be your wife."

Nicole held Kerr's hand and felt the warmth of his palm, which could make her feel warm and relieved.

It was the warmth that only belonged to her.

"Nicole, the past is the past. I don't want to dwell on it anymore. I just want you to know that no matter what happens in the future, I will always be by your side."

Kerr said solemnly, and then put the ring on the ring finger of her left hand. It was said before that the wedding ring should be worn on the ring finger of the woman's left hand, because there was a blood vessel connected to the heart.

In the past, he had never believed such words, but with Nicole, Kerr was willing to believe in all the good things in the world.

Gently kissing her finger, Kerr felt satisfied. Although this proposal was not so grand, it meant a lot to them.

"You haven't told me whether you are willing to marry me or not."

Chapter 379 Sudden Cardiac Arrest

Kerr raised his head and looked at Nicole affectionately.

He wanted a promise from her.

It had a different meaning for him.

"I do." Nicole nodded and held Kerr's hand.

Kerr rose to his feet and held Nicole in his arms.

With her arms around Kerr's neck, Nicole's body slid into a perfect arc with his movements, with joy and gratitude on her face.

"You finally become my bride!" Kerr announced loudly.

He was never a person who liked to show off, but when it came to Nicole, Kerr only hoped that the whole world would know that Nicole belonged to him alone.

Perhaps true love can't be given up willingly. Possession, sometimes, is also a way of expressing love.

"Put me down. I'm dizzy." Although Nicole was very happy, she couldn't stand the circles anymore.

After putting her on the ground, Kerr lifted her up and walked towards the small wooden house in the garden.

Nicole noticed a twinge of joy in his eyes.

"Why I didn't see Grandpa Cheng and Granny Cheng?" Nicole looked around curiously. She had thought that Kerr would need a lot of help in preparing for this, but she hadn't seen anyone until now.

Even Grandpa Cheng and Granny Cheng, who were guarding here, were nowhere to be found. She couldn't help but feel strange.

Hearing that Nicole mentioned them, Kerr's eyes darkened and he kept silent.

"What's wrong?" Noticing that something was wrong, Nicole reached out her hand and stroked Kerr's side face with a worried look. She had already had a guess, but she didn't want to think about the bad.

Kerr put Nicole at the door of the log cabin and stopped. "In fact, Grandpa Cheng passed away a year ago. He has been in poor health, so he couldn't wait for us to come back.

You were

simple wooden decoration, but now it had become a cave they had lived in the D island. Nicole thought of the wedding night Kerr had mentioned.

"Yeap."

Kerr was much more calm.

He had always been a man of his word. The wedding night he gave to Nicole before was destroyed by Jack. Kerr didn't want to disappoint her. He still remembered how surprised she was when she saw the cave.

So no matter what, Kerr would give it to Nicole.

Looking at Kerr's firm look, Nicole felt that she was the happiest person in the world.

She reached out and hugged him.

Kerr held out his hand and was about to carry Nicole into the wooden house when his phone rang in his pocket. He frowned and looked disappointed.

Nicole snickered and looked at Kerr's darkened face. she took out the phone from his pocket.

Looking at the number on the screen, the smile on her face suddenly froze. After hesitating for a while, she handed the phone to Kerr and said, "This is for you."

Getting out of Kerr's arms, Nicole walked into the room alone.

Looking at the number displayed on the screen, Kerr wanted to hang up, but he knew that escape was not the best way.

Chapter 380 Think About It

Kerr pressed the answer key and put the phone near his ear. Looking at the back of Nicole, Kerr was lost in thought.

"Kerr, I know you always want Nicole to go back to the Gu family and get our approval, although she is not the daughter-in-law that your father and I want.

But since you like it and you have a child with her now, your father and I have discussed and decided to agree on your relationship. If you and Nicole want to be together, just be together.

Since you have decided to be with her, we shouldn't hide it from others now. I will announce tomorrow that Nicole is the daughter-in-law of the Gu family."

Freya said in a lofty way.

Looking at Jack beside her, Freya had a cold face. Although she didn't like Nicole at all, she had to compromise in order to get Kerr back.

Without Kerr, the Gu family would be in danger.

"Hide it from others? Nicole is my girlfriend before, and now she is my wife. There has always been only one woman around me. When did I hide it from others?

The approval of the Gu family is no longer important to me and Nicole. I won't take her back to the Gu family."

Kerr said in a firm tone. He didn't want to give Freya any chance, nor did he want to pressure Nicole because he wanted her to be accepted by Freya.

Thinking of the attitude of the Gu family before, Kerr was suspicious. He knew that they would not be changed overnight.

There were reasons for all the sudden changes.

He knew clearly what the Gu family was thinking now. The Gu Group supported the whole Gu family, and they were worried about the future of the company.

Hearing Kerr's firm tone, Freya was surprised, but she didn't give up persuading him.

"Kerr, I know your father's decisions in the past made you feel very disappointed in the Gu

In the Gu family had different meanings.

In the past, they had never thought that they would face such emergencies. Although they had been supporting each other all the way, they knew that it was because of Kerr's determination and insistence that they could be together today.

The smile on Nicole's face froze. It was not until now that she realized that the joke she had just said might be true.

"Are you serious or just kidding?" Nicole asked Kerr. Because of Kerr, she had no choice but to take it seriously. But if it was true, she couldn't figure it out what it meant.

Seeing that Kerr became serious at one point one, she realized that it was indeed true.

Raising his hand, Kerr gently smoothed Nicole's tightly knitted frown.

"I know what you are worried about, Nicole. Don't worry. If you don't want to, I won't force you. We can still live our lives. It has nothing to do with the Gu family."
