Chapter 391 A Lesson

Before Nicole was about to say something, Kerr interrupted her firmly.

"If you can really find him, you won't have found him in the middle of the night. Kerr, don't use the same trick you used on outsiders on me. You should know that you learned all these tricks from me."

Jack was glad that Kerr was smart. But at the same time, Kerr was a double-edged sword. He could make great achievements in the Gu family, and at the same time, put the Gu family in the center of the storm.

He should be careful when he dealt with Kerr.

He was deeply aware of this.

"So? Are you not going to hand over him? Then don't blame me." Kerr had always been merciful to Jack, so he didn't give a fatal blow to the Gu family. But now...

Jack kept pushing him. Kerr didn't want to tolerate it anymore.

"Kerr!" Nicole held Kerr's arm to stop him.

"Don't be impulsive. We came here to solve the problem, not to create another one. The most important thing is to find Jay." Nicole comforted Kerr and turned to look at Jack's dark eyes.

"You can rest assured that I will be responsible for what I have said." Nicole made a promise lightly.

Seeing her modest attitude, Jack breathed a sigh of relief. He glanced at Kerr and said, "You can go back first. Move into the old house of the Gu family from tomorrow on, so you can naturally see the person you want to see."

The expectation on Nicole's face disappeared at one point one.

"Mr. Jack, can you keep your promise?" She didn't want to trust Jack at all, but she didn't want Kerr to have a conflict with him because of her and Jay.

Otherwise, all her concessions and tolerance would be meaningless.

"No one dare question me." Jack said lightly.

Nicole breathed a sigh of relief, but she stood st

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

y said, "Don't be afraid, madam. It's okay." She could only comfort Freya in this way. In fact, Cherry was suspicious, but she was not sure.

"Who is it?" Freya had never been frightened like this, so she could not calm down. She even felt that someone was watching her around.

It was very likely that her life was threatened and she didn't know.

Hiding in a tree, Jay looked at Freya and couldn't help shaking his head. He had planned to teach Freya a lesson, but he didn't expect that she was so timid.

It was really boring.

Holding the stones in his hands, Jay directly threw them all to the roof of the car.

"Bang, bang, bang!"

Standing beside the car, Freya could even hear the crisp sound clearly. She immediately raised her hand and covered her ears. Then she ran away.

"Ah!" She screamed and closed her eyes. The high-heeled shoes on her feet had been lost.

Freya stumbled over something and fell to the ground all of a sudden.

Jay didn't want to make a scene, so he climbed down the tree trunk and fell to the ground lightly. "It's boring. You let me down."

He really didn't know why Freya, who was so timid, could have a son like Kerr.

Chapter 392 Be Responsible For Your Own Words

Jay walked up to Freya and looked down at Freya with disdain.

Freya raised her head and looked into Jay's eyes. There was still some shock in her eyes, and she even could not believe it. She had always thought that Jay was just a child.

It was impossible for him to be so scheming, but it turned out that she had underestimated Jay and overestimated herself.

With Nicole in his arms, Jay raised the corners of his mouth slightly and looked at the back of Freya. This time, he could let Freya know how powerful he was, but Jay was a little disappointed. After all, he hadn't fully displayed his ability yet.

"What did you do?"

Kerr said lightly. When he saw the smile at the corners of Jay's mouth and Freya's angry face, He knew that Jay had something to do with it.

"I didn't do anything." Jay looked innocent. In front of Jack, Jay didn't want to expose himself too obviously.

Without asking more, Nicole was about to leave with Jay in her arms.

Kerr knew what was on Nicole's mind, so he took Jay from her and wanted to leave the house with them, but he heard the voice when they just walked forwards for just a few steps.

"You'd better keep your promise and be responsible for what you have said." Jack said lightly, even though he had already understood that there might be something wrong between Jay and Freya.

But he didn't want to miss this opportunity.

Nicole stopped and nodded with her back to Jack.

As long as Jay could grow up by her side safely and healthily, she would be satisfied. As for where she lived, it was really not important to her.

Kerr held Nicole's hand. He never cared about what Jack said, but he cared about what Nicole was thinking.

In the car, Nicole just held Jay in he

up, the Gu family will lose everything."

If it weren't for the Gu Group, Jack wouldn't have chosen to compromise like this. He turned around and left Freya's sight, and returned to his room.

Knowing that what Jack said was true, Freya turned around and went back to her room with regret.

The next day, Freya officially issued an announcement in the name of Gu family, inviting all the upper class people in A city to the hotel under the Gu Group.

Sitting at home and receiving the invitation, Nicole hesitated, but she had to keep her promise.

"In fact, you can just ignore it." Sitting next to her, Kerr didn't mind if there was no heroine at this banquet at all.

Although Kerr's words comforted Nicole, she knew that it was related to the dignity and reputation of the Gu family. No matter what they had done to her, since she had married into the Gu family, she had to consider the reputation of the Gu family.

"Let's go. In fact, I know that if I don't go back to the Gu family, this matter can't be passed. We won't have a peaceful life. As long as we are together, it doesn't matter where we live."

Nicole held Kerr's hand with a smile.

Chapter 393 Like Mother, Like Son

At the door of the banquet hall, Freya stood there and looked at the empty door. According to the agreed time, it would begin in less than twenty minutes, but she still did not see Nicole and Kerr.

If Kerr and Nicole didn't show up, Gu family would be the biggest joke in A city.

"Have you informed Kerr?" Jack walked out of the banquet hall in a black suit. Perhaps because he was in a good mood recently, his condition had also improved.

He looked much better. If Kerr could go back to the Gu family and rebuild the Gu Group, his condition would get better.

Freya looked impatient. The banquet was prepared in a hurry, and it was already a difficult thing to invite these guests. In this case, if the two of them didn't show up, the Gu family would be ridiculed.

"I asked someone to send the invitation. Kerr won't be so reckless. If there is an accident, it's also the problem of Nicole. Such a woman, even if she gives birth to Kerr's child, their children will not become the future successor of the Gu family."

Freya disliked Jay now. She attributed all of Jay's mistakes to Nicole. As the saying goes, like mother, like son.

In other words, if she couldn't take advantage of Jay, she could think of other ways. After all, Nicole had given birth to more than one child. Jay had learned Nicole's cunning, but Lucas was still young.

"What are you talking about? Don't you see how smart that child is?" Unlike Freya, Jack had a good impression of Jay. At least, he could see that Jay was a promising person.

He didn't know why Freya said that, but he had his own opinion.

Freya turned around and looked at Jack. For so many years, she and Jack had never reached an agreement. But before she could say anything, she heard the car behind her

o let you stay with Kerr! If you dare to damage the reputation of the Gu family because of your behavior, I will not let you go."

There was obvious hatred in Freya's eyes. Thinking of what Jay had done yesterday, Freya didn't want Nicole to go back to the Gu family at all.

Nicole was confused. Although Freya didn't like her before, it was not that serious. But Nicole didn't feel surprised at all.

"If we are really not welcome here, there is no need for us to stay here. I didn't want Nicole to go back to the Gu family in the first place." Kerr couldn't bear Freya's cold attitude towards Nicole.

He refused Freya firmly, and then held Nicole's hand, intending to turn around.

Looking at the anger on Kerr's face, Nicole didn't feel angry at all. This man loved her so much that he always thought for her.

But she wouldn't always let Kerr always make sacrifices for her. Since she came here today, she wouldn't leave easily.

"Kerr..." When Nicole was about to persuade Kerr, she was interrupted by the voice of Jack behind her.

"Well, don't waste any more time. The party is about to start. We are a family and we should get along well with each other."

Chapter 394 Prince Charming

After saying that, Jack looked at Freya with a frown, hinting her not to make trouble at such a critical moment.

Looking into Jack's eyes, Freya felt displeased. Without saying anything, she turned around and went back to the banquet hall.

"Kerr, let's go inside." Jack said lightly, looking at Kerr's back.

Nicole stopped and gently pulled Kerr's sleeve, indicating her not to take what Freya said to heart.

Seeing the expectation in Nicole's eyes, Kerr didn't have the heart to refuse her, so he raised his hand to touch her long hair. The soft touch calmed him down.

Her long hair naturally fell on the back, without any embellishment, making her more sweet, simple and pure.

Holding Kerr's arm, Nicole followed him into the banquet hall.

With their appearance, the originally noisy banquet hall suddenly became quiet. Everyone's eyes were attracted by the stunning couple.

Their clothes were identical in style, which made Kerr and Nicole look like a perfect match.

"Mr. Kerr, why do I feel so much hostility? Are there many people coveting the position beside you? It seems that they all want to replace me and stand beside you at this moment." Nicole whispered in Kerr's ear.

With a faint smile at the corners of her mouth, she knew that because Kerr came from a powerful family and he was a great man himself, he was the Prince Charming in every girl's heart.

No one would dislike a man like Kerr.

She was glad that Kerr could stay with her.

"But Mrs. Gu can only be you." Kerr stopped firmly, kissed on Nicole's forehead in front of everyone, and then whispered in her ear.

"Nicole, you will never know how lucky I am to meet you." There was tenderness in Kerr's eyes.

Although they had been together

had already been mentally prepared.

The reason why he could compromise with Nicole was that he could announce in front of these people that the KN Group was the property of the Gu family.

A complacent smile appeared on Jack's face. When he was about to say something, he heard Kerr's voice.

"There is one thing I hope you can understand. The Gu Group is in the past and it doesn't exist anymore. I hope you can remember that the KN Group is independent and has nothing to do with the Gu family."

Kerr said firmly.

After all, he had made up his mind long ago. No matter what Jack wanted, he would not compromise on this matter.

"And today, the reason why I invited you here is to let you know that I, Kerr, have a wife, and it is Nicole. In the future, Nicole will manage the KN Group with me."

As he spoke, he fixed his eyes on Nicole beside him, full of affection in his eyes.

"Kerr!" Jack's face darkened and signaled Kerr not to say anything more. Obviously, his plan had been ruined by Kerr's words.

At this time, as long as Kerr didn't insist on that point, they might still have a chance.

Looking at Kerr and Nicole, Freya sneered.

Chapter 395 The Identity That I Have Been Longing For

"Do you think you can win over that woman in this way? She doesn't want you to get involved in the group at all!" Freya's voice was not loud, and only the four people on the stage could hear it.

After saying that, Freya walked off the stage first.

When the opening dance of the banquet began, Jack left the stage and had to let Kerr and Nicole handle the rest as planned.

Kerr let go of Nicole's hand, took a step back, slightly bent down and reached out his hand to invite her.

With a smile, she placed her hand on Kerr's palm and bowed to him. The next second, she fell into his arms, feeling that his strong arms were around her waist.

The smile on her face continued to spread.

"Kerr, you will disappoint the Gu family." In fact, she also understood why the Gu family admitted their relationship at this time, for the shares of the group.

"So what?" Kerr didn't care about it at all. He tried his best to follow Nicole's steps and held her hand tightly. "Mrs. Nicole, you should be more concentrated when you are with me."

Nicole smiled and followed Kerr's rhythm.

Looking at Kerr's face, there seemed to be no change as the first time she saw Kerr in the Gu Group. Nicole didn't even remember when they had danced like this last time.

But his broad palm and warm chest comforted her.

At the entrance of the hotel, a white Porsche stopped after Kerr and Nicole entered the hall.

"The identity you have been dreaming of now completely belongs to Nicole." Looking at the direction of the hotel door, Moore said lightly.

Sitting on the passenger seat, Sunny didn't feel anything when she heard this. Her heart seemed to have stopped beating. There was only hatred left in her origin

ed to mean? Mrs. Freya, I know I should call you mom at this time, but I also know that you will not like me to call you mother, so I still call you Mrs. Freya.

I don't know what qualifications I need to become Kerr's wife, but I think no one is more suitable than me to stay with Kerr and become his wife."

There was confidence in her tone. Because of Kerr's favor, she was not afraid at all.

She had already been mentally prepared.

Although they met Freya's angry eyes, there was always a smile on Nicole's face. It seemed that her mood was not affected by Freya at all.

The two were in a sharp contrast.

"You!" Freya stepped forward, as if she wanted to teach Nicole a lesson.

However, Kerr reached out and blocked Nicole behind him. In the face of Freya's anger, he said, "I hope you can understand the current situation. You want me to come back with Nicole."

Kerr didn't understand why Freya had always been against Nicole.

"Daddy is right. If you don't want us to go back to Gu family, we don't care at all." Jay was dressed in a suit, a little taller than a year ago.

He walked to Kerr and Nicole with a smile.

Chapter 396 Act Wildly In The Gu Family

Hearing Jay's voice, Nicole couldn't help but feel strange. Originally, she didn't want Jay to get involved. There were a lot of media at the scene. If Jay was directly exposed to the media, it would definitely affect his future life.

"Why are you here?" Holding Jay's hand, Nicole asked him nervously. She glanced at Kerr from the corner of her eyes. There was no expression on Kerr's face. Obviously, it was not Kerr who sent Jay here.

"Who will protect Mommy if I don't come?" Jay looked at Nicole with pride.

Obviously, she didn't expect that Jay would do this, so she could only casually touch his hair.

Looking at the appearance of Jay, Freya subconsciously took a step back. Obviously, she thought of what happened yesterday, which struck a tremble in her heart.

"Does grandma have any problem with Mommy? If you has any problem, you can tell me. In fact, Mommy is a good woman. I believe that I will make you happy."

Jay smiled innocently.

But only Jay and Freya knew what he meant.

Freya took a meaningful look at Jay, and then turned around. Without pestering Nicole, she directly left her sight. Freya instinctively disliked Jay.

Jack took a look at Nicole and Jay, and then walked to the side of Freya. "You should know how important Nicole is to the Gu family now. The most important thing is to get the shares of the Gu Group."

Raising the glass in his hand, Jack drank it up in one gulp. Then he looked at Freya and reminded her.

With an expression of unwillingness on her face, Freya knew that what Jack said was right. For the safety of the Gu family and for the guarantee of her status in the Gu family, she could only choose to be silent.

"I can't let her act wildly in the Gu family all the time. After the party,

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

Kerr felt guilty for him.

He wanted to make up for what he had done to Jay.

Hearing Kerr's words, Jay curled his lips. Then he naturally wrapped his arms around Kerr's neck and the three of them walked towards the room upstairs of the banquet hall.

Behind them, a figure in the corner saw Kerr and Nicole leaving. When he was about to follow them, he was stopped by Kim. "Sir, I'm sorry. The guests are not allowed to enter this area."

Kim pointed at the notice board beside him.

Behind him was the exclusive activity area of the Gu family, which could not be known by outsiders.

Hearing that, the man nodded and said with a smile, "Dorry, I just want to go to the bathroom."
Unwilling to give up, he took a look at the direction where Kerr and Nicole disappeared and turned to the door of the banquet hall.

Noticing Kerr's leaving, Freya put the glass aside and followed him.

Kim had no right to stop Freya. When he saw her, he could only take a step back and make way for her.

After entering the room of the hotel, Kerr put Jay on the floor. When he saw the figure at the end of the corridor, he smiled slightly and didn't pay much attention to it.

Chapter 397 I Only Like Nicole

"Lucas, Mommy is back." Nicole walked to the crib and took Lucas out of it.

Jay was a good boy. He was so obedient that she even doubted if Lucas was a little autistic, since he didn't cry a lot or make her feel worried.

Lucas, who had been sleeping with his eyes closed just now, opened his eyes naturally after hearing Nicole's voice. He looked at Nicole with a pair of big eyes, smiling calmly.

He reached out his hand and wanted to touch her side face. His skin was as white as snow.

Nicole kissed Lucas gently.

"Have a rest. I'll hug him." As Kerr spoke, he took Lucas from Nicole's arms. But the moment he hug Lucas, the latter closed his eyes directly.

Lucas stopped smiling and became totally different.

"Well, it seems that he doesn't like Daddy!" Jay was giddy with excitement, since he had never noticed it before.

Hearing Jay's words, Kerr looked at Lucas in his arms thoughtfully. He raised his head and looked at the strange look on Nicole's face. Then he sent Lucas back to Nicole's arms.

When Nicole took over Lucas, he opened his eyes again and smiled brightly at her.

"How could it be?" With her eyes wide open, Nicole asked curiously.

Kerr's face darkened. He couldn't believe Lucas's reaction. He reached out his hand and hug Lucas. As expected, Lucas closed his eyes again and wanted to get more sleep.

"Ha-ha, he has a good eye. He knows that mommy is the best!" Jay liked to see Kerr frustrated. After all, Kerr was better than him in everything.

Kerr lost his confidence in front of Nicole. Before Jay came back to Kerr, he could handle many things that Nicole couldn't deal with.

He was used to taking care of Nicole, but now with Kerr, Jay felt that he became less important.

"Tr

she wanted, Freya was a little anxious.

In the room, Kerr sat on the sofa and his eyes fell on the door that was deliberately left unlocked by him. Seeing the hemline of the dress, Kerr had known what happened outside the door.

He looked at Nicole lightly.

"Nicole, have you ever thought about entering the KN Group with me? It belongs to us." Kerr suddenly changed the topic.

Even when Nicole heard this, she was still a little confused. She raised her head and sat next to Kerr with Lucas in her arms. "Why do you think of this all of a sudden?"

She was also a little hesitant. Now that she had two children, she had to consider more things.

"I know what you are thinking about. Lucas has been taken care of by Harrow. I have a good plan for his future. He needs more opportunities. I will arrange everything for him."

Kerr put his hand on Nicole's shoulder, thinking about their future, and deliberately spoke to the people outside.

"Nicole, you should know that I set up the KN Group for you. So the KN Group belongs to the two of us and has nothing to do with anyone." Kerr stressed on purpose.

He just wanted the Gu family to give up.

Chapter 398 Her Shares

"As for the shares of the KN Group, I've already made a distribution. You have thirty percent of the shares. When Jay and Lucas eighteen years old and reach adulthood, each of them will have twenty percent."

Kerr looked at Nicole and said solemnly. Apparently, he had already prepared.

Hearing Kerr's words, Nicole was stunned. She didn't expect that Kerr would distribute the shares of the company in this way. In fact, she had never thought of getting any assets of the Gu family.

"What did you say? Kerr, are you kidding?" Nicole looked at Kerr in surprise, "I'm not with you to get your property. I just want to be with you."

Nicole expressed her attitude. After all, it involved a lot of things. She didn't want Kerr to have different opinions on her like others. ?

"I know you don't need these things, but Nicole, I want everyone to know that you are my woman. No matter what I have, it is yours. We are one."

Kerr held Nicole's hand and looked into her eyes seriously. In Kerr's eyes, what he had was not as important as Nicole, and he also wanted to share everything with her.

Kerr wanted to create a bright future for her.

"I know what you mean, but I really don't care about these things. I know that when I am with you, there are a lot of doubts, and many people even directly say that I come to you for the shares of the Gu Group.

You have never doubted me and protect me every time. I don't expect these things at all. I just want to stay with you without being disturbed by anyone.

Maybe others will care about these things, but in my heart, these things are far less important than you and the child. They can't bring me happiness."

Nicole refused Kerr seriously. She didn't want these things to be an obstacle to her relationship with Kerr.

She wanted pure love.

I boy. If you don't open your eyes and look at me, I will take all your shares away."

Nicole looked at Jay helplessly, but felt very sweet in her heart. Kerr's sincerity, Jay's thoughtfulness, and Lucas's sweetness were all her wealth that others couldn't buy with money.

But no matter what Jay said, Lucas still fell asleep with his eyes closed. He didn't respond to Jay, which greatly disappointed him.

Hiding at the end of the corridor, Freya watched Kerr leave the room, so she went to the door and directly pushed it open.

The loud noise disturbed the people in the room.

Frowning, Nicole looked in the direction of the door. When she saw clearly the appearance of the person coming in, she was not angry, but very depressed.

After all, the appearance of Freya was not a good thing.

"Mrs. Freya? What can I do for you?" Nicole said politely. She had to deal with Freya in the future, and she didn't want to ruin their relationship.

At that time, Kerr would still be in a dilemma.

Freya looked at Harrow and Jay, who was around Nicole. Obviously, the two people in front of her were together with Lucas, which was a little annoying. "I have something to talk with you alone."

Chapter 399 Something That Doesn't Belong To You

Freya knew the importance of Nicole in Kerr's heart. If a man gave all he had to a woman, it was enough to prove the importance of this woman in this man's heart.

As a married woman, no matter what tricks Nicole used to win Kerr's heart, it was Nicole's merit since she would be with him. At least, Freya had never achieved something like that in her whole life.

Seeing that Freya didn't get angry at all but was very calm, Nicole felt a little strange.

Jay was worried that Freya would make trouble for Nicole again, so he stepped forward and was about to speak to Freya, but before he could say anything, he was stopped by Nicole beside him.

"Jay, go out with Auntie Harrow and play for a while. Help Mommy take care of your brother." Nicole stroked Jay's hair, smiled at him.

She knew that these things needed to be solved between them in the end. Although Jay was very sensible, there was something that Jay could not understand at such a young age.

Jay frowned and wanted to refute. He was worried that Freya would bully Nicole, but when he saw Nicole shake her head at him, Jay hesitated.

"Go ahead." Seeing that Jay was still hesitant, Nicole said again.

"I know, Mommy. Daddy and I loves you. Take care of yourself, okay?" Jay exhorted Nicole and said to Freya on purpose.

In order to let Freya know the importance of Nicole in the hearts of him and Kerr, he also hoped that Freya could be threatened.

"Don't worry." Nicole sent Jay and Harrow to the door and closed it.

When she turned around, she saw Freya standing in front of the French window. "Mrs. Freya, what do you want to talk to me alone?" Nicole said politely.

But she had a rough guess in her heart. The only thing that could make Freya so

ions of Jay and Lucas about me, why did you spend some time on considering how Kerr feels when he heard these words?

Or Mrs. Freya doesn't care about what her son thinks of her at all? Mrs. Freya, although I don't know how you took care of Kerr when he was a child, I really feel sorry for Kerr.

He has grown up in a family without any care. I'm glad that he can fall in love with someone. But Mrs. Freya, I hope you won't hurt him again. These things matter to him and me.

We just want to be together. I also hope that Mrs. Freya can let it go, and you will be happier."

This was Nicole's advice to Freya.

"Since you said that you didn't care about the shares, why didn't you hand them over? Don't think that I don't know what kind of company KN Group is. You deceived Kerr and want to take over the Gu Group alone.

Let me tell you, as long as Jack and I are here, you can't be the hostess of the Gu family! Nicole, hand over those things that don't belong to you!"

Freya hated that Nicole educated her like a Virgin Mary. In Freya's eyes, it was ridiculous for Nicole to say that. After all, in this world, only wealth could support everything.

Chapter 400 Nicole, You Dont Deserve It

The reason why Nicole could say that she didn't care about everything in the Gu family was that she had so many shares now.

Seeing that Freya finally revealed her true colors, Nicole breathed a sigh of relief. If really humbled herself to beg her, Nicole might really be softhearted. At that time, she really didn't know what to do.

"Mrs. Freya, this is the real you. I can understand that you want the shares of the Gu Group, but you have to know that the Gu Group has completely gone, so I can do nothing about it."

Nicole didn't want to argue with Freya, nor did she hesitate any more. These things were handed over to her by Kerr. It was a gift from Kerr and she would defend herself.

If what Kerr said was true, Nicole would protect their company and make the KN Group better and better, even if the current situation of the company was not optimistic...

However, no matter how difficult the situation was, Nicole and Kerr would face it together. The current KN Group had a different meaning for the two of them.

"Don't play dumb with me, Nicole. The KN Group is the Gu Group, and it belongs to the Gu family, and you will never take yourself as a member of the Gu family. You don't deserve it!"

Freya stepped forward and stared at Nicole.

The reason why Freya could marry into the Gu family was because of her powerful family background. But as time went by, the Qin family slowly transferred its power out of A City, which was why Freya wanted to fight for the shares in the Gu family so desperately.

Nicole took a step back and said, "I'm sorry, Mrs. Freya. I don't know what's the relationship between the KN Group and the Gu Group. I only know that the company is owned by me and Kerr.

Kerr said that the KN Group has nothing to do with anyone." Nicole refuted Freya with

ng at all. Let me take you to an interesting place, okay?" Jay said lightly, but his tone was serious.

Hearing Jay's words, Nicole thought he was joking, so she didn't want to disappoint him. She nodded, "Of course, how can I refuse your invitation?"

Nicole held Jay's hand and lifted the hemline of her dress with the other hand.

"Okay, let's hit the road!" Jay held Nicole's hand and walked outside.

It was not until they arrived at the entrance of the hotel that Nicole realized that Jay was not joking. Looking at the car parking at the door, it was obvious that Jay had already prepared it beforehand.

"Jay, where are you taking Mommy?" Nicole stopped and asked Jay, lowering her head.

After all, the party was not over yet, and Kerr and Lucas were still in the hotel. When they came out, they did not see Kerr, so she couldn't tell Kerr about it.

If they left like this, Kerr would be anxious.

"Let's get out of here! Is Mommy afraid?" Jay smiled. Apparently, he had planned it for a long time, waiting for Nicole to nod.

Nicole frowned, "But..."

She looked at the direction of the hotel behind her hesitantly.

"Well, Mommy, don't say anything more. It's too late."
