

CEO Daddy 401

Chapter 401 Crying

"You have been with daddy and brother these days. You haven't been with me for a long time."

Jay tilted his head and looked at Nicole with an aggrieved look. It seemed that he was ignored by Nicole these days, which made Jay feel very unhappy.

Nicole touched Jay's hair and said, "So you are complaining that mommy doesn't care much about you?" In fact, Nicole also knew that she had indeed cared less about Jay these days.

So she didn't refuse Jay. Sitting in the car with him, Jay said, "Jay, I hope you understand that even though I'm with your father taking care of your brother, I haven't forgotten you.

Not even a moment. Besides, Mommy's love for you won't decrease a little because of your brother. Your brother was born, so there is only one more person who loves you more in the world.

If daddy and Mommy can't accompany you for a long time, your brother is the closest person in the world to you. You won't feel lonely because of him. Do you understand?"

Nicole didn't want Jay to feel sad.

"I know, Mommy. Don't worry. I know what to do. I just hope that mommy can spend more time with me today," said Jay coquettishly in Nicole's arms

After today, Nicole would really become Kerr's wife, and Jay's words had a deep meaning.

When he saw Kerr's plan from his computer, Jay had made this decision, but it was not the time to let Nicole know.

He wanted to save that surprise when it was a good time to tell Nicole about it.

Nicole left a kiss on Jay's forehead and looked at him dotingly.

"Mommy, aren't you afraid that the old man will be angry when you look at other people's husband kissing like him this?" Jay said with pride.

After all, he was eager to let Kerr see this scene, which

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

d get lost. But he didn't think there would be any accident to Nicole. After all, all the dangerous people were under their watch now.

As expected, as soon as Jared finished his words, there was a knock on the door. Jared went to the door and opened it, and Kim came in with a laptop in his hand.

"Sir, I checked all the surveillance videos. Mrs. Nicole wasn't taken away by Mrs. Freya. After Mrs. Freya left," said Kim, putting the computer in front of Kerr.

"Mrs. Nicole and Jay left the hotel together." Kim tried to locate Jay, but failed.

Kerr looked at the computer screen in front of him and clearly saw the smiles on Nicole and Jay's faces. Obviously, they left voluntarily and seemed to be in a good mood.

Even before Jay left the hotel, he turned his head to the surveillance camera and made a face at it, as if he had already known that Kerr would see this scene.

"Locate Jay." Kerr knew that Nicole's leaving had nothing to do with Freya. Perhaps it was a trick played by Jay.

Hearing Kerr's words, Kim's face darkened. "Sir, I've tried, but failed. It seems that Jay doesn't want us to find him and Mrs. Nicole on purpose."

Chapter 402 Ruin His Plan

Hearing this, Jared became anxious. He stepped forward and looked at Kerr worriedly, "Sir, if we can't find Mrs. Nicole and Jay today, shall we postpone the plan tomorrow?"

Kerr had prepared this plan for a long time. If Nicole really missed it, it would be a pity.

Therefore, if he couldn't find Nicole, Jared would inform Ken to postpone it.

Kerr stood up from the sofa and gave Jared a meaningful look, "Go on as usual!" Kerr didn't want to wait any longer.

He didn't want to change his mind. He had been waiting for this moment for a long time.

After saying that, Kerr walked out of his room and drove on the road. Unexpectedly, he had no clue at all. It had never occurred to him that Jay would do something like that before, and he had been too busy these days.

He completely ignored Jay's little trick and let him take away Nicole directly.

The phone rang. Kerr looked at the number on the screen and pressed the micro earphone in his ear, "Say it."

Noticing Kerr's displeasure, Jared asked, "Sir, I just thought that maybe Jay had found out your plan and took away Mrs. Nicole on purpose."

Jay had been trying to frustrate Kerr, and Jared thought that it was not a coincident that Nicole was taken away at this critical moment.

Hearing Jared's words, Kerr's knitted brows gradually relaxed. If that was the case, he could probably guess what Jay wanted to do. "Go to prepare for tomorrow's plan. Everything goes on as usual."

Kerr hung up the phone. Although Jay had been against him all the time, Kerr knew that Jay was a smart and sensible kid. If Jay knew his plan, he would definitely send Nicole to the designated place before tomorrow.

On the sea.

A light pink cruise was sailing on the blue sea. The light pink was in sharp contrast

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

s, the expression on Avery's face suddenly froze, and she was even a little at a loss. She turned her face away, because she didn't want Jay to see the unnatural expression on her face.

"Don't talk nonsense. I don't think about anyone else. It seems that you are not good at mind-reading at all." Avery denied the panic in her heart. Was she really a loser?

Even a child could see her disappointment.

Perhaps, even Avery herself did not realize that Zachary was far more important than she had imagined in her heart.

Seeing Avery's expression, Jay didn't overthink it, nor did he ask. He was even more sure about his guess.

Standing beside her, Jay kept silent and did not bother her.

In the cabin.

When Nicole opened her eyes, she saw herself in an environment with pure white decoration and the bed was slightly shaking. She sat up and saw that she had changed into a white pajama.

She remembered clearly that she was still at the banquet, wearing a formal dress, but now... Thinking of this, Nicole was shocked and tried to recall what happened before she passed out.

She tried to calm herself down. Fortunately, she didn't feel anything wrong with her body.

Chapter 403 Marriage Is A Shackle

Nicole got out of bed and look at the empty room. Then she remembered that there was no Jay around, which frightened her.

She walked carefully to the door and opened it. When she was about to go out, the cruise ship vibrated. She lost her balance and suddenly leaned against the wall behind her.

Nicole immediately realized that she was not on the land. She was in a hurry to find Jay, so she walked out without hesitation.

"Jay?" Nicole called Jay's name, regardless of the danger.

If she was caught by the enemy, she couldn't escape easily, so there was no need to worry about what would happen.

Hearing the voice of Nicole, Avery, who was standing on the deck, turned around with a smile at the corners of her mouth. "You finally wake up." Avery changed her expression and stopped woolgathering.

As for all the things about Jay, Avery just wanted to pretend not to have heard them. After all, up to now, Avery didn't even know where Zachary was.

"Avery? Why are you here? " At the sight of Avery, Nicole finally felt relieved. No matter what, it was safe here as long as Avery was here.

Turning around, Nicole still didn't see Jay, so she asked, "Avery, did you see Jay?" Nicole was a little worried about Jay.

Looking at the worried look on Nicole's face and then at Jay who just walked out of the cabin, Avery pointed at the back of Nicole.

"Mommy!" Jay's clear and loud voice came from behind Nicole.

Nicole turned around and looked into Jay's eyes. Seeing Jay running towards her, she bent down naturally and picked him up.

"Where have you been? Where are we?" Nicole was confused, but she was not that nervous when she saw that Jay and Avery were both relaxed.

Jay stuck

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

ts of him. She didn't find that he was really not that annoying before.

With a smile, Nicole said, "it seems that I have to thank Zachary for his kindness, but I don't care about it. Now I have given birth to two children for Kerr and will soon enter the Gu family."

These things are no longer obstacles. If the Gu family has any scruples, I have no choice. I just want to be myself." She was very frank, but she was very grateful.

Avery nodded and didn't say anything. She had been mentioned about Zachary twice, and now she missed him even more.

Seeing Avery's expression, Jay put his hand in front of his mouth and whispered something in Nicole's ear with a complacent smile on his face.

"Really? How do you know?" Hearing Jay's words, Nicole was overjoyed.

Obviously, she was surprised, but she was very happy.

Jay patted himself on the chest and then raised his face to Nicole.

"It's a secret." Jay didn't tell Nicole that he had kept in touch with Zachary since he left, and no one knew where he was.

Only Jay knew it.

Nicole shook her head helplessly. Jay could always give her some unexpected surprises.

Chapter 404 No Time To Explain

Nicole pinched Jay's nose and took him back to the cabin.

"Are you sure not to remind Avery in advance? What if she passes out because of fear?" Nicole sat on the sofa, half joking.

Jay got down from Nicole and shook his head, "No, she won't. Avery is as bold as mommy." Jay was quite confident in Avery.

"Do you want to tell me why I fell asleep for no reason?" To be exact, Nicole passed out directly. She clearly remembered that in the car, Jay handed her a bottle of water.

Nicole frowned. She didn't want to associate this with Jay, but the fact was clear.

Nicole poured a glass of water for Nicole again and handed it to her with a flattering look. "Mommy, drink some water!" He handed the cup to her.

Squatting down, Jay stretched out his little hand and gently massage Nicole's legs with a smile, making her not have the heart to blame him at all.

However, Nicole did not think it was a small matter. "Jay, I hope you can think about the consequences of this matter before you do anything.

Besides, don't hurt others at any time." Nicole knew that after Jay returned to Kerr, he would no longer be an ordinary child.

She was worried that the change in family background would make Jay different from before.

She was also worried that Jay would learn something bad.

Jay nodded seriously, "I know, Mommy. Uncle Zachary will be here in an hour. I'm sure Avery will be very happy." Jay changed the topic.

The corners of Nicole's mouth rose slightly. She already had two children, and she also wanted Avery to get married and have children. This might be the best arrangement.

"Give me your phone. I'll call your daddy. He be worried if he can"

Avery didn't want Zachary to leave her again.

Hearing Avery's voice, Zachary didn't want to hear any refusal. He let go of her and kissed her directly, so passionately expressing his longing in his heart.

For the first time, Avery didn't resist at all.

At the moment when Zachary kissed Avery, Nicole put her hand in front of Jay, preventing him from seeing this.

Jay was a little helpless, but he didn't take it away.

The propeller of the helicopter was still spinning beside his ear. Jay frowned. Since Zachary had arrived, the helicopter should have left directly.

But now it didn't.

Getting rid of Nicole's hand, Jay looked directly at the helicopter.

Noticing Jay's action, Nicole lowered her head and saw that he was looking at the helicopter. Following his gaze, Nicole also raised her head.

Then a tall figure appeared in front of her.

However, the man's face was cold with obvious displeasure. Nicole couldn't help smiling. She could even feel his anger from such a distance.

Kerr, who was standing at the door of the cabin, saw the smiling woman at a glance. He felt relieved.

Chapter 405 Our Wedding

Both Kerr and Nicole were happy, but there was only one person who was disappointed. Looking at Kerr who suddenly appeared, Jay's face darkened. He didn't expect that Kerr would appear.

In this way, his plan of escape completely failed.

Following the rope, Kerr landed on the deck steadily. The helicopter didn't leave until Kerr was on the cruise.

With steady steps, Kerr walked up to Nicole, stretched out his arms and wrapped them around her waist. Suddenly, he tightened his grip, making her get close to him.

"Where do you want to escape?" Kerr didn't care who wanted to take away Nicole. He only knew that no one could ever do that. Nicole belonged to him only.

With a faint smile, she asked, "Why should I escape?" From the moment when she was determined to love Kerr, she had never thought of leaving him.

It was true that she loved him. She wouldn't hide her feelings.

Jay fold his arms In front of his chest and looked at Kerr with dissatisfaction.

He then turned around and looked at Zachary. He walked to him and removed his hand from Avery.

"Why did you betray me?" Jay knew that Kerr wouldn't have found them if Zachary hadn't told Kerr their location and brought him here.

There was no mistake in his plan, but Zachary was the one to blame.

When Avery heard Jay's voice, she realized that there was someone else beside her. She lowered her head and blushed, covering her shyness. In fact, she was also surprised just now.

She kept thinking about Zachary, and he really appeared in front of her.

Avery was overjoyed.

"I didn't betray you." Zachary was much more natural than Avery. He said calmly, reached out his hand and held her in his arms, hiding her flushed face in his arms.

Avery's reaction made Zachary

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

shoulders and said, "Nicole, I've told you that I want everyone know that you are my wife. Although we had a wedding, it's not perfect for me.

This time, I want to give you a wedding that belongs to you. Nicole, I owe you." Kerr felt very guilty.

After all, wedding was an important way of expressing his love for her. Although she had never mentioned it, it did not mean that he could ignore it.

There was no woman who didn't care about her wedding. She could make a promise to her beloved in her life at the wedding. It was a ceremony, and also a promise.

Hearing Nicole's words, Nicole looked surprised. Apparently, she thought that the wedding was over.

"Wedding? Do you mean that you have prepared our wedding?" With expectation in her eyes, Nicole looked at Kerr with obvious admiration.

She knew that Kerr had always been very thoughtful, but the wedding had already been held. Nicole thought that everything had been settled, and they would only have a simple and peaceful life. Now it seemed that as long as they chose the right person, every day would be meaningful.

Kerr stroked Nicole's hair, "If you knew it in advance, would there be no surprise?"

Chapter 406 Want To Be Mrs. Lin

Kerr had planned to tell Nicole before the wedding, but he had to tell her in advance because of Jay's interruption, so as not to be taken away by him again secretly.

He knew that Nicole wouldn't guard against Jay.

Nicole shook her head and said, "No. I can't guess what the wedding will look like. Kerr, do you really want to spend the rest of your life with me? There will be a long time in the future.

Don't you think that you might have a better choice?" Even though she knew in her heart that the reason why Kerr did so was because he was sure of her, she still wanted to hear it from Kerr himself.

"No one is better than you for me. Nicole, I dare not say that I have been in love with you since the moment I met you, but please believe that I don't want to meet anyone else after we are together."

Kerr kissed her forehead. If it was Nicole, then Kerr was willing to say those sweet words to her for the rest of his life.

Nicole stood on tiptoe and gave him a light kiss on his thin lips. "Kerr, I love you."

The happiness in her eyes could not be concealed. She really felt that it must be a great gift from God, otherwise how could she be so lucky to meet Kerr?

Standing behind Kerr and Nicole, Jay could only sigh. Although he knew that women were easily cheated by such sweet words, he might be relieved if the one who did it was his biological father.

Feeling the gaze from behind, Kerr turned his head and calmly looked at Jay, without any blame in his eyes.

But Jay felt a little guilty and immediately hid in the room.

Kerr didn't say anything more. Because of Jay's disturbance, Kerr had to temporarily change his plan and ordered the captain of the ship to drive directly to the island.

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

said, "No!" He frowned slightly.

Zachary was a little confused. He looked at her with obvious inquiry, "What's wrong?"

Avery blushed with shyness, "My waist sore..." As soon as she finished her words, her cheeks seemed to be burning with fire.

She buried her face in his arms and didn't dare to look into his loving eyes.

Knowing that she was shy, Zachary let out a grin and stopped. He kissed her on the cheek and held her in his arms.

Avery breathed a sigh of relief, but when she just relaxed a little, she heard a knock on the door.

"Mother! We are about to get off the boat!" Jay's clear voice came from outside.

Although Avery knew that Zachary had locked the door, she was still shocked and hugged him involuntarily.

Looking at the little woman who seemed to be threatened in his arms, Zachary really had an impulse to get up and throw Jay out of the ship directly.

"Mother! What are you doing? Why don't you talk to me?" Jay sat at the door, banging the door with his little hands leisurely. He pin all the blame on Zachary.

Kerr was with Nicole, while Zachary and Avery were hiding in the room, leaving him alone.

Chapter 407 Run Away From The Wedding

Jay had been happy to escape, but now he was so disappointed.

How could he let go of Zachary?

There was a snicker at the corners of his mouth. Jay could even imagine that Zachary should be angry at this time.

"Got it!" Zachary said in a gloomy voice.

He stood up, took Avery's clothes and put them on her one by one.

"What the hell are you doing? Why do I feel that there seems to be some secrets between you and the Gu family?" Avery clearly felt that Zachary's arrival today must have something to do with Kerr and Jay.

Looking at the serious look on Avery's face, Zachary felt that she was very cute, so he didn't intend to hide it from her any more. "You should know that Jay wants to destroy Kerr's plan, but do you know what the plan is?"

He guessed that Jay would not tell Avery.

As expected, Avery shook her head and said, "Jay just told me that Kerr had prepared a surprise for Nicole, but he didn't tell me what it was."

"It's the wedding of Kerr and Nicole. Kerr has been preparing for it for a long time, just tomorrow. I didn't expect that Jay would run away with you and Nicole today." When Zachary heard Jay's plan...

He knew that Jay would not succeed.

Avery opened her eyes wide and didn't raise her hand to cover her mouth. Obviously, she didn't expect that she and Nicole almost ran away from the wedding. If Kerr knew it, she would be in big trouble.

No wonder Jay wanted to get her involved in this matter. She shook her head helplessly.

"Stay away from that brat. I'm afraid he'll mislead you." Zachary really couldn't do anything to Jay. He couldn't scold or fight him, nor could he stop Jay from making trouble.

He began to worry that if his child with Avery would be as mischievous as Jay, he would have trouble.

"I heard you speak ill of me." Jay heard it clearly

Harley nodded.

"And..." With an unnatural smile, Harley put her hand to his mouth and coughed.

Nicole felt a little strange.

"Well, in fact, I didn't mean to do that. But when Lisa asked, I told her about the wedding." With a guilty conscience, Harley looked at Kerr. Kerr once said that...

He wouldn't invite Ben, but since Harley accidentally told Lisa about the wedding, of course Ben would know about it.

In fact, he didn't know why Kerr didn't invite Ben.

Kerr's eyes darkened. He always felt that Ben was not a simple man at all. The last audio file was sent by Ben, indicating that Ben had been paying attention to his life all the time.

If it was just a business cooperation, Ben didn't need to spend so much time on him.

So Kerr thought it was better to do less than to do more. Normally, Kerr didn't care about it, but he didn't want anything unexpected to happen to the wedding.

Nicole turned to look at Kerr, who was lost in thought. "You didn't invite the Xue family, did you?" She knew Kerr well, so when she saw his expression...

She already knew what he was thinking.

"It doesn't matter. Even if Daddy didn't invite uncle Ben, I have invited Callie." Jay said with a smile.

Chapter 408 Fate And Tragedy

In fact, this was also Jay's temporary decision. If he succeeded in escaping with Nicole, he would not invite the Xue family, but when Kerr and Zachary appeared together...

Jay knew that his escape plan failed, so he sent an e-mail to Callie when Kerr and Nicole were together.

Hearing Jay's words, everyone turned their eyes to the father and son, who were looking at each other.

Nicole wanted to say something, but no matter what she said now, it seemed to be inappropriate.

Perhaps this father and son were born to be like that.

However, Kerr just glanced at Jay lightly. Obviously, he didn't take Jay's provocation seriously. Holding Nicole's hand, Kerr walked into the villa.

Ken looked at Harley, shrugged his shoulders to show his helplessness, and then followed Kerr back to the villa.

When they sat down in the villa.

Only then did Zachary Lin come in with Avery.

"Wow, it seems that we have a lot of good news today!" Looking at the expressions of Zachary and Avery, Ken had already known what had happened between the two.

There was a snicker on Ken's face. In fact, although he said so, he was envious in his heart. After all, people around him were here with their partners, but the relationship between him and Bonnie was not that simple.

"What is the good news? When are you going to marry my sister?" Nicole knew that although Bonnie was still young, she had experienced a lot with Ken.

It was not easy to have such a relationship. Nicole didn't want Bonnie and Ken to go through the pain of love again. If they could settle down earlier, maybe she could rest assured.

However, when Ken heard what Nicole said, he looked at Bonnie with embarrassment. Then he raised his hand to his mouth and coughed, "Bonnie is still young. I'm not in a hurry."

Seeing the disappointment in Bonnie's

To take her revenge, she married the man, and used him.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

e two could only use video chatting to communicate with each other, which made Harley feel very dissatisfied.

The screen made Harley feel unreal. Only when he held Harley in his arms did he feel warm.

Seeing the happy look on Harley's face, Lisa was satisfied. She went to great pain to come here in advance, and it was worth it.

"Am I not welcomed here? I haven't got the wedding invitation yet." Lisa took a meaningful look at Kerr sitting on the sofa and observed his expression.

It seemed that Kerr was not surprised at her arrival, but Nicole was a little surprised.

"Welcome, Miss Lisa. I'm very happy that you can attend my wedding." Nicole stood up and expressed her thanks gracefully.

At first, she didn't hate Lisa, and she didn't know why Kerr disliked the Xue family so much.

Lisa nodded and looked away.

"I don't know who said that it is a good idea the girls have a bachelorette party. I don't know if that person regretted or not now. Should we leave now?" Ken stood up.

Anyhow, both Bonnie and Nicole had made up their minds and the party would be held tonight, and he no longer had any fantasy.

There was only Lisa in Harley's eyes, and he didn't care about what Ken said at all.

Chapter 409 Bachelorette Party

"Lisa, come with me. I have something to tell you." Holding Lisa's hand, Harley was about to walk outside.

He only wanted to be with Lisa now.

But he had to keep his words.

With a snicker on his face, Ken quickly walked up to Harley and stopped him. "Since you proposed the bachelorette party, of course you have to fulfill my promise."

Standing in front of Harley, Ken raised his eyebrows at Kerr who was standing behind Harley.

Hearing that, Harley was speechless. It was not until now that he remembered what he had said. He could not help but feel regret in his heart. "Maybe next time." He didn't let Lisa go. After all, it was rare for him to be with her.

Hearing that, Lisa just smiled faintly.

"No way! How many more weddings do you think Kerr will have? Only this time. You are a man. Don't be so indecisive." Ken stepped forward and put his arm around Harley's shoulder.

Then he dragged Harley towards the door.

"Lisa!" With unwillingness on his face, Harley turned around and looked at Lisa, who was standing still.

Kerr kissed Nicole's forehead gently and said, "Mrs. Nicole, cherish your last time of being single." Kerr knew that they still had a long time to be together.

Moreover, since Nicole was with him, she had to take care of Jay and Lucas. It was rare for her to have such a carefree time alone. He hoped that Nicole could be happy.

Even if they got married, Kerr didn't want marriage to be a tool to bind Nicole.

Nicole smiled, "Mr. Gu, I hope there won't be any strippers on your bachelor night." Half-jokingly, Nicole let go of Kerr's hand.

She knew how much Kerr loved her and how much he spoiled her, so she stayed with him without regret and bravely faced everything with him.

It seem

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

Isn't help smiling. When she was about to speak, the door of the villa was opened from the outside.

Everyone was curious who would appear at this time. Those men had already left.

Jared, who was standing at the door, looked into everyone's eyes and could not help feeling stressed. But since Kerr had given the order, he had to do it.

Walking directly to Nicole, Jared nodded at her, "Mrs. Nicole, Mr. Kerr asked me to take the Jay and Lucas back. Mr. Kerr said that since it's your bachelorette party, you should let all the men around you leave, so that you can have fun tonight."

Jared said, fixing his eyes on Jay and Lucas.

Lucas was not a problem since he was still young.

Reaching out his hand, Jared took Lucas from Harrow.

Seeing that Nicole didn't object, Harrow released her hand and gave Lucas to him.

But Jay had already run two meters away from Jared.

"I don't want to leave. I want to be with mommy." Jay would not be so stupid as to walk into Kerr's trap.

After all, he almost escape with Nicole in the daytime. Kerr wouldn't let him go easily now.

Nicole spread out her hands, "You have to deal with him yourself, Jared."

Chapter 410 Give Up Struggling

Nicole wouldn't abandon Jay, and he was just a child. Even if he stayed here, it was not a problem. Nicole knew that Kerr was just finding an excuse to let Jay leave here.

Jared looked at Jay, who was on guard, and bent over to him. "Jay, I'm sorry." After Jared finished his words, Jay felt his body was lifted up before he could react.

"Ah!" Jay screamed and struggled desperately, but in the end, he was just a child, unable to break free from Jared's grip at all.

Jay didn't even know when he came behind him. It seemed that he really needed to work out.

Jay made up his mind.

If he didn't make himself stronger, how could he protect Nicole and Lucas?

Seeing Jay struggling and resisting, Nicole was a little worried. After all, she knew that Jay was stubborn and Kerr was strict with Jay. "Jay..."

"Don't worry, Mrs. Nicole. Mr. Kerr said he knew what he should do." Looking at Nicole's worried face, Jared told her what Kerr said to reassure her.

Kerr had expected this, so Jared didn't feel strange at all.

"Mommy!" Jay pretended to be pitiful and looked at Nicole with his big eyes. He stretched out his hand and wanted Nicole to take him back.

But before Jay could finish his words, he had already been taken away. The door of the villa was closed again, and this time it was completely quiet.

Nicole breathed a sigh of relief and sat on the sofa.

"OK, I'm going to open the wine!" Avery stood up and walked towards the wine cabinet.

"Let me help you!" With the presence of Lisa, Harrow felt a little uncomfortable, so she followed Avery.

Nicole just glanced at the back of Avery lightly and didn't overthink this. When she felt Lisa's gaze, Nicole |

a good day. How can we not have some wine?" Avery put the bottle on the tea table, walked to the sound equipment and turned on the music.

"When did you and Zachary get together?" Nicole changed the topic, because she had never thought about the possibility that she would regret getting married.

Those so-called insecurity were all because they didn't love each other deeply.

As for Nicole, she never doubted Kerr's love for her. Kerr was willing to give up everything for her. It was enough for Nicole to be with him.

Hearing Lisa's words, Nicole had already known her answer and stopped asking.

The phone in Lisa's pocket rang. She looked at the number on the screen and stood up. "Sorry, I have to answer the phone." Then she left.

Looking at the back of Lisa, Bonnie couldn't help frowning, "Nicole, who is she?" Not knowing if it was her illusion, Bonnie always felt that Lisa was dissatisfied with her.

"She is Harley's girlfriend." Indeed, in Nicole's mind, Lisa was just Harley's girlfriend.

Bonnie was relieved. She picked up the glass on the table, handed it to Nicole, and picked up a glass herself.
