Chapter 411 My Dear Sister

Bonnie smiled at Nicole. "Sister, wish you a happy marriage!" Bonnie put the glass in front of her.

Looking at the smile on Nicole's face, Bonnie had a different feeling.

"Thank you, Bonnie. I'm glad to have you by my side. I also hope that you and Ken can have a good result. But you're still young, so we're not in a hurry."

Nicole had noticed that there was something wrong between Bonnie and Ken, but there were many people around them, so she couldn't ask. In fact, she could guess the general situation.

Although the Qin family was not as powerful as the Gu family, it was quite famous in A city. It was not easy for Bonnie to marry into the Qin family. Nicole sympathized with her.

Hearing Nicole's blessing, Bonnie only felt bitter in her heart, and even felt that Nicole was satirizing her. Now Bonnie had lost everything, and even her surname 'Ning' didn't belong to her.

"Thank you, Nicole. I know you are always my good sister." Bonnie said lightly, but there was obvious hatred in her eyes.

Nicole didn't notice that, so she raised her hand and took a sip of the red wine in the glass. Since Nicole was with Kerr, she rarely had the chance to drink, so she could only drink a little now.

She took a sip and held the glass in her hand.

"What's the point of drinking like that? Now we just want to enjoy our single life as much as possible. Who knows if there will be such a chance in the future?"

Avery said excitedly, as if she was going to get drunk.

"What do you think? Can't we see each other again?" Nicole was half-joking. She also knew Avery's personality. She felt lucky that these people were with her, which made her feel warm even though she was an orphan.

In fact, she often thought that if her parents were still alive and t

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

? What were you talking about just now?"

Taking a step forward, Harrow knew that there was a secret hidden in Lisa. She didn't want Harley to choose the wrong person, so she must know what Lisa was doing behind them.

"Who are you? What's your purpose?" Harrow said warily.

"Harrow, is it because of Harley that you are hostile to me?" Lisa smiled lightly. One couldn't hide their love for someone, even though Harrow had been hiding her feelings for Harley...

Even when Harley was present, Harrow restrained herself from looking at him, Harley was his girlfriend, so she could keenly feel Harrow's buried emotions.

But before today, Lisa had never thought of exposing this secret.

"Don't talk nonsense!" Harrow's eyes widened. No one knew about it. Now that Harley had a girlfriend, Harrow planned to keep this secret in her heart forever.

She wouldn't let anyone know about it. If Harley knew, they wouldn't even be friends in the future.

Seeing the nervous look on Harrow's face, Lisa smiled and said, "Don't be so nervous. I won't tell these things to Harley, but I also hope that you can forget what you shouldn't have heard."

Lisa just wanted to shut her up.

Chapter 412 Getting Drunk

Lisa knew what was on Harley's mind, and that he only had her in his heart. The existence of Harrow was no threat to Lisa, and that was why she had never thought of saying it out.

Hearing Lisa's words, Harrow breathed a sigh of relief. But anyway, she couldn't let Harley know. Even though she was not around him anymore, it didn't mean that Harley was not important to her.

"Lisa, I can pretend nothing happened today, but I advise you not plot against Nicole. Otherwise, Kerr won't let you go. This wedding is a certainty."

After saying that, Harrow turned around and went back to the living room, but kept silent.

Seeing that Harrow left, Lisa breathed a sigh of relief. This secret would really cause a lot of trouble if it was leaked before Ben wanted to expose it to the public.

If Ben knew that it was her who accidentally revealed the secret, he would not let her go.

After taking a deep breath, Lisa walked to the living room.

Seeing that Nicole and Avery were leaning against the sofa and apparently a little drunk, Lisa couldn't help but feel helpless. She just went to answer a phone call, but why did they drink like this?

"Nicole, we have said before that we would be very happy in the future. Although the process is a little tortuous, I am really happy that you can find your true love."

With a glass in her hand and an empty bottle in front of her, Avery held Nicole's arm and couldn't speak clearly.

Obviously, Nicole was not sober at all. No matter what Avery said, she just nodded.

Standing in front of the two people, Lisa took a look at Bonnie, who was bending over the armrest of the sofa, and sat next to Avery, holding a glass of wine and sipping it.

She smiled.

"Eh? Lisa, you're back. Come on, let's drink together. I tell you, I think yo

the guards and servants in the villa, so that Nicole could have a god time. Now, only the four of them were left in the big villa.

"Bonnie, are you crazy?" Harrow finally understood why Lisa looked at her like that just now. It turned out that Lisa had noticed something wrong with Bonnie before everyone could find it.

"Nicole has been so kind to you. How could you return kindness with enmity?" Harrow couldn't figure it out. She grabbed the lighter with all her strength and didn't dare to let it go for a moment.

"Returning kindness with ingratitude? Ha-ha!"

Hearing what Harrow said, Bonnie's laughter was full of irony, as if she had heard a joke.

"Or what? Do you think your mother would still live in this world if Nicole hadn't interceded for you? Why did you do that?"

Harrow questioned Bonnie. Harrow had planned to remind Bonnie of Nicole's kindness, but she didn't expect that these words just irritated Bonnie more.

"Ah!" Bonnie shouted and threw the lighter on the ground.

The fire followed the lighter and directly lit the red wine on the ground. In the blink of an eye, the carpet was burning.

"Ha-ha-ha!"

Bonnie laughed, but she didn't sound happy at all.

Chapter 413 The Fire Is Spreading

"Why did you do that?" Nicole stood up from the sofa and looked at Bonnie in disbelief.

When Nicole drank with Avery just now, she had already felt that something was wrong with, but she didn't show it. She just wanted to know what Bonnie wanted to do.

Now seeing what she had done, there was obvious disappointment in Nicole's eyes.

Hearing what Nicole said, Bonnie looked at her in surprise. Apparently, she didn't expect that Nicole was still awake.

"How is that possible?" Bonnie asked Nicole.

With a cold face, Nicole took a look at Harrow, who had been holding Bonnie's arm, and said, "Let her go."

Seeing Bonnie, Harrow was a little worried, but she still let go of her as Nicole said.

"Why did you do that? Bonnie, are your wishes for me fake?" Nicole couldn't believe her eyes. She had never expected that Bonnie would become like this.

In the past, she always thought that even if she and Bonnie were not related by blood, she would let Leila go for the sake of Bonnie since they had been growing up together since childhood.

But in the end, such a result came, which only made Nicole feel disappointed.

"Nicole, you have everything now, but I have nothing. Why are you still pretending to be a holy being here?" Bonnie questioned Nicole loudly.

The fire on the ground had spread to the edge of the sofa gradually.

"Don't say that much. Let's talk about it when we get out of here alive." Lisa stood up from the sofa and frowned when she saw the fire in front of her.

Edging her way through the fire, Lisa walked towards the door of the villa.

"Get out? Don't even think about it. Everything happened today was caused by Nicole. If anything happens to you, you will only be buried with her. If you have revenge or complaints in the futur

didn't respond to Nicole. She also knew that the hanging lamp fell just now and might hurt Lisa. She also knew that it was impossible for Lisa to go up to the second floor with them now.

If they left now, maybe Lisa would be really burned in the flames.

When Harrow spoke, she loosened her grip on Bonnie's wrist subconsciously.

However, Bonnie seized the opportunity and broke free from the control of Harrow. She then rose to her feet and ran upstairs.

Hearing the voice of Harrow, Nicole turned around and saw Bonnie's receding figure. Without thinking too much, she carried Avery and walked towards Harrow.

She stopped at the foot of the stairs and handed Avery to Harrow. "Please help me take her out." Said Nicole sincerely.

Hearing what Nicole said, Harrow couldn't help but feel surprised. "Nicole, don't you leave with us?"

Maybe it was because the wine spread across the floor that the fire developed very fast.

In just a few minutes, it had spread to the whole living room. If it went on like this, it would soon spread to the whole floor.

"Lisa is still here. I can't leave her alone. Take Avery out and inform Kerr!" Nicole was very worried about Lisa.

Chapter 414 Sudden Death

After all, it was because of her that Lisa came here.

She had the responsibility and obligation to ensure the safety of Lisa.

Seeing the expression on Nicole's face, Harrow wanted to persuade her to leave with her. After all, Nicole had helped her, but when she was about to speak, she felt a strong smell of smoke.

Since she couldn't say a word, she had no choice but to carry Avery up the stairs.

Seeing that Harrow left with Avery, Nicole turned around and was about to call out Lisa's name, but was overwhelmed by an oncoming heat wave.

Nicole fell to the ground and covered her face with her arms.

With her hands on the ground, Nicole couldn't see the direction in front of her clearly and didn't know how to find Lisa.

She glanced around and saw the bathroom on the first floor of the villa. She covered her mouth and nose with her sleeves and then crawled towards the bathroom.

"Ahem!" Even though she avoided the smoke in the air, she still felt as if a knife was scratching her throat.

She wanted to speed up, but she gradually lost all her strength.

Thinking that Lisa was still missing, Nicole finally climbed into the bathroom. She had only one faith in herself. She turned on the tap and reached for the bath towel on the wall cabinet.

Immediately, she soaked the bath towel with water. Then she picked up a towel and covered her mouth and nose with cold water. Looking at the thick smoke outside, she was a little scared.

But she didn't hesitate at all.

She stretched out her hand and pushed the bathroom door open. Then she fumbled in the direction of the villa door.

Harrow took Avery to the balcony on the second floor. The window of the balcony had been opened by Bonnie, who was standing beside it, looking nervous.

"Why did you do that?" A

eryone know her feelings for Harley now? All of a sudden, there was an unspeakable sadness in Harrow's heart.

The secret that had been hidden in her heart was actually spoken out directly. It seemed that it was worthless for her to hide it in the first place.

"Only you know whether I'm talking nonsense or not. By the way, do you know how I know? It was Nicole who told me!"

Bonnie deliberately sow discords between Harrow and Nicole. She needed to get Harrow involved in this mass, which was the best for her.

"What did you say?" At that moment, the anger in Harrow's heart was ignited. She had warned Nicole not to tell anyone about it, but it was still known by Bonnie.

She felt that she had been cheated.

With a faint smile, Bonnie didn't say anything, just waiting for Harrow to make a decision.

In another villa.

Kerr sat on the sofa with a glass of red wine in his hand. His eyes were fixed on the dark red liquid, but he didn't look relaxed at all.

He always had a bad feeling.

"Bridegroom, what are you thinking about? I didn't expect that you and Nicole would really get married today, and that you are the first one to get married among us." Ken sat beside Kerr.

Chapter 415 Not Going Back Home

Ken put his hand on Kerr's shoulder and tilted his head to look at Kerr's side face.

"Not bad. You can get married at any time if you want." Kerr knew that Ken cared about Bonnie, but he also knew that there were many obstacles between in their relationship.

As expected, when Ken heard Kerr's words, the light in his eyes gradually disappeared. He let go of Kerr, picked up the glass in his hand, drank up the red wine, and then muttered to himself.

"To tell you the truth, I know very well that maybe the relationship between Bonnie and me will not have a good ending."

This kind of feeling had been lingering in Ken's heart since the identity of Bonnie was exposed. It was just because Ken was reluctant to leave her like that, so he still pretended as if nothing had happened.

Maybe he was still expecting a different ending.

"What do you mean? What happened between you and Bonnie?" With a curious look at Ken, Harley was thinking about whether to propose to Lisa as soon as possible.

He loved Lisa. If marriage was the best promise to a relationship, he was willing to give it to her.

Hearing that, Ken didn't answer but shook his head.

Zachary, who had been silent all the time, just looked at the glass in his hand and thought of his little woman.

"You don't want to go back to the Gu family?" Looking at Zachary's expression, Kerr knew that Zachary was very satisfied now, but when the Gu family was in turmoil, Zachary had never stood by.

So even if Zachary didn't plan to go back to the Gu family, Kerr was going to give him a big gift.

Zachary shook his head, put down the glass in his hand, turned to look at Kerr and said, "You are happy now not because you have got the Gu Group, aren't you?"

Everything of Gu family means nothing to me. I don't care. You don't need to test me w

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

King her head, Bonnie didn't dare to take a step forward.

"Hurry up!" Kerr said seriously. Because the window was very small, Kerr didn't know if Nicole and the others were behind Bonnie. If that was the case, her delay would only make Nicole and the others more dangerous.

As nervous as Kerr was, Zachary and Harley couldn't wait any longer. Zachary turned around and walked towards the other side of the villa.

Without noticing Zachary's leaving, Harley only paid attention to the back of Bonnie and didn't see Lisa behind her.

"Ah!"

Hearing Kerr's harsh voice, Bonnie was startled. Her legs became weak, and she fell down from the platform on the second floor of the villa and screamed loudly.

Seeing Bonnie, Ken held her tightly.

"Are you okay? Did you get hurt?" Ken looked at her nervously.

Stretching out her arms, Bonnie just held Ken's neck and sobbed in a low voice. Apparently, she was frightened and didn't answer him at all.

"Say something. Is Nicole also on the second floor?" Looking at the window, Kerr didn't see Nicole. He knew that when the fire broke out, they might escape from different directions.

But Kerr wanted to find some clues, which could also shorten the time.

Chapter 416 find

Kerr wanted to save Nicole as soon as possible.

But Bonnie could say nothing but cry.

"It's okay. It's okay. Bonnie, you are safe now. Nicole and others haven't come out yet. Do you know where they are?" Ken asked anxiously.

If something really happened to Nicole at this time, Ken couldn't imagine what would happen to Kerr.

Bonnie shook her head and said, "I don't know. I know nothing."

Seeing that, Kerr gave up asking. Looking at the platform on the second floor, he jumped hard and grabbed the handrail on the platform.

Then he quickly went up to the second floor of the villa.

"Sir!" Jared looked at him worriedly. When he was about to follow Kerr, Ken stopped him.

"Jared, take care of Bonnie. I'll go." Ken made a decision directly. Then, he put Bonnie on the ground.

He then turned to look at Harley behind him and nodded to him.

"Ken!"

Bonnie's eyes were blurred with tears. She looked at Ken in disbelief. This was the time when she needed others' care most, but Ken just left her here.

Hearing the voice of Bonnie, Ken turned his head and glanced at her. "I'll be back soon. Wait for me." After saying that, Ken and Harley entered the villa from the second floor of the villa.

"Miss Bonnie, don't worry. I believe that Mr. Kerr and others will be fine." Jared comforted her, thinking that she was worried about the safety of Ken.

Jared calmed himself down and took out his phone. He then called the rescue team.

Standing downstairs of the villa, Bonnie looked at everyone who was trying hard to put out the fire, and her heart was filled with infinite coldness.

In the villa.

r was unprepared and fell into the collapsed stairs.

"Kerr!" Ken, who had just come in, saw this scene. He quickly walked to Nicole's side, lay on the ground and looked down.

The stairs had completely collapsed. It was easy for them to go down, but it was not easy for Kerr to go up again.

Ken looked nervously at the direction of Kerr, but because of the smoke, he didn't see it clearly.

"Take Nicole out!"

Hearing Ken's voice, Kerr breathed a sigh of relief. He slightly moved his body and felt that his legs seemed to be hurt by a broken plank, which made him feel pain.

He didn't know if he could go out, but he had to ensure the safety of Nicole first.

Hearing Kerr's words, Ken looked at Nicole, who was in a coma, and hesitated. Now the fire almost devoured the whole first floor. Ken didn't know if he could come back to save Kerr after he took Nicole out of here.

"Take Nicole out. I'll try to help Kerr go upstairs." Harley walked to Ken and made a decision directly.

Looking at the determined look on Harley's face, Ken nodded.

Holding Nicole in his arms, Ken turned around and walked towards the window on the second floor. Nicole didn't look well.

But Bonnie could say nothing and she kept crying.

"It's okay. It's okay. Bonnie, you are safe now. Nicole and others haven't come out yet. Do you know where they are?" Ken asked Bonnie anxiously.

If something really happened to Nicole at this time, Ken couldn't imagine what Kerr would be like.

Bonnie shook her head and said, "I don't know. I know nothing."

Seeing that, Kerr also gave up asking. Looking at the platform on the second floor, he put forth his strength to make a jump and grabbed the handrail on the platform.

Then he quickly went up to the second floor.

"Jared, take care of Bonnie. I'll go." Ken made a decision directly. Then, he put Bonnie on the ground and pushed her to Jared.

He turned his head to look at Harley behind him and nodded to him.

"Ken!"

Bonnie's eyes were blurred with tears. She looked at Ken in disbelief. This was the time when she needed others' care most, but Ken just calmly left her.

Hearing the voice of Bonnie, Ken turned his head and glanced at her. "I'll be back soon. Wait for me." After he said that, he and Harley entered the villa from the second floor.

"Miss Ning, don't worry. I believe that Master and others will be fine." Jared comforted her, thinking that she was worried about the safety of Ken.

He also comforted himself in his heart and took out his phone to call the rescue team.

Standing downstairs of the villa, Bonnie looked at everyone who was trying hard to put out the fire, and her heart was filled with infinite coldness.

In the villa.

As soon as Kerr entered the second floor of the villa, he felt a strong smell of smoke. He quickly found that the stairs were only one floor high, Kerr was unprepared and fell into the collapsed stairs.

"Kerr!" Ken who had just come in, saw this scene. He quickly walked to Nicole's side, knelt on the ground and looked down.

The stairs had completely collapsed. It was easy for them to go down, but it was not easy to go up again.

Ken looked nervously at the direction of Kerr, but because of the smoke, he didn't see it clearly.

"Take Nicole out. I'll try to get Kerr up." Harley walked to Ken and made a decision directly.

Looking at the determined look on Harley's face, Ken nodded.

Holding Nicole in his arms, Ken turned around and walked towards the window on the second floor. Nicole didn't look well.

Chapter 418 In Danger

"Kerr, I'm going to put down the rope now. You catch the rope." With the rope he found in the room in his hand, Harley turned around and tied it to the handrail of the corridor on the second floor.

Then he put the rope down.

Kerr looked at the rope which was a little far away from him and could only reach out with strength.

Kerr grabbed the rope in front of him and climbed up.

Harley reached out his hand and pulled Kerr to the second floor. Looking down, Harley found that the hall on the first floor had obviously turned into a sea of fire. He was shocked and asked, "What's going on? Have you seen Lisa?"

The thick smoke filled the air. Holding Kerr's shoulder, Harley questioned him loudly.

But Kerr just shook his head. Since he came in, he hadn't seen anyone except Nicole.

Looking at Kerr's expression, Harley immediately stood up and was about to climb down the rope to the first floor, but before he could take any action, he was stopped by Kerr beside him.

"Are you crazy? You should know that even if Lisa is down there, there is no possibility of survival." Kerr stopped him. Anyway, he couldn't let Harley take the risk.

If Harley went downstairs now, he would definitely die.

"But Lisa may still be down there." Looking down at the fierce fire, Harley couldn't imagine what would happen to Lisa alone.

He couldn't imagine if he really lost Lisa.

Harley stood up and was about to go down, but was directly pushed down to the ground by Kerr.

"As long as I'm here, you can't take any risks. Please think it over!" Kerr looked at Harley, who was lying opposite him. The fire was about to spread to the second floor.

Seeing that, Ken didn't know what to say. He had to take a step back and looked up at the fire, which lit up the whole night sky. Then he walked to Kerr and reached out his hand to him.

Lying on the air cushion, Kerr held Ken's hand when he saw his hand. Then he sat up from the cushion and turned his face to look at Harley beside him.

After a long silence, Kerr asked Ken lightly, "Where is Nicole?" He knew that Nicole would be fine as long as Ken was there.

"Don't worry. She is just in a coma. Let the doctor take care of her." Ken reassured Kerr, but he could not help but frown.

"Zachary hasn't come out yet, and there is no news about others." Ken knew that if those people dead in the fire, it would not be a happy thing for them who survived.

This fire would never be forgotten.

Looking at the fire behind him, Ken felt strange why it suddenly lit up.

Kerr kept silent, but in his heart, he had a feeling that this matter would not be that simple, and that Zachary would not easily die in a fire.

When everyone was silent, "Boom!" With a loud sound, the villa behind them collapsed.

Chapter 419 I Love You, Marry Me

The first floor of the three storey villa was completely burnt down.

Kerr turned around and looked at the villa in front of him.

His face darkened. "Go and find them, no matter what it cost."

Kerr wanted to give an explanation to Zachary and Harley. He couldn't let the fire become their nightmare.

Hearing Kerr's voice, Ken understood what he meant. He looked at Kerr's side face and nodded.

Then he immediately ordered the rescuers to look for the people who might survive from top to bottom.

Standing up and looking at the scene in front of him, Harley couldn't help but think that Jack had blown off the 'Surprise' that Kerr had prepared for Nicole. With a slight smile at the corners of his mouth, Harley turned to look at Kerr.

"I'm sorry, Kerr. I know you know what I'm thinking. I won't live alone in this world without Lisa." Said Harley firmly.

In the past, he only felt that he was lucky to meet Lisa. After he had Lisa, it seemed that a very ordinary thing had become meaningful. But now, it was not until now that he realized the Lisa meant a lot more than that for him.

It turned out that he had never thought that he would lose Lisa.

It seemed that in his heart, Lisa had already been a part of his life and could not be separated.

Kerr looked at him and didn't doubt his words at all. This time, he chose to be silent.

After saying that, Harley walked towards the fire that hadn't been put out.

This time, Kerr didn't stop Harley, because he understood that if Harley couldn't find Lisa, his life would be worse than death.

Ken was a little hesitant. He looked at Kerr beside him and didn't know what to say, so he had to ask his men to protect Harley as much as possible

wearing black suit pants.

But even so, Jared could feel that Kerr was seriously injured.

Kerr shook his head and said, "Take me to see Nicole first." Now everyone was out of danger, Kerr always felt uneasy without seeing Nicole.

Hearing Kerr's words, Jared was not surprised at all. Everything was within his expectations. After all, he knew better than others how important Nicole was in Kerr's heart.

Helplessly, Jared had no choice but to help Kerr walk towards the bedroom on the second floor of the villa.

When he stopped at the door, Kerr heard the sound in the room, so he stopped. "Doctor, how is my sister?"

Bonnie stood beside Nicole and asked the doctor cautiously.

She couldn't let Nicole wake up like this. Everyone knew that she set the fire on purpose. If someone woke up, she would be doomed, and even Ken couldn't protect her.

When Bonnie saw Ken take Nicole out of the villa just now, she was very nervous, so she followed Ken and told him that she wanted to take care of Nicole.

"Miss, please rest assured. Mrs. Nicole will wake up soon. She has inhaled too much smoke. There won't be too much problem."

Chapter 420 Brother-In-Law

The doctor didn't find anything wrong with Bonnie, so he answered her question.

"That's good." Although Bonnie said so, there was no happy expression on her face. If Nicole was out of danger, she would be in big trouble.

Seeing that Bonnie was here with Nicole, the doctor didn't think too much. He just said a few words to the nurse beside him briefly, turned around and walked out of Nicole's bedroom.

When he walked to the door, he saw Kerr standing there. But when he was about to greet Kerr, he saw Kerr's serious eyes. The doctor quickly realized what he meant.

So he shut up, turned around and left silently.

After the doctor left, Bonnie turned to the nurse standing aside and said, "You can go out to see other people first. I'll be here with my sister."

The nurse looked at Nicole who was still in a coma on the bed, and then looked at Bonnie. She was a little hesitant. After all, the woman lying in front of her was Kerr's wife.

Everyone in the Gu family knew how important Nicole was to Kerr, so she had to take good care of her.

"Miss Bonnie. I don't think it's a good idea..." The nurse hesitated.

She didn't want Kerr or Nicole to feel that she was irresponsible.

Hearing the nurse's words, Bonnie's eyes turned cold and locked on her face. "Are you worried that I will hurt my sister?"

You'd better know who you are. I'm Nicole's sister and Ken's girlfriend. You don't need to judge me whatever I want to do, understand?"

Bonnie put on an air of superiority.

The nurse was stunned when she heard Bonnie's words. Before this, she had always thought that Bonnie was a very easy-going person. She had never

was not reconciled, but Jared had walked up to her.

"This way, Miss Bonnie." Jared reached out his hand to Bonnie and stood between them to help Kerr get rid of her.

Bonnie stood up and smiled at Jared, "Then I won't disturb you." Then, Bonnie turned around and left.

Seeing that Bonnie was submissive, Jared closed the door and turned around to look at Kerr. "Sir, you know clearly that Bonnie was going to do something to Mrs. Nicole just now."

He couldn't figure it out. According to his understanding of Kerr, Kerr would never let go of anyone who wanted to threaten Nicole. So when Jared saw Kerr's attitude towards Bonnie, he was confused.

Kerr just reached out his hand and touched Nicole's forehead. His eyes were gentle and his tone was very light. "Find someone to keep an eye on Bonnie. Don't let her leave here and remind Ken."

Kerr had a rough idea of Bonnie's change, but he had to leave it to Nicole. He believed that if Bonnie really had something to do with today's accident...

Then there must be a lot of doubts in Nicole's heart, if she didn't make it clear...
