Chapter 421 Being Hurt

Nicole would not be happy if she didn't handle this problem herself.

Hearing Kerr's words, Jared had no doubts. He turned around and left.

Looking at Nicole in his arms, Kerr felt sorry for her. "I'm sorry. I didn't protect you well." Kerr didn't expect to be set up by Bonnie.

Maybe Bonnie had been well prepared when she mentioned the party.

Hearing the noise of around her, Nicole slowly opened her eyes and looked at the ceiling, with confusion in her eyes, "Kerr..." Her brain was obviously not clear enough.

But it seemed that at any time, Nicole wanted to call Kerr's name subconsciously.

It seemed that as long as Kerr was by her side, no matter where Nicole was and what happened, it was really not that important to her.

"I'm here. How do you feel?" Hearing Nicole's voice, Kerr was full of surprise. He looked at her gradually clear eyes. But her throat became hoarse because she inhaled a large amount of smoke.

Nicole didn't feel anything wrong.

Looking at Kerr's eyes, Nicole gradually came around.

What had happened before seemed to appear in front of Nicole.

"Kerr, have you found Lisa? How is she?" Nicole grabbed Kerr's collar and asked anxiously.

She didn't find Lisa before she passed out.

Kerr nodded, "Don't worry. Lisa will be fine. Harley is with her." Kerr said lightly.

Hearing Kerr's words, Nicole felt relieved. But when she thought of the other people in the villa, she couldn't help but get nervous. She looked at Kerr with anxiety.

"Don't worry. Everyone is fine. Do you feel uncomfortable?" Kerr asked, looking at Nicole's pale face.

He was still a little worried.

Nicole was finally

hurt?" Nicole turned to look at Kerr with concern.

Kerr shook his head, "Nothing." Although Kerr said he was fine, only he knew that his injuries on the right leg was so serious that he didn't dare to exert force.

Taking a look at the direction where Lisa left, Harley sighed helplessly. "I'll deal with your wound."

Kerr wanted to refuse, because he didn't want to frighten Nicole beside him.

However, he couldn't ignore the worry in her eyes. Finally, he nodded at her insistence.

Nicole sat up and looked at the blood on Kerr's leg. "Does it hurt?"

Kerr stretched out his hand and covered it directly on Nicole's eyes. "Don't look." Kerr remembered that Nicole would faint at the sight of blood.

Feeling the temperature of Kerr's palm, Nicole held his hand. Obviously, she felt that Kerr's body became tense. Even though Kerr didn't say anything, Nicole could imagine the pain.

Taking off Kerr's hand, Nicole raised her head and kissed his thin lips.

Even though she had been with Kerr for such a long time, Nicole was bad at kissing, but it was a fatal temptation for Kerr. ...

Chapter 422 Have You Seen Enough

Holding the back of Nicole's head, Kerr deepened the kiss without hesitation and tasted her sweetness carefully.

Looking at the two people, Harley couldn't help but pull a long face. His fiancée was so angry that she ran away. Now the two of them even showed off their love in front of him. It was really too much. He could not help but speed up his action.

After tying up the gauze for Kerr, with a dark face, Harley stood up, and then stood beside Kerr and Nicole, quietly watching them kissing.

They had no intention of dodging.

But Kerr didn't feel awkward because of the existence of Harley.

However, Nicole was different. Feeling the gaze of Harley, Nicole blushed and put her hand on Kerr's chest, trying to push him away. But once Kerr started, how could he be pushed away so easily?

"Ouch!" Dissatisfied with Kerr's insistence, Kerr bit his lips hard and forced him to let go of her. She lowered her head, turned her face away and rested her chin on Kerr's shoulder.

Nicole knew that it was because of shyness that she behaved like this. With a slight smile at the corners of his mouth, he didn't insist. He just turned his head away lightly and looked at Harley, who was still staring at him.

"Have you seen enough?" There was obvious dissatisfaction in Kerr's tone. If Harley quietly after treating his wound, perhaps he could continue the kiss.

Looking at Kerr's darkened face, Harley smiled, "No. You two pissed my Lisa off." Harley knew Kerr well.

He knew that Kerr didn't say anything when Lisa blame Nicole, which meant that Kerr also agreed with Lisa. The key point of this matter was Nicole's attitude.

Hearing that, Nicole turned around

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

is side face with satisfaction. Then she looked down and saw the wound on his leg.

The white gauze was stained with blood, which made her heart ache. "Does it hurt? Did you get hurt when you saved me?" Nicole didn't know how Kerr saved her from the fire.

She only knew that at the moment she fainted, the only person she could think of was Kerr. She couldn't even imagine how Kerr would be if he knew her death.

Kerr held up Nicole's face and said, "For me, it's enough as long as you are safe." Kerr was satisfied to see Nicole safe and sound.

Nicole smiled faintly and leaned in his arms, "You love me so much."

"Knock, knock, knock!" There was a knock on the door. Nicole sat up straight and looked at the door. "Come in."

After a long time, there was no sound at the door.

As time went by, Nicole thought the knock on the door was just her illusion. When she turned around curiously and looked at Kerr, the door was pushed open from the outside.

Lowering his head, Ken walked in with a serious look. He stopped two steps away from Nicole, raised his head and looked into her eyes with apology.

Chapter 423 Avoidable

"I just came from Avery's ward. The doctor has checked up on her and she is fine. Zachary is taking care of her, and Harrow is fine. Harley is also with Lisa.

Are you okay?" Ken asked Nicole. In fact, Ken was very clear about the fact, but he was unwilling to believe it or admit it.

But when he knew the fire, he regretted for a moment. After all, he had a premonition before that. If he had reminded everyone, the accident would not have happened.

Hearing what Ken said, Nicole nod her head and asked, "How is Bonnie?" Nicole knew that Ken was in great pain now.

After all, she had witnessed how Ken and Bonnie had become what they were today step by step.

In Ken's heart, he cared about Bonnie very much.

As they spoke, Kerr's face darkened. He let go of Nicole's arm, stood up and looked straight at Ken. No one knew him better than Kerr.

Therefore, only Kerr knew what Ken was thinking about.

"You have already known that Bonnie wants to hurt Nicole, haven't you?" There was anger in Kerr's tone. If it was true, the accident could have been avoided.

But Ken didn't say anything and just let the accident happen. In other words, in order to fulfill Bonnie's wish, Ken had thought of sacrificing Nicole, which was unacceptable to Kerr.

Facing Kerr's questioning, Ken turned to look at him. It was the first time that he felt a murderous look on Kerr, and he didn't deny it.

But he kept silent, and the atmosphere in the room suddenly became tense.

Nicole looked at Kerr nervously and said, "Kerr, don't be impulsive. This has nothing to do with Ken. He can't predict everything."

She tried to persuade Kerr not to

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

He walked to the back of Lisa and asked, "Harley, can you give us a minute?" Nicole said with a smile, looking relaxed. Perhaps she had been through a lot after she was with Kerr.

Every time they could turn good out of misfortune, Nicole had gradually gotten used to it. In fact, danger was not terrible, as long as they could bravely face it and be accompanied by their beloved.

For them, this was the most important thing.

Turning around, Harley looked at Nicole, thought about Lisa behind him, and nodded, "Only for a while." Harley patted Lisa on the shoulder and left the balcony, leaving them alone.

"Thank you, Lisa. I know you were caring about me just now. I'm really moved. And before the fire, you had already felt something wrong with Bonnie, didn't you?"

Nicole always knew that Lisa was smart, but she didn't expect that Lisa had a sharp observation.

"So what?" Lisa sneered. "Do you still want to forgive her unconditionally? Do you still treat her as your good sister?"

Lisa didn't expect this to happen, and also felt angry because Nicole didn't listen to her advice.

Chapter 424 Make It Clear

Looking at Lisa, for some reason, Nicole felt somewhat familiar.

Moreover, she didn't feel disgusted with Lisa's attitude at all. She knew that it was all because of Lisa's concern for her.

"From now on, Bonnie and I are no longer sisters." Said Nicole firmly.

Regardless of whether there were misunderstandings between Bonnie and her, in the face of such a matter, Bonnie did not choose to ask Nicole, but made the decision on an impulse, which meant that Bonnie had made up her mind.

Hearing Nicole's words, Lisa turned around and looked into her eyes.

"It's good that you understand." Lisa held out her hand and looked at her meaningfully. "Nicole, you will understand one day that you deserve the best."

Lisa wanted to tell something to Nicole directly, but without Ben's consent, Lisa was also worried that she would mess up something, so she chose to be silent.

Nicole was moved and didn't know what to do when she saw the sincerity in Lisa's eyes.

"I see. Thank you, Lisa." Said Nicole lightly.

She smiled at Lisa.

In the room.

Kerr sat on the sofa. He had changed into casual clothes, and was not as messy as before.

"What are you going to do with Bonnie?"

Kerr didn't want to interfere in Ken's relationship, but if the person Ken liked was not a good choice for him, then Kerr wouldn't pretend that he knew nothing.

Sitting opposite to Kerr, Ken looked helpless. In fact, he also felt conflicted.

No matter what, he had been with Bonnie for a long time. But she chose to give up their relationship, and Ken could do nothing about it.

"Give me some time. Let me have a talk with Bonnie."

Ken also found that there was something wrong with Bonnie, but he didn't know

re that I set the fire, I have nothing to say to you." Bonnie would never admit it.

After saying that, Bonnie walked towards the door and opened it. She was shocked to see Nicole and Lisa standing at the door. Apparently, she didn't expect that Nicole would wake up so soon.

Looking at the calm look in Nicole's eyes, Bonnie felt a little guilty. After all, before the accident, Bonnie didn't expect that Nicole could survive, so she said those harsh words to her.

Seeing Nicole standing at the door, Ken said calmly, "I've given you the chance, but you didn't seize it. No one mentioned the fire, and I didn't say who caused it."

He didn't say anything, but Bonnie had given herself away because of guilt.

Seeing the disappointment on Ken's face, Nicole couldn't help feeling pity for him. "You will regret if you miss him, Bonnie." Said Nicole indifferently.

Nicole saw how much Ken cared about Bonnie, and he even wanted to bear all the responsibilities for her just now, but Bonnie didn't know any of that.

Hearing Nicole's words, Bonnie showed a cold expression on her face.

"Are you that we are having a fight now?"

Chapter 425 Postpone The Wedding

Although Bonnie could be with Ken now was partly because of Nicole...

Thinking of what Nicole had done to her, Bonnie couldn't be grateful.

Hearing Bonnie's words, Ken frowned, while Nicole, who was standing next to Nicole, felt unfair for Nicole and questioned Bonnie loudly.

"Bonnie, don't be so ungrateful. You set a fire and wanted to kill all of us. Are you still pretending to be innocent here?" Lisa hated such a scheming woman the most.

Lisa's voice was not low, so it quickly attracted many people's attention.

Kerr walked out of the room and frowned at the scene in front of him. He knew that no one could sleep well if the problem was not solved.

"Everyone, come to the living room." Kerr's serious voice made everyone feel stressful. Nicole turned around, looked at Kerr's dark face and walked to him.

Thinking of the wound on his leg, Nicole held his arm.

When Harley heard the voice, he walked out and sensed the tension between Lisa and Bonnie, as if they were going to fight with each other in the next second. Harley walked to Lisa and pat on her shoulder.

"Honey, calm down." Of course, he knew what kind of person Lisa was. Lisa never showed mercy to her enemies.

Seeing that both Nicole and Lisa were guarded by someone, Bonnie turned to Ken behind her, but the latter pretended not to notice her gaze and didn't have any reactions.

Kerr took Nicole back to the living room. All the people had gathered here except Zachary. He was taking care of Avery, who was still in a coma.

"It's time for you to give everyone an explanation."

Ken said indifferently to Bonnie.

"I have nothing to explain. Even though I accidentally touched the bottle of wine and caused the fire, I didn't mean to

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

Id forgive her.

It's you who said let the bygones be bygones. I know my mother did something wrong to you, but I've apologized for her. Why couldn't you let her go?"

When Nicole withdrew the lawsuit, Bonnie was very grateful to her, but she didn't expect that Nicole just wanted to take advantage of it and put on a show in front of others.

Hearing that, Nicole was obviously stunned. She turned to look at Kerr beside her, trying to find an answer on his face. "Did you do it?"

At that time, for the sake of Bonnie, Nicole had begged Kerr to let off Leila, and he had agreed. Nicole thought that Leila had come back to Bonnie, but she didn't expect that Leila had died.

"Not me." Kerr's tone was calm. He frowned and stared at Bonnie. Seeing her tearful face, he thought she was not lying. It seemed that this matter was not as simple as it seemed.

Maybe someone had already been watching them on the sly.

Nicole believed that Kerr wouldn't lie to her, so she trusted him without hesitation. She turned to look at Bonnie, "Do you have any evidence to prove that I did it?"

If I really want to kill Leila, why don't I use normal methods?"

Chapter 426 She Is Not Your Sister

"You know I have enough reasons to make her disappear in this world." Thinking of what Leila had done, Nicole also felt resentful, although she said she had moved on...

Only Nicole knew how difficult it was to really let it go.

She could have ignored other's feelings, because when she was suffering, no one had ever felt sorry for her. If Leila and Daniel could have a little mercy...

Then perhaps Nicole would not suffer so much.

Bonnie laughed, "Ha-ha, Nicole, this is what I hate most about you. You are so hypocritical. You must pretend to be so kind in front of everyone, especially in front of Kerr.

But only you know that you never intend to let my mother go! You asked someone to release her, and then deliberately created the car accident. In this way, no one will know that my mother's death has something to do with you."

Bonnie would never forget that when her mother died, she told her in person that it was Nicole who killed her. From that time on, she could no longer treat Nicole as her sister.

Hearing her accusation, Kerr frowned and took a look at Kim next to him, with a meaningful look in his eyes.

Kerr's intuition told him that it was not as simple as he thought.

Receiving the hint of Kerr, Kim nodded, turned around and left the room, but everyone's attention was focused on Nicole and Bonnie, and no one noticed his leaving.

"Bonnie, I don't know where you got the news. Before today, I didn't even know that your mother had passed away. Moreover, I can tell you in a responsible way that your mother's death has nothing to do with me.

We grew up together. Don't you know what kind of person I am?" There was obvious anger in Nicole's tone, because Bonnie's reckless

fore following Kerr out of everyone's sight.

"What do you mean?" Lisa had a confused look on her face. Because she didn't know in the disputes of the Gu family, she didn't know much about the family background of Bonnie. Now when she saw Kerr and Nicole leave...

She just felt that things could not be ended so easily.

"It's almost dawn. It's time for us to have a rest," said Harley, holding Lisa's wrist After saying that, Harley took a look at Ken, and then pull Lisa, who still didn't want to leave, upstairs to rest.

There were only two people left in the living room, Bonnie and Ken. "Bonnie..." Ken kept silent for a while and was interrupted by Bonnie.

"I don't want to hear your explanation. Ken, let's break up." After saying that, Bonnie turned around and left.

Ken sat on the sofa alone. He was silent, and there was nothing he could do.

But in fact, Ken also knew that it was inevitable to come to this day.

Back in the room, Nicole helped Kerr sit on the bed, "Do you think it was Sunny who did it?" Nicole spoke out her guess.

Kerr held Nicole's hand, looked down at the wound on his leg and kept silent.

Chapter 427 Formality Doesn't Matter

It was because of his injured leg that Kerr agreed to postpone the wedding tomorrow. He didn't want to leave any regret for Nicole, although it was not a problem while walking.

But it was a little difficult to carry her in his arms at the wedding.

Looking at Kerr who went silent, Nicole couldn't help feeling strange. She reached out her hand and held up Kerr's face, "What are you thinking about? Am I wrong?"

It didn't make sense. The only person in the world Bonnie could call as her sister was Sunny.

Looking into Nicole's eyes, Kerr frowned and said, "The wedding has been postponed again."

Kerr almost couldn't remember how many times he had done this. Every time he wanted to give her a surprise, he didn't know why it was so difficult.

Hearing his words, Nicole couldn't help laughing. It was the first time that she had seen Kerr so aggrieved. In fact, in her heart, she no longer cared about these so-called formalities.

It was enough for her to be with Kerr forever.

To protect Kerr, Nicole rested her chin on his shoulder and said, "Kerr, these are not so important to me. I know you want everyone know that I'm your wife.

But in fact, now everyone has already known that. You really don't need to care so much. Besides, the wedding was just postponed, not cancelled.

"I'm not in a hurry. Why are you so anxious?" Nicole comforted Kerr. They had been through a lot in this relationship, but she thought that everything would be okay.

This was good. They all cherished this relationship more. She felt lucky that Kerr could always be with her.

Kerr held her tightly and said nothing.

When Nicole fell asleep, it was already dawn, but Kerr didn't fall asleep. He tucked her in

orld who wanted to kill him, but only Sunny wanted to kill Nicole.

"Kim has gone to find the evidence." Kerr knew that Kim would not let him down.

In the Moore's villa of A City.

"How do you feel when you see your ex-boyfriend's wedding invitation?" Moore's voice was full of obvious sarcasm.

With the wedding invitation in her hand, Sunny sat on the sofa in a daze. When she heard the voice of Moore, she turned around and looked into his eyes. She didn't dodge at all.

"Do you really think the wedding can be held as scheduled?" Sunny put the invitation on the table in front of her.

She smiled.

Moore walked to Sunny and sat down. He glanced at the invitation indifferently.

"It seems that Kerr has put a lot of thoughts into it, but unfortunately, the bride is not you." Moore knew that even if Sunny stayed with him, she still cared about Kerr.

"So what? The more he wants to marry Nicole, the more I will make trouble for him." There was obvious complacency in Sunny's eyes.

In this world, no one could easily bully her. She would take her revenge.

"So you used your sister?" Moore smiled with satisfaction.

Chapter 428 The Woman Of Moore

As long as Sunny gave up on Kerr and was willing to take actions against him, Moore would be relieved. Nicole was the most important person in Kerr's heart. If Nicole was hurt, Kerr would suffer a lot.

Looking at Moore coming down the stairs, Sunny's eyes were full of obvious hatred, but it was not for Moore himself, but for what he had said.

"My sister? I remember that my mother only gave birth to one daughter. How could an illegitimate daughter deserve to be my sister?" Sunny had never treated Bonnie as her sister.

For Sunny, it shamed her to have a sister like Bonnie.

She would never admit Bonnie's identity as a member of the Ning family. Moreover, now that Bonnie was with Nicole, Sunny thought that she had to make good use of it.

Hearing what Sunny said, Moore smiled faintly. He walked to sit beside her and put his hand on her shoulder. "This is my girl.

But if you want to kill someone next time, remember to tell me. Maybe I can deal with it better. You know, Kerr and Nicole are both very smart.

Leila's death is a hidden danger. If they really don't let it go, they will find you soon. By then, your image in Kerr's heart will be completely ruined."

Moore said in a relaxed tone. Although he was reminding Sunny, he didn't seem to care about her at all.

Sunny frowned slightly and was a little dissatisfied with what he had said. "Do I still care about my image in his heart? When did he have me in his heart?"

"I won't waste my time on such a worthless thing. And now I know what is more important to me." Sunny had given up Kerr completely.

Now she could only rely on Moore. Moore was very suspicious, so she never dared to mention Kerr in front of him.

She looked at Moore

"Sir, Kim is back and he has found some clues. Miss Bonnie seemed to have tried to leave just now, but was stopped by the butler." For Bonnie's special identity...

Jared had no choice but to ask for Kerr's opinions.

Kerr's eyes darkened, "Where is she?" He didn't expect that Bonnie could make Ken and Nicole so sad.

Then he followed Jared to Bonnie's room.

He reached out and pushed the door open. The loud voice obviously startled Bonnie who was sitting on the sofa.

She sat up. Her eyes were still swollen. For the whole night, she didn't fall asleep. She wanted to leave quietly before everyone woke up, but she didn't expect that Kerr would send someone to watch her.

Hearing the sound of the door, Bonnie looked at the door and saw Kerr's dark face at a glance.

Bonnie stood up and felt a little timid.

"You..."

Kerr just glanced at Bonnie indifferently, slowed down his steps and walked towards her. "Bonnie, my patience is limited.

"If it weren't for Nicole, do you really think you can live till now?" Whether it was because of Bonnie's hurt to Ken or what she had done to Nicole, Bonnie had made a huge mistake.

Chapter 429 Put On An Act

It was enough for Kerr to get rid of Bonnie.

But Kerr didn't. It was because of Nicole.

Hearing Kerr's words, tears were shining in Bonnie's eyes. She just couldn't understand why the world was so unfair to her. Everything she wanted was lost gradually.

However, Nicole, who grew up with her, had everything.

Why is that?

"I didn't do anything. Why did you do this to me? Shouldn't Nicole be responsible for my mother's death? Kerr, you love Nicole, so you can find all the reasons and excuses for her.

Can you ignore the truth?"

Bonnie asked Kerr loudly.

Standing next to Kerr, Jared was about to step forward to stop Bonnie, but his phone rang in his pocket. Jared took a look at Kerr and got his permission.

Then Jared turned around and walked out to answer the phone.

But at this time, Bonnie saw Jared leave and fixed her eyes on Kerr.

Seeing that Kerr was only a few steps away from her, Bonnie walked quickly to him and grabbed the collar of his shirt. "Kerr, I don't believe that I will be worse than Nicole."

"Let me go!" Kerr's face darkened and looked at Bonnie with disgust.

Kerr didn't expect that Bonnie would be so reckless at this time.

Hearing Kerr's angry tone, Bonnie was very happy. She raised her hand and wanted to touch his face.

"Kerr, you will also change your mood because of me. Does it mean that you have a different feeling for me?"

There was obvious temptation in Bonnie's voice. ...

Kerr stepped back and dodged Bonnie. Before he could say anything, Bonnie grabbed his clothes again.

"Kerr!" Bonnie stood on tiptoe, grabbed Kerr's clothes and approached his ear. "If I can't lead a good life, so do you."

There wa

d. He had never drunk so much before.

Hearing that, Nicole turned around and saw Ken with a helpless face.

"Haven't we broken up?" Ken said in a calm tone, as if the woman in front of him was a stranger.

Even now, Ken didn't raise his hand to hug her.

In fact, before Ken came to Bonnie's room, he didn't plan to say something like that. He thought he could get Bonnie back and give her a future through his efforts.

But he didn't expect that when he came here, he saw such a scene. He was not a fool. He knew what had happened.

Bonnie let go of Ken, "Ken, you don't love me anymore? I still have you in my heart." Looking at Ken, Bonnie was actually regretful.

At this time, she broke up with Ken and couldn't get his protection.

"If you really have me in your heart, you wouldn't have done such an embarrassing thing." After saying that, Ken turned his head away. Apparently, he didn't want to see her anymore.

"Kerr, it's your business. I have something to deal with at the wedding. I'll handle it." After saying that, Ken turned around and was about to leave.

At this time, Ken chose to escape.

Chapter 430 Lifelong Confinement

Ken couldn't face Bonnie at this time, because he knew that it was her who did it, so he had no reason to bury her mistakes.

Seeing that Ken turned around and was about to leave, Bonnie walked up to him and hugged him from behind. She was worried that Ken would leave her at this time. "Ken, don't do this to me. In fact, I said that I wanted to break up with you yesterday just because I was angry.

I love you. The accident is not my fault." Bonnie asked Ken to stay anxiously.

But Ken just raised his hand and took off her hand without even looking back. "Bonnie, if you haven't done such an irreparable thing, maybe I will still believe you.

Bonnie, you have crossed my bottom line. Let go of me." After saying that, Ken left everyone's sight.

Sitting on the ground and looking at the back of Ken, Bonnie finally realized that she had lost Ken.

She wasn't so sad last night when she broke up with Ken. But when she saw him disappear in front of her eyes...

She realized that their relationship had come to an end, and no one would protect her anymore.

Seeing the sad look on Bonnie's face, Nicole no longer sympathized with her. "You have to bear the consequences for what you have done."

Looking at Kerr beside her, Nicole stared into his eyes. There was a hint of inquiry in her eyes, and Kerr nodded directly to her.

With a slight smile at the corners of her mouth, Nicole fixed her eyes on Bonnie, who was sitting on the ground. "Bonnie, I want to know since when you have contacted Sunny?"

I always thought that getting along with each other was more important than the so-called blood relationship, so even if I knew everything, I still wanted to treat you as my own

She didn't want to make Lisa unhappy because of her, but now she knew that it could distract Lisa's attention.

"Bridesmaid?" Hearing what Nicole said, Lisa felt very novel. After all, she had never been a bridesmaid.

Moreover, in the Xue family, no matter which one of them got married, all the staff related to the wedding were arranged by the family, so they didn't need to worry about anything.

As expected, after Nicole said this, Lisa's attention was all attracted by the word 'Bridesmaid'.

Nicole nodded and let go of Kerr's hand. She walked to Lisa, smiled at Kerr and discussed with her about the wedding.

In fact, the whole wedding had been arranged by Kerr, so there was no need for Nicole to worry about it. She just said it to attract Lisa's attention.

Holding Lisa's arm, Nicole walked out of the villa and saw a black car parking at the door. She was confused and didn't know who came so early.

However, when Lisa, who was standing next to Nicole, saw the car, she was stunned and even her face froze.

"What's wrong?" Nicole asked Lisa curiously. It was obvious that Lisa knew what was going on.
