Chapter 431 Please Don't Embarrass Me

Before Lisa could answer, the door was opened.

Seeing the person getting out of the car, Nicole was a little surprised. "Mr. Ben, I didn't know you would come at this time. We didn't prepare in advance. It's really our fault."

Although Lisa was also a member of the Xue family, she was totally different from Ben.

Looking at the serious look on Ben's face, Nicole felt a little uneasy. It seemed that he was angry about something. Although the fire last night didn't hurt Lisa, Nicole was still guilty.

But the fire did put Lisa in danger once.

If Ben, as a member of Lisa's family, came to blame her, Nicole would have nothing to say.

After all, this matter was caused by her.

Hearing what Ben said, Ben glanced at Lisa, who was beside her. There was obvious blame in his eyes, but he saw that the two people in front of him were still safe...

He was finally relieved.

When he heard that Nicole and Lisa were trapped in the fire, he was really nervous. If something really happened to these two people, he would definitely destroy this place.

"You're welcome, Mrs. Nicole. I heard that there was an accident last night. Can I know the reason? After all, what happened last night was not a small matter, right?"

Ben said with a smile on his face, but there was an obvious sense of oppression in his words, which could not be ignored.

Nicole nodded to Ben, "In fact, there was just a small accident last night. I know that Mr. Ben came here to attend the wedding of me and Kerr. Due to some reasons of the venue, the wedding had to be postponed.

But Mr. Ben, since you are here, please come in and have a seat. Although the wedding has been cancelled, there is another good thing for you." Nicole glanced at Lisa beside her.

She did

e, Lisa begged Ben.

But Ben just took his sleeve back from Lisa's hand and kept silent.

Lisa was not sure, but she couldn't extricate herself from this situation. She could only toughen up and see what would happen.

When they returned to the villa, Kerr and Ben sat down one after another. Nicole sat beside Kerr, while Lisa stood alone, eager to run away.

"Lisa, sit down!" Ben's serious voice rang in Lisa's ear.

As Lisa had expected, she sat next to Ben helplessly.

"I heard from Lisa that there was an accident here yesterday, which even caused the postponement of the wedding. Can you explain it to me, Mr. Kerr?"

In Ben's opinion, all these so-called accidents could be avoided, but Kerr didn't protect Kerr well and even got Lisa involved.

Thinking that his two sisters were both with Kerr and almost got hurt, Ben couldn't help but get angry.

"Yes, there was an accident. Now the problem has been solved. The wedding will be postponed because I don't want to leave any regret to Nicole. I want to give the best to her.

Are you satisfied with this explanation, Mr. Ben? I really want to know the reason why Mr. Ben cares so much about our wedding."

Chapter 432 Who Taught You The Rules

There was obvious meaning in Kerr's words.

He had discovered that since Ben appeared, he had been paying attention to his relationship with Nicole, and even their marriage. He didn't know whether Ben cared about him or had other feelings for Nicole.

Seeing that Kerr was obviously hostile to Ben, Nicole tugged at his sleeve. Anyway, Lisa and Harley were in a relationship.

They would meet more often in the future, and Nicole didn't want Kerr to screw up their relationship.

Kerr's face darkened when he felt what Nicole did. From his point of view, Nicole was helping Ben.

Holding Nicole's hand, Kerr looked at Ben from head to toe.

"Really? A little accident? But why did I hear that there was a big fire here last night? I believe Mr. Kerr knows better than me what had happened.

Lisa is my sister. I won't let her be in an unsafe environment." Although Ben were talking about Lisa, his eyes fell on Nicole opposite him.

It seemed that he said it to Nicole.

Nicole looked into Ben's eyes and felt his concern. She nodded to Ben.

"How is Mrs. Nicole? Didn't the fire scare you yesterday?" Ben cared about Nicole, with obvious tenderness in his words and a slight smile at the corners of his mouth.

Such an expression aroused Kerr's dissatisfaction. He raised his hand, and put it on Nicole's shoulder. His eyes fell on Ben, as if declaring that Nicole was his.

"It's none of your business, Mr. Ben." Kerr said lightly with obvious threat, as if he would teach Ben a lesson, If he still looked at Nicole that way.

"Kerr..." Nicole shook her head at Kerr. In fact, in her opinion, what Ben said was not inappropriate. After all, the si

To take her revenge, she married the man, and used him.

s obviously stunned.

"That's enough, Mr. Ben. What's your purpose of coming here today? Or what's your real purpose since you appeared beside us?"

We are all adults. I hope Mr. Ben can be honest." Kerr stood up and glanced at the silent Lisa, "Why did Mr. Ben arranged Miss Lisa to be Harley?"

Is it just to humiliate Harley at this time?"

Kerr always had doubts about Lisa.

After all, when Lisa appeared, she was suspicious enough.

Hearing Kerr's words, Harley lowered his head and looked at Lisa beside him. Lisa also looked at Kerr in surprise. Obviously, she felt surprised at Kerr's words.

"Well, I don't understand what you said, Mr. Kerr. I came here to attend your wedding with Mrs. Nicole, but I didn't expect so many misunderstandings. If I had known it earlier, I wouldn't have come here.

It seems that I'm disturbing you, so I won't stay any longer." With a cold face, Ben looked at Lisa beside him and said, "Lisa, come home with me."

He wouldn't leave Lisa here. Even if he couldn't take Nicole away now, he wouldn't let Lisa suffer.

Lisa looked up and met Harley's eyes.

Chapter 433 Whats The Price

"Do you also think so?" Lisa asked Harley.

Harley went silent. In fact, before Kerr said this, he had never thought about it in this way. But when he recalled that he and Lisa had known each other for a short time, their relationship developed very fast.

He wanted to have a future with Lisa, but he didn't expect that Ben would say something like that today.

Looking at the silent expression on Harley's face, Lisa nodded with a smile, but she smiled with obvious bitterness. "I'm sorry, Nicole. I can't be your bridesmaid. Moreover, I think marriage is very important.

Since you still have a chance, you must think it over." Lisa reminded Nicole in front of everyone.

At first, she was on Kerr's side and wanted to persuade Ben, but she didn't expect that Kerr would let her down so much.

Turning around, Lisa was about to leave with Ben. She felt that Harley held her wrist, but she put it away.

"Harley, I'll take what you said yesterday as an impulse. You didn't say anything, and I didn't hear anything either." There was obvious anger in Lisa's tone.

Then she left the villa directly.

Looking at the backs of Lisa and Ben, Nicole frowned and said, "Kerr! Why did you say that? You know things are not like that between Harley and Lisa."

She was also surprised at Kerr's words, which didn't seem to be something that Kerr would say.

Harley sighed and sat on the sofa silently. In fact, he knew what Kerr was thinking about.

"Do you know how much it will cost to do so?" Harley was worried that Kerr would really scare Lisa away.

Kerr held Nicole's hand and said, "It's better than keeping a time bomb by your side all the time." While speaking, Kerr sat on the sofa, although the injury on his leg was not very serious, Standing f

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

r she had been used to such a luxurious life. She couldn't accept it at all. She looked at Kelvin in surprise.

"Mrs. Freya, the Gu Group is totally different now. Although we all know that the KN Group is Gu Group...

But the it has changed its name. It's completely different. You and Mr. Jack don't have any shares, and most of the shares of the KN Group belong to Mrs. Nicole now.

So all the profits have nothing to do with the Gu family." Kelvin also wanted to tell Kerr about the situation of Gu family, but after weighing the pros and cons, he didn't dare to make a decision by himself.

"What?" Freya stood up with obvious anger on her face. She didn't expect that Nicole would be so bold as to monopolize so much profit alone.

Seeing that Freya was angry, Kelvin could only keep silent.

"Where are they now?" Freya knew that the wedding was cancelled, but she didn't know why. Was there something wrong with the relationship between Nicole and Kerr?

If that was the case, then she liked it very much.

"Mr. Kerr and Mrs. Nicole just came back from abroad. Mr. Kerr went to the company and Mrs. Nicole is at home." Kelvin had already received the news.

Chapter 434 You Should Be Filial To Me

However, every time Freya heard that Kelvin called Nicole young mistress, she would feel dissatisfied. Yet, she also knew that it has become a fact that she had entered the Gu family.

Freya stood up. She had to get her shares from Nicole as soon as possible, so that her identity as Mrs. Gu could continue.

"Kelvin, get the car ready. I'm going to Kerr's place now." As soon as Freya finished her words, she was about to go outside, but behind her, Kelvin stood still and did not move at all.

Freya stopped, frowned and turned to look at him. "Don't you hear what I said?" Freya looked at him, her words with obvious dissatisfaction.

Perhaps it was because the Gu family was about to run out of money, [兰芝] began to become extremely irritable.

Hearing Freya's words, Kelvin turned around and asked, "Mrs. Gu, are you going to the company or Master's villa?" He knew that it was unlikely for Freya to go to Kerr. According to his understanding of her, she was to go to find Nicole.

"To the villa." Freya wanted to teach Nicole a lesson and ask her to hand over all the things that didn't belong to her. As long as she was alive in this family, she didn't have the right to make a decision.

Looking at the unhappy look on Freya's face, Kelvin also knew the purpose of Freya's visit this time. For the sake of the stability of the Gu family, he wanted to persuade Freya.

"Mrs. Gu, Master clearly said last time that he didn't want anyone to disturb his life..." Looking at the sharp eyes of Freya, he said in a lower and lower voice.

At last, he had no choice but to prepare the car according to the order of Freya.

When the car arrived at the gate of Gu's villa, Freya was told that Nicole had gone out.

Holding back her anger, Freya asked the driver to look for Nicole.

When Freya

ke control of the Gu family in the future, then she would lose all her status.

"Nicole, this is your own choice. You have to bear it yourself. Don't regret it." Freya took it for granted. She wanted Nicole to know that even if she married into the Gu family, she could only live under her control.

Hearing Freya's words, Nicole smiled faintly. She was not as meek as before.

"What are you smiling at?" Freya felt that there was obvious irony in Nicole's smile, which made her feel very uncomfortable.

"Nothing. I just think what Mrs. Gu said is funny. Didn't you say that you would never admit that I am the daughter-in-law of the Gu family? Then why do you want me to be filial to you? "

Nicole didn't forget how Freya humiliated her last time. She also knew that no matter how she treated the members of the Gu family, she had no place in their hearts.

Nicole was not a holy being. She couldn't be so tolerant and generous.

"Mrs. Gu, if I remember correctly, in your heart, you only admit Sunny as your daughter-in-law. But unfortunately, you failed to fulfill Mrs. Gu's wish."

She didn't forget the grievance she had suffered before because of this.

It was all caused by Freya.

Chapter 435 Taking Advantage Of The Issue

Although Nicole didn't want to resent Freya, it was not easy to forgive her.

"You! How dare you say that? Don't think that you can be so presumptuous in front of me just because Kerr has married you. Although I admit your identity, he hasn't given you a formal wedding ceremony yet.

You said you were going to hold a wedding, but why did you cancel it? Isn't it because that Kerr has doubts about you? Don't be so naive to think that you can win his heart forever after you give birth to two children for him.

How long can a man's love last? Soon, a woman who is prettier and younger than you will appear in his sight. Do you think he will still want you then?"

Freya said sarcastically.

Although Nicole was still very young, woman was very afraid that as time went by, their love gradually disappeared. This was a nightmare that many people could not escape.

Freya was looking forward to the day.

But Nicole was different. She never felt that she should rely on Kerr all the time, she was a independent woman. No matter how long time passed, Nicole would not change her mind.

"Mrs. Freya, is this how you think of love? I don't think that you know about love at all." Nicole knew that in Freya's eyes, reputation and social status were more important than love.

"Maybe, in your mind, that's the case, but I don't think so. I believe in Kerr. He won't do that to me, and I will let him know that a mere title is worthless in my eyes."

She didn't want to explain too much about the wedding to Freya. It involved a lot of people, and the Gu family would certainly make use of it when they knew it.

"Nicole, I don't want to say these meaningless words to you. I come here this time to ask you to hand over t

hand subconsciously, trying to slap it to the side face of Nicole.

However, when she raised her hand halfway, she heard a harsh voice.

"Stop!" Wearing a black overcoat, Kerr walked in from the door. When he saw Freya raising her arm, his face darkened and he quickly walked to the side of Nicole.

Reaching out his hand, Kerr directly protected Nicole behind him, and then faced Freya. Because of the advantage of height, he looked down at her from above.

There was a domineering aura round Kerr.

"Nicole is my wife. Even if you don't like her, no one can lay a finger on her." Kerr said firmly.

He didn't know if the slap would fall on Nicole's face if he didn't arrive in time.

Looking at Kerr's cold face, Freya was shocked. She put down her hand subconsciously and stared at Nicole behind Kerr. Freya knew that she had walked in Nicole's trap.

Kerr appeared so timely, which meant that Nicole must have spread the news without her notice.

"Kerr, you should know that I'm your mother. You can't talk to me like that." Freya knew that with the presence of Kerr, it was impossible for her to ask Nicole to hand over her shares.

Chapter 436 Legal Husband And Wife

"I don't blame you for being cheated by this woman. But you have to know that you are a member of the Gu family. No matter what you want to do, your surname is Gu. Everything you deserve should belong to the Gu family."

Freya didn't dare to mention the shares of the KN Group directly in front of Kerr. She had threatened Kerr with her shares before, and now things were different.

She didn't want to be so passive.

And she didn't want Kerr to think that she was just concerned about the shares.

"The Gu family has long been in the past. Both the Gu family and the Gu Group have been different from before. I hope everyone in the Gu family can realize this. Everything I have now is only my personal property.

Now that I and Nicole have become legal couples, everything we have now is our common property." Kerr made it clear so that Freya could have some scruples.

Hearing Kerr's words, Nicole smiled faintly. She had never doubted Kerr. It was because she knew that he loved her so much that she was so brave in front of Freya.

Looking at the serious look in Kerr's eyes, Freya glared at Nicole angrily and said, "Kerr, you have to think it over. Don't think that no one in the Gu family can control you now.

You should know that the Gu family can have such achievements this day not only relying on the Gu Group. The Gu family is so powerful that there are many people who pay attention to you."

On one hand, Freya reminded Kerr and on the other hand, she was warning him not to hand over his power to others. Even Nicole was not trustworthy.

But obviously, what Freya said couldn't affect Kerr.

Holding Nicole's shoulder, Kerr looked at Freya with helplessness. This was his mother, and

over. Because he knew that he was leaving, he took Nicole away before the wedding, hoping that she could have more time to accompany him.

Hearing Jay's words, Nicole asked in surprise, "Why? What do you mean by living alone without me? Where do you want? Why did you leave me?" Nicole knew how much Jay relied on her in the past.

She had never expected that he would leave her one day.

Even if he wanted to leave her, he should get a little older, then make a decision.

"Mommy, I know you don't want to leave me, but if I stay with you all the time, I will never grow up. I hope I can get more opportunities to experience the world, so that I can become stronger as soon as possible."

Jay couldn't wait to grow up.

He had his own plan. He couldn't tell her about it exactly.

Because if Nicole knew it, she would not let him go.

Nicole grabbed Jay's hand and looked at him with reluctance. "Jay, listen to me. You are still young and can't be independent at all. Trust me.

In a few years, Mommy will definitely let you live your own life, but not now. Do you think that mommy doesn't care about you since I have Lucas?"

Chapter 437 Make My Woman Cry

With a nervous look on her face, Nicole was not at ease at all.

Jay shook his head and said, "No, Mommy. I know you love me all the time, but I think it's time for me to go out and experience the world. He has already been born. I can only protect you and my brother when I grow up."

He knew it would take some time to persuade Nicole, but it was not impossible. Turning his face, Jay looked at Kerr beside him. Obviously, he was full of expectation for Kerr.

Looking at the firm look of Jay, Nicole knew that Jay had made a decision after careful consideration before he told her about it.

So Nicole began to be silent.

Kerr held Nicole's hand and said, "Let's go home first." He stood up with Nicole. Seeing the diamond jewelry on the table, Kerr asked her, "Is this what you want?"

All Nicole was thinking about was that Jay would be leaving, and she had no mood to think about anything else. Hearing Kerr's words, she just shook her head slightly.

Then she held Jay's hand and didn't let go. She didn't know how she came back to their villa. She just held Jay's hand all the time, as if she was worried that he would leave directly the next second.

Looking at Nicole's expression, Jay shook his head helplessly and walked into the study with her. There were only two people in the study, and they had a long talk for two hours.

Sitting on the sofa in the living room, Kerr looked at the diamond jewelry that Jared had just sent to him. He hadn't found that Nicole liked these things before. If he had known, he would have sent them to her.

Two hours later, Jay went downstairs. He looked helpless and a little tired.

"You don't seem to have convinced her." Kerr said lightly. He knew Nicole. Before Jay said

in his chest. Judging from Jay's expression, she knew that Jay must have told his plan to Kerr.

And he also got the support of Kerr.

"Nicole, I don't want you to be so sad. Well, I'll tell that brat not to leave and stay with you." As he spoke, Kerr let go of his hand that was holding Nicole.

He turned around and walked towards the door.

As soon as he took a step forward, he was hugged from behind by Nicole.

"I just don't want to leave him. I don't really forbid him to do what he wants to do." Nicole looked sad. In fact, she knew that Kerr was bluffing her.

She raised her head and looked into Kerr's eyes. "You have already known what he is thinking, haven't you? Why did you help him hide it from me?" Nicole questioned Kerr.

The grievance on her face had disappeared, and there was only a little stubbornness left.

Nicole stretched out her hand and pinched Kerr's waist. The perfect eight pack abs made her feel a little pain in her hand.

Withdrawing her hand, she reached out her hand to Kerr's ear.

"How dare you hide your secrets behind my back?" Nicole pretended to be very angry.

Kerr smiled and lowered his head.

Chapter 438 Not A Child Anymore

Kerr wanted to kiss Nicole's red lips, but she dodged.

Nicole stared at Kerr with her big eyes. She was worried about the relationship between Kerr and Jay, but she didn't expect that the two of them would hide the secret from her.

"Don't you mind that Jay had escaped with me? Why do you speak for him now?" Obviously, Nicole didn't figure out when the relationship between them began to get better.

She stayed with them every day, but she didn't notice it at all.

"It's between men. Of course you don't understand." Kerr put his arm around her shoulder and sat on the sofa. "I know you are just worried that Jay will not take good care of himself after he leaves you. In fact, you don't have to worry about this at all.

I will arrange everything for him. What he wants is a chance to experience the outside world. I have been there, so I understand his feelings." Kerr knew that he and Jay were very much alike.

Therefore, Kerr would try his best to offer a better opportunity for Jay and give him everything he wanted. Kerr knew that if he trained Jay well, he would be the best successor in the future.

"In fact, I also know that he was different from other children when he was born, but I thought he wouldn't leave so early, at least not now." Nicole leaned on Kerr's shoulder.

She looked a little depressed.

She just felt reluctant to part with him.

"After all, he is still young, isn't he?" Murmured Nicole. But she knew that if she kept Jay by her side, he wouldn't feel happy.

"He will grow up." Nicole kissed Nicole's hair and comforted her.

Nicole sighed and thought about Kerr's words.

At dinner time, Nicole sat beside Jay and looked at his side face. Jay had grown up a lo

hip with Mr. Kerr, but later she went abroad to study.

She had cut off contact with Mr. Kerr. After returning from abroad a few years ago, Miss Biao wanted to work in the Gu Group, but was refused by Mr. Kerr." Vedder simply introduced the identity of Miss Biao.

Nicole nodded, put down the things in her hands and went downstairs.

When Nicole went downstairs, she saw a girl sitting on the sofa. This woman looked about the same age as herself, wearing a light yellow suit, the latest style of a famous brand.

Kerr had customized this suit for her before, but she didn't want it because she didn't think the color suited her.

Now the woman was wearing this suit, but Nicole just didn't think it matched the girl's complexion.

The girl's skin was not very fair, and there was a bit of shrewdness in her eyes and brows, which left a bad first impression on Nicole. But she still walked downstairs with a smile at the corners of her mouth.

"Mrs. Nicole, this is Miss Biao." Vedder introduced to Nicole.

Hearing the voice of Vedder behind her, Miss Biao stood up and turned to look at Nicole with a friendly smile on her face.

Chapter 439 Relatives Of Kerr

"Nice to meet you, sister-in-law. I'm Hebe Gu, Kerr's cousin."

Hebe Gu walked up to Nicole.

She reached out her hand to Nicole, and looked at the woman in front of her up and down. The moment Hebe saw Nicole, she was indeed amazed by her beauty.

Although they looked about the same age, she could sense the different temperament of Nicole. Though Nicole was only wearing simple white casual clothes...

Her long hair was casually tied behind her head. She didn't even wear any makeup on her face, but her delicate features and fair skin instantly overshadowed Hebe.

With a faint smile, Nicole said, "Hello, Miss Hebe. Please have a seat. Uncle, please bring us some tea." Sitting on the sofa in a calm manner, Nicole felt Hebe's attentive gaze.

It made her feel uncomfortable. Moreover, there must be some reasons why Kerr didn't allow Hebe Gu to work in the Gu Group. There must be something that she didn't know.

"Miss Hebe, are you here for Kerr? What a coincidence. Kerr is in the company. He might come back a little late." Nicole said in an elegant manner, just like the hostess in this house.

Instead of sitting down directly, Hebe Gu walked up to Nicole and sat beside her affectionately. "Sister-in-law, you don't have to be so polite. Maybe you haven't known it since you have just entered the Gu family.

In the Gu family, I have the best relationship with my cousin. I know he is in the company. Before I came here, I had gone to see him. He is busy, so he asked me to accompany you.

Before I met you, I often heard Kerr mention you. Now that I see you, you are really a stunning lady. In fact, I have heard something about the uncle and aunt before.

Nicole, you don't have to take it too seriously. The elderly always have different points of

should look for another job."

Then Nicole stood up and saw Vedder coming downstairs. She took the jewelry box from his hand and said, "Miss Hebe, this is the first time we met. I hope you won't mind it.

It is a small gift for you." She handed the jewelry box to Hebe.

Without hesitation, Hebe took it over and opened the jewelry box in front of Nicole. Looking at a necklace inside, she was obviously surprised.

Obviously, she didn't expect that Nicole would be so generous.

"Thank you, Mrs. Nicole. In fact, I just mentioned it casually. I have something else to do, so I'm leaving now. I'll come to see you when you have time." Then Hebe put the jewelry box into her bag.

She stood up and left.

Nicole shook her head helplessly. When she turned around and was about to go upstairs, she heard the voice of Vedder behind her. "Mrs. Nicole, in fact, you don't need to do this." Vedder knew the Gu family well.

Looking at Nicole, he wanted to say something but stopped on a second thought.

Nicole looked at Vedder with a confused look on her face, but he didn't go on talking. It was not until Kerr came back in the evening that she realized what Vedder meant.

Chapter 440 You Are A Baby

Kerr's face darkened as he heard what Nicole said. "The Gu family will take advantage of your kindness and be greedy." Kerr said lightly.

Although he was also a member of the Gu family, he felt helpless when it came to the Gu family's intention. He knew that Nicole didn't know it yet, so she was fooled by Hebe.

"What do you mean?" There was a little confusion in Nicole's eyes, but when she thought of what happened to her today, she probably understood what Kerr meant. "So, is this the reason why you didn't allow her to work in the Gu Group?"

Nicole knew that Kerr had always been very calm in business, without any personal feelings involved. That was why the Gu Group was so successful. Nicole understood Kerr's principles.

Leaning on Kerr's shoulder, Nicole smiled faintly, "I know what to do, but it's very strange. Why didn't they come here before? Why did they suddenly appear at once?"

Nicole looked at Kerr curiously. In the past, she only knew that Jack and Freya had always said that the Gu family was huge and powerful clan, but she had no chance to see any other family members.

"Because the Gu Group is gone, and their stable and comfortable life is also affected. Of course, they have to find new business opportunities. And now you are their goal."

That was also the reason why Kerr changed the Gu Group into the KN Group. As a family business, the Gu Group had a certain share in the hands of Jack and

on like this, he wouldn't be able to go out.

Kerr opened his arms and waited for Nicole to unbutton his shirt one by one. Nicole looked at his buttons carefully, but in Kerr's eyes, it was an obvious temptation to him.

"You little siren!"

Holding Nicole's face, Kerr lowered his head and kissed her red lips.

With her eyes wide open, the suit in her hand fell to the ground.

"Let's see how I will deal with you when I come back tonight." Kerr pointed at Nicole's nose.

"It's really too late if you don't leave now." Nicole raised her head and reminded him.

Kerr looked at the lovely woman and said, "Go with me." While speaking, he took out a dress from the wardrobe and quickly changed the dress for her before she could react.

He held her hand and walked outside.
