Chapter 451 Nicoles Test

Nicole knew how greedy Hebe was, but she didn't expect her to be so straightforward. "Hebe, you're right. How about I go to the KN Group with you? I believe you would like it."

The smile on Hebe's face froze when she heard what Nicole said. She didn't expect Nicole to be so smart. But when she thought of what Phil had said on the phone just now, Hebe held back her impulse.

"Okay. Kerr is always very busy. I haven't seen him for a long time. It is great to meet him this time." Hebe said frankly.

Nicole didn't expect that she could mention Nicole so frankly. This time, Nicole seemed to have no reason to refuse. Anyway, she was going to see Kerr, so she had nothing to fear.

So Nicole picked up her handbag and thought it might be a surprise for Kerr.

Hebe's car was parked at the gate of the villa. Nicole sat in the back seat with her.

The driver in the front seat wore a peaked cap and pressed the brim of the hat very low.

The car started. Nicole glanced at the side face of the driver and felt a little familiar, but she was not sure.

"Hebe, please ask the driver to stop the car. I remember that I forgot something. I was going to bring it to Kerr." Nicole tested Hebe and had a bad feeling.

Perhaps it was because Nicole had experienced too many accidents that she began to suspect and become sensitive. She sincerely hoped that it was because she thought too much. After all, Hebe was Kerr's sister.

Moreover, when Nicole came out just now, many people in the house knew that she came out with Hebe.

Hearing what she said, Hebe was obviously stunned. She didn't even know how to answer Nicole. Subconsciously, she looked at the driver at the fro

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

Although she had never seen the cruel side of Kerr, she remembered that every time she saw Kerr, he was so serious that no one could get close to him.

Moreover, Jack and Freya couldn't even change the relationship between Kerr and Nicole. She didn't want to sacrifice herself and go against Kerr.

"Shut up, Hebe. You're on the same boat now. It's too late to stop now, so you'd better do as I say." Phil threatened.

Hearing the conversation between the two, Nicole knew what had happened. She took out her phone and wanted to call Kerr.

But she was spotted by Phil.

Phil stepped on the brake and stopped the car.

As a result of inertia, Nicole leaned forward and bumped into the chair in the front seat. The phone in her hand also slipped out of her hand and fell into the car.

"Ah!" Without any preparation, Hebe screamed and threw herself into the chair, losing her balance.

"Put her phone away, Hebe!" Phil ordered her, because she was closer to Nicole than him.

Hebe was still in a daze and didn't respond to what he said.

Feeling dizzy, Nicole closed her eyes and shook her head heavily.

Chapter 452 Run Away

Nicole reached out her hand and fumbled for the phone.

Seeing the expression on Hebe's face, Phil unfastened the seat belt, turned around and got out of the car. He walked to the side of Nicole and opened the door.

As soon as Phil opened the door, Nicole's finger touched her phone. Startled, she quickly held the phone in her hand.

"Give me your phone!" Phil held Nicole's wrist and tightened his grip. There was obvious threat in his eyes.

Feeling the pain from her wrist, Nicole let go of her hand unconsciously and the phone fall to the ground in front of her eyes.

She raised her head and looked at Phil next to her, "What do you want? What you want is nothing more than the shares of the KN Group. You have to think it over. Now that you treat me like this, things have changed."

Nicole warned Phil. She didn't want him to go the wrong way because he made a decision on impulse.

What's more, she didn't want Kerr to be in a pickle when he knew it.

"Nicole, what did you say to Kerr?" Phil questioned Nicole.

Although he always knew that Kerr had a bad temper, Kerr had never been so harsh to him. Before Nicole appeared, the Gu Group had been fine.

The profit he earned every year was enough to meet his needs.

However, after Nicole was with Kerr, the Gu Group would go broke like this.

Phil couldn't accept it, and he thought that Nicole was the one to blame.

Phil stretched out his hand, grabbed Nicole's neck and pulled her out of the car.

"Nicole, you want Kerr to send me to a remote place. Now I teach you a lesson." Phil's eyes were full of anger.

Nicole reached out and grasped his wrist, trying to get rid of him, but there was a huge difference in strength between

Phil thought about her conditions in silence.

Hebe stood up from the ground and reached out to push him. "Brother, this is a good opportunity. Do you want to miss it?" Hebe's eyes lit up.

In her simple mind, this was a great deal.

"Shut up!" Phil knew that Hebe was coward and couldn't achieve something big. But he also knew that if it weren't for Hebe, Nicole wouldn't have gone out.

With an aggrieved look on her face, Hebe held back her tears. She didn't dare to act recklessly in front of Phil.

"Phil, just think it over. I don't have much time. If Kerr finds out that I'm not at home, he will find me soon. At that time, things will be very troublesome. Even if I want to help you, it won't work."

Looking at the mobile phone thrown on the ground by Phil, Nicole wanted to get it. She found that his emotion was not very stable, and according to the insidious means he used...

She really couldn't believe Phil and thought that it was better to go back to Kerr as soon as possible.

Looking sideways at Nicole, Phil was very conflicted. Nicole's conditions were indeed a temptation to him, but he had to take the risks.

Chapter 453 Its Not Convenient To Talk

"How can you get the shares of the KN Group without informing Kerr?" Phil was not a fool.

At this time, no matter how much Nicole trusted Nicole, as long as she mentioned the shares of the KN Group, Kerr would feel that something was wrong.

He had to figure out a way to avoid Kerr's suspicion.

Nicole looked at him and didn't expect him to be so shrewd at this time.

"It's very simple. My shares are under my name. You know that Kerr trusts me very much. I'm in charge of these things. He doesn't need to ask about it."

In fact, Nicole didn't know what to do. She just tried her best to look calm when she saw the expression on Phil's face.

Phil weighed her words in his heart. He had doubts, but he also had reasons to believe her.

Suddenly, her phone rang, which shocked the three people present at the same time.

Hearing the exclusive ringtone of Kerr, Nicole was delighted. Seeing that Phil picked up the phone from the ground, she didn't go forward to snatch it from him.

"It's Kerr. If I didn't answer the phone, he will keep calling and suspect me. And he will come to me soon. If it gets you into trouble, don't blame me."

Nicole said calmly. She knew that Phil would also let her answer the phone in order to stall for time.

As expected, Phil walked up to her and put the phone in front of her. "You know what to say?" Before he made a decision...

He didn't want to disturb Kerr.

It would be troublesome.

Nicole nodded, and then Phil pressed the answer key. At the same time, he became nervous.

"Where are you?" Kerr's voice came from the phone.

Nicole could imagine the serious look on Kerr's face. "I'm outside. Jay needs something. I'll go out and b

.

"I said get in the car." Without giving her a chance to refuse, Phil pushed her into the car and slammed the door.

He turned around and sat on the driver's seat.

Phil started the car, locked the door and looked at the two women in the rearview mirror.

Hebe was scared, but Nicole looked much more calm, as if Hebe was the one who had been kidnapped, not Nicole. With a frown, Phil loosened his tie.

Then he threw it back to Hebe behind him, "Tie up Nicole's hands. Hebe, now, you have to listen to me, or you will end up a hundred times more miserable than what Kerr would do to you."

Phil threatened.

As expected, hearing what he said, with fear in her eyes, Hebe took the tie and looked at Nicole beside her.

With a faint smile, Nicole extended her hands in front of her.

"Hebe, in fact, you don't have to be so afraid. I won't tell Kerr. As long as you don't hurt me, money is not the most important thing for him and me."

Nicole comforted Hebe on purpose to make her relax her vigilance.

She knew that Hebe was a weakness in Phil's plan.

Looking at Nicole's amiable face, Hebe felt less scared.

Chapter 454 Prepare Fifty Million Dollars

Hebe tied the tie to Nicole's wrist, but not tightly.

Seeing what Hebe was doing, Phil didn't think too much. He parked the car beside a park and said, "Nicole, I don't care what you can do. I only give you ten minutes.

Send the money to this place in ten minutes. I want fifty million dollars. This number is not worth mentioning compared to five percent shares of the KN Group."

Hearing what Phil said, Nicole wanted to find a reason to refute, but seeing that he was obviously very nervous, she had to shut up. She knew that if she continued to refute, he would definitely be suspicious.

"Then you have to let me make a phone call, right? Otherwise, I don't have it with me now." Nicole stretched out her hand, trying to get the phone from the hand of Phil.

Phil held the phone tightly, but he didn't move. Finally, the phone was in his hand. Nicole dialed Avery's number and found a random reason to ask her to send the money here.

Avery agreed without hesitation.

Phil felt relieved and sat on the driver's seat, waiting for his man's call. As long as he got the money, he would leave here directly.

At the same time, at the gate of the KN Group.

Kerr sat in the car and was about to start the car when he saw Jared come out of the group in a hurry.

"Sir! I've found out that it's Phil. He sent the backed up photos to the newspaper. But because you have told media before, they don't dare to report it."

Jared handed the photo he just got to Kerr.

But Kerr didn't even look at her, but quickly locked the position of Nicole.

When he was about to start the car, his mobile phone rang. Looking at the number on the screen, it was not Nicole, so he directly hung up the phone.

Jared sat in the pa

window. Her eyes lit up and she suppressed the joy in her heart.

"I need to go to the bathroom." As she spoke, she reached out her hand to open the door, but it was locked by Phil.

The silence in the car was broken by Nicole, which made Phil very nervous.

"Nicole, don't play tricks!" He always felt that Nicole was not as simple as she looked. Then he looked at Hebe and said, "You go with her."

Phil commanded her.

Hebe nodded, opened the door and followed Nicole out of the car.

As soon as Nicole landed her feet on the ground, she felt herself in a warm embrace.

It was her familiar scent that made her feel at ease.

With a slight smile at the corners of her mouth, Nicole hid in Kerr's arms and breathed his scent. She knew that perhaps only in his arms could make her feel safe.

"K... Kerr!" When Hebe saw Kerr, she was surprised and kept stepping back. Fear was written all over her face.

Kerr didn't pay attention to Hebe's reaction. He let go of Nicole's hand. He held up her little face with both hands and carefully checked whether she was injured.

"Tell me, where did you get hurt?" Kerr asked Nicole nervously.

Chapter 455 The Voice From Hell

Kerr untied the tie on Nicole's wrist and saw a slight red mark on her skin. His eyes darkened.

Phil glanced around and was surprised to see Kerr. He started the car and was about to drive away.

The door was opened by Hebe, "Brother! You can't leave me alone!"

Hearing the sound of the car starting behind her, Hebe felt that Phil was about to run away. It was his plan and had nothing to do with her.

If Phil left now, Hebe knew that Kerr would put all the blame on her.

"Let me go!" Phil couldn't care so much now. He just wanted to get out of Kerr's sight.

Before Phil could closed The door that Hebe opened, he saw Jared walking up to him.

"Mr. Phil, where are you going? Why are you in such a hurry? Don't you want to say hello to Mr. Kerr?" Standing beside the car, Jared stretched out his hand and put it on the door of the car.

He then blocked Phil's door.

Phil's face darkened, "Fuck off! Who the hell are you? How dare you stop me?" Phil didn't take Jared seriously at all. He pushed Jared away and wanted to leave.

However, a silver Maybach stopped directly in front of Phil's car, blocking his way.

The door of the Maybach opened, and Avery got out of the car and trotted all the way to Nicole. "Let me have a look. Is everything okay?" Avery watched Kerr holding Nicole in his arms.

She was relieved and looked at Nicole with concern.

Zachary opened the door and walked over steadily.

"I'm fine. Don't worry," said Nicole, smiling at Kerr and Avery. Nicole didn't want to make it a big deal, but she had no choice as Phil was pressing her.

Hearing what Nicole said, Kerr let go of her hand and said lightly, "Go to the car with Avery and wait ived the phone call?" Avery raised her hand and tapped on Nicole's forehead. She thought that Nicole was too soft-hearted.

She was not as generous as Nicole. If someone dared to kidnap her, she would not let off him.

With a helpless look on her face, Nicole shook her head and said, "You are glad that Zachary is an orphan. You don't have to face his family, do you?" Nicole had no choice.

Avery shrugged her shoulders.

Looking at Phil in front of him, Kerr raised his hand and his clenched fist fell directly on Phil's face.

"Ah!" As a spoiled child, Phil had never suffered such pain before. He fell directly to the ground. Looking at Kerr in horror, Phil shouted, "Brother, I was wrong. Please let me go!"

He could only beg Kerr for mercy.

Looking at Kerr's murderous eyes, Phil had a bad feeling.

He was frightened.

Kerr kept his head down and looked at Phil in front of him. He didn't say a word from beginning to end. When he raised his foot, directly stepped on Phil's chest and stared at him.

"Ahem!" Phil felt a strong force on his chest. He held Kerr's shins with both hands and begged him.

Chapter 456 Who Dares

But Phil couldn't speak at all.

He struggled hard, but in Kerr's eyes, his strength was in vain.

Seeing that Phil couldn't ask for mercy, Jared felt relieved.

"Phil, don't think you can do whatever you want just because you come from the Gu family? If you don't understand the warning I gave you before, I can teach you what is not allowed to do what you shouldn't do."

Kerr said in a cold tone and kicked him harder. In the past, no matter how dissatisfied Kerr was with the dirty tricks of Phil, he had turned a blind eye to it.

But this time was different. Phil dared to hurt Nicole, so Kerr had to teach him a lesson.

The sound of a car came from afar. Jared turned his head and saw the car of the Gu family. He could not help but feel a little worried. After all, the Gu family also doted on Phil.

Zachary glanced at Kelvin and Jack who got out of the car. He stood straight and walked towards Kerr's car.

Seeing Jack, Nicole and Avery also got out of the car. Nicole looked at Kerr, and the appearance of Jack attracted everyone's attention.

But Kerr didn't pay attention to him. It seemed that Kerr didn't care who would show up.

"Stop!"

Seeing that Kerr had no intention of letting Phil go, Jack said seriously.

Zachary glanced at Jack with disdain. He walked to Avery, took Avery's hand and went back to the silver Maybach.

"What are you doing? Zachary?" Avery called his name. She didn't know why Zachary was about to take her away before the matter was settled.

Looking at Zachary passing by him, Jack's eyes lit up. Zachary's cold side face looked like a person, and he also looked like Kerr.

"You are..." Jack said lightly.

Hearing Jack's ques

of what he was doing, but he didn't know what he would do to Phil.

Seeing that Jared also disliked Phil, Kelvin had a guess in his heart.

"Kerr, you must let go of Phil today." Jack ordered Kerr, but because he was not feeling well, a little excitement made him feel uncomfortable.

His body trembled unconsciously.

"Sir!" Kelvin called as he walked to Jack and held his arm Kelvin looked nervous.

"Uncle Kelvin, send him home." After ordering Kelvin, Kerr held Nicole's hand tightly, turned around and walked towards his car.

Looking at Kerr's receding figure, Jared lifted up Phil who was lying on the ground and threw him into the car. Then he nodded to Jack and drove after Kerr's car, leaving Jack's sight.

"Kerr, is it really okay? Are you really going to kill Phil?" Nicole asked Kerr worriedly.

"Are you afraid? Did I scare you?" Kerr held the steering wheel with one hand and held Nicole's hand with the other. He felt the coldness from her fingertips. He then landed a kiss on it.

Nicole shook her head and said, "I'm not afraid. I just don't think it's worth it to make a scene because of Phil."

Chapter 457 Get Into Trouble

Looking at Kerr's side face, Nicole turned to face him and said seriously, "Kerr, although I hate what he did, we just need to teach him a lesson so that he won't dare to do it again.

You don't have to get yourself into trouble because of this kind of person." Nicole knew that it would be very troublesome once a person's life was involved.

She didn't want Kerr to get into any trouble. Their happy life had just begun, and they shouldn't have changed anything because of what Phil did.

"Don't worry. I won't kill him, but I won't let him go so easily." There was obvious meaning in Kerr's words.

Nicole was confused. Ten minutes later, two cars arrived at the gate of the hospital.

Standing at the door, Harley was waiting for Kerr. Apparently, he had received a call from him before, with a slight smile at the corners of his mouth.

"I'm curious. Who dared to offend Kerr?" Harley joked.

Kerr held Nicole's hand and got out of the car. "You'll know soon."

Jared's car hadn't arrived yet.

"Jared, let me go! I can give you whatever you want!" Phil knew that this was his last chance before the car stopped. If he really fell into Kerr's hands.

Then even if he could survive, he would feel worse than death.

Hearing that, Jared showed a sarcastic smile on his face. "Mr. Phil, when do you think of me as a human being? But every dog has its day.

You should be responsible for what you have done." Jared made it clear that he would not go against Kerr's will.

And for him, a person like Phil was not worth forgiving.

Phil struggled to stand up and looked out of the window. "Where are you taking me? Jared, think it over. If you let me go, you will get whatever you want.

You know my position in t

ed her head and looked at Kerr. Then she lowered her head and hid behind Kelvin subconsciously. She didn't know if Nicole had told Kerr that she was involved into Phil's plan.

Hearing what had happened to Phil, Hebe shivered and hoped that Kerr didn't notice her.

Seeing the look on Hebe's face, Nicole didn't say anything. After all, during the whole process, Hebe didn't really hurt her and she had regretted for what she had done. Nicole was willing to forgive her.

"Nicole, how did Phil find you?" Kerr didn't intend to let anyone go. He stared at Hebe and asked Nicole.

Kerr had already called Vedder before he found Nicole, knowing that it was Hebe who had asked her out.

Holding Kerr's hand, Nicole shook her head and said, "Kerr, you've taught a lesson to Phil. Forget it. I'm standing in front of you safe and sound, aren't I?"

Nicole persuaded Kerr.

She believed that this matter would soon spread throughout the Gu family, so the Gu family should also have a fear. She thought that it was enough.

"Kerr, I know I was wrong. I swear I didn't know my brother was going to hurt Nicole. I just wanted to go shopping with her."

Chapter 458 Made A Mistake

Before Kerr could say anything, Hebe admitted it.

This time, she was indeed implicated by Phil, but she didn't know if Kerr would believe her words.

Taking a step forward, Hebe walked up to Nicole, grabbed her hand and looked at her with beseeching eyes. "Nicole, you know that I don't want to hurt you at all."

Hebe knew that only Nicole could save her. After all, Kerr didn't show any mercy to Phil when Jack was there.

Nicole turned to Kerr and said, "Kerr, forget it. I didn't blame anyone. I believe that no one will hurt me in the future."

Nicole go of Hebe's hand. Although Hebe didn't really hurt her, Nicole knew that Hebe wanted to get some benefits from her.

The reason why Hebe didn't take action was that she was a timid woman.

Hearing what Nicole said, Kerr held her shoulder and didn't look at Hebe anymore. "Jared, send him to where he should go after the operation."

After giving a order to Jared, Kerr left the hospital with Nicole.

Looking at their receding figures, the worried expression on Kelvin's face was replaced by a sigh.

"Uncle Kelvin, don't overthink it. The operation is already going on, and this matter can't be changed. And it's all Phil's own fault. It has nothing to do with you."

Jared comforted Kelvin with a gloating look.

Looking into Jared's eyes, Kelvin just shook his head.

When Nicole and Kerr returned home, it was already dark. Looking sideways at Kerr, Nicole suddenly found that she didn't really know the man beside her at all.

"What are you looking at? Do you think I'm cruel?" Kerr sat opposite to Nicole and got some dishes on her plate. He didn't see her eyes, but he felt the surprise in her eyes

"At that time, you were just a rookie and always acted rashly." Kerr's eyes were full of affection. He put his arm around her shoulder and accompanied her back to her former office.

"If you don't like this place, I don't mind sharing an office with you." Kerr whispered in Nicole ear. He asked in a seductive voice.

This was what Nicole asked for last night. Otherwise, he didn't want to be apart from her for a second.

Nicole pushed Kerr away. Although there were no other colleagues here, she still felt a little awkward. After all, they were in the office.

"I have a meeting this morning. I'll pick you up for lunch." Kerr exhorted Nicole, then let go of her hand, turned around and left her office.

Nicole walked to the back of the desk and gently touched it with her fingers. She knew that everything here had been changed, but Kerr deliberately decorated this office with its original style.

But she knew it was in the past now.

"Knock, knock, knock!" There was a knock on the door of the office behind her. Nicole turned around and saw a woman in a black suit standing at the door.

Chapter 459 Things Change

The woman looked mature and capable.

It seemed that she was a few years older than Nicole.

"Nice to meet you, Mrs. Nicole. I'm your assistant, Daisy. If you need anything in work, please tell me, I'm happy to help you with it." Daisy bent down slightly towards Nicole.

She introduced herself to show her respect.

Nicole was slightly stunned. She suddenly remembered the first time she saw Lily. She didn't expect that things had changed in just two years.

"Hello, Daisy." Nicole sat on the chair and looked at the photos of Lucas and Jay on the table. She knew that it must be Kerr's special arrangements.

In fact, Nicole found that Kerr had changed a lot since he was with her, much more considerate than before.

"How long have you been in the company?" Nicole asked Daisy. She knew that the reason why Kerr arranged Daisy to be with her must be because he trusted Daisy.

"Mrs. Nicole, don't worry. I have been working for Mr. Mr. Kerr for a long time. But I won't show up in the Gu Group in the past, which is the KN Group today. From now on, I will only be responsible for Mrs. Nicole."

Daisy raised her head and looked at Nicole. When she saw the face of Nicole, a hint of loss flashed through her eyes.

Nicole captured that emotion, but she didn't know why Daisy had such an expression. Before she could ask more, her phone rang.

So she gave a hint to Daisy with her eyes indicated that she could leave first.

Daisy turned around and left Nicole's office. The moment she turned around, there was obvious sadness on her face.

Looking at Hebe's name on the phone, Nicole didn't have anything to say to her, so she hung up directly. She didn't want to have too much contact with Hebe.

She turned on the computer, but her phone rang again. This time it was a strange number, so she

front of her. The man had a cold face, somewhat similar to Jack.

There were obvious signs of age on the woman's face, and her eyes were obviously red and swollen. Sadness was written all over her face.

Nicole frowned. Although she had never seen Hebe's parents, she was almost sure that that couple must be them.

"Mrs. Nicole." Jared's voice came from behind Nicole.

Jared trotted to Nicole's side. Before he asked what happened to her, he raised his head and saw Curry Gu and Grace Zhang, so he slightly bent over to them.

"Mr. Curry! Mrs. Grace." Jared knew that these two people were most likely to come here to make trouble, but no matter how hard they tried, it was useless. After all, Phil had left A City, and only Kerr knew the specific location.

Hearing Jared's words, Nicole looked at the couple in front of her.

Curry Hu stopped and looked at Jared. His face was cold, but he didn't take Nicole seriously. "Jared, it's a good to meet you.

You must have known what happened yesterday. Can you tell me what on earth Phil did wrong? If you can tell me, I won't make things difficult for you. I can go straight to Kerr."

Curry Gu asked Jared seriously, but he said it to Nicole.

Chapter 460 Give Me An Explanation

Grace stared at Nicole all the time. "That's right! What happened to Phil? Why did it become like this? Phil is our only son!"

Grace had been crying for the whole night since she knew what had happened to Phil yesterday, but she had no choice but to come to find Kerr.

"Mr. Curry, Mrs. Grace, I don't know what to say. Mr. Kerr is having a meeting now. He must not want to be disturbed by others right now. You know Mr. Kerr's temper."

Jared winked at Daisy, indicating her to take Nicole away first. As far as he knew, Kerr would deal with this matter. And he would definitely not want Nicole to get involved.

But since Nicole had come down, she did not intend to escape.

"Do you mean that Kerr doesn't have time? What did you just call her? Is she Kerr's fiancée?" Curry looked at Nicole up and down.

Although Nicole looked delicate and fragile on the surface, when Curry looked into her eyes, he saw a tenacity in her eyes.

Such a look was not something a coward woman would have.

It seemed that Nicole was not a simple person.

Jared didn't expect that Curry would notice it.

He was about to come up with an excuse, but he heard Nicole's voice.

"I guess you must be Phil and Hebe's parents. Mr. Curry, Mrs. Grace, I'm Kerr's wife, Nicole Ning. If you two need to have a talk with Kerr...

You can have a chat with me first." Said Nicole calmly.

She knew that what Kerr said was right. Phil made a mistake, and he should pay the price. Nicole just didn't want them to put the blame on Kerr.

"Because of you bitch, right? It's because of you that something happened to Phil!" Grace blamed Nicole, cried and complained, and unconsciously raised her voice.

Although it was not the peak hour in the company, there would still be employees passing by. N

ould we do?" Curry questioned Nicole.

"In the past, when the Gu Group was fine, the Gu family was safe and sound. But since the accident happened to the Gu Group, the Gu family began to have accidents one after another. What happened?"

Curry didn't directly pin all the blame on Nicole

But Nicole understood what he meant.

With a faint smile on her face, Nicole said, "I don't understand what you are talking about, Mr. Curry. Are you worried about the whereabouts of Phil? Or are you worried that after the Gu Group is gone, and Phil is not around, no one would take care of you when you were old?"

There is a fundamental difference between these two questions. I hope Mr. Curry can give me a clear answer." Nicole didn't expect that the Gu family was still concerned about their own interests at this time.

She didn't know how Phil would feel if he knew it.

"Nicole! Don't beat around the bush with me. They are the problem. Today I want an explanation from you. Or you send Phil back to us safe and sound."

Otherwise, you have to be responsible for our problems." Curry took it for granted. Before he came here, he had already known from Jack how powerful Nicole was.
