Chapter 461 It Has Nothing To Do With Me

Now Curry had experienced it personally.

Nicole shook her head and said, "Mr. Curry, I'm afraid I can't help with you it. You know what kind of person Kerr is. He won't agree. It's because Phil did something wrong.

So he got the punishment. Even kids know it. I know you two must understand it. As for what Phil did, you can ask Hebe.

She knows it best. And it's already generous enough for me to let go of her. I don't want you to push your luck. Your problem has nothing to do with me."

It was not until today that Nicole realized that sometimes her kindness would indeed become an excuse for others to take advantage of her.

This time, Nicole said resolutely, "I know what you are thinking about. Phil couldn't get the shares of the KN Group, but you two still want it.

But I've made it clear. If Kerr agrees, I will not be stingy. If you are sure that you can persuade Kerr, I can give up my shares."

After saying that, Nicole stood up directly and looked down at the two stunned people in front of her. "If you really want to go to find Kerr, then help yourself.

I don't mind it as long as you are not afraid that Kerr would be angry with you." Every time Nicole mentioned Kerr, Curry and Grace would look embarrassed.

They seemed to be afraid of Kerr.

Perhaps no one in the Gu family dared to provoke Kerr.

Nicole had never thought of using Kerr's power to bully others.

However, these people pushed her hard, and she was unwilling to compromise. From today on, she had to be different.

Nicole turned around and walked out of the coffee shop. Breathing the fresh air, she felt relaxed. In fact, sometimes compromise could not extricate herself from the situation, nor could make herself happier.

Jared followed Nicole and felt ha

every day without any achievements.

Kerr raised his hand and looked at his watch. "Lunch is ready." It was less than eleven o'clock in the morning, and Kerr tried every possible excuse to see Nicole.

With a dark face, Nicole looked at the time on her desk and said, "Mr. Kerr, if you continue to disturb my work like this, I will seriously consider quitting the job."

She tried to frighten Kerr, but it worked. Five minutes later, Kerr finally hung up the phone obediently.

Nicole shook her head helplessly, but looked sweet.

But in comparison, the Gu family was obviously not in a peace now.

In the Gu family's house.

Sitting between Curry and Freya, Grace held Freya's hand and complained tearfully, "Phil is our only son. Can't we really see him for the rest of our lives? What should we do in the future?"

Recently, the Gu family had already been in a pickle. Even if no one said it, everyone knew it in their hearts.

After hearing what had happened, Freya became angry. "To tell you the truth, Nicole has already given me and Jack a hard time. How could she go so far?"

Freya knew that Curry and Grace wanted to get the shares of the KN Group...

Chapter 462 A Favor

It was also because that Phil was greedy for money that something bad happened to him, but Freya couldn't care so much now. It was better to let the Gu family than Nicole to get the shares.

"Jack, Freya, you can't just sit by and do nothing. There are so many people in our family. How can we lose to Nicole?" Curry urged Jack angrily.

Obviously, he had sacrificed his son, and it was impossible for him to let it go. "I've seen it today. Nicole can work in the group at will, but Hebe has graduated for so long..."

"I just want Kerr to give Hebe a chance to practice in the company, but he doesn't want to. Isn't it too unfair?" Curry knew that Jack hated people to enter the Gu Group except the Gu family.

It used to be, and now it is.

Although the Gu Group had changed its name and became the KN Group, in Jack's eyes, they were the same, both belonged to them.

Seeing the angry look on Jack's face, Freya knew that he had tried to stop Kerr, but failed.

"In my opinion, we still have to let Kerr and Nicole come back and live with us. I don't believe that Nicole can still play tricks on our son."

In fact, what Freya worried about was not that Kerr had been manipulated by Nicole, but that the Gu family's needed Kerr's help right now.

If Kerr continued to ignore them, the Gu family would soon show signs of collapse. At that time, Freya would never be able to enter the upper class again.

She had been living a rich life since she was born. Now the Gu family was obviously unable to meet her needs for life.

The phone in her pocket suddenly rang and Freya took it out. When she looked at the number on it, her face changed involuntarily. She stood up and walked out of the living room with the phone in her hand.

It was not until she was far away from them that she put the pho

blic, and Kerr still didn't trust us."

Although Jack didn't want to accept Nicole at all, in fact, from a rational point of view, he admitted that Freya's idea was the best.

"Then we'll hold a wedding ceremony for them in the name of Gu family. In fact, you know what is in Kerr's mind. Even if we don't prepare it for Nicole, he will prepare for her. We can't stop him.

Then why don't we do him a favor?" Freya looked complacent. If she could take advantage of the current situation to get Kerr's favor, perhaps the Gu family would get better.

Jack kept silent, which meant that he acquiesced in her idea. But he couldn't carry out this plan himself. He stood up and walked upstairs to the study.

"Do whatever you want to do." Jack said with exhaustion.

Zachary's appearance still appeared in his mind. He always felt that Zachary had a very familiar feeling. Sitting in the study, Jack looked at Kelvin in front of him and said, "Kelvin, go and investigate the child of the Lin family."

Kelvin nodded at Jack. He wanted to say something but stopped on a second thought.

Freya watched Jack leave with obvious complacency in her eyes, although she was not the woman that Jack loved...

Chapter 463 Strong Backing

But Freya supported the Gu family when it was in the most difficult time.

She picked up the phone and started to make plans for the wedding.

Because the hotel where the wedding would be held was owned by the Gu Group, and the manager of the hotel knew Freya, so when he heard that it was Kerr's wedding, he agreed without thinking too much.

Satisfied, Freya hung up the phone.

In the KN Group.

Looking at the folder in his hand, Kerr thought of Nicole in his mind. He picked up the phone and said directly after it was connected, "Mrs. Nicole, please come to my office with the materials you got."

After saying that, he directly hung up the phone, leaving no chance for Nicole to refute.

Hearing the overbearing voice of the man on the phone, Nicole shook her head helplessly. Then she could only pick up the folder on the table, walking towards Kerr's office.

She pushed the door of Kerr's office open and walked in without knocking. "Mr. Kerr, what can I do for you?" She sat directly at Kerr's desk.

Her slender legs were swaying in front of Kerr. The slim hemline of her dress restricted her movements, but made her more attractive.

Kerr raised his head and looked at the flirting smile on her face. He grinned, "Seduce me?" The next second, Kerr reached out and held her into his arms.

Kerr lowered his head and exactly landed a kiss on her cheek.

"Hmm..." Nicole didn't expect Kerr to be so direct. She slightly twisted her body, trying to struggle, but failed. Her body was tightly locked in Kerr's arms.

In fact, Nicole just wanted to make a joke, but she didn't expect to fall into the hands of Kerr. Maybe in front of Kerr, Nicole could never escape from him.

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

t happy.

"Knock, knock, knock!"

There was a knock on the office door. Nicole stood up from Kerr's legs and tidied up her clothes. When she found nothing wrong, she signaled Kerr to let him in.

"Come in." Kerr said indifferently.

Jared pushed the door open and walked in, followed by Kelvin.

"Sir, Uncle Kelvin is here." When Jared was outside the door just now, he had already known what Kelvin wanted to do, but he didn't know how Kerr would react when he knew it.

Standing next to Kerr, Jared knew that Nicole was also there. Anyway, Nicole would know it sooner or later, so Jared didn't intend to avoid her.

Nicole looked at Jared and Kelvin curiously.

Kelvin nodded to Kerr and Nicole and stepped forward with a smile on his face. In his opinion, no matter what the purpose of Jack and Freya was, what he was going to say was a good news for Nicole and Kerr.

In his heart, he only hoped that the Gu family could live a peaceful life without any disputes. He stepped forward and put the things in his hands in front of Kerr.

"Mr. Jack and Mr. Freya asked me to give these to you, Mr. Kerr, Mrs. Nicole."

Chapter 464 I Want To Marry You

Looking at Kelvin's action and the smile on his face, Nicole was confused. "Uncle Kelvin, you are so happy. Is there a good news?" Nicole asked.

But Kelvin looked at the envelope in Kerr's hand. "Mrs. Nicole, you'll understand after taking a look at it."

Following his sight, Nicole lowered her head and looked at the envelope in Kerr's hand.

When Kerr opened the envelope, he saw a red and gilded invitation. Obviously, it was an invitation to the wedding. But as far as Kerr knew, there was no one who could ask Kelvin to send the invitation in person.

And no one in the Gu family was going to get married.

As soon as Kerr opened the invitation, he and Nicole saw the name clearly printed on it.

However, both of them looked surprised. Obviously, they didn't expect such a result.

"What do you mean?" Kerr looked at him seriously. He had never thought that Jack and Freya would give them a sudden surprise.

For Kerr and Nicole, as long as Jack and Freya didn't cause them any trouble in their lives, they would be happy enough. Why did Jack and Freya give them such a big surprise?

Nicole was also stunned. In fact, she didn't care much about the wedding. It was just a wedding ceremony, as long as Kerr was still with her, it was enough for her.

"Uncle Kelvin, is there any misunderstanding?" Nicole asked politely. After all, when they ran away, Kelvin had sincerely thought of helping them.

So she respected Kelvin very much.

Knowing how Kerr and Nicole would react, Kelvin nodded at them and said, "Mr. Kerr, Mrs. Nicole, Mr. Jack and Mr. Freya are preparing for your wedding.

Mrs. Freya asked me to tell you that since everything has been settled and Mr. Kerr has made up his mind, they are willing to fulfill your wish and give you a wedding, which can show their sincerity.

She said she hope Mr. Kerr

go back and tell the Gu family. Thank them for their kindness. We will be there on time. If they need anything, please tell me in advance."

She didn't want to put Kerr in a dilemma. Anyway, it was just a ceremony, and it was not that important to Nicole. There was no need to have conflict with the Gu family because of this.

"Okay, I'll go back first." Hearing the affirmative answer of Nicole, Kelvin smiled.

He knew that Nicole was a reasonable person, so he turned around and left Kerr's office.

"Why?" Kerr said lightly. Looking at Nicole's smiling face, he couldn't understand what she was thinking about.

"There is no reason. Don't you want to marry me?" Nicole picked up the invitation card put aside by Kerr, with her and Kerr's names on it.

A happy smile appeared on her face.

Holding Nicole's hand, Kerr frowned, "I want to marry you. I said I would give you a unique wedding. I remember what I said, and I will never break my promise."

Kerr thought Nicole was angry.

In fact, he was more anxious than anyone else. The wedding was postponed because of the farce of Bonnie. Kerr was so angry that he even wanted to kill her, if it was not that he had to care about Nicole and Ken's feelings...

Chapter 465 Everything

Kerr wouldn't let go of Bonnie so easily.

Looking at the nervous look of Kerr, Nicole smiled brightly, "silly boy, I was just kidding. As long as you are by my side, I will not care about this ceremony?"

"I don't like those illusory things. I just hope that you can appear in time when I need you." Said Nicole frankly.

That was exactly what she thought, so she spoke it out without hesitation.

Kerr nodded, "don't worry. I will be with you." Holding Nicole's hand, Kerr was satisfied.

"So, if someone has prepared these things for us, why don't we accept it? I know you have no idea about their purpose, so you are hesitant. But if we don't accept it, we don't know what they are going to do next. "

"Kerr, I'm not as timid as you think. For me, no matter what happens, it's impossible to separate us." Nicole said firmly.

Putting Nicole's hand to his lips, Kerr kissed it gently.

"How lucky I am to have such a good wife!" Kerr said pleasantly.

"Thank you for your love, Mr. Gu." Looking at Kerr, Nicole felt satisfied.

Looking at the folder on the table, Nicole said, "I'll go for this project. I'll go tonight before the wedding, and try to come back before tomorrow night."

She knew that when Kerr sent this project to her, it meant that he had prepared well for Nicole. She didn't need to have any worries.

Kerr looked at Nicole and smiled, "I've asked Daisy to arrange all the schedules for you." Kerr said firmly. Although Nicole said she would think about it, Kerr had already guessed the answer.

Nicole was obviously stunned. It had only been a morning since she got the project, but Kerr had already made a decision for her.

She had to admit that Kerr knew her best in the world.

Letting go of Kerr's hand, Nic

aisy was still on guard against her, so she refused to tell her what was on her mind. And Nicole was not interested in prying into other people's secrets.

Looking at Nicole, Daisy hesitated for a while, and finally nodded, "Mrs. Nicole, come back as soon as possible. Call me if you need anything." Daisy covered her belly with her hands all the time.

She tried to hide her expression and Nicole didn't find anything unusual.

Nicole nodded, "I know. Have a good rest." For Nicole's safety and convenience, Jared prepared a suite for her, and she lived in one of the rooms.

Daisy lived in the room outside. Seeing that Nicole left, Daisy raised her hand to cover her mouth and ran to the bathroom. The feeling of tumbling in her stomach made her feel very uncomfortable.

After spitting out almost all the food she had eaten for the whole day, Daisy raised her head and looked at herself in the mirror, whose face was pale.

Nicole walked into the dining room, ordered two of her favorite food, and sat at a table by the window, reading the documents of the person in charge of this project in the D City.

"Excuse, me."

She heard a voice close to her.

Chapter 466 Parted In Discord

Nicole looked up when she heard the voice.

Looking at the man's handsome face, Nicole was stunned. She lowered her head and looked at the material she had just read. The person in the photo was in front of her.

"Mr. Zhang?" Nicole stood up and nodded to the man in front of her.

The man smiled at her and said. "Miss. Nicole. Just call me Harry." Harry Zhang reached out his hand to Nicole.

Nicole nodded slightly, "I didn't expect such a coincidence." She didn't hold out her hand.

Harry Zhang seemed to have noticed that Nicole didn't want to be too close to him, so he didn't force her. He withdrew his hand and said, "It's really a coincidence. The KN Group has handed me the project information, so I saw your basic information."

Raising his hand, Harry gently pushed his gold rimmed glasses on his face and behaved politely.

"I just arrived at the D City. I didn't expect to meet Mr. Harry here. I think you must be busy with your work. Let's talk about the project tomorrow." In fact, Nicole really wanted to have a talk with Harry Zhang now.

Then she could finish her work earlier and come back to Kerr as soon as possible. She began to miss her home.

Harry Zhang smiled and said politely, "Miss. Nicole, if you don't mind, I don't have anything else to do tonight. Maybe we can sit down and have a talk now."

Harry didn't seem to be surprised at her reaction.

But this was exactly what Nicole wanted.

"Please have a seat, Mr. Harry." Nicole said politely and looked at her watch. It was just half past eight. It was still early.

"Miss Nicole, you really put your work first. I wonder if you are married or not? Are you in a hurry to go home?" Harry said half-jokingly.

Nicole was obviously stunned. She didn't expect that Harry Zhang would

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

Now looking at Ben, she felt that he was looking at her kindly.

"Nicole, I have something to talk to you. It's not convenient to talk here. Let's go out and have a talk." Ben was about to leave with Nicole. When he was about to hold her wrist, Nicole dodged.

With a vigilant look on her face, Nicole looked at Ben and said, "Mr. Ben, what's the matter? Please sit down and tell me directly." Nicole resumed to her seat.

What she meant was clear. If Ben really had something to say, he could sit down and have a talk openly. If there was nothing else, she was not interested at all.

Looking at Nicole's expression, Harry couldn't help but sigh at her courage. He had been with Ben for so long, and it was the first time that he had seen someone dare to treat Ben like this.

Ben was not surprised at Nicole's reaction. He just waved his hand at Harry, indicating him to leave.

Harry turned around and left the restaurant. At the same time, he asked the hotel manager to clear up all the people in the restaurant, leaving some space for Ben.

"Mr. Ben, it took you so much effort to see me. I'm curious about what makes you pay so much attention to me." Nicole wondered.

Chapter 467 Your Dowry

At first, she thought it was about Harley and Lisa, but now it seemed not to be the case.

"Are you really going to marry Kerr?" Hearing the conversation between Nicole and Harry just now, Nicole was full of worries about the upcoming wedding of the Gu family.

Nicole frowned slightly, "Mr. Ben, you seems to be interested in my marriage? It seems that this has nothing to do with Mr. Ben, right?" Nicole saw the concern in his eyes.

Such concern had nothing to do with the relationship between men and women, but more family affection, which made Nicole feel very strange.

Hearing what Nicole said, Ben looked out of the window and said, "Nicole, Lisa told me that this is your choice. Only in this way can you feel happy when you marry Kerr. Even if you have to face a lot of trouble, you are willing to do it.

I don't understand. I don't want you to face those troubles. Now, I just want to ask you, are you sure you want to marry Kerr? Facing the troubles of Gu family with him?"

In Ben's opinion, Kerr was not a good match for Nicole, but it was obvious that Nicole didn't think so.

"Mr. Ben, thank you for your concern. But I know that Kerr won't let me regret my choice, so I don't have to hesitate. Lisa is right. Everyone has his own choice.

Because everyone knows what they want." Nicole also hoped that Ben would no longer object to the relationship between Harley and Lisa.

Ben nodded and reached out his hand.

Seeing Ben's gesture, Harry, who was standing at the door of the restaurant, walked to him, handed over the file bag, and then stood beside him.

"Your dowry." Ben put the portfolio in front of Nicole.

His casual words surprised Nicole.

However, Ben didn't want to explain too much to her. After he finished speaki

. Although he hadn't been able to speak, he seemed to have a keen perception of outside world.

As soon as Nicole's voice came from the phone, Lucas opened his eyes directly and looked at the phone in the hand of Harrow with a pair of big eyes full of expectation.

"It's okay. I think that Lucas probably misses you." "It's Mommy," said Harrow, putting her phone in front of Lucas.

She was guiding Lucas.

But Lucas just stared at the phone in her hand without saying anything else.

Hearing this, Nicole smiled faintly, "It's Mommy, Lucas. Mommy will be back soon. Be good, okay?" A happy smile appeared on Nicole's face.

Although Lucas couldn't speak, he seemed to understand what Nicole said. He nodded hard and smiled.

Harrow looked at Lucas's reaction in surprise.

Nicole talked to Lucas for a while. Although Lucas didn't respond, Nicole knew that he could understand what she said.

Putting down the phone, Nicole smiled happily.

Daisy caught a glimpse of Nicole's side face. When she answered the phone, Daisy heard their conversation.

Looking at Nicole, Daisy's eyes gleamed with happiness.

Lucas and Jay were God's best gifts to Nicole.

Chapter 468 A Greedy Man

Nicole felt that all the pain and difficulties she had experienced before seemed to be worth it.

The car was driven back to Kerr's villa. As soon as she got off the car, she saw Kerr standing at the gate of the villa.

"Are you tired?" Kerr put his arm around Nicole's waist and asked her gently.

Nicole shook her head with a smile. "Is there anything wrong with Lucas?" Nicole asked Kerr.

Although she knew it was quite unlikely, she was still a little worried.

"He was fine, but if you don't come back, his father will not be good." Kerr said that seriously and walked into the villa with his arm around Nicole's waist.

Nicole smiled helplessly. She knew that Kerr was missing her. Who would have thought that the CEO of the company and the future successor of the Gu family would rely on a little woman like this.

If others knew it, Nicole was worried that it would affect Kerr's reputation, but Kerr didn't seem to care about it at all.

As soon as she entered the villa, she saw a lot of people standing in the living room. She could not help but feel curious.

Kerr took her to the sofa and sat down. Nicole looked at the man in front of her curiously.

"Young Mistress, this is the wedding dress we prepared for your wedding. Please see what kind of style you like." A woman walked up to Nicole and put the design album in front of her.

Holding the design draft in her hand, Nicole opened it casually.

"It's too late to redesign one now, but I've prepared these for you. You can choose one from them." Kerr raised his hand and stroked Nicole's long hair.

Although he knew that this was a perfunctory wedding of the Gu family, it was not the case in his eyes. He would give the best to Nicole at any time.

"When did you prepare these wedding dresses?" Nicole had never heard Kerr mention the company is my betrothal gift to you."

Kerr kissed Nicole's forehead with tenderness in his eyes.

Hearing Kerr's words, Nicole was obviously stunned. The rest shares of the KN Group were in her hands, and her betrothal gifts and dowry... Nicole thought for a while and hesitated whether she should tell Kerr about the shares of the group.

"Actually..." When Nicole was about to speak, Kerr's phone rang.

Nicole swallowed back what she was about to say.

She lowered her head and looked away. Looking at the design album in her hand, she was a little flustered. The existence of Ben was like a mist, showing in front of her.

Her intuition told her that there was a bigger secret behind Ben.

But she couldn't doubt everything based on her intuition.

Kerr put the phone near his ear and listened to the voice on the phone. His face darkened, "No, she doesn't need to do that. Let her solve the problem by herself and tell those people."

"The KN Group has nothing to do with the Gu family. But if anyone dares to make trouble at my wedding, don't blame me for being rude." Kerr said with obvious cruelty.

He warned the caller seriously and put down his phone. His face showed displeasure.

Chapter 469 A Strange Dream

"What happened?" Nicole hadn't seen Kerr so angry for a long time. Her intuition told her that something must have happened.

With a worried look on her face, Nicole held Kerr's hand and felt that he had gradually calmed down and his face softened.

Kerr held Nicole's hand and shook his head. "It's just some work troubles. Don't worry. I can handle them." After saying that, he stood up and went back to the study.

Looking at his back, Nicole knew that Kerr had hidden a secret from her, but she didn't doubt his motive at all.

Sitting on the sofa, Nicole kept thinking about Ben. She wanted to know what was going on with Ben, but if she didn't tell Kerr...

Then Nicole would have no chance or ability to find out the truth.

Jared came in and nodded to Nicole, "Mrs. Nicole." After greeting her, he went upstairs directly.

Pushing the door open, Jared saw Kerr's back. "Sir, those people are forcing Mrs. Freya to pay back the money, but as far as I know, she has sold a lot of personal items.

But facing that huge gambling debt, her struggling was in vain." Jared had always known that Freya was addicted to gambling, but the Gu family was rich and powerful, so they didn't care about the loss at all.

Many of the Gu family's real estates were actually under the name of the Gu Group. As a member of the Gu family, they only had the right to use them. Before the Gu Group declared bankruptcy, those real estates were also facing the risk of sealing up.

Now, the only thing that Jack and Freya could control at will was the old house of the Gu family. However, neither Jack nor Freya would sell it.

They only relied on this mansion to maintain the glory of the Gu family.

Hearing Jared's words, Kerr's face darkened

night in your life." His words were full of warning. He would not let Nicole in danger again.

Nicole fell asleep with a smile.

In her dream, Nicole saw Ben, who seemed to be smiling at her. The heavy mist blanketed his figure, and she couldn't see clearly where she was. Then she founded that she was in the Xue family.

Nicole felt familiar, "Mr. Ben, have I been here before?" Nicole frowned and asked Ben, but he didn't answer. He just smiled gently at her.

"I don't allow you to be with Kerr!" A harsh voice rang in her ear, making her shiver involuntarily.

She turned around to look for the voice, "Who is it? Who are you? Who is talking?" It was not the first time that such a voice had appeared in her dream. She really wanted to know what had happened.

In a daze, she felt someone pushing her body.

Nicole slowly opened her eyes.

"Nicole? Did you have a nightmare?" Kerr frowned and sensed the uneasiness of the little woman in his arms. Then he woke up Nicole.

Looking into Kerr's eyes, Nicole shook her head and said, "It's just a strange dream." Nicole sat up and looked outside. It was already dawn.

"Should we get up now?"

Chapter 470 Hold Your Hand And Grow Old With You

Nicole asked Kerr in a daze. She had known that today was their wedding, but when this day really came...

She couldn't help but feel nervous.

However, she felt a little regretful that Jay was not here.

"I'm going to wash my face." Nicole got out of bed. She didn't want Kerr to feel her disappointment. Today was their big day. She didn't want to ruin it.

After freshening up, Nicole walked out of the bathroom and saw that Kerr had put on his clothes. She was slightly surprised, "Are you going to work? The stylist and makeup artist must have arrived, right?"

Sitting in front of the dressing table, Nicole seemed to be still in a dream.

Kerr walked up to Nicole, held her shoulder and looked at her in the mirror who without any make-up. He kissed her hair and said, "I'll go out for a while and come back soon."

Nicole nodded. After Kerr left, she saw the stylist and dresser coming in.

Kerr, who was standing in the living room, looked at Harley and Ken with a smile.

"Congratulations!" Raising his hand and gently pounding on Kerr's shoulder, Harley said, "You guys have been through a lot and finally have a wedding. It seems that the Gu family has completely accepted Nicole this time."

So far, Harley still didn't understand why Lisa ignored him.

"She didn't come with you?" Kerr asked deliberately. If he didn't want to investigate the background of Xue family, he wouldn't have taken advantage of the relationship between Harley and Lisa in this way.

Hearing Kerr's words, Harley curled his lips and said, "You know why." He sat on the sofa with a helpless look on his face.

Ken stood aside and didn't say anything. After the fire last time, they all found the change in Ken, but no one pointed it out.

"Your father is still forcing you to go on a blind date?" Kerr frowned and looked at Ken who was absent-minded.

Kerr wanted Ken to see through

her shoulder and said, "Nicole, I love you."

Although they had made up their minds to be together, Kerr still felt gratified, moved and relieved when he knew that Nicole really belonged to him.

Nicole felt a lump in her throat and patted his back gently. "You must make me cry, right? You know that if I cry, my make-up would be in a mess and I would not be pretty anymore."

Recalling the hardships they had gone through along the way, Nicole felt bitter.

Letting go of Nicole's arms, Kerr held her hand and walked to the dresser. He helped her sit down and took out the jewelry box from the drawer.

When he opened it, a diamond necklace appeared in front of them. Kerr picked it up and put it on her neck. Through the mirror, Kerr looked at Nicole and smiled.

"Do you like it?" There was obvious pride in Kerr's eyes.

With her eyes full of surprise, Nicole nodded, "You design this for me?" Nicole stretched out her fingers to touch the necklace around her neck. The pendant was in the shape of a pair of hands holding together.

There were diamonds inlaid the outline.

It could be seen that Kerr had put a lot of thoughts into it.

Kerr nodded, "It represents that I want to hold your hand and grow old with you." Kerr said gently.
