Chapter 471 Making Trouble

For Kerr, this was probably the most sweetest word and also the best wish.

Nicole lowered her head and held the necklace pendant around her neck, with red eyes. She could feel Kerr's love for her from the bottom of her heart.

Kerr knew that Nicole was moved, but today was a big day for them. He didn't want to see her tears.

"Knock, knock, knock! Why are you two still dawdling? If you don't come out now, it will be too late." Harley's voice was full of joy.

Nicole raised her head and looked at Kerr behind her. She had adjusted herself and said, "Mr. Kerr, my heels are very high today. You have to hold me tight and don't let me fall down."

The hemline of the wedding dress was very big, so she specially wore a pair of nine centimeter high heels, so she was a little uncertain.

"Don't worry." Kerr carried Nicole in his arms and walked towards the door.

The bedroom door was opened, and Kerr stood in front of them with Nicole in his arms.

"Wow! Nicole, you are so beautiful!" Avery stood at the door and saw Nicole in a white wedding dress. The veil covered her face, making her look mysterious and noble.

Standing next to Avery, Zachary saw the envious look in her eyes and kept it in mind silently. If Avery didn't refuse him at that time, they might have already been married.

Holding Avery's shoulder, Zachary whispered in her ear, "You will have one too."

Hearing Zachary's voice, with happiness and expectation on her face, Avery leaned on his shoulder lovingly.

Standing aside, Harley shook his head helplessly. "If I had known it earlier, I would have gone to the Gu family's old house directly, so as not to have be jealous of your guys." Lisa's face appeared in his mind.

But unfortunately, Lisa didn't come today.

Nicole smiled shyly and looked at Kerr. There was only happiness in her eyes.

The group got on a line of the m

eam to be afraid of being rejected because she didn't have invitation at all.

It seemed that Sunny deliberately wanted to make trouble today, so it was more impossible for Ken to let Sunny appear at Kerr's wedding.

"Why can't I go with you since I'm invited by the Gu family? But Mr. Ken, are you going with us? If my memory serves me right, Mr. Ken almost became my brother-in-law, but unfortunately...

Bonnie is a good girl and she really likes you. Mr. Ken, you are so heartless." Sunny smiled complacently.

Ken had deep feelings for Bonnie, so Bonnie was unafraid of anything. And Sunny just took advantage of this weakness. But she didn't expect that Ken would really break up with Bonnie.

Hearing Sunny mention Bonnie, Ken's face darkened. He opened the door and walked straight to her. Ken was full of anger, and he had no place to vent it.

Looking at Ken's face, Edward got out of the car and stood beside Sunny. He knew that Sunny was deliberately provoking Ken. But if Ken really did something to hurt Sunny, Edward would not let her suffer losses.

"Sunny! Don't think that I don't know that it's all because of you that Bonnie did those things!" Ken investigated the cause of Leila's death. It was Sunny who framed Nicole.

Chapter 472 No Family

However, Bonnie didn't doubt the truth of Sunny's words.

When Ken found out the evidence and told Bonnie, it was too late. They could never get back together.

It was impossible that Ken didn't hate Sunny at all. If it weren't for her, he and Bonnie would still be fine.

"So what? Mr. Ken, you seem to still love my sister. Then why don't you save her? Do you just stand by and watch Bonnie being locked up by Nicole?"

Sunny encouraged Ken. If he really betrayed Kerr because of Bonnie, then Kerr would have a hard time.

She knew that she would never come back to Kerr, so she had to do everything to destroy him and Nicole. First of all, she had to start with the people around Kerr.

Looking at the provocative eyes of Sunny, Ken retreated two steps and said, "Sunny, you will pay for what you have done sooner or later. You don't deserve to attend Kerr's wedding."

After saying that, Ken turned around and went back to the car. He started the car and turned the steering wheel. He stepped hard on the accelerator and left Sunny's sight.

He knew where Bonnie was. He also knew that if he asked, Kerr would let Bonnie go. But so what? Only Ken knew that he and Bonnie could never get back together.

In that case, they should move on.

Thinking of the first time he met Bonnie, Ken really missed her at that time.

Looking at the receding figure of Ken, Sunny showed obvious unwillingness in her eyes. She didn't expect that her ploy didn't sow discord between Ken and Kerr.

She turned around angrily and sat in the car.

Ken soon caught up with the group, but his eyes darkened.

Sitting next to Kerr, Nicole heard Ken's voice on the phone just now. "What's wrong?" She didn't want anything unexpected to happen on their wedding day.

So she felt nervous unconsciously.

Kerr shook his

of curiosity, Nicole turned around and said, "Come in." The person who could come to see Nicole at this time was definitely not an outsider.

The lounge door was pushed open, and Lisa's smiling face appeared. "Am I late?" Lisa went straight to Nicole.

There was obvious surprise in Nicole's eyes.

"Lisa! It's great that you can come." Of course, Nicole hoped to receive more blessings, but after seeing Ben before the wedding, she was more curious about the Xue family.

Even if Lisa didn't show up, Nicole would still find an opportunity to contact the Xue family after the wedding.

After all, the share transfer agreement that Ben gave her was priceless. Nicole wanted to return it to him.

"I knew you would welcome me." If it weren't for the fact that she didn't want Nicole to feel lonely, Lisa wouldn't have been here. After all, she hadn't talked to Harley for a long time.

If she came here, she would definitely meet Harley.

Holding Lisa's hand, Nicole was surprised to see her.

"Rita, if you don't want to walk down the aisle alone, my brother can hold your hand." This was the excuse for Lisa to persuade Ben to allow her to come to the wedding. Lisa looked at Nicole expectantly.

Chapter 473 Not That Kind Of Love Between Woman And Man

Hearing Lisa's words, Nicole was obviously stunned. Looking at Lisa's back, she saw Ben standing behind her. "Mr. Ben." Nicole stood up and nodded to him.

She had a lot of questions in her heart, but it was not the right time for her to ask. Looking at Ben's mysterious eyes, Nicole had mixed feelings.

Ben nodded slightly, "Mrs. Nicole, if you don't mind, I would love to help." Ben's eyes were full of expectation.

He tried his best to make it up to Nicole, hoping that she would give him a chance.

Seeing the firmness in Ben's eyes, Nicole hesitated.

Avery, who was standing aside, felt strange when she saw the way Ben looked at Nicole. "Mr. Ben, we know you did it out of kindness, but how should we explain it to others?"

Avery said seriously. After all, the one who walked Nicole down the aisle, should have a close relationship with Nicole, or her relatives. But Ben had nothing to do with Nicole.

To be exact, they were not even good friends.

"Thank you for your kindness, Mr. Ben. But at such an important occasion, it's better for me to accompany Nicole." Kerr's voice came from the door of the lounge.

He stood at the door and heard what Ben and Avery had just said.

With a serious look on his face, Kerr walked up to Nicole and held her waist, as if announcing that she was his woman.

Sensing Kerr's hostility, Ben smiled faintly.

Taking a step back, Ben made way for Kerr and Nicole. All he did was to make Nicole happy, not to embarrass her.

Ben kept his eyes on Nicole, gentle and kind.

Looking at Kerr's domineering look, Lisa frowned. When she was about to argue with him, Ben held her wrist and stopped her.

For a moment, the atmosphere in

marry you."

He said firmly, because he had made up his mind.

Nicole smiled and nodded. Then she held his arm and said, "Be careful. Don't let me fall down." Nicole reminded him again.

Kerr held Nicole's arm. When the music started, they walked down the stairs slowly without hesitation.

With the appearance of Kerr and Nicole, there was thunderous applause downstairs, and everyone's eyes fixed on them.

Freya looked at Nicole standing next to Kerr with obvious disgust in her eyes, but there was a fake smile at the corners of her mouth. She raised her hand and gently clapped two times.

Then she turned around and walked out of the villa. This wedding irritated her a lot. When she walked to the gate of the villa, she heard a noise here.

"I'm sorry, Miss Sunny. Mr. Kerr has told me that you can't attend the wedding." At the gate of the villa, Kim stopped Sunny who was about to enter.

"Kim, take a good look at it. I have the invitation of Gu family. Why don't you let me in? Or is it because Nicole is afraid that Kerr will change his mind because of me?"

There was obvious irony on Sunny's face.

Chapter 474 Are You Moved

Kim kept silent and had no intention of listening to Sunny's nonsense. However, he stood firmly at the door and couldn't let her in.

"Kim! Why don't you let the guest in?" When Freya arrived at the door, she saw Sunny standing there. Knowing that it was all about Kerr, she asked then Kim.

Hearing Freya's voice, Kim turn around, but didn't move aside.

"I'm sorry, Mrs. Freya. I only follow Mr. Kerr's orders. It's impossible for Miss Sunny to attend the wedding." Kim knew that Freya preferred Sunny. The invitation in Sunny's hand was sent by Freya.

Freya knew how stubborn Kim was, and her face was full of resentment. "Kerr is also my son. I said Miss Sunny can come in. Do you still want to stay in the Gu family?" Freya threatened him.

In fact, she had no right to fire him at all.

Kim was silent, but he still didn't get out of the way.

In the villa, the music stopped abruptly as Kerr and Nicole walked to the stage.

"Mr. Kerr, do you want this woman to become your wife? Cherish her, accompany her, take care of her, and know that only life and death can separate you."

Hearing the voice, Kerr waved to the host, indicating him to stop.

He then turned around and held Nicole's hands.

There was a little surprise in Nicole's eyes. She didn't know what he wanted to do, but she knew that Kerr would never let go of her hand no matter what happened.

"Nicole, you let me know what love is in the world when I meet you. You make me believe that there is still true love in the world. Thank you for being in my life.

Thank you for bringing the best gift in the world to me. Thank you for accompanying me through so many difficulties. Today, you have become my bride."

Kerr paused for a moment. T

light flashed in Kerr's eyes. He held Nicole tightly subconsciously, spun her body quickly and protected her in his arms.

"Bang!" A loud gunshot broke the beautiful atmosphere in the hall.

"Ah!" For a moment, the hall was filled with screams.

With Nicole in his arms, Kerr dodged and hid behind the stage.

Nicole was still immersed in her happiness and didn't realize what had happened. She was held in Kerr's arms.

"Watch out!" At that moment, Ken directly dropped the champagne glass in his hand and fixed his eyes on the window, trying to pass through the crowd, but the whole hall was obviously in a mess.

No matter how hard Ken tried, he couldn't walk through.

"Don't panic!" Ken led the crowd loudly, but apparently all the guests had been frightened and could not calm down at all.

Ken asked the Gu family members to evacuate all the guests.

Soon, all the guests were evacuated from the living room with the servants of the Gu family.

With a darkened face, Kerr walked out of the back of the stage with Nicole in his arms. He casted a glance at that the window was broken into pieces on the ground because of the bullet.

Chapter 475 This Is My Home

"What happened?" Seeing the guests leave in a hurry, Freya come in from the outside. She frowned and looked at the mess on the ground in surprise.

Following behind Freya, Kim also knew that something had happened, with a surprised look on his face. He didn't expect that there was still an accident after they had been well prepared.

When Harley ran in and saw the scene in front of him, he was silent.

For a moment, the lively wedding turned out to be like this. Everyone felt uncomfortable.

Kerr was even gloomy, sullen and angry.

With a smile on her face, Nicole reached out her hand and held Kerr's face. "It doesn't matter. We have made a vow that we are a legal couple. It doesn't matter if no one would attend the ceremony.

As long as the most important people are here." She didn't care about the number of people around them. As long as the people she cared about were around her, she would feel satisfied.

Zachary and Avery were behind her, and Lisa, Ben, Harley and Ken walked in from the outside. Nicole was not affected by the sudden accident.

Ken walked to the broken glass, looked at the bullets fell on the ground, bent down to pick them up, and his eyes became dark. "It's a simulation gun." While speaking, Ken looked at Kerr.

Obviously, the shooter didn't want to hurt anyone at all. He just wanted to ruin the wedding and cause panic.

Kerr held Nicole's hand. Although he knew that Nicole was right, Kerr's mood was still affected by this accident.

"Nicole, it is easy for you to say. But have you ever thought about the impact of this matter on the Gu family? All the guests came here for the Gu family, but it turned out like that.

What would others think of the Gu family?" Hearing Nicole's casual words, Freya couldn't help but feel Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

d of anything.

Seeing that Nicole was determined, Lisa let go of her hand and sighed.

Seeing the expression on Nicole's face, Ben hesitated.

"I'll take you to your room and have a rest." Kerr held Nicole's hand tightly. Since Nicole gave him enough confidence, Kerr wouldn't let her down.

Nicole nodded. When she turned around, she felt a piercing pain in her ankle.

"Ouch!" Nicole took a deep breath and couldn't take a step forward. She bent down and instinctively tried to support her ankle.

"What's wrong?" Kerr stretched out his hand and carried her in his arms. He walked towards the sofa in the living room and put her on it. Then he lifted her feet which were covered by the wedding dress.

Holding her right foot, Kerr clearly saw the swelling on her ankle.

"Harley!" Kerr called out Harley loudly, which obviously startled Harley.

Harley walked quickly to Nicole and checked the wound on her ankle. He held her ankle and said, "Hold on." His finger gently touched the injured part of her feet.

Nicole felt the pain, but she didn't make a sound. She just held Kerr's hand more tightly unconsciously.

"Be gentle. Does she need to go to the hospital?"

Chapter 476 Know My Rules

Kerr asked Harley nervously.

Harley wanted to roll his eyes at Kerr. In Harley's eyes, it was not a serious injury at all, but Kerr had always been so nervous about Nicole, but Harley was used to it.

"It's okay. It doesn't hurt the bone. As long as you don't walk these two days, you will be fine soon. Apply an ice bag on it to relieve the pain and reduce the swelling."

After saying that, Harley asked the maid of Gu family to bring the medical ice bag and handed it to Kerr.

The Gu family was cleaning up the mess. Ken and Harley were looking for evidence, and Zachary left with Avery.

Looking at Nicole's face, Ben had an impulse to take her away directly, but when Nicole looked at Kerr, he also knew that the smile on her face was really happy.

Lisa walked to Ben's side, gently pushed his arm, and shook her head at him. Obviously, she wanted Ben to consider Nicole's feelings first.

"Lisa, can you help me?" Standing at the other end of the living room, Harley said lightly. In fact, he wanted to attract Lisa's attention and didn't want her to leave.

But Lisa had already known what was on her mind, so she obviously didn't buy it. She turned around and said to Nicole calmly, "Nicole, I'm going back with my brother. If you need any help, call me."

After saying that, Lisa held Ben's arm and walked out of the villa.

"Lisa!" Seeing that Lisa was about to leave, Harley immediately followed her.

Stopping his steps, Ben let go of Lisa and said, "Lisa, get in the car. I have something to talk to Mr. Harley." Ben ordered Lisa.

Hearing what he said, Lisa looked at Harley with a worried face. In fact, no matter how angry she was with Harley, in her heart, she still cared about him.

With some hesitation, Lis

f the old house, and I was just trying to stop them, so..."

"Enough!" Kerr interrupted Kim before he could finish his words.

Kerr let go of Nicole's ankle, stood up and glared at Kim with obvious domineering aura.

"Kerr..." Nicole stretched out her hand and grabbed Kerr's clothes. She had known Kerr for a long time, and it was the first time that she had seen him lose his temper to the people around him.

Nicole knew that Kerr was so nervous about the wedding because he cared about her, but she didn't want him to blame anyone for it.

After all, Kim didn't want such accident happen either.

Ignoring Nicole, Kerr went straight to Kim. He raised his hand and punched Kim's face, which made him stagger and lose his balance.

Seeing Kerr's expression, Kelvin was surprised. He stepped forward and tried to hold Kim, but he didn't dare to provoke the angry Kerr.

Harley stood up and held back Kerr. "Kerr, it has happened. You'd better think of a solution." Harley was also surprised by Kerr's reaction.

But Kim just went silent and didn't respond.

Kerr pushed away Harley, his face full of anger.

"Kerr, calm down. I'm really fine."

Chapter 477 Dont Let Me Leave The Gu Family

Nicole wanted to stand up, but the pain in her foot made her unable to stand at all. She held Kerr's arm.

Noticing Nicole's anxiety, Kerr helped her sit down, and his face softened a little.

"I will handle it." Kerr held Nicole's hand.

He didn't look at Kim. "Leave here. The Gu family is not suitable for you." Kerr said indifferently, which determined the fate of Kim.

When Kerr said this, everyone in the hall was shocked. They all thought that Kerr was just angry with Kim because of his carelessness, but they didn't expect that Kerr pin all the blame on him.

He even drove Kim out of the Gu family.

Kim raised his head and looked at Kerr in surprise, as if he couldn't believe what he had heard. "Sir... I didn't mean it." He wanted to beg Kerr.

But Kerr's face was cold, as if he didn't want to hear his explanation at all.

"Sir... Kim knew that he made a mistake. Please give him another chance." Jared had worked with Kim for a long time and didn't want him to leave the Gu family for such a trifle.

So he interceded with Kerr for Kim.

"You want to leave with him too?" Kerr glanced at Jared with obvious threat in his eyes.

Realizing that Kerr was not joking, Jared shut up.

Ken frowned and looked at Kim and Kerr, silent. Since the accident of Bonnie, Ken was much calmer than before.

There were a lot of doubts about what happened today.

Seeing Kerr's resolute expression, Kim bent his knees and knelt down in front of him. "Sir, I know I have an inescapable responsibility for what happened today. I'm willing to take the responsibilities.

No matter how you punish me, I'm okay with it, but don't make me leave the Gu family..." Kim grew up in the Gu family. If he left here, he really didn't know where else he could go.

Seeing that, Nicole couldn't bear it. She h

y, they had been prepared for it.

When the car arrived at the hotel, Moore saw Kim lying on the bed. A hot woman walked in and nodded at Moore.

"You know what to do." Moore looked at the woman and said.

"Mr. Moore, don't worry. I will definitely complete the task you assigned." The woman said confidently.

Moore smiled and left the room.

In the Gu family's old house.

On the second floors of the villa, Nicole looked at Kerr who was sitting next to her and asked, "Why do you have to let Kim leave? You know it has nothing to do with him."

Nicole knew that Kim had been working for Kerr for so many years. She was worried that Kerr might not get used to it without Kim.

And the accident was really not a big deal.

"I won't give a second chance to anyone who made a mistake. I'll handle it. Don't worry." Kerr said lightly, fixing his eyes on the screen of his laptop.

Hearing Kerr's words, Nicole couldn't figure it out. She put down the book in her hand and lay on the bed. The room was decorated in red. It was their wedding night, but she couldn't feel it at all.

Looking at Nicole's back, Kerr closed the computer and put it aside. He lay beside her and held her in his arms.

Chapter 478 Threats From Mother-In-Law

"Are you angry?" Kerr whispered in Nicole's ear with a smile.

Nicole heard his voice and also felt his breath. But she closed her eyes and pretended to be asleep, ignoring him. In fact, she was not angry.

She just felt a little uncomfortable. After all, today should be her happiest day, but it turned out to be like this.

Looking at Nicole who didn't give any responses, Kerr grinned wickedly. He lifted one side of the quilt and got into it, groping in the darkness.

He went straight to her injured ankle and held it.

"Ah! What are you doing?" Hearing no sound behind her, Nicole thought Kerr was asleep, but she didn't expect to feel Kerr's movement on her ankle.

Nicole wanted to sit up in a hurry, but Kerr suddenly popped his head out of the quilt. "Didn't you ignore me?" Kerr looked at her dotingly. He knew that Nicole's ankle was very sensitive.

That was why he did it from her ankle.

"You... Hmm..." Nicole stared at him. When she was about to say something, Kerr kissed her. She then felt his tenderness and eagerness.

Which made her unable to resist.

Reaching out his hand, Kerr held the back of her head and closed his eyes. Kerr just concentrated on kissing her soft lips and tasting her sweetness.

Even though they got married and had been together for a long time, Kerr was still immersed in Nicole's beauty and couldn't extricate himself from it.

Nicole raised her head, only gasping for breath.

The flames continued to burn, as if they were about to devour her whole body.

"Kerr..." Her voice became attractive. Even though she tried her best to suppress her shyness,

eye on Nicole. Then she could know what Kerr was doing.

And Kerr would not completely manipulated by Nicole.

Standing aside, Cherry lowered her head and didn't look at Freya. She knew that there would be no peaceful life in the Gu family in the future.

Inside the bedroom.

Nicole looked at Kerr beside her and asked, "So your mother want to give me a warning?" A smile appeared on the corners of her mouth.

She knew that Freya didn't like her, but she didn't expect that after Freya took the initiative to hold a wedding for them, she would still make things difficult for her in this way. Nicole knew her life in the Gu family would not be that simple.

However, this was her own choice, and Nicole would not regret it. After all, she wanted to marry Kerr, and it had nothing to do with the whole Gu family.

Reaching out his hand, Kerr gently wiped the sweat off Nicole's forehead, with obvious pity in his eyes, "I'm sorry."

Kerr felt guilty. He wanted to give Nicole a peaceful life, but as long as they were in the Gu family, they would never be peaceful.

Chapter 479 Wedding Night

"Why do you need to apologize? It's not your fault at all." Holding Kerr's face, Nicole didn't look angry at all. She leaned against his chest and said, "Don't worry. Since I can promise you to go back to the Gu family..."

"I'm already mentally prepared." Hearing Kerr's heartbeat, Nicole felt relieved.

"No matter what difficulties we encounter, they won't affect our relationship." Nicole said lightly and gently drew circles on his chest.

But she didn't know that such a small action moved Kerr a lot.

Holding her hands, Kerr turned over and held her in his arms. "You have to extinguish the fire you started!"

Feeling Kerr, Nicole blushed and looked at him innocently, "I did nothing." She would never know, even if she did nothing...

"Nicole, you will never know how attractive you are." After saying that, Kerr could no longer bear the impulse in his heart.

Then his desire could no longer be suppressed. It occupied all his senses, making him unable to think about anything else.

When the morning sun shone on Nicole, she turned around to avoid the glaring lights, looking lazy.

Kerr looked at the little woman in his arms, who was like a kitten, kissing her forehead with satisfaction.

Feeling Kerr's kiss, Nicole opened her eyes in a daze, looking tired. "You woke up so early." Nicole murmured, as if she hadn't slept enough.

Kerr smiled faintly, "It's eleven o'clock in ten mi

ttle woman in his arms must be hungry.

Holding Kerr's arm, Nicole shook her head at him, indicating him not to do this, and should serve tea to Jack and Freya first.

Kerr frowned, but still nodded at her.

With surprise written all over his face, Kelvin turned around and brought the teacup to Nicole and Kerr. Then Kerr walked towards the living room with Nicole in his arms.

Standing in front of Jack and Freya, Nicole saw their dark faces. She struggled to get out of Kerr's arms, but he did not let her go.

"You don't care about your feet anymore?" Kerr was worried about her injury.

"I'm fine. I didn't feel any pain just now." Nicole gently patted Kerr on the shoulder, indicating him to put her down.

Looking at the stubborn Nicole, Kerr felt a little helpless. He had to put her on the ground and let her stand on her healthy foot, with the other injured foot on his shoes.

He held her in his arms to support her.

Chapter 480 Dont Make Things Difficult For Her

Kerr let Nicole put all her weight on himself.

With a faint smile, Nicole took the teacup from Kelvin and handed it to Jack. She glanced at Kerr and said helplessly, "Father, please have some tea."

She knew that she had to change the way she called Jack at this time. It had been a long time since she called someone as father. She was a little unaccustomed to it. Since her father passed away eight years ago, this title had been a buried memory for her.

Hearing Nicole's voice, Jack reached for the teacup, but he didn't really drink it.

Nicole didn't care about it at all. As long as Jack took the teacup, it meant that he didn't embarrass her.

Taking the other teacup, Nicole put it in front of Freya with a smile.

"Mom, please have some tea." It was just a mere title, so Nicole didn't care much about it. She didn't want to argue with Freya.

Freya reached out her hand and took the teacup from Nicole's hand, but Nicole's finger directly hit the teacup because she didn't see it clearly, and the water in the teacup splashed out.

"Forget it. You just got married. You don't have to do that." Although Freya felt dissatisfied, she did not speak it out.

Showing her tolerance to Nicole was a way for Freya to make Nicole let her guard down. Only when Nicole and Kerr no longer guarded against her could she get the shares of the KN Group.

"Are you okay? Are you hurt?" Kerr directly reached out his hand and threw the teacup in Nicole's hand on the ground. He held her hand and saw a piece of red on it.

There was obvious sadness in his eyes. He ignored the gazes of Freya and Jack, and there was only one person in Kerr's eyes, Nicole.

Nicole just shook her head slightly. The tea was not very hot and did not hurt her. Freya's reaction had already surprised her.

She didn't expect that Freya would let her go so easily when she got
ared, he would easily fall into the trap.

"Do you mean that Sunny still wants to hurt the Gu family? This woman is really awesome. The He family has been completely destroyed. I didn't expect that she could still lead a good life. It seems that it was all attributed to Moore."

There was obvious irony in Harley's tone. Obviously, he was a little surprised, but he didn't feel strange.

"Sunny wants to use..." Ken almost mentioned the name of Bonnie, which made his eyes dim, but soon he returned to normal.

"But she didn't succeed, which means that Sunny didn't give up her previous plan. I just don't know what her purpose is. In the past, she wanted to marry into the Gu family, but now... Revenge?"

Ken looked at Kerr with obvious inquiry in his eyes.

However, Kerr was expressionless. "No matter what she wants to do, I just know that I can't let her hurt Nicole. Since she dares to hurt Nicole, I will play with her to the end."

In fact, he had never thought of letting go of Sunny and Moore, but when the matter was just over, Kerr didn't want it to affect Nicole's mood.

That was why he relaxed his vigilance. He didn't expect that he would give Sunny a chance to make things worse, which was intolerable for him.
