Chapter 501 Being Ignored

Kerr forced himself to ignore Nicole, because he didn't want to compromise.

He was afraid that his heart would soften when he saw the pitiful look on her face.

Holding Kerr's face, Nicole forced him to look at her and said, "Kerr, Baron must have some problems now. Otherwise, he would not ask me for help.

Don't worry. I will come back to you after the Fang Group gets through the difficulties." Nicole raised her finger to her ear and swore.

Kerr remained silent.

When the car stopped, he walked out of the car with her hand in hand, but he didn't give her a reply.

"Kerr!"

Nicole was an impetuous person. She couldn't stand being ignored by Kerr like this. She stopped and took his hand, calling out his name.

Kerr stopped reluctantly and turned to look at the little woman. "We'll talk about it after you finish the project in your hand." Kerr knew that it would take some time for her to finish the project.

She hoped that after this period of time, she could give up her thoughts.

"Promise?" A glimmer of hope appeared in her eyes.

Kerr nodded. He didn't say that he would agree to Nicole's request, but she didn't overthink it.

Standing on tiptoe, Nicole gave him a kiss on the corner of his mouth. Obviously, she looked happy.

However, Kerr reached out his hand and held the back of her head, deepened the kiss. They were standing at the gate of the building of the KN Group. It was working time, and many employees of the company witnessed such a beautiful scene.

But when they saw clearly the man and the woman, they all lowered their heads and left.

Feeling the gaze of the people around, Nicole struggled to break free from Kerr, but the latter, who tasted her sweetness, would not let her go so easily.

She reached out h

he didn't even know the lunch break time until Jared knocked on the door of her office.

"Mrs. Nicole, Mr. Kerr is waiting for you to have lunch together." Jared reminded Nicole, but he didn't see Daisy. He felt strange, but he couldn't ask her.

"I see. I'll be there soon." While speaking, Nicole was still looking down at the documents in her hands.

Feeling that Jared was standing there still, Nicole raised her head and closed the folder in her hand, "Are you looking for Daisy?"

As expected, as soon as Nicole said this, she saw the embarrassment and hesitation on Jared's face. "Jared, don't tell me that you haven't patched things up with Daisy yet."

Last time she felt that these two people were at odds. Now it seemed that the conflict had not been solved.

Embarrassed, Jared raised his hand and scratched the back of his head. "I'm sorry, Mrs. Nicole. She ignored me. I don't know what's wrong with her. Why does she so angry with me?"

Speaking of this, Jared felt a little depressed.

"How long have you guys been together?" Nicole asked him lightly.

Jared thought for a while, "More than five years." He didn't know why Nicole suddenly asked this.

Chapter 502 Fall In Love With Her

Now thinking about it, Jared realized that he had been with Daisy for a long time.

"In the past five years, why haven't you thought of giving Daisy a wedding? Why don't you think about giving her a home?" Nicole knew that as time went by...

Women tended to become more and more insecure in a relationship.

And the sense of security of a woman, in fact, all came from the other half.

Hearing what Nicole said, Jared was obviously stunned. He had never thought about this question. Perhaps it was because of time that he began to get used to be with Daisy.

He didn't think too much other things.

"Mrs. Nicole, do you mean that I need to make a promise to Daisy?" Jared asked her tentatively.

Nicole stood up and looked at the man behind Jared. Knowing that Kerr was waiting anxiously, she walked towards the door.

"Isn't it? If you really love a woman, you should give her a promise." Nicole walked to Kerr with a smile and held his arm before he got angry.

She snuggled up to Kerr like a little cat. There was obvious tenderness and love in Kerr's eyes.

Lowering his head and looking into Nicole's eyes, Kerr's face softened a little.

Seeing Kerr, Jared lowered his head and didn't continue the topic with Nicole.

Nicole turned around and left the office with Kerr. "Don't you plan to give them a wedding?" Nicole asked Kerr for his opinion.

After all, Kerr had been there when Jared were Daisy together. She believed that Kerr would also hope that they could work things out.

"It's a man's responsibility to give his woman a wedding. Should I teach him?" Kerr's voice was loud and powerful, so that Jared, who was standing behind him, could hear him clearly.

Jared was speechless. It turned out that his hesitation had already been disliked by Kerr and Nicole for a long time.

Nicol

Baron missed those beautiful memories very much when they were abroad.

Maybe it was his biggest mistake to let Nicole return here to develop her career.

Standing by the handrail of the stairs, Nicole smiled faintly. "At that time, we were all students, so of course we could be carefree. But now it's different. I'm a mother of two children."

Thinking of her two treasures, Nicole felt happy in her heart. It seemed that no matter what price she had to pay, as long as she could exchange the safety of these two babies, she would be satisfied.

"Yes, time is so cruel that we can't go back to the past." Baron sighed and hung up after chatting with her for a while.

Putting away her phone, Nicole turned around and saw Freya standing behind her. Looking at Freya, Nicole knew that she had been standing behind her for a long time.

"Who were you talking to?" Freya said indifferently. It was hard to tell whether she was happy or angry from her tone.

Hearing what she said, Nicole said frankly, "Just a friend." She had nothing to hide. Even though she was Kerr's wife, she should have the right to make friends.

"That Baron from Fang family?" Freya heard the name called by Nicole just now.

Chapter 503 Reasonable

Freya speculated. She had already heard the rumors before Nicole married to Kerr.

But now, Freya was eager to see Nicole get close to Baron, so that she would arouse the aversion of Kerr.

With a gentle smile on her face, Freya said, "Don't get me wrong. I don't want to restrict you. I heard that he was your classmate in college, but in fact, I'm still a relatively open-minded mother-in-law.

I'm not that rigid." Freya said generously, but when she saw Nicole walk out of the room on purpose to make a phone call, it meant that she was hiding a secret from Kerr.

If Kerr knew about it, Freya would wait to see a good show.

Nicole stepped forward and looked into Freya's eyes. "Of course, I always know that you are the most reasonable one. Besides, I'm just a good friend of Baron. We just get in touch with each other on the phone sometimes. Is there any problems?"

I know. There were rumors about me and Baron before. But there is nothing between us, so I don't care. I know Mom won't care, right?"

With a smile on her face, Nicole seemed to be chatting with Freya. Although she didn't know why Freya's attitude towards her had suddenly changed so much.

However, as long as Freya didn't make trouble again, Nicole didn't care much about it.

"Of course. It's getting late. You and Kerr should go to bed early. Don't forget what you promised me tomorrow." Freya exhorted Nicole. She would have everything she had been dreaming of after tomorrow.

At that time, she would no longer have to worry about Nicole.

After saying that, Freya turned around and went back to her room.

Seeing that Freya walk pass her, Nicole had some doubts in her heart. She always felt that something was wrong, but she didn't think too much. When she returned to the bedroom, she heard the sound of water flowing in the bathroom.

Which indicated that Kerr was still taking a shower.

fa opposite, she didn't want to hide anymore. Anyway, they would meet sooner or later.

"So what? If you want to know why her phone is in my hand, come here right now!" After saying that, Sunny wanted to hang up the phone directly, but she saw the hint in Freya's eyes.

So Sunny said again, "Nicole, I asked you to come here alone. You'd better not play tricks on me. If you dare to tell Kerr about it...

I promise you that you will regret for the rest of your life, and Kerr will hate you forever." Sunny warned Nicole and hung up the phone before she got a chance to answer.

"What do you want?" Before Nicole could finish her words, the phone was hung up. She put down her phone and thought about it.

When she walked out of the bedroom, she called over Cherry.

"Cherry, every time Mrs. Freya went out, she would bring you with her. Why didn't she bring you with her this time? And do you know who Mrs. Freya went to see?" Nicole asked.

She had to get some necessary information before she could go there. Otherwise, she would be in a passive position.

Cherry shook her head in confusion. "I don't know. When Mrs. Freya left, she just said she wanted to see an old friend. It seemed that she was also called away by someone in the phone."

Chapter 504 Sneaking Around

"She didn't allow me to follow her when she went out."

Seeing the expression on Cherry's face, Nicole knew that she didn't lie.

Old friend? It seemed that Freya knew that the person she was going to meet was Sunny.

But she didn't understand why Freya still wanted to see Sunny at this time. Suddenly, something occurred to her. She turned around and walked towards the study.

Jared came in from the gate of the villa and saw Cherry standing at the stairs in a daze. "What are you doing here, Cherry?"

Seeing Jared, Cherry shook her head, turned around and left his sight.

Jared sensed that Cherry was a little absent-minded, but he didn't overthink it. He walked towards Kerr's study and pushed the door open, only to see Nicole standing behind Kerr's desk.

"Mrs. Nicole?" Jared looked at Nicole, who was lowering her head. It was obvious that the desk was muddled up a little. It seemed that Nicole was looking for something. "What are you looking for? Do you need my help?"

Hearing Jared's voice, Nicole raised her head. She didn't expect that he would suddenly appear. "Why are you here?" Sunny said that she couldn't tell Kerr. Since Sunny sounded so confident, it meant that Freya was under her control.

Nicole didn't dare to take the risks.

Jared was stunned. Then he looked at a folder on the desk and said, "I'm here to fetch a document for Mr. Kerr. It's for his meeting." Jared said as he held the folder in his hand.

Hearing his answer, Nicole breathed a sigh of relief.

"I'm fine. My earrings seem to have fallen down here. I can look for them myself. Go and send the documents to Kerr." As Nicole spoke, she quietly held the fountain pen in her hand and put it behind her back.

She didn't want Jared to see it.

Jared nodded, turned around. But when he walked to the door

sorry that you will have to suffer a little." Sunny showed an expression of pity.

Looking at the rope in Edward's hand, Freya felt disgusted and unwilling, but she knew that if she wanted to get those shares, she must make these sacrifices.

So she nodded to Edward.

Sitting on the sofa, Sunny looked at Freya with disdain.

The phone in her hand suddenly rang. Looking at the number of Moore on the screen, Sunny stood up, walked aside and answered the phone.

"Has Nicole arrived?" Moore asked. He didn't show up, but paid close attention to Sunny's actions in real time.

It was Freya who asked Sunny for help. It was not appropriate for him to show up. His appearance would only make Freya full of vigilance.

"Not yet." Sunny trusted Moore very much now.

With a gloomy look in his eyes, Moore said, "When it's done, tell Edward to get rid of Freya." Moore knew that if they really succeeded, Freya would become a future trouble.

Therefore, their long-term plan was to get rid of Freya completely.

Hearing Moore's words, Sunny asked in surprise, "What did you say?" She raised her voice unconsciously. Although she hated Kerr and Nicole very much, she had never meant to kill them...

Chapter 505 Private Area

Sunny couldn't be so cruel to Freya.

Moore frowned, "Sunny, if you want to achieve something big, don't care about those details. You will know that this is the right thing to do in the future." He knew that Sunny was timid.

But this was something they had to do.

Subconsciously, Sunny looked at Freya behind her, thinking about what Moore had said to her. "Do you have to do this?" Sunny asked Moore.

"Sunny, think it over. When they hurt you and kicked you out of the Gu family, they didn't show mercy at all." Moore provoked her.

Sunny hung up the phone with resentment in her eyes.

When she walked in front of Freya, the anger on her face had not yet faded away, and she had become a little ferocious. It was obvious that she was irritated by Moore.

"Sunny, what's wrong with you?" Freya sensed that something was wrong with Sunny, so she asked her hesitantly.

"Miss!" Edward called Sunny and felt the emotional change of her.

Hearing the voice of Edward, Sunny seemed to be a little sober and her face returned to normal.

"Nothing." After saying that, she sat on the sofa.

Seeing Sunny's action, Freya breathed a sigh of relief. She sat on the sofa and waited for Nicole. Thinking of the shocked look of Sunny just now, Freya couldn't help but feel a little curious.

"Sunny, who was on the phone just now?"

Sunny remembered what Moore had told her and could not to let Freya know that Moore was involved.

"Nothing. My friend was in trouble and asked me for help."

Driving the car alone, Nicole was very nervous. She wanted to call Kerr, but she was afraid that she couldn't help telling him the truth.

But she really wanted to hear his voice.

Kerr drove the car at full speed. Looking at the location sent by Jared, he dialed Nicol

the car and looked around. It was obviously a private area.

There were no other buildings around.

She knew that it meant that if anything happened to her, she would have no chance to escape or ask for help.

Just when Nicole felt that she had made her decision on impulse and hesitated about leaving some clues for Kerr to find her, her mobile phone rang.

It showed Sunny's number. Nicole's eyes darkened. She took a deep breath and pressed the answer button.

"Since you're already here, why don't you come in? Nicole, are you afraid?"

Standing in front of the glass window, Sunny saw Nicole's car stopped at the door. But because the window made up of a special material, Nicole couldn't see Sunny from where she was.

Hearing Sunny's voice, Nicole looked around quietly, but Sunny was nowhere to be found. She felt strange.

"You don't have to look for her. If you are afraid, it's not too late to chicken out now." With a smile at the corners of her mouth, Sunny felt good to manipulate Nicole like that.

All of a sudden, Nicole felt relieved. Since she had come here, she was mentally prepared. Since she couldn't escape here, then she did not care anymore.

Chapter 506 Share Transfer

"Sunny He, why are you making everything mysterious?" Nicole got off the car as she spoke.

Standing at the gate of the villa, Nicole hung up the phone, holding her bag in her hand, and walked towards the inner door.

The door opened automatically as she walked in.

With vigilance in her eyes, Nicole walked in slowly.

"Long time no see, Nicole Ning. Do you still remember me?" Sunny's words were full of sarcasm. Standing at the door of the living room and looking at Nicole, she still felt so disgusted.

Nicole looked into Sunny's eyes and said helplessly, "I guess you don't want to see me at all, do you?" Said Nicole indifferently.

From the day she knew Sunny, she had regarded Nicole as her natural enemy.

Seeing that there was no timidity on Nicole's face, Sunny became even angrier. "Nicole, don't be so arrogant. Do you think you have everything? Do you think you are the winner of life? "

"The game has just begun. You don't have the right to end it before I say it's over." Sunny warned Nicole.

"A game? Sunny, I know what I said is meaningless to you. If you really want to treat our relationship as a game, I have to accept it. "

"Tell me, how do you want to play it?" Nicole knew she had no other choice.

Hearing what Nicole said, Sunny didn't feel any sense of achievement, but she said, "Nicole, I really want to know if you can be so arrogant when you lose everything."

Reaching out her hand, Sunny gave a hint to Edward.

Seeing her gesture, Edward walked up to her and handed the documents he had prepared.

"Sign it." Sunny reached out her hand and handed the folder to Nicole.

Suspiciously, Nicole took it over and turned to the first page. When she had been controlled by Sunny unwillingly.

Before Nicole could think more, she was interrupted by Sunny's ringtone.

Turning around, Sunny picked up her phone on the sofa and saw the number on it. She frowned and answered the phone impatiently. "What's up?"

She didn't know what Moore wanted.

Looking at the contract in his hand, Moore smiled slightly.

"I will send you a contract. Ask Nicole to sign it. She should be here now. No matter what you ask her to do now, she will be obedient."

Moore reminded Sunny, "But I warn you, don't go too far. You should know what's more important. With the company and money, we can do anything we want."

He bewitched Sunny.

This time, he took Sunny as a chess piece and wanted to make good use of it.

Sunny's knitted brows suddenly relaxed, "I see." Although Sunny knew nothing about business, she could only believe in Moore. After all, he was her legitimate husband.

If there was something wrong with her, Moore could not get rid of it.

Nicole kept an eye on Sunny's behavior and guessed that there was someone else behind her. Nicole knew that it must be Moore.

Chapter 507 We Are The Same

It seemed that this matter was not that simple.

Sunny put down the phone and walked to the fax machine. Soon, a document appeared in front of her.

Back in front of Nicole, Sunny looked at her arrogantly, "Sign these two documents, and I'll let Freya go." Sunny knew what Moore said was right. In this world, as long as you have money, you will have everything.

Taking it over, Nicole glanced at the words on it and frowned, "How do you know I'm going to take over this foreign trade contract?" Nicole squinted at Sunny.

The contract in front of her had been delivered to her a few days ago. After reading it, she learned about the background of the company that cooperated with her and knew that the other party's background was not clean.

If they cooperated, it was very likely that there would be problems. Although the profit was great, she still canceled the contract and refused the other party.

She didn't know why Sunny suddenly got the contract.

Or, it could be said that Moore had just given the contract to Sunny. Suddenly, Nicole had a wild guess in her heart. Did it mean that Moore sent the contract to her in the name of others before?

However, she did not speak out her guess.

Sunny didn't have much patience. "Don't talk so much nonsense. You should know clearly that you have no right to choose." While speaking, Sunny took a look at Edward beside Freya.

Edward immediately took out a dagger from behind and pressed it against Freya's neck.

"Ah!" Freya screamed loudly. She had always been living a comfortable and rich life, had never seen such a shocking scene. She had thought that she was just pretending to be kidnapped by Sunny, but when she felt the tip of the knife touching her skin...

She was still scared. If Edward made a mis

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

d. "Ah! It hurts!" Freya screamed and almost fell down.

Seeing Freya's expression, Nicole stepped forward and held her. But at that moment, Sunny reached out her hand and snatched the contract from Nicole's hands.

"Are you okay?" Looking at Freya's injury, Nicole untied the rope on her body.

Sunny checked the signature on the contract immediately and found that it was indeed Nicole's name. A complacent smile appeared on Sunny's face.

"Nicole!"

Hearing Sunny's voice, Nicole stretched out her arm and hid Freya behind her. She faced Sunny directly and said, "You have got what you want. What else do you want?"

She wouldn't allow Sunny to push her luck.

"If you still want to threaten me, I will tell Kerr. You should know what he would do." With the phone in her hand, Nicole threatened Sunny.

But she didn't notice the complacency in Freya's eyes behind her. Freya looked at Sunny and smiled. However, the pain on her ankle made her frown.

"Don't be so nervous. I suggest you that you'd better figure out how to explain to Kerr since you had lost the entire KN Group." Sunny was waiting for a good show.

She was not in a hurry to do anything to Nicole.

Chapter 508 Prophet

Because Sunny was waiting for Kerr to drive Nicole out of the Gu family. If Kerr knew that Nicole had given all the shares of the KN Group to her...

When Kerr lost everything and had to work for others, Sunny didn't believe that there would be any so-called love between Kerr and Nicole.

Nicole held Freya's arm and said, "It has nothing to do with you." After saying that, she supported Freya to walk towards the gate of the villa. She didn't want to stay here any longer.

Looking at the receding figure of Nicole, Edward knew that Sunny hated her very much, so he walked up to Sunny and said, "Miss Sunny, don't you want to punish her? As long as it is what you want, I am willing to do it for you."

Edward was loyal to Sunny.

He just wanted her to be happy.

Sunny shook her head slightly, "We are not in a hurry. Since I didn't do it, so someone will do it for me." Sunny said calmly but firmly.

Edward nodded and obeyed Sunny's order.

Nicole helped Freya out of the villa and got in the car. Then she started the car and left here.

"How did you meet Sunny?" Nicole asked Freya. According to what Cherry said, Freya knew she was going to see Sunny before she went out.

With obvious displeasure in her eyes, Freya said, "I met her by chance, but I didn't expect to be held up here by her. It's such a bad luck. My foot hurts. Send me to the hospital quickly."

She had never felt such a pain before.

Looking at Freya's sad face, Nicole didn't say anything more. Anyway, the matter had been in the pass, and she knew that it was unnecessary to ask any more questions.

So she didn't say anything more.

She drove directly to the hospital.

She didn't notice the black Rolls-Royce that had been parked beside the villa just now.

Kerr parked the car at a distance from the villa. Seeing that Nicole got out of the car and walked into the villa. Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

took her back to the Gu family's old house.

"Don't you care about losing the KN Group at all?" Looking at the back of Nicole when she went upstairs, Freya frowned and asked her. From the villa to the hospital to home...

She noticed that Nicole was not sad about it at all, not even disappointed. She was talking and laughing with Harley. She didn't believe that there was really someone in the world who didn't care about hundreds of millions of dollars of shares.

No one could resist such a big temptation.

Hearing that, Nicole stopped and turned around. She said to Freya, "The KN Group is very important to both me and Kerr. You don't have to doubt it."

But there is one thing you don't need to suspect. If I really have to choose, the KN Group is not as important as you. As long as you are safe, everything will be fine, because you are Kerr's mother."

She didn't need Freya's gratitude, but she wanted Freya to understand her sincerity to marry into the Gu family.

Then Nicole returned to the study.

Freya sniffed and sat on the sofa, "Hypocrite!" Freya said lightly. In her opinion, Nicole was just saying it, and she must feel sad for the shares in her heart.

Taking out her phone, Freya couldn't wait to call Sunny...

Chapter 509 He Is Taking A Shower

The phone rang for a long time, but no one answered. Freya could not help but feel a little anxious, but she had no choice. She had just come back. If she went out at this time, it would easily arouse other people's suspicion.

Holding her phone, Freya dialed Sunny's number again and again.

Finally, Sunny picked up the phone. "Aunt, I'm sorry. My phone wasn't with me just now. I didn't hear it."

Sunny tried to find an excuse.

Hearing Sunny's voice, Freya felt giddy with excitement, so she didn't care whether Sunny was lying or not.

"It doesn't matter, it doesn't matter. Sunny, check on the contract that Nicole has signed. If there is no problem, can we also sign the contracts?"

Freya was in a hurry to get the shares, since she had risked her life for her. Without getting them, she couldn't rest assured.

Sitting next to Moore, Sunny looked at the smile at the corners of His mouth and said complacently, "Aunt, you may not know. Here is the thing. The share transfer cannot be handled immediately.

Nicole has just transferred the shares to me. I still need to go through some procedures to get the real shares. When everything is done, I can transfer the shares to you."

Sunny found an excuse.

These shares were only her compensation from Kerr. How could she give them to Freya?

Hearing Sunny's words, the excitement on Freya's face immediately disappeared.

"How long will it take?" Freya was a little anxious, but she also knew that it was related to the change of the shares of the whole company, which must be a very troublesome thing.

So Freya didn't push her too hard.

"I have found a professional here. Maybe it can be done a little faster. Don't worry. I will inform you as soon as I get any news, okay?" Sunny lied.

She didn't want to make things worse at this time. It would

ng down the phone, Nicole looked at the number on it and found that it was indeed Ken's. Again, she put the phone near her ear and said, "Hello, I'm Nicole Ning, the wife of Ken's good friend.

I have something to talk to him. Is it convenient for him to answer the phone now?"

Nicole asked cautiously, not knowing that Ken had been in a relationship with another woman.

Thinking of the time when Ken and Bonnie were together, she felt a little disappointed. But she also knew that their relationship had come to an end, so she could only accept the reality.

"Ken... He is taking a shower. Please wait a second." The woman said shyly.

Hearing this, Nicole had a rough idea of what was going on there. Feeling embarrassed, Nicole had to hang up the phone, "Okay, I'll call back later."

After saying that, she was about to hang up the phone, but she heard the voice from the other side, "Wait a minute."

The woman reminded Nicole in a low voice. Then she looked at Ken who walked out of the bathroom and said, "I answered the phone for you." While speaking, the woman handed the phone to Ken.

Ken was wearing bath towel around his waist, which perfectly showed his muscular figure and eight pack abs.

Chapter 510 Three To Five Days

Ken wiped the water on his hair with a towel and took the phone from the woman.

He took a look at the number and put it beside his ear.

"What's the matter, Nicole?" He knew that if there was nothing else, Nicole would not call him easily.

Hearing Ken's voice, Nicole felt a little embarrassed.

"Did I interrupt you? It doesn't matter. If you are busy, I can call you later. I'm not in a hurry." Nicole asked Ken.

She also knew how depressed Ken was since he just broke up with Bonnie. Now seeing Ken moved on and start a new life, Nicole should feel happy for him.

Ken looked at the woman in front of him and knew that Nicole had misunderstood him, but he didn't explain.

"No. What do you want to say?" Sitting on the sofa, Ken looked helpless.

The woman looked at Ken with shyness. After all, she had just known him for a short time. Although she was destined to be Ken's wife, there was no substantial progress between her and Ken.

When she first knew Ken, she didn't have a good impression of him. After getting along with him, she found that Ken was not a playboy as the rumors said. On the contrary, he was very gentleman and considerate.

She secretly glanced at Ken. It seemed that Ken was not angry with her because she had touched his phone.

"That's what you said. Don't say that I'm disturbing you." Nicole was a sensible person. Then she said, "you asked Jared to send a fountain pen to Kerr before.

Do you remember?" Nicole was worried that Ken would forget it.

"Of course I remember what I made. What's wrong?" Ken was very confident in his research result. It was not strange that Nicole knew about it, but it was not normal for her to ask about it.

Nicole looked at the fountain pen in her hand, "How long will the writing of this pen disappear? It will work, right?" She was very nervous. If there was

down. She was too shy to raise her head and look around. Suddenly, she didn't see the front clearly and directly bumped into Ken's back.

"I'm sorry." The girl apologized in a low voice.

Ken turned around and felt that the girl was careful and cautious when she was with him. He reached out his hand and held the girl's hand for the first time. "In fact, you don't have to be so nervous. We will be together for the rest of our lives.

The most important thing is to get along well with each other." Ken said lightly.

He had a date with this girl for five times and went out for meals for four times. Today, the waiter accidentally knocked over the soup bowl and poured it on Ken, so he took the girl to change his clothes in the room.

Ken didn't know whether he liked the girl in front of him or not. He just knew that he didn't hate her. Anyway, they were going to get married. He didn't mind who the bride was. Anyway, their parents were satisfied with this marriage.

Looking at their two hands holding together, the girl nodded shyly.

Sitting in the car, Ken seemed to have forgotten that he once wanted to give up everything of the Qin family just to be with that girl in his heart.

But now, Ken compromised.
