

CEO Daddy 511

Chapter 511 Stealing

It was because Bonnie let Ken down so much.

In the evening, when Kerr returned home, Freya and Jack were sitting at the table and having dinner. Kerr didn't see Nicole.

"Kerr, let's have dinner together." Seeing him come back, Freya took the initiative to greet him.

"Where is Nicole?" Kerr asked.

Freya's face changed, but she didn't show it too obviously. "I don't know." Sitting at the table, Freya turned her face away.

Looking at Freya, Kerr knew that what Nicole had done for her was totally not worth it. "If it weren't for Nicole, I'm afraid you would not have sat here safe and sound.

Even if you don't want to thank her, should you give her the most basic care?" Kerr reminded Freya of what had happened in the daytime.

He wanted Freya to understand how wonderful it was for Nicole to do so.

Hearing what he said, Freya was stunned. She turned around and looked into his cold eyes. "How do you know? Did Nicole tell you?" Freya was worried that something unexpected would happen before it was finished.

After all, Nicole was simple and might not think so much. But Kerr was different. Freya knew clearly how smart he was, so she had to worry about it.

Looking at the nervous look on Freya's face, Kerr had doubts in his heart. If Freya was just threatened by Sunny, there was no need for her to be so afraid after knowing that Kerr had discovered what had happened.

On the contrary, Freya would take the initiative to tell him the truth, so that Sunny would be punished.

"Mom, are you afraid that I know about it? Are you willing to give what belongs to the Gu family to an outsider? Nicole is my wife, but you are also on guard against her, not to mention Sunny, who has nothing to do with the Gu family."

Kerr bent down and put his hands on the arm

that Freya would really hand over the shares of the KN Group to Sunny.

Hearing the angry voice of Jack, Freya was startled. "Why are you yelling at me? I did this in order to get the shares of the KN Group, didn't I? Do you have any better ideas?"

Compared with Nicole, I believe in Sunny more. Anyway, we have watched Sunny grow up. Besides, she has been with me for a short time. We had a good time."

Freya was finding an excuse for herself.

In fact, hearing what Jack said just now, Freya was not sure, but since things had come to this point, she had no way back, and she could only continue.

She prayed that Sunny wouldn't go back on her word.

Looking at Freya's confident face, Jack sighed, "You! If Sunny transfers her shares to Moore, the Gu family will not even be able to protect the KN Group."

Jack could only sigh helplessly, wondering if he should tell Kerr about it. He was getting old, and something was out of his control.

Taking a look at Jack, Freya sat on the sofa with a stubborn look on her face. "Just wait and see. I'm sure that Sunny will return the shares to me."

Jack shook his head and said helplessly, "Maybe you have forgotten one thing..."

Chapter 512 Get Back At Each Other

"Kerr is the enemy of Sunny." Jack also heard about what happened to Daniel. Since it was Kerr who did it, Jack could not interfere, so he had to give up the He family as an ally.

Hearing Jack's words, Freya was obviously shocked. She even forgot that there was such a thing. But since it had been done, it was too late for her to regret, so she could only pretend to be calm.

In the bedroom.

Kerr pushed the bedroom door open and saw Nicole tidying up something. Hearing the sound of the door behind her, she didn't turn around but said lightly, "You are back." Nicole recognized Kerr's footsteps. The familiar voice made her feel at ease.

Walking behind her, Kerr put his arm around her from behind.

He breathed in the fresh scent of her.

"Have you taken a shower?" Kerr said lightly. Even if Nicole didn't do anything, it was the greatest enjoyment for Kerr to stand in front of her and looked at her like this.

Hearing Kerr's magnetic voice, Nicole felt helpless. She shook her head and said, "Mr. Kerr, I can't take a shower when you are not around?"

Standing straight, Nicole turned around and untied Kerr's tie, "Are you tired? I have prepared the bath water for you."

She wanted to be a gentle woman, who could give him enough care and love when he felt tired.

Kerr lowered his head, kissed her and said vaguely, "Let's bathe together." Kerr missed her very much since they hadn't seen each other for only one day.

"No, thanks. I've taken a shower. Just go ahead. I'm waiting for you to have dinner with me." Nicole urged him. She held his shoulder, made him turn around

ter putting her down, Kerr bent over and held her in his arms

"Kerr! Ah!" Nicole suppressed her impulse to scream.

It was impossible for her to resist the desire.

Looking at Nicole, Kerr showed obvious tenderness and patience in his eyes.

Lowering his head, he gently kissed her cheek, forehead and her lips. When she slowly closed her eyes...

The sudden ringtone interrupted the sweet moment between the two.

Kerr ignored it and kissed Nicole on the lips.

Nicole opened her eyes and saw the phone on the bedside table. She pushed Kerr's shoulder and said, "Kerr, it's yours."

She knew that this was Kerr's private phone. The person who could call must be his friend, and must have something to talk to him.

Obviously, Kerr felt a little disappointed. With displeasure on his face, he sat up straight and held the phone in his hand.

Looking at Harley's number on the screen, Kerr pressed the answer key and put it beside his ear, "If you don't have enough reasons, I will definitely let you pay for this call."

Kerr threatened directly.

Chapter 513 Going On A Blind Date

Hearing Kerr's displeased tone, Harley was stunned, but soon realized what Kerr might be doing, otherwise he wouldn't be so angry.

Lying on the bed, Nicole finally got rid of Kerr's restraint. She sat up and looked at his angry face. There was obvious helplessness in her eyes, but she was relieved.

She stood up and was about to get out of bed, but Kerr grabbed her wrist.

"Where are we going?" Kerr exerted force to make Nicole sit beside him.

Nicole had no choice but to watch him holding the phone.

On the other side of the phone, Harley heard Kerr's words and knew that Nicole was beside him.

"That's good. Take Nicole here with you. Ken invited us to a party. We're all here, you and Nicole should join us." Asked Harley.

After so many things happened, it was rare for them to hang out together, so Harley cherished this opportunity very much.

But it was a pity that Lisa was not with him. Otherwise, he would treat Lisa more considerately than Kerr did to Nicole.

Kerr looked at Nicole beside him and frowned slightly. "No, I have something else to do. You guys have fun." Kerr was about to hang up when he heard the voice from the other end of the line...

"Mr. Kerr, don't ruin this for us. Nicole is already your wife, are you still worried that Nicole will run away? Don't push her so hard. I'm kind of worry about her health!"

Harley snickered.

Sitting next to Kerr, Nicole clearly heard what Harley said on the phone. She couldn't help blushing. How could Harley say something like that? Nicole rolled her eyes.

"I don't know how Lisa is now. Last time I heard from Lisa that a blind date has been arranged at home. I wonder how she is doing now?"

What do you think, Kerr?"

t teach you a lesson if you did it again next time.

Nicole, I have also said that no matter what happens, I hope you can tell me and share it with me.

No matter what happens, difficulties or hardships, I will be with you and experience them with you." Kerr frowned. Fortunately, Nicole didn't encounter any accident today.

Otherwise, he would not let go of anyone who got involved today.

He reached out his hand and held her in his arms. God knew how nervous he was when he stood at the stairs and saw her protecting Freya with her own body.

At that moment, he really wanted to rush out, hold Nicole in his arms, comfort her and give her a sense of security.

"Nicole, you should always remember that you are my woman and you don't have to take any risks alone, understand?" Kerr reminded Nicole.

He wanted to give her a stable life.

Hearing his voice, Nicole seemed to know something. She held him back and asked hesitantly, "Kerr, did you know it before I went to see Sunny?"

You called me on purpose, didn't you?" At that moment, Nicole clearly felt that Kerr was around, although she did not see him with her own eyes.

Chapter 514 How Dare You

But Nicole was sure that it was because of Kerr that she felt safe.

Kerr didn't deny it.

Nicole let go of Kerr and looked into his eyes seriously, "Kerr, have you always been protecting me secretly? Or, in fact, you were also there?"

She boldly guessed, and saw it in Kerr's eyes. She knew that all her guesses were true.

It was all her fault. She had paid all her attention on Freya and Sunny and hadn't noticed that Kerr was around. But as long as she thought that no matter what she was doing...

Kerr was silently protecting her, Nicole was full of courage and fearless.

"Thank you, Kerr. I'm sorry that I didn't tell you in the first place. I made you worried." Nicole apologized sincerely and looked guilty. She had worried about Kerr, so she knew how it felt to worry about someone.

It was a thousand times more painful than enduring the pain with him.

"Don't think that I can forgive you just because you apologize." Although Kerr said so, there was no sign of blame on his face.

Nicole smiled faintly. She took the initiative and threw herself into his arms.

But before Kerr was about to have a reaction, Nicole pushed him away and said, "Didn't we promise Harley? If we stay here any longer, the party would be over soon."

Kerr also knew that Ken had something to talk about, so he let go of Nicole for the time being. He changed his clothes with her and walked out of the Gu family's villa.

Sitting in the passenger seat, Nicole looked out of the window at the night sky. The night breeze blew on her face, making her feel comfortable. She closed her eyes and enjoyed it.

"If I were you, I would think about how to compensate me." Kerr looked at Nicole's complacent face and couldn't help but frighten her.

Hearing his voice, Nic

er hand, Nicole held Kerr's side face. She knew it was impossible to push him away at this time.

Therefore, she had to take another strategy. The more obedient she was to him, the more likely he would let her go.

Sure enough, feeling the tenderness of Nicole, Kerr stopped being overbearing, let go of her, and let her lean in his arms. "This is your punishment if you made a mistake."

Kerr threatened.

Nicole didn't continue to argue, but snickered at the childishness of Kerr, a CEO of a big company. Then she followed him into the bar, which was the property of the Qin Group.

Therefore, Kerr and the others had their exclusive access here to protect them from being disturbed.

Kerr led Nicole to the VIP room they usually went. When they arrived at the door of the room, Nicole heard the voice of Harley from inside.

"Let me tell you, no one can stop me." With a glass of wine in his hand, Harley looked at Ken and Zachary who were sitting on the sofa.

There was an obvious threat on his face, but unfortunately, Ken and Zachary didn't take it seriously at all. Ken was just drinking the wine in the glass, while Zachary kept his eyes on Avery beside him.

Chapter 515 Marriage

With a frown, Harley lowered his head, dejected. When he was about to sit on the sofa, he heard the door of the room was pushed open from the outside, which cheered him up again.

He raised his hand and pointed at Kerr, "Kerr, let me tell you. I can't wait anymore." Harley was filled with righteous indignation, as if he was blaming Kerr for his mistakes.

Kerr didn't take it seriously. Holding Nicole's hand, he walked to the sofa and sat down, without even looking at Harley.

Nicole smiled at Harley, glanced at Avery and greeted her. Then she sat between Kerr and Avery.

"Mr. Harley, you'd better not put on an act here. Fortunately, you're a doctor. Otherwise, if you want to be become an actor with such poor acting skill, you'll be doomed."

Avery teased Harley and leaned on Zachary's shoulder. During this period of time, Avery and Zachary were like conjoined twin babies, as if no one could separate them from each other. But the smile on her face was serious.

Hearing Avery's words, Harley's face immediately changed. "Let me tell you, don't think that I don't dare do it. You are all in pairs, but I don't know where my Lisa is."

Harley said seriously. Since the last time they parted in discord, Ben had blocked the news of Lisa. Harley tried his best, but there was no news of Lisa.

Seeing that his love was gone, how could he not be anxious?

Looking at the anxious look on Harley's face, Nicole stretched out her arm and pushed Kerr beside her, "Are you thinking too much? Don't delay affect Harley's marriage because of your suspicions."

In fact, she didn't want Kerr to keep tracing. Until now, Kerr still didn't know that Ben had come to her alone before the wedding. She didn't know what was going on with the shares.

She didn't want Kerr to know

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she learned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

Holding Avery's shoulder, Zachary lowered his head and said to her, "Wait for me in the car. I have something to tell Kerr." Zachary said gently.

Avery, who had only drunk one glass, was all sober. She nodded and sat in the front passenger seat.

Seeing Kerr stop, Nicole turned around and saw Zachary behind her. She understood what they meant, and then said with a smile.

"I'll wait for you in the car." After saying that, Nicole got into the car. She knew the relationship between Kerr and Zachary. In fact, she really hoped that Zachary could be the most capable helper of Kerr.

This was what Kerr needed right now.

Turning around, Kerr looked into Zachary's eyes and knew that he had something to say.

Looking at Kerr's face, Zachary said indifferently, "If you want to investigate the Xue family, you can use another way. Since Harley is your man, the Xue family will naturally guard against him.

So, it's hard for your people to find out the information of the Xue family." Zachary had a clear mind. He had already known that Kerr and Harley were investigating the Xue family.

But after all, this matter had nothing to do with him, so Zachary didn't get involved.

Chapter 516 It Must Be Completed

Now, seeing that Kerr and Harley seemed to be in trouble, Zachary couldn't help but want to give them some advice. Even though Zachary didn't admit that he was a member of the Gu family, he still treated Kerr as his friend.

"What do you know?" Kerr asked Zachary. As a member of the Gu family, he knew that Zachary didn't want to go back to the Gu family, so he never asked him to go back.

He also didn't want Zachary to get involved. If the Xue family really had such a strong background, then Kerr didn't want him to be the target of the Xue family.

"I don't know anything, but I know a person. Maybe he knows something you don't know." Zachary's words had an implication, but he didn't speak it out directly.

He looked at Kerr meaningfully.

Almost in an instant, Kerr understood what Zachary meant. He nodded at Zachary, turned around, got in the car and left.

Sitting in the front passenger seat, Nicole obviously sensed the expectation in Kerr's eyes.

"What makes you so happy? What did Zachary say to you?" Nicole couldn't help but feel curious.

Kerr didn't tell Nicole, "Something about the company." After saying that, Kerr took Nicole back to the Gu family.

Then she fell asleep as soon as she lain in the bed.

When Kerr finished his shower and was about to punish the little woman, he saw her tired face. He shook his head helplessly, tucked her in, held her in his arms, lay beside her and fell asleep.

This night, Nicole and Kerr slept soundly, but for some people, it was a business opportunity that they could seize.

Standing in front of the warehouse and listening to the sound of machine work, Moore smiled faintly.

"Mr. Moore, these products will be produced in a week at the latest." A man in a black suit stood beside Moore, looking embarrassed.

He wanted to d

iberately mystifying him.

"I know. You care about Mommy. Isn't she with you? Then you must protect her well." Jay exhorted Kerr. According to the information he got, Nicole was obviously not safe now.

Kerr knew that Jay was deliberately beating around the bush, so he stopped talking about these useless news. "I will tell your master that your training time will be extended."

After saying that, Kerr directly hung up the phone.

"You!" As soon as Jay heard Kerr's words, his face changed. He didn't expect that Kerr would punish him like that.

Before he could retort, the phone was hung up.

Jay was not as powerful as Kerr.

Jay was no match for him in the end, but Jay would not sit by and do nothing after he knew that Nicole might be in danger, even if Kerr was by her side.

He was also keeping an eye on Nicole.

Putting away his phone, Jay went back to his room at once. He turned on his computer and looked for Callie.

"Callie, I have something urgent to tell you." Jay sent the message.

Soon he got a reply. He clicked on the video call, and Jay saw Callie's pretty face, but with obvious dissatisfaction, "Jay, every time you said you had something urgent to tell me..."

Chapter 517 Take Her Son Away

Jay was so annoying that Callie wanted to beat him to death. Every time Jay called her name, he would be very anxious. But when she asked, Jay just said that he missed her.

Hearing Callie's voice, Jay smiled faintly. His childish smile disappeared, and he looked serious.

"Something really happen this time. It's about my mommy. I want to find some information, but I have some difficulties. Please help me."

Jay begged.

He knew that Callie liked Nicole very much, so using Nicole as an excuse, Callie would definitely agree. In fact, he could easily handle such a small thing, and he didn't need her help at all.

But Jay liked the feeling of working side by side with Callie.

"Auntie? Okay, I see. I'll check it right away." As expected, when Callie heard that it had something to do with Nicole, she immediately gave a response.

She wasn't as impatient as before.

Holding his chin with his hands, Jay looked at the serious look of Callie on the screen. She was still a weak child, but her eyes were stubborn and serious.

In fact, Jay felt that because of her family background, Callie was instinctively on guard against people who approached her. It was difficult for her to open her heart to anyone.

"Callie, is uncle Ben nice to you?" Jay asked her seriously. If Callie was not so happy living in the Xue family, Jay could think about it carefully and help her move out of there.

"Dad is the best. Jay, don't ask such stupid questions." Callie was very grateful to Ben for everything he had given her, so she didn't allow anyone to say something bad to Ben.

Not even Jay.

"If you can come back to the Xue family one day, maybe you will know how good dad is to you." After saying that, Callie shut her mouth in time.

Ben had warned her not to tell Jay about it. She was wo

ith Nicole?" Freya also wanted to let Nicole know how painful it felt.

"She took my son away, so I want to take her son with me. Jay has grown up and has his own idea. It's difficult to control him. Lucas is just the right person."

While saying that, Freya went upstairs to her bedroom.

Soon, she would own the shares of the KN Group. She would continue to let Kerr be the president of the company, but the final power was in her hands. Only in this way, she would have a sense of security.

Moreover, she planned to train Lucas in person.

Freya really wanted to know if the child she had personally cultivated would be worse than the child educated by Nicole.

Moreover, if Kerr really had some discord with her in the future, she could have someone to rely on.

Cherry lowered her head and kept silent. She knew that Freya was determined about her plan, so she could not say anything more.

When the car was parked in the underground garage of the KN Group, Nicole unfastened the seat belt and was about to open the door, but she heard the door locked.

With curiosity written all over her face, Nicole turned around and looked at Kerr, but her head was directly held by Kerr's hand.

Chapter 518 Refuse Him

The faint mint scent was familiar to Nicole.

Kerr bent over directly laid down Nicole's seat

"HMM... No! " Nicole reached out her hand to push Kerr away. This was the garage, and it was the rush hour to and off work. Although Kerr's car window was special, she didn't feel safe at all.

Noticing Nicole's nervousness, Kerr held her hand and gave her a deep and gentle kiss. His broad palm extended from her hand to her arm.

Nicole turned her head to avoid Kerr's kiss and looked out of the window.

"Kerr! I don't want to! " Nicole said that seriously and frowned.

In her opinion, this kind of thing should be sweet. She shouldn't be so nervous, which made her feel scared.

Kerr looked up at Nicole and asked, "What's wrong?" He had never thought that Nicole would refuse him.

In fact, Kerr didn't intend to do anything to her. He just wanted to frighten her.

After all, it was necessary for Nicole to remember that no matter what kind of problem she would encounter in the future, she should inform him as soon as possible.

Nicole sat up, adjusted her seat and tidied up her clothes. Fortunately, there were no obvious wrinkles on her clothes. She turned around and looked at Kerr's dark face.

"Kerr... This is in the company. We still have a lot of time when we go back home. " Nicole held Kerr's hand and didn't want him to be unhappy about it.

Kerr glanced at Nicole, "Are you afraid?" Looking at Nicole's aggrieved face, Kerr reached out his hand to touch her chin. He didn't intend to blame her.

"If you get the lesson, you have to tell me what you are doing all the time." Kerr said lightly.

It was at this time that Nicole realized that Kerr was talking about this.

She leaned on Kerr'

re was already anxious. Looking at Sunny, his patience disappeared. He frowned at her and said, "I have something to do now. Let's talk about it later."

Stretching out his hand, Moore pushed Sunny away and walked out quickly.

Sunny didn't expect that Moore would really fight with her and fell to the ground.

When she raised her head, she was surprised to see that Moore had walked out of the villa. With her hands on the marble floor, Sunny felt cold.

Maybe she was too naive and thought it would be different with a legal identity.

In fact, it was just her illusion.

In the CEO Office of the KN Group.

Kerr sat behind his desk and looked at Jared, saying, "Are you telling the truth?" Kerr knew that Moore was not a quiet person, but he didn't expect that he would be so bold.

Jared nodded, "yes, Master. I just got the news that the goods and materials smuggled by Moore have been sealed up. The police are looking for him now."

He was also surprised, but since Sunny had looked for Nicole, Kerr had asked him to keep an eye on the movements of Moore and Sunny. He didn't expect that he had really gleaned something useful.

Chapter 519 Kerrs Plot

Kerr smiled slightly. This time, it was Moore who provoked him, so he would not show any mercy to Moore.

"If he wants to run away with it, how can I give him the chance?" Kerr gave Jared a meaningful look.

Kerr understood what he meant. "I'll send people to the airport and every exit to search for Moore. The news just came out, so he must not have the chance to leave here."

After saying that, Jared turned around and was about to leave, but was stopped by Kerr behind him.

"Wait!" Kerr said indifferently, stood up and walked to Jared, "I'll go by myself." Kerr really wanted to see what Moore would say this time.

Jared nodded and followed Kerr. As soon as they got into the car, Jared's phone rang.

Looking at the position shown on the screen, Jared turned around and looked at Kerr. "Sir, our men found Moore at the airport. He is going to leave here by plane in two hours."

Fortunately, they had been prepared, otherwise, it was very likely that Moore would escape.

Kerr didn't say anything, but there was obvious determination in his eyes. This time, he didn't want to give Moore another chance to resist.

Jared ordered the driver to speed up to the airport.

At the airport.

Sitting in the lounge, Moore was very anxious. He wore a big sunglasses and was afraid that others would recognize him.

"Mr. Moore." A familiar male voice came from behind Moore.

When Moore turned around, he saw Kim walking towards him from not far away. Moore frowned slightly. He didn't expect that Kim would appear at this time.

"Kim? Why are you here?" Moore pretended as if nothing had happened and asked Kim.

"Where are you going, Mr. Moore?" Seeing that Moore only had a small bag with him, and he didn't even take the most basic suitcase with him, it could be seen how anxious Moore was.

M

in front of Moore.

"What? You don't even have the courage to look back at me?" Kerr said indifferently, with sarcasm in his words.

He knew what Moore had done behind the scenes.

Looking up at Kerr's arrogant face, Moore smiled slightly. He was not as nervous as he was just now. It was true that there was something wrong with the business, but the guarantor in the contracts was Nicole.

Moore had nothing to worry about. Now he saw that Kerr was still happy, he would soon make him cry bitterly.

"Oh, it is you. Long time no see, Kerr." Moore said in a relaxed tone with a smile on his face. Thinking of this, he wasn't as scared as he was just now.

Feeling Moore's relief, Kerr knew what he was thinking, so his eyes became more complacent.

"Where are you going in such a hurry? Don't you need to be responsible for what you have done?" said Kerr, looking like he was waiting to see Moore to make a fool of himself.

"As a man, you only know to escape when something happens. It's really despicable." Kerr satirized Moore.

Since childhood, Kerr had found that Moore was timid and coward, so he looked down upon Moore from the bottom of his heart and never treated him as his own family.

Chapter 520 I Mean Something Else

Moore hated Kerr's arrogance, as if he didn't care about anything or anyone.

"Kerr! You have been showing off your superiority since you were a child. You are the eldest son of the Gu family, but so what? Let me tell you, even if I am not a child of the Gu family, I can still have everything you have!"

Moore's words were full of grievance.

Looking at Moore, Kerr shook his head and said, "Moore, I will make you admit defeat wholeheartedly." This time, Kerr didn't destroy Moore directly.

It was because he wanted to see with his own eyes that Moore was digging his own grave step by step. At that time, the frustration brought to him was the real defeat of Moore.

Moore frowned. He didn't know what Kerr was talking about, but at the thought that he had succeeded in getting Nicole involved into trouble, Moore looked relaxed.

"It's not sure who will win! Kerr, let's wait and see." After saying that, Moore turned around and was about to leave. But at the moment he turned around, he saw two men in uniforms walking towards him.

"Hello, are you Moore Gu?" Two uniformed men showed their IDs to Moore and asked.

Moore knew that this day would come sooner or later, but he still did not hide, so he nodded helplessly. "Yes, I am."

"There is a smuggling case. Please go back with us to assist in the investigation." The two men said to Moore indifferently.

Moore nodded and said, "Okay." He then followed the man. When he was about to take a step forward, he thought of Kerr behind him. He knew that the appearance of Kerr and Kim was not a coincidence.

But it was too late to say anything now. Moore stopped and turned to look at Kerr. "Kerr, I am looking forward to seeing you again. I know you will come to see me."

Moore's words implied something else. He would soon pin all the blame on

"This is the lady's room!" Nicole looked at Kerr in surprise.

Kerr shrugged, "You have said something like that before." Kerr still remembered that last time when Nicole said so, she also looked shy.

Nicole knew what he meant. Thinking of herself at that time, she couldn't help lowering her head and smiling faintly. She turned to Kerr and said, "So I didn't hear it wrong just now. It was your voice."

It suddenly occurred to her that last time, Kerr also said the same thing.

Kerr nodded.

He lowered his head and kissed her red lips.

Nicole sensed the obvious domineering and possessiveness in his kiss, which seemed to be very different from usual. She wanted to push him away, but failed.

Kerr held her tightly in his arms, making her unable to move at all.

Holding her in his arms, Kerr turned around and took her into a cubicle.

In an instant, Nicole knew what he wanted to do. But they were in the company, so she was very nervous and felt the erection of Kerr's body. "Kerr, not here!"

Nicole wanted to persuade Kerr, but she was stopped by him in the most direct way. All her refusal turned into murmurs under his passionate kisses, with her arms tightly around his neck.
