Chapter 531 It Is Important

"So I hope that when the relevant departments look for you, you can take the responsibility. "

Sunny said lightly.

But Freya was not a fool. How could she not understand what Sunny meant. "Sunny, do you want me to take the blame for Moore? What did he do?"

Freya felt angry at the mention of Moore.

She had hated this name for almost twenty years. It was impossible for her to make a sacrifice for Moore at this time.

"Nothing. Auntie must have read the news. It's just a misunderstanding." Sunny couldn't explain it clearly, "In fact, you don't need to know anything. You just need to admit the crimes when someone asks you."

Sunny said lightly.

"Are you joking? Why should I? Do you think I don't know that Moore is suspected of smuggling? If this crime is proved to be true, he will be in jail." Freya didn't know why Sunny thought of her.

"Sunny, this has nothing to do with me. Why should I help you?" Freya frowned.

Hearing Freya's question, Sunny smiled faintly, "Aunt, don't you like me the most? I know you will agree, because you don't want your secrets to be exposed to the public, don't you?"

The incident of the diamond necklace last time has already affected your reputation. If the outsiders know that you had planned a kidnapping in order to get the shares from her daughter-in-law...

"I don't know what others will think of you." Sunny threatened.

Freya's face had changed from disgust to anger. "Are you threatening me? Sunny, you don't have any evidence. If you exposed that matter, you would be involved too."

Looking at Sunny's determined look, Freya did not have any confidence in her heart, but if she flinched now, then Sunny would only push her luck.

"Auntie, you know clearly that I have made a perfect plan before I went to find you

e breathed a sigh of relief.

Holding the phone in her hand, she called back, but no one answered. Just as Nicole was guessing what happened, Jared hurried to the meeting room.

"Mrs. Nicole." With an anxious look on his face, Jared greeted Nicole and was about to enter the meeting room. Apparently, he had something to talk with Kerr.

"What's wrong? Jared." Nicole stopped Jared. She didn't want Kerr to be distracted.

Jared also knew that this meeting was very important. He turned around and said to Nicole, "Mis. Nicole, Uncle Kelvin just called and said that Mrs. Freya was taken away by the police." Jared didn't know what Freya had done.

There was no time for investigation, and Freya didn't say anything before she was taken away.

A look of surprise appeared on Nicole's face. In her opinion, Freya didn't like her and was a little greedy for vanity. However, it was unlikely that Freya would do something illegal.

Moreover, Nicole lowered her head and looked at the phone in her hand. Did Freya want to call her for help before she was taken away?

Nicole could only guess in this way. Then she put away her phone, walked towards her office and took Jared with her.

Chapter 532 The Gu Family Is Involved

"Jared, find out the reason at once." In Nicole's opinion, this matter was not that simple.

Thinking of the report she had seen before, Nicole lowered her head and found the yesterday's newspaper on the desk, which clearly reported Moore was found guilty of smuggling.

"Go and see if it has anything to do with this matter." Nicole said lightly and handed the newspaper to Jared.

Although Jared didn't understand, he nodded and left the office to investigate.

As soon as he opened the door, he saw Ken standing at the door.

"Mr. Ken." Jared nodded slightly and greeted Ken. Then Jared made way for him.

"No need to do anything." Obviously, Ken was well prepared. When he walked into Kerr's office, he only saw Nicole. "Where is Kerr?" Ken asked, thinking that he should let Kerr know about it.

Nicole didn't expect that Ken would come at this time. "Kerr is in a meeting. He will finish it a little later. Why are you here all of a sudden?" Nicole asked curiously.

Ken calmly sat on the sofa and said, "Let's talk about it after Kerr comes. I don't want to repeat it again." Obviously, Ken was well prepared.

Nicole looked at Ken, and then looked at Jared, who was standing at the door. She bypassed the desk and walked up to Ken. "Are you here for the matter of Kerr's mother?"

They just got the news. Nicole didn't expect that Ken would know it so soon.

"Or what? If she gets into trouble, we have to solve it." Ken's tone was full of helplessness.

Looking up at the confused look on Nicole's face, Ken realized that Nicole didn't know his relationship with Freya. "No wonder you asked me like that. Didn't Kerr tell you the relationship between me and his mother?"

Ken didn't want to come here.

"According to our relationship, I
ble...

It's not an easy thing to make it clear once she got herself into such trouble." Ken was also confused.

Hearing Ken's words, Nicole could not help feeling nervous. "What should we do? Can you bail her out first? I'm afraid she can't stand that kind of place."

Although Freya didn't treat Nicole well before, it was still a conflict within the Gu family. She couldn't watch others frame Freya like this.

"I'm afraid not. This matter has just been found out, so it's very troublesome. I'm also waiting for the news." Ken said in a calm voice.

But noticing Nicole's concerns towards Freya, Ken felt relieved for Kerr.

If Nicole chose to hate Freya, they had no right to blame her. After all, they knew clearly what Freya had done before.

But now, the anxiety and worry on Nicole's face were true.

Kerr raised his hand and held Nicole's shoulder. "Don't worry. Let her suffer and learn her lesson, and let her see clearly what kind of people Moore and Sunny are.

I believe that after this incident, she will no longer believe the two of them." Kerr knew that it had something to do with Sunny. Last time Freya was kidnapped, Kerr had suspected her.

Chapter 533 Dont Deserve Her

But Kerr didn't know Freya would do something like that.

Nicole knew what Kerr said was reasonable, but she was still a little worried.

Ken's phone rang. Looking at the number on the screen, his face darkened. He stood up, walked to the window, pressed the answer key and put it beside his ear.

"Ken, do you think the flowers at the wedding should be white roses or champagne roses?" A gentle female voice asked happily with a little cautiousness.

"Just choose the one you like." Ken didn't care about it at all. Flowers, colors and styles were the same for him.

He knew that she was looking forward to the wedding, but he didn't feel it at all.

"Okay, I see. Are you busy now?" The little woman seemed to want to talk to Ken, but she was afraid of disturbing him.

Ken knew what she meant, but he answered perfunctorily without hesitation, "I'm a little busy. Can I call you later?" Ken said lightly.

Then he hung up the phone.

Perhaps this was the difference between her and Bonnie. If it were Bonnie, she would definitely keep pestering Ken, who loved it when Bonnie did it.

He turned around and met the eyes of Nicole and Kerr. Ken didn't dodge at all.

"I suddenly feel that you don't deserve the bride-to-be who is full of expectations for the wedding on the phone." Nicole couldn't imagine what would happen if she was full of expectation for her future marriage and her upcoming wedding, While her future husband didn't seem to care about it at all. Maybe she would never choose to marry.

After all, it was irresponsible for both the woman and man if they married without love.

With a mocking smile at the corners of his mouth, Ken nodded and did not deny, "You are right. I have an appointment with Sunny about the time and address, Nicole and Kerr arrived at the cafe in advance.

But Sunny hesitated.

She knew that it must have something to do with Freya if Nicole wanted to meet her at this time, but she couldn't figure out the reason. "Edward, do you think I should go or not?"

It's impossible for Nicole to know those things, so I don't need to worry about it at all. But what does she want from me?" Sunny couldn't figure it out.

Now that Moore was not here, Sunny felt a little uncertain.

Hearing Sunny's words, Edward wanted to protect her from any danger. Of course, he hoped that the less trouble the better. "Miss, in that case, you don't have to meet her.

Mr. Moore is not here. I don't know what will happen." Edward was also worried.

However, the curiosity in Sunny's heart was burning and she didn't want to care about her safety anymore.

"But anyway, she won't do anything to me in a public place. She doesn't have the guts. I must go." Otherwise, Nicole would thought that Sunny was afraid of her.

Sunny had already lost Kerr to Nicole. She didn't want to lose a second time.

Chapter 534 Being Carried Away

While speaking, Sunny went straight to the gate of the villa. Seeing this, Edward had no choice but to follow her.

Edward parked the car at the door of the cafe.

"Miss, are you really going in?" Edward asked her. He was a little worried. After all, Nicole was Kerr. Now their strength could not be underestimated.

Sunny hesitated, "Edward, go and do something for me. You must succeed. Once it is done, I would not be controlled by Nicole anymore."

Although it was risky, Sunny still wanted to have a try.

Looking up at Sunny in the rearview mirror, Edward knew that it must be something huge that could make Sunny so nervous, so he nodded and said, "Miss, no matter what you want to do, I will help you."

Sunny had never doubted against Edward's loyalty to her, but at that time, Edward didn't know that this was the last time he saw Sunny and he had fulfilled his promise to her.

His loyalty protected her from the danger.

Edward got out of the car and opened the door for Sunny. Before she entered the cafe, Edward hesitated and said.

"Miss Sunny!"

Hearing the voice behind her, Sunny turned around and looked at Edward in confusion, "What's wrong?" Sunny asked Edward, but the latter shook his head at her.

"Nothing. I have finished what you asked me to do and will come back to pick you up soon." Edward smiled at Sunny.

Sunny nodded and walked into the cafe.

Seeing her receding figure, Edward got in the car, started the engine and left.

As soon as Sunny entered the coffee shop, she saw Nicole sitting at a table near the window in the hall. Sunny was very satisfied that Nicole didn't choose a private room, which was the safest for her.

r to save her now, right?"

Sunny hated Nicole. She didn't believe that Nicole didn't know that Freya had been taken away by the police, but the surprise on Nicole's face was very real.

"Why? Sunny, now that you want to meet me, it means that you are here for this matter. Last time I saw you, you threatened me with Kerr's mother.

Do you still want that to happen again?" The smile on Nicole's face disappeared. Maybe what Sunny wanted to see was her nervous look.

Nicole frowned and looked worried.

"Nicole, don't talk nonsense. I can sue you for slander. When did I threaten you with Freya? Do you have any evidence?" Sunny was not a fool.

Since Nicole had played tricks on her and she had got nothing, and now it had caused a lot of trouble, how could she let Nicole find know her secrets?

"Sunny, now that we all know what kind of person we are, there is no need to hide anything here. Just tell me what happened. Does this matter have anything to do with you?

Last time when you threatened me, you had already obtained the shares of the KN Group. Aren't you satisfied? What else do you want?"

Chapter 535 Aim At Lucas

"Just tell me what you want. I've given you the KN Group. Even if you threaten me in the same way, it's useless." Nicole asked Sunny seriously

"The shares of the KN Group are in your hands. I have nothing." Said Nicole seriously.

Hearing what Nicole said, Sunny was furious. "Nicole, don't talk nonsense. Why are you still pretending? Do you think I don't know that you tampered with the share transfer contract?"

The contracts are all blank now. I have nothing. The KN Group is still under your control. I really didn't expect that you would ignore the safety of Freya.

Maybe Kerr also didn't expect that. I wonder what he will think after he knows it? Nicole, aren't you afraid that I will expose you and Freya will have an accident because of you?"

Sunny knew that Nicole was not a good person. Now it seemed that Nicole was not that simple.

Looking at Sunny's eyes, Nicole breathed a sigh of relief. "Nicole, it mean that you have admitted that you threatened me? Do you want to trade the safety of Kerr's mother for the interests of the KN Group?"

Sunny, you have a good plan. But what a pity!" Nicole smiled again and inadvertently glanced at the shadow behind Sunny, which made her feel relieved.

Finally, they got some valuable information.

Feeling Nicole's complacency, Sunny realized something was wrong. "Nicole, what do you mean? What are you laughing at?" Sunny became nervous. It was not until now that she realized Nicole's purpose.

"Why did you suddenly ask me out?" Sunny looked around vigilantly and didn't find anyone suspicious, but her intuition told her that something was wrong.

Holding the phone in her hand, Sunny waited for Edward's call a long time, which made her feel uneasy.

In the Gu family's old house.

Edward parked the car outside the villa area of Gu fa

business background. Many people were coveting the assets of the Gu family and the power behind it, but there was a reason why the Gu family could still be so powerful in the A City.

Kelvin took out his phone and dialed Kerr's number. "Mr. Master, it's Edward. But I don't know why he came to the Gu family." Kelvin's kept his eyes on the screen.

He wanted to know the purpose of Edward. He knew that since Edward could come here, it meant that he had been instructed by Sunny. As for whether it was Moore who asked Sunny to do so, he had no idea.

So he chose to inform Kerr as soon as possible.

"Find out his purpose and keep him alive." Kerr said lightly, but his voice was very cold. It was Sunny and Moore who played tricks on him, he didn't need to give them any more chance.

He heard clearly what Sunny said just now. He put down his phone and looked at the recorder pen in front of him.

Kerr's face darkened.

He then heard the voice behind him.

"Nicole, if you come to me today to save Freya, I advise you not to waste your time. Since you are safe now, then Freya will be in trouble.

Besides, haven't you heard that Freya has confessed her crime? Haven't you thought about why?"

Chapter 536 Being Threatened

Sunny knew that it was impossible for Nicole to find out the truth easily, so she was not afraid that Nicole would know all this. If they knew what Freya had done behind their back...

The Gu family would definitely be in a mess.

"What do you mean? If I'm not mistaken, it's all Moore's idea. His purpose is to drag more people into the mire. he can't find any evidence related to me, he has shifted the target.

You know what on earth has happened. What evidence have you got from Kerr's mother that forced her to take the blame for you?"

Nicole had received the news that Freya didn't admit her crime, but she didn't deny it either, which made Nicole feel very strange, because in her impression, Freya was never a person who would easily admit defeat.

She remembered what Kerr had said that Sunny had something on Freya.

"Since you are so curious, I'll tell you why I caught Freya so easily at that time. Have you never doubted it?"

At the thought that it was Freya who suggested this idea, Sunny couldn't help but feel complacent. It was Freya who had set a trap for herself. She just gave Freya a push.

"It was Freya who took the initiative to ask me to kidnap her in order to get the shares of the KN Group in your hands. She didn't treat you as a member of the Gu family at all. How could she be willing to give you the property of the Gu family?

But she didn't expect that I would betray her. How could I give her back the shares in my hands?" Sunny was very angry at the thought of the shares she had acquired were all gone.

Hearing Sunny's words, Nicole didn't suspect at all. Perhaps she knew very well what kind of person Freya was, and she also knew that Freya pretend

to leave here right away.

"Stop!" When Sunny was about to walk to the door, she was stopped by Kerr's serious voice.

She had to stop, trembling.

"You'd better believe what Nicole said just now. I will only give you one day to think about it, or I will teach you a lesson with the person you care most." Kerr threatened her.

Sunny staggered and thought of Ron. Without thinking too much, she left the cafe quickly.

Holding Kerr's hand, Nicole sat on the sofa. Just then, Jared came over with a medical kit in his hand. Nicole took out gauze and iodine to clean Kerr's wound.

"Hold on. It must hurt." Her voice was full of pity. In fact, she didn't have the heart to do that. But looking at the blood on the wound, she had to grit her teeth and clean the wound for Kerr.

With obvious surprise in his eyes, Nicole asked, "Nicole, when did you stop feeling dizzy with blood?" Kerr held up Nicole's cheek with his uninjured hand.

He knew that Nicole would faint at the sight of blood, but she was alright and was caring about his wound.

Nicole was slightly stunned. She turned her head away and focus on the wound.

Chapter 537 Worry Has Overcome Fear

Then Nicole fixed her eyes on Kerr's wound. In fact, neither did she herself know when she stopped fainting at the sight of blood.

Perhaps it was because she was too worried that she couldn't faint. It was Kerr who was injured, so she was so nervous.

Hearing Kerr's words, Nicole raised her head and looked at the surprise in his eyes. Then she realized what Kerr had said.

"I... I don't know. " There was obvious confusion in her eyes. It seemed that Nicole was not sure about it and she was all the more confused about why Kerr was so happy.

Kerr bent over and kissed on the corner of Nicole's mouth.

There was obvious surprise in her eyes.

"Why are you so happy? It seems that you are not the one who got hurt. " Nicole glared at Kerr, then lowered her head and carefully cleaned the wound on Kerr's palm.

"It's good that you are fine." Kerr was just worried. When he didn't stay with Nicole, what would happen if she suddenly saw the red liquid and fainted. She might be in danger.

That was why Kerr was always worried about Nicole.

Nicole wrapped the wound on Kerr's hand with gauze, looked up at him seriously and said, "Kerr, I hope this is the last time you are so impulsive."

"No matter what happens, I hope you can understand that you are no longer alone. You have me, Jay and Lucas behind you. You have to be responsible for us, so you can't let yourself get hurt.

And you shouldn't hurt yourself." Nicole was worried about Kerr's temper. She knew that Kerr might just lower his head to her for the rest of his life. Looking at such an arrogant Kerr, Nicole felt that he was still a child.

She raised her hand and touched his face. There was no blame in Nicole's eyes, but tenderness.

Kerr pulled Nicole to his side and let her sit on his lap

on what he wanted to do. In fact, what he wanted to do was the same as Sunny, but Sunny underestimated his ability. This time, he wanted her to know that he could do something.

But Sunny couldn't.

Edward heard Kerr's voice, but he didn't move.

Seeing this, Kim stepped forward, grabbed Edward's hair and forced him to look up.

"Edward? Why are you here?" Nicole was surprised. Obviously, the appearance of Edward had threatened the safety of Gu family. Otherwise, Kelvin wouldn't have caught Edward.

Nicole subconsciously thought of Lucas, who stayed at home every day. She let go of Kerr's hand and wanted to go upstairs, with obvious anxiety on her face.

"Don't worry. He is fine." Said Harrow, trying to comfort her.

Taking Lucas from Harrow's hand, Nicole looked at his fair face and saw him sleeping soundly in her arms. Her nervous mood just now slowly relaxed.

"What happened?" With a cane in his hand, Jack walked to the stairway and saw Nicole standing on the stairs with Lucas in her arms. He also saw many people surrounding the living room.

He was so weak that he had left many things behind. He didn't come out until he heard the sound in the bedroom.

Chapter 538 A World Of Difference

Hearing Jack's voice, Nicole was also startled. She held Lucas tightly in her arms subconsciously, raised her head, looked into Jack's eyes and gently coaxed Lucas in her arms.

Maybe it was because Lucas heard the sound, he opened his eyes and yawned, but did not cry because of fear.

It seemed that since he was born, he had never cried for several times.

Feeling Lucas's obedience, Nicole was gratified.

Looking up, Jack saw Kerr standing in the living room. He was so nervous just now that he seemed to be relieved.

Jack was not capable enough to deal with the Gu family, so he could only leave it to Kerr.

"Mr. Jack, someone broke in." When Kelvin saw Jack, he walked to him and reported the news in a low voice. Jack had been at home all the time.

But Kelvin was afraid that the appearance of the Edward would disturb Jack's rest, so he ordered everyone to move carefully to avoid waking up Jack. Unexpectedly, Jack was still awakened.

However, Jack didn't get angry as expected. Without asking anything, Jack turned around and walked towards the bedroom.

"Sir..." Surprise was written all over Kelvin's face. When he was about to ask Jack, he heard Jack's weak but clear voice.

"I'll leave everything at home to Kerr. No need to ask me for my opinion." It was difficult for Jack to walk unaided now. So he had to rely on his crutch. He really needed give up his control in this family.

Looking at the weak Jack, Nicole felt sorry for him. She still remembered that Jack was so arrogant when she first saw him.

But there was a world of difference from now. Time pasted fast, and Nicole also cherished the present life.

Turning around, Nicole walked to Kerr, holding Lucas in her arms. "Kerr, Lucas is fine."

Hearing what Nicole said, Edward turned his eyes to L

ot of cruel things. He almost hurt Harrow before, but she didn't want Edward had an accident because of Kerr.

It was very likely that this matter would not be clear in the end, and Kerr would also be involved.

"Don't worry." Kerr just patted the back of Nicole's hand, then stretched out his index finger and gently touched Lucas's cheek. In fact, this child's personality was more like his.

Perhaps it was because he was not around with Jay when he was that little, so Jay's personality was more like Nicole's, lively and cheerful, which was the best gift for Kerr.

As for Lucas, he was as calm and quiet as the stars in the sky, dazzling but unreachable, but no one could ignore his existence.

Nicole looked at the gate of the villa unconsciously, but she didn't see anyone or hear any sound.

"Tell me now, or I'll go out to have a look." As Nicole spoke, she was about to stand up and walk outside, but before she could take a step forward, her wrist was held by Kerr beside her.

Kerr shook his head at Nicole, indicating her to wait a little longer.

Soon, Kim came in from the gate of the villa without any panic on his face. "Sir, Edward has ran away." Kim said lightly.

Chapter 539 Ron disappeared

Kim said it calmly, as if it was not an important thing.

Kerr was also calm. He didn't mean to punish Kim, so he didn't feel surprised.

"Why do you seem to have known it for a long time? Why did he run away?" Nicole looked at Kerr strangely. She thought that after Edward was being caught this time...

The feud between them would come to an end. Unexpectedly, it seemed to be just a beginning.

"You want to know? Come with me." Kerr took Lucas from Nicole's hand and handed it to Harrow, who had been standing aside. Then he held Nicole's hand and walked out of the villa.

"It's time for Lucas to go to bed, Harrow." Nicole followed Kerr's steps, but turned around to remind Harrow. Lucas had been sleeping since he came out of the room.

Children were fond of sleeping, so Nicole had to leave Lucas alone.

Harrow nodded and watched Kerr and Nicole leave.

Sitting next to Kerr, Jared drove the car while Kim sat on the passenger seat, with a laptop and headphones in his hands. He seemed to be listening to something.

Soon, he raised the volume, "Sir, I got some news." Kim turned around and looked at Kerr.

Nicole pricked up her ears and heard the voices of Edward and Sunny.

"Miss, I'm sorry. I failed. Kerr is sending someone to look for me. I can't come back to you for the time being." Said Edward apologetically.

Hearing what Edward said, Sunny was shocked. At this time, she was still on the way home. "Edward, you must be careful. Come back quickly. Kerr is threatening me with Ron. I don't know what to do."

Sunny's voice was trembling. She didn't know what to do. Since she didn't come back home or see Ron, she couldn't rest assured.

When Edward heard her words, he didn't expect

on the road.

Seeing that, Jared stopped the car at a certain distance from Edward and watched him.

Soon, the Gu family's cars behind quickly moved forward and surrounded Edward. If it weren't for Kerr's order, they would have been able to catch up with Edward a long time ago.

Kim and Jared opened the door, got out of the car and stood beside it.

The voice on the phone just now echoed in Nicole's mind. She turned her face and looked at Kerr. "Kerr, I'll ask you for the last time. Did you do something to Ron?"

Nicole knew that she shouldn't have doubted Kerr, but the truth was in front of her eyes. In this city, Kerr was the biggest enemy of Sunny. What Edward and Sunny had just said was reasonable.

Nicole didn't know what to do, but she sincerely hoped that this matter would not affect the child.

"When you said so, you actually have believed the speculations of Sunny and Edward. You have already doubted me in your heart." There was obvious dissatisfaction in Kerr's voice.

He and Nicole had gone through so much together. He didn't expect that Nicole would suspect him for an outsider. He was very disappointed.

Chapter 540 The Person I Should Meet

Feeling Kerr's displeasure, Nicole didn't directly answer his question. She just turned her face away and didn't look at his injured eyes. "Kerr, I don't mean that. I just want to know where Ron is.

No matter who is the parents of Ron, the child is always innocent. As a father, no matter what we do in the future, no matter what decision we make, we will give priority to the child."

Said Nicole indifferently.

She was reminding Kerr, but when Kerr heard her words, it seemed to have a different meaning.

"Do you mean that I am not a qualified father? Nicole, I didn't expect you to think so." While speaking, Kerr opened the door, got out of the car and slammed the door.

A loud bang was heard, which startled Nicole.

Hearing the voice, Nicole turned around, only to find that there was no one beside her. She was surprised with her eyes wide open. Since they were together, Kerr hadn't lost his temper with her for a long time.

She reached out to open the door, only to find that it was locked by Kerr.

Nicole knocked down the window and looked at Kerr beside the car, "Kerr! Open the door! How dare you lock me in the car!" Nicole knew that Kerr didn't want her to get involved at all.

With the constant bang on the window, Nicole tried to attract Kerr's attention, but he just stood beside the car and didn't turn around to look at her.

Kerr caught a glimpse of Nicole's action and the anger on her face, but he ignored it and went straight to the car of Edward.

"Kerr! Come back!" Nicole called Kerr, but received no response. So she took out her phone and dialed his number.

Putting the phone near her ear, Nicole looked anxious. Because there was another car in front of her, she couldn't see Edward

smoke, looking very relaxed.

But no one knew how angry Kerr was. In fact, he was also thinking who had taken Ron away.

He was just bluffing Sunny. If he really wanted to catch Ron, it would be easy and he didn't need to plan too much.

But obviously, someone had taken Ron away and framed him. Kerr had to figure out who it was.

Looking at Kerr's expression, Edward opened the door and got out of the car. Standing in front of Kerr, Edward was reluctant, but he had no choice.

"Mr. Kerr, I have something to ask you." Edward lowered his head to Kerr. At this time, he and Sunny had no right to negotiate with Kerr.

Kerr exhaled a puff of smoke and turned to look at Edward indifferently. His eyes were full of disdain. In fact, Kerr appreciated Edward's loyalty.

Unfortunately, he had chosen the wrong person.

"I want to see her before dark." Kerr said calmly. Although he didn't tell everyone who 'she' was, everyone knew that he was referring to Freya.

Hearing Kerr's words, Edward took out his phone and dialed the number of Moore's assistant.

The phone rang for a long time before it was connected.

"How is Mr. Moore now?"
