### Chapter 541 Betray Moore

As far as Edward knew, it was still up to Moore to solve the problem.

"It's not settled yet. It's none of your business." Moore's assistant said coldly.

As Moore's man, the assistant had never taken Edward seriously. Moreover, Moore's case was so troublesome that he had no time to care about anything else.

So the assistant was about to hang up the phone.

"Wait!" Looking up at Kerr in front of him, Edward knew that he couldn't escape at all. He had to help Sunny find Ron.

"This matter has nothing to do with Freya or anyone in the Gu family. Don't target at the Gu family anymore, and don't try to put the blame on them."

Edward warned Moore's assistant in front of Kerr.

Hearing Edward's words, Moore's assistant thought he had misheard. "Edward, you have to know your identity. You can't interfere in this matter, and I hope you don't talk nonsense.

If anything happens to Mr. Moore, your miss will also be involved. At that time, all of us will be in trouble. Do you think you can escape?"

Standing at the gate of the police station and looking at what was going on inside, Moore's assistant knew that Dunn had been in there for a while, but there was no news yet.

"You'd better tell Moore what I have said and let him figure it out by himself. Otherwise, I will tell the police everything I know. Don't blame me for not reminding you at that time.

He knows clearly what he has done. Once others know it, I'm afraid that Moore will be in bigger trouble."

Edward threatened Moore's assistant. He knew that these words would be heard by Moore, so he threatened him. He wanted Kerr to understand his determination.

Edward kept staring at Kerr, but he couldn't see any change

eling Kerr's threat, Edward nodded and said, "I know."

Now Edward and Sunny's lives were under Kerr's control, so no matter what Kerr said, he had to agree unconditionally.

"Good." Kerr's eyes were cold. He let go of his hand and walked towards Sunny. Then he took a look at Kim who was pressing Edward.

Knowing what Kerr meant, Kim took hold of Edward's body and put him into the car, preparing to leave here. The sooner this matter was settled, the better. After all, Freya hadn't come back yet.

"Miss Sunny!" Edward stared at Sunny with obvious reluctance. He knew that he would never see her again after he left here.

When Sunny was very young, he had been with her. He had been spending all his life to protect Sunny. For Sunny, he was willing to do anything.

"Edward!" Tears were all over Sunny's face. Although she didn't know what agreement Edward and Kerr had reached, looking at Edward's resolute expression, Sunny had a bad feeling.

It seemed that she would never see him again.

"Where are you taking him?" Sunny asked loudly, but no one present could give her an answer.

Kerr stopped in front of Sunny.

Chapter 542 A Quarrel

Kerr reached out and pinched Sunny's chin.

"Why do you think that Ron was taken away by me?" Kerr asked Sunny coldly. The misunderstanding had already brought trouble to him and Nicole.

Kerr wouldn't let go of Sunny so easily. He hoped this was the last time he saw Sunny.

Feeling the murderous look in Kerr's eyes, Sunny was trembling. She tried to avoid his grip, but her arms were tightly held by the two men beside her, unable to move at all.

Facing Kerr's questioning, although Sunny felt scared, she had to face it bravely.

"If it weren't you, who else would it be? Kerr, give Ron back to me! You have completely destroyed the He family. Do you still want to eradicate everyone around me?"

Speaking of the past, Sunny's voice was full of resentment. She used to put her whole heart on this man in front of her, but what did she get?

Now she didn't want to tolerate it anymore.

Kerr pinched Sunny's chin with his fingers slightly, full of threat.

"You should know why the He family disappeared. Sunny, only you know who you have offended. Don't think that I will pay for your responsibility."

Kerr shook off Sunny with all his strength, his whole body exuding anger.

He hadn't had a quarrel with Nicole for a long time, but he didn't expect that it was still because of Sunny.

Taking out a handkerchief from his pocket, Kerr wiped off the hand that was holding Sunny just now. Then he turned around and threw the handkerchief into the trash can on the roadside.

He walked towards the car.

When he was near the car, he saw that Nicole was trying to break the car lock.

Such a serious look made Kerr feel very cute. Perhaps only Nicole could be so cute in the world.

Kerr opened the door and got in.

"Ah!" Looking at the sudden appearance

he should say something.

"Just say it." It had been a long time since Nicole knew Jared. How could she not see the change of Jared's expression?

"Mrs. Nicole, are you really going to leave Mr. Kerr? If Mr. Kerr knows it, he must be very anxious." Jared persuaded Nicole.

Nicole looked out of the window and said stubbornly, "Do you think he will be anxious after she treated me with indifference just now? I think he is just tired of me. That's better. We can separate and calm down for a few days."

Although Nicole said so, in her heart, she didn't want to leave Kerr at all and hoped that he would stand out to stop her immediately.

Otherwise, Nicole wouldn't have called Avery in front of Jared. She wanted Jared to tell Kerr that she was going to run away from home.

Nicole knew that her little tricks would be seen through by Kerr, but if Kerr didn't come to coax her in this case...

Then she really had to consider what was on his mind.

"Mrs. Nicole, you are overthinking it. You are the only one in Mr. Kerr's heart from beginning to end. You should know this better than anyone else." Looking at Nicole's awkward expression, Jared couldn't help laughing.

Chapter 543 Married Life

However, Nicole just curled her lips and didn't say anything. When the car stopped at the gate of Gu family's house, Nicole walked towards the door, and before leaving, she told Jared to wait here.

Jared looked at Nicole and found that she was obviously serious. So he had to call Kerr as soon as Nicole entered the villa.

"Sir, Mrs. Nicole is going to run away from home. I just heard that Mrs. Nicole said she was going to the Lin family." Jared wanted Kerr to stop Nicole before she really took action.

But Kerr's reaction was much calmer than he had imagined.

"Okay. She can go anywhere she wants." Kerr said calmly and hung up the phone after giving Jared an order.

At last, only Jared looked confused and even a little at a loss. It was already a rare thing to see Nicole and Kerr quarrel.

He didn't expect to see the two of them separate.

Not long after, Jared saw Lucas come out of the villa with Lucas in her arms, followed by Harrow.

Jared immediately opened the door for Nicole. Seeing that Harrow was also confused, Jared could only shake his head and shrug to show that he was also helpless.

After sending Nicole to Lin family, Jared returned to the KN Group. He stood in front of Kerr and said, "Mr. Kerr, Mr. Nicole has arrived at Lin family. Harrow is with her."

Jared reported the situation to Kerr.

But he didn't see that Kerr was anxious and angry. He wasn't even nervous at all.

"Send out this document." Without raising his head, Kerr handed the folder to Jared.

Jared took over the folder and held it in his hand. He didn't move and suddenly couldn't understand Kerr.

"Any other questions?" Kerr looked up at Jared.

Jared immediately came to his senses, shook his head, turned around and left. As soon as he walked to the door of t

s unforgettable, her definition of marriage was not very clear.

Except that they had Lucas and Jay now, Nicole didn't feel any change between her and Kerr.

Perhaps it was because of Kerr's love that Nicole felt a sense of security that she could be so presumptuous. But once Kerr gave her a cold shoulder, she would feel very disappointed.

Avery looked at Nicole who was in a daze. Except for her career, Nicole seldom pay attention to other things, especially when it came to these trivial details, she was very careless.

"You! You have always been like this." Avery raised her hand and patted on Nicole's head.

In the evening, when Zachary came back from the company, he heard Avery's hearty laughter before entering the door. The corners of his mouth lifted unconsciously, which was his most happiest time every day.

Zachary and Avery had been living a happy life ever since they revealed their true feelings to each other. For the first time, Zachary felt home.

As soon as Zachary entered the villa, he saw that Avery was sitting with her back to him and facing Nicole. He gave Nicole a look, and the latter took the hint and didn't say anything even though she saw him.

Chapter 544 Be A Wife And A Mother

"Nicole, you know what? I have never thought that Zachary looks very serious at ordinary times, but..." Avery said, waving her hands.

She had long wanted to tell these things to Nicole, but she had never had a chance. This time, Nicole ran away from home, which gave a chance to Avery.

"But what?" Zachary quietly walked behind Avery, reached out his hand and hugged her from behind.

"Ah!" Avery didn't expect that Zachary would suddenly come back. She was startled and threw the cup in her hand on the ground. She didn't feel relieved until she heard the familiar voice.

She turned around and gently pounded Zachary's chest.

"Why are you scaring me?" Avery frowned and blamed Zachary.

"What are you talking about? You talked behind my back? You look guilty. I'll teach you a lesson tonight!" Zachary threatened Avery meaningfully.

As soon as Avery heard what he said, she opened her eyes wide and immediately understood what he meant. She ran out of his arms when he was not noticing.

"I will sleep with Nicole tonight. She is in a bad mood and needs me to accompany her." Avery walked quickly to Nicole and held her arm as if she had caught a life-saving straw.

She knew how awesome Zachary was. Every time he could make her fall asleep unconsciously, and when she woke up, she would feel that her whole body was so sore that it seemed to have broken into pieces.

Seeing that Avery obviously dodged, Zachary shrugged his shoulders to show that he didn't care. Anyway, in his eyes, as long as he wanted, he could do it anytime.

Feeling the happiness of Avery, Nicole said, "If you say so, I think Zachary will hate me very much, won't he? After all, I have to stay here for a few days!" Nicole had another place to go.

But she thought that she hadn't been with Avery for a long time, so she could take this opportunity to have a good chat with her.

If

KN Group.

Kerr closed the laptop in front of him, stood up and looked at the moon outside the window.

"Sir, are you really going to pick up Mrs. Nicole tomorrow?" Kim didn't understand why Kerr didn't seem to be in a hurry. Even though Freya was fine now and could come back home...

He didn't tell anyone about it to Freya.

"Are you doubting my decision?" Kerr said lightly, but his voice was full of determination.

"I dare not. It's my fault." Knowing Kerr's temper, Kim took a step back and lowered his head. Thinking of what happened to Nicole, he opened his mouth again.

"Besides, Mrs. Nicole is in the Lin family. I have called Mr. Zachary. According to him, it seems that Mrs. Nicole would live in the Lin family for a long time." He couldn't understand why Kerr and Nicole were so mad at each other because of such a trifle.

Perhaps it was because Kerr had always knew the position of Nicole that he didn't look nervous at all.

"Really?" Kerr smiled and wondered what this little woman was thinking about.

He raised his hand and waved at Kim behind him, indicating him to leave. Then Kerr turned around and picked up the phone and car key on the table.

The phone was very quiet. He knew that the little woman was angry.

Chapter 545 Surrender

Otherwise, Nicole would have called him earlier.

Sitting in the car, Kerr started the engine and headed for Zachary's villa.

In the villa of the Lin.

Lying in the bathtub, Avery closed her eyes leisurely. Hearing the sound of the bathroom door being opened, she didn't open her eyes either. She thought it was Nicole, so she said lightly.

"Nicole, would you like to take a bath with me? It's very comfortable." Avery said with a smile.

She didn't realize that danger was approaching.

Hearing Avery's invitation, Zachary's smile became more obvious. He walked up to her without hesitation and saw that Avery's body was covered by white bubbles, leaving only her small face outside.

Squatting next to Avery, Zachary reached out his hand, lifted a little water and sprinkled it directly on her face.

"Ah! Nicole, how dare you play this trick with me!" Avery cried out as she felt the water drop on her face. She opened her eyes and looked into Zachary's possessive eyes.

She was surprised.

"Why are you here?" Avery sat up at once and looked around the bathroom. There was no trace of Nicole.

"What? Who else are you expecting?" Zachary's face darkened. Before Avery could react, he stretched out his hand and pulled her out of the bathtub.

Avery instinctively stretched out her arms and encircled his neck, "I mean, where is Nicole? She betrayed me!" Avery didn't expect that Nicole would surrender so soon.

She kept murmuring, but when she felt the anger of the man beside her, her face immediately changed. She looked at Zachary obediently, "You must be very tired after a busy day."

"Let's go to bed early, okay?" Avery asked Zachary with a flattering smile.

Zachary quickly wiped the water off Avery's body and put her on the quilt. "It's too late in caring about other's affairs."

Walking to the door of Nicole, Kerr turned the doorknob gently and found that it was not locked. He frowned and thought, 'Doesn't she have any sense of defense?'

He gently opened the door and walked in. Looking at the little woman sleeping soundly in the room, he went straight to the side of Nicole, bent down, and reached out his hand to gently touch her side face.

"Who is it?" Nicole was still in a state of light sleep, so she felt the touch on her face and woke up directly. When she opened her eyes, she shook off the hand in front of her hand.

Looking into Kerr's eyes, Nicole felt surprised. She sat up and asked, "Why are you here?" Surprise appeared in her big eyes, but it was concealed in an instant.

Thinking that the two were still in a fight, Nicole didn't want to talk to him. She turned her head and deliberately didn't look at him.

Looking at the little woman's awkward look, Kerr had no choice but to sit beside her. He reached out his hand and stroked her long hair, "How long will you still be angry with me?"

Kerr's voice was full of helplessness.

He knew that the little woman in front of him was very obedient.

Chapter 546 Run Away From Home

But once something irreconcilable happened, this little woman, who usually looked like a catty, would also stretch out her sharp claws.

"Who are you talking about? Me? I'm not mad at you!" Nicole shook her head to avoid Kerr's hand, but no matter how hard she tried, she couldn't avoid it.

"I don't know who you are. You have a cold fight with me. Then why do you still appear in front of me?" Nicole questioned Kerr. It was not until now that she realized that she couldn't stand Kerr's indifference at all.

Lowering his head, Kerr kissed her chattering mouth. All the explanations and reasons were not as good as hugs.

He just wanted to make her feel his existence.

Only in this way could she feel safe.

Feeling that Kerr's kiss was the same as before, Nicole felt depressed for the whole afternoon. It seemed that her anger was dispersed all of a sudden. From the rejection at the beginning to the slow response...

It was not until then that Nicole realized that there seemed to be no barrier between her and Kerr, and that nothing would change between them.

After a long time, Kerr let go of the blushing Nicole. "Are you still angry? I haven't settled accounts with you for wronging me!" Kerr gently bit her red lips.

There was a clear hint of punishment.

When Kerr heard those words, he was really angry at that moment, but after calming down, he seemed to understand that Nicole didn't mean to hurt him like that.

Looking straight into Kerr's eyes, Nicole saw the sincere look on his face and knew that she was a little impulsive to say something like that. She had only heard Sunny's guess, and she should have given Kerr a chance to explain.

But when it came to the baby, Nicole couldn't deal with it calmly.

"It's not my fault. I didn't even give you a chance

to look in the rearview mirror and nodded. "Yes, I asked Edward why he did that, but he didn't say it."

He also felt strange. It would do no good to Edward and Sunny.

Moore clenched his fists. He really wanted to find out what had happened.

"Where is Sunny?" If there was something wrong with Edward, it must have something to do with Sunny.

"She is in the villa. There is one more thing. Sir, you have to be mentally prepared." The assistant looked at Moore and hesitated, not knowing what to say.

Moore frowned and looked at his assistant in the rearview mirror, "Go straight to the point." He had changed a lot during this period of time, so he didn't take any accidents seriously.

There was nothing he couldn't bear.

"Ron is missing." The assistant knew that Moore would find out about it sooner or later, so he just told Moore directly, so that he could be prepared.

Hearing the assistant's words, Moore's eyes widened. Although he didn't care much about Ron at ordinary times, anyway, it was his child. He couldn't have no feelings for it.

"What happened?" Moore questioned his assistant. It was only one day. He didn't expect so many things to happen. He stared at his assistant...

#### Chapter 547 Who Else

In fact, it was impossible for Moore to find the answer from his assistant.

"I don't know yet. When I got the news, I checked the surveillance video of the villa as soon as possible, but there was nothing unusual. Ron just disappeared like that.

Mrs. Sunny and Edward suspect that it was Kerr. They went to meet him, but I don't know what happened and what the result is.

"We don't have any evidence to prove that it has something to do with Kerr, so we have no reason to go straight to him." Speaking of this, he was also helpless.

If Kerr really did it, they could only admire that Kerr's means were very brilliant without leaving any trace.

"It must be Kerr. I didn't expect that He would play such a dirty trick. It's really eye opening." Moore gritted his teeth.

But he knew in his heart that it was highly possible for Kerr to do that. But if it was really Kerr, Kerr didn't know if he would compromise by threatening him with Ron.

Everything he owned now came from the Gu family. Even if Kerr had never mentioned it, he knew clearly that Kerr had kept these things in his heart.

Sooner or later, Kerr would take back everything he had taken from the Gu family.

But Moore didn't want to give up anything. He didn't know what choice he would make between money and Ron.

"Sir, but Kerr didn't say anything now. It is said that Mrs. Sunny also wanted to steal Lucas and asked Edward to the old house of the Gu family, but he failed."

The assistant knew Sunny's intention, but if she did it without preparation, she would definitely fail.

"Stupid!" Moore didn't expect that Sunny was so dumb.

"Send someone to look for Ron right now, but don't provoke Kerr. I don

on Moore's face. "I really want to know, as Ron's mother, where on earth Ron is now?"

Moore shook off Sunny and threw her onto the sofa.

Looking at Moore's angry face, the Butler immediately asked someone to clean up the living room.

"Ah!" Sunny screamed. She didn't expect that Moore would hit her.

She turned around and looked at the arrogant Moore. Her eyes were full of resentment.

"Moore, are you blaming me? Where were you when Ron disappeared? What have you done for Ron since he was born?" Sunny felt wronged.

However, these words did not affect Moore at all. He turned around and was about to go upstairs.

Sunny stood up and grabbed his arm.

"Make it clear to me. Go out and find Ron. If anything happens to him, both of us will suffer." Sunny threatened him.

Moore was forced to stop and then raised his hand. A loud slap fell directly on Sunny's face. There was no emotion in Moore's eyes.

"If you can't find Ron, you don't have to come back. Don't challenge my bottom line anymore." Moore warned Sunny, looking at her lying on the ground.

There was no mercy in his condescending manner.

Chapter 548 Too Harsh

After saying that, Moore turned around and walked upstairs with determination.

Sunny was lying on the ground with her hand cut by the glass fragments. Blood flowed down from her hand and dropped on the ground, which was particularly dazzling.

Raising her head, Sunny looked at the back of Moore disappearing in front of her.

The surprise on her face had turned into shock. She had never dreamed that she would end up like this.

"Mrs. Sunny..." The Butler looked at Sunny and wanted to help her up, but before he could reach out his hand, she had already rose to her feet.

With her hands on the floor, Sunny struggled to stand up and walked out in a daze without looking at anyone.

No one knew what she was thinking.

But everyone saw the confusion and helplessness on her face.

Stepping out of the gate of Moore's villa, Sunny looked up at the night sky in silence.

Sitting in the study, Moore frowned and said, "Send someone to keep an eye on her. If she wants to take revenge on Kerr, you don't have to stop her. But be careful, no matter what she does, it has nothing to do with me."

Moore said coldly. He wanted to get rid of Kerr with the help of Sunny, but he also didn't want to get himself involved.

Hearing Moore's words, the assistant nodded and then told him, "Sir, so far, Kerr and Nicole are not affected at all."

He knew that Moore's target was only Kerr. It was just a trick to get Nicole and Freya involved.

Clenching his fists, Moore said, "Don't worry. Find out the whereabouts of Ron in a short time. If he is really in Kerr's hand, then I have the reason to sue him."

Both Sunny and Ron could be the tools for Moore to take revenge on Kerr. In his heart, as long as he had money, he could have as many wives and children as he w

Callie didn't seem to be surprised. "Daddy must have his reason to do so. Auntie, did you go to the hospital secretly today? If daddy knows it, he will be angry."

Lisa curled his lips and didn't care at all. She turned to look at the child in the maid's hand and asked, "Where did he get this child? Why does he look so familiar?"

"Daddy asked someone to bring the child back. I guess the child's surname should be Gu." Callie raised her head and looked at the child in front of her. She didn't want to be close to him at all.

She felt different when she saw Lucas. Compared with Jay, Callie loved Lucas's personality more.

"Rachel's youngest son? No, that is not it." Lisa guessed and denied.

In the study on the second floor.

Ben sat behind the desk, with his assistant, Baker Xue, standing in front of him. Baker Xue had been with Ben for many years, and was trained by Ben himself.

"Sir, it seems that your father has got some news about Miss Rachel. He hopes you can give him a response." Backer Xue bent down slight and said respectfully.

He was dressed in a regular black suit, with his hair neatly combed and a pair of black framed glasses on his face.

## Chapter 549 Haggard Freya

Ben's face darkened. Before he got the result, he couldn't guarantee that he could let Rachel go back to the Xue family with him, so it was not appropriate to let the Xue family know the existence of Rachel at this time.

He didn't want his parents to feel disappointed again.

Over the years, they had been expecting to know whether the news about Rachel was true or not, and then fell into deep disappointment.

"Don't tell them anything about Rachel for the time being." Ben ordered Baker. It seemed that this matter could not be stalled any longer.

"I understand, sir. Mr. Kerr hasn't suspected you yet, but he is also looking for the whereabouts of Ron. Do we need to hand over Ron to Mr. Kerr?"

Baker knew that Ben took Ron away because he wanted to put the blame on Kerr. But he didn't expect that although Kerr had a quarrel with Nicole because of this, they patched up things soon.

It seemed that no matter what happened, there would be no gaps between Nicole and Kerr.

"No need. If Kerr can't find Ron, he can't explain it clearly, and Sunny won't let him go. Just send someone to protect Nicole in secret."

No matter what, Kerr would not let Sunny hurt Nicole. From the very beginning, Sunny was a trouble caused by Kerr, and Kerr would solve it himself.

Baker nodded.

In the villa of the Lin family.

Hiding in Kerr's arms, Nicole slept soundly, but was awakened by a sudden knock on the door.

Frowning slightly, Nicole turned over, "What happened?" There was still a sense of bewilderment in her voice.

Kerr had already woken up, but he didn't get up. He kept looking at the little woman who was sleeping soundly.

Hearing the knock on the door, Kerr instinctively reached out his hand to cover Nicole's ear, but the knock was too loud that the people in the room couldn't

do, he would try his best to satisfy her.

Avery nodded at Zachary.

However, Nicole looked at Kerr with concern. Although Kerr had said that the matter had been solved, she was still a little worried.

After breakfast, Nicole and Kerr arrived at the police station.

Sitting in the car and waiting for Jared to finish all the procedures, Nicole got out of the car and saw Freya coming out.

At this time, Freya looked haggard with her head down. Her delicate makeup had become dark and messy. With her head down, she was no longer as arrogant as usual.

Nicole stepped forward and put the coat she had prepared on Freya's shoulder with a faint smile.

No matter what Freya had done before, Nicole chose to forgive her. Looking at the aged Freya, Nicole felt deeply helplessness. Perhaps all the mistakes Frey did were just because she felt insecure.

Feeling the warmth on her shoulder, Freya raised her head and looked into Nicole's warm eyes. At this moment, Freya seemed to understand why Kerr would fall in love with Nicole.

Such kind eyes would bring comfort and warmth to people when they were most vulnerable. Freya had always thought that the person who would pick her up was Sunny.

Chapter 550 We Are Family

However, to her surprise, it was Nicole who appeared in front of her in the end.

Looking at the face of Nicole, Freya could only keep silent. She had been arrogant all her life, but she had shown her most vulnerable side in front of the people she hated most.

In this situation, Freya didn't know how to face Nicole and Kerr in the future.

"Mom, let's go home." Nicole said lightly and put her arm around Freya's shoulder, showing no disgust at all.

Hearing the voice of Nicole, Freya's eyes turned red. She stopped and asked, "why do you come to save me?" She raised her head and looked at Nicole.

Her tone was very calm, not as sharp as before. Freya couldn't figure it out. She always thought that Nicole was pretending to be kind and gentle because she coveted everything of the Gu family.

But now, Freya had nothing. Any rational person would choose to stay away from her, because no matter what the truth was, after this time, her reputation would be affected, and whoever was with her might be questioned.

"Because we are family." Nicole said lightly, "Maybe you don't believe that I am a member of the Gu family from the moment I entered it.

I want to do something for the Gu family. I want to regard you and father as family members. We have to face everything together no matter what happens."

For Nicole, this was the meaning of a family.

Freya fixed her eyes on Nicole. Perhaps only when she was in a desperate situation would she understand what kind of person was the most precious. No matter what Nicole said was true or not, she was willing to believe her. At least, at this time, the only person who was willing to stand by her side was Nicole.

Freya kept silent. She followed Nicole into the ca

"Don't make a fuss." Freya said slowly. Then she let go of Nicole's hand and went back to the bedroom. After a simple dressing up, Cherry followed Freya closely.

Nicole didn't care about it at all. She knew that their relationship wouldn't get better in a day.

She took this opportunity to visit Lucas who had been brought here by Harrow.

"Lucas!" Nicole held Lucas in her arms gently.

"Young Mistress, aren't you really worried that someone will take little master away?" Harrow stood by and asked Nicole.

Last time, when Freya asked Cherry to find him, she had told all the conditions to Nicole. She had thought that she would nervously take Lucas away from the Gu family.

But to Harley surprise, Nicole didn't do that. She even pretended that nothing had happened.

Nicole shook her head and said, "She won't. Don't worry about her anymore." Nicole knew that Harrow's vigilance was for the sake of Lucas and her.

But this kind of thing would never happen again.

After today, Freya was no longer the old Freya. Their relationship would also change. Freya looked forward to a new beginning.

"Why?" Harrow asked with curiosity.
