

CEO Daddy 551

Chapter 551 Praising Nicole

After all, it was related to the safety of Lucas. Harrow didn't believe that Nicole didn't care about it, nor did he believe that Freya would turn good.

In order to save Freya's face, Nicole just smiled and said nothing more. "You'll know it in the future." Nicole said calmly.

Putting down Lucas, Nicole went back to her bedroom and took out a set of emerald jewelry from the dresser. This was a gift received for her marriage.

She had never worn it before. The emerald green jade was crystal clear. She smiled faintly. This color was very suitable for Freya, which would make her skin look fair.

"Young Mistress, are you going to give this set of jewelry to lady Linda?" Seeing that, Harrow who had just persuaded Lucas to sleep, was surprised.

Perhaps it was because of his growing environment that he didn't trust others, especially those who had hurt him.

So he wanted to remind Nicole to guard against Freya.

Nicole nodded and looked up at Harrow in front of her. "Harrow, I understand your kindness, but you should believe in my judgment. I won't let you down."

She said firmly.

Then she turned around and walked to the door of Freya's bedroom with the jewelry box.

Hearing the voice inside, Nicole stopped and smiled faintly.

Following Nicole, Harrow was also interested in the voice inside.

"My lady, how did you solve this problem? How could that bastard Moore Gu drag you into the mire?"

Cherry's voice was full of worry. In the past day and night, she had thought of all kinds of ways, but she had not been able to get any news about Freya.

Freya shook her head and said, "It's not that easy for Moore to ask me to take the blame for him. I just didn't expect that Sunny could be so heartless. It seems that the purpose for which she has tried her best to please me before is to

get the shares of KN Group.

and and knocked on the door of Freya's room naturally.

"Knock, knock, knock!"

Seeing the expression on Nicole's face, Harrow turned around and went back to Lucas's room. Perhaps this was the best result.

Cherry walked to the door and opened it. When she saw Nicole, she smiled gratefully at her, "Young Mistress." She nodded at Nicole.

Taking a step back, Cherry made room for Nicole.

"Mom, I think this set of jade jewelry is more suitable for you. I can't match such a noble temperament, so I want to give it to you. Please try it on!" Nicole walked directly behind Freya.

Freya looked much better after making up. Nicole took out a necklace and put it on Freya's neck.

The emerald green jade threw into relief the fairness of Freya's skin. Freya had a good temperament, and with careful decoration, she looked more dignified.

Looking at the jade necklace with good quality on her neck, Freya stretched out her finger and gently stroked it. Her eyes were full of surprise. She had brought jewelry for so many years, so of course she could see that this necklace was very valuable.

"Nicole..." Freya raised her head and looked at Nicole in the mirror with obvious complexity in her eyes.

Nicole just smiled.

Chapter 552 Close To Her Heart

"Mom, I think it suits you very well. It's very beautiful. As long as mom likes it, it's good." The way Nicole addressed Freya made her particularly cute.

Reaching out her hand, Nicole naturally wrapped her arms around Freya's neck and rested her chin on her shoulder. "In fact, I have no mother since I was a child, although my stepmother treats me well.

But she also had her own daughter later. I wanted to get close to them, but I didn't dare." It was obvious that Nicole was a little depressed when she said these words. She had never said these things to others.

Looking at the emotional change on Nicole's face, for the first time, Freya felt that Nicole was very pitiful, although she looked very strong on the surface.

In fact, there were times when Nicole was vulnerable.

"If possible, I really want to treat you as my own mother. I know that I may not be what you expect, so you will instinctively reject me in your heart.

Because of me, Kerr will contradict and disobey you, so you don't like me more. In fact, it's just that Kerr is working hard for his love.

Most of the time, we are working hard for our love. I hope you can give me a chance, and give us a chance to start over."

Nicole knew it was a good chance.

She sincerely hoped that she could be close to Freya.

Freya stared at Nicole all the time. It was the first time that someone had done such an intimate behavior with her. Even Sunny, she just held her arm in the past.

For many years, Freya had never been so intimate with a person, which made her feel obviously uncomfortable, but she did not reject it in her heart. She slowly raised her hand and tried to hold the arm of Nicole.

Looking into the mirror, Freya nodded, "Thank you, Nicole." Freya said lightly, but her words were obvious that Freya was her family, she would protect her at all costs.

"Mrs. Zhang, I remember that someone saw Mr. Zhang have a son not long ago. Now you don't look like you just gave birth. Isn't it your child?"

Freya said lightly. She knew Mrs. Zhang's weakness.

She was not a person who would be bullied easily. Since Mrs. Zhang didn't want to let her go, she didn't need to be polite.

"If it's just a rumor, I think it's necessary for Mrs. Zhang to clarify it. But I have something to do with Nicole, so I don't have time to waste here."

As Freya spoke, she led Nicole into the club.

"You!" Mrs. Zhang's anger rose to her head all of a sudden. She looked at the back of Freya with a red face and said, "Stop!" Her husband's infidelity was now a hot topic in the business circle.

Although she hadn't reached the point of divorce, it really humiliated her. She didn't expect that Freya would say it out in public.

She felt that if she didn't teach Freya and Nicole a lesson, she would be too ashamed to come here in the future.

Nicole stopped. She had planned to let it go, but that woman didn't let her go.

"Freya, what did you say?" The woman walked up to Freya.

Chapter 553 You Are The Same

The woman questioned Freya loudly.

Looking at the woman's excited face, Nicole was afraid that what Freya said would irritate the woman, so she stepped forward instinctively and stood in front of Freya. No matter what, she couldn't let Freya be hurt.

Looking at Nicole's action, Freya was a little surprised. She knew that everyone would instinctively protect themselves when facing threats, but Nicole was different.

"What do you want, Mrs. Zhang? Now that you have heard it, why do you ask me again? We both have our own lives. In that case, why do we satirize each other?"

Only we know what it feels like. Why do we have fight against each other?" Nicole didn't care about other people's family affairs at all.

In her eyes, all these were others' privacy.

However, when others paid close attention to her privacy, she would instinctively reject them.

"You! Who do you think you are? Now you are acting as a filial daughter-in-law in front of me. Isn't it you who sent Freya to the police station?"

Isn't there anything shameful in your family? My husband just made a mistake that all men in the world would make. But what about you? You are not satisfied with each other.

But you have to show your concern for each other, which will make me feel sick." Mrs. Zhang didn't like the way Nicole stood up for Freya.

In her opinion, Nicole's protection for Freya was just a show.

Now that Freya had to steal Nicole's jewelry to support herself, she was not terrifying at all.

Seeing how arrogant Mrs. Zhang was, Freya stepped forward, held Nicole's wrist, and pulled Nicole behind her. "Mrs. Zhang, it's none of your business."

Freya knew that no matter who was right or wrong in the past, it was all in the past.

Since Nicole was able to save her, it was enough to prove that Nicole had been always with a flattering smile.

"Mrs. Freya, Mrs. Nicole, I know she brought you some trouble. I apologize to you on behalf of her. It's my fault. I hope you can forgive me."

Mr. Zhang nodded and bowed to Nicole and Freya with great courtesy.

With an inexplicable look on her face, Nicole had no idea what had happened. She didn't expect Mr. Zhang to apologize so soon.

"Why should you apologize? What are you doing?" Seeing that her husband not only didn't stand up for her, but also showed his kindness to Nicole and Freya, Mrs. Zhang rushed directly to Mr. Zhang.

She reached out her hand and pushed her husband away, showing her anger.

"Enough! Are you done? Do you still want the Zhang Group? Without the Zhang Group, can you still enjoy everything now?" Mr. Zhang pushed his wife away.

Then he turned around and said with a smile to Freya and Nicole, who were still silent.

"Since Mrs. Freya likes this place, as an apology, I will decide to give this club to you as a gift. I hope you would like it." Mr. Zhang thought that Nicole and Freya were angry because they didn't speak.

So he offered to let Freya and Nicole cool down.

Now everyone knew the position of Nicole in the KN Group.

Chapter 554 A Harmonious Family

Offending Nicole meant offending Kerr and the whole KN Group.

At that time, they would suffer more than just a private club.

Mr. Zhang was also helpless about the trouble his wife brought to him. He didn't expect that this woman would bring him such big problem.

Hearing Mr. Zhang's words, Nicole probably guessed that this matter had something to do with Kerr, but she was curious how Kerr knew it.

"Mom, it's up to you. As long as you are happy, everything will be fine." Nicole held Freya's arm and said intimately, leaving the decision to Freya.

Freya gently patted the back of Nicole's hand, and was very satisfied with her reaction.

Looking into Mr. Zhang's eyes, Freya instantly pulled a long face.

"We don't need such a place. I didn't expect to meet such a disappointing thing when we came out to relax." Freya knew that her reputation in the business circle had been affected.

Freya didn't feel surprised at all about what happened today.

But she didn't want anyone to spread rumors about her relationship with Nicole in the future, so she had to punish them as a warning to others today.

"I just hope that Mr. Zhang can handle your own family affairs well. Don't bring trouble to others because of it." Freya said with a different meaning.

She glanced at Mrs. Zhang, who was full of disbelief.

Naturally, she walked up to Mrs. Zhang. With a smug look in her eyes, she said, "Mrs. Zhang, you should know better than me that only the one who laughs at the end will be the winner.

It doesn't matter what happened in the beginning. I just know that now I have a harmonious family and a filial daughter-in-law. I don't remember what happened in the past."

Freya warned Mrs. Zhang, as well as everyone here. She also reminded everyone here that if they made a fuss about it again in the

cle, there is only status, interests and reputation, no trust between people.

Let alone feelings and love." Nicole's voice was calm but sincere.

Freya looked out of the window and suddenly felt that Nicole was innocent and pure. Freya would probably never hear such words from Sunny.

They grew up in similar environment and had been accustomed to such a life style.

"I hope you won't be influenced by the environment in the future." Freya really hoped to keep Nicole's innocence, which was dear to her.

Nicole sat up straight and looked at Freya with a smile. "Does mom likes me more and more because of my innocence?" Nicole was surprised that Freya didn't frustrate her.

And didn't laugh at her.

It meant that Freya was trying to understand her.

Anyway, it was a good start.

Freya didn't admit it, but looked out of the window with a little embarrassment.

With a pride smile on her face, Nicole heard her mobile phone ring before she could continue. Looking at the number on the screen, which showed Kerr's number, she pressed the answer key and put it beside her ear.

"Since they had had the punishment they deserved, are you happy now?" There was obvious certainty in Kerr's voice.

Chapter 555 Its Not Fair

Kerr knew Nicole, so he gave her more opportunity.

Hearing Kerr's voice, Nicole smiled, "Did you do it? How did you know that?" Nicole didn't expect Kerr to hear it so soon.

But that's good. Without Kerr, Nicole would have to find a way by herself. Kerr had saved her a lot of trouble.

"As long as you are happy, Nicole. I hope you understand that no matter what you are doing, I am always behind you. So you can do whatever you want to do."

Kerr was the solid support of Nicole, which he had never doubted.

Nicole felt sweet in her heart. "I know. I have to go out with mom. I'll go home later." Nicole gave Kerr a brief explanation to reassure him.

Then she hung up the phone and turned her head to look into Freya's eyes. Perhaps it was her illusion, but in Freya's eyes, she actually saw a trace of envy and admiration.

"It's Kerr?" Freya said lightly. She had already guessed that Mr. Zhang's sudden arrival was not a coincidence at all.

Different from Jack, Kerr focused all his attention on Nicole, so she felt that she was loved.

Nicole nodded, "In fact, you didn't like me at the beginning just because of my family background?" She had always felt that this matter was not as simple as it seemed.

Although the Gu family had been using her identity and family background to make a fuss, she felt that it was not the only reason.

There was a trace of appreciation in Freya's eyes. She didn't expect that Nicole was so smart, and the reason behind it indeed more than that.

Freya shook her head at Nicole, but she didn't say anything. The driver parked the car in the underground parking lot of the shopping mall belonging to the KN Group.

Holding Freya's arm, Nicole got out of the car.

"You don't know that

o see the happy smile on Freya's face. Only in this way could her family live in peace and save a lot of trouble in the future.

Freya smiled happily. Nicole was becoming a lovely daughter-in-law, which made her feel very satisfied.

Just as Freya was seriously looking at the jewelry in front of her, Nicole's mobile phone suddenly rang. Looking at the strange number displayed on the screen, Nicole pressed the answer key and put it beside her ear.

She stood up and walked to the window naturally.

"Hello, who's calling?" She said in a relaxed tone, which showed that she was in a good mood.

But the person on the other end of the phone was not in a good mood.

"Nicole! Give my child back to me!" Sunny shouted at the phone. She had been standing outside the Gu's old house for a while, but the security guard at the door stopped her.

They said that both Nicole and Kerr were not at home, but Sunny didn't believe it.

Without Edward and Moore, if she lost Ron again, she would really lose the courage to live her life.

Hearing Sunny's hysterical voice, Nicole frowned. She was also worried about the child, but she could do nothing about it.

Chapter 556 The Curse Of Sunny

Nicole had asked Kerr seriously, so she was sure that it had nothing to do with him.

For Nicole, whether it was herself or Kerr, they had been very kind to Sunny and had a clear conscience, so she was very calm in the face of Sunny's accusation.

"Ron's disappearance has nothing to do with Kerr and me. If you really want to find your child, you'd better call the police as soon as possible, so that the staff may help you."

Nicole knew that Sunny, who had lost Ron, had no sense at all.

If someone took Jay or Lucas away from her, she would be the same as Sunny. But she really didn't know the position of Ron, so she couldn't help her.

Then she was about to hang up the phone.

However, Sunny, who was on the other end of the phone, obviously didn't want to let it go. "Nicole, you still don't admit it yet. Let me tell you, if anything happened to Ron, I will get back at Lucas for what happened to my son!"

Sunny threatened Nicole and hung up the phone.

Nicole was shocked. Although she knew that it was almost impossible for Sunny to get close to Lucas, she dared not take the risk.

She then tapped on the screen with her flexible fingers and dialed the number of Harrow. The phone was quickly answered. "Harrow, is Lucas okay?" Nicole asked anxiously.

Lowering her head, Harrow looked at Lucas, who was lying on the bed. She didn't know what was going on. "He is fine. Don't worry." Said Harrow lightly.

Nicole was finally relieved. "Take good care of him. Don't let him out of your sight. I'm afraid that Sunny will do something bad to him." Nicole reminded Harrow.

With the assurance of Harrow, Nicole hung up the phone.

Hearing what Nicole said, Freya, who was sitting next to her, stood up and walked up to her. "Is Sun I kill Lucas and let you have a taste of what I am feeling now!"

Sunny gritted her teeth. Her two arms were controlled. If there was no one around her, Sunny would have pounded on Nicole and strangle her.

"I have told you many times that I don't know where Ron is. This matter has nothing to do with me and the whole Gu family. You don't need to waste time here."

There was helplessness in Nicole's tone.

"No way!" Sunny said firmly, "No one else but you!"

Nicole didn't know how to explain it to Sunny.

Freya stretched out her hand to hold Nicole's wrist, forcing her to take a step back. "Sunny, whatever happened to Ron, it's your own fault. It's your retribution!

You have done so many bad things. Now Ron has to pay for your mistakes." Freya hated Sunny because she was fooled by Sunny again and again.

Freya had never been so frustrated before. It was all because she coveted the shares of the KN Group. Otherwise, she wouldn't have trusted Sunny so easily.

"Bad things? Hahaha!" Hearing Freya's words, Sunny suddenly burst into laughter. She was in a state of madness and made a terrified voice. "You should pay for what you have done too!"

Chapter 557 Love Lucas

Sunny stared at Freya in front of her. In her eyes, Freya had done more mean things than her.

Why was she the only one who got the punishment?

"Bah!" Sunny spat at Freya.

Frowning, Freya stepped back, but her clothes were still stained by Sunny, which made her very disgusted. "Sunny, since you are so ungrateful, don't blame me!

Guards, throw her out!" Freya called the security guard of the Gu's old house.

Nicole had been standing silently beside Freya.

She knew that Sunny and Freya had their own grudges, and it was inappropriate for her to interfere in these things, so she behaved obediently and kept silent.

Looking at Sunny's current situation, Nicole felt sorry for her. But from another perspective, she also felt that Sunny was hateful, so she didn't intend to forgive Sunny anymore.

She was not a holy being after all, and she couldn't achieve both ends.

"Freya! Nicole! You will pay for it! I'll wait and see!" Sunny shouted their names and cursed them in the most vicious language.

Nicole could pretend not to hear it and ignore it, but Freya couldn't.

"Go and block her mouth. Since she doesn't know mind her tongue, she doesn't need to speak again in the future." Freya said calmly.

But everyone who heard this sentence knew what Freya meant.

The security guards could only follow Freya's order.

Glancing at Nicole beside her lightly, Freya felt that she was a little stunned. "Being kind to the enemy is to hurt yourself. If one day, you are careless...

And you give her a chance, she will do something that will make you regret for the rest of your life." Freya reminded Nicole calmly.

In her opinion, Nicole was too young and sometimes very kind. Although these emotions and
d make her melt.

Lucas's bright big eyes had been staring at Freya's face. He took the initiative to get close to her side face and left a light kiss on her cheek.

Freya blushed instantly.

But she felt the warmth that she hadn't felt for a long time.

Jack, who was lying on the rocking chair, heard the laughter outside the door and could not help feeling curious. "Kelvin!" There was only one person by his side, that was, Kelvin.

Hearing Jack's voice, Kelvin immediately stood up and helped Jack out of the bedroom. However, he stopped at the stairway of the second floor. From a distance, Jack saw the intimacy between Freya and Lucas.

And everyone in the living room was smiling.

It seemed that Jack had never seen such a scene in the Gu family.

"Sir, are we going downstairs too? Go to see Lucas." It was rare to see such a scene, and Kelvin felt relieved. He tried to persuade Jack.

Jack kept silent for a while, and then shook his head. He turned around and wanted to go back to the bedroom. He couldn't accept that he had to stagger in front of others.

Even his family. Jack didn't want others to see his embarrassment.

Chapter 558 Theft

Turning around, Jack returned to his bedroom.

He would rather hide in the room and close the curtain every day, as if he was isolated from the world.

No matter what others thought of him, Jack knew that he couldn't get better at all.

However, when Jack turned around, Nicole raised her head and saw his back. She was a little surprised that Jack pretended not to see them.

And he didn't say anything to stop them.

"Mom, is Dad's illness..." Nicole asked Freya.

But she could clearly feel that when Freya heard her mention of Jack, the smile on Freya's face was obviously frozen, and the happy look on her face gradually disappeared.

Holding Lucas in her arms, Freya looked up at Nicole beside her and said, "Nicole, someone is like a cold stone. No matter how hard you try, you can't move him.

So you don't need to waste your energy." Freya reminded Nicole with obvious meaning in her words.

She no longer held any hope for Jack. Perhaps they would be like this all their lives, and it was good. Especially now with Lucas and Nicole, Freya's life would not be so boring.

Nicole understood what Freya meant.

She turned around and looked at the direction upstairs. She kept it in mind.

Since Lucas accepted Freya, she had been holding him in her arms and wouldn't let him go. Even Harrow was free.

"Mrs. Nicole, do you really trust Mrs. Freya?" In fact, in Harrow's opinion, she always had doubts. After all, Freya had done such mean things before.

Nicole smiled and shook her head. She walked into the kitchen and saw the fish she bought this morning. Thinking that Kerr and Jay liked the braised fish she made, she decided to reward Kerr.

Following her, Harrow wanted to say something, but seeing that Nicole didn't take it seriously, she couldn't say anything, so s

ed Jared half jokingly.

"Ha-ha. She won't!" Hearing Nicole's assumption, Jared giggled, but he was very determined about his relationship with Daisy.

Nicole shook her head helplessly and hung up the phone. She washed her hands and dialed Daisy's number. The phone was hung up directly after ringing twice.

This had never happened before.

"What's wrong?" Seeing the surprised look on Nicole's face, Harrow asked.

Without saying anything, she dialed the number again.

"Sorry, the subscriber you dialed is power off. Please redial later." A cold and mechanical female voice came from the other end of the phone. Nicole frowned as if she realized that something was wrong.

It seemed that Daisy would not something like that.

Nicole called her several times and got the same result. She began to worry.

She called Jared again, "Jared, do you know where Daisy's home is? Go and have a look. I called Daisy but it didn't get through."

Hearing Nicole's words, Jared agreed and drove towards Daisy's home.

Putting down her phone, Nicole felt a little uneasy and dialed Kerr's number.

However, a phone rang behind her. She turned around and looked into Kerr's affectionate eyes.

Chapter 559 Care About Another Man

"Why are you back?"

Nicole paid all her attention to the phone just now, so she didn't notice that Kerr had walked behind her.

Kerr naturally walked to Nicole's side, reached out his hand to hold her waist, and kissed her red lips. "I miss you, so I come back."

He said naturally.

Knowing that Nicole and Freya had returned home, Kerr came back to accompany Nicole after he finished his work.

Nicole raised her head and told Kerr what happened to Daisy, "What happens to her?" Nicole didn't understand why Daisy didn't answer her phone call if she was just angry with Jared.

Some time ago, Nicole had found that something was wrong with Daisy, so she gave Daisy a chance to take a leave. However, after Daisy came back, not only did she not get better, but she was even more strange.

"What do you want for dinner?" Kerr didn't answer her question. He just looked behind her and saw his favorite fish. He smiled slightly.

"No one is going to take it from me this time." When Jay was at home, Kerr couldn't enjoy this delicious dish alone.

Looking at Kerr's relaxed face, Nicole knew that the bidding would be held tomorrow. If anything went wrong, all her preparations would be in vain.

"I'm telling you something serious. Can you be more serious?" Nicole held Kerr's face and made him look into her eyes.

"Food is the most important thing for people. Don't you think what I said is not important? Or do you want me to care about other women's private life?" It was a very serious thing, but it sounded wired after what Kerr said.

Nicole couldn't do anything about it.

Looking at Kerr's cheeky face, she pinched his side face.

"What if you can't get the business proposal tomorrow?" Nicole threatened Kerr.

In fact, having been with Kerr for

ed?" An old lady living next to Daisy came out when she heard the knock on the door. She smiled faintly when she saw Jared. He used to come here, so she also had seen him before.

Hearing the old lady's voice, Jared turned around and looked at her with a smile. "Yes, I'm here for Daisy. We had a quarrel over a trifle before, but I didn't expect that she is still angry with me."

Jared explained.

The old lady was confused. "Don't you know? Didn't Daisy tell you?" The old lady looked at Jared in confusion.

Looking at the old lady's expression, Jared also realized that something was wrong. "I don't know what?" The smile on Jared's face gradually disappeared, waiting for the old lady's answer.

Ten minutes later.

Jared left the apartment with disappointment. What the old lady said echoed in his mind.

"About a week ago, Daisy sold her house and moved out. I asked her if she was going to marry you, so she left. She also told me that she was going to get married.

How could you not know?"

Daisy had no idea that he was going to propose to her, and the old lady said that Daisy had left a week ago.

In the past week, Jared almost had no news about Daisy.

Chapter 560 Misunderstanding

Jared even didn't know where Daisy might have gone.

Getting married? Even his boyfriend didn't know, and he didn't know whom Daisy was going to marry.

Sitting on the steps of the apartment door, Jared was very disappointed. He thought that he just quarreled with Daisy, but he didn't expect that she would leave without saying goodbye.

Thinking of the bidding proposal, Jared didn't want to doubt Daisy, but now the fact was clear.

Jared took out his phone and dialed Kerr's number, but no one answered. At this time, Kerr's phone was quietly put in the study.

While Kerr sat at the table and enjoyed the dinner prepared by Nicole.

Freya looked at the six dishes and one soup on the table. Although they were very simple, they were very exquisite. She didn't expect that Nicole could cook at all. She could not help but have a better impression of Nicole.

But Freya still held Lucas in her arms, unwilling to let him go.

"Mom, please let Harrow take care of Lucas. You must be tired. Let's have dinner early." Nicole reminded Freya. Seeing the way Freya took care of Lucas, Nicole felt that she had done a better job than she did.

She didn't expect that Freya would be so considerate.

Maybe they had misunderstood each other too much before.

Hearing that, Freya put down Lucas and sat down.

When Kelvin came downstairs and saw the happy family, he couldn't help but feel sorry for Jack. If Jack was willing to come out, maybe it was the real family reunion.

Seeing the look in Kelvin's eyes, Nicole probably knew what he was thinking, so she said lightly, "Uncle Kelvin, please go and ask Dad if he wants to come downstairs for dinner." Her eyes were full of hope.

Kelvin had been persuading Jack for a long time, and Jack was unwilling to come out, so Kelvin could only shake his head at Nic

again.

Kerr held Nicole's wrist and pulled her into his arms, letting her sit on his lap. "Is it your first day to work?"

This kind of thing may happen every day. There is nothing strange. Don't worry. There will be a result." Kerr comforted Nicole.

However, Nicole was still unhappy, not only because her proposal was gone, but also because of Daisy. In the past, she had only felt that Daisy was just a quiet woman.

She didn't expect that Daisy had never treated her as her own friend.

She was disappointed.

Anyway, Daisy had a problem when she worked for her, and Nicole thought that she was responsible for it.

"Don't think too much! Do you hear me! Daisy has been ambitious for a long time. Unlike Jared, she can't always work for others." It seemed that Kerr was not surprised at all about what Daisy did.

He even knew Daisy's purpose.

Nicole looked up at Kerr, "You have known it? Then why did you send her to me?" Nicole thought it was because Kerr trusted Daisy.

That's why Daisy came to her side. Now it seems not to be the case.

Seeing the surprised look on her face, Kerr smiled faintly and pinched her nose. "Do you think she will have such a chance when she worked for me?"
