### Chapter 571 Its My Fault

Perhaps it was because Daisy was injured that Jared became so excited and anxious. Nicole didn't make a fuss about it with Jared.

But she was worried about him.

Hearing Nicole's question, Jared smiled, but his smile was horrible. He stood up, and his legs had become numb because he had curled up for a long time. He staggered.

"Wake up? She will never wake up." Jared said in a low voice, but there was a hint of despair in his tone.

How could he accept such a fact? Looking at the ring that fell on the ground, he bent down and picked it up. It belonged to Daisy.

Nicole looked at him in shock. She couldn't believe her ears. She stood up and grabbed his arm, "What did you say? What do you mean?"

She thought she must have misheard. Yesterday, Harley said that Daisy was not in danger and that she would wake up this morning at the latest.

But now, looking at Jared's face, she could clearly feel that the sadness in his heart was not fake.

Jared lowered his head and looked at Nicole's hand on his arm. He turned to look at her and said, "Stay away from me. I have endured it till now because of Mr. Kerr. You'd better not push me."

He didn't want to hurt Nicole, because he knew that Kerr wouldn't allow it, but he had no place to vent his sadness.

Jared shook off Nicole's hand again. Although Jared didn't answer her, his actions had shown everything. Nicole lowered her head and looked at her hands.

Did she become a killer?

Thinking of this, Nicole stepped back unconsciously with shock on her face.

"Jared!" After receiving the phone call, Harley rushed to the door of the ward and called Jared's name, out of breath. He was worried that Jared would vent his anger on Nicole.

It would be troublesome then.

Jared loo

He raised his hand and was about to slap Nicole.

"Stop!" Jared stopped his fist one centimeter away from Nicole's side face.

Standing at the door, Kerr was furious when he saw Jared's action.

He walked quickly to Nicole and held her in his arms. Then he punched Jared with the other hand. There was obvious anger in Kerr's eyes.

"Who gave you the guts and power?" Kerr couldn't believe that Jared really wanted to hurt Nicole. He had trained Jared well. If Jared dared hurt Nicole, it meant that Jared had betrayed him.

Jared staggered and fell to the ground. He didn't dodge or struggle. It was because of Kerr that he achieved what he had today. Everything he had today was given by Kerr.

So he had no right to fight back.

Feeling the existence of Kerr, Nicole lay in his arms, tears streaming down silently.

Feeling that the shirt on his chest was wet, Kerr knew that she was frightened and sad because of Daisy's death.

Kerr gently patted Nicole's back and said, "Don't think too much. I'm here." Kerr regretted that he couldn't be with Nicole all the time.

In that case, she would not have the chance to run around, nor would she be so sad.

Chapter 572 Caused By Medicine

Lying in Kerr's arms, Nicole shook her head and said, "No, it's all my fault. Daisy died because of me. I'm the murderer."

She didn't want to think too much, but the fact was clear. She didn't know how to accept such a reality.

When she knew the news of Daisy's death, her mind went blank at that moment.

Kerr held up her little face and saw the tears on her face. "It's not what you think. Nicole, promise me not to think too much. Things are not as bad as you think."

There were some things that Kerr hadn't got the evidence yet, so he couldn't tell anyone. But he didn't want to see Nicole so sad.

Looking at Harley who was standing in the room, Kerr wanted to find the answer from his face, but Harley shook his head at Kerr.

"No! It's me!" Nicole knew that Kerr wanted to protect her, so he didn't want her to blame herself. But she couldn't forgive herself for this.

Nicole pushed Kerr away. She didn't know how to face Jared or Kerr.

She turned around and ran towards the door.

Kerr had been observing Nicole's reaction. Before she took two steps forward, Kerr held her in his arms from behind.

"Nicole, listen to me. It's not as simple as you think. Daisy's death has nothing to do with you. Please listen to me." No matter what the result was, Kerr was going to tell them his guess.

Otherwise, it was very likely that Nicole and Jared would break down before they got the result.

Kerr glanced at Harley and motioned for him to speak.

"Waah... Waah..." Nicole held Kerr's arm and sobbed. Her guilt and sorry had made her at a loss.

Feeling her trembling shoulder, Kerr had to hold her in his arms more tightly. He wanted her to feel his warmth, and

elf for not protecting Daisy well and for not caring enough about her.

He didn't have time to think about it.

Jared looked up at Kerr, then walked towards the gate of the hospital and left quietly.

Harley wanted to stop Jared, but was stopped by Kerr.

"Leave him alone. Let him go." Kerr believed in Jared. Jared should know what to do since he had said that.

Looking at Kerr's serious face, Nicole asked, "Are you telling the truth? Didn't you say that just to help me get away with it?" Tears were still hanging on Nicole's face.

She looked at Kerr pitifully and felt wronged.

She was really afraid of hurting others because of her.

Kerr stroked her long hair, "Don't be afraid. Things haven't come to an end yet. Don't think too much." He knew what she was thinking.

"Nicole, no matter what happens, I'm always by your side." Kerr said lightly.

This was the promise he had made to her.

"No matter what you have done or what you haven't done, there is one thing that will never change. You are my wife and I won't let anything happen to you."

Kerr could protect Nicole with his own ability.

Chapter 573 Endless Twists And Turns

Nicole nodded, her eyes full of gratitude. "If... I mean if all your guesses are wrong. I'm the one who caused Daisy's death. Will you dislike me?"

If that's the case, I will be responsible for Daisy's death, maybe I will..." Before she could finish her words, Kerr stopped her with his mouth.

Kerr gently kissed her, trying to make her feel his warmth.

He fell in love with a woman. No matter what she did, even if she betrayed the whole world, he would stand by her side and go against the whole world with her.

Nicole felt the existence of Kerr and sincerely hoped that this matter could be turned around. Otherwise, she would bear psychological burden all her life.

Kerr lifted her up in his arms and walked out of the hospital.

"You didn't listen to me. I had asked you to stay at home. Why did you sneak out? I haven't taught you a lesson for a long time, so you forget how powerful I am?"

Nicole threatened Nicole, but she didn't look scared at all.

Because she knew that Kerr's so-called lesson was to pat her buttocks gently for two times. That's all. Kerr didn't want her to endure any pain at all.

Nicole curled her lips at him and followed him back to the Gu family's old house.

Kim walked to the living room and saw Kerr holding Nicole. He wanted to say something but stopped on a second thought. He swallowed what he wanted to say.

"Kim? What's up?" Nicole asked as she noticed the look on Kim's face.

Kerr gave a glance at Kim. Since Nicole had known Daisy's death, there was nothing to hide from her.

Walking in front of Kerr and Nicole, Kim said lightly.

"Mr. Kerr, Mrs. Nicole, Sunny has been arrested." This was the news that Kim had just received.

Standing on the stairs,

he liked her very much.

"Besides, this is the audio file from the recording device I inserted in Moore's villa." Kim just wanted to guard against Moore, he didn't expect to get these things.

Pressing the switch, Sunny's voice came from the device.

"Edward, what should I do? I went to look for Freya and Nicole, but it was all useless. I really have no idea. What do you think I should do? I missed Ron so much.

"Do you think Moore can really take good care of Ron after I take the blame for him?" Sunny grabbed Edward's arm as if she was grasping at a life-saving straw.

Looking at Sunny's crying face, Edward felt very sorry for her. "Miss, it's all my fault. It's all my fault. I didn't do anything well. If I could help you settle this matter, you don't have to do this."

At that time, Edward had really made all the mental preparations to make the final sacrifice for Sunny.

But he didn't expect that he didn't have a chance at all.

"Edward, promise me that if I really can't get out there, you will help me take care of Ron for me, okay? This is my only wish. I want Ron to be fine."

In Ron's heart, Ron was everything.

#### Chapter 574 In Your Heart

At this time, Sunny could only beg Edward. Compared with Moore, Sunny believed in Edward more, because in this world, only Edward would sacrifice for her.

Edward nodded and said, "Miss, don't worry. No matter what the cost is, I will bring up Ron and give him the best." Edward promised Sunny.

"I shouldn't have trusted the Gu family. There is no good person in the Gu family. It's all my fault. This is my retribution, or the He family wouldn't have ended up like this.

It was Freya who told me that I could marry Kerr. Why did things turn out like this?" Sunny choked with sobs, with tears all over her face.

Since she had chosen a wrong path, she would lose in the end.

"Miss, don't worry. Ron is still alive, and you still have hope." Sunny comforted Sunny. He didn't want to see her give up herself, but he was thinking about how to find a way out.

He couldn't let Sunny accept her fate like this.

The recording stopped abruptly.

Kerr clenched his fists and asked, "Where is Moore?" Kerr asked, but he didn't expect that Moore had escaped.

Kim shook his head. "The rumor of smuggling hasn't passed yet, so Moore has hidden himself." Although Kim wasn't sure about the specific location of Moore, he had a rough idea.

"You are also involved in this matter, aren't you?" Nicole asked Kerr. She knew that Edward had taken the blame for Moore, so Sunny came to them. But if Edward just was released because there was not enough evidence.

It was too far-fetched.

"Mrs. Nicole, you're smart. Mr. Kerr asked me to put pressure on the relevant departments and provided a lot of clues and evidence. In fact, it's absolutely not something that can be done by Edward alone.

That's why I found Moore and Sunny. But I didn't expect that Moore could still run away

e. Otherwise, the news outside would not be all about Nicole.

But Kerr didn't intend to tell his suspicion to Nicole. He didn't want to frighten her. Anyway, he would protect her well.

"Then you have to promise me that you will tell me as soon as there is any progress. Don't always face it alone." Nicole didn't want to be a little woman in Kerr's arms.

In fact, she could stand beside him and fight with him side by side.

"Okay." Although Kerr promised Nicole, he didn't take it seriously in his heart. He just wanted her to enjoy sweetness and happiness.

As for the danger, Kerr was willing to bear it alone.

On the stairs, Freya stopped Kim when she saw him walking past her.

"Kim!"

Hearing the voice of Freya, Kim stopped, turned around and slightly bent to Freya. "Mrs. Freya."

"Give me the thing in your hand." Freya said indifferently, looking at the recorder in the hand of Kim. She did not hear clearly what Sunny said.

She wanted to know what kind of person she was in Sunny's heart.

Although Kim was a little hesitant, he still handed the things in his hand to Freya.

Holding the recorder pen in her hand, Freya turned around and went upstairs.

Chapter 575 Passing The Buck

Looking at the back of Freya, Kim was lost in thought. He felt that Freya had changed a lot, but he didn't know what was wrong.

The phone rang. Looking at the caller ID on the screen was Harley, he picked it up and put it beside his ear.

"Mr. Harley."

"Kim, what is Kerr doing? Why didn't he answer my calls?" Asked Harley, anxiously looking for Kerr with the report in his hand.

Upon hearing this, Kim was speechless. What else could Kerr do? Except for Nicole, who else could influence Kerr? He had no choice but to go back to the living room. When he approached the living room, he deliberately increased the strength on his footsteps, in order to remind Kerr and Nicole.

He didn't want to see anything that he shouldn't see. Otherwise, Kerr wouldn't let him go.

"Sir, Mr. Harley is calling. He has something to tell you." Kim handed the phone to Kerr and spoke first. He used Harley as an excuse. If Kerr was really going to be angry...

He would vent his anger on Harley first.

Fortunately, Kerr and Nicole were just sitting on the sofa, which made him feel relieved.

Kerr took the phone and put it near his ear, "The result is out?" Kerr knew exactly what Harley was going on.

"Yes. Where are you? I'll meet you first. You'd better find Jared back first." Harley reminded Kerr.

Kerr nodded, "The old house." Then he hung up the phone and looked at his watch. He calculated the time and knew that Jared would be back soon.

He then didn't say anything.

"What's wrong? Is there any result?" Nicole asked Kerr nervously.

Seeing Kerr's silence, Nicole felt uneasy.

"Don't worry. Harley's on his way here. He'll be there soon." Kerr comforted Nicole. He knew that she was worried, but he seemed to have guessed what was going on.

"Nicole, it has nothing to do with you. Don't be

he would instinctively choose to escape and shirk the responsibility, which was understandable, but if Jared wanted to pin all the blame on Nicole...

Then Kerr wouldn't agree.

Lowering his head, Jared kept silent, knowing that what he did had offended Kerr.

"Kerr, Jared must not be sober at that time, so he did something ridiculous. We can hold him accountable after we figure out the whole thing." Said Harley spoke for Jared.

In fact, he could understand Jared's feelings. When he thought that Lisa had died in the fire, he had lost his mind. Kerr stopped him, and did it for his good.

But he also blamed Kerr for Lisa's death.

Kerr didn't say anything.

Nicole wrapped Kerr's fist with her small hand and smiled at him, dissolving his anger with her tenderness.

"I found this from Daisy's home." Jared put the portfolio on the table in front of him.

When he saw these things, Jared didn't say anything for a long time. He didn't expect that an accident in his eyes was actually planned by someone else.

And Daisy was not an innocent victim. He was too naive.

Jared knew that his stupidity almost hurt Nicole. "Mrs. Nicole, I'm sorry." Jared said to Nicole in a guilty tone.

Chapter 576 I Dont Owe You Anything

Nicole didn't say anything. She just glanced at Jared and said, "Make it clear." Nicole looked calm.

She could accept Jared's apology, but he must have a reasonable explanation. If Daisy's death was not an accident, then it was planned for a long time, and what kind of person behind all these and purpose the other party had?

She wanted to know all these things.

"Daisy left a letter before the accident and roughly gave an explanation. In fact, she had already known that something was going to happen, so she hid the evidence she had.

Only Daisy and I know that place."

Jared paused. In the letter, Daisy made it clear. In fact, she had never thought of marrying him. They did love each other in the past.

But for Daisy, it was all in the past.

"Before the establishment of the KN Group, we had axed most of the employees. That's why the company is now your control. It was a big change.

So Thomas Guo, who owned the shares of the Gu Group before, went bankrupt overnight and lost everything. After that, Thomas Guo owed a lot of debts, because he transferred all his assets.

He has invested in another small company and has always been holding a grudge. Later, he met Daisy by chance and helped her a lot.

And he also promised Daisy that as long as she was willing to avenge him, he would give the whole company to her."

Jared knew that Daisy was not willing to be just a secretary and an assistant.

Jared had thought that after they were together, Daisy would want to form a family. After her attention was distracted, she would change, but Jared didn't expect that Daisy hadn't changed at all.

"In fact, what happened later is almost the same as what you have seen. The bidding was a beginning. At that time, Daisy was manipulated by others when she walk

s that they wanted to leave the matter to Kerr and Jared, and none of them should get involved.

"Mr. Harley, why don't you persuade Mr. Kerr? This time, Jared even wanted to hurt Mrs. Nicole. He must have crossed the line. If something went wrong, he might leave the Gu family."

Last time when Kim and Kerr were acting, Jared had been pleading for him, and he kept it in mind. So now that something really happened to Jared, Kim was also very worried.

Harley shook her head. "It's not as serious as you think. You should know what kind of person Kerr is. If he really wants to deal with a person, why would he wait so long?"

Compared with the nervousness of Kim, Harley was more relax.

Although Kim knew that what Harley said made sense, he was still a little worried.

There were only two people left in the living room, Kerr and Jared.

"Sir, I'm sorry. I shouldn't have put my responsibility on Mrs. Nicole. I shouldn't have tried to hurt her. I shouldn't have..." Jared didn't finish his sentence.

"Have you prepared the resignation letter? When are you going to leave the KN Group?" Kerr said calmly, which surprised Jared.

Jared did plan to do so before Daisy died.

Chapter 577 Dont Want To Leave The Group

But Jared didn't expect that Kerr had already guessed it.

"If you want to leave the KN Group, you can leave at any time." There was obvious anger in Kerr's voice.

He had trained Jared for so long, but he didn't expect that Jared would make such a big mistake in this kind of thing. Kerr felt very disappointed.

Raising his head, Jared looked at Kerr in surprise. He didn't expect that Kerr could read his mind.

In fact, in order to make up for Daisy, Jared had such an idea. But Daisy had passed away, and it turned out that he didn't owe her, so Jared didn't intend to leave the KN Group again.

He had never told anyone that he wanted to resign, but Kerr knew it.

"Mr. Kerr, I have never thought of leaving the group. I can apologize for what happened to Mrs. Nicole. It's my fault, but sir, I don't want to leave." Jared had been with Kerr for a long time and had never wanted to leave him.

That was just a impulsive decision at that time.

Looking into Kerr's eyes, Jared said seriously.

"Have you ever thought about it? Jared, you should know what you can do and what you can't do in front of me." Kerr's face darkened. He wanted to teach Jared a lesson this time.

He also didn't want Jared to be used by others in the future.

Lowering his head, Jared didn't know what to do to make Kerr calm down. "Sir, I don't want to leave the group or the Gu family." Jared said sincerely.

He didn't want Kerr to see his red eyes. He had a special feeling for the Gu family and didn't want to leave.

Feeling the tremble in Jared's voice, Kerr stood up and went upstairs to his bedroom. As long as Jared knew the seriousness of the matter, everything would be fine. And Kerr didn't really want to do anything to Jared.

"Sir!" Looking at Kerr's receding figure, Jared didn't know what he mean

the morning.

"Idiot, I want you to go on a business trip just because I want you to change your environment and make you stop thinking about it. Now that you know it, of course you don't need to leave.

I don't want you to go on a business trip." As Kerr spoke, he hugged her tightly. If Nicole went on a business trip, his happiness would be gone. He wouldn't be so stupid.

Looking at Kerr's confident look, Nicole shook her head helplessly. Kerr relied on her like a child.

She felt lucky that she could see Kerr's unknown side.

And felt lucky that she had fallen in love with him.

Kerr reached out his hand and gently rubbed Nicole's nose. "Are you so worried that you didn't eat anything this morning? Now go to eat something with me. If you don't take good care of yourself again, I will teach you a lesson."

He threatened Nicole, but every word expressed his concern for her.

Nicole stuck out her tongue at Kerr, held his hand and was about to walk out of the bedroom. However, Kerr took her hand and walked to the bathroom. Standing in front of the mirror, Nicole looked at herself in the mirror, like a little messy kitten.

Feeling humiliated, Kerr personally washed her face.

## Chapter 578 Meeting Sunny

Then Kerr took Nicole's hand and went downstairs.

Sitting in the dining room, Kerr wanted to ask Nicole to have meals first, but Nicole didn't see Freya the whole morning. After asking Harrow, she knew that Freya didn't go to see Lucas the whole morning.

She felt even more strange.

"Cherry, go and ask Mrs. Freya to have meals." Nicole asked.

However, Cherry shook her head and said, "Mrs. Freya had told me that she would not eat at home. She wants to stay alone for a while and doesn't want others to disturb her for the time being." Cherry didn't know what Freya was doing in the room.

Hearing what Cherry said, Nicole felt even more strange, but she had to raise her hand in surrender and give up since Kerr, who had been staring at her all the time. Then she had lunch with Kerr.

After lunch, Kerr wanted to take Nicole to the group, but Nicole was worried about Freya, so she asked Kerr to go to the company alone.

Jared followed Kerr. When he saw Nicole, he wanted to apologize to her, but he couldn't say anything because of guilt.

After seeing Kerr off, Nicole turned around and went upstairs. Standing at the door of Freya's bedroom, she raised her hand and knocked on the door

Hearing the knock on the door, Freya turned her back to the door and said indifferently, "Don't disturb me." Freya's tone was very calm, making it hard to tell whether she was sad or happy.

The recording pen was played over and over again. When Freya heard Sunny's accusation against her, she really wanted to know how Sunny felt when she said these words.

Thinking of the hysterical look of Sunny last time, Freya felt a chill in her heart. No matter what, Freya still wanted to see Sunny for the last time. There were some things that they needed to make clear face to face.

After hesitating for a while, Nicole decided to leave Freya

amily?"

Sunny knew that everyone in the world had always been cold and snobbish. When the Gu family knew that the He family had been destroyed by Kerr, they kicked her away without hesitation.

Sunny had never forgotten that.

Looking at Sunny's crazy look, Freya was startled. She stood up and took a step back, afraid of being hurt by her.

"Are you crazy! It's you who stole the child. You gave birth to Moore's child, but you still want to slander Kerr. Our Gu family would not raise other people's children."

Thinking of this, Freya got angry. If it weren't for Kerr and Nicole's insistence, Lucas would not be safe now.

"You almost killed my real grandson, Sunny. You deserve it!" Seeing that Sunny was still impenitent, Freya felt very angry.

"My retribution? Hahaha!" Sunny laughed, "I do have retribution. Let me tell you, you can't run away from it either, and you will also be punished. I'll wait and see."

Gnashing her teeth, Sunny cursed Freya viciously.

Everyone in the world could get happiness, but the Gu family didn't deserve it at all.

After saying that, Sunny stood up and rushed to Freya.

"Ah!" Looking at Sunny, Freya stepped back. She didn't expect that Sunny was crazy like a shrew.

Chapter 579 Really Kidnapped

Sunny was no longer the daughter of an eminent family.

Hearing the scream of Freya, the police guarding at the door of the visiting room came in. They stepped forward to stop Sunny and subdued her.

Frightened, Freya raised her hand and patted her chest. She didn't expect that Sunny would become like this. She then hurried out of the police station.

Freya knew how scared this place was. If she stayed here for a period of time, her mental state would be affected. Fortunately, Freya had been accompanied carefully by Nicole.

Only in this way could she let go of her worries so quickly.

Walking out of the police station, Freya stood at the door and couldn't help but sigh that she might never come to this place again for the rest of her life.

When she sat in the car, she heard the phone in the car ringing all the time. So she took her bag and took out the phone. Looking at the phone, which showed the number of Nicole, Freya smiled.

However, before she could pick it up, she felt a cold dagger on her neck, which frightened her and made her dare not move.

"Who are you? What do you want?" Freya said cautiously. Just now, because of the fright from Sunny, she did not notice that there was a strange figure in the car.

Hearing the trembling voice of Freya, the corners of Edward's mouth rose slightly. He wore a black peaked cap on his head, with the brim of his hat very low and a mask on his face. He raised his head and looked at the frightened face of Freya in the rearview mirror.

"Mrs. Freya, do you still remember me?" There was a hint of coldness in his voice.

In his opinion, no one in the Qin family was innocent after what had happened to Sunny, including Freya, Kerr and Nicole.

Looking at the pair of vicious eyes, Freya felt a little familiar, but she did not recognize th  
uld know how to speak." He threatened Freya.

He wanted to stall for time, but in fact, the plan was not fully prepared. He had only wanted to visit Sunny, but he did not expect to bump into Freya unexpectedly.

It happened that there was no one else around Freya, so he had the chance.

Threatened by Edward, Freya had to nod.

Edward pressed the answer button, and Nicole's worried voice came out of the phone.

"Mom, where are you? Why didn't you answer my phone?" As soon as the phone was connected, Nicole opened her mouth while driving. She kept calling Freya, and Freya finally answered the phone.

While asking Freya, Nicole drove to the police station and saw the car belonging to the Gu family.

"I'm shopping outside. What's up?" Freya tried her best to suppress her emotions and keep her breath steady. In fact, she was already very scared.

She wanted to tell Nicole that she had an accident, but the sharp pain on her neck made her dare not.

Hearing Freya's words, Nicole looked up at the car in front of her. It was indeed Freya's car. She frowned and asked, "Mom, is there anything that you can't say right now?"

Nicole asked Freya, even if Freya really came to visit Sunny...

Chapter 580 In Chaos

There was no need to hide it from Nicole, because she knew Freya's character well.

As long as it was Freya's decision, it would not be affected by others at all.

Hearing what Nicole said, Edward took the dagger closer to Freya to threaten her, as if he would kill her in the next second.

"No! Hiss!" The pain on her neck made Freya gasp. She had always been spoiled and had never been hurt like this, so she could not bear it at all.

"What's the matter?" Nicole sensed that there was something wrong with Freya's voice. She was about to open the door of the car that had been parked all the time, and get off. But when she turned her eyes, she felt something wrong.

If there was really something wrong with Freya, it meant that she must be under control now. Therefore, no matter what Nicole asked, it was useless.

"I said it's okay." Freya seemed to emphasize that she was fine.

Nicole guessed what was going on and replied, "That's good. I have something else to do. See you." Then she hung up the phone.

Hearing the sound from the phone, Edward was very satisfied. He breathed a sigh of relief and lowered the window. Edward directly threw Freya's phone out of the window.

"Drive the car. Don't play tricks, or I will make you regret." Edward intimidated Freya, looking out of the window vigilantly. After all, they were near the police office.

If they delayed like this, they would be found sooner or later.

Freya didn't dare to disobey Edward. She started the car and drove forward.

"Where do you want to take me?" Freya asked cautiously.

Edward's eyes were fixed outside the window. He dared not relax his nerve, and his was always highly concentrated.

"Cut the crap. I'll ask you to drive." He didn't know where to take Freya.

Seeing Freya leave, Nicole immediately followed her. But when she passed by the door of the police office, she called out a police officer inside.

"Someone

and felt as if she was on pins and needles.

Hearing the noise outside the restaurant, Edward realized that something was wrong. Looking at the messy restaurant, he always put his dagger against Freya's neck, not daring to relax.

"You don't have a chance now. If you let me go and voluntarily turn yourself in, maybe you can get leniency."

Freya tried to persuade Edward, but in fact, Freya didn't feel relieved at all. Since Edward could make it today, it meant that he was ready to burn his boat.

He wouldn't give up so easily.

"Shut up!" Because of the police siren outside, Edward became very irritable. "Do you think I can survive after I let you go and get out of here? Let me tell you, I have no way back!

But you know what, if I don't have a good end, your family won't have a good end neither." Edward said to Freya coldly.

Then he looked up at the surrounding environment and tied Freya to the chair beside her. When he checked the structure of the restaurant, he found that it was not just at the door of the restaurant, even the back door of the restaurant had been surrounded by police officers.

Edward cursed. He didn't expect that the Gu family would take action so quickly.

When they walked to the door, Edward hid behind the curtain and shouted.
