Chapter 591 Wishful Thinking

In fact, Edward knew that no matter who he trusted, there were risks. At first, looking at the honest look of Nicole, Edward thought she was very credible, but what Sunny said was right. After all, Moore was the one who had a blood relationship with Ron.

"Nicole, I need you to give me a promise. You know that if I really want to kill you, you won't be able to live till now. The reason why I didn't do anything is that I don't want things to be irreversible.

So I hope you can keep your promise to me. No matter what happened before, it's all over. You are right. The child is innocent.

I know you have a grudge in your heart for Miss Sunny. No matter who is right and who is wrong in the past, I am willing to bear all the responsibilities for her. No matter what you want to do to me, I fine with it."

Looking at Sunny who was in a daze, Edward's eyes were full of worry.

"I hope you can let go of Miss Sunny." Edward's words were full of pleading.

Now he could only place his hope on Nicole.

Feeling the sincerity of Edward, in fact, Nicole was moved. She held Kerr's hand with some strength unconsciously, trying to persuade Kerr.

"Edward, I don't want you to beg her. I don't want you to beg mercy from this bitch. It's all because of her that I end up like that today. Nicole, even if you let me go today, I won't let you go."

Sunny was totally out of her mind. She was still threatening Nicole in such an environment.

Seeing that Sunny was so ungrateful, Kerr was furious. "The child is yours. It has nothing to do with us." Kerr pulled Nicole behind him.

Kerr wouldn't be soft on such a person who would only push his luck. Anyway, for Kerr, he didn't care about Ron at all.

"You have heard what she said. You should know

to going against Kerr.

"Mr. Kerr, don't worry. Everything happened here today has been recorded. If you really want to sue her, you can find the most favorable evidence."

The police officer said after hearing Kerr's words.

Hearing the voice from her side, Sunny couldn't remember what she had said at all. She just kept silent and inexplicably felt scared. "Edward..."

Looking at the current situation, Edward had no choice but to shake his head at Sunny. "Miss, please make a compromise for the sake of Ron."

Edward could only ask Sunny to apologize, but he was smart. He knew that if he spoke to Sunny rashly, she would not compromise, but if it was for the sake of Ron...

No matter what he asked her to do, she was willing to do it.

When Sunny heard the name of Ron, she looked up at Nicole as if she just woke up from a dream.

Nicole looked calm, but in Sunny's eyes, she felt that Nicole was showing off silently.

"Nicole, I'm willing to apologize for the sake of my son, but you'd better keep your words. I want to see my Ron. Otherwise, I won't say what you want to hear.

As for the matter of Moore, you can find the evidence yourself."

Chapter 592 Who Made The Decision

Sunny threatened Nicole.

"What do I want to hear? Sunny, you'd better know the current situation. I asked you to tell me the evidence of Moore's crime is to help you prove your innocence.

The reason why you wanted Moore to take care of Ron is just that you think Moore has the financial strength to raise Ron and give him a better living condition. But have you ever thought that Moore now regards Ron as a burden at all?

Ron would not be the only son of Moore. You'd better find a way to raise your son by yourself. Otherwise, you can't rest assured with anyone around Ron."

On this point, both Nicole and Sunny felt the same way. They were all mothers, but compared with Sunny, Nicole was much more responsible.

At any time, Nicole would put Lucas and Jay first.

No matter how much she suffered, she would not let her child get hurt.

"Sunny, since I have made a promise, I will definitely keep it. If you tell me what you know, I will help you find a good lawyer and get the custody of Ron.

What's more, except for the property that Moore had illegally misappropriated from the Gu family, you can also use the property under Moore's name as your alimony. At that time, you and Ron can still live a comfortable life." Nicole gave Sunny a clear idea of her future.

In this way, she not only fulfilled her promise to Edward, but also did not need to raise Ron. Nicole knew that if she wanted to find Ron back and put him by her side, and Kerr would definitely not agree.

Even now, when Kerr heard that Nicole meant to let go of Sunny, his face darkened. In Kerr's view, whether it was Sunny, Moore or Edward...

No one should be let go. Nicole had suffered a lot because of these three people, which was a scar n't care about Ron. If Sunny was put into jail again, no one would care about Ron.

"Kerr!" Nicole didn't expect that her trick wouldn't work on Kerr this time.

Holding out her hand, Nicole held Kerr's hand tightly. "Didn't you promise me that you would discuss everything with me? Why do you make the decision by yourself?"

Nicole questioned Kerr. He knew that she had promised Edward. But now, what he did was to break her promise. Nicole was a little angry.

Kerr had always cared about her feelings. Why did he break her promise in front of so many people?

Feeling the anger of the little woman, Kerr didn't take it seriously, "Who made the decision alone first?" From beginning to end, Kerr didn't promise to let go of Sunny and Edward.

It was Nicole who gave the hope to Edward for the sake of Ron.

He never said that.

"How dare you!" Nicole stared at Kerr and didn't know how to refute him. He was right and she knew it was her fault.

But she had her own reason.

She didn't want to let go of Sunny. She did it just for the sake of Ron. "Kerr..." Nicole knew that Kerr could be persuaded by reason but not be cowed by force.

Chapter 593 The Charm Of Nicole

So Nicole softened her tone.

Blinking at Kerr, Nicole looked at him gently, "Can you promise me? If you promise me this, I can also promise you one thing in exchange."

Nicole offered.

She was confident in her own charm in front of Kerr.

Sure enough, no matter how strong Kerr was, Nicole had a great fascination for him.

"Anything?" Kerr's eyes lit up.

Nicole threw herself into her trap, so Kerr wouldn't let go of her. He was just too indulgent to her, which made her a little arrogant.

However, Kerr liked to see her being arrogant. Because of his love, Nicole could be so confident from the bottom of her heart.

Nicole sensed the deep meaning in Kerr's words, but looking at the scene in front of her, she obviously couldn't go back on her words, so she had to grit her teeth and nod.

Anyway, after going back, she thought that she could sleep in the same room with Lucas these days and hide from Kerr. So Kerr wouldn't do anything to her.

Kerr lowered his head and whispered in Nicole's ear. She then blushed at his words. Kerr was satisfied with the shy look of the little woman.

He reached out and held her in his arms, letting her lean against his chest to avoid being seen by others. Only he could see her like this.

"Kerr, you win! Just wait." Lying in Kerr's arms, Nicole murmured to herself. She had experienced how shameless this man was.

Hearing what she said, Kerr didn't get angry at all. Instead, he felt that she was cute.

If a person really fell in love with another person, no matter what she did, the person who loved her would feel that she was very cute.

Kerr was a perfect example.

Sunny saw every mo

blood on the floor left by Freya before she was sent away.

The bright red blood was a little shocking on the pure white floor.

Hearing what Nicole said, Edward didn't want to argue at all. He bowed his head and said, "Miss Sunny, I'm willing to go to jail, as long as you can take good care of yourself and Ron...

I'm relieved." Actually, he was worried about Sunny.

Then he raised his head and looked at Kerr, "I have some evidence about Moore's crime. I will hand it over." Edward knew that it was time to end this resentment.

Sunny and Kerr had been entangled with each other for such a long time. Now that their family had been destroyed, should they continue to fight with each other?

Seeing the sincerity in Edward's eyes, Nicole breathed a sigh of relief and held Kerr's hand tightly. These things would be handled by someone, and Nicole was worried about Freya.

So she said to Kerr. "Let's go to see mom." Nicole asked worriedly.

Kerr nodded and gave a glance at Kim and Jared, indicating them to deal with the scene. Then he held Nicole's hand and walked out of the restaurant.

Chapter 594 The Gap Disappeared

The car stopped at the gate of the hospital. Kerr held Nicole's hand and walked quickly towards the emergency room.

As soon as they arrived at the door of the room, they saw Harley coming out.

"Harley, how is my mother?" When Nicole saw Harley, she asked nervously about Freya.

Looking up at Kerr and Nicole who appeared in front of him, Harley nodded and said, "She is all right. Although her palm was cut, fortunately, she was sent to the hospital in time. I just finished the operation, and now she has been sent to the ward.

But Mrs. Freya seemed to be frightened. I added some tranquilizer to her medicine, so she hasn't woken up yet. A good rest is good for her."

Harley simply introduced the situation of Freya.

At that time, when Harley saw Freya's wound, he was surprised. According to his experience, he knew that the shape of the wound was caused by Freya taking the initiative to hold the sharp weapon with her hand.

He knew more or less about Freya. He knew that she was a person who knew how to protect and cherish herself, so he was very curious why Freya would do such a thing to hurt her.

"Can we go to see her now?" Nicole was very worried about Nicole, but she was also afraid of disturbing Freya's rest, so she asked for Harley's opinion.

Harley nodded.

Seeing that, Nicole walked towards Freya's ward.

Kerr was about to follow Nicole, but was stopped by Harley beside him.

"What happened?" Asked Harley. He felt something was wrong.

"Nothing. I just get rid of Moore and Sunny completely." Kerr said calmly. Although Freya got hurt this time, he still felt relieved.

After what happened this

she was very confident about what she was thinking.

Nicole nodded to him with a flattering smile, "You won't refuse me, will you? You won't disappoint me. I know my husband is the kindest and most generous person in the world."

Nicole stood up, wrapped her hands around his waist. She then leaned her face against Kerr's chest to please him.

Feeling her tenderness, Kerr felt helpless. "Nicole, you'd better stay with me from now on. Don't leave me."

Kerr hugged her and said firmly.

"Am I with you now? But we can't be like conjoined babies, right?" Nicole sensed Kerr's childishness, but she liked it sometimes.

It was because of love that Kerr could be so childish.

"Why not?" Kerr said frankly, "Nicole, I mean, I don't want you to leave me. You are so kind that you must be hurt."

In this world, it had to be admitted that most of the time, people were not so kind. Most of the time, their kindness was often used by someone with ulterior motives.

That's why Kerr was so worried about Nicole.

Hearing Kerr's words, Nicole couldn't help laughing and looked up at him.

Chapter 595 Trying To Let Go Of Grudges

"I'm not a kid anymore." Sometimes, Nicole felt that Kerr was too nervous about her, as if she were a porcelain doll.

"In my eyes, you are always a child." Kerr said that in a way of stating some universally acknowledged truth.

He hoped that Nicole could keep her innocence and kindness forever, and his existence was to protect her.

"Then remember to take good care of me." Nicole nodded and replied jokingly to Kerr.

"Nicole..." As soon as Nicole finished speaking, she heard the voice of Freya from behind. Nicole immediately turned around and looked at Freya nervously.

"I'm here. Mom, what do you want?" Nicole asked Freya.

Hearing her voice, Freya slowly opened her eyes and looked at her nervous face. "Are you okay?" Freya asked with concern.

Before she passed out, she clearly saw that Nicole was held hostage by Edward.

Seeing that Nicole shook her head at her, Freya felt relieved and turned her attention to her injured hand.

She wanted to raise her hand, but was stopped by Nicole beside her.

"Mom, your hand has just had an operation. Don't move for the time being. If you need anything, just tell me. But don't worry. Harley said that as long as you have a good rest, your hand will be fine."

Said Nicole softly.

Seeing Freya's concern for her, Nicole felt warm in her heart.

This kind of warmth was completely different from what Kerr had given her. She hadn't felt this warmth and care from family and elders for a long time.

Freya just felt that her palms were a little numb and did not think too much.

She turned her eyes to Kerr. In fact, she was more looking forward to seeing Kerr put down the knot in his heart.

"Have a good rest. I'll ask Cherry to take care of you." Kerr said indifferently. Although it was just a sentence, it showed his concern fo

r generations." Jack couldn't let go of his pride.

But when he heard the news of Freya's accident, he didn't expect that he would be so worried. Even if he didn't have such a deep affection for Freya, they had lived under the same roof for so many years, and Jack was used to the existence of her.

Most of the time, only when a person was about to lose a person would he realize the importance of that person to him.

Hearing what Jack said, Freya smiled bitterly and looked away from him.

"Jack, up to now, you still put primacy on your face and dignity of Gu family. You don't realize the meaning of a family at all. I feel happy to see Kerr and Nicole like that.

I'm glad that Kerr is not the second you." Freya also wanted to let go of the knot in her heart, but it would take some time. Perhaps, looking at the happiness of Nicole and Kerr, Freya would change a little.

She hoped that even if Jack didn't know what happiness was, he should learn to cherish.

"Do we have to talk like this? I don't know what is the meaning of family. I only know that we are both members of Gu family. Now, we are, and in the future we will still be. No matter what happens, it is impossible to change. "

Chapter 596 It Wont Be Worse

Jack was a man who would put Gu family in the first place at any time.

Until now, when Jack looked at Freya, he also treated her as a family. Perhaps this was the relationship between them.

Hearing what Jack said, Freya knew that this was the biggest concession that Jack could ever make. At least since she knew Jack, she had never made a compromise to anyone.

Turning her head, Freya looked at the ceiling. Maybe everything would be fine as long as it was over.

Looking at Freya's face, Jack reached out his hand and held hers. looking at the gauze wrapped around her hand, his eyes darkened. "It hurts, doesn't it? Did Harley tell you what the consequences would be?"

Jack wanted to care about Freya, but in fact, he didn't know how to care about a person.

Freya didn't say anything, but tears fell from the corner of her eyes.

In the garden.

Nicole was very worried about the situation of Freya and Jack. She didn't know if her wish would be fulfilled.

"I'm by your side, but your eyes don't rest on me." Kerr expressed his strong dissatisfaction. He held her shoulder and turned her little face to himself.

Hearing his words, Nicole rolled her eyes at him and said, "I care about your parents. Don't you worry about them at all?" Nicole didn't know why Kerr acted so relaxed.

Seeing the puzzled look on Nicole's face, Kerr let go of her shoulder and let her sit on the swing in the garden. The white swing was surrounded by flowers.

It was made by Kerr when Nicole was giving birth, but it was the first time that Nicole sat there.

Kerr gently pushed her back and said, "Can it be worse than before? I've already seen the terrible situation. I don't care if

, "Do you think your training is over so easily?"

Kerr didn't want Jay to give up halfway. Although he knew that Jay had a good performance, he had high expectations of Jay. He wanted to give everything to Jay.

Moreover, Jay was gifted. Kerr didn't want him to waste such a good opportunity.

On the other side of the phone, Jay heard Kerr's voice and felt dissatisfied. He immediately frowned.

In fact, Jay didn't really plan to go back. He just finished the first stage of the training, a little faster than others. But that didn't mean that he could really do anything.

But when Jay heard Kerr's words, he felt dissatisfied.

He didn't seem to feel Kerr's concern for him.

"Why not? This training was my own choice. Now I don't want to continue. I want to go back to Mommy." It seemed that Jay and Kerr couldn't get along well with each other.

In fact, Jay really hoped to be valued by Kerr, so he had to force himself to become more outstanding, so that he could be recognized by Kerr.

Jay was more eager to be praised by Kerr.

Kerr did appreciate Jay in his heart, but he didn't tell Jay about it.

Chapter 597 Fathers Love

"If you don't receive the training well, you should be prepared to stay there for the rest of your life." After saying that, Kerr directly hung up the phone, leaving no chance for Jay to refute.

Turning around, Kerr looked into Nicole's resentful eyes.

"In fact you just don't want him to give up halfway. It's for his good. Why can't you tell him these things? Why did you always make him believe that you don't want him anymore and don't care about him at all?

Is this really the best way to get along with him?" Nicole looked at Kerr helplessly.

In the past, Nicole might blame Kerr for being too harsh to Jay. But now, she knew that Kerr was actually doing this for the good of Jay.

Although she still didn't know why Jay was so persistent to leave them and what he was doing, she knew that Kerr supported Jay's decision.

In fact, on a night when Nicole had already fallen asleep, she found that Kerr was not beside her. When she stood up to look for him, she saw him standing on the balcony and making a phone call.

Nicole heard clearly that Kerr's phone call was about Jay. In fact, Kerr was just used to silently caring about Jay behind his back, but he didn't say anything.

Hearing Nicole's words, Kerr looked a little embarrassed. But when he turned around, he dodged her, but his phone rang again.

He lowered his head and saw the name of Jay flickering on the screen. He handed the phone to Nicole and left without saying anything.

Nicole knew that Kerr gave her a chance.

When the phone was connected, Nicole said with a smile, "Jay, it's me, Mommy." Said Nicole lightly.

Then she patiently listened to Jay complaining about Kerr. With a smile on her face, she looked at Kerr, who was sitting

appiness, which no one can take away. Nicole, believe me, I won't leave you. I admit that Jay had asked for my opinion about his training.

I also agree. You can rest assured about his life and safety. I have arranged reliable people to stay with him."

Kerr reassured her.

Nicole nodded with a smile.

In the evening, Freya's hand had just been injured, so the suggestion given by Harley was to stay in the hospital for a period of time to prevent the wound from being infected.

To everyone's surprise, Jack also stayed in the hospital with Freya.

When Harley looked at Jack's decision, his face was full of surprise, but he didn't say anything. He just went to arrange it right away.

Kerr held Nicole's hand and was about to walk out of the hospital, but was stopped by Harley.

"Kerr!" Harley walked up to Kerr from behind and took a look at Nicole. "I want to know what background the Xue family has.

What do you want to investigate? Find it out yourself. I plan to find Lisa as soon as possible and then go to Xue family to propose a marriage." Said Harley firmly.

When Harley fell in love with Lisa, he decided to marry her.

Chapter 598 No Objection

Looking at the stubborn look of Harley, Nicole knew that he was serious about Lisa, but she didn't know why Kerr wanted to stop Harley. She turned her face and looked at Kerr.

"Kerr, why do you always think there is something wrong with the Xue family? What's the problem?" Nicole asked Kerr seriously.

Although she also knew that there was something wrong with the Xue family, she always felt that the problem was related to Ben, not Lisa. Even if Kerr wanted to investigate the Xue family, he should not stop the marriage of Lisa and Harley.

Kerr didn't say anything. He just looked at Nicole and Harley. His words surprised them.

"Whatever." Kerr didn't stop Harley, but said calmly.

On the contrary, Harley, who was standing in front of Kerr, was at a loss, because he was ready to be rejected or stopped by Kerr. He was even ready to refute Kerr.

But he didn't expect that Kerr would agree so easily.

"What... What did you say?" Asked Harley.

He didn't know what to say.

"If you want to marry Lisa, you can go to find her." Kerr said casually, ignoring the stunned Harley. He held Nicole's hand tightly and walked towards the gate of the hospital.

Nicole also looked at Kerr in surprise. She had a lot of questions in her mind. It seemed that she was with Kerr every day, but she still didn't know much about him.

Just like at this moment, Nicole's heart was full of doubts.

"Why? Why did you object to their marriage at the beginning? But now you don't care." Nicole felt strange.

Looking at her confused look, Kerr felt that she was so cute. He held her face and kissed her on her red lips.

"There is no reason. If he wants to marry Lisa, she has to pass the test. Now

because the two of you that I lost Lisa, so you have to help me. If I can't find her, I won't leave." Harley threatened Kerr and Nicole.

He sounded as stubborn as a child.

With a helpless look on her face, Nicole had no choice but to turn to Kerr and leave this matter to him.

Kerr didn't say anything more. He just sat on the sofa and took a look at Harley and Ken, who were sitting opposite him. It seemed that he had already expected Harley's reaction.

Seeing that none of the three people spoke, Nicole felt strange. She had to sit beside Kerr and looked at the three people in front of her, not knowing what they wanted to do.

But Nicole knew that there was nothing impossible for these three people when they worked together.

Taking out his phone first, Harley dialed Lisa's number, but only heard that, "Sorry, the number you dialed cannot be connected for the time being. Please redial later."

He didn't know how many times he had gotten such a result. There was no sign of loss on his face, because he was getting used to it.

Ken took a look at Harley and Kerr, picked up his phone and dialed Lisa's number.

Chapter 599 The Concealment Of Nicole

The result was the same as that of Harley.

Kerr also tried and got the same result.

Turning around, Kerr looked at Nicole beside him and said, "Have a try." Kerr knew that in fact, Nicole and Lisa got along well. Otherwise, Nicole wouldn't still speak for Lisa.

Nicole didn't understand what they meant.

But she listened to Kerr, took out her phone and dialed Lisa's number. The phone rang twice and was answered.

Nicole put the phone near her ear, "Lisa?" In fact, Nicole could guess that the person who answered the phone was more likely to be Ben, but she didn't want Kerr to think too much.

So she pretended not to know.

All of a sudden, the three men in the living room fixed their eyes on the phone.

The look in Harley's eyes was full of expectation. Ken felt a little strange, and Kerr frowned directly. He didn't expect that Nicole was really that special.

Reaching out his hand, Kerr took the phone from Nicole, put it on the table and pressed the speaker button.

"Nicole?" As expected, Ben's voice came from inside. Nicole felt that Kerr's eyes became sharp.

Nicole had no choice but to bear the pressure and said, "Mr. Ben, is Lisa here? I have something to talk to her." Nicole asked Ben seriously.

"Lisa has fallen asleep. Recently, she has been in a bad mood and needs a good rest. If there is anything I can do for you, maybe you can talk to me."

Ben's voice sounded very patient, without any anger. It seemed that he had been waiting for the call for a long time.

As soon as Nicole heard Ben's excuse, she didn't mean to continue talking nonsense with him. "Well, it's late now. Mr.

prise, Harley didn't understand why Ben gave his shares to Nicole.

Since Ben was rich enough, the share must be worth a lot. Harley didn't understand why Ben would give such a big fortune to Nicole.

Hearing that, in fact, Nicole was also full of doubts. She had asked Ben, but he said nothing. Nicole could feel that at their wedding...

Ben was there to tell her something, but a lot of things happened that day, so he had no chance to speak.

Being questioned like this, Nicole felt very embarrassed. She peeked at Kerr from the corner of her eyes and dared not speak.

Ken stood up, walked to Harley and kicked him. "Aren't you leaving yet?" Ken knew that it had involved the family affairs of Kerr and Nicole.

No matter how close they were to Kerr, it was not inappropriate for them to get involved. So they could just leave quietly. He believed that Kerr would solve these problems.

Then Harley left with Ken.

There were only Kerr and Nicole left in the living room. It was the first time for Nicole to see Kerr so silent. She asked, "Kerr, are you suspecting me?"

Chapter 600 You Are Mrs. Gu

Said Nicole with a frown.

They had experienced so many things together. No matter how difficult it was, they had endured it together. They didn't expect to lose in this matter.

In fact, Nicole knew that she didn't handle this matter well. It was reasonable for Kerr to be angry.

So Nicole softened her attitude and held Kerr's hand, "Please trust me, Ben and I really have nothing to do with each other. I don't know why he gave these things to me.

He also said something very strange, saying that this is my dowry." Nicole recalled what Ben had said and felt strange.

Kerr shifted his gaze from the share transfer agreement to Nicole's face. He could clearly see the confusion on her face. In fact, he didn't care about the relationship between Nicole and Ben at all.

Nicole didn't tell him when something happened, which made him feel very uncomfortable.

"Why didn't you tell me in the first place?" Kerr looked serious. In fact, after they got together, Kerr had never treated Nicole in this way.

He didn't want to lose his temper with her at all.

With a guilty look on her face, Nicole lowered her head and didn't look at Kerr. She just said in a low voice, "I don't want you to be too tired. I can bear some things on my own."

Nicole knew that Kerr had always suspected that there was something wrong with the Xue family. She had been to the Xue family before, and she had a very special feeling there, so she always thought that she could solve the doubts in Kerr's heart.

"Nicole, you are my wife. I just want you to stand behind me and accept my protection. Do you understand? If you have to do everything by yourself.

What do you need me for?" It was the first time that Kerr behaved

but he didn't know that Callie had already known what he was doing on the other end of the phone.

Jay quickly unlocked the password, and then disrupted the audio channel of Lisa's room, sending his voice to her room.

"Guess who I am?" Jay knew that Lisa must be burning with anxiety, but he still pretended to be mysterious.

Hearing Jay's voice, Lisa was shocked, "You are..." Lisa listened to the empty voice and didn't even know where it came from.

"Auntie." Jay stopped teasing Lisa, "What are you doing? Why are you locked up?" Jay was confused.

Hearing the voice from Jay, Lisa couldn't help but feel happy. "Jay, don't worry too much. Since you can make the voice come in, you must have a way to take me out of here.

Take me out. I've been locked up here by my brother for days." Lisa didn't expect that Ben would use such a tough method to deal with her.

Hearing Lisa's words, Jay was not surprised at all. "Okay, auntie, wait a moment. Don't say anything. I'll figure it out." After saying that, Jay turned off the audio.

He didn't dare to occupy the channel for too long, or he would be easily found by Ben.

"Jay?"
