### Chapter 611 Our Future

It was not until Lisa left that Nicole turned to Kerr beside her.

"I'm sorry, Kerr. I'm not Nicole." Nicole said lightly. She knew how shocked Kerr would be since he didn't have any idea about the whole thing at all.

She knew that Kerr must be frightened by her sudden faint.

Kerr tightened his grip on Nicole's hand and added, "Do you finally remember me?" There was obvious dissatisfaction in his tone.

It was not until now that Nicole shifted her attention to Kerr after she came around.

Nicole smiled at Kerr.

"Are you mad at me?" Nicole asked Kerr cautiously. Although he looked very serious, she knew that he would never be angry with her.

Kerr held Nicole's hand and put it to his lips. He gently bit her finger and said, "If you keep something from me, I will..."

After hesitating for a long time, Kerr didn't have the heart to say anything cruel to her.

Maybe he had been used to being gentle to Nicole.

He was used to loving her.

"So what?" Nicole was curious, but she knew that all Kerr's tolerance for her came from love.

While speaking, Jay looked at Kerr.

Two days later.

A cruise ship was sailing on the sea.

Nicole stood beside Kerr and said, "Thank you for helping my brother, Kerr." Hearing Jay say that Ben was in danger, Kerr agreed to help without hesitation.

She knew that Kerr had brought a lot of trouble to Kerr, so she was very grateful to Kerr's help.

"I just need you to promise me that no matter what happens, you will stay with me and don't run around." Kerr put his arm around her shoulder.

He looked into the distance. This trip was not so safe. Kerr didn't want her to be hurt.

The premise of solving the crisis of Xue family was to protect Nicole.

Nicole nodded and held Kerr's hand tightly. She looked at the sea in the distance with firmness and fearlessness in her eyes. As long as Kerr was by her side, she was not afraid of anything.

Although they still had a long way to go, it was happiness to have someone to accompany...
