

CEOs Baby 1451

Chapter 1451: Stirring Up Trouble

Candice opened the door unhappily, only to see Edward outside.

"I really don't want to deal with those old fogeys," Edward said bluntly. Were they not his courtiers? How did he think those loyal to him would feel if they heard him say that?

"I'm sleepy. Let's take an afternoon nap together." Edward squatted down, picked Candice horizontally, and pressed her onto the bed.

Candice was speechless.

"Paige is still here." She hit Edward's chest.

"So what do you think I will do?" Edward asked her.

Candice was stunned.

"You have such perverted thoughts now." Edward pressed his lips against hers tightly,.

'F*ck, who was the perverted one now?'

Candice pushed Edward away.

"Aren't you going to take an afternoon nap? Hurry up and sleep." Candice was exasperated.

With that, Edward calmed down and hugged Candice tightly in his arms, as if he liked her scent. It did not take long before he fell asleep. He probably had the habit of taking afternoon naps.

Candice did not want to sleep at first, but eventually, the sleepiness got to her. When she woke up halfway, she felt a small thing moving and crawling beside her like a cicada.

She opened her eyes and saw Paige crawling over her body with all her might, trying to sleep between her and Edward. However, Edward was hugging her too tightly, and Paige could not fit in at all.

Candice could not help but laugh when she saw Paige's expression, so she moved her body a little. Finally, Paige fell into the space between the two of them. Having been satisfied, she fell asleep peacefully.

Sometimes, she really envied how easily satisfied children were. If they were given candy, they would think that the whole world was sweet.

With that, she turned over to face Paige and fell asleep again.

They were supposed to nap for one or two hours, but the family slept until dinner time. If not for the servants at home waking them up, they might have slept until tomorrow morning.

They washed up briefly before they showed up in the living room together.

By then, everyone else in the Nicholsons' courtyard had left. After lunch, some people hung out for a while before leaving, while others left after lunch. In short, only the Nicholsons were left at night.

Edward, Candice, and Paige sat at the dining table.

"I never realized you could sleep so much back then and didn't expect you to sleep for so long," Chloe deliberately said.

It looked like she was just trying to liven up the atmosphere.

Candice glanced at her and said, "I fell asleep with Edward."

Chloe's expression darkened a little. It was clear that she thought Candice was showing off.

“Edward has a lot of work to do every day, and it's hard for him to have free time. He should rest more,” Wyatt quickly said.

“Edward does work hard. I often see him on the news having to go to all parts of the country and even overseas. Just thinking about it makes me tired,” Chloe said with concern. “Edward, I'll get you some pumpkin soup.”

“No need.” Edward rejected her directly.

Her rejection of Chloe was obvious. It made Chloe, who had already stood up, feel a little embarrassed.

She quickly said, “In that case, I'll get a bowl for you, Sister. After all, you have to take good care of Edward.”

Candice smiled in response.

She could not reject Chloe. It was fine if Edward did not like Chloe because Wyatt and Claire, especially, would not dare to say anything even if they were angry. However, if she did not show Chloe any respect, they would probably think she was a bad person.

Seeing that Candice did not refuse, Chloe eagerly scooped a bowl of soup and handed it to Candice. Just as Candice was about to take it, Chloe lost her balance. Just like that, the boiling soup landed on Chloe's hands.

Instantly, she screamed, “Ah!”

Candice was surprised. She knew that Chloe must be up to no good for taking the initiative to express her goodwill, so she was prepared for Chloe to pour the soup on her hands. Unexpectedly, Chloe did it on herself instead... What was she trying to say?

“What's wrong?” Claire's face turned pale.

She quickly went over to take a look at Chloe.

"It hurts." Chloe was in so much pain that tears were streaming down her face.

"Quickly rinse it with cold water and call a private doctor over to take a look at Second Young Lady immediately," Wyatt ordered.

The hall suddenly became chaotic..

Chapter 1452: Stirring Up Trouble

Candice turned to look at Edward, who also turned to look at her. The two of them seemed to have a telepathic connection, but they did not say anything to each other.

Soon, the private doctor rushed to the Nicholsons' courtyard.

Chloe's hand was scalded. There were red and swollen blisters on it, and some of the skin had come off, making it look extremely hideous.

"It hurts." Candice was in so much pain that her tears kept falling when the medicine was applied.

"Mom, what happened to Aunt?" Paige was horrified when she saw the scene.

"Aunt was scalded by the hot soup just now, and it hurts a lot. Paige, you have to be careful in the future. Don't hurt yourself, okay?" Candice coaxed Paige gently.

Candice was educating the child, but Chloe heard it differently. She thought what Candice meant was that it was her own fault for being careless and it had nothing to do with Candice.

'That woman is smart enough to absolve herself of responsibility, huh?' Chloe gritted her teeth in pain and frustration.

"Look at you. You're so old, yet you can't even hold the bowl of soup properly," Claire criticized Chloe despite feeling a little sorry for Chloe.

"I've never done it before. I just wanted to treat my sister better, but I didn't expect myself to be so clumsy..."

"I know you have a good relationship with your sister, but you have to act within your capabilities," Claire said dotingly.

Candice found it funny that they were making a big deal out of a bowl of soup.

"I'll be more careful next time." Chloe nodded, feeling wronged.

By then, the doctor had bandaged Chloe's hand.

He reminded her, "Second Young Lady, the burns on your hand are very serious, but I've already bandaged your wounds. Be careful not to get it wet and try not to irritate the wound, or it could get easily infected. Once the wound is infected, it will be much more serious than the original injury." "Alright." Claire quickly said, "I'll take good care of her. Thank you." "As I should," the private doctor said respectfully.

"Mom, aren't you and Dad going on a trip tomorrow?" Chloe suddenly said.

"How can we go with your condition? I'll stay at home with you."

"How can that do? You guys are usually so busy, and you can only go on a trip once a year. This has always been the rule since you got married. How can you change it just like that?"

"So what if I don't go once? We can go next year or postpone it." "Dad has applied for his annual leave. How can he change it just like that?" "You child-"

"I'll go to Candice's house." Chloe suddenly said, "Since you're worried about me being alone at home, I'll go to her house for a week. After all, I have a good relationship with her, and I'm sure she won't mind it if I stay with her for a bit.

Isn't that right, Sister?"

Chloe's eyes were filled with anticipation, and her face looked innocent.

Candice smiled. "Alright."

It turned out Chloe was putting on an act tonight just to go to Edward's house. Since she knew Chloe's motive, she did not reject her.

She just wanted Chloe to know her place. Otherwise, Chloe might think she was omnipotent.

"I knew you were the best." Chloe was very excited. She then said to her parents, "Dad, Mom, this way, you can go on a vacation without worrying about me."

Claire thought it was a good idea, but Wyatt, on the other hand, was worried. He said to Edward, "Look, will it affect you—"

"Candice's sister is my sister. Besides, Candice has the final say in everything at home."

It meant that Candice could do whatever she wanted.

At that, Chloe's expression darkened again. Candice was not usually good at seducing men, so how could she have Edward under her thumb?

Could it be that Candice had fawned over Edward's daughter? For men with children, their children were their soft spot.

She sneered to herself. Ever since she was young, her greatest ability had been her affinity with people. She refused to believe that she could not bribe a child. Not only would she bribe them, but she even wanted to use them.

"In that case, can I go with you tonight? Mom and Dad will be leaving South Hampton City by plane early tomorrow morning," Chloe said.

"As long as it's convenient for you." Candice nodded.

She did not sound too keen but did not reject the idea.

"Helen," Chloe called out to the maid at home. "Pack some clothes for me, but nothing too much. Just something that can be used in daily life will do."

"Yes, Second Young Lady."

In fact, Chloe had already prepared her luggage.

She had never failed in getting anything she wanted to do, including Edward.. She had to get him!

Chapter 1453: Zoe's Trick

That night, Chloe followed Candice back to Bamboo Garden, and it was her first time visiting Edward's residence.

She had always thought that with Edward's personality, the decoration style would be cold and would make people feel that it was very serious and dignified. However, she did not expect it to be so warm.

The decoration in the house was not festive, but it gave off a very warm vibe. As she quietly sized up everything there, she saw that there was only one servant in the house, and it was a man.

In that case, who would serve her?

“Teddy,” Candice called out to Teddy, who was still busy. “Come over here for a moment.”

Teddy quickly walked over.

“This is Chloe, my younger sister. She will be here for a week. Her right hand is injured and scalded. Please take care of her.” Candice introduced him naturally.

“Yes, Madam.” Teddy appeared very respectful as he called out to Chloe respectfully, “Ms. Nicholson, nice to meet you. I'm Teddy.”

“Hello. I'll have to trouble you for the next few days.” Chloe smiled in a friendly manner.

In fact, she did not care about the servant in front of her. Especially when she heard him call Candice “madam” and her “miss”, she felt inexplicably unhappy. “Ms. Nicholson, you're too polite. It's my duty to serve.”

Chloe and Teddy exchanged a few pleasantries. She gave people the impression that she was very easygoing and did not put on any airs.

“I'll take you to your room. It's getting late, and you should rest early.” Candice said, “Teddy, please help Chloe with her luggage.”

“Alright.”

Candice handed Paige to Edward and took Chloe upstairs.

Chloe got excited the moment she walked up to the second floor. The thought of her entering Edward's private space made her inexplicably excited. “Sister, which room are you and Edward staying in?” Chloe asked curiously.

Candice pointed. "This room."

"In that case, can I choose the room closest to you? I'm afraid I won't be used to living here, and I'll be more comfortable living next door to you."

"The room next door to mine is Paige's." Candice said bluntly, "And across from ours is George."

Chloe's face sank.

"There's only one guest room on the second floor." Candice pretended not to notice Chloe's expression and continued to say to herself.

"I don't want to live in the corner room."

"Then, there's only downstairs. Teddy lives downstairs, and there are two rooms next to him."

"Isn't the servant living downstairs?" Chloe expressed her displeasure.

"That's why I brought you upstairs," Candice said matter-of-factly.

Chloe forced herself to accept it. Anyway, she would be sleeping on the bed in the master bedroom one day.

"Here." Candice brought Chloe to the room at the end.

In fact, the room had everything, including an attached bathroom. Still, Chloe walked in reluctantly, and Teddy put down her luggage.

"Teddy, you can go do your own thing now," Candice told Teddy to leave after he put the luggage down.

Chloe's eyes widened. Was that servant not going to unpack her luggage for her?

"Chloe, I won't disturb you anymore. Your hand is injured. You should wash up and rest early."

"Alright." Chloe nodded obediently.

At the thought that her impatience would mess up a big plan, she chose to bear with it. She could not afford to fall out with Candice now.

"By the way, other than Paige, there's also George. George has a cold personality and doesn't like outsiders to get close to him. He's been injured and resting at home recently. Try not to provoke him," Candice reminded Chloe.

"Is George a bad person?" Chloe asked. "He's considered quite good," Candice replied.

"Alright." Chloe nodded

However, she secretly knew that Candice was definitely afraid that she would curry favor with George. After all, it was rumored that Edward loved his son, George, the most because he was Jeanne's son.

Therefore, as long as she could please George, she would most likely become the mistress of the house and the most respected wife in the country.

Chloe was secretly coming up with a scheme in her mind. "I'll leave first. If there's anything, you can come and look for me."

"Sure."

With that, Candice left and closed the door for Chloe. Hopefully, Chloe could behave herself, or she would be courting death.

Candice did not return to her room immediately. Instead, she walked into George's room, and George seemed to have given in to her as the door was not locked from the inside..

Chapter 1454: Zoe's Trick

When she walked in, George was lying in bed reading a book.

George's behavior was different from children of the same age. Children of the same age would never be as self-disciplined as George. Even if no one had disciplined him, he would arrange his own study time reasonably.

George was expressionless when he saw Candice return. His little face looked cold.

Candice stared at George for a long time until it made George feel uncomfortable. He frowned and touched his face, thinking that there was something on his face, which made him a little embarrassed.

"There's nothing on your face, and you're especially handsome," Candice said bluntly.

George turned to look at Candice. How would she know what he was thinking?

"Then, why are you staring at me?" George was annoyed. When it came to Candice, he could not stay calm for even a minute.

"I'm thinking that with such a handsome face, even if you have a bad personality, there should still be girls who like you," Candice said seriously.

George blushed at her words. However, he said angrily, "Candice, I'm only 10 years old. Is it appropriate for you to tell me this?"

"But you understand it, don't you? Since you do, what's inappropriate about it?" Candice asked.

George's little face twisted in anger.

"Don't worry. I won't mind even if you get into a relationship at a young age. I can even help you by getting your father to accept it."

"I won't fall in love at a young age, nor will I fall in love. Get out!" George believed that Candice would anger him to death one day.

Candice, however, did not react to George's temper. She smiled and said, "I came to see you today because I have something to tell you."

"Tell me quickly!" He did not want to see her for even a minute.

However, unknowingly, he had begun to accept her matters. In the past, his instinctive reaction would be "I don't want to know".

"My sister, Chloe, will be staying with us for a week. Anyvay, she doesn't have good intentions, so you should be mentally prepared," Candice said bluntly.

"Is she worse than you?" George asked.

Candice was stunned for a moment before she smiled. "A different kind of worse."

George frowned.

"You're exceptionally smart. You'll know when you see her." "I'm more than smart!" George was a little angry.

"You're smart and wise." Candice found another word.

"Hurry up and leave. I want to rest." George did not know why he was being led by the nose by Candice.

He was just fine alone, yet the woman insisted on disturbing his life. He even had to chase her away several times tonight, but she had yet to leave.

“Good night.” Candice smiled brightly.

She also knew that if she stayed any longer, George would probably have a mental breakdown. Seeing that George's long face was back again, Candice left.

Then, the moment she pushed open the door to her and Edward's room, she froze because she saw Chloe in a spaghetti-strap dress in the room while Edward was on the bed. That scene made her a little unhappy.

“Sis, where did you go?” Before Candice could get angry, Chloe asked.

Candice held it in and said, “Why are you looking for me?”

“I can't use the bathroom in the room. Plus, my right hand is injured, so it's very inconvenient for me to take a shower. I wanted to take a shower with you, but I didn't expect you to not be in when I pushed open your door,” Chloe said happily.

What gave her the right to act so self-righteous when she was the one who barged into someone else's room?

“Let's go. I'll go back to your room with you to take a shower.”

“I'll shower here, so you don't have to go back and forth. I'll go back to my room after the shower. I've brought my undergarments.” Chloe said, “Edward, you don't mind, right?”

As she spoke, she deliberately waved her bright red bra and pants. Edward's eyes shifted, and he looked at Candice. However, before Candice could answer, Chloe had already walked into the bathroom.

In the bathroom, she called out, "Sis, come in, and let's take a shower together. We haven't taken a shower together in a long time."

Candice pursed her lips. In the end, she walked into the bathroom, where Chloe had started to take off her clothes even though the bathroom door was not closed.

After locking the door, Candice also began to take off her clothes.

"Sister, don't you think I have a good figure?" Chloe stood in front of the mirror and looked at herself.

"It's pretty good," Candice responded..

Chapter 1455: Zoe's Trick

She seemed a little cold.

Chloe snickered to herself. She was certain that Candice was jealous of her.

After the two of them went through puberty, her figure was obviously much better than Candice's. Candice had a well-proportioned figure, but she was definitely not as voluptuous and slender as Chloe.

When the two of them stood next to each other, the man would notice her immediately and never spare Candice a second glance. Edward was unaware of her beauty, which was why he was seduced by Candice.

She watched as Candice slowly took off her clothes. She wanted to surpass Candice in every way and make Candice feel ashamed.

While Chloe was deep in her thoughts, Candice took off all her clothes. However, the moment she took it off, Chloe's eyes widened.

Since when did Candice have such a good figure? Even a woman would be moved by her beauty. There was not an ounce of fat on her body, and every part of her body looked good.

That woman... did she go for plastic surgery on her body In order to marry Edward?

"Protect your hands well and come over to take a shower." Candice pretended not to notice Chloe's gaze and called out to her calmly.

Chloe came back to her senses and looked at the two bodies in the mirror. Even if she did not want to admit it, she had to admit that Candice had turned crushed her in a second.

No wonder Edward liked Candice so much. He must have been seduced by her body.

She could not believe that in order to secure her position as Edward's woman, that shameless woman actually went under the knife. Candice had no sense of shame at all!

She was displeased, but she still walked toward Candice and showered with the latter's help.

"Sis, did you do anything to your body?" Chloe looked friendly and sincere.

"Your figure looks better now."

"No, or perhaps, I don't remember." Candice said, "My memory has been blank for a long time."

To Chloe's ears, Candice was tacitly agreeing to having done surgery on her body, but she just found an easy excuse to cover up.

"Do you really not remember what happened in the past?" Chloe asked.

She refused to believe that a person could lose her memory just like that. She had a feeling that Candice was pretending to be pitiful so that her father would treat her better, and that was why she married Edward.

"I don't remember," Candice answered.

Her heart suddenly skipped a beat, and a memory seemed to flash past her mind again. However, it also felt like she was dreaming because those memories had nothing to do with her being Candice. "I'm so sad for you." Chloe looked very sad.

Candice looked at her indifferently.

Of course, she did not expose Chloe. Instead, she said, "It's fine. I'm used to it." "I will spend more time with you in the future," Chloe said considerately.

Candice smiled faintly and found it funny. 'What confidence did Chloe have to think her despicable methods could work on me?'

She also somehow found Chloe inferior after getting to know many people.

After the two of them took a shower, Candice went out in her pajamas. Chloe, too, was wearing the pajamas that she had worn when she came. It was bright red, spaghetti-strapped, and showed a lot of skin.

She had just taken a shower and deliberately did not dry her body completely to make herself look more seductive. Then, she walked out before Candice could put on her clothes.

Meanwhile, Candice looked at Chloe's back with a faint smile and continued to put on her clothes slowly.

She did not feel much for Chloe, so she was not so kind as to remind her not to court her own death. In any case, Chloe deserved what would happen to her in the end.

Candice put on her clothes and walked out to see that Edward's back was facing Chloe.

Chloe was calling out to him, "Edward, are you asleep?"

Edward pretended not to hear her.

"Are you asleep so soon? I just wanted to thank you for letting me come to your house and reunite with my sister. I've really missed her."

Still, Edward did not respond.

Chloe stomped her feet in anger. She could not believe that Edward did not even look at her sexy look.

She gritted her teeth and told herself that he was not in a hurry. There was still a week left anyway, and she refused to believe that she could not seduce Edward.

She said, "In that case, I'll head back to my room first. Goodnight, Edward.."

Chapter 1456: Zoe's Trick

She turned to Candice and said, "Goodnight, Sis."

Candice nodded, and Chloe left unwillingly. After that, Candice closed the door.

"Lock it." In the room, Edward instructed her in a low voice.

It turned out the man was just pretending to be asleep because he did not want to talk to Chloe.

Candice locked the door as she was told and then returned to her bed. The moment she crawled into bed, Edward pressed her body down.

“What are you doing?”

“What else is there besides you?” The corners of Edward's lips curled up into a smile.

In front of outsiders, a man who was upright, serious, calm, and reserved was really horny in private.

Candice decided to play hard to get. She said, “Don't tell me you were teased by Chloe?”

“You knew her purpose for coming, but you still don't stop her. Do you think your husband, I, has strong willpower, or do you think Chloe doesn't have the assets

“I want to drive her out and leave nothing behind.” Candice enunciated each word.

“I accept your reason.” Edward smiled.

The next second, the two of them made crazy and passionate love in bed.

Candice always felt that it was not bad to spend a lifetime with Edward. Other than the fact that he could not forget Jeanne, everything else was fine. She even liked his children. Hence, she had never thought she would give Edward up.

Under the same night sky, Nox was bored out of his mind. He thought that he would be in a better mood now that his marriage was on the agenda.

After all, he felt that it was a rare thing for him to be able to settle down with a woman. He should be proud of himself and celebrate. However, for some reason, he still felt frustrated.

He called Finn, wanting the latter to accompany him out for a drink to relieve his boredom, only for Finn to reject his invitation. Finn said he was now the father of two and had a greater responsibility of taking care of his child.

Finn's news triggered Nox even more. In the beginning, Nox thought that Finn would die alone. However, a woman started pursuing him later on, and he became the fastest one to get married among the three of them. Although his marriage did not go well, they got back together and separated many times.

Just when he thought that Finn was going to die alone again, Finn suddenly told him that he was going to be a father. At that time, he was talking to Zoe about marriage and was still hesitant about it. However, Finn's news triggered him so badly that he was not hesitant about it anymore.

He, too, could be a father — a father of twins! Or even if he could not be the father of twins, he could at least have two kids in three years. In any case, he could not fall behind Monica and Finn.

Yet, now that everything was settled and confirmed, he felt empty and lonely again.

Nox put out his cigarette and dialed Zoe's number.

"Where are you?" Nox asked.

"What's wrong? I have something on tonight and might not be able to come over," Zoe quickly said.

At that moment, she was at the nightclub. The thought of her getting married

to Nox in a month made her want to indulge herself.

She had never thought that Nox would want to marry her. Although she knew that Nox was serious about her and that they were dating on the premise of marriage, she had always thought that Nox would not marry her so soon.

Nox did not look like someone who wanted to be a father but someone who was more suitable for dating. Therefore, she had always thought that their relationship could last for a while and that she could have fun for a year and a half.

Unexpectedly, Nox suddenly made up his mind to get married. Since he had brought it up, she definitely could not reject him. She could only show his enthusiasm and excitement as she agreed.

After agreeing, her first thought was to have as much fun as she could before getting married.

"I know you have something to do, but I just wanted to ask you where you are. I'm a little bored, so I'll come over to look for you."

Zoe's body stiffened.

Nox wanted to come and look for her? She was just looking for an excuse. How was she going to cover up her lie now?

"Why? Is it inconvenient?" Nox sounded a little angry.

"No, I'm just afraid that you'll know that I'm at the nightclub," Zoe said carefully.

To her, the most perfect lie was to make everything that was fake become real..

Chapter 1457: Zoe's Trick

"Do you think I'm such a petty person? What's wrong with having a meal with friends and then having some fun with them?"

"Yeah." Zoe replied, "Come over then. I'm in room 999. I can introduce my friends to you. We've all been busy, so you haven't gotten to know many of them. They will be at our wedding as well."

"Alright." Nox hung up.

He was actually looking down on himself. He used to be the king of having fun, but now he was so embarrassed by the fact that he wanted to join someone else's fun.

Nox soon arrived at room 999. In the private room, the lighting was alright and not particularly dark. Moreover, it was not particularly noisy. It was just some young people drinking peacefully.

When Nox entered, everyone looked at him. Shelly immediately saw him too, and at that moment, she could not help but grin.

To think Nox had walked into the den where he was cuckolded! There were six men inside, and all of them had an affair with Zoe. It made Shelly rather curious as to how Nox would get along with them.

Shelly stood at the side as if she did not exist and looked at Nox while everyone was surrounding and welcoming Nox warmly. "Hello, Young Master Winter." "Young Master Winter, your reputation precedes you."

"Young Master Winter..."

Nox was used to being complimented by others, so he reacted to them naturally.

Shelly looked at Nox and realized that the guy was not here to catch them in the act.

No wonder the men and women in there were behaving differently. Just a 1110111e11L ago, Luey were dII Killus UI... CLdZY dilu Illuece11L L11H1gs. She thought that people in the city people knew how to have fun, but on the contrary, it was because Nox was coming. In fact, everyone was helping Zoe put on an act.

Zoe held Nox's arm intimately and introduced him to a man. "Nox, this is Cody.

His family has some business with mine, and his father is very close to mine.

The last time I was drunk, he was the one who sent me back."

"Hello, Young Master Winter." Cody took the initiative to greet him and raised his wine glass to toast him.

"Hello." Nox also drank with him.

"Because of work, I often meet Zoe, and she often talks about you." Cody started the conversation.

They were chatting as friends, and Nox did not put on airs.

In front of Zoe's friends, he made sure to show them the respect they deserved. He would not refuse anyone who came to toast him and would occasionally take the initiative to drink with them.

Shelly thought Nox deserved to be cuckolded for trusting Zoe so much.

"Waiter, two more beers please," Cody instructed Shelly.

Shelly quickly responded by speaking into the microphone and asking the staff at the nightclub to send over two bottles of beer.

After that, she squatted on the ground and opened them one by one, placing them on the coffee table in front of her. Then, she placed the empty beer bottles they had drunk earlier into the beer boxes. She did it very seriously and naturally.

When Nox lowered his head to grab a beer, he glanced at it and saw the waitress, Shelly, kneeling on the ground. For some reason, he was a little angry, just like every time he saw Shelly.

"What's wrong?" Zoe, who sat beside him, immediately notice his emotions.

That was probably why Zoe had not failed for so long. It was because she had always been meticulous and cautious, so she could feel the slightest change in

Nox.

"It's nothing." Even then, Nox's tone seemed to have changed.

Zoe could not help but glance at the waitress kneeling on the ground and thought she was quite good-looking.

Could it be that Nox had a type? However, she did not care. To her, no woman was a threat to her as she was confident that Nox was hers.

As the night deepened, the men and women in the private room drank more and more. It was neverending.

Zoe, who was a little drunk, walked into the bathroom in the private room. Just as she entered, a figure nimbly followed her in and closed the toilet door behind him.

“Are you crazy?” Zoe lowered her voice and asked Cody.

“Isn't it exciting?”

“Are you crazy? No matter how exciting it is, I will not do anything in front of

Nox. Get out.”

“Why are you so agitated? Did I say I was going to f*ck you?” Cody smiled evilly..

Chapter 1458: Zoe's Trick

“What do you want to do?”

“I'm just reminding you that there's no such thing as a secret in this world. The fact that you cheated on Nox behind his back will be exposed one day.” “Are you threatening me?” Zoe's expression darkened.

“Can you not think of me as such a despicable person? I'm just trying to help you.”

“What do you mean?” Zoe frowned.

“What I mean is, if one day you're exposed for cheating on Nox while you're dating him, you'd better get evidence that Nox was also cheating on you.”

“Do you think Nox is still the same as he was before? Ever since he got together with me, he hasn't had any improper relationships with other women.”

“That's why I'm telling you to create evidence!”

“Can you just say what you want to say?” Zoe's expression was grim.

“Alright, I'll be straightforward.” Cody looked at Zoe. “You must've noticed Nox's strange gaze when he looked at the waitress in our private room. Through careful observation, I noticed that the waitress is indeed good-looking and has an inexplicable innocence to her. In a place like a nightclub, she naturally stands out.”

“Is she that good-looking?” Zoe was naturally unhappy that the man was judging other women like that.

“Of course, her beauty is nothing like yours, ” Cody quickly added.

“Nothing a man says can be trusted.”

“Alright, don't be jealous. Let's get to the point.”

“Tell me.”

“Take this opportunity to let Nox sleep with the waitress. When the time comes, take a video of them sleeping together. Once you're exposed, you can use this as an exchange and leverage with Nox.”

“Are you crazy? Why would I let my man sleep with someone else?” Zoe naturally could not accept it.

“Calm down and think about the benefits of doing this. Don't forget that other than your relationship with Nox, your family still has to rely on Nox for support. If Nox really finds out that you cheated on him, won't your family go bankrupt?” Cody said, “I also think that we should get along and I can give you some advice. ’

“But you're thinking of getting Nox to sleep with another woman—”

“Why? You're allowed to be with other men, but Nox isn't allowed to be with other women? Are you women so selfish?” Zoe pursed her lips.

In any case, she found it a little unacceptable.

“Actually, it's no big deal for Nox to sleep with a waitress because he would never marry a waitress. Even if Nox slept with her, she wouldn't threaten your status as the Winters' eldest young mistress.”

“In that case, why don't I find an ugly woman to sleep with Nox?”

“If the woman's too ugly, what can you do with the video? If Nox insists he was drunk, what can you say then? Just find someone better-looking and make it hard for him to defend himself!”

Zoe was still hesitant about the idea.

“You have a good opportunity today. If you want me to get someone to get it for you immediately, there are a lot of drugs in the nightclub. But if you have enough confidence in yourself, do whatever you want. I'm just giving you advice from the perspective of an observer.” Cody did not force the idea on her.

“I'll head out first. ’

“Wait a minute,” Zoe suddenly called out to him.

Cody turned around.

“We'll do as you say.” Zoe gritted her teeth.

She had to give herself some protection. If Nox really found out about her, she would be bankrupt, and she could not accept that result..

Chapter 1459: Tortured by Nox

Zoe was originally a little drunk, but because of what she had to do, she instantly sobered up.

When she returned to the private room, Cody was downing drink after drink with Nox, who did not reject him. In any case, he could drink with anyone.

Zoe also knew that Nox had a good tolerance for alcohol and liked to drink, but she had not seen him drink like that with outsiders in a long time. He would usually only indulge like that with Edward and Finn. It was rare for him to indulge himself like that when he was alone.

It felt as if Nox was deliberately getting drunk today, and he did not seem to be in a good mood. To be precise, Nox had been in a bad mood over the last few days. The two of them were talking about the wedding. Although he was the one who brought it up, she sometimes felt that he seemed passive about it.

Anyway, it was very strange. It made Zoe wonder if Nox also had a phobia of marriage but was just getting himself to overcome it.

She returned to Nox's side and intimately pressed her entire body against Nox's. Nox also took the opportunity to hug Zoe, making the two of them look very intimate.

Shelly, on the other hand, just looked at him indifferently. In fact, she felt pretty good.

In the beginning, she thought she would be a good person and let Nox know what kind of person Zoe was. Now, she suddenly found it quite satisfying to not be a good person.

She watched as Zoe played Nox like a fool. She even thought that if Nox found out one day, she would piss him off on purpose. Just thinking about that scene made her very happy.

“Waitress,” Zoe suddenly called out to her.

Shelly was a little distracted, and at that moment, she could not hide the smile on her face. Just the thought of certain scenes made her smile happily.

Nox, on the other hand, was glaring at her. He thought, 'That woman is crazy. Why is she laughing out of the blue?'

Had she lost her mind because she was too shocked? Was he too intimate with Zoe that caused Shelly to be bewitched?

However, in the next second, he felt that he had nothing to do with Shelly. Why did her jealousy have to do with him? Why should he care about her feelings?

At that thought, he hugged Zoe tighter and even planted a kiss on Zoe's face.

Feeling Nox's affection for her tonight, Zoe was a little hesitant. Should she do it? Would she hurt Nox if she did that? No matter how she looked at the situation, she believed Nox loved her deeply.

As the two of them flirted in front of everyone, Zoe seemed to have forgotten that she was calling Shelly.

Shelly, on the other hand, was distracted and did not hear Zoe. Now, seeing the interaction between the two of them... Shelly's smile became even more obvious.

She had always found the two of them to be a match made in heaven, so she had to resist the urge to be a good person and separate them.

The night deepened, but no one had the intention of leaving.

Shelly looked at the time. It was past 1 a.m. Every time she worked the night shift, it would seriously affect her sleep. How much longer were those people going to drink?

“Waitress,” Zoe suddenly called out to Shelly.

Shelly was not distracted this time. In fact, she was hoping those people would leave immediately.

Hence, she quickly went over and knelt on the ground. That was how they were supposed to treat their high-level VIPs. In such an expensive private room, all the waitresses would kneel as they served the customers.

Nox looked at Shelly's humble behavior.

“Get me a glass of water,” Zoe ordered.

“Yes,” Shelly said respectfully.

She could not help but feel a little disappointed as she thought that Zoe would tell her to get the bill.

Nox, however, saw everything in her eyes. He could tell that Shelly was in a bad mood tonight, but he... had no obligation to care about how she felt.

After Shelly stood up and left, Nox continued to be intimate with Zoe and drank with the others. The atmosphere in the room was great.

Nox, probably having drunk a little too much, leaned close to Zoe's ear. “I'm going to the washroom.”

“I'll go with you.”

“No need. I'm not drunk yet.”

“Um, alright.”

Nox stood up and walked out of the private room.

There was a washroom in the room, but Zoe was not surprised to see Nox walk out. She assumed Nox was going to sober up. After all, he had drunk a lot tonight..

Chapter 1460: Tortured by Nox

The purpose of tonight was to get Nox drunk because she wanted him to do something premeditated while he was unconscious.

Nox walked out of the private room but did not go far. Instead, he just stood at the door and took out a cigarette to smoke. That was when he saw Shelly walking over with a tray and a glass of water.

The moment Shelly walked over, she saw Nox but pretended not to see him. She pushed open the door and was about to enter when Nox asked her coldly, “Shelly, aren't you going to beg me?”

Shelly felt like she had just heard the biggest joke in the world. Even if begging him was useful, she could not allow herself to live like that.

It was also because she knew Nox's attitude toward her that she refused to humiliate herself. It was not easy for her to live well, and with just one word from Nox, he could make her go back to the days when she had to please him.

Although money attracted her, dignity was also important. She could not lose her values and herself because of money. Forget about the past, she had to set a good example now!

To a child, values were the most important!

“Shelly!” Nox grabbed her arm.

Shelly was still holding the tray in her hand, and because of Nox's sudden action, the cup on the tray suddenly fell over. In order to prevent the cup from falling to the ground, Shelly grabbed it with her hands. Inevitably, the boiling water landed on the back of her hand.

It was so painful that Shelly wanted to scream, but she endured it. She just knew Nox's greatest pleasure in life was to torture her to death.

She was just a little greedy when she was young, thinking she would eventually become the Winters' young mistress, so she did some extreme things. However, it had been a few years. How petty was Nox to still bear a grudge against her?

“Are you stupid?” Nox suddenly roared when he saw Shelly reach for the cup with her bare hands.

He could tell how hot the water in the cup was by how red Shelly's hand had turned. Yet, that woman did not even make a sound. She did not even respond to Nox's curses!

Anyway, she said that she did not want to break the cup and pay for it, which Nox thought was hilarious. It was just as funny as how she thought that Nox being cuckolded was.

“What are you waiting for? Go and rinse it with cold water.” Nox was speechless.

He immediately wanted to drag Shelly over.

“I can go by myself.” Shelly pushed Nox away.

Nox frowned as he felt that Shelly was against him. The moment his hand touched her wrist, she immediately pushed it away, as if she had touched something dirty.

'F*ck. How dare Shelly has the nerve to despise me? She should look at what kind of person she is before judging me.'

He knew that any woman who worked in the nightclub, including the waiters, could be taken away as long as someone paid them.

How could Shelly have the cheek to treat him like that? It did not look like she was playing hard to get. It was a deep sense of rejection.

'Damn it!'

In the past two years, Shelly had become more and more skilled at seducing men. However, Nox could not be bothered with Shelly. He put out his cigarette and walked back to the private room, where Zoe was still waiting for him with a smile.

Shelly was really worthless compared to Zoe.

When Nox returned to the sofa, Zoe handed him a glass of wine, and he glanced at her.

"We're getting married soon. I want to have a drink with you alone." Zoe seemed a little shy as she said that.

Nox smiled and took Zoe's wine glass, not finding anything unusual.

At that, Zoe seemed to smile even brighter. She said, "Nox, I can't wait to get married to you."

"Me, too."

With that, Nox and Zoe clinked their glasses. At that moment, everyone else in the private room was also looking at the two of them.

"Let's raise our glasses to the couple," someone jeered.

Nox and Zoe exchanged glances while everyone downed the drink in their hands.

“Now, give your fiancée a kiss!” someone said deliberately.

Nox was actually not interested in doing those childish things, but at that moment, he saw Zoe leaning in to kiss him.

Not wanting to spoil Zoe's mood, Nox decided to lean in and kiss her Zoe in front of everyone. He would just take it as a proposal since he did not propose to her..
