

CEOs Baby 1591

Chapter 1591: Forever

As usual, she gave him a leg massage with essential oil and prepared to leave. However, Nox suddenly pulled her over and pressed her under him.

Shelly was disgusted. She had always hated it when Nox touched her, but that night, she seemed even more disgusted.

Even when Nox wanted to kiss her, she kept rejecting him. Even if Nox wanted her to help him release his desires, she was rejected. In fact, because Nox could not have a woman for a year, she had helped him many times...

She admitted that she did not want to do it anymore because it was disgusting. Perhaps it was because she had provoked his ego as a man, but Nox sleep with her that night. Then, after doing it, Nox also kicked her off the bed and threatened that if she dared to tell his grandfather, he would really kill her.

That was the first time Shelly had seen Nox break down like that, and it made her wonder who should be the one breaking down instead. Just when she thought she could leave him, Nox had sex with her. Who should be one who could not accept it?

However, she knew that Nox meant what he said, and she could not afford to offend him. That was why she did not tell the Winters, and due to her relationship with INOX, she still chose to reject Benjamin. ?rmmqng aouoc now, it was really ironic.

After allowing Benjamin to kiss her, she revealed their relationship the next day and exposed the private agreement between Benjamin and Nox. Benjamin was so embarrassed that he had no choice but to give up on her.

Shelly also hoped that Nox would finally find his conscience and be with her. Unexpectedly, on the day of the college entrance examination, she got into a car accident. Then, Nox's rebelled against the Winters and resisted their insistence on marrying him.

Under Mrs. Winter's persuasion, she left Nox un. For Shelly, letting go of Nox was not difficult. However, being rejected by Mrs. Winter when she brought Bella along did make her sad for a period of time.

Fortunately, after a few years, everything was in the past. If she had not met

Benjamin again, she would have forgotten that the person was once in her life.

The meeting at that moment was really awkward. After all, their “breakup” was not friendly, and Shelly had always thought they would never see each other again. It was just like how she treated Nox.

“Is this you and Nox's daughter?” Benjamin, however, did not think it was awkward at all.

Shelly shook her head. “No, I'm no longer with Nox.”

“You broke up?” Benjamin was surprised.

Shelly suddenly smiled. “Shouldn't you be surprised if we're together? Isn't it natural that we're not together? After all, Nox doesn't like me.”

“I thought Nox would be moved by you.”

“I can't move him,” Shelly said bluntly.

It seemed like she did not want to talk about Nox, and Benjamin was tactful to stop asking questions.

He said, “Back then, you got into a car accident during your college entrance examination, and I heard that you were disfigured. Was it because you were disfigured that you went for facial surgery?”

“Uh, yes.” Shelly nodded. “But it can't be denied that everyone loves beauty.”

“You're much more beautiful than before. I was looking at you for a long time just now, but I didn't dare to come up and say hi.”

Shelly smiled politely. There was a distance between her and Benjamin, and she maintained that distance.

“By the way, are you still in school?” Benjamin asked. He was just trying his best to chat with Shelly. “No, I’m not,” Shelly replied.

Should it not be obvious since she was holding Bella?

“You used to have good grades.” Benjamin pitied her.

“That’s all in the past.”

“Speaking of which, the child’s father...” Benjamin was still curious.

If not Nox, who else could make Shelly give birth to his child without hesitation?

“It’s getting late, and my daughter has a high fever. I have to take her back to rest.” Shelly obviously did not want to answer that question.

However, Benjamin did not ask further either.

He said, “Shelly, leave me your contact information. I haven’t been able to contact you for the past few years. Our classmates even said that you suddenly disappeared from the face of the earth. Now that I can contact you, I’ll give them an answer.”

Shelly hesitated for a moment, but she still gave her phone number to Benjamin..

Chapter 1592: Forever

Benjamin saved it and said, "I'll call you the next time there's a class reunion."

Shelly nodded. In fact, she might not go. Giving Benjamin her number was just... She did not know why she gave it to him. In any case, she had given it to him.

Benjamin saved her number. "Do you want me to send you back? I just finished my IV transfusion and am going back to school."

"What's wrong with you?" Shelly asked casually.

"I caught a cold. Isn't it flu season right now?" Benjamin quickly put on his mask again, afraid of infecting others. "I was afraid of spreading it to my roommates, so I came to see the doctor to get it treated earlier."

"Oh, okay." Shelly nodded, seemingly not interested in what he was saying.

"Let's go. I'll drive you." Benjamin wanted to leave with Shelly.

"No need. My house is not far from here. I'll take a taxi back myself."

"You're a woman with a child. It's quite dangerous--"

"There's no danger." Shelly refused his offer. "There hasn't been any danger for many years. "

With that, Shelly carried Bella and strode away.

Benjamin stared at Shelly's slender back. He remembered that when he first met Shelly in high school, she was still chubby. Her body was round, and there was baby fat on her face. Her skin was probably the best in their class, and everyone liked to describe Shelly as white and fat.

Yet, after a year, Shelly had suddenly become so thin. In fact, Shelly had lost weight when she was in her third year of high school. However, she did not seem to have lost that much weight.

Looking at Shelly from afar, she looked heartbreakingly skinny. Was it because of aesthetics or... had life been too hard for her?

What she said about not being in danger for many years just now... Did that mean Shelly was always alone with her daughter? Did she divorce her husband? Or was it because her husband did not treat her well enough?

Benjamin thought about it a lot as he watched Shelly get into a taxi and disappear from his sight. He really did not expect to see Shelly again after so many years.

When Shelly carried Bella home, Sarah had already fallen asleep, and, of course, Shelly would not disturb Sarah.

She carried Bella, who was already half-asleep, to the room. Then, she placed Bella on the bed and went to pour a glass of water for Bella to take her medicine.

"Bella, take your medicine," Shelly coaxed her.

Bella had been very obedient since she was young. She probably knew that it was very hard for Shelly to take care of her, so she did as she was told.

The medicine was actually a little bitter, and Bella was having a hard time swallowing it. However, she ate it all in the end.

Shelly's heart ached when she saw that. She gave her some water before taking off Bella's clothes and letting her sleep.

Then, she touched Bella's forehead. Only after realizing that her fever had subsided that Shelly felt slightly more at ease and lay down beside Bella.

Just as she was about to fall asleep, she heard the sound of a text message notification. Shelly quickly got up and prepared to turn off the silent mode of her phone when she saw a string of numbers from her bank.

It took her a long time to read it, but she counted 200 thousand dollars. She did not expect Zoe to really give her money! Moreover, Zoe was so proactive. Zoe must be so rich that 200 thousand dollars was nothing to her.

What she was surprised about, though, was that Zoe still gave her 200 million dollars even after knowing it was impossible between her and Nox. If it were her, she might not give that sum of money to herself because it was just a waste!

Nevertheless, she did not refuse as there was no harm in having more money. She was so poor now, so to her, whoever gave her money was her savior.

If Zoe had not sent her a photo, she would have thought Zoe was a good person. However, she looked at the photo of Zoe and Nox lying together.

Nox was asleep while Zoe was not. She was taking a selfie with the camera. They were both covered with blankets, but the parts of their arms and collarbones that were not covered with blankets were bare. In other words, they were not wearing anything under the blanket.

When Shelly saw the picture, she smiled. She thought as she deleted it. 'Is there a need for Zoe to show that she's superior like that? For a man like Nox, there's no reason for him not to have sex with someone else..'

Chapter 1593: Forever

A man like him probably could not live without sleeping with someone for a day!

Thinking back to the year when he was banned from sleeping with women, he also made a lot of trouble. However, in the end, he cracked under pressure and succumbed to his desires. He could even sleep with her in his arms, not to mention other women. Hence, Zoe really did not have to worry about anything. Shelly then put down her phone and fell asleep happily. With Bella's fever subsiding and her having money now, she was beyond happy.

Zoe waited for a while after sending the message, but Shelly did not reply to her.

She realized Shelly, that woman, was really tolerant. If it were anyone else, they would at least respond. Yet, Shelly did not ask about the money or her relationship with Nox at all.

Zoe gritted her teeth. Could it be that Shelly really had no feelings for Nox and the Winters? Was her worry unnecessary? However, she still felt that she could not let her guard down. What if Shelly suddenly went crazy?

She refused to believe that Shelly would remain unmoved by Nox and his wealth. With that, she could not help but shake Nox, who was already asleep beside her.

Nox frowned as he opened his eyes. "Why aren't you asleep yet?"

"I can't sleep. I get so excited at the thought of us getting married that I can't sleep."

"So do you plan to stay up for the next ten days?" Nox teased.

Then, he hugged Zoe tightly and said dotingly, "Be good and get some sleep. Staying up late won't be good for your skin. You have to look beautiful on your wedding day."

"Annoying," Zoe said coquettishly.

The two of them teased each other under the covers. Just when Zoe thought Nox would do something with her again, Nox just hugged her in his arms and told her to sleep early.

Recently, Nox seemed to have been... much worse at performing in bed. Was it an illusion? Or was Nox really getting old? However, a 30 -year-old man was not considered old.

"Nox." Zoe did not force to have sex with Nox. Instead, she lay quietly in Nox's arms and said, "I have something to say. Don't be angry."

'What is it?' Nox asked. "I'll tell you if you say you won't get angry."

"Alright, I won't get angry."

"I just transferred 200 thousand dollars to Shelly," Zoe said.

As soon as she said it, Nox's expression darkened, and he looked straight at Zoe.

Zoe was also stunned by Nox's sudden appearance because Nox had never lost his temper with her. However, at that moment, he was visibly angry.

"You said you wouldn't get angry, but your expression looks scary." Zoe looked extremely aggrieved.

Nox was silent for a while before saying, "Why did you give her money?"

"I saw that her life wasn't easy, so I thought of giving her some money to make her life better. It was mainly because I noticed that your mother couldn't let go of Shelly. Their relationship is so tense now, so I thought I should be a good person and give Shelly some money to make up for what your mother owes Shelly," Zoe explained.

"In the future, you don't have to worry about Shelly and my family." "Do you think what I did was unnecessary?" Zoe asked him.

"No, it's just that Shelly doesn't need you to care for her," Nox said coldly.

His disgust toward Shelly was obvious.

"Actually, that's not entirely the reason. Also, didn't I bump into Shelly tonight? She said a lot of things to threaten me. She even said that you slept with him and that she would tell others... I've already let go of the accident between the two of you, but if she really tells others, it'll affect your reputation. Shelly said that she wouldn't say anything if I gave her money, so I agreed to give her 200 thousand dollars to keep her mouth shut."

Nox's expression turned ugly.

"Don't be angry." Zoe looked at Nox. "It scares me when you're angry. After all, she has been in your family for so many years. Since you can't marry her, I thought giving her a sum of money would buy her peace of mind."

"Do you think I haven't given her money?" Nox asked.

Zoe was stunned.

"Forget it." Nox did not seem to want to say anything more. "Anyway, don't bother with Shelly anymore. She has chosen her own path, and you don't have to pity her."

"Yes, I won't do it again in the future. This time, I just wanted to make it up to

Shelly. After making it up to her, I can marry you with a clear conscience.."

Chapter 1594: Forever

"If Shelly has half of your conscience, she wouldn't have ended up in this state with my family."

"Are you praising me?" Zoe smiled brightly.

She was very good at pleasing men.

Nox pulled Zoe into her arms again. "That's why I'm very happy to be able to marry you." "In that case, you have to cherish me."

"Of course."

The two of them exchanged sweet nothings until Zoe fell asleep. Nox, on the other hand, was no longer sleepy. In fact, he was very frustrated.

He let go of Zoe, picked up the bathrobe on the bed, put it on, and walked out to the balcony. He then took a cigarette and lit it. As he sat on the balcony, he stared at the moon in a daze.

He did not understand how Shelly could be so annoying. It was obvious that he had no feelings for Shelly, but he had been thinking about her recently.

At the thought of all the bad deeds she had been, he really wanted to strangle that woman. Where did she get the confidence to treat him and his family like that? What was so great about her?

The more Nox thought about it, the angrier he got. Then, he suddenly picked up the phone and dialed a number.

Shelly's phone was on silent as she was afraid that the ringing of the ringtone would disturb Bella's sleep. However, because she did not feel sleepy after lying down and had picked up her phone to scroll on it, she saw the string of numbers appear on her phone screen.

Actually, she did not want to remember Nox's number. It was just that Nox's number was too recognizable, especially the triple eights at the end of the number.

She hesitated for a moment before picking up the call.

"Shelly, you took Zoe's money, didn't you?" the other party asked immediately.

Shelly frowned. Would Zoe tell Nox about that?

"Can you be any more shameless? You can ask anyone for money!" Nox cursed.

Shelly was speechless, but she said, "Your wife gave it to me voluntarily. I didn't ask for it."

That was why she could justify taking the money.

Nox gripped the phone tightly. The word “your wife” made him feel an indescribable emotion. He and Zoe would only get married in ten days, so in some way, she would be his wife.

“If you want to ask me to return it, I'm sorry. I won't return it,” Shelly said straightforwardly.

She knew that Nox was stingy, especially with her, and knowing Zoe had given her 200 thousand dollars in one go must make his heart ache. However, tens of millions of dollars were nothing compared to 200 thousand dollars! Was there a need for him to attack her like that?

“Shelly, I'm just telling you, you better not ask anyone for money from now on, especially with Zoe and everyone in my family. If you ask for money like this again, I'll make sure to teach you a lesson!” Nox threatened.

Shelly was used to Nox's viciousness. In her head, she thought, 'So if you don't give me money, no one else is allowed to give me money too? Who are you to tell me what to do?'

“Did you hear that?” Nox berated.

Shelly replied, “Okay.”

To her, all she had to do was dismiss Nox. She was really afraid that if she angered Nox, the 200 thousand dollars would be gone. At that thought, she told herself that she had to spend the 200 thousand dollars tomorrow. Otherwise, Nox would definitely take it back from her

“Nox, why aren't you asleep yet? I can't sleep alone...”

On the other end of the phone, a sweet voice sounded, and Shelly hung up. Suddenly, she felt that the phrase, toxic people should stay together forever, was very appropriate.

Shelly put down her phone. Even though she was not sleepy, she did not plan to be on her phone in case she received another phone call that would make things difficult for her. Instead, she lay down and hugged Bella.

She had never regretted bringing up Bella all on her own.

The next day, Shelly slept a little longer, and because of Bella's cold, Bella was also sleeping soundly. The two of them slept until 10 a.m. in the morning.

Sarah had her afternoon shift today, so she woke up at that hour and saw Shelly and Bella.

She was obviously surprised. "Shelly, don't you have to go to work today?"

"I'm not going to work for the time being, " Shelly replied.

"You resigned?"

"No, I was fired," Shelly said nonchalantly.

What Shelly said shocked Sarah.

"I'm making porridge. Let's eat together later," Shelly said.

"Alright. By the way, is Bella fine?" "It's nothing. The fever has subsided. She'll be fine after taking some medicine." "That's good." Sarah was relieved.

"Oh right, Sarah, I'm bringing Bella to take a look at some houses today. I'll move out after I get a house," Shelly said.

"Do you have money?" Sarah asked.

"I suddenly got a huge lump sum of money"

"Are you for real?" Sarah was shocked by Shelly's appearance. She quickly walked to Shelly, who was busy in the kitchen. "You didn't sell your organs, did you?"

Shelly was really amused by Sarah.

"What are you thinking? Do I look like someone who doesn't care about my life?" Shelly did not hide it from Sarah. "Zoe gave me 200 thousand dollars."

"Zoe? Nox's fiancée?" "Yes." Shelly nodded. "Why did she give you money?"

"To keep me away."

"Does she need to keep you away? Nox doesn't even look at you."

"But some people are just not confident. She's afraid that I'll cause trouble."

"Zoe is too cautious. No, I think Zoe isn't a good person."

"Hm?" Shelly did not quite understand what Sarah meant by that.

"That's right. What kind of person would think of others like that? Zoe must be that kind of person herself to think of you as someone with the same character as her. That is why she gave you the money," Sarah analyzed. Shelly nodded. "I agree with what you said."

"Are you really going to accept the 200 thousand dollars?"

"Are you looking down on me for accepting it?" Shelly said deliberately.

"No, I'm just jealous that you didn't want the money I gave you but took the money Zoe gave you!"

"How can you be jealous? Well, give me 200 thousand dollars now, and I'll accept it too. "

"My friend, you're going to lose your friends if you ask for so much."

Shelly smiled and explained, "If I didn't accept Zoe's money, she would never get over it; but if I accepted her money, she would be able to be with Nox in peace. I'm just helping her by taking her money."

"Only you can say that."

"That is the truth." Shelly was very serious.

"Do you really have no feelings for Nox?" Sarah suddenly asked. Shelly frowned. "Why are you asking that all of a sudden?"

Sarah knew best how much she disliked Nox.

"No, it just seems to be that you're too cold to Nox. Also, since you don't like Nox, why don't you return to the Winters? The Winters have so much glory and wealth. It's much better than you working so hard alone out there."

"It's not because I like Nox that I don't want to go back. The Winters actually have a lot of concerns about... In short, it has nothing to do with Nox that I don't want to go back to the Winters. Don't even think about it. After all, when you've all of Nox's bad sides and all the women..." Shelly glanced at Bella, who was playing on the sofa in the living room. She felt that there were some things that were not suitable for underage people to know. "In any case, ordinary women won't like Nox."

"Do you mean Zoe is not ordinary?" Sarah raised her eyebrows.

That woman was really extraordinary, but Shelly did not share the gossip with Sarah. After all, it was better to have the upper hand in the situation, and she still had her professional ethics to keep.

"I feel like there's a hidden meaning behind your words." Sarah mumbled,

“Anyway, don't get yourself too emotionally involved with it.”

She would never get too emotionally involved with Nox because she did not love him at all..

Chapter 1595: Bachelor Night, Nox Loses Control

Shelly wanted nothing to do with the Winters or Nox. Even if the whole world was spreading the news of Nox's wedding tomorrow, it had nothing to do with her. Her main focus now was to prepare for Bella's surgery, which was scheduled for tomorrow. Coincidentally, it was on the day of Nox's wedding.

In other words, Nox was getting married tomorrow, and it was known as the wedding of the century. After all, wedding ceremonies in Harken of equal scale and status were rare. Everyone was looking forward to what kind of grand wedding the Winters and Nicholsons would hold.

It was bachelor's night, and Nox was very drunk. After all, he was getting married tomorrow, so he had to indulge himself tonight. Only Edward, Jeanne, Finn, and Monica had come.

Since Monica was pregnant, she could not drink but was very tempted. However, all she could do was watch Nox jump up and down in the room like a monkey, looking extremely excited.

Monica could not help but pull Jeanne aside and say, “Why does it seem to me that Nox is asking for a beating?”

“You can be even more dramatic when you get married,” Jeanne suggested seriously.

“Do you think I'm jealous of Nox's marriage? I'm not jealous. I just can't bear to see him so excited. When I think of Shelly, whom he once abandoned... To be honest, I think Nox can really be heartless sometimes.” Monica suddenly stood up for Shelly.

Jeanne, on the other hand, remained calm about it. “You can take a horse to the water, but you cannot make him drink. Nox doesn't like Shelly, and forcing them together won't make them happy. Moreover... Shelly doesn't like Nox

either.”

“Why do you think Shelly doesn't like Nox? After so many years, how could she not like him?” Monica believed that Shelly still had feelings for Nox. Although she remembered Shelly voicing her dislike for Nox, if she really did not like him, she would not have stayed by Nox's side for so many years without any regrets!

“If he likes her, Shelly's daughter might be Nox's.” Jeanne made it clear. “Of course, this is only one of the reasons. Also, Shelly gives me the feeling that she really doesn't like Nox, and it's understandable because Nox was such a playboy at that time. Shelly must have witnessed all his bad deeds and probably hasn't had a good impression of him since the start. Later, Nox desperately wanted to break up with Shelly so that he could be with Zoe, and after being with Zoe, he became a good man. Any other woman would feel hurt, let alone have feelings for Nox. In short, I think Shelly is someone with a

discerning eye. She won't let herself fall in love with someone like Nox.”

Monica felt that Jeanne was very convincing, so she agreed with Jeanne's point of view. Fortunately, Shelly did not like Nox. If she did, her heart would probably be broken.

“By the way, who do you think Shelly's child is? I've always wondered if it was Nox's. I refuse to believe that Nox didn't do anything to Shelly when he lived alone with her. I don't trust Nox,” Monica asked nosily.

“It doesn't seem like Nox's,” Jeanne said bluntly.

“Does that mean Shelly cheated on Nox? With Shelly's daughter's age, Nox should still be with Shelly at that time?”

“That's hard to say.” Jeanne was not a god, so she could not predict everything accurately.

Moreover, she had been separated from society for a long time. From the moment she gave birth to Paige to the moment she returned to South Hampton City, she knew nothing of what happened.

Jeanne then thought for a moment and said, "Based on Shelly's personality, she probably wouldn't do anything to let Nox down while she was in a relationship with him. She's not as bad as Nox."

"That's why I think Shelly's daughter is Nox's." Monica was certain. At that moment, she cursed, "Nox, that damned b*stard. If that daughter, whom Shelly is raising alone, is really Nox's, and he's so heartless as to marry another woman, I will curse him!"

Jeanne smiled.

Monica was still that woman who abhorred evil. However, feelings were not absolute. If both parties did not like each other, they would never be together..

Chapter 1596: Bachelor Night, Nox Loses Control

"What are you two talking about? Aren't you going to celebrate my wedding tomorrow?" Nox suddenly sat down. He reeked of alcohol and was still in high spirits. "I rejected all my friends who wanted to celebrate my bachelor's night today and invited you guys to celebrate with me instead. Yet, the two of you are here whispering and muttering about something! Monica, you're pregnant, so I won't drink with you, but Jeanne, won't you drink with me? Who almost lost his legs back then to save you?

Jeanne smiled lightly and picked up her wine glass. "Yes, yes, yes. I will never forget your kindness in saving my life. Here's to you. I wish you and Zoe a happy marriage."

Nox happily drank with Jeanne.

Jeanne did not drink much, but Nox, on the other hand, downed the entire glass.

"Drink less. Don't you have to pick up the bride tomorrow?" Jeanne could not help but remind him.

"Of course! I'll go early in the morning." As he spoke, he even burped loudly.

Monica was a little disgusted. "Nox, can you not let yourself go?"

"Why do I have to act so prim and proper in front of you?" Nox asked seriously.

"You really do love Zoe a lot." Monica's tone sounded a little disdainful.

"Of course I do. I could tell at first glance that she was the one to be my wife. After dating her for so long, I think I have good taste in women." After saying that, he even smiled smugly.

Monica could not stand how arrogant and complacent Nox looked. She could not help but say, "Where's Shelly? She's been with you for so many years, and you're abandoning her just like that?"

"Can you not mention this person on such a beautiful night? It'll affect my mood." Nox poured himself a glass of wine and drank it himself.

"Do you hate Shelly that much?"

"Or what?"

"Didn't she give birth to your daughter?" Monica was a little unhappy.

She still believed that Shelly's daughter was Nox's.

"Woah! Shelly's daughter has nothing to do with me!" Nox quickly refuted the rumor.

"Can you swear on your life that you didn't do anything to Shelly that year when you were alone with her?" Monica asked angrily.

At that moment, Nox's valiant look suddenly froze. Then, he lost his confidence and said loudly, "Anyway, Shelly's daughter isn't mine."

"Did you do a paternity test? How can you be so sure that it's not yours?" Monica knew that a horny man like Nox must have sullied Shelly.

"That's her biological second sister's daughter, who was abandoned and left for Shelly to raise!" Nox cursed and shouted at Monica, "F*ck, how bad of a man do you think I am?"

Monica was a little stunned. It turned out she had misunderstood Nox.

"I admit that Shelly and I did it once. That night, I got drunk and agitated, so I slept with her, but it was only that once. I checked on that child and later verified with my mother that Shelly is indeed raising her biological second sister's child," Nox explained, not wanting them to misunderstand her. "Don't worry. No matter how bad I am, I'm not as bad as you think."

"If Shelly were pregnant with your daughter, would you choose to take responsibility?" Monica asked.

Nox was stunned for a second as he did not expect Monica to suddenly ask him that question. and he actually took a second to think about the possibility.

However, he suddenly remembered how badly Shelly had treated him and his family that day, and his expression changed. "But that didn't happen! There are no ifs between Shelly and me!"

Monica knew that she could not have any expectations for Nox.

"Speaking of which, even if you can't drink alcohol, you can drink water! Come on and give me a toast," Nox urged.

After that, he did not ask others to give him their blessings, and Monica did not say anything else. Now that she knew that Shelly's daughter was not Nox's, her resentment towards Nox was not as deep. At least Nox still had a conscience. She and Nox took a few sips of their drinks. By then, Nox had really let himself go.

Seeing that, Edward and Finn started to persuade Nox.. "If you keep drinking, you won't be able to get married tomorrow! "

Chapter 1597: Bachelor Night, Nox Loses Control

“Hey, tonight is my night. How can you guys be so weak? I’m perfectly fine. No matter how drunk I am, I’ll be able to get up tomorrow.” Nox looked indifferent about the situation.

“You’ll see tomorrow.”

Edward and Finn were also speechless. However, they did not want to ruin Nox’s mood. After all, marriage was a major event in life. Since he was happy, it was only right for them to celebrate with him. As for whether he would live or die tomorrow, that was his own doing.

The few people in the room drank happily. At one point, Nox had drunk so much that he had to go to the bathroom to pee. After peeing, he was about to go out for more drinks when he pondered for a while and then gave Zoe a call.

Zoe quickly picked up. “Nox.”

“Where are you?” Nox asked.

“I’m at home, waiting for you to marry me tomorrow. I can’t sleep now.”

“I’m still drinking with Edward and the others at the nightclub.”

“Don’t get drunk. I don’t want the groom to be bedridden tomorrow, or I’ll get angry.”

“Don’t worry, I’ll get up even if I have to. I know what I’m doing.”

“Anyway, make sure you go back early.”

“Alright, alright. Rest early then. I’ll see you tomorrow.”

“See you tomorrow.”

Zoe’s expression changed after hanging up the phone because she was not at home. On the contrary, she was celebrating at another nightclub. When she received Nox’s call, she got everyone to turn off the speakers to make it quiet.

In fact, she was starting to regret the idea that she was going to marry Nox tomorrow. She just felt that she had not had enough fun yet and was not ready to walk down the aisle.

Of course, she had never thought of coming out tonight. After all, she was getting married tomorrow and was afraid of being exposed. However, she could not resist the temptation of those friends of hers, so she came out in the end and made sure to choose a nightclub different from Nox’s. She even told the people at the nightclub to keep an eye on Nox’s movements. Once Nox left the nightclub, she would immediately return.

“Are you done?” An old lover beside her whispered intimately in her ear, “I can’t wait anymore.”

Having been teased, Zoe could not hold it in any longer, and the two of them hugged each other again. Then, they let themselves go.

Nox was forced to leave the nightclub at midnight because he actually puked blood! The moment he bent over the toilet bowl and threw up blood, he was shocked.

There was no way he was about to die. He was getting married tomorrow, and if word got out that he died tonight... would he be laughed at?

He squatted in the toilet for a long time. It was not until Finn knocked on his door to check on him that he opened it and said that there was blood in his puke. It obviously frightened the other four people in the room.

Finn glanced at the toilet bowl and then at Nox. "Let's go to the hospital first." He did not say anything else, but that one sentence was enough to scare Nox to death.

At that moment, Nox seemed to have sobered up. He asked, "Finn, do I have a terminal illness?"

Finn looked a little serious.

"F*ck, don't scare me. I'm getting married tomorrow. I don't want to die yet. I don't even have a child yet. I can't die just like that..." Nox broke down.

Finn glanced at Nox. "A scourge will live for a thousand years. Don't worry, you won't die."

Nox was speechless. Was that supposed to comfort him?

After that, the group sent Nox to the hospital, and Nox did a full-body checkup. They confirmed that it was gastrointestinal bleeding caused by drinking too much and that he was not seriously ill.

Nox was lying on the hospital bed, receiving an IV transfusion, looking like he had nothing to live for.

"You're not going to die. What's with your expression?" Monica could not stand it anymore and could not help but scold Nox.

"I was just thinking. I have lived for 30 years, but this is the first time I've thrown up blood from being drunk. Am I that old now? I didn't drink much, but why did I puke blood? If word gets out, how will people see me?"

Monica rolled her eyes. 'F*ck, you're an idiot!'

At that moment, Finn was also at a loss for words. He said, "It's getting late. I'll take Monica back first. She's pregnant and can't stay up too late."

Nox wanted to stop him, but on second thought, he realized they had been through enough tonight. Moreover, Finn was old, and it was not easy for him to have a child...

As such, he waved his hand. "Go."

Finn turned to Edward. "Fourth Master, Nox is fine. Why don't we leave together?"

"If they leave, who will accompany me?"

"You can get Zoe to take care of you."

"I won't! No one else can learn about such an embarrassing matter." "You'll die trying to protect your pride." Monica was speechless..

"In that case, let the nurse take care of you." Finn was very cold. "Let's go, Fourth Master."

Edward glanced at Nox. Seeing that the latter was in good spirits, he nodded and said, "Let's go."

Were they really his brothers?

'F*ck!' Nox cursed in his heart.

Nox lay on the hospital bed, suddenly feeling as if he had been abandoned by the whole world. In fact, he was still a little drunk, and even though he was lying on the bed, he felt dizzy.

At the same time, he was wondering how he got himself so drunk. He may have been able to deceive others, but he could not lie to himself.

He had gotten very drunk tonight, but why did he want to get so drunk? It was clear that tomorrow would be his happiest moment. Why did he want to court his own death?

Finn and Monica took a taxi back, while Edward and Jeanne also left with a convoy.

In the taxi, Monica felt a little sleepy as she usually went to bed early and it was way past her bedtime tonight. Hence, she leaned against Finn and closed her eyes. Finn made sure to hold her so that she could sleep peacefully.

As Monica was falling asleep, she could hear Finn say to the driver, "Go slower. I'll double the fare."

Monica wanted to laugh at how careful Finn was. When he said slow, he meant extremely slow, so slow that the taxi driver might have a mental breakdown.

After they arrived at the entrance of the neighborhood, Finn paid the driver and carried Monica back. Monica was now nearly four months pregnant and had only gained two pounds, so it was not difficult for Finn at all.

He gently placed Monica on the bed. As soon as Monica touched the bed, she fell asleep comfortably. Then, Finn took off Monica's clothes for her and wiped her body clean while she slept peacefully. After everything, Finn tucked Monica in the blanket and then looked at her delicate face.

As she was pregnant, she rarely put on makeup, and without makeup, Monica looked less aggressive but more innocent and cute. For a moment, she was still the 19-year-old girl who pursued him eagerly. She was so lively and outgoing.

Finn could not help but lower his head and kiss Monica on the lips. That uncontrollable action made Monica frown and lick her lips.

Upon seeing that, Finn's entire body froze. Monica's subconscious action left him defenseless! He could not help but deepen the kiss, waking Monica up.

When she opened her eyes, she saw Finn's face up close, taking advantage of her. He was even very engrossed in the act.

"Finn..." Monica pushed him away as she was almost suffocated by his kiss.

Only then did Finn react, and he even blushed.

Monica cursed in her heart. 'F*ck. Why is he acting all innocent when he was clearly enjoying himself just now? Even my clothes are all twisted.'

"Go to sleep. It's late." Finn forced himself to calm down, but his voice was hoarse.

"Do you really want it?" Monica asked.

"Not really," Finn denied.

Then, Monica glanced at his lower body.

Finn said, "It's just that... It's been a while, so..."

Monica could not help but laugh. She found Finn's embarrassment at that moment funny. Was it not normal for husband and wife to do what a normal couple would do? Why was he so embarrassed? She said, "I heard that we can do it after four months."

"Not with twins," Finn quickly said.

Monica pursed her lips, and after thinking about it for a moment, she said, "Then, I..."

She gestured a motion with her hand, which made Finn's face turn even redder.

He said, "No need. I'll just take a shower."

"Are you sure?"

"Hurry up and go to sleep. We have Nox's wedding to attend tomorrow

morning," Finn urged.

Then, she saw Finn running into the bathroom.

Monica's eyes flickered. Was she that scary? She should be the one afraid here instead!

Nevertheless, Monica turned over and did not think much about it. She closed her eyes and fell asleep again. After all, she was extremely sleepy. If Finn had not woken her up with a kiss, she would have fallen asleep already.

However, before she was asleep, it crossed her mind that Finn's kissing skills and his skills in bed were not great, and she wondered if he could... teach himself some skills..

Chapter 1599: Bachelor Night, Nox Loses Control

Finn took a few minutes to come out of the shower. When he came out and saw that Monica had fallen asleep, he carefully got on the bed, turned off the lights, and lay down beside Monica.

His body naturally embraced her and pulled her into his embrace. Just as he was about to fall asleep, Monica muttered, "Finn should watch more p*rn..."

She was clearly talking in his sleep. However, Finn heard everything she said, and his body stiffened.

Then, he recalled what Monica said about him in the Bamboo Garden that day... She said that if he was better in bed, she would not have broken up with him!

Just how much did Monica despise him?

After Finn was done with the IV drip, he left the ward alone. He was really paying the consequences because he wanted to save his dignity. If he had known earlier, he would have gotten Zoe to take care of him.

He was drunk and sleepy as he walked into the elevator. Then, when the elevator suddenly opened two floors down, he saw... Shelly.

'F*ck.' Nox rubbed his eyes, but he really did see Shelly, who was also in the hospital. It was so late at night. What was she doing here?

Shelly was also stunned when she walked into the elevator. She had never expected to bump into Nox at such a late hour. If she had known earlier, she would not have gone to buy instant noodles now.

She and Bella had been in the hospital since the afternoon, waiting for the surgery tomorrow. Bella could not eat anything from that night onward, so she fasted with Bella. Now that Bella had fallen asleep, she went out to buy a packet of instant noodles to fill her stomach.

In fact, she did not feel like eating, but she knew she would feel hungry eventually. She also knew that she would have to take care of Bella after the surgery, so she had to eat, and that was when she bumped into Nox.

As soon as she got close to Nox, she could smell the strong smell of alcohol on Nox. Did that mean he was drunk? Was he too excited about tomorrow that he got drunk and had to come to the hospital for an IV transfusion?

At that moment, she could still see the traces of an IV drip on the back of his hand. However, in the next second, Shelly left immediately, not wanting to be with Nox or see him. At the thought that she could bump into anywhere, especially in a place like that hospital, she really felt helpless.

The moment Shelly exited the elevator, Nox grabbed Shelly and pulled her into the elevator angrily. "Where are you going? Am I that f*cking annoying?"

Shelly's arm really hurt when Nox grabbed it. She knew that every time she met

Nox, she would be treated awfully.

She gritted her teeth. "Let go of me!"

"Do you think I'll let you go just because you want me to?" Nox asked coldly, as if he was not someone to be trifled with.

Shelly really wanted to slap him, but she was shackled by Nox in the elevator. Then, the elevator went down a few floors and opened. However, Nox did not go out.

As it was late at night, the hospital was deserted, and no one else was around.

"Let me go!" Shelly twisted her body.

She did not know what had gotten into Nox.

"I won't let go!"

"Are you crazy?" Shelly was infuriated. At that moment, she was so angry that her head hurt. Even the words that came out of her mouth were unfiltered. "If you're sick, go to the doctor, not me. F*ck you, you psycho, retard, idiot... Oh."

Shelly widened her eyes at Nox, who had suddenly pushed her into the elevator and kissed her fiercely. Shelly's eyes were filled with anger, but she could not break free from him.

She did not know what was wrong with Nox again, but she narrowed her eyes and bit down, hurting Nox's tongue.

Nox suddenly let go of Shelly. Then, he felt a metallic taste in his mouth. It was obvious that he was bleeding and quite a lot at that.

How ruthless was Shelly? He almost died from the pain.

"Are you awake?" Shelly did not rush to leave and was rather calm toward Nox.

Nox really wanted to strangle Shelly. What right did that woman have to be so arrogant in front of him?

“Nox, if I remember correctly, aren’t you getting married tomorrow?” Shelly looked at Nox and enunciated each word. “Why? Are you regretting marrying Zoe? Do you want to get back together with me? In that case, break off the engagement with Zoe and let me marry you tomorrow-”

“In your dreams!”

Nox frantically pressed the elevator button and bolted out. It was as if... he was running away from something terrifying.

Shelly stared at Nox’s back and sneered as she wiped her mouth. She would just take it that she was bitten by a dog..

Chapter 1600: Grand Wedding, Zoe Gets Humiliated

Nox was having a splitting headache.

If he had known earlier, he would have listened to others’ advice instead of allowing himself to do as he pleased and getting himself drunk until he got gastrointestinal bleeding. Otherwise, he would be in his current state, where he would rather die than live.

He stood in front of the sink in the bathroom at 7 a.m. in the morning and looked in the mirror. Seeing how swollen and bloodshot his eyes were, he felt helpless.

As expected, after reaching a certain age, he could not be as spontaneous as before. If not for the fact that he was getting married today, he did not think he would be able to get up.

He recalled that he had only slept for two hours last night. After returning from the hospital, he still could not fall asleep for some reason, even though he was clearly very sleepy. When he finally fell asleep, he felt like he had only slept for a second, and now, he felt awful.

“Young Master!” Outside the door, the servant knocked on the door and urged,

“Hurry up and wash up. The makeup artist has been waiting for a long time.”

“I know, I know. Why are you rushing me?” Nox asked unhappily. “You can’t be late for your wedding day. Young Master, hurry up.” He already said he knew, yet why was she still rushing him?

Nox immediately dunked his head in the sink filled with cold water. After making sure that he was awake, he raised his head, wiped himself with a towel, and rinsed his mouth. Only then did he walk out of the bathroom, feeling a little more energized.

The staff was already waiting for him in the room. They were standing there with his wedding suit in their hands and were very respectful. With the help of the staff, Nox changed into his suit, styled his hair, trimmed his eyebrows, and cleaned up his face.

By the time Nox was ready to set off, it was close to 9 a.m., and the estimated time he would arrive at the Sullivans’ residence was 10:10 a.m. As there was still time, before Nox left the Winters’ villa, Mrs. Winter even got him to eat something to fill his stomach, which was not feeling great.

Considering he threw up last night, and there was even blood, his stomach had been feeling horrible. Fortunately, he felt a little better after eating something.

“Nox.” Nox’s mother held Nox’s hand. Seeing that he was all grown up, she looked pleased. “Today is your big day. Don’t make any mistakes and do good by Zoe.”

Nox nodded. Looking at his mother’s expectant expression, he felt a little satisfied with himself. At least, many people were happy about his marriage.

“Go ahead,” Mrs. Winter said.

Nox then led a group of escorts to the Sullivans’ residence.

The wedding was very grand. In fact, Nox did not spend too much effort on it. Most of it was handed over to the wedding event company, and he just had to approve the final plan. The wedding was not particularly unique. It was just grand, and everyone knew about it.

The convoy was very long. Of course, unlike Edward’s wedding, there were no rows of cars filled with flowers. Until this day, no one’s wedding had been able to compare to Edward’s wedding back then, let alone top it. Nox, too, sometimes complained that wherever Edward was, he would be always overshadowed by Edward.

In the wedding car, he was holding a bouquet of flowers in his hand as he went to pick up Zoe, and there were at least ten cameras around to broadcast it live to the public.

Nox’s marriage was really high-profile. He thought that since he was getting married, he should announce it to the world. Moreover, he had told the media that if he got married, he would broadcast it live, and now, he had kept his word.

Therefore, from the moment Nox left the house that morning, everything had been broadcast live on the Internet. There were many people watching and many people giving their blessings. It became the hottest news of the day, and the traffic was off the charts.

Even today, the stock prices of the Sullivans and Winters rose to ceiling price as soon as they opened. It was no wonder why so many wealthy families and upper-class families wanted to matchmake their children. It was really a win-win situation.

Shelly was also nervous, so she was sitting outside the operating room, watching the news on Nox’s marriage. Nox was indeed the type of person who would get married in such a high-profile manner.

In the past, although Fourth Master Swan's wedding and a few other weddings were all eye-catching and even creative, they were not like Nox's wedding, in which the entire process was directly broadcasted live to make the masses happy.

That was the first time they had seen such famous people getting married, and they all wanted to see how extravagant the so-called wedding could be!

It was also the first time ordinary people could witness what it was like for rich people to get married..
