Chapter 101 Here Comes Jessica Wright Davis

When Emilia heard the commotion, she quickly turned around. When she saw who it was, Emilia quickly got up and stood in front of Olivia.

Although she already knew that the Davis family would not let them go easily, Emilia didn't think that their revenge would come so quickly.

She could only see that the door was now packed with bodyguards dressed in suits!

The entire place felt tense!

What could she do this time?

She couldn't seem to think of any other ways now!

At the same time, back in William Davis's room. He was in shock when he heard that his sister, Jessica Wright Davis, was looking for trouble with Oliver Walker.

'Bakk—'

He landed a huge slap on Six's face and screamed, "Dumbasses!!! Why didn't you stop her?"

"Do you know who Oliver Walker is?!"

Follow current on [storynovel.net](http://storynovel.net)

"He is the master of Hendric Smith!"

"Are you trying to ruin the family?!"

Six felt wronged after being slapped, and he said, "I....I didn't know!"

This answer made William Davis even angrier. However, he didn't have any time to waste now. If he didn't stop her now, the entire Colorado would be in trouble.

He quickly went back to the auditorium to get the 'Kiss Of Judas'.

If he knew that Oliver Walker, who had finally returned after 8 years and ended up being so powerful, he would have never dared to provoke that man!

Now, Jessica Wright Davis was making things worse, and it might even destroy the entire family!

Even if Emilia wouldn't ruin the company, she would definitely go after him.

No matter how powerful the Davis family was, it was only in Colorado. How would they be able to defend themselves against Hendric Smith?!

If Oliver Walker was Hendric Smith's master, how powerful would that man be?

He couldn't wrap his head around it. He only knew now that there were chills running down his spine!

At the same time, the atmosphere in the resting room became even tenser as if a battle was about to happen.

Emilia said in fear, "It'll always be better to have mercy. You don't have to be so cruel!"

Why wouldn't she be scared?

With how vicious Jessica Wright Davis could be, she wasn't any less cruel than her elder brother, William Davis. In fact, she was worse.

After all, women were known to be cruel!

Plus, with the inborn jealousy, she would then be even more heartless than others!

"If I don't get rid of you now, you will stir up another storm!"

Jessica Wright Davis smiled, "I am aware of your abilities. Why would I allow you to leave Colorado?"

If Emilia was stuck in this small piece of land, no matter how good she was, her abilities would still be suppressed by the Davis family. Emilia would have to live her life on the edge.

However, if she left Colorado, Emilia would be allowed to do whatever she wanted. Perhaps there might even be a day when she flourished and that would be Emilia's chance to seek revenge on the Davis family.

Therefore, the stupid act of returning the tiger to the forest was something that she would never do!

Follow current on [storynovel.net](http://storynovel.net)

Oliver Walker sneered, "From what you're saying, you're going to kill her?"

If the Davis family wanted to kill his wife, he would never allow it. Even if he had it to hide it from his wife, he would also send his men to destroy the Davis family.

However, if it was only something that was coming from the mouth, he would never do something so horrible.

When their grandfather was still alive, he wasn't the nicest to Oliver, but at least, Master Davis acted appropriately like an elderly should.

Otherwise, even if Emilia wanted him, how would a useless, poor kid like him end up getting married to one of the wealthiest families in Colorado?

"Kill?"

Jessica Davis folded her arms as she snorted, "What do you take me for?"

"Why would I do something that is against the law?"

"I just really wanted Emilia to stay home so that she could experience different aspects of life!"

Her tone was filled with mockery.

However, this was the truth. They shared the same blood, and even if Ma'am Davis never really liked Emilia, Jessica might be able to run away from the laws of the country after killing Emilia, but she would still be heavily punished by her family.

In her perspective, Emilia was now a tiger with no fangs. The fun of killing her would be much lesser than torturing her.

She would never do something so stupid!

"You..."

Chapter 102 The Favorite Granddaughter

Emilia looked enraged!

Why wouldn't she know what Jessica Wright Davis was up to?

Emilia was like an animal trapped inside a cage. Whenever Jessica felt unhappy, she would torture Emilia to satisfy her vanity!

Torturing one's heart was definitely more hurtful than just severing the body!

This was the cruelest way to make sure your enemies suffered the most!

"Huh?"

Jessica Wright Davis continued teasing, "What's wrong?"

"You don't like it?"

"Then, we would have to talk about this useless husband of yours!"

Her eyes were filled with a vicious look. She looked at Oliver Walker who was calm as the raging fire in her burned, "Emilia....you have always been better than I am ever since we were kids.

Follow current on [storynovel.net](http://storynovel.net)

"Our grandfather loved you, and even grandmother loves you!"

"If only you weren't too great and didn't threaten the authorities of the company, grandmother wouldn't have allowed my brother to torture you.

"However, your fatal mistake was marrying this useless man as your husband!"

"With your brilliance, you could have found a better man, but you didn't. Otherwise, how would it be possible that my brother could defeat you?!"

"If there's anyone for you to hate, hate him then!"

"He has nothing but only guts to cause more problems. Let me see who else would be here to clean up this mess for you!"

Emilia's brilliance was definitely not something that William Davis could contend with.

However, she was the only one amongst the younger generation who was responsible for too many important projects in the company.

Plus, most of the bigger companies had a rule of passing the company to a son instead of a daughter. So, even when Ma'am Davis loved Emilia, she still needed to turn a blind eye!

In other words, Emilia lost because she was born as a woman.

No matter how bad William Davis was, he was still a boy and was meant to inherit the family business. This was why Ma'am Davis had supported him.

Follow current on [storynovel.net](http://storynovel.net)

Most of them might say that there should be equality between males and females, but companies of that scale, they would usually prefer males rather than females!

Emilia bit her lips as she had nothing to say. She could only allow Jessica Wright Davis to talk all she wanted while disturbing her daughter's rest.

This was because she couldn't fight Jessica!

Emilia kept quiet!

However, Jessica didn't think that it was enough as she continued saying, "She will never be able to protect you now. Do you still think that you could be as arrogant as before?"

The only reason why she had said so much was because she wanted to see Emilia enraged and have her turn against Oliver Walker.

The way that she protected him years ago would then turn into the pain that she would feel today.

Emilia was a tough woman, and this was definitely something that would hurt the core!

However, Emilia already knew that Jessica Wright Davis was doing this on purpose. Jessica wanted her to get rid of Oliver Walker so that her family would be crushed once again.

If she really got mad at Oliver, she would have fallen for Jessica's schemes!

Even if Emilia wanted to hate someone, she would only hate William Davis who had been cruel all these years!action

Follow current on [storynovel.net](http://storynovel.net)

As for Oliver Walker, it was true that he went missing for 8 years, but that was a different issue altogether. How could they be tied together?

Oliver Walker said calmly, "Ten years ago, she saved my life!"

"Ten years later, I will guarantee a peaceful life for her!"

Oliver looked at his wife with a gentle look in his eyes, "This is my promise to you!"

The sudden confession of love caused Emilia to shudder. She felt a warm feeling that came from inside her heart.

This man was like a huge mountain that she could depend on. She could feel the sense of security that she never had.

Ever since she was a child, her father, Essex Davis, had been nothing but a jerk.

The only thing that he brought home for her and her mother was pain.

But now, she could clearly understand how it felt to have someone to depend on!

They looked into each other's eyes, and they could only see the person they loved most!

"Nonsense!"

She wanted them to turn against each other, but that did not happen as expected. Instead, the both of them started confessing their love for each other!

Jessica who was still single until today, she became even angrier as she screamed, "Idiot! Aren't you good at fighting?!"

"Well, let's see how many of them would you be able to fight tonight!"

Chapter 103 Crazy Man

This time, Jessica Wright Davis had come prepared. She would not make the same mistake like her brother.

This was why she wasn't scared even when she knew that Oliver Walker was good at it.

There were hundreds of them waiting, and they released their aura to try to scare the man before them.

Unfortunately, Oliver Walker's eyes remained calm. This was really nothing. Why should he even be bothered about it?

He calmly answered, "I have at most fought thousands of soldiers, and all of them ended up dead. I was the one who survived in the end!"

Although he was severely injured, other than his internal injuries, he had already completely recovered!

Thereafter, Oliver Walker swept a glance at them, and his pressuring aura spread through the room.

The bodyguards subconsciously took a few steps backward when they felt how sharp and scary those eyes were.

Then, one second later, Oliver Walker turned soft and elegant!

As he stood next to Emilia, he was like a professor. He looked stern without even trying, "So, don't you think that you haven't brought enough men here?"

A hundred of them really weren't enough.

Of course, he was only trying to get these men to surrender because he didn't want to dirty his hands, and he didn't want to wake up his child.

"How dare you!"

Jessica Wright Davis screamed, "Get him! Make him crawl on the ground and beg for mercy like a dog!"

Follow current on [storynovel.net](http://storynovel.net)

He's still going to act tough?

How dare he when she's right here?

How could she stand this?!

He fought thousands of soldiers?!

Without a history of stroke, no one would be able to come up with such ridiculous lies!

"Gooo!"

"This young man....how dare he put on such an act?!"

"Let me slap his face!"

"..."

The bodyguards she brought along were professionally trained.

How could they allow this abandoned dog to act so arrogantly?

If they didn't show what they were capable of, their young miss would definitely assume they were useless!

They were indeed furious!

This was why all hundred of them had a ferocious look on their faces as they raised their arms!

The fight was about to start at any second, and Emilia's heart was racing!

Follow current on [storynovel.net](http://storynovel.net)

There were at least a hundred of them!

Plus, they were bodyguards who were professionally trained in combat. To put it frankly, the only job that these people had was to fight!

This man...

Would he be able to handle it?

However, she was a weak woman, and how would she be able to help?

But.....no matter what, she would stay here with this man regardless of the difficulties they might face!

"Wait!"

Suddenly, Oliver Walker stopped them and asked, "Are you sure you want to do this?"

When Jessica Wright heard what he said, she quickly stopped her men.

She thought that Oliver Walker was admitting defeat as she asked, "What's wrong? Are you scared now?"

"If you are, get on your knees and lick these shoes clean!"

"Then, bow down to my brother and apologize!"

Obviously, she didn't have the courage to kill anyone!

She only wanted to break Oliver Walker's arrogance!

As long as Oliver Walker got on his knees, Emilia who was a prideful woman would definitely suffer more than anyone.

Follow current on [storynovel.net](http://storynovel.net)

If he didn't, she could swear that she would break all four of his limbs!

Other than their grandfather, was there anyone else who acknowledged this useless fellow in the entirety of the Davis family?!

He was the biggest insult to the entire family!

"No!"

Oliver Walker remained calm as he said, "I was just worried that you might wake up my daughter. Then, you would have committed another crime, and I would have to kill you. Otherwise, I wouldn't know how to face my daughter!"

"So, you better think carefully if you can handle the consequences!"

For him, killing others was a fairly common thing!

If it was only one man, it was considered murder!

If it was ten, it would be a mass murder!

If it was hundreds and thousands of them, it would be a slaughter!

The number of people that he had killed was already uncountable. He no longer knew how to describe his actions.

He was the Chaplain of the country after all!

He was also known as the death god to most of his enemies!

The way that he was acting so seriously made the others find his actions laughable.action

The whole place turned quiet!

Even for Emilia....she couldn't accept it as well. How crazy was this man going to be?

Chapter 104 Stop Right There!

"You're....dead!!"

Such a warning made Jessica Wright Davis feel humiliated. The expression on her face was hideous as she screamed in rage, "What are you waiting for?!"

"Get him!"

When they received the orders, the bodyguards, who could no longer stand this man, instantly burst into a rage!

Was this brat crazy?!

He had no idea what was happening. Even if he wanted to kill himself, he shouldn't have done it this way!

"Kill him!"

"This man is being too arrogant!"

"You're taking me as a cowardly dog just because I haven't shown you what I've got?!"

"You're done for, you idiot!"

"..."

The screams of the men filled the room!

All of them looked fierce, and the domineering aura was pressuring!

Emilia stared at the man's back and prayed silently inside her heart!

Follow current on [storynovel.net](http://storynovel.net)

She stood right in front of her daughter!

If that man fell, she would be the last barrier for her daughter!

However, the loud commotion outside did not awaken Olivia!

She was still sound asleep!

This was because Hendric Smith had placed a needle on her sleeping acupuncture point.

Forget about these commotions, even if the sky fell on her, she still wouldn't wake up.

Then, the bodyguards were like the waves that rushed through the tiny doors!

They felt provoked and were trying to defeat Oliver Walker within the shortest period of time in order to prove their abilities!

"Stop it!"

"Quick!!! Stop them!"

Suddenly, there was a hoarse voice that rang through the place!

Within seconds, all of them stopped and remained frozen in the same spot.

They looked outside the door in shock!

They knew that the voice belonged to their young master. His position in the company was much more prestigious than Jessica Wright Davis who was next to them.

They could disobey the young miss but never the young master!

Follow current on [storynovel.net](http://storynovel.net)

"Huhuhu..."

However, what shocked them was how William Davis struggled as he rushed toward them as quickly as possible

As he ran, he shouted, "Calm....calm down!"

"You.....you are not allowed to be ill-mannered!"

Jessica Wright Davis was stunned!

The bodyguards felt confused as well!

Even Emilia frowned as she asked subconsciously, "What's.....what's happening?!"

Logically speaking, with how William Davis was, it would be impossible for him to be saving her now, right?

If he wasn't here to stop them, then what was he doing?

Oliver Walker smiled, "He's here to apologize!"

It was obvious that William Davis had found out about his identity.

He never took these bodyguards seriously, and he was too lazy to fight them. Plus, he didn't want to cause such a big commotion that might disturb his daughter's sleep.

But....if William Davis didn't get here soon, there would be blood spilled!

"Apologize?"action

Emilia's eyes were filled with disbelief, "How is that even possible?"

Follow current on [storynovel.net](http://storynovel.net)

Oliver Walker smiled and said, "Just sit back and watch!"

He didn't have to explain much since the truth would be surfacing very soon.

"Huhuhuhu..."

William Davis, who ran all the way from his room to the auditorium, felt exhausted. He placed both his hands on his knees as he tried to catch his breath.

When he saw how the fight hadn't begun, he let out a breath of relief!

This meant that there was still a chance for redemption!

"Big brother!

"What is happening?!"

Jessica Wright Davis felt confused as she complained, "This useless brat had the balls to lay his hands on you!"

"I'm just seeking revenge for you!"

She couldn't understand why William Davis had stopped them!

There wasn't a reasonable explanation for it!

These bodyguards felt the same as well! They were confused!

This man has been looking at them as if they were weaklings. They finally got the chance to teach him a lesson, but their young master appeared out of nowhere.

At that moment, the atmosphere inside the room turned peculiar!

Other than the sound of William Davis panting, there was no other sound!

Chapter 105 I Told You To Get Out

Thud...

The most shocking thing happened right in front of them!

They saw William Davis kneel on the ground once he finally caught his breath!

The entire waiting room fell into a deadly silence!

Jessica Wright Davis felt dumbfounded!

The bodyguards were shocked as well!

Emilia, who initially felt worried, froze on the spot like a statue.

Other than Olivia who was in a deep slumber, Oliver Walker was the one who remained calm the entire time!

He knew that William Davis was here to apologize!

William Davis wasn't feeling regretful for what he had done. He was only afraid of Hendric Smith!

"Big brother!"

Jessica Wright Davis looked shocked as she screamed, "Get up!"

"How could you...kneel to them?!"

Follow current on [storynovel.net](http://storynovel.net)

From her perspective, it must be that William Davis felt exhausted, so he fell onto the ground by mistake.

Otherwise, this would be impossible!

However, just when she wanted to pull him up, Jessica Davis was then tugged on the arm by the frightened William Davis, and she ended up kneeling on the ground as well.

"Ahhhhh..."

She wasn't prepared at all. Plus, she was a woman who wasn't as strong as her brother. How could she pull William Davis?!

Instead, she was the one who was pinned onto the ground as she screamed, "Big brother, what are you doing?!"

She couldn't understand!

She had no idea what was happening!

Why did they have to do this?!

"Sister.....quick! Just get on your knees!"

William Davis was shaking. He knew how big of a mistake he had committed. If he didn't act accordingly now, Emilia would never have mercy on him once she regained her power.

The words that came out of his mouth were akin to a clap of thunder that broke the peaceful night!

All hundred bodyguards were shocked by what they had just heard!

What on earth just happened?!

Follow current on [storynovel.net](http://storynovel.net)

Why was the young master of Davis kneeling to Emilia?!

This...

This was ridiculous!

Emilia didn't say a single thing. She had no idea what was happening as well!

She felt like this was merely a dream. Something that wasn't realistic!

"Brother, are you mad?!"

Jessica Wright Davis screamed at the top of her lungs, "You are the young master of Davis, and she....she is just a slut! You..."

'Bakk—'

Before she could finish her sentence, William Davis, who was in shock, quickly slapped Jessica Wright Davis on her face. He was flushing with rage as he screamed, "What are you saying?!"

"She.....is our big sister!"

"The young miss of Davis! If you dare say another word of nonsense, I will rip your mouth apart!"

"Now, get on your knees!"

William Davis' shout was like a monster's roar!

Jessica Davis was surprised by how her brother reacted. There was a ringing sound in her ears from the screaming, and she was feeling confused.

Follow current on [storynovel.net](http://storynovel.net)

He had gone mad!

This was insane!

"Brother, have you forgotten?!"

"She has already been kicked out of the company! I am the young miss of Davis!"

She couldn't understand!

She didn't know what was happening and tried to get back on her feet!

"I told you to get down!"

William Davis shouted at her, and at the same time, he grabbed onto Jessica's ankle.

"AHHHHHH!"

Jessica Wright Davis wore a pair of heels, and due to the force on her ankle, she lost balance. When she fell onto the ground, she screamed in pain, "Big brother....you....you're hurting me..."

Before she could react to what was happening, she realized that she was kneeling before Emilia.

She felt shameful and wanted to bury a hole so that she could hide in it.

"Once you're done with the acting, you can leave!"

There wasn't a single emotion on Oliver Walker's face as he said, "Don't you dare disturb my daughter's rest, or I will make you pay for it!"

The Davis family was nothing to him!action

His wife wasn't bothered about it as well. Otherwise, she wouldn't have been tortured so badly all these years by William Davis!

"Who do you think you are?!"

Jessica Wright Davis was still being stubborn as she screamed, "How dare you talk to us like that?!"

Chapter 106 We Are Family!

Her eyes were filled with rage!

She tried to stand up but soon realized that she had sprained her ankle. It felt extremely painful whenever she tried to move!

"Who do you think you are?!"

William Davis screamed, "He is the master of the godly doctor, Hendric Smith!"

"How dare you speak to him like this?!"

These words were like a bolt of lightning that struck them!

Jessica's eyes which were filled with a vicious look instantly disappeared! Then, it was replaced by fear and horror as her face turned pale!

'Thud—'

At the same time, all of the bodyguards that Davis brought along felt weak as they got shocked, and they could no longer stand straight!

Their masters were both kneeling on the ground. Was it right for them to remain standing?

Plus, who was Hendric Smith?

He was the man who stood at the tip of the pyramid in this country!action

A simple sneeze from this man would be able to send them to their graves!

Follow current on [storynovel.net](http://storynovel.net)

As they thought of how they tried to fight Hendric Smith's master.....they felt even more frightened!

The most important thing was that....Hendric Smith was already at the pinnacle.

His master, Oliver Walker, whom they assumed was a useless fellow. How scary would he be?!

They couldn't imagine!

It wasn't something that was within their knowledge, and they definitely had no idea about it!

"Big sister!

"We are from the same family, and the same blood runs through our bodies!"

William Davis was shamefully recollecting their relationship as a family as he said, "Grandfather loved you the most.....but I.....

"I am his grandson as well!

"If we were to fight against each other, Grandfather would never be able to rest in peace!"

Emilia's bright red lips shivered. She tried to say something, but she couldn't.

How long had it been?

Ever since she lost her authority, when did the Davis ever acknowledge her as their big sister?

It got even more impossible once she was kicked out of the company.

Follow current on [storynovel.net](http://storynovel.net)

Although she didn't care about it, she did feel a little shocked. At the same time, she also felt that this was the respect that she deserved.

She did feel a little happy.

But....it wasn't as much as what she had imagined!

Oliver Walker didn't say a word. It was his wife's decision as to whether she wanted to accept the apology.

However, he still hoped that his wife would no longer be connected to that company.

She was much more honorable than what Davis could afford her.

"Big sister!

"Please forgive me!

"It's true! I am apologizing to you sincerely!"

William Davis no longer had the guts to hold onto any grudge as he begged softly, "It's all my fault. I.....I..."

Since the moment that Jessica Wright Davis learned about Oliver Walker's identity, she didn't even dare to breathe. She kneeled on the ground obediently, and she didn't even dare to look up.

"Get up!"

Emilia was trying her best to suppress the emotions inside her as she said calmly, "Get out of my sight!"

She slightly shifted her body!

Follow current on [storynovel.net](http://storynovel.net)

They were of the same generation even if her name had been removed from the family!

But, it still wouldn't change the fact that they were cousins.

It would be bad on her if they continued kneeling to her!

It was impossible for them to forgive these people after going through so much pain!

She was also aware of the story between Hendric Smith and Oliver Walker. She knew that it wasn't something solid. They might be able to scare the Davis siblings now and get them to beg for mercy on their knees...

But, what about in the future?

Hendric Smith would be leaving Colorado soon!

Even if Hendric Smith learned a thing or two from Oliver Walker and managed to save his own life, Hendric Smith had already returned the favor.

They no longer owe each other anything!

Emilia didn't want to forgive the Davis siblings, but at the same time, she didn't want to make things difficult for them!

Oliver Walker kept quiet the entire time. This was because his wife's response was also his.

William Davis was aware of this from the very beginning, so he kept apologizing to Emilia instead of begging for mercy from Oliver Walker.

The most significant point was that Emilia was more soft-hearted than that man!

"Big sister, if you aren't going to forgive me, I will stay right here!

"I will be on my knees no matter where you are!

"You will forever be my big sister!

"We have the same grandfather and grandmother. Your parents are my family. My parents are equally yours as well!

"Even if our bones are broken, we are still related to each other!"

Chapter 107 Returning The Painting

William Davis, who was being extremely shameless, started using the family card, and it managed to provoke the pain that was deep inside Emilia's heart.

Emilia, who didn't want to be bothered by it, suddenly felt pissed as she screamed, "How could you be so shameless?!

"When you went after me, have you ever thought of me as your sister?"

"When you removed me from the family, have you ever thought of me as the young miss of Davis?"

"If it weren't for grandfather, you would have never been my opponent!"

"William Davis, get out of my sight now!"

"I don't need your apology!"

She felt furious!

If he was sincerely repenting for his mistakes, then he should have just let it go!

But now?

He was morally threatening her instead!

Follow current on [storynovel.net](http://storynovel.net)

He kept bringing up her late grandfather, but he had no idea that her grandfather was someone she held closest to her heart! He was someone that no one should talk about!

Since she was a young girl, her grandfather was the only man who had ever been kind to her in the cold company where everyone only cared about their fortunes!

"Big sister, I am terribly sorry but you....you are my big sister, you can't be making the same mistakes as I did?"

William Davis continued pushing the boundaries as he said, "Plus, I was just a child!"

"I am sincerely apologizing to you now. I swear..."

The meaning of his words was clear!action

He was shameless, so he was allowed to make a mistake!

But, she couldn't do the same thing as him, could she?

It had to be noted that even though William Davis was a spoiled brat, he still had brains.

After hearing what he said, Emilia was infuriated, but she didn't know what to say in return!

Seeing how his wife was getting mad, Oliver Walker said in a cold voice, "My wife told you to leave!"

He wasn't interested in Davis.

Follow current on [storynovel.net](http://storynovel.net)

The reason behind it was simple. He wasn't interested in money and wealth. Even if he was, he wouldn't be interested in the tiny amount that Davis had.

Fighting over the same amount of inheritance with the Davis family would only taint his status.

"Sister.....brother-in-law, look! This is the 'Kiss of Judas' that grandfather gave to you! I brought it with me!"

William Davis opened the scroll as he said, "Big sister, brother-in-law, as long as you will forgive me, I can give you everything that you want if it is something that I can afford! Just say the word!"

When the painting appeared once again, Emilia frowned.

This painting was more than just a priceless antique. It represented the love of her grandfather!

It was also her wedding gift! The meaning behind this painting was worth so much more than the painting itself!

"Big sister, look! I kept it in good condition for you!"

William Davis continued, "I will get the professionals to maintain it every month. There isn't a single scratch on it!"

"Even if I am not worthy of your forgiveness, you could at least give me some mercy after seeing this painting?"

He wasn't thinking of anything else. He only wanted Emilia to agree to it. He knew that this woman was someone who would keep her word.

As long as she accepted the 'Kiss of Judas', his life would no longer be at risk!

Follow current on [storynovel.net](http://storynovel.net)

He was a smart man!

This indeed moved Emilia's heart!

However, she didn't have the courage to accept it!

This was because she knew that William Davis was only afraid of Oliver Walker now.

These ridiculous stories didn't make sense. Once William Davis found out about the truth, he would definitely torture her a million times more.

"Emilia!"

Oliver Walker knew what his wife was worried about. He reassured her by saying, "No matter what, this was a gift from our grandfather. You should just take back what belongs to you."

In fact, even if William Davis didn't bring this to them, he would be going after him for it.

He could sense that this painting was extremely important to his wife.

It wasn't because of how much it was worth. It was because it reminded her of her grandfather!

Emilia's body was shaking. Her eyes looked anxious and nervous!

"Brother-in-law! You're right!"

William Davis quickly spoke up, "Big sister, why are you still hesitating?!"

Chapter 108 Leaving Colorado

If Emilia didn't accept this painting, he wouldn't be able to sleep in peace!

Especially when he thought of Oliver Walker's identity, he felt chills running down his spine!

He didn't want to apologize as well!

But...would that be possible?!

How could he compare his pride with his life?action

His pride was worth nothing!

"Fine!"

After having her own battles in her mind, Emilia finally said, "As long as you don't look for trouble with me, we can move on from the past!"

Other than the fact that she wanted it, she only accepted the painting because she had no other choice!

If William Davis stayed here on his knees, wouldn't he be able to seek revenge once he found out about the truth?!

Follow current on [storynovel.net](http://storynovel.net)

But, if he left now and only realized the truth later on, she would already have had the time to move out of Colorado with her family!

By then, she would definitely be able to free herself from these demons!

"Of course not!

"I can promise you that!

"Big sister, I'll leave this here. I....I'll leave right now, and I promise not to disturb you anymore!"

After getting the answer that he wanted, William Davis was over the moon as he quickly kept the painting back into the scroll.

This was the best outcome that he could wish for!

With Oliver Walker's current identity, forget about this painting—if Oliver Walker wanted the entire Davis Corporates, William Davis wouldn't say a single thing.

However, what he didn't know was that Emilia was even more nervous than he was!

If he could read Emilia's mind, he would definitely spit out blood!

"Leave immediately!"

William Davis gently placed the painting on the ground. Then, he turned around and screamed at his men, "If there's any one of you who slows down, I will break your f\*\*king leg!

"Oh! Remember to be f\*\*king quiet! I will kill anyone of you who dares to wake up my niece!"

William Davis was trying to be cautious and kept his voice as soft as possible. The flattery smile on his face along with how he was trying to sneak out of the room looked incredibly funny.

Jessica Wright Walker frowned as she stared at Oliver Walker with a weird look on her face. She couldn't help but feel that something was wrong but...

She couldn't tell what was wrong!

It just felt weird!

Eight years ago when he left, Oliver Walker was still a useless man who needed his wife to protect him. How was it that he returned as the master of the godly doctor?

Even an idiot wouldn't believe such stories, right?

She had no idea where William Davis got the news from and if it was authentic.

However, she injured her ankle, and it was incredibly painful. She gritted her teeth in pain whenever she walked, and in the end, she could only leave the room with two bodyguards carrying her.

The people from the Davis family walked in fiercely but left like a coward!

"These people are shameless!

"When they bullied you, all of them looked ferocious like demons.

"But when it comes to apologizing, they are as timid as mice!"

Oliver Walker picked up the 'Kiss of Judas' from the ground and looked at the hundreds of men escaping from his sight.

Then, he turned around and smiled, "Keep this, and don't lose it again."

Returning this painting back to its rightful owner was something that Oliver Walker always wanted to do.

When William Davis brought it out to humiliate Emilia, he would have never thought that it would end up this way.

However, Emilia bit her lips, and she had a frightened look on her face, "We won't be able to hide it for long! We have to leave now before anyone realizes the truth! We have to leave Colorado!

And a(-)n0ve1.com "I'll call my mother right now!

"You should pay for Olivia's bills now!

"You have to do it quickly!"

In fact, they had nothing left in Colorado!

Their house was rented, and there wasn't anything else in the room that they could take with them!

As long as they left, it would be the best outcome that she could wish for!

Chapter 109 Worrying About The Future

Seeing how his wife panicked, Oliver Walker felt his heart ache. He quickly grabbed his wife's wrist and said gently, "We don't have to go anywhere!"

"No one would be able to do anything to you!"

He wanted to tell the truth, but if he did, would his wife believe him?

Perhaps, it would have been better if he didn't say it. He could at least live a normal life now.

He didn't have to bother anyone, and he would be able to improve his family's life with his own efforts.

Emilia was still feeling worried as she said, "But once William Davis found out that this was a lie, he would be coming for us!"

She was born and raised in Colorado. If she could stay, why would she leave this place and start a new life in a new place?

She was only forced to do so!

Oliver Walker smiled as he said, "Don't worry. I'm here now. No one would be able to make things difficult for you."

"Plus, Olivia still has to go to school. If she leaves now, getting her into another school would be a problem.

"Would you want her to start preschool all over again?"

In fact, it wasn't even a difficult thing for him to change Olivia's school.

He could even send his daughter to one of the most prestigious schools, but he didn't think that it would be necessary.

He didn't want his daughter to be brought up like a flower in a greenhouse.

She would be able to shine wherever she went!

"I...."

Emilia frowned as her lips trembled, "What if..."

She had too much burden inside her!

Her head was a mess!

Oliver Walker smiled, "No matter how powerful they are, I am still a retired soldier.action

"Would they want to fight the country?"

Emilia kept quiet as she thought about it.

It was true that Oliver Walker was a retired soldier from the front lines. Even if the Davis were ruthless, they wouldn't be able to do anything to the hero who had just returned!

If the Davis really wanted to bully them, they could still take it.

As long as it didn't threaten her family's safety!

"Alright!"

Oliver Walker said gently, "I will get Olivia discharged, and we will be able to return home soon.

"For the past 8 years, your mother and you have suffered badly.

"Now that I've returned home, I will be responsible for it!"

He didn't want anything else now since he didn't need money. He had also fulfilled his duties to the country.

Now that the country was peaceful, he only wanted to compensate his family who had suffered because of him!

Emilia was stunned. She could clearly see that Oliver Walker was being sincere.

As she thought about it, this man hadn't been lying to her since the beginning.

Hendric Smith, who was an honorable guest, didn't have to hold a health talk in Colorado to gain fame!

The health talk was only done so that they could get Olivia treated!

'Ring~~'

As soon as Oliver Walker left the room, his phone rang!

He answered the call and asked, "Anything?"

They already transferred 10 thousand, and now, they would only have to wait for someone to accept it.

Once they know who it was, he would be able to explain everything!

By then, he would be truly accepted by his family!

But, unfortunately, no one had touched the money yet!

Oliver Walker didn't seem disappointed. He told his men, "Just wait. This person would not be able to run from us!"

After ending the call, he went to the reception.

Since Olivia didn't get the surgery done, about 80% of the 1 million paid for her treatment was returned.

Oliver didn't plan on keeping this. Instead, he would hand it to his wife.

They needed it to improve their family's condition!

After all, they had been suffering all these years!

Chapter 110 Master Or Mister?

When they were done with the discharge procedure, Oliver Walker and Emilia brought Olivia back home.

It would be accurate to say that they returned to the house that they rented.

...

Back at the hospital!

Jessica Wright Davis, who felt that something wasn't right, couldn't hold it in any longer as she asked, "Big brother, what happened?"

"Isn't he...isn't he just a useless man?"

"How did he suddenly become the master of the godly doctor?"

"Did you make a mistake?"

This entire thing was absurd. If she didn't clarify it, she wouldn't be able to sleep. The fact that they just kneeled on the ground in front of Emilia was something that badly embarrassed her!

"That's impossible. I heard it personally!"

William Davis, who felt as if he had just gotten his life back, quickly said with a pale look on his face, "We'll have to stay away from Emilia as far as possible, or else, we wouldn't even know how we ended up dead!"

Now that the 'Kiss of Judas' had been returned to Emilia, it meant that they still had a chance to survive.

He knew Emilia's personality very well.

Although it was a huge loss, they still managed to stay alive. Forget about crossing paths with them— even if he saw them, he would have to escape before they caught him.

It would be impossible for Emilia to forgive them for the things that they did in the past.

She only forcefully agreed because of their grandfather!

She said, "You heard?"

Jessica Wright Davis frowned as she was skeptical of what happened.

"Tell me how everything happened!"

She felt confused!

There must be a problem somewhere!

William Davis, who was still in shock, quickly told everything that happened so that his sister would believe him, and they would stay away from Emilia.

After hearing the story, Jessica Wright Davis felt speechless. Then, she asked, "Hendric Smith got rid of everyone who gave him a gift?"

William Davis quickly answered, "Yes!"

Jessica finally felt that everything became clear. Then, she had a vicious look on her face as she clenched her fist, "That's it! You've been tricked by that b\*tch!"

"Damn it!"

William Davis frowned as well, "What's wrong?"

He obviously wouldn't want it to be true, but without any evidence, how could he trust his sister?

"Big brother, think about it! Why would Hendric Smith hold a health talk here in Colorado? Why would he do so?"

"He doesn't need the money! He only wanted fame and a good reputation!"

"Why would he like any of the gifts that all of you have presented?"

Jessica Wright Davis slowly explained it to her brother, "The only mistake that we've made was the gifts. Emilia has got nothing to do with why you got kicked out of the auditorium!"

With that said, William Davis looked even more confused, "You might be right, but why would Leon Williams suddenly hit me?!"

There were still too many questions here. If he didn't get any answers, he would be worried sick.

The connections of the godly doctors were extensive. The Davis family couldn't afford to offend the godly doctor, so he had to be cautious with every move.

"This can be explained!"

Jessica Wright Davis's eyes shone brightly with hope as she said, "He has the spotlight of the society now. If anything were to happen at such an important event..."

action

"And Hendric Smith got angry, he would definitely look for the one who was most influential!"

With his sister's words, William Davis was getting convinced, "So, you're saying that Leon Williams only did so to protect himself?"

Oh my! As he thought about it, it all made sense!

The look in his eyes changed drastically over a few seconds!

He felt frightened in the beginning, and it turned into relief. Then, he was filled with rage, and he was feeling ashamed. All of these happened within a few sentences.

However, he had another question, "But...I heard how Hendric Smith was calling that idiot his 'master'. How do you explain that?"

That's right!

Even if the first few incidents could be explained, this was something that he heard! How could it be fake?

"How could you be so stupid for someone who's supposedly smart?!"

Jessica Davis felt speechless as she asked, "Are you sure that Hendric Smith called him 'master' instead of 'mister'?"

"Both of them sound similar, but they have different meanings!"
