Chapter 131 A Heated Oven

What was going on?

Was this a joke?!

The tycoon of Colorado was actually bowing down to a temporary worker who was sweeping the road.

No matter how stupid Leo was, he knew that this guy was pretending to be a nobody and had deliberately caused him to embarrass himself!

Leo was a petty man!

Did Oliver Walker need to make fun of him?

Leo was undoubtedly overestimating himself!

"Alright."

Oliver Walker nodded. "Stop following me now. I don't want you scaring my mother!"

Even if Leon Williams wasn't here, there wouldn't be any trouble but it would inevitably dirty his hands.

Although he didn't like unscrupulous merchants who were good at flattering others, he had to admit that he could get things done easily with his current identity.

"Uhhhhh....?"

Hearing this, Leo's face turned pale out of fear as he fell to the ground.

Mary Grimm was the only sanitation worker on Pearl Street. Didn't that mean ...

He was too afraid to even think.

No matter what, he didn't expect that a lowly peasant like Mary Grimm would have such a promising son.

How powerful would this person be if Leon Williams had to flatter him?

Such an abnormal re also made Oliver Walker frown!

Leon Williams, who was also good at reading people's expressions, instantly stepped forward and asked, "You'd better explain clearly what's going on!"

"Otherwise, I'll promise you that Colorado would be a living hell for you!"

Something must have happened. Otherwise, it would be impossible for Leo to have such a re.

Leo's mouth trembled. When Oliver Walker looked at him, he felt a bone-piercing chill running down his spine.

In addition, there were more than 30 bodyguards!

He had never encountered such a situation in his entire life!

He was so frightened that he kneeled on the ground with a loud thud and shouted with tears and snot, "This isn't related to ... It's none of my business!"

"It's ... It was George Johnson who made me do it!

"He... He gave me 1000 dollars and took all the garbage from yesterday that was stored in the garbage transfer station. Then, he scattered it all over the street!

"I ... I ... 'I ... I couldn't say no!!"

If only he had known that Mary Green had such a powerful background, he wouldn't have had the balls to accept a single cent, even if he had eaten the heart of a leopard!

But ...

But what could he do now?

He couldn't afford to offend Leon Williams but he couldn't afford to offend George Johnson as well!

Both of them were people who could easily crush him to death!

"Bastard!"

Leon Williams kicked Leo to the ground before asking cautiously, "Mr. Walker, how should we deal with this guy?"

"Deal with it as you should." Oliver Walker answered coldly.

"Let him feel the ruthlessness of the law!"

George Johnson didn't give up. He had intentionally thrown trash onto the street in order to torture his mother-in-law!

Men like him were really disgusting!

It was even more nauseating than the maggots in the toilet!

After saying that, he drove a Mercedes-Benz toward Pearl Street out of rage.

As for Leo, the vermin of society was only a formal worker and he accepted the bribery. How could he do that?

How could they allow people like him to continue to commit such crimes?

Leo's face turned pale. This...

Not only would he lose his job but he would also face jail time!

He regretted it!

However, there was no medicine for regret in this world!

A mistake was a mistake done. He could turn over a new leaf but he had to bear the consequences!

At The same time, back on Pearl Street!

"Huuuuu~"

It was almost noon and the weather was hot. Under the sun, Mary Grimm's face was full of sweat, and her skin was red as if it had been scalded by boiling water.

It was at least 35 degrees Celsius outside and the temperature on the road would only get higher.

The entire place felt like a heated oven and even the air they breathed was warm.

Wearing only a pair of cloth shoes that cost 10 dollars, caused the soles of her feet to burn. She looked at the refrigerator selling drinks on the side of the road. With her dry, white lips, she couldn't help but gulp.

Who wouldn't want to drink some ice water to cool themselves down in such weather?

But.....they couldn't afford it!

Chapter 132 Young Mistress Of Davis

George Johnson, who was sitting in his Toyota with the air conditioner on, saw this and smiled. "Buy all those drinks and some watermelon for our brothers."

He could tell that Mary Green wanted it so ...

Mike White immediately understood. He walked out of the car and shouted, "Boss, I'll take all the drinks in the fridge!"

"Also, prepare a bag of watermelon for each of us!

"You can just let me know how much it would be."

A large group of hooligans gathered together at the stall!

Mr Johnson was treating them to drinks.

It would be a waste if they didn't have them!

"Sure!"

The boss of the small stall was elated when he saw that there was a huge order. He quickly counted and smiled. "It's a total of 1238 dollars. Just give me 1200 for it."

Mike White took out thirteen hundred-dollar bills and sneered. "Who are you looking down on?"

"Mr. Johnson doesn't need that discount!

"You don't have to look down on us!

The shop owner was dumbfounded!

This was the first time he had seen such a forthright fool!

Mary Grimm shook her head with a bitter smile. Her monthly salary was only about 900 dollars

She used to be the young mistress of a wealthy family but now, she was so down and out that she could only look at the mineral water that cost 1 dollar. She couldn't even afford it!

Perhaps, this was life!

At the thought of how she still had work to do, she lowered his head and continued working.

Just as he was about to leave, Mike White and his men gathered around Mary Grimm and stopped her.

"You.....who are you?!"

Seeing how these men had bad intentions, Mary Grimm subconsciously grabbed her broom and defended herself.

But where could she hide?

"Old thing! Our boss wants to see you!

Mike White's lips curled into an evil smile. "You better behave yourself. After all, the weather is so hot and all of us here have a fiery temper. Don't force our brothers to start a fight.

"Otherwise, with your old bones, you might not be able to take a beating!"

The rest of his men laughed alongside.

As they sized up Mary Grimm, they would rub their fists from time to time.

"Your....your boss?"

Mary Grimm's brows furrowed and she stammered, "I.....Do I know him?"

She did not dare to cause trouble!

However, it was obvious that these men were the ones who were causing trouble!

Then, three of his men moved aside.

Vroom vroom vroom --

George Johnson's eyes flashed with ruthlessness. He stepped on the gas and suddenly accelerated.

"Ahhhhh!!!!"

Looking at the car that was coming at high speed, Mary Grimm's pupils instantly enlarged and she screamed in shock.

She wanted to run but there was nowhere she could go! She had no other choice but to remain at the same place!

Bang --

Suddenly, the front of the car suddenly hit the old tricycle before it came to a stop.

Mary Grim's face turned pale. She was so scared that her soul almost left her body!

The hand that was holding the broom trembled uncontrollably!

"Hahaha ..."

"I didn't expect this old thing to be so timid!"

"This is so funny!"

"She used to be the young mistress of a wealthy family. How precious would her life be? "

"Hahahahaha..."

Mike White and his underlings laughed so hard that they were starting to lose their breaths.

To put it bluntly, their boss was deliberately scaring Mary Green. Why would he kill her?

As for the car?

With George Johnson's financial resources, even if the frame fell apart, it wouldn't be a big loss.

On the other hand, Mary Green's tricycle belonged to the Ministry of Environmental Protection.

For someone who couldn't even bear to buy a bottle of ice water, having to pay a few hundred dollars was no different from taking her life.

When the window slowly rolled down, George Johnson said with a sinister smile, "Oh?

"Isn't this young mistress Davis?

"I've been disrespectful!"

Chapter 133 Cool Her Down

Mike White and the others couldn't stop laughing!

Mary Grim didn't know Mike White but she knew George Johnson!

Therefore, when she saw the person in the car, she subconsciously shouted, "What...what are you doing here?!"

She knew from a long time that George Johnson had taken a fancy to Emilia

Now that he was here, it was definitely not a coincidence. The other party had planned it.

She was afraid that the garbage on the road was also the work of the man in front of her.

"What's wrong?"

"It's me!" George Johnson sneered. "Are you surprised?"

He wanted to ruthlessly torture Mary Grim and make this old thing suffer unspeakable pain. Then, he would make Emilia kneel in front of him and beg for his forgiveness!

As the saying goes, be polite before resorting to force!

He was already being very polite!

Next ...

Hehe ...

"What do you want?!"

Mary Grim trembled as she said, "I ... I ... I'm just a street cleaner, why can't you just let me go?"

The man in front of her was definitely not a good man.

She knew this very well.

But, she had no idea what this man had in mind!

"There's no enmity between us, why can't I let you go?"

George Johnson said with a playful smile, "Don't think of me as such a bad person!"

"I just saw that you were staring at the freezer for a long time, so I bought all the drinks to show my love!"

Such a tone coupled with the dozen men standing around her...

Even if Mary Green was stupid, she wouldn't be stupid to this extent. She was afraid that she would not be able to escape a bad outcome today.

However, she still gulped and her expression changed slightly as she said "Thank ... Thank you ...

"But there's no need for that, I ... I still need to work."

She only wanted to escape from them.

After all, the guy in front of her definitely didn't have good intentions.

But, George Johnson probably wouldn't dare to go too far on the street.

The shop owners on the side of the street and a group of pedestrians were all watching.

Perhaps, they were her best protection!

"You old thing!

"You really don't want it when I'm giving it to you?!"

George Johnson, who was sitting in his car, sneered. "Brothers, cool this old thing down and let her clear her head!"

The onlookers were stunned at first!

Lower the temperature?

How would they cool her down?

Similarly, Mary Grimm couldn't react in time!

"Woohooo!!!!!"

"Yay!"

"..."

Then, Mike White and his men started shaking the Coke and Sprite bottles that he had just bought from the freezer!

It was a carbonated drink. So, after shaking it in this manner, it would cause the air pressure to expand!

Mary Grimm looked around cautiously and said in a panic, "What are you guys trying to do in broad daylight?"

"Let me go, I still have to work!"

If they couldn't finish it by today, they would have to work overtime.

If they didn't pass the inspection, they would lose their jobs!

To her, this was a huge blow that she could not bear!

"Open the lid!"

"Pfft ..."

"Tsk tsk tsk ..."

With Mike White's order, more than a dozen bottle caps have been opened at the same time.

The drink, which had expanded to its limit, flew more than three metres high without the cover of the bottle.

Then, all of the liquid landed on Mary Grimm!

In the blink of an eye, Mary Grimm's body was drenched in Sprite and Coke.

When her burning skin suddenly came into contact with the cold water, she started shivering instinctively!

It didn't do much damage....

But, it was extremely humiliating!

Mary Grimm finally understood that George Johnson was trying to humiliate her.

She used to be the young mistress of a wealthy family!

She could only endure such humiliation!

Mary Grimm allowed the bottles of drinks to flow from her to her feet.

Indeed, they cooled her down.

Her body temperature had really dropped!

But it was her heart that had turned cold.

There was also anger in his heart that was also growing and the grief and indignation seemed to break through the clouds!

"You old thing! Didn't you want to drink it?"

"Then drink to your heart's content!"

"Damn it! If you don't lick up all the drinks on the ground today, you'll be wasting food!"

"Get on your knees right now!"

"Hurry up and kneel!"

Chapter 134 The Accident

"..."

The men around Mary Grimm started laughing with joy!

Mike White stepped forward and kicked Mary Grimm to the ground. He cursed, "Mr. Johnson is treating you to ice water. That's his 'love' for you!

"Don't you dare reject my kindness!

Very quickly, the Cola and sprite were emptied!

Next up was Wang Laoji, mineral water, and all of the other drinks available.

"Ha!"

"Drunk Quickly!"

"Drink like a dog!"

"Lick the ground clean!"

"..."

The onlookers watched as bottles of low-temperature iced water were being poured on Mary Green!

"What a sin!"

"Sinful!"

Mary Green could endure hardships and grievances, but now ...

Her self-esteem couldn't handle being publicly humiliated. She slapped the ground and shouted in grief and anger, "Where's the justice of the world?!"

Mary Grimm used to be the young mistress of Davis!

She had not made any mistakes or committed any sins!

She even often did good deeds. Saving Oliver Walker's life was only one of them.

But now?

She couldn't even afford a bottle of water.

To think that these people would abuse her in such a way!

The grief and anger in her heart were like a flame, slowly rising!

But ...

What could she do?

She could not change anything!

Good people don't have good karma, while scoundrels live on for a thousand years!

At this moment, she even felt like dying ...

"Lick!"

"I'm asking you to do it!"

"Kneel on the ground and lick like a dog!"

Mike White pressed Mary Grimm's head with one hand and pressed it tightly to the ground. He roared angrily, "I thought you like saving people?!"

"Where is that good-for-nothing now?"

"Let him come and save you!"

Mike White's face was ferocious. He had been in Colorado for more than a decade. When had he been beaten so severely by an unknown rat?

He was f\*\*king happy that he finally got his revenge.

There was only despair in Mary Green's heart ...

Rely on Oliver Walker?

That would be a huge joke ...

George Johnson leaned back in his chair and didn't stop his men

This wasn't enough!

It was far from enough!

He wanted Mary Green to understand what kind of person he was!

He also wanted Emilia to know that no matter what, she could not escape from his grasp!

He smugged!

He was so proud of himself!

He lit up a cigarette and looked at the scene in front of him leisurely!

"Huhuhuhu...."

Mike White pressed Mary Grimm's face onto the ground.

She was still using all her strength to resist because this was the last bit of dignity she had as a human!

Then, Oliver Walker, driving a Mercedes-Benz, saw the familiar tricycle, the crowd, and the familiar Toyota!

He was utterly enraged!

His eyes turned scarlet red!

He turned the steering wheel and suddenly changed lanes from the middle of the road. He rushed through the green belt and crashed into the Toyota on the non-motorized street at full speed!

This group of bastards!

They were not worthy of being humans!

He actually bullied a woman in her fifties!

The woman that they were bullying was his mother-in-law!!!

Rebellious!

"What's going on?"

"How did the Mercedes-Benz go out of control?"

"Oh god! He's here!"

"Mr. Johnson, run!"

"..."

The group of hooligans and the onlookers quickly retreated while screaming in shock!

Looking at the Mercedes-Benz that was passing through the green belt and getting closer and closer, George Johnson's heart was in his throat!

"Ahhhhhh!!!!!"

George Johnson was dumbfounded. He screamed in horror when he noticed the car was coming for him!

Through the car window, it was not difficult to see that the person was Oliver Walker ...

Chapter 135 Good Child

"You're crazy!"

"Help...Somebody save me!!!"

He lost control of the car?!

How could that be possible?!

George Johnson knew that Oliver Walker was coming for him!

Bang --

Boom --

The flustered George Johnson had just unbuckled his seat belt and moved to the front passenger seat when the front of the Mercedes-Benz hit the side door of the driver's seat of the Toyota!

Fortunately, George Johnson got lucky. With how Oliver Walker had suddenly changed lanes and accelerated, the green belt reduced the impact and so the speed was only about 60 miles per hour.

But even so, the side door of the Toyota was still dented.

Even the front of the Mercedes-Benz was dented.

All the onlookers were dumbfounded!

This was considered an attempted murder, right?

"Mr. Johnson!"

"F \* ck!"

"Hurry up and save him!"

"..."

Mike White and the others recovered from the shock and rushed to the scene of the accident as fast as they could.

After all, this was his boss!

"Oliver Walker!"

Mary Grimm, who had lost her restraint, was covered in drinks and had wet mud on her face. She was stunned when she saw the man sitting in the Mercedes-Benz!

Not only her, even the onlookers were dumbfounded.

This man in a cleaner's uniform could actually ...

Afford a Mercedes-Benz?

And he even dared to risk his life like that earlier??

It was...

Quite unbelievable!

Under the scorching sun, it was so quiet that one could hear a pin drop!

Crack ... Crack ...

At the same time, Oliver Walker tore open the front windshield that had been shattered by the impact and climbed out of the car at a vigorous speed.

"Mother!"

He rushed forward without thinking much and helped his mother-in-law get on her feet. He spoke with a guilty tone, "This is all my fault!"

"If I had come earlier, these bastards wouldn't have been able to bully you!"

He was furious!

He was infuriated!

To put it bluntly, this collision was supposed to kill George Johnson!

He would also never forget the scene of how George Johnson framed her daughter at the school gate!

"Mother?"

"Who is he?"

"Does Mary Grimm have a son?"

"I know! He's the ungrateful son-in-law who screwed them over!"

"Him? Where did he get the Mercedes-Benz?"

The surrounding crowd of spectators discussed animatedly.

It was ridiculous!

They couldn't figure out what was happening!

All of their eyes almost popped out of their sockets as they stood rooted to the ground!

"You...what's wrong with you?!"

Mary Grimm's face was full of surprise and doubt. She had completely lost the ability to speak!

However, what made her most surprised and touched was that the ungrateful Oliver Walker would actually appear in front of her at times like this!

The collision was amazing!

"Mother, I'll explain it to you later!"

The anger in Oliver Walker's heart continued to rise but he was still being rational. He checked his mother-in-law's body to see if there were any possible injuries.

Oliver Walker wasn't an ungrateful man!

He has never been!

However, he had to first confirm what kind of injury his mother-in-law had suffered!

Fortunately, Mary Green didn't suffer any physical injuries but her self-esteem had been trampled on the ground and crushed!

She was so embarrassed and angry that she wanted to find a hole to hide in. "Child ... Child, my dear child, I ... I'm fine ..."

She said repeatedly!

She was crying on top of her lungs.....

Mary Grimm was about to collapse!

The more Oliver Walker heard, the angrier he became. The killing intent in his eyes also became more and more intense!

This bunch of idiots!

"Mr. Johnson!"

"How are you?"

"Do you want to go to the hospital first?"

"..."

Mike White dragged George Johnson out of the passenger seat of the Toyota and all of his men gathered around the car as well.

Chapter 136 How Would You Like To Be Killed?

If something happened to their boss, they wouldn't be able to escape the blame either!

Most importantly, this was the man who paid them!

George Johnson covered his head with his hands. Although he was lucky enough to escape, he felt dizzy. He only felt ...

His head being heavy and his feet being light. He grimaced in discomfort. "Get him.....and kill him!"

How dare he crash into his car?!

This man was asking for it!

More importantly, this good-for-nothing was constantly haunting him. Wasn't he following that b\*tch, Emilia?

How did he get here?!

"Motherf\*cker!"

Mike White shouted, "Brothers, take out your weapons!"

In any case, he was also a respected figure in the black market.

However, during their last encounter, he was actually thrown down the stairs by Oliver Walker. He then roared, "Damn it! I'll settle all of our grudges today! Both the old and new ones "

"Let's go!"

The next moment, there was a large group of men with baseball bats in their hands running toward Oliver Walker.

"Kill him!"

"..."

The surrounding crowd was already used to it!

After all ...

George Johnson's men were gangsters!

Fighting was their job!

Moreover, just by looking at their auras, all of them had ferocious expressions. Some of them were afraid and had already retreated to the side.

Although Oliver Walker was driving a Mercedes-Benz, it did not change the fact that he was wearing an orange sanitation worker's uniform!

They really had no idea where this man got such a nice car!

But, no matter what, this man was in big trouble.

"Child....be careful!"

When Mary Grimm saw the punks rushing toward her, she immediately shouted.

After hearing that this group of people had treated his mother-in-law so rudely, Oliver Walker became even more furious. He immediately said, "You should rest for a while. I will make these brats pay for what they've done!"

His eyes were cold as he stood up and looked at the hooligans who were charging at him with contempt and disdain.

"You're f\*cking done for today!"

Mike White led the group of men as he dragged his baseball bat on the asphalt road, making a clanging sound. "I was too careless the last time. You won't be so lucky this time!"

"Take this!"

As soon as he finished speaking, the ferocious-looking Mike White raised the baseball bat high and smashed it down on Oliver Walker's head!

Mary Grimm's heart was in her throat.

If Oliver Walker gets hit by the stick, wouldn't his head be smashed?

She didn't dare to look and quickly closed her eyes!

"Ahhhhhh!!!!!"

Thump thump --

In the next moment, a miserable shriek reverberated through the entire street!

But, it wasn't Oliver Walker who screamed. It was Mike White who looked ferocious.

In particular, Oliver Walker's speed was so fast that none of the onlookers saw what happened clearly. He just grabbed Mike White's hair with one hand, shook his arm and Mike White's face was stuck on the ground.

The movement from that hit was quite hard. Just by looking at it, one could know that it was painful.

"Didn't you like drinking these?"

"Then today, you shall drink till your heart's content!"

Oliver Walker roared in anger and stepped on the back of Mike White's head.

Mike White's face was right in front of the drink that was mixed with mud and garbage.

"Wuwuwu ..."

Mike White struggled with all his might, but ...

How was he a match for Oliver Walker?

"Revenge for brother Mike White!"

"Kill him!"

"..."

In the blink of an eye, the group of hooligans also rushed forward with fierce eyes and baseball bats!

"Ahhhhh!!!!!"

"Oh my!!"

Boom Boom --

"..."

However, in less than ten seconds, all the punks who had rushed forward were all knocked down to the ground.

All of them were all lying face-down with their heads stuck in a mixture of all kinds of drinks and dirt!

"F\*ck!"

"How did he do that?"

"I didn't see it clearly!"

"I didn't see clearly either!"

"..."

Even though it was under the scorching sun, the onlookers and the row of shop owners all looked as if they had seen a ghost and their bodies turned cold.

Everything happened very quickly. Before they could react, Mike White and the others were put on the ground.

This ...

At the same time, Oliver Walker's cold eyes fell on the culprit. "How would you like to be killed?"

Chapter 137 What Were They Afraid Of

Previously, he didn't lay a hand on George Johnson because he thought that Emilia had feelings for this man.

But now, Oliver Walker realized that his wife's love for him had never changed.

It was just that they were no longer on the same level and so his wife found it difficult to accept his words and s.

However, this shouldn't be a problem. The important thing was that he was still in his wife's heart!

As for his values, he wasn't someone who liked to show off and was willing to let go of everything to make up for it.

He wanted his wife to gradually accept that with his current status, they no longer needed to worry about money and would not be bullied by anyone.

They could finally live a peaceful life!

"You... Don't mess around!"

George Johnson sat on the ground with his pale face. "You stole the car, didn't you?!"

"You f\*cking cleaner, how dare you offend me ..."

However, before he could finish his sentence, Oliver Walker was already walking toward George Johnson.

The onlookers all held their breath.

What was this man trying to do?

Did he really dare to lay his hands on George Johnson?

"You... Stop right there!"

"I'm warning you one last time. Stay right there!"

George Johnson trembled in fear as he watched Oliver Walker getting closer and closer. George Johnson could feel the pressuring aura coming from Oliver Walker.

His forehead was covered with cold sweat!

This lunatic dared to hit William Davis so he definitely wouldn't be an exception.

Perhaps, if an epilepsy acted up, George Johnson would end up being killed by this lunatic!

Oliver Walker completely ignored him and continued walking.

With every step he took, his aura would increase explosively!

Seeing that the situation wasn't right, Mary Grimm rushed over and shouted, "Child, please do not act impulsively!"

"I ... I ... I'm fine, aren't I?"

George Johnson took advantage of this opportunity to take out his phone and called for backup.

He also clearly understood that it was impossible to outrun this lunatic.

Therefore, he could only hope that Mary Grimm could hold back this lunatic!

As long as he had his men, he didn't have to be afraid of Oliver Walker.

"Mother!"

Oliver Walker turned around and held Mary Grimm's hands which were full of calluses. He smiled and said, "It's alright. I promised you that I wouldn't let anyone bully you again!"

He really liked the term 'child'!

This was because he had been adopted by his master when he was young but his master always called him a brat.

No matter how brilliant he was, Mary Grimm, who had given him a second life, would always make him feel closer to her by calling him 'child'.

Well, this also meant that at least everything he had done until now had cleared up his mother-in-law's misunderstanding of him.

This made him feel excited!

"But ..."

Mary Grimm frowned and said with fear, "He's the chairman of Blue Ocean Entertainment!"

"We..."

"We can't afford to offend him!"

Did she really hate Oliver Walker?

She didn't!

From the moment Oliver Walker drove his car recklessly and crashed into George Johnson, she knew that this child was a good man with respect and loyalty.

She was so angry only because she got bullied!

After all, she was no longer the young mistress of Davis. There was nothing worth it for Oliver Walker to risk his life to deceive her.

What was she afraid of?

George Johnson's status was like a mountain to their family!

If he decides to avenge them, their days will be over.

"You're right, old b\*tch!"

"I will never let this go!"

George Johnson screamed in fear and tried to boost his courage, "As for you, trash! I'll definitely kill you!"

No one would think that George Johnson was bragging!

With what he could do, forcing Emilia to end her life was more than enough.

Mary Grimm, who was already terrified, started frowning after hearing what he said.

This was a huge problem!

"Mother!

"You heard it too. He won't let us off anyway!

"Why don't you let me kill him first?!"

With a gentle smile, Oliver Walker let go of his mother-in-law's hand that was holding his arm and took another step forward!

Ten meters!

Eight meters!

...

Five meters!

Chapter 138 Lick Like A Dog

The entire place turned and Oliver Walker's rhythmic steps were the only sound heard.

With every step he took, George Johnson could feel the temperature drop by a fr!

When the distance between them was less than three meters, George Johnson, who was sitting on the ground, felt so scared that he retreated with all four limbs.

He finally realised that he shouldn't have provoked this lunatic.

He should admit defeat for the time being and then take revenge!

But now ...

For the sake of dignity, he got a little carried away!

However, in a situation of excessive fear, a self-protection mechanism would be triggered subconsciously. This was why he started screaming, "I've already gathered my brothers. They'll be here soon!

"If you don't want that old thing, your wife, and your child to die because of you ..."

However, he did not get to finish his sentence!

Oliver Walker had already entered a state of fury. He picked up George Johnson's tie as if he was picking up a chicken!

"AHHHHHH!!!!"

"Let go of me now! Hurry up!"

"Ahhhhh!!!"

Boom --

George Johnson, who weighed more than 140 pounds, screamed in fear after his body was lifted off the ground. Then, he was thrown out at the next minute.

He ended up on the wet road in a terrible state!

He even landed on his face first!

This caused him to lose two teeth!

The bridge of his nose was broken as well!

"Ahhhhh!!!"

A shrill scream reverberated through the entire area, causing all the onlookers to take a step back subconsciously!

This man was truly a lunatic!

George Johnson was the boss of Blue Ocean Entertainment!

He had more than a hundred men working for him!

It could be said that in Colorado, George Johnson was someone who could do whatever he wanted!

In the end...

He was punished like this?

Why did this man in a cleaner's uniform dare to act so recklessly?

Was it because a newborn calf has no idea what a tiger is?

Or was it because Oliver Walker already had nothing and he wasn't afraid of losing anything?

No matter what it was, this courage was not something that anyone could have!

Mary Grimm was stunned!

It was unbelievable that Oliver Walker had done such things!

She couldn't begin to imagine what kind of disaster her family would face next!

"I hate being threatened!

"Especially when it's my family being threatened!"

Oliver Walker's aura changed. He became domineering and his expression was as cold as ice. "Didn't you call for backup?"

"Then I'll let you die with a cause today.

"But before that, if you don't lick the ground dry, I'll break your bones one every minute!"

How dare this man bully his mother-in-law?

And even threatened his wife?!

The most outrageous thing was that he had tried to kill his daughter in front of the school gate that day!

It was unforgivable!

Oliver Walker will not be accepting any apology from this bastard!

"Bullshit!

"I won't do it even if you kill me ..."

George Johnson roared with a red face but because of how he had lost two front teeth, he couldn't speak clearly!

Crack ... Crack ...

Then, Oliver Walker's foot landed on George Johnson's palm and with a light twist, there was a loud crisp sound of bones being cracked!

"Ahhhhhh!!!!"

George Johnson's eyes widened as he could feel the intense pain!

His hideous looking face was enough to show how much pain he was suffering from!

That painful cry sent chills down the spines of the onlookers.

Initially, the onlookers thought that Oliver Walker was just threatening George Johnson but now, it seemed that he wasn't!

"Are you going to lick it?"

Oliver Walker's voice didn't sound angry but it was imposing and the cold air pierced into the soul!

Crack ... Crack ...

"AHHHHHHH!!!!!"

"I'll lick it!"

George Johnson couldn't bear the pain and so he quickly admitted defeat.

Under everyone's watchful eyes, he actually stuck out his tongue and knelt on the ground like a dog, licking the drink that had not dried up on the ground ...

Chapter 139 Backup Has Arrived

"He.....isn't he afraid of death?"

"This lunatic!"

"Don't ... Don't mess with him, stay away!"

"..."

Even the onlookers couldn't help but gulp forcefully!

It was too terrifying!

However, there was no change in Oliver Walker's expression!

He was only messing with these hooligans and he was only taking it as if he was teaching these brats a lesson.

However, Mary Grimm didn't think so. She looked anxious and said in a low voice, "Child, I ... I know you're doing this for me ...

"But ... But you're committing a crime!"

She couldn't imagine how serious the consequences would be!

It was just that she was feeling confused!

"Mother!

"I will cherish the opportunity you gave me!" Oliver Walker replied with a smile.

"I just want to be recognized by my family and use the rest of my life to protect all of you. I will not allow anyone to hurt you ever again!"

As humans, you should ever owe others but the most important one was favours. You should never owe others a favour!

Especially to people who valued relationships and loyalty!

How could he remain calm when he saw his mother-in-law being bullied like that?

The grace of saving his life should be repaid with a lifetime!

Although she was his mother-in-law, he still treated her as if she was his biological mother!

"I..."

Mary Grimm's eyes dodged Oliver Walker's sincere eyes and she stammered, "I...I ... Then, don't you hate me?"

She had always thought of Oliver Walker as an ungrateful person!

That's why she has never been kind to him since the moment he returned.

But...

Oliver Walker returned their evil with kindness and was standing up for her when she got bullied.

It would be a lie to say that she wasn't touched.

But more than that, she felt guilty!

She could also imagine how terrible it would be for a loyal man to be misunderstood as a villain!

"You're my mother. You're always right!"

Oliver Walker talked and laughed, completely ignoring the people struggling on the ground and the onlookers in the street!

This battle was for his family!

It was also to tell the people of Colorado that he had returned!

Whoever dared to bully his family would have to endure endless revenge!

Vroom vroom vroom --

Suddenly, there was the sound of a motor engine coming toward them!

Everyone looked over and saw vans speeding towards them!

"This..... They are George Johnson's men!"

"What was this crazy guy thinking?"

"He isn't even running away. He's just standing there and waiting for his death?"

"..."

The people around them started discussing it as well.

In fact, after hearing the conversation between Oliver Walker and Mary Grimm, they didn't think of Oliver Walker as a hateful person.

They were all humans. Was there anything that they wouldn't do if they were forced too?

Especially George Johnson, who was a little Overlord in Colorado. The fact that he got punished this time did make some of them feel happy.

But... was there anyone who dared to show it?

Clang ... Clang ...

"Let's go!!!"

The next moment, the vans stopped beside the street!

"Mr. Johnson is injured!"

"F\*ck! Brother Mike!"

"..."

The moment the car door opened, hundreds of men rushed out of the car with knives in their hands!

They quickly helped George Johnson up and protected him in the centre!

The formation instantly made the scene look intense.

Mary Grimm's thin and weak body was trembling. After all, the other party had the advantage in numbers!

"Pfft -- "

At the same time, George Johnson, who had just wiped the blood from the corner of his mouth, bent over and vomited like crazy!

The garbage on the ground was all dragged out from the garbage transfer station.

After fermenting the entire night, the rotten smell was unbearable.

As it was mixed with all kinds of sweet drinks, it was like the pungent smell of smelly socks and instant noodles in the dormitory!

No!

This was wrong!

Chapter 140 Soldier's March

It was a thousand times worse than that!

"Ekkkkk-- "

George Johnson gritted his teeth and endured the pain of his broken bones. His eyes were red as he roared, "You're just a cleaner and you dare lay your hands on me? I'll kill you ..."

However, the intense pain caused his voice to become softer and softer, "What are you doing? Standing still?"

"Go!"

He really didn't want to say much.

In fact, it was also because of the heart-wrenching pain that he couldn't continue. If he wasn't supported by someone else, he wouldn't even be able to stand!

"Get him!!!!"

"..."

Suddenly, all kinds of vulgarities and curses came out of the mouths of the men.

These men were already part of a gang, what qualities or manners would they have?

If vulgarities could kill a man, then these hooligans would be invincible.

Unfortunately, in this world, the fist always has the power!

"It's over! That kid is gone!"

"If you don't have the abilities and yet want to make a scene, this is the end result!"

"What's he doing with George Johnson?"

"..."

The onlookers thought that they would be seeing blood soon!

Some of them sighed with regret but most of them were just making sarcastic remarks!

"Child, run quickly! Don't worry about me!"

Although Mary Grim was afraid, she still stepped forward. "I ... I ... I'm a bag of old bones, so if I die, I'll die ..."

"You're still young!"

The knots that she had in her hearts have been untied.

Even while facing hundreds of hooligans with knives, she still mustered up her courage and took a step forward!

She wanted to buy time for Oliver Walker so that he could run!

After all, she was the cause of the entire incident. She would not be able to live with it in her heart if she let Oliver Walker bear the consequences for it.

Moreover, with such a son-in-law, even if she was beaten to death, she did not have to worry about her daughter's future.

"They're just a motley crew!"

"Mother, please take a seat at the back!"

Oliver Walker was calm and collected. His expression was as calm as an ancient well.

Since when did he have to be treated as an opponent by this group of ruffians?

It was a joke!

"How arrogant!"

"Kill him!"

"..."

Hundreds of men were brandishing their weapons and charging forward with rage!

Those who dared to ignore them would have to pay a painful price!

They were all from the black market, who would they be afraid of?

The onlookers retreated again. It wouldn't be smart getting caught in the crossfire.

Some of the more cowardly ones chose to leave!

There was no need to watch such a bloody show!

Bang --

"I'll shoot anyone who dares to take another step forward!"

Suddenly, there was a gunshot and a rough loud that made everyone dumbfounded!

The onlookers all turned their heads to look!

The group of men also stopped in their tracks!

Once there were guns involved, it would become a major issue!

The people who had arrived were none other than Emilia and Andy Cooper!

There were more than 30 people in military uniforms following behind them!

This scene shocked everyone! Especially the gangsters!

Their eyes were about to pop out. It was as if time had stopped, making them forget to put down the knives and sticks in their hands. They just stood in the middle of the road and looked on foolishly!

"Mum!"

Emilia jogged over. After seeing her mother's wet clothes and Oliver Walker beside her, how could she not understand what was going on?

"Mum,.....are you alright?!"

It was fine that George Johnson wanted to torture her!

But, he brought so many people to bully her mother. How despicable!

"I ... I ... I'm fine!"

Mary Grimm shook her head and asked in confusion, "What are you doing here?"

"Who are they?"

Who were these soldiers?

She was curious!

Even the onlookers were stunned!

The group of men who were holding their knives and sticks high were even more curious. When they saw that there were more than 30 soldiers, they turned speechless.
