Chapter 181 The Twisted Mind of Alison Carter

The corners of Emilia's mouth twitched slightly. She wanted to say something but in the end, she laughed.

It was like playing the zither against a cow to talk to a villain who took others' kindness as stupidity.

Perhaps she had done a lot of stupid things because of her kindness but she should have done a lot of righteous things as well.

Don't allow it even if it was just a little evil. Don't hesitate to help even if it's just a small good deed.

Even if 99 out of 100 people were villains, there would at least be one person who really needed help, right?

"Say something!

"Why aren't you talking?"

With a pointy mouth and monkey-like cheeks, Alison Carter shouted, "Weren't you very well off in the past?"

"Now that you've been thrown to such a miserable state, you still want to act cold and aloof in front of me?"

She was going to continue pushing Emilia to the edge! She wanted to see Emilia suffer!

It would be best if Emilia became depressed.

However, she was wrong. The quality and temperament of a young lady from a rich family could never be compared to that of a nouveau riche.

No matter how bitter and tiring it was, has Emilia ever cursed anyone for it?

That kind of character was imprinted in her bones!

"A shameless person is invincible!"

"You're ugly and you have the nerve to say such ugly things!" Oliver Walker sneered.

No one could bear to listen to those traumatising words.

If it was a normal human being, they would never allow others to bring up such things about their past.

But, Alison Carter?

She wasn't ashamed of it and instead, she felt proud of herself.

How could she still be considered humane if she felt smug of how she was able to deceive Lady Davis?

"This woman is evil!"

"It's rare to see a human who could still be so arrogant after cheating others of their money!"

"You're so shameless!"

"..."

The onlookers only felt that Alison Carter was a lunatic!

She was so shameless that the others ran out of words to criticise her.

Alison Carter had thought that the onlookers would follow her and mock Emilia's stupidity but she did not expect to cause a whole storm that turned against her!

She had neglected one point!

Even though Emilia had been kicked to the curb, she still had a good reputation among the upper-class society of Colorado.

Plus, it was also because of how heartless and evil she was that offended many people.

However, not everyone was her enemy.

It was human nature to talk about Emilia's past glory after a topic by the dining table and sometimes it wasn't a mockery.

So, no one felt that it was Emilia's fault in this matter.

Even if it was, it was just that she shouldn't have been so generous. This was a real-life version of the story of the farmer and the snake!

"Forget it!"

Oliver Walker smiled. "It's not easy for us to be here. Let's not be affected by this kind of person. Come. Let's buy some clothes and leave."

"Alright!" Emilia nodded.

She had nothing else to say. She would not regret what she had done in the past!

When has karma ever spared anyone?

She didn't think that she was in a terrible situation.

Those who are content would always be happy.

"You!"

Alison Carter, who had originally wanted to mock Emily, ended up being mocked by others. Her face turned red and she looked flustered.

But, when she looked at Oliver Walker and Emily, not only were they not angry at her, they ignored her!

How could she endure this?

She stomped her feet on the spot, gritted her teeth, and rushed forward. She blocked the way rudely and said, "You're buying clothes, right?"

"I'll buy some as well!"

Alison Carter pointed at the luxury women's clothing store next to them and shouted, "Do you dare to come in with me?"

The reason she chose this shop was because it was expensive!

Any random piece of clothing in there cost tens of thousands. To put it bluntly, she was trying to embarrass Emilia!

She just wanted to prove that she was living a good life now. She wanted to prove that she could now afford the clothes that Emilia could casually buy in the past.

But now....Emilia was the one who couldn't afford it.

That twisted mentality of wanting revenge made her completely lose her mind!

Looking at the overbearing Alison Carter, a trace of anger appeared in Emilia's beautiful eyes. "Why should I compete with you?"

The human heart was unfathomable!

She really didn't expect that the person who used to follow her around and said that they were best friends would turn out this way.

Chapter 182 Gucci Gang

To put it bluntly, it was because she was in dire straits!

"Hmph!"

With her arms crossed, Alison Carter sneered, "You don't want to compete with me, or you don't dare to?"

Right now, she just wanted to see Emilia feeling despair.

Even though Emilia was indeed angry, she didn't feel inferior at all!

It was also because of this that Alison was determined to continue provoking them!

"Are you done with it or not?"

Unable to bear it any longer, Emilia berated, "I can't beat you. Are you satisfied now?"

She had never thought that she would meet such a lunatic one day!

Then, she turned around and left!

She really didn't know how this sentence could satisfy the twisted and dark heart of Alison Carter.

"Hahaha ...

"You've finally admitted that you're inferior to me!

"Back then, you forced me to study, didn't you do it with a high and mighty attitude?"

"What's the use of studying?"

"Do you have a job now?!"

"After I graduate from college, I don't have to do anything. A piece of clothing that I own would be enough to cover your expenses for a year!" Alison Carter continued shouting with a sinister smile.

She was satisfied!

This was because the young miss of Davis, whom she had once regarded as unattainable, had personally admitted that she was inferior to her.

Alison Carter just wanted to prove that she was outstanding!

She wanted Emilia to admit that it was a mistake by forcing her to study!

Studying could change a man's fate?

My ass!

Being good-looking, living exquisitely, and finding a rich husband was the correct way to do so!

Emilia was truly infuriated and her chest heaved up and down.

Her mood had been completely ruined.

Just as they were about to reach the Gucci store, Oliver Walker suddenly said, "Let's go in and take a look!"

Emilia thought that she had heard him wrongly but when she noticed that Oliver Walker had stopped, she frowned and said softly, "Are you crazy?"

"Do you know how expensive the clothes inside are?"

Gucci and Dior were two world-class luxury women's clothing brands!

Was this something they could afford?

Knowing that he would be laughed at if he went in, why would he want to humiliate himself?

Oliver Walker answered gently. "You only deserve the best."

His wife didn't need expensive clothes to compliment her beauty.

But, he was sure that if she changed into something nicer, his wife would definitely be more beautiful.

Plus, before he joined the Army, it was very common for his wife to come to such a place to shop.

Now that he had returned, even if he wasn't someone extravagant and wasteful, he did not want to lower his wife's previous standards of living.

Emilia's beautiful eyes blinked in shock. "Just because of what Alison Carter said, you're going to do this?"

"Can we live a more realistic life and not be so hypocritical?"

From her point of view, Oliver Walker wanted to enter the Gucci store because of the provoking words of Alison Carter.

He wanted to prove that Emilia was doing well.

But in reality, they knew the truth. Why should they succumb to such acts?

Besides, how could she be qualified to compare herself with Alison Carter now?

If she went in, then what was the difference between her and the vain Alison Carter?

"Just assume that it is!"

"I don't want you to suffer anymore!" Oliver Walker said with a smile.

Hundred thousand or a million?

Did he ever care about money?

A woman like Alison Carter was not worthy of his anger.

Even if this had not happened, he had no intention of bringing his wife to those normal street stores.

"You ..."

Emilia pursed her red lips and looked at the gorgeous clothes inside but in the end, she resisted and said, "I don't need it!"

There was a reason why these clothes were branded.

Those dresses with beautiful designs revealed a noble magnificence everywhere. Were there any women who wouldn't fall for its beauty?

But, she had not lost her mind!

"You will have to listen to me this time!"

Oliver Walker had a smile on his face but it was filled with a domineering aura. Without waiting for his wife to object, he held her hand and walked into the Gucci store...

Chapter 183 I Didn't Agree To This

"You..."

Emilia's pretty face looked as if she had been caught off guard. Before she could say anything, she was already dragged into the Gucci store.

Her heart was filled with rage.

But she endured it.

After eight years of not seeing each other, their views and values changed dramatically.

However, when she thought about it carefully, in the past four days that Oliver Walker had returned, he had accommodated her in every way. Even if he was wronged, he had never shown the slightest dissatisfaction.

On the contrary, her arrogance made this man swallow his pride.

Now that they were outside, her husband would be embarrassed if she were to make a scene.

Therefore, she kept telling herself that no matter how ridiculous it was, she had to endure it.

What was important in a marriage?

It was tolerance!

It was mutual understanding!

Although they were now like two parallel lines that would never intersect, they shouldn't just let one person be tolerant since they would spend the rest of their lives together!

When Alison Carter saw Emilia and Oliver Walker entering the Gucci Store together, she felt pissed.

"Go on! Continue with the act!"

"I'll watch how you put on such an act!"

"I'd like to see if you can afford it!"

Alison Carter gritted her teeth and followed them.

Emilia had just embarrassed her, and she wanted to see Emilia make a fool of herself!

As for Oliver Walker?

He was just a pretty boy. There was no need to care about him!

She had never thought that even though she had been the one provoking her all this time, Emilia had never taken it to heart!

"Em....Emilia!"

When the salesgirl saw the person who it was, she subconsciously called her name.

It was also because of this that caused Emilia lowered her head immediately.

Her reputation in Colorado was great in the past.

From the upper-class aristocrats to the lower-class commoners, was there anyone who didn't know her?

She had to muster up her courage to go shopping!

Oliver Walker's face darkened, and his voice was cold. "Are we not allowed here?"

It was not an issue for the others to call them by his name.

After all, he had never cared about social status. However, the salesperson's tone and expression clearly showed that she was shocked, along with a slight contempt.

It was obvious that they didn't believe that Emilia would appear here and that she was here to buy clothes!

"Yes ... I'm sorry!"

After the salesgirl came to her senses, she quickly said apologetically, "Ms. Davis, I've lost my composure. I'm very sorry!"

After being criticized, she realized something was wrong with her tone earlier.

She was just a sales assistant. Perhaps Emilia has fallen from the throne, but at least she was once in the limelight.

The main purpose of their store was to earn money.

Regardless of whether the person in front of her could afford it, as a salesperson, she should not show such an attitude.

This apology also caused Emilia to heave a sigh of relief.

It seemed that the world was not as bad as she had thought!

At least someone was willing to apologize to her for being rude when they recognized her.

"It's alright!"

Emilia smiled sweetly, and her every move was with the temperament of a lady from a wealthy family. "I just came in to take a look. You can continue with what you were doing earlier."

She didn't want to hold anyone up. These clothes were easily worth tens of thousands, even something simple cost tens of thousands.

The newest designs would cost even more.

Buy them?

How could she afford them?!

She was only doing what Oliver Walker wanted!

He was just trying to piss off Alison Carter!

"Of course!"

Feel free to take a look!" The salesgirl smiled politely.

Although there were a lot of bloodstains on Emilia's clothes, she couldn't say it out loud. After all ...

She believed that with Emilia's character, she would definitely not intentionally dirty these new clothes!

"I didn't agree to this!"

However, at that moment, a sharp voice came from the entrance.

Chapter 184 Another Vicious Idea

Emilia didn't even need to turn her head to know that it was Alison Carter who had followed her in!

This result was within Oliver Walker's expectations. So, he was not surprised!

The salesgirl, Mary, quickly came forward and greeted her warmly, " Miss Carter, you're here! These are the newest designs available. Do you need me to introduce them to you?"

She knew Alison Carter. This woman had shopped here once.

Plus, she had an ambiguous relationship with Freddy Martin.

To put it bluntly, Alison Carter was a mistress!

Freddy Martin worked for the Davis and had a net worth of tens of millions, so Mary naturally didn't dare to offend the person in front of her.

"Hmph!"

Alison Carter rolled his eyes and said arrogantly, "There's a woman in this shop who is ruining the aesthetics. How do you expect me to be in the mood to shop?"

"Open your eyes and look carefully. They're covered in blood. I want to vomit by just looking at them!"

Emilia's expression changed slightly and she no longer wanted to continue her powerless argument!

After all, it was useless to say anything!

The sales girl's face looked anxious as she said, "But ... But she's a guest, I ..."

Even though she also felt that it was rather abrupt for Emilia to appear in such a place...

She couldn't just directly ask them to leave, right?

If their boss knew about this, she would be fired!

“A guest?”

“What kind of guest is she?”

“She’s here to make sure of the free air conditioner. Can she afford the clothes here?!”

Alison Carter rebuked unreasonably, “If you don’t get them out of here, I’ll call your boss immediately!”

As she spoke, she pretended to take out her phone!

Mary’s expression turned awful. For a moment, she didn’t know how to deal with it.

After all, she was only a salesperson!

“Let’s go!”

Emilia said in a low voice. She didn’t want to make things difficult for anyone else and she didn’t want to have any more contact with Alison Carter.

“Aren’t we here to buy clothes?” Oliver Walker frowned as he asked.

He didn’t want to leave!

He really wanted to buy clothes for his wife. If he didn’t get to buy them because of Alison Carter, he would feel guilty of it.

“Let’s go!”

Before Emilia entered the store, she was already filled with anger. Even though she was trying her best to hold it in, it was inevitable that her emotions would be a little tense.

She knew that Oliver Walker had a million dollars in his hands but they only had that much. They didn't have to nor were they qualified to spend it in such a place!

This was because her current status wasn't worth it!

"Hahahahaha!!!

"Trying to put up such an act when I'm around?"

"Aren't you asking to be humiliated?"

Alison Carter picked up a white feather dress and a sinister look suddenly flashed in her eyes.

It was a satisfying thing for her to get rid of Emilia now!

But....

It wasn't enough!

Therefore, when Emilia walked past her, a sinister smile appeared on Alison's face. She intentionally picked up that exquisite white dress and knocked it against Emilia's blood-stained clothes.

Then, she shouted loudly, "Oh my god! Look at this! There's blood on this shirt! How am I supposed to buy it?!"

Emilia's expression turned cold. She had thought that Alison Carter only wanted to say something to please her own vanity but she did not expect Alison to be so vicious!

It was a new piece of clothing and it was placed in the most eye-catching position. It was obviously the newest design of the season.

According to Gucci's standards, the price was definitely more than ten thousand dollars!

By doing this, it was obvious that Alison wanted Emilia to pay for it!

In an instant, the anger that had been suppressed for a long time was like a volcano that was about to erupt.

Emilia felt like she was going crazy!

"This ..."

"I ..."

The salesperson, Mary, was also on the verge of tears. What should she do now?

If Emilia didn't buy it, with Alison's ruthless personality, she would definitely publicise it.

By then, she would not be able to sell this piece of clothing!

Mary's salary was low, how could she afford to pay for it?

She's done for!

At this moment, Mary was completely disheartened. Her face was pale and anxious ...

Chapter 185 A Clown's Performance

“Why are you still stammering here?!”

Alison Carter’s attitude was very unyielding. “I told you to chase them out just now. Why are you acting pitiful now?”

She did it on purpose!

It was obvious that Alison Carter was making things difficult for them!

A mere salesgirl dared to refute her. Did she really think that Alison Carter did not care about her reputation?

“Miss Carter, I...”

“Huhuhuhu.....”

Mary cried out of fear, and she felt wronged.

She could tell that Alison Carter had done it on purpose, but what could she do?

She didn’t dare say a single thing.

After seeing the salesgirl cry, Alison Carter said sourly, “You were once the young miss of Davis, so you should have some money in your bank, right?”

“It can’t be that you can’t even afford a piece of clothing that costs more than a hundred thousand Yuan and make things difficult for the salesgirl, right?”

A scorching flame burst forth from Emilia’s beautiful eyes!

She had never expected that the person in front of her would be so ruthless!

Moreover, the one who was making things difficult for the salesperson was clearly Alison Carter, but Alison pushed the blame on her!

“We’ll buy this piece of clothing!” Oliver Walker spoke in a deep voice.

Mary was stunned when she heard that!

It was as if she had heard a voice from heaven!

He’s buying it?!

Then, she wouldn’t have to pay for it!

“Oh?”

“Why are you pretending to be rich?” Alison Carter said coldly.

“You’re going to buy it?”

“Do it then if you have the ability to!”

Would she believe that a pretty boy who had disappeared for eight years could come up with more than a hundred thousand?

Even if he did, would he be willing to spend more than a hundred thousand dollars on this piece of clothing?

This was such a joke!

“I didn’t want to argue with you, but don’t think too highly of yourself!”

“So shut your stinky mouth!” Oliver Walker warned her with a scornful smile.

He couldn’t hold it in anymore. His wife had been too kind and suffered a lot in the past few years. When it came to these issues, he wanted to deal with them coldly.

But it was useless!

The more you tolerate a despicable person like Alison Carter, the more she will think you are incompetent.

To sum it up, Alison Carter would take advantage of the situation.

“You’re telling me to get lost?”

“F\*ck you!” Alison Carter shouted angrily. She took out her phone and said, “I’ll call the boss now. She’s my best friend!

“Let’s see what you’ll be able to do with it!

“Hmph!”

As soon as she finished speaking, the phone call was already made!

Mary was already out of her wits, standing there with her mouth agape.

Her face was pale, and her heart sank. She knew that she was going to suffer.

The lightest punishment was to be fired, and the heaviest punishment was to sell everything she had to pay for this piece of clothing!

Emilia's expression was cold as well. She didn't say anything, but that didn't mean that she wasn't angry.

It was because she was enraged that made it impossible for her to talk!

She had thought that she had already seen the fickleness of human nature!

Returning kindness with ingratitude? Stomping on someone when they're at their lowest. None of these were acceptable!

However, Alison Carter not only repaid kindness with ingratitude and stomped on an old friend, but she was also trying to get them killed!

So despicable, so shameless, so contemptible!

"I'd like to see what kind of tricks you can play!" Oliver Walker's eyes were cold as well.

He didn't want to pay attention to this crazy woman, but now that things were getting out of hand, he couldn't ignore her anymore.

He only looked at her as if it were a clown's performance.

"Hey!"

Chapter 186 Calling Luna Thomas

"Miss Thomas, Hi!"

"You're in the hospital?"

“Oh my!!!

Putting on a pained expression, Alison Carter said, “I’ll visit you!

As if to show her identity, she even put the call on speaker mode.

She also sized up Oliver Walker from the corner of his eye!

In fact, she didn’t have a good relationship with Luna Thomas. They only had occasional interactions.

Luna Thomas had grown up abroad. It was only last year that she brought Gucci into Colorado and built her career around it.

The Gucci store in this mall was the headquarters.

This was the lady that Alison Carter had always wanted to suck up to but she was afraid that her status was not high enough to do so. Therefore, this was the first time Alison Carter had called Luna Thomas after getting her number.

Usually, she would only send some holiday greetings but she never got a reply.

However, she didn’t expect Luna Thomas to be so approachable. She couldn’t help but turn on the speaker.

“It’s fine!

“I’m almost at the store. Do you need something? ”

Luna Thomas's brows were tightly furrowed. She was not familiar with Alison Carter. They had only added each other's numbers because of their business relationship.

In addition, she was not in a good mood because of the car accident that had just happened. She was still feeling a little anxious about it.

Fortunately, the injured man was fine.

She also knew that if it wasn't for that miracle doctor, she would have suffered the consequences.

"I came here to shop!

"But there's.....this disgusting couple! Oh my.....these poor souls, they're covered in blood!"

With an exaggerated expression on her face, Alison Carter's tone was full of disdain. "You have no idea. It's disgusting!"

When Luna Thomas heard that there was a couple covered in blood in her store, she was stunned for a moment, but she quickly said, "I'll be there soon!"

Back on the streets, she felt nauseated for a long time because of how she had a phobia toward blood. She only came back to her senses when Oliver Walker and Emilia had left.

It was already too late to find her life saviour!

But now, she didn't even hesitate. She knew that the couple at her store was her life saviour. Thus, she hung up the phone and quickened her pace.

"Hmph!"

"It's over!" Alison Carter sneered. "Do you know who the owner of this shop is?"

“Luna Thomas, Ms. Luna Thomas!”

“She’s the daughter of the number one company in East Ocean City. You can’t afford to offend her!”

Luna Thomas wasn’t from a simple family. East Ocean City and Colorado were two neighbouring cities.

The Thomas corporation’s status in East Ocean City was higher than Davis’s dominance in Colorado.

In other words, even if Emilia hadn’t been expelled from the company, her status was still lower than Luna Thomas.

“Who is she? What does it have to do with me?”

Emilia was filled with anger. The expression on Alison Carter’s face when she was trying to curry favour with Luna Thomas was exactly the same as when she had first approached her!

“We’ll buy this piece of clothing!” Oliver Walker said coldly.

“The bill please!”

He didn’t want to cause any more trouble!

After all, it was meaningless and it had affected his wife’s mood. If the woman in front of him did not know what was good for her, he would not be polite as well!

There may be a possibility that he would hit this woman!

When he took out his bank card, Emilia’s brows furrowed slightly but in the end, she gave him a look of affirmation.

It wasn't that she really wanted to buy this dress, she just didn't want to make things difficult for the salesperson!

Mary was also stunned as she stood there in a daze. She didn't really believe that the broke Emilia could afford this dress!

"Oh my! Oh my!

"Do you even have money on this card?

"Why are you pretending to be rich?"

Alisen Carter said coldly in disdain, "Pretty boy, why is it that you have no idea how capable you actually are?"

"What are you waiting for?

"He's going to pay! Hurry up and take the card!

She began to show off and order the salesperson around.

Emilia gritted her teeth in anger after seeing how unreasonable Alison Carter was being and couldn't help but ask, "Are you really that desperate to see me make a fool of myself?"

Chapter 187 Making A Fool Of Yourself

The others would only mock her at most.

But, Alison Carter?

It was as if he would feel uncomfortable if he didn't force Emily to a dead end!

“You’re right!

“I want to see you make a fool of yourself!”

Alison Carter took a step forward and pushed Emilia roughly. “With your cheap appearance now, what right do you have to be arrogant with me?”

“You actually ...”

Emilia, who was caught off guard, was pushed back a few steps by the insatiable Alison Carter!

Emilia was hurt by how hard Alison Carter had pushed her, she couldn’t help but cried, “Ow...”

This scene completely infuriated Oliver Walker!

His aura suddenly exploded and he rushed forward, “Who do you think you are?!”

He definitely wouldn’t allow anyone to lay hands on Emilia!

His wife was his treasure and he would not allow anyone to bully her!

However, instead of feeling afraid, Alison said arrogantly, “Do you actually have the guts to do anything to me?”

“Do it then...”

Before she could finish his sentence, Oliver Walker had already raised his arm and slapped Alison Carter on the face.

The crisp sound of the slap attracted the attention of everyone standing outside the store.

“This woman deserved it!

“She really has the mouth of a venomous snake!”

“Pfft ...”

“What the hell? I’ve never seen such a shameless person!”

“...”

The onlookers were all surprised. It was hard to imagine that Oliver Walker could endure it until now.

However, what they didn’t know was that the only reason Oliver Walker tolerated Alison Carter was because he had promised his wife that he wouldn’t use violence.

So, even when he couldn’t stand it anymore, he forced himself to.

It was Alison Carter who pushed Emilia first. Even if the emperor was here, Oliver Walker would still have done the same thing!

“AHHHHH!!!!

“How dare you hit me?!”

Feeling the burning pain on both of her cheeks, she immediately roared in anger, “I’m going to kill you!”

As soon as she finished speaking, she pounced on Oliver Walker with her nails like a fox with its long claws!

Was she even a human?

She was just a mad dog.

Emilia had been trying to suppress her anger from the start but now, she really couldn't hold it in anymore!

This has nothing to do with her manners but the fact that Alison Carter was the one who was pushing it.

Slap slap slap --

Suddenly, what greeted Alison Carter was three other slaps that were even louder than before!

"Oh my..."

Even the crowd who were watching could feel the pain from the continuous slaps, let alone the woman who was being hit.

Alison Carter's face looked vicious!

Alison Carter opened her mouth but before she could say anything, she was kicked in the abdomen again. Her body flew out of the corridor and went out the door!

Boom --

"Ahhhhhhh!"

The sound of being thrown, coupled with a shrill scream, reverberated through the entire arena!

Emilia saw that Allison Carter was lying on the ground with her limbs twitching. Oliver Walker wasn't being serious but with this itself, it was enough to kill Allison Carter!

"I'm warning you one last time!"

Oliver Walker said word by word in a domineering manner, "Don't mess with my wife ever again!"

"You.....are not....worthy... of it!!"

He wasn't joking about it!

He would really kill her!

The violent Oliver Walker and the miserable Allison Carter formed a sharp contrast to the eyes of the onlookers.

Chapter 188 A Warning From Oliver Walker

The onlookers seemed to have understood something. Oliver Walker's words were not just directed at Allison Carter but more like a warning to the rest of Colorado that they should never provoke Emilia!

That ice-cold aura that dominated the entire scene was enough to show his determination!

"Stop it!"

Emilia, who finally reacted, quickly said, "Let's just pay and leave!"

She knew that things had gotten out of hand!

But, she also clearly understood that this was not Oliver Walker's fault. Even when she was bullied by Alison Carter, her husband stood up for her and her heart felt warm.

But, she was worried that Oliver Walker didn't hold back his strength. If anything happened to Alison Carter, then they ...

She didn't dare imagine what the consequences would be.

"Alright!"

Oliver Walker turned around and nodded. He no longer looked at Alison Carter who was lying on the ground. To him, there was no difference whether she was still alive!

"Use the card!"

"We'll buy this dress!"

He was only here to buy clothes for his wife but this cheap woman, Alison Carter, she had also helped him in disguise.

If it wasn't for this farce, he really wouldn't have bought this dress with how distressed his wife looked.

"Um ..."

After Mary took the card, she seemed to have turned into a robot and was operating the POS machine subconsciously. "First ... Sir, please enter the password ..."

After Oliver Walker entered the password, he politely said, "Pack it up, please!"

The salesgirl nodded her head. The dress had been sold. As for what happened after that, it was none of her business!

The worst that could happen now was that she would lose her job!

“You finally acted like a man!”

“He should be treating Emilia well!”

“Emilia deserves to be loved!”

“...”

The people at the entrance whispered to each other.

Even though they often joked about Emilia in private, they knew that she was a woman worthy of being pampered!

After all, was there anyone in Colorado who didn't know their story?

Not to mention a woman like Emilia, even a man wouldn't be able to survive the torment from Davis.

Emilia's encounter would indeed make an interesting conversation at the dining table.

At the same time, this woman had a unique charm that moved all men!

A good woman should be held in the palm of his hand!

This was undeniable!

There were still traces of blood at the corner of Alison Carter's mouth. Her eyes were like those of a venomous snake as she stared at Oliver Walker.

But, she lied on the ground and dared not make another sound!

Until now, her face felt like it was being torn apart ...

Tap tap tap....

Suddenly, the sound of rapid running footsteps suddenly came from the corridor!

It was Luna Thomas, who was dressed in fashionable clothes. After getting out of the taxi, she rushed over without stopping just so that she could thank Oliver Walker and Emily personally.

She even had two more bodyguards following her!

When Alison Carter saw who it was, she burst into tears. "Miss Thomas, you're finally here!"

"I came to your store to shop but I was beaten up by that horrible couple. You have to help me!"

She had specifically read up on Luna Thomas's stories so she knew that Luna Thomas was a big tree worth holding on to. Therefore, she quickly got up and began her rant.

The anxious Luna Thomas was completely dumbfounded. What was going on?

"Who hit you?" Luna Thomas frowned as she asked.

This gave Alison Carter confidence. She turned around and pointed at Oliver Walker and Emilia, who were in the shop, as she resented, "It's them!"

"That woman is a famous b\*tch in Colorado!"

“That man is just a pretty boy!

“You’ve just returned to the country, so you might not know but I’ll tell you now how disgusting they are ...”

However, when Luna Thomas turned around and saw the people in the store, an excited smile appeared on her beautiful face. They were the people whom she had been looking for!

Emilia had not expected that the female driver who had caused the accident on the street was actually the owner of this shop.

Her delicate face was filled with shock ...

Chapter 189 Finding Her Life Saviour

“Ms. Davis, Dr. Walker!”

Suddenly, Luna Thomas rushed forward excitedly. “I’ve finally found you. I’m really grateful for your help!”

She wasn’t mocking them or was there any pretence felt.

With a face full of smiles, like a blooming flower, she said, “I’m so sorry, I ... I was really scared of the blood just now...”

It wouldn’t be an exaggeration to say that they have saved her life!

She knew that if Oliver Walker didn’t help, the man she had bumped into would not have survived.

Even if it was just the car that lost control and she would only have to pay for compensation, it would be a psychological trauma for the rest of her life if she had killed that man. It was no joke.

However, once Oliver Walker stepped in, the man only had minor injuries when she went along to the hospital!

This was probably the first time in eight years that an outsider had expressed their gratitude to Emilia. She was caught off guard and simply smiled. "It was something that we should do!"

If someone else had said this, none of them would be shocked.

But...when these words came out of Emilia's mouth, who had been viciously abused by life, everyone felt that it was inconceivable.

How could the goddess of Colorado still be so kind when her life was miserable?

Perhaps a person's personality had been fixed since young.

Emilia had been influenced by her mother since she was young. She might not have been able to save everyone but she would still help whenever she could.

On the other hand, Alison Carter had grown up in a selfish environment. This was why she was a villain striving to succeed.

However, the attitude that Luna Thomas had shown toward Emilia stunned her!

What happened?

How could Luna Thomas, who had just returned to the country, know who Emilia was?

Plus, they seemed to have such a good relationship!

She wanted to leave but she couldn't because of the crowd!

"En!"

As this was the first time they had met and Luna Thomas was also a reserved young lady, there were a lot of things that she wanted to say but she didn't know where to start. She could only say, "I'm really happy that I got to meet you!"

"I'm the representative of Gucci in Colorado. I didn't expect Ms. Davis is a fan of this brand too.

"I don't know how else to thank you but if there's anything that caught your eyes, please feel free to tell me."

She didn't care about the money!

She left the Eastern Ocean City and came to Colorado to be a brand agent for Gucci because she did not want to grow with the help of her family.

She wanted to prove her worth.

Furthermore, she had also heard of Emilia's story. So, all she could do now was to give Emilia to everyone in order to express her gratitude.

For free?

As soon as the rest of them heard what Luna Thomas said, they were all shocked!

Gucci was a luxury brand and the cheapest item that they had cost at least ten thousand dollars!

The newest collection cost at least 100000 dollars and their collectibles cost up to a million dollars!

What did Emilia do that caused Luna Thomas to be so nice to her?!

Alison Carter was the first one who wasn't happy with this!

This was not how things were supposed to turn out to be!

How did it turn into this?

No matter how hard she thought about it, Alison Carter still couldn't understand what had happened.

"Thank you!"

"But, I've already bought what I need." Emilia answered politely.

She might be a missy in dire straits but ...

She didn't want to just accept gifts from others because it was completely contrary to the essence of doing something good!

"Then..."

Luna Thomas frowned and lowered her head in disappointment. "Alright then!"

"Let's go!! Oliver Walker said with a smile.

Since they had already bought what they wanted, his wife still needed to clean herself from the bloodstain.

The beauty of the goddess in Colorado shall be restored!

Even though they only bought one dress...

He could take it slowly!

Under everyone's gazes, Emilia smiled gently, displaying her noble temperament to the fullest.

This was not an act. She was born with the temperament of a rich young lady.

Chapter 190 P.S. Emilia Went Shopping

When the two of them left, Alison Carter quickly got up from the ground and said unwillingly, "Miss Thomas, you can't be friends with her. She's an inauspicious woman!"

How could she let Amelia climb up to a high branch that she couldn't even reach?

No!

Absolutely not!

The onlookers couldn't bear to see such bitter resentment.

"I don't need you to remind me who I should be friends with." Luna Thomas said coldly.

One sentence!

It was just one sentence and she didn't hide the disdain in her voice. It made Alison Carter speechless.

Those who are righteous will have friends but the evil ones will never have.

With just one small incident, one could clearly see the difference between Emilia and Alison Carter.

Emilia might have lost her status but she had not lost her noble character!

On the other hand, Alison Carter had been badmouthing Emilia from the beginning to the end. This made Luna Thomas feel extremely disgusted. Then, she asked her employee, "What happened just now?"

Mary instantly lowered her head. "Miss Thomas, I ..."

She didn't dare to say it out loud. After all, she couldn't afford to offend Alison Carter.

When Luna Thomas asked the question, Alison Carter glared at Mary.

"Don't worry, just say it!"

Luna Thomas sat down. "You work for me. No one would have have the guts to do anything to you!"

Who was this for?

It was obviously for Alison Carter.

It wasn't that she looked down on people who were of lower status than her. She simply couldn't stand Alison Carter. She was a despicable person who was a two-faced b\*tch!

"Ms. Davis ....came...to shop but Miss Carter was causing trouble for Ms Davis..."

Mary stuttered at first but as the anger in her heart rose, she didn't hold back. "Not only did she humiliate Ms Davis but Ms Davis also deliberately stained the dress and forced Ms. Davis bought it."

Alison Carter's face suddenly turned ferocious. She said viciously, "Little b\*tch! Stop talking nonsense or I'll sue you for slandering!"

Alison Carter will not allow this to happen!

She needed to build a good relationship with Luna Thomas in order to jump into the upper-class society and get the chance to know more wealthy men.

If Luna Thomas had a bad impression of her, her future would be ruined!

"Miss Thomas, I ... I'm not..."

"There's a surveillance camera in the store." Mary answered as she trembled. "We can see everything that happened. You can check if you don't believe me."

Would she have the guts to lie about this?!

She didn't!

But, Mary was indeed mad at Alison Carter!

"I believe you!"

"This kind of woman is not worthy of the elegance of Gucci!" Luna Thomas said coldly.

"From now on, she'll be blacklisted. I don't want to accept dirty businesses like these!"

"Throw her out!"

The two bodyguards pushed the ashen-faced Alison Carter out of the store without saying a word.

The thing that she lost was not the qualification to shop at Gucci but the admission ticket to the upper-class society!

“She deserved it!”

“You reap what you sow!”

“I hate women like these!”

“...”

The crowd finally dispersed!

All that was left was a burst of mockery and gloating curses.

“Emilia!!!!!!!!!!”

With an extremely gloomy expression, Alison Carter took out her phone and made a call. “Darling! I saw Emilia shopping at the mall!!

“Quick! You have to inform Miss Davis and young master Davis!”

“This is a great opportunity! Do not let it slide away!”

To be precise, she was Freddy Martin’s mistress and Freddy Martin was working for Davis.

By providing information about Emilia, who was shopping at Gucci, was definitely enough to get Davis to retaliate on Emilia.

After all, the Davis family had placed a ban on Emilia. If she still dared to go around and shop, she would be digging her own grave!
