Chapter 251 Your Duty As A Doctor

Emilia didn't expect her landlord to be so angry. Her words were full of gunpowder.

In such a situation, how could she still bargain for a lower price?

It was like a fool's dream. However, Oliver Walker had said that this was a good location and they had to get it.

She didn't know much about opening a clinic but she chose to believe in Oliver Walker.

In fact, this place wasn't the best but Oliver Walker was confident that he could make this place better.

Moreover, his main intention of having a clinic wasn't to earn money.

He just wanted his wife and mother-in-law to accept the fact that they didn't lack money.

Secondly, he wanted to promote traditional medicine!

Perhaps ...

It would even bring him a few more disciples!

It would allow the long-lost traditional medicine to flourish again in this country.

He would also let the world know what a true traditional medicine doctor was like.

"You want to open a clinic when you can't even afford five hundred thousand?"

Peng Shanshan used a mocking tone and urged, "If we can't have a deal here, I'll leave now!"

"I hate to talk business with people who are stingy."

As she spoke, she didn't forget to provoke Emilia with a disdainful look.

To her, it didn't matter whether she rented this place or not. After all, she had already gotten the money she needed.

"Alright!"

"I can accept the price but I need to see the contract first," Emilia said as she gritted her teeth.

This was not a small sum for their family.

Without seeing the contract, she obviously wouldn't hand over the money easily!

"When we do business, we pay the most attention to credibility."

Peng Shanshan rolled her eyes. "If you want to look at the contract, come in with me.

Emilia didn't expect the landlord to be so overbearing.

If it wasn't because Oliver Walker wanted this place, she would never have fallen for this trick.

She knew that the rent was too high ...

However, she could only endure it.

...

Colorado First Hospital, in the director's office!

James Floss smiled and said, "Mr. Walker, don't worry about those documents. I can guarantee that they will be approved."

When Oliver Walker came to find him, he was more or less flattered.

After all ...

If Oliver Walker was here for him, that would mean that Oliver WALKER thought highly of him.

Even without him, with Oliver Walker's ability, this matter could be done smoothly.

"Thank you," Oliver Walker answered with a smile.

With that said, he got up and was prepared to leave. After all, this was his only purpose in coming here.

As long as the documents were approved, everything that they are doing now would be legalised.

"Mr. Walker ..."

Suddenly, James Floss stood up from his chair. His face turned red. It was obvious that he wanted something but he didn't know how to voice it out.

"If you have something to say, you can be direct. There's no need for you to hide it." Oliver Walker told James Floss to speak as he pleased.

He didn't like to owe people favours!

No matter who it was, it was the same.

“Um ...”

“We’re all doctors and it’s our duty to save the dying and heal the wounded. I was thinking since you don’t want to be the honorary Dean, would it be possible...”

After a pause, he raised his head with a look of desire and said, “If we have any patient who is in critical condition, can you please come to our rescue?”

He knew that Oliver Walker’s medical skills were exquisite.

Therefore, he did not have any regrets about not being able to invite this VIP. If they could come to an agreement, it would still benefit the patients in the First Hospital.

“Sure.” Oliver Walker nodded.

“Of course.”

He had never forgotten that he was a doctor.

Saving the dying and healing the injured was his duty!

What reason did he have to refuse?

“Alright!”

James Floss said excitedly, “Mr. Walker, take care. I’ll send you off!”

In fact, the hospital director was also under a lot of pressure!

It was not a big deal for ordinary patients to cause a scene.

If any of the important figures in this city had an incurable disease, it was understandable that they would not blame the hospital.

However, if it were those unreasonable rich kids, they would definitely turn the hospital upside down.

Chapter 252 Dirty Little Tricks

Now that he had Oliver Walker's guarantee, it was equivalent to having an extra protective talisman.

"No need to send me off!"

Oliver Walker waved his hand and went out. He took a taxi to the pharmacy to see if his wife had signed the contract.

Everything was going according to his plan.

It wouldn't be long before his family would no longer have to squeeze in the old and mouldy rental apartment.

At the same time, Emilia was reading the contract thoroughly. After making sure that there were no suspicious lines on the contract, she signed them.

After eight years of suffering, she had finally taken the first step. Next, it was time to see her husband show his skills.

When Oliver Walker got out of the car, he saw his wife and immediately asked, "Is everything done?"

Emilia held the contract in her hand and nodded excitedly. "Hmm, take a look!"

"We'll be able to take over this shop tomorrow,"

No one would like to live without dignity.

No one would like pointed at and gossiped about even if they were just walking on the streets!

She also wanted to have her own house.

She no longer wanted her family to live in an old neighbourhood.

"I won't read it."

"I don't understand it anyway," Oliver Walker replied with a smile.

"I've already settled the matter of the certificate and the other documents."

"The facilities inside are complete as well. This means that we can be opened for business tomorrow."

"Let's go home and tell this good news to our mother!" Emilia smiled sweetly.

She couldn't wait to tell her mother about this!

After all, she had suffered so much with her for the past eight years.

"Pfft ..."

Peng Shanshan walked out and sneered, "These two paupers. Did you really think you can do as you want after offending the Davis family?"

"You didn't even know you were tricked!"

She stared at the back figures of Oliver Walker and Emilia. Then, she took out her phone, made a call, and smiled flatteringly. "Everything's settled. So, there's nothing left for me to do here?"

She didn't want to face such trouble.

She had received a total of a million yuan in one day. It was time for her to go on a vacation and relax.

After getting an affirmative answer, she said, "Alright, alright ..."

"Thank you, Mr. Davis!"

With that, Peng Shanshan got into her car and left.

At the same time, in one of the cafes...

"This is the rent contract. You should know what to do, right?"

Jessica Wright Davis put the file on the table.

She and William Davis had already discussed not having a direct conflict with that madman, Oliver Walker.

However, they could still deal with them by using these dirty tricks.

So ...

“Don’t worry, Ms. Davis, I’ll start the business right away!”

The man who spoke was Zhang Weimin, the owner of the pharmacy.

His face was filled with joy.

He had never thought that a pie would fall from the sky and land on his head.

He chose to close down the pharmacy not because it was not profitable, but because the rent was too high.

Previously, he only had to pay 3 hundred thousand a year. After the contract expired this year, the landlord, Peng Shanshan, was jealous that his business was doing well. She then raised the price to five hundred thousand yuan.

It wasn’t that he couldn’t afford it but if he did, the profit would shrink tremendously. It wouldn’t be worth it at all.

However, he had never expected that someone would take the initiative to pay his rent.

As long as he didn’t make space for Emilia to move it, wouldn’t everything be a piece of cake?

Emilia was already in dire straits and he was the one with this rental contract. He was the one who had been running this pharmacy and he had an agreement with him.

Even if Emilia pulled out the same contract, who would believe her?

Even if they did, he could still confront them with confidence.

“Go!”

Jessica Wright Davis took a sip of coffee and her heart was full of pride!

A retirement fee of one million?

Now that he had rented a shop and paid for some of the expenses, he probably didn't have much money left, right?

How could he be so arrogant in front of her?

This was because he had the money!

As long as she gave him a small favour, even a dog would have to work for her.

What did Emilia have to fight with her?

If Emilia knew that the house she had just rented was no longer hers, how desperate would she be?

Jessica Wright Davis was really looking forward to it!

Chapter 253 Could it Be That I Got Tricked?

New River Community wasn't far from Ramblas Avenue. The market place would be right next to the avenue.

Coincidentally, the newly reopened pharmacy started a publicity campaign.

Free eggs!

Although only five were given to each person and the price was less than two Yuan, it was still tempting for the middle-aged and elderly people who were calculative.

On the way back from grocery shopping, Mary Grimm queued for more than an hour just to get a few eggs. Then, she returned home in high spirits!

“Mom!”

“We’ve already rented the shop. I believe that in less than two days, we’ll be able to get the documents.” Emilia said with excitement.

“The clinic can officially open for business!”

She couldn’t wait to share the good news with her mother, who had suffered with her for years.

After all, as children, they wanted to make their elders at home feel at ease!

“Oh, really?”

After Mary Grimm heard this, she laughed happily. “Today’s a double blessing!”

“What other good news do we have?” Emilia asked as she was confused.

She really didn’t expect that there would be another happy event at home.

Even if cash was falling out of the sky, they would never be hit by it.

“Mom, what’s the matter? Why are you so happy?”

Oliver Walker was getting interested as well. He sat on a small stool and helped to clean the celery.

After all, he couldn't just be a freeloader!

"I got five free eggs!"

"This pharmacy owner is really kind. He gave everyone five eggs!" Mary Grimm said with a smile.

"Once Olivia comes back from school, I'll stew an egg for her to replenish her nutrition."

Both Oliver Walker and Emily were embarrassed.

This ...

How could getting five eggs for free be considered a good thing?

This was especially so for Emilia. She had just given away five hundred thousand dollars in the morning and she was still grumbling in her heart. She kept feeling that something bad was going to happen!

Oliver Walker continued asking instead. "Where did you get it? Do you need to apply for a membership?"

After all, it was indeed something to be happy about when his mother-in-law was happy.

However, many stores would use the excuse of giving small gifts for free to collect personal information from citizens.

There was no such thing as a free lunch in this world!

"Nothing of that sort!"

Mary Grimm immediately denied, "No! I would be able to tell if it was a scam."

“These eggs are free indeed!”

“It’s so lively there!”

“It’s at the pharmacy on Ramblas Avenue. There’s a long queue!”

When the location was mentioned, the atmosphere dropped to a freezing point!

Emilia’s heart, which was already pounding. It suddenly jumped into her throat as she asked anxiously.
“The pharmacy you mentioned...is it No. 18 on Ramblas Avenue?”

Oliver Walker also noticed that something was wrong. He and his wife had visited that place but there was no pharmacy that was newly opened!

The only possibility was the shop that they rented!

It was a public pharmacy in business but because the rent was due, it had only been closed for two days.

Now that his wife had already paid for the rent and they were open for business. What did this mean?

This was a huge problem!

“Yes, yes. yes ...” Mary Grimm quickly answered.

“That’s the one! Is there a second pharmacy on Ramblas Avenue?”

When the truth was revealed, Emilia felt as if she had been struck by lightning and the sky was about to collapse!

Why did the shop that she had just rented in the morning reopen in the afternoon?

Could it be ...

She got tricked?!

“Emilia?”

“You .. What’s wrong with you?”

After Mary Grimm saw the change in her daughter’s expression, she realized something had gone wrong.

At this moment, Emiliano longer had the time to care.

That was five hundred thousand yuan! The retirement fee that her husband had exchanged for with his life on the front line!

She would kill herself if all that money got scammed!

Then, she got up and rushed out of the house with a panicking heart.

Chapter 254 Free Eggs

“Eh ...”

“Emilia!”

Mary Grimm was stunned. She knew her daughter well. No matter what she wanted to do, she would never be as reckless as she was now.

“Mom, I’m going out with Emilia for a bit!”

Oliver Walker suppressed the anger in his heart and said with a smile, "I won't be back for lunch!"

He was afraid that something would happen to his wife!

That sum of money wasn't much to him but to his wife, it was more important than her life.

"Where are you going?!"

Mary Grimm turned anxious. She felt like something was wrong but she couldn't put her finger on it.

She clearly noticed that his daughter's expression was filled with anxiety and uneasiness.

"I'll go with her to get the eggs."

"We can get ten of them if we went together!"

Oliver Walker forced himself to stay calm and left the house after saying this.

Would he care about those ten eggs?

Of course not! Just like his wife, he wanted to confirm if the pharmacy had really reopened.

If they did, what would happen to the rental contact that his wife had?

"Honey, slow down!"

After Oliver Walker left the house, he saw his wife running desperately towards Ramblas Avenue.

He could keep up with this speed but he was afraid that his wife might get tired!

“No!”

Emilia’s pretty face looked nervous and anxious. “I must go and see what’s going on!”

There was absolutely no problem with her contract.

Moreover, she had also verified the identity of the landlord, Peng Shanshan. So, what was the cause of this incident?

She was getting emotional because not only was this the hope for the future for her family but also she owed an explanation to her husband!

Her husband trusted her so much that he would give her the money he earned by risking his life.

If the start-up capital had gotten scammed, how could she face her husband who had no reservations toward her?

“Don’t be in such a hurry!”

Oliver Walker quickly comforted her. “Things might not be what you think.

What if it’s for the private pharmacy? What if he told the landlord in advance that he wanted to clear out all his stocks before he moved?”

This was highly unlikely but it did calm down Emilia.

Although it was not very kind of him to do so, it was undeniable that there was such a possibility.

“I’ll contact the landlord now!”

Emilia took out her phone and dialed a number but the phone was turned off.

She thought that the signal was bad!

She tried calling it a few more times.

It was still the same!

A cold light shot out of Oliver Walker’s eyes. This matter had been strange from the beginning to the end.

Perhaps someone was unwilling to give up and had planned all these. Perhaps these people were trying to go against him.

But no matter who it was, the truth shall be revealed!

There was a long line at the entrance of the pharmacy. Most of them were retired middle-aged and elderly people who had nothing to do for the day.

There were at least a hundred of them.

After all, it was free eggs!

Especially since there were so many poor people here, who wouldn’t want to take advantage of this?

Not far away, a black Mercedes-Benz S350 was parked by the streets.

“Mr. Davis, Ms. Davis! Look! I’ve done everything according to your request,” Zhang Weimin said with a flattering smile.

“I’m prepared to do this for three more days. If Emilia dares to cause trouble, she’ll definitely be screamed to death by these old men and women.”

How much was an egg worth?

He had saved hundreds of thousands of Yuan in rent which was a huge profit!

This group of old men and women were already worshipping him as God!

“You’ve done a good job.” William Davis said with a smile. “But, isn’t three days a little too short? ”

“You’ve taken such a big advantage. Giving eggs for free for a month is equivalent to advertising for a month. You won’t be making a loss, will you?”

This was a great plan!

He just wanted to ruin Emilia’s reputation. As long as she dared to stop these people from giving free eyes, she would definitely be scolded to death by these old men and women. In the end, he could do nothing but feel anxious...

Chapter 255 Having No Problem is Their Biggest Problem

“Of course not!”

“There’s nothing for me to lose!”

Zhang Weimin didn’t even think about it before he nodded and agreed, “Don’t worry, I promise she won’t have a chance to do anything!”

He would not be showing himself.

The reason was simple ...

If Emilia couldn't find the person in charge, what could she do? Smash the things inside the store?

Moreover, he had Davis backing him up, what was there to be afraid of?

Jessica Wright Davis smiled with satisfaction. "Brother, I just saw that old Mary Grimm in line to get the eggs."

"When do you think Emilia will find out about this?"

Mary Grimm would never know that the free eggs she received were all paid for by Emilia!

"Isn't she already here?"

William Davis grinned hideously and his venomous eyes looked through the front windshield at the anxious Emilia!

And Oliver Walker, who was beside her!

Jessica Wright Davis quieted down, The corners of her mouth rose slightly, showing a vicious smile.

This good show was about to start!

She couldn't wait to see Emilia falling into the abyss that they created.

Zhang Weimin wasn't afraid of making this a huge deal! He used his phone and changed the words on the LED display!

“A living Buddha!”

“The boss is our God.”

“Free eggs for a month?”

“Oh my God!”

“ ... ”

When the news was announced, the old men and women at the door who were standing under the scorching sun did not feel the heat at all!

They couldn't stop praising the pharmacy owner!

Wasn't he doing this for the people?!

This was what they meant by serving the people!

“How did this happen?”

“Why is it like this?”

Emilia looked at the LED screen showing the words, ‘free eggs for a month’. She felt horrible!

What did this mean?

The pharmacy would still be operating for another month!

No matter what the reason was, it was a violation of her rights.

They paid 5 hundred thousand yuan for a year and a month's rent was already more than forty thousand yuan!!!

"Don't panic!"

Although he didn't know what was happening, Oliver Walker could sense a conspiracy here. Something must have gone wrong!

Emilia's pretty face was filled with anxiety. "How can I not panic?!"

"I've read through the contract. There were no problems with it."

"I've confirmed the landlord's identity and I'm the one who paid the money!"

"But we can't find the landlord now and the pharmacy is still operating!"

She was on the verge of tears!

She was really about to cry!

As the saying goes, every injustice has its perpetrator and every debt has its debtor. He couldn't contact the landlord now and she didn't know what to do!

"I'll just check with them." Oliver Walker said in a deep voice.

He had seen the contract and there was indeed no problem with it!

The fact that there was no problem was the biggest problem!

“I don’t understand how this happened.” Emilia was filled with guilt.

“I did this, let me ask!”

She was the one who paid the rent.

Moreover, she had been in the business world for years. Naturally, she knew that the business world was full of schemes and intrigues.

But ...

Who would play her like this?

Seeing his wife coming forward, Oliver Walker didn’t stop her because he knew how much pressure she was under.

“Excuse me, may I ask ...”

When Emilia walked up the steps, she spoke to the two nurses who were distributing the eggs.

However, very quickly ...

A dissatisfied voice came from below the steps!

“What are you doing, Emilia?”

“Don’t you know that you have to line up to get an egg?”

“What kind of character is this!”

“No wonder she got kicked out of Davis. She has no manners at all!”

“Right!”

“There must be something hateful about a pitiful person!”

“Hurry up and get in line!”

“This is too much!”

“...”

Chapter 256 How Dare You Scam Buddha!

There were more than a hundred old men and women waiting in line. Their combat power was definitely strong. If each of them spat at Emilia, they could definitely drown her in it!

The originally harmonious atmosphere at the entrance of the pharmacy had also become filled with resentment!

This was the effect William Davis and Jessica Wright Davis wanted!

The more Emilia was being scolded, the more excited they got!

This was too f*cking good!

If he showed up, he might get beaten up!

But if he didn't, this feeling of pleasure simply came one after another.

Zhang Weimin's expression also carried a hint of a smile. After all, he was the real beneficiary!

As for Emilia being scolded, what did that have to do with him?

"B * tch, get down here!"

"Motherf*cker, you're really shameless!"

"You're actually snatching things from us?"

"..."

The old men and women were cursing more and more fiercely!

Emilia's expression was also becoming more and more unsightly. She basically had no chance to speak. Even if she used all her strength to shout, she would be drowned out by the thunderous curses.

"Did you hear that? Hurry up and get in line!"

"Don't delay us from distributing the eggs!"

A nurse said unhappily, "self-discipline is the most important thing in life. You shouldn't give others the chance to teach you manners!"

They were already busy with work but now there were activities like these being run by the store. Who would be the one that gets worn out?

Of course, it was them. After all, their boss only needed to pay them.

It was obvious that he would be happy with this!

“Your lease has expired and I am the one who’s renting this place now!”

“How can you guys continue to occupy my place?”

Emilia placed the rental contract on the table. “The rent is more than a thousand yuan a day. Do you think I’ll spend money to rent this place so that you can run your business?”

Emilia was mad!

Of course she was.

The anger in her heart was about to explode.

Especially toward those people who had no manners at all. They even curse such unpleasant words like ‘son of a b * tch’, ‘sl*t’, etc...

This was too much!!

The nurse picked up the contract on the table and threw it away in disdain. “I’ve been working here for more than three years and you’re actually using this method to scam me?”

“Are you here to get scolded by the others?!”

Emilia’s eyes were brewing with anger that was about to explode. “You ...”

“If you want to cause trouble, go to our boss if you have the guts!” The nurse said.

Was there anyone who didn’t know who this famous person was?

But, would anyone care about her?

Therefore, the scolding became more and more ruthless and unpleasant!

It wasn't an exaggeration to say that it had caused public outrage!

"Where's your boss?"

Emilia knew that she needed to talk to the boss in person.

No matter what, they would not allow this to go on.

They were taking her money to do business and even said that she asked for this. What kind of logic was this?

She wasn't a person who would pester endlessly!

If the owner of the pharmacy came over to negotiate with her, it would be fine if she delayed it for two days!

But this ...

They would be doing it for an entire month!

She didn't have any spare money to spend on such a place!

"You stinky b*tch, are you sick in the head?"

The nurse slammed the table and stood up abruptly. She scolded angrily, "If you're looking for our boss, then hurry up and go!"

“What are you doing here?”

“Is it because you’re jealous of our boss’s good deeds? You’re unhappy about it so you f*cking came here to make trouble?”

Those who were exhausted from work would definitely have a bad temper.

However, she had to restrain herself or she would lose her job. Yet, Emilia had sent herself here to get scolded.

It would be a waste not to use such a good human punching bag!

“You ...”

Emilia’s chest heaved up and down violently and her pretty face was filled with rage.

How could she still stay calm after hearing all these?!

“Motherf*cker!”

“Hurry up and get lost!”

“How could you scam such a good boss like him? Why don’t you just kill yourself?!”

“If you delay us from collecting the eggs again, don’t blame us for being rude!”

“...”

Emilia's appearance had indeed affected the immediate interests of these old men and women so there was a tide of curses at the scene.

There were even some hot-tempered ones who raised their crutches, looking as if they were about to hit her!

Chapter 257 Eggs Being Thrown

This was really something that Emilia would never be able to explain!

Emilia looked at the group of old men and women blankly. Gradually, she understood what had happened.

The owner wasn't able to continue the lease due to the high rent. Then, he came up with such a bad idea to take over the place.

As long as the boss didn't show up, she wouldn't be able to find the person in charge.

If they couldn't find the person in charge, there was no way to negotiate. In that case, wouldn't that mean ...

She was starting to panic!

The owner of the pharmacy had taken all the advantages but what about her?

She was suffering as well!

At the same time, the group of people also rushed forward like a swarm of bees!

"Let's beat her up!"

“Get this shameless bitch out of here!”

“You’re imprudent!”

“This is too much!”

“...”

In the next moment, the angry old men and women became the pharmacy owner’s gun for the sake of the five eggs.

On the other hand, the real tenant, Emilia, had become a drenched chicken that everyone wanted to beat up!

She started to panic!

After all, the other party had the advantage in numbers and most of them were elderly!

If she touched them, they would definitely fall to the ground.

“Follow me!”

Seeing this, Oliver Walker’s face turned solemn. He immediately rushed forward, took his wife’s hand, and left the crowd.

In the current situation, he would definitely be at a disadvantage if he made a move!

He could deal with Karen Adams as a warning to others but he couldn’t deal with such a large group of people!

After all ...

If he did, the public's opinion alone would cause huge pressure on his wife's family.

He wouldn't be bothered by it but his mother-in-law couldn't take it!

"En!"

Emilia knew that if she stayed here, she would end up getting beaten.

She was glad that Oliver Walker could calm down!

Otherwise, it would really be a big problem!

"Go!!!"

"Beat them up!!!"

"..."

The group of old men and women were so angry that they threw the eggs with their faces red from anger.

As for Oliver Walker, he took off his clothes and waved his right hand. His movements were so swift that he managed to protect his wife from the eggs.

Emilia's heart was filled with grievance. It was an indescribable feeling inside her heart.

This was bullying!

However, she could only leave now and think of another way!

“Oh ... We’ve won!”

“We’ve chased away that adulterous couple!”

“Quickly distribute the rest of the eggs!”

“ ... ”

The people at the entrance cheered as if they had just won a great battle.

And on the ground ...

There was sticky egg liquid everywhere and it looked extremely disgusting!

Zhang Weimin also knew what he should do now. He picked up his phone and informed the nurse who distributed the eggs. He said, “Give everyone ten eggs each!”

When this result appeared, the entire place was as lively as the new year.

The group of old men and women felt even more accomplished!

“If that adulterous couple dares to come again, I’ll beat them up so badly that even their own mother won’t recognize them!”

“Right!”

“That’s right!”

“That’s the way!”

“...”

Just a few eggs were enough to bewitch people’s hearts. This was definitely a huge profit to those who had planned these.

This scene would have traumatised Emilia and Oliver Walker.

It can be said that this was an extremely shameless way of doing things but it was useful.

Emilia would not be able to complain about it and she could only hide her grievances in her heart. She wouldn’t even be able to breath properly once she walked on the streets now.

Chapter 258 I’ll Deal With It

“Mr. Davis, Ms. Davis!”

“Look! They’re running away like dogs!”

Zhang Weimin quickly walked to the front of the car. Like a dog wagging its tail, he smiled and said, “This was perfect!”

Jessica Wright Davis, who was sitting in the front passenger seat, sneered. “You shouldn’t be so happy yet. Emilia is a cockroach that can’t be killed easily. She definitely won’t let this matter rest!”

Zhang Weimin didn’t even dare to breathe loudly as he nodded his head repeatedly, “Ms. Davis, you’re right!”

They won’t let this matter rest?

What could they do to him?

To put it bluntly, even if she cried herself to death at home, she wouldn't be able to find him!

William Davis's mouth had a hint of mockery. "Keep an eye on him. I won't mistreat you for this."

After saying that, he rolled up the window, stepped on the gas, and slowly drove away.

"Brother!"

Jessica Wright Davis asked, "Do you think that wild dog will make a move?"

"If he really dares to make a move, I promise to make them famous!" William Davis laughed.

"A wild dog is punching and kicking over a hundred old men and women. Don't you think this news would be explosive enough?"

The news media would never delve into the story behind it in order to gain more views.

Therefore, they would definitely stand on the moral high ground and launch a fierce attack on Oliver Walker and Emilia, guiding the public's opinion in regards to this matter.

As for Emilia and Oliver Walker, what strength did they have to resist when they were faced with the disdain of the entire nation?

Forget about only those in Colorado. If they were notorious, they would become rats in every street that passed!

Therefore, it was his dream to have Oliver Walker make a move now!!

“Brother!”

“What a wonderful idea!”

There was a hint of ruthlessness in Jessica Wright Davis’s eyes. “This way, we can get rid of all future problems. As for that woman, Emilia, she will be nailed to the pillar of shame forever! Never to rise again!”

Although she didn’t get to take revenge personally, she was still feeling great about it. Just thinking about the difficult situation that Emilia and Oliver Walker were about to face, she couldn’t help but feel excited!

When Emilia returned home, she had a dejected look on her face.

Of course, there was still anger in her heart!

There were definitely no problems with the contract but if he were to report it to the authorities, she would have to sue them for such an incident!

Once the legal process was carried out, it would take at least one to two months, at most three to five months. It may even take up to half a year!

They couldn’t afford to delay!

“How can they be so shameless?”

“We’ve already paid the rent. Why is he still hanging around there? ”

After Emilia shouted angrily twice but she was still feeling lost with what she should be doing. “What should we do now?”

She had been wary of all kinds of contract traps but this was clearly a shameless one!

It had nothing to do with her abilities!

“Don’t worry,” Oliver Walker comforted her. “I’ll be able to find out who’s behind this.”

“Try looking for the landlord again.”

Perhaps such actions would indeed cause a fatal blow to ordinary businessmen.

After all, most entrepreneurs would not have much cash flow. As long as they invested their money, they would want to earn back their capital as soon as possible.

However, in this situation, wasn’t he seeking his own death by using such a method?

“Don’t be impulsive!”

Emillia, who was already extremely anxious, quickly stood up after hearing this. “The person behind this must be intentionally forcing us to make a move!”

She could even imagine what the person behind this wanted.

However, they couldn’t afford the lawsuit and they couldn’t find anyone to mediate this privately!

To her, it was as if lightning had struck her!

“If I did, I wouldn’t have held back just now!”

Oliver Walker said with a smile. “Don’t worry. I know some who can get some information about this. It’s not a big deal.”

“When I find the owner of the pharmacy, I’ll ask him out and have a good chat with him.”

A chat?!

Of course, it wasn’t a simple one! At least, he had to make this bastard suffer a little first and then get him to apologise to his wife properly.

Dirty tricks like these were not done simply for fun.

This was especially true when one does now have equivalent power and strength.

On the way here, he had already sent a text message to investigate the owner of the pharmacy!

Now, all the information had been sent to his phone!

“Mm ...”

Emilia hesitated for a moment before finally nodding her head. She had to believe in her husband.

Moreover, the pharmacy had already become a volcanic area. Before the matter was resolved, she definitely couldn’t go back.

Otherwise, the outcome would be the same as just now!

Or....it may even be worse!

Chapter 259 Nothing Is A Secret To Him

After comforting his wife, Oliver Walker left the house!

He took out his phone and dialled a number. After the call was connected, he asked jokingly, “Boss Zhang, do you have time to come out and have a chat?”

He really didn’t expect that someone would dare to rob him in daylight.

The important thing was that Zhang Weimin had no background at all. In terms of income, he was at most in the middle class but he was able to play such tricks.

It was very likely that after hearing that the new tenant was Emilia, he had come up with such an evil and cruel plan.

If this wasn’t treated properly, wouldn’t this man do worse things in the future?

“Who are you?”

Zhang Weimin listened to the unfamiliar number on the phone and his tone was a little vigilant. “I don’t think we know each other?”

He was puzzled!

Zhang Weimin had never seen this unfamiliar number before but he was afraid that it was someone from Davis Company which was why he was being careful and didn’t dare to be rude.

“How could we not know each other?”

Oliver Walker’s tone was extremely calm. “Pick a place or you will have to bear the consequences!”

Zhang Weimin’s tone was unusually cold. “Who are you?”

“How dare you threaten me like this? Aren’t you afraid that I’ll call the police?”

He began to realize that the person on the other end of the phone was definitely up to no good.

Thus, he was even more cautious.

“You should know Emilia, right?”

Oliver Walker’s voice started to turn cold. “Well, she’s my wife!”

After he said those words ...

Zhang Weimin, who was originally cautious and afraid of offending the person on the phone, suddenly cursed, “So it’s you, wild dog. I don’t have time for you!”

“If you dare to harass me again, I’ll make sure you have to bear the consequences!”

Zhan Weimin had originally thought that this was someone important and it even gave him a fright.

If it was Oliver Walker, what was there to be afraid of?

After he finished speaking fiercely, he didn’t forget to curse at Oliver Walker before ending the call.
“Idiot!”

“You motherf*cker! If you have the guts, come and find me then!”

Zhang Weimin was not going to show himself!

He wanted to make sure that Emilia and Oliver Walker would not be able to find him!

He would hide in the dark and make a lot of money. When everything gets settled, he would take the money and continue to invest, doubling his assets.

However, he had underestimated the strength of Oliver Walker!

Not only did he find him, he also found the landlord.

At present, they were already on the way back and the situation was starting to become clear.

Although they didn't know who the real culprit was, they were sure that this was a meticulous trap that had been planned perfectly.

According to the information received, Zhang Weimin and his mistress were living in Qingya Gardens, which could barely be considered a high-end community!

When Oliver Walker arrived at the door of unit 802, he broke the lock with a wave of his hand and opened the door.

“Ah ...”

Just then, a pretty young woman who had just finished her bath and was wearing pink pyjamas walked out of the bathroom as she screamed.

“You Who are you?” The young woman shouted with a terrified expression.

How did this stranger get in here?

And how did he get upstairs?

After all, they would require a card to come in.

“You’re Liang Min, right?”

With a calm expression, Oliver Walker explained himself, “I don’t want to make things difficult for you but you have to be obedient first.”

“Your life is in your hands now.”

“Don’t even think about running away. Since I can make my way in here, I would be able to kill you silently as well.”

In fact, he could have gone to Zhang Weimin directly. The reason why he didn’t do so was to tell that guy that nothing was a secret to him.

After all, Zhang Weimin’s affair with this young woman was top-secret.

Liang Min knew that Zhang Weimin had a family but she still did such a thing. It naturally meant that she wasn’t a good person as well.

“You ...What do you want me to do?!”

Liang Min was stunned and scared!

Her voice was even softer than the sound of a mosquito flapping its wings.

“Call your boss and tell him to come back now. I want to have a good chat with him!”

As if he had returned to his own home, Oliver Walker sat on the sofa without restraint!

Chapter 260 The Mistress

His tone remained calm.

This was because this young woman wouldn't dare to disobey him.

"Boss...?"

"My boss?"

"You ..." Liang Min frowned. "Are you sure you're not mistaken?"

"I don't work. Where would I get a boss?"

This form of address had indeed given her a shock. She racked her brains but still could not figure out what was happening.

"If you don't go to work, who's taking care of you?"

Oliver Walker wasn't in a hurry, or rather, he didn't want to make things difficult for anyone other than the person involved.

Liang Min's face instantly drooped and she said angrily, "You ...You're so mean!"

Being kept as a mistress was not a glorious thing.

To the public, they would address each other as their dates!

Now that this man was being blunt about their relationship, how could she feel comfortable?

"I'm not interested in what's going on between you two," Oliver Walker said with a faint smile.

“This also has nothing to do with you!”

“If you insist on taking all the blame on yourself then I’ll have no choice but to be impolite!”

If Liang Min was Zhang Weimin’s legal wife, he wouldn’t have come to see her.

However, in reality, this woman was not a good person either.

After cheating the two men of their money, she turned around and ran back into Zhang Weimin’s arms.

“You ...”

Liang Min wanted to get angry but after seeing those deep eyes, she felt a fear that came from the depths of her soul.

Then, she gulped and said, “I’ll try...”

She took out her phone, dialed a number, and shouted coquettishly, “Hubby, where are you?”

“I miss you. Come back quickly, okay?”

That soft voice gave Oliver Walker goosebumps.

Liang Min was also a smart woman. She only got together with Zhang Weimin for the sake of money. She didn’t have any feelings for him.

Therefore, she didn’t want to get herself into trouble!

Even if something happened to Zhang Weimin, she could just find another rich man.

It was impossible to lose everything for someone so small!

“Are you thinking about my manly style last night?”

This was something that Zhang Weimin would always fall for. After receiving the call, he felt his bones go soft.

How could he still hold back!

“Yeah, I missed you so much!” Liang Min quickly said.

“I’m begging you for it! Please come back!”

The numbing sound made Oliver Walker’s face turn red. If it wasn’t for his good self-control, he would have gotten up and left.

However, even so, it was a little difficult for him to bear this. After all, he was a normal man.

Of course, it wasn’t because he had fallen for a woman like Liang Min. It was because he hadn’t seen his wife for eight years and when he returned, he and his wife had become strangers who were familiar with each other.

Although their relationship was slowly recovering, they were still far from that stage.

However, he would never forget that night eight years ago!

“What a torturous little demon!”

“Little sweetheart, call me daddy! Daddy will be here soon!” Zhang Weimin said excitedly.

Liang Min didn't feel embarrassed at all. Instead, her voice became even more coquettish, "Daddy!"

Zhang Weimin could feel all the cells in his body beating. "I'm already at the entrance of the neighborhood. I'll give you a big surprise in five minutes."

Poor him, he didn't know that his mistress have given him a huge shock instead when he was prepared to give her a good surprise.

After the call ended, Liang Min asked timidly, "He ... He's here, this ... This has nothing to do with me, so can I leave now?"

Oliver Walker waved his hand and didn't speak.

He really wanted to know where Zhang Weimin's courage came from to dare to do such a shameless and overbearing thing.

After Liang Min received an affirmative answer, she quickly changed her clothes and left the house in a hurry.

Oliver Walker was not afraid that she would leak the news because he was very accurate with his judgement about people.

It was said that prostitutes were heartless. This definitely wasn't a joke!

Liang Min wouldn't never risk her life to help Zhang Weimin!
