Chapter 281 I Will Be Leaving Now

The main entrance turned silent. Although Jessica Wright Davis was a junior for most of them present, Davis was about to return to his peak. When that time came, the honor of the young miss of Davis would naturally be incomparable to them.

Especially now, they were just waiting to mock Emilia and in order to please Davis!

“Didn’t you ask me to come?”

Emilia had been through storms and this little bit of battle wasn’t enough to scare her.

Although she felt helpless, she was still calm, with a faint and beautiful smile on her lips.

She knew that this was just the beginning!

Once she entered, it would be the main event.

If she couldn’t endure it now, then ...

What should she do then?

“We’ve asked you to come?”

Jessica Wright Davis sneered arrogantly and said, “Can’t you see what occasion it is today?!”

“With your current status, do you think you’re worthy of standing with us?”

“What a ridiculous thing to say!”

As she finished speaking, Emilia wasn't surprised at all.

According to the normal procedure, it was time for the bootlickers to come on stage!

As expected, it was exactly as she had thought!

“Why don't you take a piss and look in the mirror?!”

“Why would they ask you to come here?”

“Tainting the status of the banquet?”

“Do you know who's coming today?”

“The first war god! We are already nobodies and who do you think you might be?”

“...”

This was a high-end place.

Therefore, these sanctimonious people did not curse, but even so, their words were not pleasant to the ears.

A smug look appeared on Jessica Wright Davis's face and she sneered, “You want to come in? Sure!”

“But you'll have to beg me!”

“Hurry up and start begging me.”

Although she had suppressed Emilia quite miserably over the past few years, the stubborn Emilia had never given in to anyone before. Even in private, Emilia had never said a single word of flattery.

This made Jessica very unhappy!

However, what made her even more displeased was that not only did Emilia work with a wild dog to harm her, Emilia wanted to start her own business and rise again!

Without a doubt ...

This had already crossed her bottom line!

Therefore, she would have to teach Emilia a humiliating lesson for today!

“Emilia! The young miss has given you a chance. Why don’t you quickly kneel down and accept the decree to thank her?”

“You must get on your knees!”

“You’d still have to lick the young miss’s shoes till they sparkled!”

“Hahaha ...”

“Well said, well said!”

“...”

Another wave of laughter came from the venue. If it was the first war god, he would be tonight’s finale guest.

In that case, Emilia, who was here now, was definitely the starter of the meal.

She was nothing more than a joke to them.

As for whether it was true that Davis got Emilia here, would that be important?

In fact, they didn't care about it at all!

The most important thing was what Davis wanted, they just had to follow and clap!

Jessica Wright Davis lifted her chin and stood on the steps. She looked down at Emilia with the attitude of a Victor, waiting for this stubborn woman to surrender to her and lower her proud head.

To satisfy the vanity in Jessica's heart!

However, faced with all the mockery, Emilia still maintained a calm expression. She opened her red lips slightly and said, "Since you guys didn't want me to come here, I'll just head back!"

She had already bid farewell to the rich and powerful and had seen through everything.

Now, she only wanted to live a simple life. She wanted to spend the rest of her life with Oliver Walker and take good care of her parents and child!

With that said, she turned around and was about to leave!

There was no hesitation in her eyes!

This was because she hated this place!

It was so straightforward that everyone present was stunned!

This ...

It was no different from slapping Jessica Wright Davis in the face!

Could it be that Emilia didn't know that the current Davis had the support of the first war god and was no longer the same as before?

How could this woman still be so arrogant?

Why didn't she lower his head?

To be honest, all of them were shocked!

"You ..."

Jessica Wright Davis was rejected in public and her face suddenly turned red. "Don't you dare!"

She had originally thought that she would definitely hear words of flattery and respect when she saw Emilia again after being at such an advantageous status.

In the end, she never expected that Emilia would be the same as before, completely ignoring her!

Emilia still had such an arrogant look on her face!

Chapter 282 A Slap That Cost Her Life

Emilia's footsteps paused for a moment, and then she revealed a self-deprecating smile ...

Then, she left!

She knew that Jessica Wright Davis couldn't stand it!

But ...

What did it have to do with her?

Didn't Jessica want to turn Emilia into a puppet and play with her as she pleased?

Jessica wanted Emilia to say out loud that Emilia was the one who knelt and begged to attend this banquet.

What a joke!

What a pity!

It was even more lamentable!

She clearly wanted to escape her previous life, but the Davis siblings were like a nightmare.

It made her feel a sense of helplessness!

However, her self-mockery, in the eyes of outsiders, was disdain for Jessica Wright Davis!

Instantly, the crowd exploded!

"She.... where did she get her confidence?"

“How dare you look down on the young miss?”

“I wonder if she’s still breathing. Isn’t it because the young miss shares the same bloodline as her that she’s allowed to live until today?”

“What a joke!”

“This kind of woman really doesn’t know what she’s doing!”

“Taking the young miss’s kindness for granted?”

“...”

Those harsh words were like needles that pierced into Emilia’s ears.

However, she was still smiling and didn’t want to pay attention to it!

She was once glorious, and so she could accept the current humiliation!

Once she had gotten over it, everything would naturally be fine!

“Stop right there!”

Jessica Wright Davis went berserk. Those words that ridiculed Emilia were also ridiculing her incompetence!

How could she endure this?

Then, she rushed forward, grabbed Emily’s shoulder, and gave her a tight slap!

Bak --

She had used up all the energy in her body to slap Emilia!

The thunderous sound silenced the entire venue!

All Emilia could feel was a burning pain on her face. The rest of them could see that her face had completely swelled up.

Tears welled up in her beautiful eyes, but she held it in!

It was not because of the pain but ...

She felt humiliated!

It occupied his entire heart like a tide!

She looked blankly at Jessica Wright Davis, who had a smug look on her face. She really wanted to slap her back but ...

In the end, reason triumphed over Impulse!

She knew that if she retaliated, the Davis siblings would spare no effort to deal with her husband!

Therefore, she had to suppress her anger!

“Is that enough?”

“Haven’t you caused enough trouble?”

With tears in her eyes, Emilia laughed and shouted, "If this isn't enough, if you think there's anything else you can take from me, you can take it all!"

"I just want to live the rest of my life in peace. Don't bother me like a demon anymore!"

How much pain and suffering did this cry contain?

Perhaps only she herself knew!

"It will never be enough!!!"

Jessica Wright Davis roared with a red face, "If you want me to forgive your rudeness, you'll have to kneel on the ground and crawl in like a dog!"

She was infuriated!

The more stubborn Emilia was, the more displeased she felt!

So ...

She had to completely crush the pride in Emilia's heart!

"You ..."

Emilia never thought that the other party would propose such an outrageous condition and the anger in her heart rose!

It wasn't that she didn't have a temper!

She was just restraining herself!

Being forced to such an extent, her beautiful eyes were filled with unwillingness as she confronted the ferocious-looking Jessica Wright Davis!

The atmosphere at the scene was extremely tense.

Everyone remained silent!

At the same time, a taxi that was travelling at the fastest speed.

Oliver Walker said to the phone in a deep voice, "Are you all ready?"

"I'll say it one last time, I want all the shares of Davis Group after it gets listed!"

"I want Davis to lose his management rights over Davis Group!"

Chapter 283 The Stubborn Woman

He has already told grandpa about this. At this point, there's no one worthy of respect left in Davis.

Therefore, after returning from the Crouching Dragon Mountain Cemetery, Oliver Walker no longer felt guilty for doing these things.

He could choose to not do anything about it.

But, once he made a move, he would definitely keep the Davis's head low for the rest of their lives.

"Master, don't worry!"

“I’ve ordered the sniper team to be on standby for the next 24 hours. They’ve also prepared 50 billion in cash. It’s enough to empty the entire Davis Group!”

“As long as you give the order, I’ll make a military pledge to kick all the employees of Davis Company out of Davis Corporation within seven days!”

Who was he?

Luke Adams was one of eight gods of wealth in the country. His worth was ranked in the top 50 of the richest men in Forbes.

He had a large amount of funds in which he could mobilise.

To him, 50 billion was just a drop of water in the ocean but he could crush Davis to the ground with an absolute advantage and ruthlessly grind them.

The stock market?

Forget about the Davis Group.

Even if there were a hundred of them, what could they do against Luke Adams?!

All of them were just ants that could be crushed to death at any time!

“En!”

Oliver Walker hung up the phone and did not speak again!

He was ready. Next, he would be waiting to see how the Davis would beg for mercy.

“Brother, you’re blowing your own trumpet a little too much!”

The taxi driver said half-jokingly, “Davis is the best and oldest company in Colorado. Tou ... You must be joking, right?”

“Let’s wait and see!” Oliver Walker said with a smile on his face.

The taxi driver stopped the car. Although he was disdainful in his heart, he had seen too many people like this who bragged.

Last time, he even had a passenger talking about a project worth millions.

However, he couldn’t even afford the 20 yuan bus fare.

In the end, he used WeChat to transfer three Yuan and the rest of them were paid with his other bank account. He had gathered the money from two bank cards.

“We’re here, boss!” He said with a smile.

“You’re going to buy Davis soon. I’m sure you’ll be able to afford the 38 yuan bus fare, right?”

Oliver Walker opened the car door, took out a hundred dollars, and threw it into the car without saying a word!

Leaving his backside for the driver.

“Tsk!”

The driver picked up the 100 yuan and sneered to himself, “You’ll only be able to do this for the first three days after you get paid. You’ll be rich for the first three days and end up a beggar for the rest of the month.”

“What kind of people have I not seen?”

“Why do you have to put up with such an act?”

That’s right!

For those who are truly wealthy, wouldn’t they have a group of men following them?

He should at least be travelling in a Maybach, right?

Why would he be taking a taxi?

At that moment, the atmosphere at the entrance of the hotel was extremely depressing!

Emilia did not say a word but she didn’t lower her head as well!

Her life could be taken away at any time but no one was allowed to take away her dignity.

The only reason why she did not fight back was for the sake of her husband.

However, at this moment, her pretty face was filled with anger!

“How dare you still stare at me?!”

Jessica Wright Davis burst into a rage out of humiliation. She had been waiting for Emilia to give in, but until this point, she didn’t get what she wanted. She had lost her patience and roared, “Men, tie up this b * tch!”

“I’m going to smash her face today!”

If she couldn't even suppress the downtrodden Emilia, wouldn't she become the joke of Colorado?

Therefore, she ignored everything else.....

"Yes!"

After nodding, the two bodyguards also rushed forward!

Each of them held onto Emilia's arms!

The rest of them who were watching it sneered with arrogance!

"Jessica Wright Davis, you'll get your retribution!"

"You ...You ..."

Emilia struggled with all her might. They've already tortured her mind and now they were going to torture her body as well.

This was simply.....

This wasn't something that can be tolerated!

"Hahaha ..."

Jessica Wright Davis took a step forward with a victorious posture and sneered, "Retribution?"

"If you have the guts, then let it come!"

“Davis is the God of Colorado. What retribution will I be receiving?!”

“Now, your retribution has arrived!”

She waved her hand with a fierce look on her face. “Watch how I crush your pride!”

Unable to move, Emilia could only watch in grievance as the slap came flying towards her face!

However, there was no fear in her beautiful eyes!

She had to remain strong.

Her pride would never allow her to back down now!

“It’s so f*cking funny!”

“It has already come to this and she would rather suffer for her pride?!”

“Hmm, women like her are like a stone in the latrine pit. She’s smelly and hard!”

Chapter 284 Losing Their Protection

“Who did she have in mind that would save her like a hero?”

“What a joke!”

“She still thinks she’s the number one goddess in Colorado!”

“Hahaha ...”

The rich people at the scene laughed wildly.

After all, their agreement could bring Jessica Wright Davis the pleasure of revenge!

In fact, it was indeed so. In Jessica Wright Davis's vicious eyes, it was as if a volcano had erupted!

However, just as the palm was about to land on her face...

"Whoever bullies my wife will be facing death soon..."

A thunderous and angry voice, which seemed to contain the aura of thousands of soldiers and horses, rumbled at the entrance of the hotel!

In that instant ...

Everyone was stunned!

Jessica Wright Davis stopped as well!

"Hubby!"

Emilia's aggrieved eyes were filled with bitterness and gratitude. She was ready to accept everything that was coming her way but she didn't think that...

He would be here!

She only felt the warmth in her heart flowing through her entire body!

She felt that...

Everything was worth it!

“You again?”

Jessica Wright Davis gritted her teeth and roared, “Since you’re here, let’s settle everything once and for all!”

“Catch him!”

Her body was trembling with anger!

After all, she had lost to Oliver Walker on multiple occasions. This time, they were at her territory and she had the support of the first war god. What was there for her to be afraid of?

How dare this wild dog still act so arrogantly?!

This is f*cking ridiculous!

“Go!”

“I’ll cripple you for threatening the young miss!”

“Motherf*cker, you don’t know what you’re doing!”

“...”

In an instant, more than a dozen bodyguards rushed forward fiercely!

They waved the rubber baton in their hands and aimed for Oliver Walker's head, heart, and the other vital parts of his body!

"This wild dog actually dares to be so impudent?"

"Motherf*cker, you don't know what's good for you!"

You still dare to challenge Davis's power?"

"He just feels unhappy that the Davis Group is getting listed!"

"But there's a price for him to pay just because he's feeling unhappy!"

"..."

Most of the wealthy Colorado businessmen who were watching had witnessed Davis's grudges.

They really couldn't figure out why Emilia, who was so charming back then, would protect a pretty boy.

If she had married someone rich, how would she have ended up in this state?

However, they did not expect that Oliver Walker would have the courage to appear so suddenly!

But.... to be the hero saving the beauty required strength!

Otherwise, he would only become a laughing stock!

Bang bang bang --

“ ... ”

“Argh ... It hurts ...”

“Boom ...”

However, the next moment, the furious Oliver Walker fought like a phantom. No one knew how the bodyguards were defeated!

In short ...

In the blink of an eye, everyone had been knocked out!

This scene shocked the wealthy merchants in Colorado!

All of them quickly moved backwards.

They were afraid of being implicated!

The entire scene turned quiet and even Jessica Wright Davis was stunned!

“You ...Don’t come over ... Ah ...”

“You ... You ... Your wife is still in my hands!!!”

The two bodyguards of David even planned to use the hostage to threaten Oliver Walker.

However, the burning anger in him...

He would never allow others to threaten him!

“Get lost!”

Oliver Walker shouted and grabbed the shoulders of the two bodyguards with both hands, throwing them at least ten meters away.

The loud thud heard when they landed on the ground was enough to show how painful it must have been.

The night ...

Was finally here.....

Revenge ...

Is also a dish best served cold.

The Davis would suffer the anger that Oliver Walker had been suppressing all these while.

The late old master would no longer be their protective talisman!

Chapter 285 You asked for it!

When all the bodyguards fell to the ground, everyone present was completely stunned!

How good was this guy at fighting?

How?

I don't understand, this is unbelievable!

"You ..."

Emilia could no longer hold back the tears in her beautiful eyes as they slid down her cheeks. "What are you doing here?"

Her petite body was trembling!

She didn't know why but she was inexplicably touched!

This man would always appear in front of her at the most critical moment!

It was as if he was her exclusive guardian angel!

"I should be the one asking you that!"

Oliver Walker could not laugh. He only felt a lump in his throat. "Why didn't you tell me?"

In fact, he had investigated the recording of the call and after listening to it, he felt even more angry.

William Davis was out of control. He even threatened his wife with his life!!

"I ..."

Emilia choked and she couldn't say anything at all. She wanted to keep all her grievances to herself. "Please don't ask about it anymore.....alright?"

She knew her husband's character very well. If she said it, he would really fight them to death!

It wasn't that she had deep feelings for the company.

Instead, she was afraid that her husband was alone and had to protect the entire family. She was afraid that he wouldn't be able to split himself.

"Alright ..."

"I won't ask about it anymore."

Oliver Walker only felt a lump in his throat. There was no need to ask any other questions. He reached out and touched the left side of his wife's face where a clear handprint can be seen. His heart was trembling!

"She's my wife. I can't even bear to touch her!" He shouted angrily.

"Who was it?"

"I, Oliver Walker, am right here. If you have the guts to admit, step out here right not!"

His wife had suffered so much.

Plus, he was not going to continue to allow the Davis to continue for the sake of their late grandfather!

The entire place turned quiet!

At this moment, Oliver Walker was like a god of death. The viciousness on his body soared to the sky. Why would anyone risk their lives now?!

Even if they wanted to please Davis, they would still have to be alive for it!

Emilia's phoenix-like eyebrows furrowed tightly ...

There were thousands of words in her heart but she could not say them!

Aggrieved!

She felt touched!

All the dignity that she lost instantly returned to her heart!

"I ... I ... I was the one who hit her!"

At this moment, Jessica Wright Davis recovered from the shock!

However, she wasn't afraid; or rather, she pretended not to be afraid for the sake of her own reputation. She even raised her head and said in a high-pitched cold voice, "Wild dog, do you know what day it is today?"

"If you dare to cause trouble here, you will die without getting the chance to say your last words!"

The others who were present slowly calmed down as well.

That's right!

How could Jessica Wright Davis be afraid?

Davis was the star tonight and was like the brightest star in Colorado!

After all, the first war god would personally come to the stage!

Oliver Walker, if you dare to cause trouble at this time, aren't you courting death?

When Jessica Wright Davis was done, the rest of them couldn't help but shiver. They could clearly feel a cold aura ...

With Oliver Walker as the centre, the aura spreaded out in all direction!

"You can say ... Forget it!"

Emilia knew that her husband was pissed so she quickly went up to calm him down or the consequences would be unimaginable!

Even if she wanted to regain her pride, she....

Was it still that important to her?

At least, when compared to her family...

"Honey!"

"Tonight's matter!"

"We shall not let them get away with this!"

Oliver Walker enunciated each word as he locked his sharp gaze on Jessica Wright Davis. He said coldly, "You asked for this!"

Everyone in the audience gasped!

What was this guy trying to do?

Could it be ...

Jessica Wright Davis panicked as well but she didn't want to lower her pride. Instead, she took a deep breath and said with a trembling voice, "You ... You ... Don't you dare!"

"The first war god would be coming tonight ..."

The number one war god was her greatest supporter!

No...

He was the support of the entire family and the one who would help them reach a higher status!

She didn't believe that the wild dog in front of her would still dare to do as he pleased after using the name of the first war god!

After all, he knew that this wild dog had retired from the front lines.

But...the first war god?

Chapter 286 The Arrival of the First War God

He was the number one man in the military, whose name shook the world!

"Ha ..."

Oliver Walker snorted coldly and immediately slapped Jessica Wright Davis with the back of his hand.

Slap --

“AHHHHHH!!!!”

“Boom ...”

First, there was a crisp slap, followed by a miserable cry!

The Colorado magnates at the scene witnessed with their own eyes how the side of Jessica Wright Davis’s face split open and blood splattered everywhere. Then, her body flew into the hotel from the entrance like a kite with a broken string!

Her body twitched twice before she completely passed out.

No one knew if she was still alive!

But ...

Was it really important?

The important thing was that this wild dog that Emilia raised really had the guts to do anything!

“You ...”

Emilia’s face was deathly pale and her expression was dazed. She said completely subconsciously, “Leave right now! This matter is getting out of hand!”

“Go as far as you can and never come back!”

She knew how bad her husband’s temper was!

It was also something that she could not control at all!

But was it the same before and now?

The first war god would be attending the banquet later!

“I’m not going anywhere!”

After taking back the slap on his wife’s behalf, a faint smile appeared on his face. “Give me your hand!”

Forget about the first war god.

Even if it’s the King, no one is allowed to bully his wife!

Each dragon has their own weaknesses and once provoked, they would be killed.

In the past, Davis had only tortured his wife with the ban but they have never laid hands on her. Now that they’ve done so.....

Then ...

Oliver Walker will no longer be polite!

There was a wooden expression in Emilia’s beautiful eyes. Without even thinking, she held the hand that her husband had placed in front of her!

Trust!

This was the trust that a married couple should have!

The rest of them who were watching were still unable to say a word. They stood rooted to the ground like walking corpses without souls!

The shock that Oliver Walker had given them was enough!

But ...

What were they doing now?

“I’ll walk you inside.”

Oliver Walker’s aura exploded. He held his wife’s hand and strode forward majestically!

At this moment ...

It was as if they were the only people in the world!

He only had eyes for his wife!

As for those who were waiting to watch the show, they were nothing but ants!

Jessica Wright Davis thought that the first war god was her support!

Even the entire Davis family had put on such a show because of this reason!!

Little did they know that Oliver Walker was the man behind the first war god!

They ...

They have offended someone he shouldn't have!

The final result would be self-destruction!

"Hurry ..."

"Inform them about this!!! Oliver... Oliver Walker ... They've barged in!"

"I ... I ... We can't stop them!"

"..."

As they walked into the banquet hall, Oliver Walker and Emilia had faced resistance from the guards of the Davis family.

However, Oliver Walker just repeated his actions mechanically. He waved his palm and their enemies fell to the ground.

Emilia had been here at Colorado Hotel more than once. However, this was the first time she had been there since she left the company!

She had never expected that....

They would be charging in such a forceful manner!

Right now, her mind was completely blank. She only knew that her husband was pissed!

And his monstrous anger could not be extinguished!

'This is ...'

Are you going to fight to the death?

In the conference room of Colorado Hotel!

As the dinner hadn't started yet, the people from Davis Company didn't step out of the banquet hall to welcome the guests.

With the support of the first war god, why did they have to court these people?

"No accidents are allowed today!"

"The first war God's arrival will determine whether we, Davis, will rise to a higher level!" Micheal Davis said solemnly.

"It would determine if we could jump out of this small city!"

Chapter 287 The Man Who Tortured My Daughter!

The people sitting on both sides were from the Davis Company!

Ever since the old master passed away, Ma'am. Davis also announced her abdication. After she retired, the entire company was led by only one man.

Instead of saying that Davis was a big company with more than 30 people, it was more like the personal home for Micheal Davis!

This was because every member on the board had to listen to him or else.....

Emilia's family was already the best example of it.

“Dad!”

“Just relax!”

William Davis patted his chest and said with confidence, “The hotel’s security personnel have been replaced by Davis’s own bodyguards. There’s absolutely no problem!”

“Moreover, those Rascals are already trembling in fear just from hearing the name of the first war god. Who would dare to come out and cause any trouble? ”

Soon, his words were echoed by the people from Davis Company.

After all ...

That was the truth!

Even if someone wanted to lay their hands on Davis, would they dare to challenge the first war god?

He was.....

The most powerful man in the country today!

It wasn’t an overstatement to say that no one would be able to stay alive if the first war god wanted them dead.

He was even more powerful than the King of Hell!

“En!”

Micheal Davis's tense nerves slowly relaxed, and a slight smile appeared on his serious face. "Our achievements today shall be recorded in the company's history!"

"The younger generation will all remember me!"

Was there anyone who didn't want to be remembered forever?

And he ...

He was about to achieve this!

If tonight's banquet could successfully come to an end, then Davis would be unstoppable!

"Big brother, not only in the company's history, even future generations in Colorado! You will be an overachiever whom no one will forget!"

"That's right, that's right! Uncle is the only person who can even control the weather of Colorado?!"

"I agree!"

"..."

The men of the Davis company's people quickly flattered him!

In fact, Micheal Davis was the second son of the Davis family, but the title of the second brother obviously had some ambiguity.

Therefore, after he kicked Isaac Davis out of the company, he forced everyone to acknowledge that he was the eldest!

“Hahaha ...”

In the meeting room, it was harmonious, and smiles were blossoming as if it was spring.

Everyone was dreaming of making a fortune!

“Sir!!!! The chairman... It’s bad!”

Just then, a bodyguard of David barged into the meeting room, panting heavily.

After all, Micheal Davis’s phone was always on silent during meetings.

Therefore, there was no way of communicating with them. The bodyguards could only barge into the meeting room!

“Hu hu hu ...”

After the bodyguard finished speaking, he was so tired that he started panting heavily.

In fact ...

The main reason was that he was feeling scared!

After all, Oliver Walker was really a ruthless person!

“What is it?”

“Why are you panicking?”

Micheal Davis’s face darkened, and he asked in a cold voice, “This is improper!”

Davis was going to overtake Leon Williams and become the number-one company in Colorado.

They even had the qualifications to challenge the biggest company in the country!

The appearance of the bodyguard attracted everyone's attention. Everyone was waiting anxiously.

After all, they couldn't figure out who else would dare to cause trouble tonight. After all, Davis was a powerful family with a long history.

In this small city, the only person who could suppress them was Leon Williams.

"Hu hu ...Huu ..."

"Sir ..." The bodyguard's face was full of fear. "The young miss was ... She had been seriously injured and was ... sent to the hospital ...She got admitted to the ICU!"

ICU?

That was the intensive care unit!

Other than doctors and nurses, only a dying person would enter this place!

Most of the patients who entered it would have difficulties coming out, or else they would be sent to hell!

The atmosphere in the meeting room suddenly turned tense!

It was as if a sword had locked onto one's throat, giving off a huge pressure!

The smile on Micheal Davis's face gradually faded and was replaced by thunderous anger. "Who is it?"

"Who is it?"

"Who dares to go against Davis?"

"Who would dare to be so cruel to my daughter?"

This was crazy!

Chapter 288 Davis Taking A Stand

This was crazy!

His eyes turned red!

"It's ... Oliver Walker ..."

"Along with ... Emilia... At this moment ... He's currently in the banquet hall ..."

The bodyguard was so tired that he stuttered but he managed to finish his sentence!

This news was like a Thunderbolt on a sunny day, causing an uproar in the meeting room!

"Wild dog!"

"Wild dog!"

Micheal Davis clenched her fists and roared with a ferocious expression, "He ... How dare he do such things?!"

“How dare he?”

In fact, no one present could understand it!

Who dared to cause trouble tonight?

Just how much courage did that man have?!

He’s asking for death!

He was simply asking for it!

“What were you guys doing?!”

“I’ve been paying all of you so much money from the company every year. Why can’t you deal with one f*cking wild dog?!”

William Davis roared hysterically. After all, he had just promised his father that nothing would happen.

But in the next second ...

Jessica Wright Davis was in the intensive care unit!

The one who had attacked her was not subdued and was now instead inside the banquet hall!

Wasn’t this f*cking nonsense?

“He ... He’s too strong!”

The bodyguard felt extremely wronged!

There were at least 50 security guards at the scene but they were all knocked down one by one.

Most importantly, no matter if they attacked together or one by one, none of them could hurt Oliver Walker.

Instead, they were all sent flying by a single slap!

“I’d like to see how insolent that wild dog is!”

Micheal Davis took a look at the time. It was half past seven. There was still half an hour before the arrival of the first God of War. It was enough time to solve all the problems.

“Gather all the men here!” He roared. “Get all the bodyguards that can be mobilised to put down all their work and report to the Colorado Hotel immediately!”

After leaving behind a vicious sentence, Micheal Davis left with a heart full of anger!

Soon after, the people from Davis Company left one after another!

“I’ll definitely kill you!”

“I will definitely do so!!!”

William Davis was on the verge of exploding from anger. His original intention to invite Emilia here was so that she would be humiliated!

In the end ...

Emilia informed Oliver Walker about this!

The most f*cking thing was that this wild dog was really gutsy enough to actually go against Davis!

He exploded with rage!

He was indeed feeling infuriated!

How he wished he could skin that hateful wild dog alive and make a dog meat hotpot!

But even so, it still couldn't dispel the hatred in his heart!

As for the others, they had the stereotypical thoughts of those from the Davis company's people. They felt that Emilia was not worthy of them fighting for. She should be kneeling on the ground and grateful to them for not killing her!

How dare she fight back?!

At this moment, in the banquet hall!

There was complete silence!

No one could understand what was going on!

All of them were dumbfounded as they looked at the ice-cold Oliver Walker standing on the stage, and Emilia who was looking worried.

So ...

What was happening?

Are they trying to cause trouble here?

How dare they?!

Who gave him the courage?

Leon Williams was the only one who was calmly sipping on his wine, waiting to see what would happen to Davis.

He couldn't deny that when he found out that the first war god was going to be on the same side of the Davis, he was indeed in a state of shock and fear for the entire night.

But now, the person whom the first war god had addressed as master was standing behind the stage with his wife ...

He finally understood what was happening!

The first war god wasn't here to congratulate Davis Group on its listing!

They were here to end the Davis!

Tap tap tap --

At this moment, a series of messy and hurried footsteps came from the elevator.

It was the men from the Davis Company led by Micheal Davis!

Was the main show finally going to take place?

Chapter 289 They Fell For Him

“Impudent!”

“Hurry up and get down from there!”

“Is that a place where you’re supposed to be at?!”

“Wild dog!”

“...”

In an instant, the people from Davis Company, who were dressed in suits and leather shoes, were completely enraged!

They started spewing their saliva at Oliver Walker and Emilia, who were on the stage. If saliva could kill people, they would have killed the entire audience.

They were furious!

They were feeling completely enraged!

The only person who could stand on the stage tonight was Micheal Davis. He was the brightest star in Colorado now!

Moreover, that stage was used to welcome the first war god. How could Oliver Walker and Emilia get a share of it?

This was a great disrespect to Davis, a contempt for the first war god!

However, they had neglected one point. Oliver Walker had fought his way in, would he still care about all these?

Micheal Davis and William Davis's faces were extremely gloomy. There were sparks that were about to come out of their eyes.

This was

Emilia's phoenix-like brows furrowed slightly. She finally sobered up a little when she became the centre of attention.

Then, he turned around and looked at her husband. This man ...

What was he doing?

The spectating Colorado tycoons were all confused as well.

None of them understood what was going on!

It was really hard to understand!

"Are you feeling unhappy about this?"

"Well ..." Oliver Walker said coldly.

"Whoever isn't convinced can come up to this stage and we can have a good talk!"

This one sentence was enough!

The entire crowd turned quiet.

Those from the Davis company's had also calmed down as well. Their reinforcements had not arrived yet and the Davis bodyguards that had been placed in the hotel had all been taken down!

Was there anyone who dared to go on stage now?!

Even a fool could understand that Oliver Walker didn't want a conversation, he wanted a fight!

Micheal Davis and William Davis gritted their teeth in hatred but ...

In the end, reason triumphed over Impulse!

To put it nicely, a little impatience would mess up their big plan!

To put it bluntly, they were just cowards who wanted to wait until reinforcements arrived!

Oliver Walker's cold eyes swept across the silent audience and a mocking smile appeared on his face.

"Since you guys have no objections to me and Emilia standing here ..."

"Let me say a few things....."

He took a step forward, walked to the microphone, and seemingly casually adjusted it!

Until now, there was no noise at all from the crowd.

What was he going to say?

Was there anything that he could say now?

"Hello?"

Oliver Walker tried the sound system and then said jokingly, "Well, this doesn't sound too bad."

What did he mean by it wasn't too bad?!

William Davis was anxious. This was the world's top sound equipment in his collection and it was brought all the way here.

A complete set would cost tens of millions!

In the end, according to Oliver Walker, it was just average?!

This motherf*cker, was he here just to piss him off?!"

"Davis Group is going to be listed!"

"I've personally witnessed this company grow and prosper in my wife's hands."

"But that gave you the confidence to turn against her."

"Alright then...."

"But ..."

"That's already in the past!"

Oliver Walker's voice became colder and colder. He did not want to come to this.

But ...

There was a dead silence. Everyone knew that when the old master was in charge of the Davis Group, it was not as glorious as it was now. Ever since Emilia took over, the company reached its peak.

The Davis Group today had not improved since eight years ago. Instead, it had been surpassed by Leon Williams.

This already showed that there was an issue!

For a moment, all eyes were on him and the faces of the employees of Davis Company looked extremely ugly!

Micheal Davis, in particular, took a deep breath and said in a deep voice, "You! What are you trying to say?"

They were only trying to delay everything else while waiting for reinforcements.

No matter what, he had to eradicate this disaster forever today.

He had to admit that he had underestimated the man in front of him!

It was no wonder that his children would fall for Oliver Walker's tricks!

Chapter 290 The Fleeting Sound

In fact, Emilia had the same confusion. Why did he bring up the past?

It was impossible to go back to the past!

"Since you guys can't manage the Davis Group well, I can only help take back the management rights for the sake of our grandfather and hand it over to Emilia!"

Oliver Walker said coldly, "I'll buy as many shares as you are going to put out in the market."

"If you don't believe me, just wait and see!"

Everyone was stunned by his words!

This ...

Was he really not afraid of being struck by lightning?

He was too arrogant!

“You ...”

“Calm down!” Emilia whispered with a slight frown.

She knew that most of what her husband said was out of anger!

After all, the Davis Group had a market value of several billion.

Once it got listed, as long as they could still operate smoothly, it was likely that the market value would double!

Therefore, it was very likely to exceed 10 billion!

“I’m serious!”

“It all depends on whether you’re willing to take over the Davis Group since it is a mess right now.”
Oliver Walker smiled.

To him, anything that was related to money was meaningless.

In terms of wealth, no one in this country could surpass him!

Even though he didn’t do much everyday, he had shares in all of his eight disciples’ corporations.

The proportions that he got were not little as well!

However, most of the money he received was used for charity.

It was no exaggeration to say that he was the richest man in the country!

It was also because of this that he could be indifferent to fame and fortune.

He already had things that he deserved and those that he should fight for.

What he lacked wasn't material things but emotional debts!

“...”

Emilia hesitated. In fact, she had finally calmed down.

However, when she saw her husband's eyes, she finally nodded without hesitation.

In fact, she didn't believe it but she was still willing to cooperate.

Even if it was a big lie, so what?

The person who was lying to her.....

Was Oliver Walker!

“What a joke!”

“Do you know the market value of the Davis Group right now? ”

“Stop bragging!”

“If you were really rich, would you still be living in the slums?”

“He really doesn’t know what’s good for him!”

“...”

In an instant, the people from Davis Company, who were extremely angry, no longer cared about the occasion and began to curse.

All the Colorado businessmen present also revealed a mocking look on their faces.

Not to mention the people from Davis Company, they were about to die of laughter!

What was this man saying?!

Did he really think it would be that easy to take control of a group?

“As long as you want it, I can change the Davis group’s owner within three days!” Oliver Walker said with a smile.

Was this a lie?

Of course not!

Once it was listed, Micheal Davis would have no say in it!

The stock market could double the market value of a company but it could also quickly cause a company to fall and change owners!

He was very clear about Luke Adams's ability!

"Wild dog!"

"Do you know that the Davis have the support of the first war god?" William Davis roared.

"You're merely a soldier. Even though it's hard for you to come into contact with someone of that level, you should have heard the title of the first war god, right?"

The spectating Colorado tycoons nodded in agreement.

Even if all the businessmen in Colorado joined forces, they would not be able to suppress the Davis Group, let alone Oliver Walker.

After all, the power behind the first war god was too great!

Forget about just those in Colorado, there wasn't anyone in this country that wouldn't respect the first war god!

That was because the first war god had an army of hundreds of thousands of soldiers under his command. He had power in his hand and naturally had a strong backbone!

"Wild dog?"

Oliver Walker sneered and kicked the audio system at the edge of the stage with his left foot.

The sound system, which was about half the height of a person, directly flew towards its target with a 'whooshing' sound!

“Your mother ...”

William Davis’s eyes widened in shock and he immediately cursed. He was dumbfounded when he saw the sound system flying toward him!
