

## **Chaplain 331**

### Chapter 331 The Most Loyal Dogs

“Move!” Emilia shouted.

When she spoke again, her voice was much sterner.

She didn’t come back as a member of Davis family but as a major shareholder.

She would not tolerate all the vexations that she had suffered in the past!

“Yes ...”

“I’m sorry, Ms. Davis!”

“We apologise for offending you!”

“...”

In an instant, the bodyguards moved aside!

The valiant and heroic Emilia did not even look at them as she took a step forward, ready to step into this cold group that she had left for eight years, for which she had given up her youth, all her hard work, and all her blood!

“Fake!”

“It must be fake!”

Soon, one of the bodyguards came back to his senses and screamed, “Damn it, stop that b\*tch!”

“She? How could she have the shares of Davis Group?”

The moment these words were said, everyone became clear-headed!

He waved his hand to stop her again ...

Emillia took a deep breath and a hint of helplessness appeared in her beautiful eyes.

These bodyguards were obviously the most local men that Micheal Davis had!

It was obvious that he wanted to make things difficult for her!

“Good job, Emilia! How dare you forge the share transfer agreement and break in through the entrance?!”

“You’ve committed a crime!”

“This time, no one can save you!”

The man roared even more arrogantly.

He knew that the share transfer agreement was real.

After all, there was an official seal on it!

Moreover, what was the point of Emilia coming to the corporation with a fake share transfer agreement?

However, he could not allow Emilia to walk through these doors unharmed!

So even if they knew it was true, they had to brace themselves and stop him!

“Even if you don’t recognize the share transfer agreement, you should at least recognize a fist as big as a clay pot, right?”

Oliver Walker, who had been silent all this time, smiled indifferently ...

Such a sneer made all the security guards and bodyguards present shiver!

“You ... What are you doing?”

The bodyguard captain’s eyes instantly became concerned!

He had clearly made a defensive fighting move, but in the next moment, there was a loud bang and he was punched in the face. A few of his teeth fell out and his mouth was full of blood. His body flew backward instantly.

‘Thump thump’.

“Ahhhhhhh!!!!!”

Then, with a loud scream, the bodyguard captain’s body was upside down in the garden!

Such a tragic scene caused everyone present to gasp.

This wild dog was really f\*cking ruthless!

“Honey!”

After Oliver Walker made his move, he immediately smiled and said, "Let's head for the Board of Directors meeting!"

Why did he follow his wife here?

Wasn't it because he was afraid that the people from Davis Group would make things difficult for his wife?

Therefore, it was fine for him to teach these dogs a lesson.

Would he suffer any consequences from doing so?

Of course not!

He had always been a cautious person.

Once he had made up his mind, no one could stop him.

Just like how he wanted to deal with the Davis family now and even Ma'am. Davis couldn't do anything to him, let alone Micheal Davis.

If they wanted him to stop, only his wife would be able to ask him to!

Either that or their grandfather would have to come back to life to stop him.

But ...

These were two impossible situations!

He knew his wife well. Although she had left the business world for a long time, she had been paying attention to the movements of Davis Group.

Seeing her and her grandfather, the empire that had been fought for by two generations, being run amok by Micheal Davis's family, she had been unhappy about it for the longest time!

She had always said that she wanted to live an ordinary life because she did not want to put pressure on him.

"Hmmm..."

Emilia's Phoenix brows furrowed slightly and thousands of thoughts ran through her mind. After a long time, she went to a place where no one was around and then said softly, "Hubby, I ... I hope you know how to control your strength."

She wasn't being pretentious but her husband might have been used to fighting on the battlefield which was why he had never shown mercy.

She wasn't blaming him. She just hoped that her husband would be able to control himself!

"I'm sorry!"

"I'll be more careful next time!!" Oliver Walker promised with a smile on his face.

Chapter 332 Get Them Out Of Here

Perhaps this was indeed cruel in the eyes of his wife but...

In fact, compared to true cruelty, it was nothing.

However, he couldn't blame his wife for this. After all, they grew up in very different environments.

His wife had grown up under the care of her grandfather while he had followed his master and travelled far and wide, using his fists to establish his authorities!

However, since his wife spoke up about it, he would naturally restrain himself.

“Phew ...”

Emilia took a deep breath. She didn’t know if her husband would listen to her but ...

She didn’t think that her husband had done anything wrong. It was just that he had become more violent in his way of solving problems.

However, she was not an idiot and knew that her husband was only doing this for her own good!

“Isn’t that Emilia?!!”

“It is!”

“And Oliver Walker?”

“Why are they here?”

“Have you returned to own up to your mistakes?!”

“...”

When Emilia and Oliver Walker appeared, they instantly caused a huge uproar.

There were all kinds of speculations and many people were pointing fingers at them!

But ...

Emilia held her head high and puffed out her chest, displaying the calmness she had when she was the General Manager of the Davis Group. She did not even turn her head and her pretty face was full of confidence as she walked up to the conference room on the top floor!

It was 9:30 A. M and the morning meeting should have started by now.

She wasn't late for the meeting!

In the conference room on the top floor!

All of the members of the boards of directors have arrived.

As far as one could see, there was not a single person who had a different surname amongst 15 of them who were inside the room.

In fact ...

Allowing the members of Davis family, who were just there to make up the numbers, to become the senior executives of the company was also the reason for the rapid decline of Davis Group after Emilia's departure.

This was because from top to bottom, they were taking away the group's profit and placing them into their own pockets.

There were only a small number of them who would actually work!

How could such an enterprise not go downhill?

“Good day, Mr. Davis!”

When Micheal Davis stepped into the conference room, everyone stood up but all of them greeted him with a casual tone.

It did not look like an actual corporation at all!

“Sit down!” He said.

Micheal Davis waved his hand. After everyone had taken their seats, he said coldly, “That wild dog actually dared to boast shamelessly last night in front of so many people, saying that he wanted Emilia to return to the Board of Directors?”

“Did he really think that I am someone that useless?!”

Today, Ma’am Davis had invited Emilia’s family to join them for her birthday banquet

This gave him a strong sense of danger.

Hence, it was necessary to give the people here a good beating.

Even if Emilia had come back by admitting her mistakes and flattering him, he was still the chairman of the group.

And his son, William Davis, was the General Manager!

The Davis Group was still in his hands!

“She ... wants to come back?”

“This is funny!”

“She probably got driven crazy by poverty!”

“Hahaha ...”

The next moment, the conference room burst into laughter.

“Ring ring ring...”

But before Micheal Davis could say another word, her phone rang. She pressed the answer button impatiently and shouted, “What’s going on?”

“Didn’t I say that you’re not allowed to call me during the morning meeting if there’s nothing special?”

Soon, the conference room fell silent!

When Micheal Davis heard the report from the front desk, his face turned green and he jumped up from her chair. “What?”

“Who allowed you to let them in?”

“They fought their way in?”

“He’s really lawless!”

The employees of Davis Company were all confused!

Was that Emilia?!

What for?

Why did she walk into this trap?

The veins on Micheal Davis's forehead were swollen. He roared loudly and said, "Then what the f\*ck are you still doing there?"

"Hurry up and gather the team! Arrest them!"

"I've really f\*cking raised you guys for nothing!"

Chapter 333 I'm Coming Home

The atmosphere in the conference room was extremely tense!

Could it be that Emilia had brought Oliver Walker back here to take revenge?

It didn't make any sense, did it?

William Davis was also anxious. What the hell was going on?

After all, Oliver Walker was really a complete lunatic!

If he decided to go crazy, all of them would be screwed!

Perhaps ...

This was because of his own guilty conscience!

Although Micheal Davis and his son had to bear the main responsibility of how Emilia ended up in such a miserable state, the people present ...

In fact, they were all responsible for it because there were many of them who stepped on Emilia when she was suffering.

Their days were also far from comfortable as compared to when Emilia was around.

Even though Emilia had done things swiftly and decisively in the past, they had still received their share of the profits.

However, Micheal Davis was becoming more and more stingy with his dividends.

But....they had no other choice!

It was Ma'am Davis's fault for siding with Micheal Davis.

"There's no need to call for help!"

The next moment, Emilia pushed the door open and entered. She said with a cold expression, "I'm here!"

She glanced coldly at the people from the Davis Group, and her face was expressionless.

Due to how she was kicked out of the company, and her name was also removed from Micheal Davis's family tree, the people present had no substantial relationship with her.

She no longer needed to be polite to them anymore. She was only back for business.

Then, Micheal Davis slammed the table in anger and said, "Good job, Emilia. How dare you break into the Davis Group? Do you know this is a crime?"

“If I call the police now, none of you will be able to escape the punishment of the law!”

Was the Davis Group a place where random people could come and go as they pleased?

Of course not!

After all, he had caused a ruckus at the banquet, angered the first war god, and even sacrificed his daughter! He had yet to settle his deep hatred.

Now that Davis Group has been successfully listed....

It was time for revenge!

“Call the police?”

A disdainful smile appeared at the corner of Emilia’s mouth. “Then I would like to ask Mr. Davis if your employee were to block you outside the door, what would you do?”

The truth was that.....

Emilia was no longer afraid of them!

If they really wanted to fight, those security guards and bodyguards would no longer be allowed to stay in this company!

“Hahaha ...”

“Are you crazy?” William Davis sneered.

“What kind of employee would dare to fight their boss?”

“My father is the chairman of the group. Let’s see if they have the guts to do so, even if they are given 10 times the guts of a leopard! They wouldn’t even do it even if they’re drunk!”

The atmosphere turned intense!

But everyone was amused by this sentence!

“Emilia, did you hit your head somewhere?”

“Hehe ...”

“This is really funny!”

“You’re speaking without your brains! Who do you think you are?”

“You’re actually saying things that you don’t even understand. Don’t you find it ridiculous?”

“...”

Emilia looked around at her former seven aunties uncles. All of their faces were filled with wicked smiles.

“You’re right.” She shook her head as she scoffed.

“They don’t have the audacity to mess around with you, but they have the guts to block by way.”

“If that’s the case, didn’t they bring this upon themselves and deserve to get such a beating?”

This question made everyone gasp!

They knew what kind of person Emilia was. Could it be ...

In an instant, a terrifying thought spread in the conference room!

On the other hand, Micheal Davis's face turned red and rebuked, "After talking for so long, what are you trying to say?"

Everyone perked up their ears.

He wanted to see what intention this woman has since she has already been kicked out of the Davis family!

At that instant, all eyes were also locked onto Emilia's gorgeous figure.

Chapter 334 Only Business Talk

She was the proud daughter of heaven who once caused all these people to tremble on their knees.

The woman who had just graduated from University and took over the old man's position, brought Davis Group to the number one position in Colorado with three years of hard work!

"Are you really that stupid or are you just pretending to be dumb?" Emilia replied coldly.

She didn't hold back at all because the people sitting here wasn't worthy of her respect!

"Impudent!"

Micheal Davis was so angry that his face turned purple. "You ..."

“How dare you speak to an elder in such a manner?!”

Everyone present knew how Emilia was. She might be arrogant but she would never say such hurtful words.

Now that she was forced to say such words, one could imagine how miserable she had been in the past eight years!

Oliver Walker laughed. He crossed his arms and stood behind his wife like a bodyguard.

He didn't say a word!

If his wife didn't even have the ability to deal with these people, how could she be called a proud daughter of heaven?

He really liked how his wife looked right now.

Even if he could only see her back, it was ...

It was enough for him to be satisfied!

“Eight years ago, I was kicked out of the company...”

“From the moment you announced that you would remove my family from the family tree, it was already destined that I would have nothing to do with you!”

Emilia spoke each word firmly, “I'm here today to join the meeting.”

“Business is business. We don't have to build a friendship between us.”

“So, it’s time for the meeting!”

Her words were like thunder that exploded in the conference room!

Join the meeting?

Did she turn crazy?

Even if the Davis Group went public, only 10% of the shares were left outside.

Who the f\*ck had the ability to acquire these shares on their own?

Most importantly, even if there was someone who could do so.....

It would be impossible for her to be the one since she was left on the street picking up trash when she got kicked out of the family!

After all, according to the current stock price, that 10% of the shares was worth 700 to 800 million Yuan!

What did Emilia pick up on the streets?!

A mountain of gold and silver?

“Impudent!”

William Davis was furious. “You are not allowed to leave this place today since you’ve violated the law. You barged into the group’s meeting and stole the Davis group’s trade secrets!”

This was a serious crime!

Once it gets prosecuted, it would constitute the crime of commercial espionage!

Not only would Emilia have to face a huge amount of compensation, she would also have to spend the rest of her life in jail!

Everyone couldn't help but look at William Davis. Although this young master wasn't very capable, his methods were no less sinister compared to his father.

Perhaps this was what it meant to have a student surpassing his master!

Then, they turned their gazes towards Emilia. They wanted to know how they were going to deal with this accusation that would most probably come true.

After all, there were surveillance cameras in the conference room.

if they lost any trade secrets, they would be the ones to Sue.

In addition, Emilia and Oliver Walker had fought their way in. So, their punishments wouldn't be a light one.

"Commercial espionage?"

"I'm sorry but I'm not interested in that!" Emilia said with a cold smile.

As soon as she finished speaking, she threw the copy of the share transfer agreement on the table.

Just as everyone was lost ...

"Mr. Davis, please open it and take a good look. These are the shares that I bought!"

“Do you have the qualifications to appear here?”

“Also, I would like to know how you’re going to punish the bodyguards at the door for stopping their new boss from becoming a shareholder of this board of directors?!”

In fact, she didn’t want to argue with them!

But today, these people were the ones that treated her with hostility!

Since that was the case, it was time to show her true abilities!

She was not a newbie in the business world who only knew how to act cute and play tricks!

They were both veterans who had gone through trials and tribulations who knew what to do!

Everyone took a deep breath and stared at the folder in shock.

Then ...

Could it be that these were really shares that they’ve acquired?

Chapter 335 They Have The Same Amount of Shares

William Davis was stunned!

He was completely caught off guard!

The first thing that came to his mind was that all of these were a scam!

How could Emilia have such wealth?

Didn't they say that they only had Oliver Walker's retirement fund?!

But why ...

These were all odd to him!

"Phew ..."

Micheal Davis's eyes widened and his body was trembling.

Even his hands started to reach for the folder in front of him uncontrollably!

He couldn't help but hold his breath. His uneasy heart also began to worry.

The company only knew that he had thrown out 10% of the shares, but in the end, in order to attract the capital predators in the dark, he had even thrown out the 10% of shares that belonged to his son, William Davis.

And the 20% shares were divided into more than ten acquisitions.

The largest sum was as high as 400 million Yuan, which was close to 8% of the total shares!

He was panicking!

He felt completely flustered!

"Mr. Davis, aren't you going to admit to this transaction?"

Emilia said jokingly, "In that case, I shall only go to the Securities Regulatory Committee of the country!"

Such threatening words made Micheal Davis shudder!

Securities Regulatory Committee?!

These departments were formed to monitor listing companies like theirs!

Once they know that a major shareholder was rejected from joining the Board of Directors, the committee would have the right to permanently block Davis group's stock market and be blacklisted as an untrustworthy company.

This was not yet the most terrifying thing that could happen to them. Most importantly, they would be fined!

With the mess happening at the Davis Group, even if he wasn't fined, it wouldn't be a smooth sailing journey for him.

Then, with an ashen face, he exhaled through his nostrils and said, "Hmph!"

"I'd like to see what kind of crooked trick you're playing!"

He kept telling himself to stay calm, but in fact, his hands were trembling.

The solemn atmosphere in the conference room grew!

It even gave people a sense of oppression!

It even felt difficult for them to breath!

On the other hand, Emilia and Oliver Walker had a calm expression on their faces. As long as Micheal Davis's mind was not occupied by stupidity, he would naturally know what to do after seeing this share transfer agreement.

Even if he pretended to be crazy and didn't admit it, he was just uselessly struggling from his death.

After all, she had already explained the solution very clearly.

If he didn't admit it, Emilia would report it to the Securities Regulatory Committee. After all, Emilia didn't care about anyone's opinions now.

Even if Ma'am Davis came, they would do whatever that seemed fit.

There wasn't a single bit of room for him to turn around!

"Big brother, what happened?"

"Dad, say something!"

"..."

The crowd was anxious because every minute and every second felt like torture.

They were feeling sick in the stomach.

"Pa da ..."

Micheal Davis gulped as he fell into a daze. He felt his head turn heavy and he took a few steps backwards with his light feet. If it were not for the chair behind him, he would probably have sat on the ground.

“Dad!”

William Davis quickly stepped forward and supported his father’s body. Then, he saw the official seal on the copy of the agreement along with the official seal of the Davis Group!

He didn’t have a good feeling about it.

“No!!!!!”

As if she had gone crazy, she picked up the copy of the share ownership agreement and tore it into pieces. “Fake!”

“This is definitely a f\*cking fake!”

“You actually dared to forge the share transfer agreement! This is an additional crime!”

Everyone in the Davis Company heaved a sigh of relief. When they saw Michelle Davis’s pale face, they thought that what Emilia had was authentic!

But now, they finally heard the result!

If Emilia were to return, would they be forgiven for what they had done?

“I don’t think you should be the one to decide if this is an authentic document.”

“Don’t you agree, Mr. Davis?” Emilia asked coldly.

This was another sharp rhetorical question, as if she was trying to kill someone!

Once again, it made everyone confused.

“Where did you get so much money?”

Micheal Davis was indignant as he raged, “How can you have so much money?”

He didn’t understand what was going on!!

Hatred!

There was also rage!

20% of the shares!

What kind of concept was that?

She held the same amount of shares as him!

They sold it for one billion last night and the price of their shares has risen to 1.6 billion now!

What does this mean?!

It meant that this woman found a billion yuan overnight!

No matter how foolish he was, he wasn’t really an idiot.

Chapter 336 Kicked Out Of The Meeting

It turned out that the strange situation in the stock market was because someone was controlling it from behind.

This ...

How terrifying was that?

“Ha!”

“I don’t think that’s something you should be asking. What you should be thinking about is whether or not I have the qualifications to join the Board of Directors!”

As for the rest of them who were on the board of directors....

They were dumbfounded.

They felt guilty.

This ...

This was terrifying!

Micheal Davis only felt a shadow looming over his heart!

Emilia gave people a strong sense of oppression that suppressed their souls!

“You ...”

Micheal Davis’s eyes widened but he finally gritted his teeth and said, “Congratulations on joining the Board of Directors!”

Deny the transaction?

Would it work?

Naturally not!

He finally knew why Oliver Walker dared to make such a big statement at the banquet!

He also finally knew why Emilia was so confident!

Micheal Davis was like a deflated ball. He did not feel good at all!

He was so exhausted that he was paralyzed on the chair!

Such a conversation had a huge impact on the hearts of the people in Davis Company!

This ...

What did that mean?

Emilia was going to ...

Was she going to return to the company with her head held high?

Motherf\*cker!

This was a scene that would pierce a hole through the roof.

William Davis felt as if a Fishbone was stuck in his throat!

After holding it in for a long time, he couldn't say a single word!

But was this everything?

Of course not!

The show had only just begun!

Emilia asked valiantly, "Since Mr. Davis welcomes me to the Board of Directors, what position do you think I should sit in with my current status?"

Her aura was domineering.

It was overbearing!

She was being too f\*cking straightforward with what she wanted.

However, they didn't know how much Emily had suffered all these years!

If it wasn't for her husband, who had helped her heal her broken wings, she would still be a little bird that had been injured by Davis!

She struggled helplessly!

She had to face all sorts of difficulties in her life.

She almost starved to death as well!

"You ..."

Micheal Davis was furious but she did not dare to confront him directly. She could only say with a red face, "Lucas, give her a seat!"

Lucas Davis was the son of his younger brother, which makes him William Davis's cousin!

Lucas was seated at the outermost position in the conference room.

He thought that Emilia would be satisfied with this.

But he was wrong!

He was ridiculously wrong!

After Lucas Davis stood up unwillingly ...

Emilia didn't even look at him. Instead, her gaze was locked on William Davis. A profound and beautiful smile appeared on her pretty face.

"What's wrong?"

"Are you telling me that you want my seat?!"

William Davis exploded. "I'm the General Manager of the group. Do you have the right to take this position?"

He was still acting arrogant!

Even after knowing Emilia's new identity, she was still unwilling to lower her noble head!

Asking him to give up his position?

To think that she would even think of this!

“As far as I know, you’ve also lost the controlling shares of the group, right?”

“This is the meeting for the Board of Directors and you don’t have any shares left,” Emiia said with a faint smile.

“No matter how high your position is, you’re just one of the employees in the group!”

An employee?!

These words were like needles, stabbing into Micheal Davis and William Davis’s hearts!

She wasn’t giving them any leeway!

However, Micheal Davis had overlooked one point. When he wanted to use the dispensable position of Lucas Davis to fool Emilia, he had not held back at all!

“You ....” William Davis was getting anxious.

“Move!” Micheal Davis shouted. He was afraid that things would get worse and quickly gave his orders in a deep voice.

“Dad, she ....” William Davis was unwilling to give up.

Micheal Davis roared with a ferocious expression, “I told you to get lost! This is an order, not a discussion!”

Chapter 337 I Want Your Seat

He didn’t want to leave?

Was that even possible?

Emilia's return was enough to cause a storm in the company.

What about Oliver Walker, who had never spoken but made others shudder?

Those who didn't speak were always the most ruthless.

Micheal Davis could see a lot of intimidating threats in that gaze.

"Phew ..."

All the employees of Davis Company lowered their heads.

At this moment, even the chairman had given in. How dare they say anything?

Wasn't this the same as walking right into the muzzle of a gun?

"Thump thump ..."

The unwilling William Davis stood up from the General Manager's throne and kicked the conference table.

He wanted to vent his anger but he didn't expect the damn table to be so strong. Not only did it not move, it also hurt his big toe.

In an instant, he bared his teeth and cursed, "Motherf\*cker ..."

In the end, he had no choice but to limp and occupy the seat of the man beside her. "Move!"

The middle-aged man was Micheal Davis's aunt ...

She was so frightened that she instantly stood up.

After all, whoever had the power in their hands was the biggest.

Seniority?

That was just a term that could only be mentioned between equals!

Everything that was happening before her eyes made Emilia extremely displeased. Those actions just now were clearly just to throw a tantrum at her.

This ...

How would she allow this to happen?

"He already gave you his seat."

Micheal Davis's face was red as he reminded her in a low voice.

After all, this was the Board of Directors!

"It's his duty to give up his seat!"

A hint of disdain appeared on the corner of Emilia's mouth and she continued, "But it's my freedom to decide if I want to sit on it or not."

Such tit-for-tat made William Davis completely displeased!

Was she toying with him like a monkey?

"This is the Board of Directors of the Davis Group." William Davis said angrily. "This man who has no shares, is staying here to eavesdrop on company secrets?"

These words ...

They were clearly targeting Oliver Walker.

After all, he had no reason to continue targeting Emilia.

Micheal Davis was suddenly enlightened and then he said in a deep voice, "Although my son's words are a little unpleasant to hear, they are the truth."

"Everyone here had an amount of shares of the company. He has none."

In fact, even though Oliver Walker did not say a word, there was an inexplicable sense of oppression as he stood there.

The only reason why Emilia was able to remain fearless was because of Oliver Walker, who was protecting her.

If they could get rid of that wild dog, then Emilia would definitely be more restrained.

By then, wouldn't they be able to control her?

Emilia's phoenix-like eyebrows furrowed ...

This was a board meeting and her husband had transferred all his shares to her. By right, she should not be in the meeting room.

But if she let her husband leave, wouldn't that be a little too unfair?

After all, he was the one who gave her the shares!

"That's right!"

"All irrelevant people must leave the meeting room!"

"Right! We can't have any special privileges!"

"Hurry up and get out!"

"..."

In an instant, after Micheal Davis and his son launched an attack, the rest of the people in the originally quiet conference room echoed.

After all, Emilia's return was definitely not good news for them.

As for the father and son, they may be nothing as well but...

They were stuck on this path and they had no other choice to continue on with the journey.

"Do you really not use your brain when you say such things?"

Just as his wife was in a dilemma, Oliver Walker opened his mouth with a calm expression. "Since I don't deserve to be here, then shouldn't William Davis get out with me?"

As soon as these words came out, the entire place fell silent!

Chapter 338

What the f\*ck does this have to do with William Davis?

But ...

Micheal Davis was the only one who panicked.

Could it be that this wild dog knew something?

His son had indeed thrown out all his shares!

In fact, the information of the shareholders of a listed company had to be made public.

Therefore, it was not difficult for them to find out about this!

"Impudent!"

"William is the corporation's CEO and the young master of the Davis family. How could he not have any shares?"

"I think you're a mad dog who bites whoever you catch!"

"This is too much!"

“...”

The conference room burst into an uproar once again!

Their faces were all red, and their voices were getting louder and louder as if they were expressing their loyalty.

However, after these words were said, Micheal Davis and his son became even more flustered.

If Ma'am Davis knew that William Davis had sold his shares, the consequences would be ...

It would be unimaginable!

“I think William Davis knows best whether he has any shares with him.”

The corner of Oliver Walker's mouth curled up into a smile. Although he was talking about William Davis, his eyes were actually looking at Micheal Davis.

This ...

His intentions were obvious.

He knew that William Davis couldn't wait to kick him out. Micheal Davis was definitely trying to make things difficult for his wife.

So, either we go out together or ...

They shall stay behind together!

If William Davis had gone out, his father, Micheal Davis, would definitely not have had the audacity to act rashly. After all, his son could not escape from Oliver Walker.

Micheal Davis's face turned ugly!

This was a huge problem for him!

At the same time, William Davis, who had been caught red-handed, had no choice but to dispel the situation with a gloomy expression. "Dad, I'll go out for a smoke first."

His expression was as ugly as it could get.

After all, he couldn't just say he had no more shares, right?

He hated this.

But... What could he do?

"En!"

Micheal Davis nodded his head, and his expression relaxed a little. His son was not a useless one, after all. In fact, he was quite smart.

After getting permission, William Davis unwillingly got up from his chair, which had not yet warmed up, and strode out the door.

Emilia seemed to have understood something and looked at her husband with a shocked expression.

Oliver Walker returned with a smile. The meaning in his eyes was obvious, and they were telling her to do whatever she wanted.

After all, he had been away for eight years. Now that he was back, he had to do something meaningful.

Emilia bit her red lips and nodded. Her husband's support was the biggest source of her confidence.

So after seeing Oliver Walker leave, she said in a firm tone, "Mr. Davis, I'd like to check the finance for the past few years. It should be a reasonable request, right?"

The rise and fall of a company would be reflected in its financial status.

As for whether Micheal Davis had put money into his own pockets from the Davis group's account in the past few years, it should have been clear at a glance after getting the account book.

Secondly, now that she was back, she no longer had the same understanding of the company.

From the revenue, it was making and the losses and dividends, she needed to get her hands on these immediately.

"You ..."

Micheal Davis's face turned even paler.

Emilia, in front of him, had touched his sore spot. She held a dagger in her hand, and she would stab him in the heart!

However, there was no way to refute this request. He could only say tactfully, "I think you should ask your third uncle. After all, he's the manager of the finance department!"

There was a lot of information in this sentence alone.

He was the one who had personally kicked Emilia out of the company, and now he was trying to use his seniority to suppress her.

Secondly, he wanted to throw this difficult issue to Harry Davis!

This ...

Harry Davis knew very well what his second brother, Isaac Davis, had been doing all these years!

If he handed over the real account book, he would definitely offend Isaac Davis, and he would not be able to live a good life in the future.

However, it would not be easy if he were to offend Emilia!

After thinking hard for a few minutes, he raised his head and said with a shameless smile, "Oh, Emilia! We're a family, after all. Don't you trust your family?"

Chapter 339 Enough is Enough!

The people from the Davis Group were completely stunned!

What was going on?

Why would Micheal Davis and William Davis be so afraid of Emilia, who had been so badly beaten up?

Even if she had shares, she was still a nobody.

However, they didn't know that Oliver Walker had something on William Davis.

The shares that Emilia had were even with Micheal Davis.

Otherwise, would the father and son duo yield?

How was that possible?

“Family?”

“A family?”

Emilia smiled but there was a hint of coldness and sadness in her smile. “What a good family!”

“When you saw me in trouble, did you ever treat me as family?”

“Ever since I left the family, I never thought of returning.”

“But, when William Davis and Jessica Wright Davis tried to suppress me, why didn’t anyone stand up and say that we were a family? ”

The entire venue fell silent!

They might know how much suffering Emily had suffered in the past eight years but they would never understand!

And at this moment, every word she said was so heart-wrenching!

“Back then, when I went to the graveyard to sweep my grandfather’s grave, how did all of you treat me back then?”

“A family?”

“Sure!”

“Don’t I even have the right to pay respects to my ancestors?”

Emilia slammed the table with a loud bang. Her cold eyes swept across the room as she questioned, “Perhaps, this is the only time you guys consider me family?”

Such words pierced one’s heart!

They would only be bothered with you when you’re useful.

That’s right!

This was the nature of the members of the Davis Group.

“The fact that you can sit here and squander the family business to your heart’s content is all because Grandpa and I have given you the right!”

“I’m not asking for much now. You must send the account book to me tomorrow morning!”

“Don’t try to claim kinship with me in the Board of Directors meeting!”

“Because I can’t match up to you guys who are so high up!”

Silence!

The entire room was filled with deadly silence.

All of them looked embarrassed.

Emilia’s anger was burning fiercely as well!

If the first thing that she did was to look at the account book, what else would she do next?

Everyone gasped and did not dare to raise their heads. After all ...

Ever since Amelia left, corruption had become an unspeakable but obvious secret within the corporation.

If the foundations have not been laid down great, the entire building will just collapse. It was just a matter of being greedy for more and less.

If there was anyone here who had a clear conscience, then they wouldn't be panicking now. Instead, they would be gloating with pride.

Harry Davis was silent!

This was a tricky problem!

He could only look at his second brother with pleading eyes. After all, he had no other choice!

After seeing that the plan had failed, Micheal Davis's attitude eased a lot. "Mr dearest niece, you just returned and have already blasted your anger at all of us. Aren't you at least going to be nice to your uncle?"

He had long known that Emilia was not someone to be trifled with.

Now that she had returned, she would definitely turn the world upside down!

"I already said that this is the Board of Directors meeting!"

"Secondly, I'm not from the Davis family since my name has been removed from the family tree."

“Also, I hope you can give me a satisfactory answer!”

Emilia didn't back down an inch as she said, “So, stop talking to me about family. If there's a meeting, I will be attending all of it.”

Ice cold!

Her voice was strong and firm.

This was still the proud daughter of heaven who had once dominated the business world!

She immediately exposed the traps that these people had set up for him!

Family?

Forget about how she would never be able to accept them. Even if she could, she should never consider them as family.

She was well aware of how despicable the people from the Davis Group were!

Eight years ago, she didn't lose because of the lack of her skills but because of her loyalty to the company and her obedience to her grandfather's will. In the future, no matter what, she would never let them get away with this!

She had already let them off once!

Therefore, this time, she would not yield to any despicable and shameless means!

She wanted to use her strength to bring the Davis Group back to glory. She wanted to dig out those vermin one by one and execute them publicly!

“Alright, that’s enough!”

“Everyone!”

There were thousands of grievances hidden in Micheal Davis’s heart. He had no other choice but to say in a deep voice, “Next ...”

Chapter 340 Caught In The Act

“Meeting!”

In fact, was there really a need for this meeting?

The corporation had always been in control by the father and son duo.

If Micheal Davis agreed with it, it would happen.

If he disagreed, none of them could do anything about it.

The rest of them were just puppets.

Outside the meeting room ...

William Davis, who had suffered losses one after another, smoked his cigarette fiercely. His resentful eyes fell on Oliver Walker from time to time.

He wanted to speak, but he was afraid of being beaten!

It was definitely an indescribable feeling.

“Do you still have any cigarettes left?”

Oliver Walker said indifferently. He had finished the last one in the morning and forgot to buy some.

He definitely couldn't leave now!

Such words ...

William Davis was furious. “You ... You still have the audacity to ask me for cigarettes?”

He was trembling with anger!

He was so angry that every pore on his body was smoking!

F \* ck, this man played him so badly, but when he asked for a cigarette, Oliver Walker could still be so righteous?

What....

What the hell?

“Ah ...”

Oliver Walker said indifferently, “If you don't, then forget it!”

“It just so happens that I have something I need to deal with here!”

As soon as he finished speaking, he took out his phone!

William Davis immediately ran over cautiously. "You ... What are you doing?"

Based on his understanding of Oliver Walker, there was no way anything good would come out of this!

This was definitely a f\*cking treat!

"Why do you care?"

"Does it have anything to do with you?"

Oliver Walker didn't even raise his head and just fiddled with the screen of his mobile phone!

William Davis wanted to take a look, but he didn't dare to step forward. In the end, he was so angry that he gritted his teeth and took out one of his cigarettes. He unknowingly gave them to Oliver Walker, "Take it!"

Oliver Walker took out a cigarette and said, "Do you have a lighter?"

"Light it up!"

William Davis opened his mouth wide and was about to curse, but when he saw the phone, he swallowed it back down.

He took an exquisite Zorro kerosene lighter from his pocket and lit it up in embarrassment.

This dog!

This was too much!

He wanted to smoke, but he didn't even have a lighter!

But at this moment, the elevator door suddenly opened. A secretary in a black silk business suit with a document in her hand was stunned by what she saw!

Oliver Walker was leaning against the wall, and the group's dignified general manager was lighting a cigarette for this guy.

He ...

Who was this man?

How could he let the group's General Manager do something so lowly?

When William Davis noticed the abnormality, his face turned red. He quickly put away the burning lighter and pretended nothing had happened to adjust his suit.

"Secretary Wang, what is it?" William Davis asked.

Wang Weiwei was so surprised that she was incoherent, "Huh? No... It's nothing, Dai ... Mr. Davis ...."

As a newcomer to this workplace, she had carefully studied the awkwardness around her.

That was to pretend that she didn't see anything when she saw her boss being embarrassed. Otherwise, he would definitely be put in a difficult position!

Due to how she was nervous, she quickly confessed, "Dai ... Mr. Davis, you ... please understand! I didn't see anything!"

"I ... I ... I'll leave immediately!"

William Davis's mood had already calmed down, but his face turned black again!

Does that mean that this woman saw everything?!

After Wang Weiwei left, he could only glare at Oliver Walker!

You mother f\*cker!

This idiot was really good at pretending!

There wasn't a single expression on his face.

He must be very proud of himself, right?

In fact, this was an accident. Oliver Walker simply ran out of cigarettes, and he was doing this to take revenge on William Davis.

Otherwise, would it be that simple?

However, in William Davis's eyes, it was completely different. Out of embarrassment and rage, he gritted his teeth and said with a gloomy face, "You're in trouble!"

"You're in big trouble!"

"I ... I won't let you get away with this!"
