Chapter 341 What Actually Happened

In the face of William Davis's threatening gestures, Oliver Walker didn't take it seriously at all. He smoked his cigarette as if he was watching a clown improvising on the stage.

His wife's return was already a matter of course. How could it change because of a few words of desperation?

Moreover, no matter how much trouble he caused, he wouldn't be the one who would be suffering.

Naturally, he couldn't be bothered.

Such disregard made William Davis even more furious.

He wanted to rush forward and beat up Oliver Walker. This man was too damn hateful.

As for Micheal Davis, who was in the conference room, didn't feel any better. After half an hour of talking, he said coldly, "Meeting dismissed!"

Just as everyone stood up, Emilia spoke, "Hold on!"

Her words shocked everyone from Davis Company ...

What was she doing?

Wasn't all these enough?

Everyone's eyes were on Micheal Davis. After all, he was the chairman and the head of the Davis family.

Naturally, it was up to him to decide whether or not to listen to Emilia's commands.

Micheal Davis's face turned red as he asked, "What else do you have to say?"

She had come back to oppose him on purpose!

This was definitely the case!

"The company belongs to everyone here. I don't want any nepotism."

"I'm telling you in advance that I'll draw up a performance evaluation standard. I won't let people who are just there to make up the numbers continue to stay in the position of senior executives!"

Emilia's tone was very cold. "Meeting dismissed!"

However, her words caused everyone to lose their minds.

What the hell was this?

What was the difference between this and just stating their names?

In fact, Emilia's return was not just to establish her authority. It was also because if the corporation continued to rot without any changes made, then it would be useless no matter who came to the rescue.

She wasn't questioning William Davis. She was pointing fingers at him!

Just because he was Micheal Davis's son, he could become the General Manager even when he didn't have the abilities to?

This was child's play.

After everyone left, all of them were started to get worried and they were equally confused as well.

What was going on?

Logically speaking, how could Micheal Davis tolerate Emilia's arrogance?

Even if she bought all the shares in the market, it would only be 10% in total!

As for Micheal Davis and William Davis, they had a total of 30% with them. They were second only to Ma'am Davis, who was enjoying her retirement.

This was the capital for them to be impudent!

So, what was Micheal Davis afraid of?

"Stop right there!"

When there were only the two of them left in the conference room, Michea; Davis, who had been sulking for an hour, could no longer hold it in. "What do you want?"

Fear?

That wasn't it!

It was just that he felt shocked!

He really couldn't figure out where Emilia had gotten the money from.

“What else did we do? We merely bought the shares of this company!”

“Could it be that Mr. Davis has done something wrong? You’re afraid that I’ll cause you trouble?”

She had used ‘we’ instead of ‘I’!

She had already made it clear that she and her husband were both involved and they would not leave each other.

Even if the shares were all under her name now, she would not hesitate to give them all to her husband if he wanted them.

“You ...”

“Fine! I don’t want to talk about this to you anymore!”

Micheal Davis was so angry that he went berserk but he had no other choice. “It’s your grandma’s eightieth birthday tomorrow. She invited your whole family to join the banquet.”

He hated it so much!

Even now, he still didn’t know what was going on.

Where did Emilia’s shares come from?

Was Ma’am Davis the one who asked Emilia to come back?

All of this was a mystery!

“I’m sorry!”

“Please go back and tell Ma’am Davis that I’m not interested in her birthday party.” Emilia gave a firm answer.

The moment she said that ...

Micheal Davis’s face turned red!

He got rejected?

This woman actually rejected him?

What was going on?

He had originally thought that Emilia must have given in to Ma’am Davis and that was why she was allowed to return to Davis.

But ...

Chapter 342 The Mastermind

Now, it seems like that wasn’t the case.

So, who gave her such confidence?

However, after being firm for more than an hour, Emilia’s brows furrowed. “It’s not impossible for me to go back and allow her to be happy for one night but on one condition.”

Micheal Davis’s face froze. “You dare to threaten me?”

He was exploding with anger!

But, he had no other choice!

“I want to visit grandpa’s grave!”

Emilia choked on her own voice. If there was anyone else in the family that she actually missed, it would be her late grandfather.

As for the others?

When she was in trouble, not a single one of them was able to stay on the sidelines, let alone offer her help in the nick of time.

On the contrary, most of them added salt to her wounds.

Ever since she was kicked out of the company, she had never had the chance to visit her grandfather’s grave.

For eight whole years, during the Qingming Festival, no matter how poor she was, she would still buy some paper money from the gaps of her teeth and burn it in the direction of the Crouching Dragon Mountain Cemetery.

It was to express her longing for her grandfather.

“Alright!”

“But it has to be after your grandmother’s birthday party!” Micheal Davis said reluctantly.

Allowing Emilia Davis to visit his father’s grave?

That would be impossible!

However, Ma'am Davis had already said what she wanted and he had to do as told.

Therefore, even when this condition was sullen, it was not impossible for him to agree to it.

In the next moment, Emilia turned around and left!

William Davis, who had been holding back at the door for a long time, immediately rushed in. "Dad, they're bullies!

"That adulterous couple, they're simply ..."

"Shut up!" Micheal Davis snapped.

"We have to find out where Emilia got her shares!"

To make him believe that Emilia had bought it herself?

It would be something that was more difficult than her heading to heavens.

Did Oliver Walker buy them?

It was even more impossible!

Therefore, he assumed that Emilia must have found someone important.

She was only the shareholder on the surface.

The one he really needed to be wary of was the mastermind!

The more he thought about it, the weirder he felt. He couldn't help but break out in a cold sweat.

"Dad!"

William Davis was filled with anger but he didn't dare to simply vent it out. He quickly said, "That b*tch, Emilia, is quite pretty. There's a high chance that she's got herself a sugar daddy."

"But, come to think of it, in the entire Colorado, Leon Williams is the only one who she's close with."

"I think it's most likely Leon Williams who's behind this. There's nothing to be afraid of."

Such an analysis made Micheal Davis feel calm.

If Leon Williams had made this move, it would have been a bit tricky but it wasn't impossible for them to annihilate these people!

"Keep an eye on Emilia." He instructed. "See who she's been meeting these days."

"Also, did you get back the Kiss of Judas??"

In fact, what he was most concerned about was this famous painting.

After all, it was impossible for Emilia and Oliver Walker to be rich. They were just puppets of the mastermind behind the scenes. Therefore, if they were to present gifts for Ma'am Davis, this would be the only thing that they could present.

"Dad, don't worry about it!"

William Davis's face was gloomy as he said, "As long as she dares to give the 'Kiss of Judas,' I'll crack down on the imitations and present the real one to her. Emilia will never be able to lift her head up in the company again."

"Grandma will never have any more lingering feelings for her."

A gift and a fake one at that?

That would be interesting.

With Mrs. Davis's temper, she would definitely fly into a rage.

At that time, Emilia would really be in trouble.

After all, Mrs. Davis was not an easy person to deal with when it came to scheming!

No matter how powerful Emilia was, she had to admit defeat!

The Changlong River was full of raging waves!

Although it was a river, this place was boundless and it felt like they were by the sea.

After all, this was the mother river of their country. It was so majestic that it could not be profaned!

"Hubby!"

"I'm so happy!"

"Did you know?"

Emilia stood on the railing by the river and shouted excitedly as she watched the river flow.

This was the most glorious day she had ever had since she was expelled from the Davis Group!

No one would be suppressing her now. She was allowed to vent as she pleased!

Chapter 343 Capturing The Moment

“I got it!”

Oliver Walker was standing beside his wife, holding the handrail along the river.

When you love someone, you have to go crazy with her, fight with her, and be happy with her.

He would also be sad because of her!

The hot summer wind blew at their hair and faces.

But his body felt even hotter.

After releasing all the pent-up anger inside her heart, Emilia slowly turned around and became extremely quiet.

She was no longer as cold and domineering as she was in the group!

She was no longer as impetuous as before!

A pair of lively and beautiful eyes gazed at her husband as she said softly, “Hubby, thank you!”

Her exquisite and beautiful face, as well as the beautiful mountains and rivers around her, formed a rare painting that was intoxicating.

“Don’t move!”

Oliver Walker quickly took a step back!

That serious expression made Emilia’s expression freeze. “What ... What’s wrong?”

She didn’t understand what was going on!

Her heart immediately jumped into her throat!

Why did her husband suddenly say such things?

Could there be something behind her?

However, even with all these questions, she didn’t move even by an inch!

This was because of trust!

In an instant, Oliver Walker took out his phone and took a few photos. Then, he said with satisfaction, “I want to save this beautiful view.”

It was indeed gorgeous.

It had been a long time since he had seen his wife smile without holding back!

This was a form of release!

“Phew ...”

All of a sudden, Emilia heaved a sigh of relief. She then took a light step forward, raised her fist, and rushed forward, hitting Oliver Walker’s chest.

“You’re so annoying, you ...” She pouted with her face flushing red.

“You scared me to death!”

It was true!

At that moment, her heart was beating so fast that it felt like it was going to jump out of her chest.

In an instant, Oliver Walker clenched the hands that were on his chest.

A burning light burst out of his eyes!

As for Emilia, she lowered her head shyly, her long hair fluttering in the wind!

Her petite body was also trembling!

But a moment later, she raised her head and stared at her husband.

She wanted him to appreciate her beauty in all aspects.

She had to use all her strength to stare into her husband’s eyes.

Snap — —

At the same time, on the Chang Longjiang Bridge, a man in a photographer's uniform kept pressing the shutter to record the insanely beautiful view in front of him!

"Beautiful!"

"It's too beautiful!"

As he patted himself, he complimented his work, "The mountains are beautiful, the water is beautiful and the people are even more beautiful!"

The couple's mood even made him feel that his photography skills would taint such a beautiful scene.

Even when he was clearly the gold medal winner of the National Photography Exhibition.

It was no exaggeration to say that he was one of the top photographers in the country.

At that moment, he couldn't move at all as he looked at the distance, trying to capture every perfect moment.

At the same time, their eyes met!

There was a couple of unparalleled beauty hugging each other by the river.

In an instant, his wife seemed to have a magical attraction that made Oliver Walker muster the courage to kiss her.

Emilia's delicate body trembled and her beautiful eyes instantly widened with a face full of disbelief.

She did not expect her husband to be so overbearing!

But ...

She didn't hide from the kiss.

However, her face was burning and her heart was about to jump out.

Although they were a married couple, they didn't have the opportunity to interact in private.

They might have been married for eight years but in reality they had only done it once.

Therefore, no matter how shy she was, she tried her best to allow her husband the opportunity.

Time seemed to have frozen and would no longer flow!

Love was like the wind in summer. It was hot and burning!

The man who was taking photos on the bridge quickly ran down the stairs.

As a professional photographer, he had to get the approval of others before shooting a character.

Even if they didn't agree to it, he would still hand the photos and negatives to those who were captured in his photos.

This was a matter of professional ethics!

Chapter 344 Caught Red-Handed

At the same time, Oliver Walker, who had been kissing her for what seemed like a century, finally separated reluctantly when his wife's breathing became rapid.

“You ...”

Emilia’s pretty face was like a ripe peach. She quickly lowered her head and let her hair cover her hot face.

She quickly jogged into the distance.

It was too embarrassing!

She ...

How could she do such a thing with her husband in public?!

Oliver Walker reminisced the sweetness at the corner of his lips as his heart was bursting with joy. He quickly chased after her. “Honey, wait for me!”

Emilia turned around and smiled sweetly. Her eyes, which were like crescent moons, were imprinted in the depths of Oliver Walker’s soul.

“Hu hu ..Wait a second! You two!!! Hu hu.....”

At this moment, the photographer, who was slightly chubby, caught up with them and panted heavily.

“Hu hu ...”

Oliver Walker and Emilia stopped in their tracks!

The man, who had a camera on his chest and was sweating profusely, bent down and took out a business card from his pocket.

“Two ... You two, you ... Hello, I ... I’m Zhang Wei, the gold medal winner of this year’s National Photography Exhibition!”

“May I ask what’s the matter?” Emilia asked as she was feeling puzzled.

Oliver Walker did not expect that the other party had come to take photos of them.

“I’m sorry!”

After Zhang Wei was able to rest, his breathing calmed down. “Without your consent, I couldn’t help but take a few beautiful photos of the both of you earlier.”

“So, I just wanted to ask for your consent. If you don’t agree to it, I’ll destroy the film on the spot.”

As he spoke, he took out the fast-forwarded photo and handed it to Emilia with both hands.

After all ...

Without their permission, he would have been secretly taking their photos.

However, the scene just now was too beautiful. If he missed it, he might not be able to see it again for the rest of his life.

As a photographer who regarded photography as his life, it was hard to resist the temptation!

Wearing a white dress, Emilia’s face instantly turned red when she saw the entire process from how they were holding hands to hugging and kissing.

This ...

After a moment of silence, she turned around and complained, “Look at what you’ve done!”

She was a very traditional woman.

When they encountered such a thing, they simply wished to find a hole and bury themselves in it.

This was too....

She felt shy!

After all, she had done such a shameful thing and someone had captured it!

She was simply ashamed!

“I’m sorry!”

“I’m sorry!”

Zhang Wei bowed and lowered his head. Then, he quickly said, “Since this young lady doesn’t agree to it, then ... I’ll destroy the film now ...”

Although he was reluctant to do so, he had to abide by the bottom line of his profession!

On the other hand, Oliver Walker took the photo and admired it. He even laughed and teased himself, “He’s a professional. He’s definitely a professional. I look so much better in these photos!”

“Keep the film, as long as it’s not on display!”

He understood that there were some people who loved their profession more than their lives.

As for the person in front of them, under such a passionate situation, he was still willing to tell them about it. This showed that Zhang Wei was a professional man.

“Really ... Really?”

Zhang Wei shouted excitedly. However, as if he was afraid of going back on his words, he quickly lowered his head and said, “Thank you, thank you!”

“However, I have another presumptuous request. Can I take a photo of you two?”

“Don’t worry. I won’t be used in any competition or exhibition.”

“It’s only for personal collection!”

As a photographer, the feeling of being acknowledged by the person involved was undoubtedly very exciting.

Therefore, he was insatiable again.

“Honey, we never had a picture together.”

“What do you think?” Oliver Walker asked with a sincere smile.

He definitely wouldn’t force her.

But, this was also the truth. They got married in a hurry and didn’t even have wedding photos.

Therefore ...

Emiia pursed her red lips and nodded. “En!”

In fact, the photos were good and the photographer was also a good person!

So ...

“Alright!”

“The two of you, come closer!”

“Come closer, Sir. Can you hug the lady?”

“Can you please tilt your head slightly?”

“Yes! The sweet, blissful feeling!”

“Perfect!”

Chapter 345 Another Lie? Another Truth?

Snap! Snap!

As Zhang Wei commanded, he kept pressing the shutter in his hand. He became more and more excited as he looked at the beautiful moments he recorded.

As for Oliver Walker and Emilia, under the command of outsiders, it was as if they were taking wedding photos.

They snuggled together tightly and made very intimate gestures.

This was especially so for Emilia, whose cheeks were slightly pink, made the photo even more mesmerising!

“Alright, I’m done!”

“Thank you for your cooperation!”

Zhang Wei excitedly showed him the pictures and then said, “I wish the two of you a long and happy life!”

“Thank you!!” Oliver Walker replied with a smile!

The heartwarming episode on the way had undoubtedly brought his relationship with his wife a step closer.

After the photographer said goodbye, they continued to walk along the path by the river ...

“Hubby!”

“There’s something I want to tell you!” Emilia said with a frown.

“Tomorrow is grandma’s eightieth birthday. I’ve agreed to attend it.”

She did not want to lie to her husband.

After all, they were a married couple.

“That’s something that we should do.” Oliver Walker smiled.

He was indeed a little surprised but he didn’t stop his wife. No matter what choice she made, he would allow her to do so; this was just a birthday celebration afterall.

After all, blood was thicker than water between her and Ma’am Davis.

After he helped his wife regain the shares of Davis Group, he had expected such a day to come.

Therefore, he was not surprised.

“Don’t you want to ask why?”

Emilia’s performance today was outstanding, but at this moment, she had become a little bird leaning on her man. “I made an exchange with Micheal Davis. After attending Ma’am Davis’s birthday banquet, I can go and visit grandpa’s grave.”

In the end, all she cared about was being allowed to visit her grandfather’s grave.

This was how humans were!

There were some who might have died but we think of them as people who are alive.

As for those who are alive, they might as well be dead.

There were some who would continue living in another person’s heart while others would have died.

“En!”

“Alright! I’ll go with you!” Oliver Walker answered immediately.

He could understand that Emilia was doing this for her grandfather.

He even regretted not bringing his wife with him to Crouching Dragon Mountain Cemetery that day.

The two of them had never talked and laughed as they did today ...

“Where did you get the money from?” Emilia asked again.

This question had been bugging her!

Her husband had always given off an unfathomable feeling.

Could it be that her husband really did not lack money?

Did he really have other hidden identities?

However, she had never doubted the source of the shares.

“It’s a backup plan left behind by grandfather!”

After thinking for a long time, Oliver Walker gave an explanation. “He knew that you would be bullied and so he left me a fortune before I left.”

“It’s so that you would be able to rise again.”

It wasn’t that he didn’t want to tell the truth but ...

His wife might not believe him.

In fact, using his grandfather’s name would not arouse any suspicion!

“Phew ...”

Emilia took a deep breath. She didn’t suspect anything.

Her grandfather had always doted on her.

Otherwise, she wouldn't have been able to become the CEO of Davis Group under the opposition of so many people.

Now that the mystery had been solved, she could not help but miss her grandfather even more.

Inside Davis's old residence ...

Ma'am Davis was lying on a rattan chair, looking at the setting sun. She said somewhat dispiritedly, "Have you informed Emilia about this?"

She knew that she did not have many years left to live.

Therefore, she wanted to solve everything before she died.

After all, even if Emilia were to return, she would not have any shares in her hands. No matter how outstanding her abilities were, she would only be able to work for the family.

Chapter 346 What A Bastard Does Best

They didn't pose any threat to the descendants of the Davis family.

"Um ..."

Micheal Davis stood to the side and said with an ugly expression, "She ..."

"Ummm....."

That hesitant look made others feel as if there was something wrong!

Ma'am Davis frowned and opened her turbid eyes. "She refused?"

According to Emilia's temper, it wasn't impossible for Emilia to hate her own grandmother.

After all, she was the one who stepped in and took back the authorities from Emilia.

"Mom ... She ... She's too detestable!"

Micheal Davis added fuel to the fire and said, "Those words, I ... I'm too embarrassed to say it ..."

What was he afraid of now?

It was nothing more than Ma'am Davis' admiration towards Emilia. When the time came, the power of the Davis Group would fall back into Emilia's hands.

After all, Ma'am Davis still held half of the group's shares. Whoever she supported would be the future for the group!

But now, he just couldn't figure out Ma'am Davis's ambiguous attitude.

That was why he wanted to test her ...

Ma'am Davis's expression turned ugly. "I'd like to hear what she has been saying of me!"

In fact, she knew that Emilia would not be convinced.

She also knew that the girl's business talent was far from what Micheal Davis had.

However, at her age, what she cared about the most was what others thought.

“She said that she would be willing to attend but she has to get the right to visit the old man’s grave first!”

Micheal Davis continued with his lie, “That’s understandable but no one stopped her from visiting the old master’s grave. Plus, she didn’t even go once for the past eight years.”

“But she intentionally mentioned it yesterday when we were talking about your birthday banquet!”

“I think she did it on purpose. She wants to make you unhappy so that she can take revenge!”

Ma’am Davis’s breathing began to quicken. Although she did not say anything, her turbid eyes flickered with anger!

“And she also said that she doesn’t care about your birthday at all!” Micheal Davis quickly added.

“It’s obvious that she doesn’t even care about you!”

“Enough! Stop it!” Ma’am Davis roared angrily.

“I’d like to see what she has to say when she comes back tomorrow!”

In fact, with Emilia’s temper, there may be a chance that she would say such things.

However, she also knew that Micheal Davis was exaggerating the situation!

So ...

She couldn’t believe it completely!

Even so, her impression of Emilia had worsened significantly after hearing those words.

Then, she stood up with her Dragon-headed walking stick ...

“Mom!”

Micheal Davis found it difficult to speak and shouted, “There’s one more thing I want to tell you!”

“Emilia is an ambitious woman! You shouldn’t fall for her tricks!”

“She has gotten help and now holds the shares of the Davis Group.”

“She even caused a huge ruckus at the Board of Directors yesterday. Everyone here can testify to this!”

“She’s a traitor!”

What were Micheal Davis’s intentions?

He just wanted to know if the shares that Emilia had were given to her by Ma’am Davis.

If it was ...

That would be a big problem!

If not, even if he had 20%, it would be hard to achieve anything.

“She really has beyond!”

“I’d like to see how much she’s improved over the past few years!”

“They actually dared to collude with the enemy and attack Davis!”

“I’ll let her know tomorrow that we are the Davis family and no one will be able to threaten our position.” Ma’am Davis said with resentment.

“She’s a girl after all and she can only accept her fate!”

“No matter how much she struggles, she will never be able to succeed.”

After saying that, Ma’am Davis left.

Micheal Davis looked at the hunchbacked figure and let out a sigh of relief. He mumbled to himself in surprise, “So, she and Ma’am Davis have no relationship?”

If that was the case, it was good news.

After all, Ma’am Davis was going to deal with Emilia personally, and there was no need to guess who would win!

Chapter 347 Stubbornness Kills

“Dad!”

Just then, William Davis returned to the courtyard and said with a dejected face, “Emilia is indeed a cunning woman. She doesn’t leave any flaws behind. I haven’t found out who she’s closest to.”

“Nothing to be worried about!” Micheal Davis said proudly.

As long as Ma’am Davis wasn’t the one who helped Emilia, no one could threaten his position in Davis.

Even if Emilia had other people supporting her!

So what?

“En!”

William Davis nodded. “But, have you prepared the gift for tomorrow?”

“After all, grandma has already lost interest in any treasures that we have.”

He was feeling worried.

If the gift wasn’t authentic enough, it would be a big problem.

“Your grandma is very particular about her reputation.”

Micheal Davis laughed and said, “Didn’t we pick up a bottle of unopened National Wine from your grandfather’s grave?”

“This gift is better than anything else!”

William Davis’s eyes lit up!

That’s right!

That was the National Wine!

In the entire country, the number of people who could drink the National Wine could be counted with the fingers on one hand.

The value of it had long surpassed money and it was a symbol of status and identity.

With Ma'am Davis's personality, she would definitely be very happy.

Perhaps, if she felt happy then she would transfer her shares to them.

It could be said that the father and son had put in a lot of effort to get the shares that belonged to Ma'am Davis.

At night, when he got home ...

When Mary Grimm heard the news, not only was she not happy, but she also became worried. "Emilia, it's only natural for us to wish her well."

"But ..."

"Have you thought about what gift you're going to present to her?"

No matter how much she complained, in Mary Grimm's traditional thoughts, Ma'am Davis was still an elder that she had to respect.

Now that Ma'am Davis was willing to let them go back, it was obviously to bury the hatchet.

So ...

She, on the other hand, felt uncomfortable as well!

After all, they had nothing. If they didn't bring anything good, wouldn't it be embarrassing?

"Mom!"

“You’re overthinking it,” Emilia said with a smile. “I’m not planning to give her anything.”

The only reason she agreed was because she wanted to visit her grandfather’s grave.

That family ...

The person she missed was long gone.

Moreover, the entire company was relying on the Davis Group that she and her grandfather had created. She wasn’t going against her conscience.

She would still be at ease even if she didn’t bring her anything.”

“Don’t talk nonsense!”

Mary Grimm lectured with a straight face, “I know that the ‘Kiss of Judas’ is very important to you.”

“But we can’t lose our dignity as humans.”

“Do you understand?”

At the mention of Kiss of Judas, Isaac Davis’s face suddenly changed ...

That was a fake!

He suddenly realised what was happening!

That damned William Davis. That man had asked him to steal the “Kiss of Judas” just to stop them from presenting it to Ma’am Davis. He did not want them to leave a good impression!

William Davis wanted to stop them from returning to the company!

Damn it!

At that moment, Issac Davis was furious!

But ...

What they have now was a fake piece!

Motherf*cker!

He didn't dare to say anything and quickly got up to leave.

He was afraid that they would figure it out.

He definitely wouldn't be attending the birthday banquet tomorrow.

If Oliver Walker knew the truth, wouldn't he ...

"Mom ..."

"That's part of my dowry." Amelia was feeling troubled. "That's what Grandpa gave me as compensation!"

She didn't want to give it away.

After all ...

“I know you’re angry but you have to distinguish between righteousness and willfulness!”

“It’s not that I want to nag at you,” Mary Grimm said. “It’s either you don’t attend the banquet or you should bring a decent gift with you.”

“Otherwise, you’ll be a joke to others.”

Emilia wasn’t happy with this, “Don’t they already look at us as if we’re a joke to them?”

What else did she have to lose?

Could it be that after all these years, she hadn’t lost everything?

“Either you listen to me or you are not going to attend the banquet!”

Chapter 348 What A Show-Off

Mary Grimm’s attitude was firm and she was not willing to give in at all.

It was obvious that she was bound by those old and traditional ideas.

“Let’s just listen to our mother. It’s just a painting!” Oliver Walker spoke with a smile on his face.

Give it away?

Of course he could! But, he was confident that whatever his wife gave to them, the Davis would return it ten times, a hundred times, with both hands respectfully.

The Board of Directors meeting ended when his wife returned?

No!

This was only the beginning!

Before his grandfather's grave, Oliver Walker had said that he would definitely change the head of the Davis Group.

It could only be led by his wife!

Therefore ...

"You ..."

There was a hint of resentment in Emilia's beautiful eyes. She couldn't understand why her husband would help her mother and not her!

However, it made sense. After all, Oliver Walker was filial. She saw it in his eyes and said unwillingly, "Alright, I'll do it, okay?"

After saying that, she returned to her bedroom angrily..

She had been kicked out of that house without any clothes, but in the end, her mother still wanted her to go back with gifts?!

This ...

If it wasn't for her grandfather, she really wouldn't have agreed!

Grandmother?

So what?

First, it was Ma'am Davis, who did not respect her, so why should she be filial?!

After all, when she had attacked her back then, did she treat Emilia as her granddaughter?

For the past eight years, if Ma'am Davis had any humanity left in her, would she have just watched Emilia fall into this state?

Now that she wanted them to go back, what good intentions could that woman have?

"Hmmm....."

Mary Grimm sighed. "Why do they want us to go back? We're poor and penniless."

"We'll just become a laughingstock again!"

"There's nothing bad about being away from them."

Oliver Walker smiled gently. "Don't worry! I'll make sure that you and Emilia get the respect that you deserve."

He had said that either his wife would not be stepping into that household ever again....

But, once she went back, she would stun everyone!

This morning, she had just returned to the company!

Tomorrow, she will be going home!

Since they were going home, he naturally had to do it in a grand manner!

He wanted to let them know that his wife was no longer the same as before.

So, after his mother-in-law returned to her room ...

He took out his phone and made a call. "Prepare a convoy for me tomorrow!"

It wasn't that he wanted to be ostentatious but he wanted to help his mother-in-law and wife vent their anger!

After preparing everything, he laid down on the broken sofa and quietly waited for the arrival of the next day.

The next morning ...

Olivia said worriedly, "Mom, can I not go?"

"There are bad people there, I ... I don't want to go!"

She had a very bad impression of Davis.

And she didn't have any sense of belonging to Davis!

Emilia took a deep breath and frowned. "Be good, be obedient!"

She didn't go back to show off.

However, if her mother and husband were to go, who would take care of her daughter?

Isaac Davis?

She didn't dare leave her daughter behind with that man!

After all, she knew very well what kind of person her father was!

"Olivia, don't worry!"

Oliver Walker picked up his daughter with a smile and said, "With daddy here, I won't let anyone bully you!"

"Plus, Daddy has brought many powerful uncles to protect you."

Olivia's tender face was full of grievances. "Then ... Alright then ..."

Emilia and Mary Green had thought that Oliver Walker was joking!

However, the moment they stepped out of the district, they were both shocked!

The scene before their eyes!

The entire place was surrounded by a huge crowd, pointing at the ten black, domineering and steady cars.

"This ... This is the convoy for the state guest, right?"

"Of course. Don't you see the flags on the front of the car?"

“Tsk, tsk. tsk ...”

“Then, aren’t these people the Imperial Guards?”

“...”

There were two men in black suits and sunglasses standing next to each car.

They looked strong with an intimidating domineering aura.

The reason why he was wearing sunglasses was to hide the killing intent in his eyes!

Emilia slowly turned around and asked in surprise, “You ...You called them here?”

Chapter 349 Finally Coming Clean

“En!”

Oliver Walker nodded, then smiled and said, “I just told them to find a random convoy. I didn’t expect that they would cause such a big commotion!”

“Get in the car!”

All of them were L5s!

However, this was good news as well. It would also block the ugly faces of those from the Davis family.

At the same time, he could also let his wife and family return home in glory!

“You ...”

“Who exactly are you?” Emilia frowned as she asked.

To be honest, she was stunned!

She had always thought that her husband was an ordinary soldier.

But ...

Now, ten L5s were parked in the neighbourhood. It was not appropriate to say that he was an ordinary man, right?

“Didn’t I tell you before!”

“There are many things that can’t be explained in one or two sentences.” Oliver Walker answered with a grin.

“Let’s talk about it in the car!”

“Mom!”

“Get in the car!”

Mary Grimm was shocked!

These people ...

However, as the young mistress Davis was someone who had experienced most things, she quickly sobered up. “Alright ... Sure...”

“Olivia! Follow your grandmother, okay?”

It was like a dream!

Once upon a time, she had thought of returning to Davis with glory!

But ...

Now...it is finally coming true!

It was simply unimaginable!

Emilia’s pretty face was filled with doubt but she still got in the car!

Looking at the decorations in the car, there were things that she wanted to say but she didn’t know how.”

“Honey!”

Oliver Walker held his wife’s hand and said frankly, “Actually, you might not be able to truly accept who I am.”

“I wanted to tell you about it but I haven’t found a good opportunity!”

He was still feeling rather complicated!

To continue hiding it?

What was the point in doing so?

“Just tell me the truth.”

Emilia forced herself to remain calm as she opened her red lips slightly. She suddenly realised that she was too naive.

Since her husband’s return, he has done many unimaginable things. None of them were ordinary things.

How could he let the divine Chinese medical doctor, Hendrik Smith, treat Olivia’s condition so easily?

Could he easily make the richest man in Colorado get on his knees?

How could he deal with George Johnson so easily and get away with it?

She realized how ignorant and childish she was!

It was obvious that her husband was not as simple as she had thought!

“Actually, I’m not just a soldier. I was the one who trained the five gods of wars.”

“They are my disciples!”

Oliver Walker said it in a relaxed manner but when it fell into Emilia’s ears, the impact of it was no less than a grenade being thrown into her ears.

She turned around and looked at her husband’s eyes.

There were thousands of words in her heart but she didn’t know how to say them!

Just ...

It was as if a stormy wave had been set off!

Oliver Walker continued, "So.... you don't have to worry about returning to Davis. Just do what you want to do!

"No one can do anything to you!"

The reason why he had revealed his identity was because he had never intended to hide it!

It was just that there had never been a suitable opportunity!

This time, if he did not come clean to his wife now, she would not be able to do things as she pleased.

In fact, he respected his grandfather a lot.

So, he did not want to see his grandfather's Empire destroyed in the hands of Micheal Davis.

Therefore, letting his wife take over the company was also a form of respect for his grandfather!

This time, they had made such a big scene just to make sure that the people of the Davis Group get to know Emilia once again.

He wanted them to show her respect!

"I ..."

Emilia still felt like she was in a dream and it was difficult to distinguish between reality and a dream!

After a long silence ...

“I understand.”

It was only two simple words but it contained all of the complicated feelings inside her.

In fact, before this, she was still a little worried!

Should she show off all her skills in the Davis Group?

Chapter 350 One Big Happy Family

After all, it would offend others!

But, her husband’s words gave her great courage!

All kinds of mid-to high-end cars were parked in front of Davis Mansion.

After all, this was Ma’am Davis’s residence.

Although it was big, quiet and with a good view, it was only suitable for retirement.

It seemed out of place with the prosperity of the big cities!

Therefore, most of them would buy another place to live when they had the ability.

Whether it was a villa or a high-end residential area!

“Hahaha ...”

“Not bad, not bad!”

Ma’am Davis looked at the hall full of her grandchildren and said with a smile, “It’s so good to be reunited!”

“Oh right, when will Emilia’s family be arriving?”

In fact, as elders, especially the younger generation, it was difficult to have a reunion when they were all busy with work.

Even for the new year, they would not be able to gather everyone together.

She looked at her descendants in the living room and couldn’t stop smiling.

Her only wish now was to see his eldest son’s family appear here.

“Mom!”

“Whether they come or not is another matter!”

“Even if they came, they might have to take a taxi. It shouldn’t be that early!”

“I don’t even think that they have the guts to come back!”

“...”

The people from the banquet laughed and ridiculed. After all, Emilia was at the meeting last night and she had put a lot of psychological pressure on them. Naturally, they were all unhappy about it!

According to Micheal Davis, Emilia wasn't the one who owned the shares. She was just a puppet.

This meant that she was just an employee!

What else could she do?

"En!"

Ma'am Davis's eyes lit up. "Then we'll wait!"

If she did not see them today, she would not be able to eat!

After all, her eldest son's family was wandering outside and that was her only regret!

Especially with how she didn't have many years left. If her eldest son and his family were absent from her funeral, wouldn't she be a joke?

This was the reason why she wanted to do her best to restore her kinship.

Of course, the most important thing was ...

Emilia could no longer threaten the family. Even if she returned to the company, she would only be a tool.

Plus, the corporation needed Emilia.

This was a plan to kill two birds with one stone. She only needed to give some small favours and it would be enough to win over their hearts.

By then, her eldest son's family would definitely be grateful to her!

“Mom!”

“Something big happened outside!”

At this moment, Micheal Davis rushed in in a panic, gasping for breath. “Hu hu ... Huu ...”

The disheveled look on his face broke the harmony in the living room!

“You’re the head of the Davis family. Why are acting this way?!”

Ma’am Davis reproached unhappily, “The Davis Group may not be as good as it used to be but how dare anyone cause trouble at my birthday banquet?!”

When she was younger, she was an influential figure of her generation!

Even Leon Williams would have to be respectful in front of her!

After all, the connections that she had accumulated over the past few decades were absolutely terrifying!

“No... No... ”

Micheal Davis quickly shook his head and denied, “There’s a.... A convoy of national cars parked right outside!”

“Ten cars in total!”

“It’s obvious that he’s some sort of VIP!!”

To be honest, Micheal Davis was dumbfounded when he received the news.

He thought that his subordinate had made a mistake but ...

It wasn't!

The ten cars parked at the gates of Davis were indeed cars for the state guest!

"What ... What?"

Ma'am Davis was getting nervous, "You... Are you sure?"

Not only for Ma'am Davis....

Was there anyone who didn't think that this was a dream?

Then ...

Could these cars be used by ordinary people?

This ...

Was this a joke?

Even though Davis was a well-known company in Colorado but ...

No one here would've gotten to know such a VIPs, right?

"It's absolutely true!"

Micheal Davis said in fear and trepidation, "It's an L5. It's definitely someone important!"

At that moment, no one knew that the people in the car were the ones they looked down on! It was Emilia and her family!
