Chapter 351 Deadly Consequences

“Hurry ...”

“Quickly help me up!”

Ma’am Davis’s eyes brightened. She held onto her walking stick and quickly said, “I don’t know how long they’ve been here, but we have no one to welcome them. This shouldn’t have happened!”

“You.....You guys hurry up too, come with me!”

“All of you, pay attention. A big shot visiting us is a blessing from the heavens!”

Everyone was getting excited!

She strode forward with her head held high and chest out. She couldn’t afford to take her time.

Micheal Davis also shouted from time to time, “Hurry up and get in line. Don’t allow the VIPs to think that the Davis family have got no manners!”

That’s right!

The more important the person was to them, the attention and care needed would be more as well.

This was not a joke!

They had just offended the first War God and were even disqualified from Hotel Colorado!

However, the man in the fleet of carriages outside may be of the same status of the First War God!

This....

What did this mean?!

If he grasped the opportunity, the Davis Group would still be able to soar with flying colours!

Then, Micheal Davis thought of the National Wine in front of the old man's grave. Could it be that it was this particular VIP that placed it there?!

It definitely was!

It definitely was!

This meant that the other party was a friend and not an enemy. This was definitely great news!

The employees of Davis company were all very excited. Who would have thought that it was Emilia inside these cars?!

"Grandma!"

"This ... Is this your old home?"

Olivia Walker looked through the car window and saw the old mansion. This was a mansion that she had never dared to dream of!

Returning to the same place and looking at the home she had lived in for more than 20 years, Mary Grimm shook her head. "No, this is not my home!"

In fact, she did have a sense of belonging to this place!

However, the damage that this place brought to her was equally great as well.

Although she did not know why Madam Davis wanted them to come back...

Mary Grimm was clearly still angry at them but there was also a trace of anticipation on her face.

Olivia Walker fell silent. In fact, she did not have a good impression of the people from the Davis family.

She even felt a little scared and couldn't help but hold her grandmother's hand tightly!

"Sir, why did you lock the car door?"

Mary Grimm frowned and asked, she couldn't figure out why she didn't get out of the car!

She had been sitting here for almost ten minutes!

"Ma'am!"

"Mr Walker was the one who gave the orders

"He said that we would have to wait for someone from the Davis family to open the door for you.

"They owe you this!

The driver quickly answered.

He knew who Oliver Walker was and how noble his identity was.

Letting the people from the Davis family open the car door for them was a sign of respect!

Therefore ...

He hoped that the Davis would be able to capture this opportunity.

Otherwise, destroying it would really be a matter of a snap of the fingers!

“This ...”

Mary Grimm was in a difficult position. Those from the Davis company had to open the door for her?

She knew what her son-in-law was thinking but...

Was this even possible?

At the same time, in the car behind them, Emilia was also puzzled. “Are you sure they will come out to welcome us?”

“Definitely!” Oliver Walker answered with a smile.

“Look, aren’t they here?”

He did this on purpose!

Instead of allowing Davis to provoke his wife and mother-in-law, it was better to give Davis’s company a warning first.

How heartless were they when they kicked his wife and mother-in-law out of the house?!

Now, it definitely wouldn't be easy for the Davis family to invite them back!

Emilia looked at the people from the Davis Group, who had lined up to welcome her, and an inexplicable smile appeared on her face.

Her husband had made the right guess!

They only respected those who were stronger than them!

For those who are weaker, they would disregard them with a huge slap.

If they didn't come back in the National Car, would the people from Davis company welcome them in this manner?

Especially when Emilia saw Ma'am Davis's trembling steps, Emilia felt a mix of emotions and she didn't know what to say.

If this was the consequence of it, why did they do such cruel things in the past?

"On behalf of all the members of Davis Group, I would like to welcome you to my humble home!"

At this moment, Ma'am Davis raised her walking stick and stood at the forefront. She shouted in an aged voice, "We would like to welcome you inside so that we could enjoy each other's company!"

But...

No one came down from the car.

No one opened the door, and even the window did not move!

Everyone was getting impatient!

Chapter 352 Welcome To Our Humble Home

Wasn't this too much?

However, no one dared to complain. VIPs like them always like putting on a grand appearance.

The funny thing was that they didn't even know who was in the car!

On the contrary, they felt frightened!

"Mom!"

Micheal Davis frowned and said, "It's... Are they waiting for us to open the door?"

His guess was not without reason!

Were there any VIPs who would open the doors themselves?

But....

Wasn't this a servant's task?

However, it still made sense. In the eyes of the VIPs, the Davis were indeed nothing.

The fact that they were willing to come was already a condescending act!

"En!"

Ma'am Davis thought for a moment and said, "Micheal, take them with you and open the doors for our VIP!"

"Remember, you must be respectful and not offend them!"

With such commands given, none of them felt that it was beyond their capabilities but instead, they were willing to do such things.

They were all excited. It was an honor to open the door for a VIP!

So, with Michelle Davis leading the way, ten employees of the Davis Group quickly trotted over with a heart full of reverence.

They had to be careful so that they wouldn't seem rude!

However, when the first car door was opened, there was only a driver in a black suit inside!

When the second door opened, it was the same!

This meant that the VIPS were definitely sitting at the back.

Therefore, the father and son, Micheal Davis, immediately understood and jogged to the last two cars.

He was nervous!

How melancholic!

Most importantly, he was feeling excited!

William Davis opened the door of the back seat with a flattering smile. However, when he saw Mary Grimm and Olivia Walker seated inside, he was dumbfounded!

How could it be them?

This ...

Damn it! What's going on?

Micheal Davis thought that since his son had not seen anyone, the VIPs must be in the last car, so he quickly bowed and opened the door. "Welcome."

Then...

When he saw the gazes of Emilia and Oliver Walker, who were sitting in the back row, he was stunned.

Micheal Davis did not feel good at all!

His brain seemed to have short-circuited!

His body also stiffened as if he had been electrocuted and he was stunned on the spot!

After half a minute, he finally reacted. "What... Why are you here?"

He was unwilling!

He was furious!

He was doubtful!

What did he do?

He actually opened the door for Oliver Walker and Emilia!

This was absolutely unforgivable!

“Well, it’s us. Aren’t you surprise?”

Oliver Walker continued, “Take your hand away, don’t dirty the car!”

As soon as he said that, Micheal Davis exploded!

Your motherf*cker!

His face turned flushing red, and he looked even more embarrassed than if he had eaten sh * t. “You...”

Micheal Davis was feeling furious due to the embarrassment!

He was about to go crazy!

Never in his wildest dreams would he have thought that Oliver Walker and Emilia would be sitting in the car of the state guests!

If they knew...

He would never open the door even if he was beaten to death!

This ...

“What’s going on?”

“I don’t know!”

“Could it be an acquaintance?”

“...”

The people from Davis Group were all stunned. This was because they weren’t sure who the person was, they could only whisper and guess.

Ma’am Davis frowned. Something had obviously gone wrong. Then, she held her dragon-headed walking stick and reprimanded with a serious face, “What’s wrong with you guys? Can’t you even handle such a small matter?”

“I’ll make you pay for it if you offend our guests!”

She hated that they weren’t able to carry out such simple tasks!

Her own son and grandson were all so useless!

Why were they acting as if they had never seen such occasions?!

They were embarrassing the family!

As she spoke, she walked to the car and when she saw the person inside, she was instantly petrified...

Chapter 353 You Are Not My Grandmother

“You... You guys...”

Mrs Davis's eyes were about to pop out of her socket as she widened her turbid eyes.

She gulped with difficulty.

Waves of shock surged in her heart, but she couldn't say anything.

"I'm really sorry!"

"It must have been troublesome for you to open the door personally." Oliver Walker said with a smile.

"Please make way; my wife wants to get out of the car!"

Ma'am Davis was petrified!

The father and son duo were also petrified!

When Oliver Walker got out of the car and opened the door for his wife, the rest of the family was collectively dumbfounded as well!

F*ck!

What was going on?

What right did Emilia and Oliver Walker have to sit in ten state cars?

This must all be fake!

It must be a dream!

After alighting from the car, Emilia smiled and said, “Ma’am Davis, how have you been?”

Emilia did not refer to the woman as her grandmother.

Ever since she was removed from the family tree, she was no longer a member of the Davis family.

Ma’am Davis had not cared about her life or death all these years!

For humans like them, there was no need to share if they still cared for one another.

They were all clear about who cared about them the most.

Emilia obviously knew what she had to do!

Ma’am Davis was so angry that her face was livid, and her hand that was holding the dragon-headed walking stick was trembling violently!

Emilia was doing this on purpose!

If Ma’am couldn’t even see through this little trick, then she had lived her 80 years in vain!

“You!!! Imprudent!”

Micheal Davis was furious and said, “Your grandmother invited your family to the birthday banquet out of kindness, yet you still dare to be so rude!”

The rest of the attendees had horrible looks on their faces as well.

From what they knew, Emilia only deserved a life that was lowly and worse than theirs. How could she live a more glorious life than them?

However, the ten cars were parked at the entrance of the mansion...

The aura!

The temperament!

Emilia had killed everyone in an instant!

“Mr Davis, please mind your words!”

Emelia replied in a manner that was neither servile nor overbearing, “I’m here today as a business partner, not as a descendant of the Davis family.”

If she and her mother’s names weren’t on the family tree, she would never admit it!

This was revenge. Her husband was giving her his best support, so she naturally couldn’t disappoint him!

“You ...”

Micheal Davis’s face turned red with anger, but there was nothing coming out of his mouth for a long time.

Ma’am Davis’s expression was uncertain. She had long known that Emilia was not an ordinary person.

She had thought that after eight years of suppression, she could suppress Emilia’s temper with some small favors and make her work obediently for the Davis Group.

But now, it seemed that her wishful thinking had also failed!

Where did they get these cars?!

It was simply a mysterious existence!

The atmosphere at the scene turned cold.

Ma'am Davis's turbid but bright eyes were fixed on Emilia!

On the other hand, Emilia held her head high and puffed out her chest, her beautiful eyes filled with determination!

Both the women, Ma'am Davis and Emilia, had a strong temperament, and the entrance of the mansion suddenly felt like a battlefield.

"Mom..."

Mary Grimm saw that the atmosphere wasn't right, so she quickly walked over and said with a smile, "I haven't seen you for years, but you still look so healthy!"

In fact, Mary Grimm was the only one who still took herself as part of the Davis family.

It wasn't that she was greedy for money, but that she wanted to return to her roots!

If she didn't return now, where would she be buried after her death?

Therefore, Mary Grimm would not allow her daughter to make things too harsh with the Davis family.

"En!"

Ma'am Davis, who was finally given a chance to step down, still kept a straight face and asked in an uncomfortable mood, "Where's Issac? Why isn't he here?"

“He doesn’t even acknowledge me as his mother anymore?”

No matter what, Issac Davis was still his biological son!

Moreover, Isaac Davis was her eldest son.

If her eldest son didn’t appear at her funeral, how big of a gossip would it be!

Everything she was doing now was just preparation for what would happen in a few years!

Ma’am Davis still looked down on Issac Davis and his family!

Chapter 354 Showing Who’s Boss

“Him?”

Mary Grimm’s face was embarrassed, and then she stammered, “He... He’s busy!”

Micheal Davis finally got the chance and immediately shouted, “Hmph!”

“Ungrateful wretch! He is an ungrateful wretch!

“My mother raised him all these years, and he’s just going to disregard her like this?”

“I don’t have such a big brother!

“He will never be my big brother!”

In fact, Micheal Davis was the one who benefited from this, and so he naturally didn't want to see Isaac Davis's family return. Furthermore, Emilia wasn't someone to be trifled with!

Especially Oliver Walker, who was even more...

It made one's scalp numb!

Mary Grimm lowered her head and didn't say anything more. After all, her current identity now was indeed awkward.

"Forget it!"

"Since all of you are here, let's go in and get ready for the banquet!"

She could vaguely see a sharp glint and resentment in Emilia's eyes.

In fact, she could understand why. After all, it was indeed unfair at that time.

However, understanding it was one thing; accepting it was another. Ma'am Davis would never admit that it was a mistake!

"Yes! Yes! Of course."

"It's your grandmother's eightieth birthday today," Mary Grimm said quickly. "Let's not talk about those unhappy things!"

"Emilia, Oliver Walker, let's go!"

Under the gaze of the staff from the Davis Group, Oliver Walker and Emilia did not say another word.

As long as those from the Davis Group did not make things difficult for them, they couldn't be bothered to care!

Emilia and Oliver Walker only Hated them.

After all, they no longer needed to depend on the Davis family.

"Dad!"

"Things are getting a little tricky," William Davis said coldly. "What should we do now?"

Would it still be possible for them to frame Oliver Walker and his family with what they had planned?

After all ...

The other party had come prepared, and most importantly, the ten state cars had stolen all their limelight!

This wasn't easy!

"Just stick with the plan."

"Do you really think they're high and mighty just because you rented a few prop cars for the entrance?" Micheal Davis said in a loud voice.

It was not soft at all!

Obviously, it wasn't just for his son but everyone at the banquet.

He wanted everyone to know that the Davis family still had the final say!

Of course, he was also trying to provoke them. However, neither Emilia nor Oliver Walker could be bothered by him.

Prop cars?

What a joke!

Could the car of a state guest be easily replicated?

As for Mary Grimm, she had a good temper and wouldn't kick up a fuss.

On the contrary, the people from the Davis Group were using this to cover up for their nervousness.

"Damn!"

"It's a prop car!"

"They made it so realistic. They almost fooled me!"

"This is too much!"

"They've shown off again!"

"..."

The fear that had been shrouding those from the Davis group suddenly disappeared.

If these were real state cars, how scary would these people be?

Just how powerful was Oliver Walker?

The Davis mansion was huge, and the living room wasn't small either. It was enough to accommodate ten large round tables.

It definitely wouldn't be an issue to cater to all the staff in the Davis Group.

It was just that there were names labeled on the seats, and everyone had their own seats.

On the other hand, Oliver Walker, Emilia, Mary Grimm, and Olivia Walker could not find any empty seats after a long time.

Emilia looked around and sized up the people from Davis Group, who had malicious looks on their faces. She then asked, "Where are our seats?"

Those from the Davis Group were clearly trying to embarrass them.

Emilia was sure that it was done on purpose!

Ma'am Davis didn't say anything because she was also mad. Emilia was still the same as before, giving her orders as if this was still her home. This was now Ma'am Davis's home!

Ma'am Davis was the only protagonist, whether it was seniority, power, or money.

Emilia's family had made a mistake. They shouldn't have stolen her limelight and put her in a spot.

William Davis was even more courageous. He was testing out Ma'am Davis's attitude.

"You should know that Davis is a reputable and powerful family. All the seats are given based on qualifications!" William Davis sneered.

“What complaints do you guys have?”

“Just say it out loud!”

Chapter 355 Turning Speechless at Every Corner

The people from the Davis Group watched on coldly. They knew that this was a fight between Emilia and Michelle Davis; even Ma’am Davis didn’t care, so what else could they do?

Just sit and watch the show!

“In terms of qualifications?”

“If this is how you treat your guests, what rights do you have to say that Davis is an established and well-cultured company?”

“Don’t you feel embarrassed?”

In fact, she didn’t want to care about where they sat!

As long as there was someone who could speak up for them, she wouldn’t be as angry.

But now, it was clear that these people wanted to ride on her neck and act like a tyrant. She couldn’t agree to this!

Emilia had returned with her daughter, mother, and husband. She could not accept such grievances!

This was because she clearly knew the true faces of these people!

Once there was a beginning, there would be no end to it!

Such a sentence made William Davis turn quiet.

It was a traditional virtue for guests to come first.

In fact, he did not expect that Emilia's question would be so tricky, and he was speechless for a moment!

"Emilia, just... Just forget it!"

"We're family!"

Mary Grimm didn't want to cause trouble. She just wanted to have a peaceful meal.

Olivia Walker did not say anything. She did not like this place.

Although they couldn't understand what was going on, they could clearly feel that these bad guys were ganging up to bully them.

"Mom!"

"I think that Emilia is right!" Oliver Walker supported his wife with a smile.

On the contrary, William Davis, who had been sulking for a long time, found another topic to talk about and immediately said, "You're considered a guest even when you come home?"

"Home?" Emilia sneered indifferently.

"Alright then!"

“If this is my home, my mother would be the young mistress of Davis. Shouldn’t she have a seat at the head of the table?”

“Also, don’t you forget that I am older than you!”

Her words caused the attendees to suck in a deep breath of cold air. It was clear that Emilia was picking a fight!

This...

It was getting a little tricky!

Emilia Davis was never like this eight years ago!

William Davis’s face turned red and he shouted, “Well, it depends on your contribution to the company!

“You’ve been away from the company for eight years. Do you think you can still do whatever you want in the company?!”

“In these eight years, have you made any contribution to the company?”

Shameless!

These people are shameless!

“It’s true that I’ve made no contributions to the company for the past eight years.” Emilia continued in a cold tone.

“But, at least it’s better than some people squandering it!”

“Don’t you dare forget!”

“When I was still working here, the Davis Group was the number one in Colorado. Let me ask you again, what happened after I left?”

“What rights do you have to mock me right now?!”

Emilia’s voice was getting louder and louder!

She would no longer allow these people to crush her.

She has already given them the chance to do so in the past.

Now, her husband had given her his support, she would not give up any more!

“You ...”

William Davis was once again rendered speechless. He held it in for a long time, but he couldn’t say a word!

This ...

Emilia’s accusation, in particular, made everyone working in the company to lower their heads!

The Davis Group had indeed been on a downward trend after Emilia’s departure.

Furthermore, it was getting more and more serious with each passing year!

“What’s wrong?”

“Everyone seems to be quiet now?” Emilia asked.

William Davis’s face turned red!

‘Cough cough’.

Suddenly, Michelle Davis opened his mouth and said, “What’s the point of saying all this?”

“Since it’s Ma’am Davis’s birthday today, let’s compete to see who’s more filial!”

“Everyone here has already offered their gifts. You can’t be here empty-handed, right?”

Ma’am Davis’s eyes were filled with disappointment!

Even though Emilia had been through the wind and rain, these hardships did not break her.

On the contrary, she was more tenacious and had an even more outstanding temperament. Not to mention among the younger generation, even her three sons and two daughters could not compete with Emilia!

What a pity!

If Emilia was a boy, she would be overjoyed!

“Yeah!”

“Let’s see who’s more filial then!”

“You’re one to talk! Surely you’re not only doing this for show?”

Chapter 356 Exposing the Fake

“...”

Everyone from the Davis Group started making things difficult for Emilia and her family.

They wanted to know what gift Emilia had prepared.

If it didn't cost more than theirs, then ...

“A birthday present?”

“Well, I came prepared,” Emilia said with a smile. “My husband will be presenting the ‘Kiss of Judas’.”

Everyone was shocked!

” ‘Kiss of Judas’? Isn't that the dowry that the old man gave her when he was still alive?”

“She's just acting it out!”

“That means that the convoy outside is also fake?”

“Definitely!”

“If she had the money, would she use her own dowry as a birthday gift and return it?”

“...”

At that moment, everyone from the Davis Group finally came to their senses.

Although this 'Kiss of Judas' was a gift that was more valuable than any of theirs, it was enough to prove that Emilia was at her wits' end.

Otherwise, she wouldn't have used her own dowry as a birthday gift to her grandmother.

"Oh?"

Ma'am Davis's eyes flickered with a sharp light, but she only said softly, "That's very thoughtful of you!"

Oliver Walker sent his men to retrieve the 'Kiss of Judas' without saying a word, because he wasn't bothered to say another word.

"Hahahaha!"

Seeing that Emilia had really fallen for his trick, William Davis sneered and said, "It's fake, right?"

"I also have a copy of the 'Kiss of Judas'!"

As soon as he said that, the crowd was filled with righteous indignation again!

Who amongst them would have known that Emilia would be betrayed by her own father?

How would they know that Issac Davis had only refused to attend the banquet before f this painting!

"Open it and take a look!"

"If she really had the audacity to present a fake painting, she shouldn't be allowed to return to the company!"

“Right!”

“She must be severely punished!”

“ ... ”

Those from the Davis Group who were infuriated finally stood up!

Mary Grimm was also anxious. “Why would Emilia present a fake painting?!”

She used to be the young mistress of a rich family and had studied antique calligraphy and paintings. Naturally, she thought that the ‘Kiss of Judas’ that they had was an authentic piece.

Therefore, she was very sure that this was not fake!

“Well, a replica can never be authentic and an authentic one will never be recognised as a replica.”

Micheal Davis, who had been waiting for a long time, finally caught the opportunity. He immediately concealed his excitement and pretended to be calm as he opened the scroll. “Well, we’re revealing it now and so there is no suspicion that anyone changed your painting.”

“So, if this is a fake, you will have to be responsible for it.”

This was an attack and also a trap!

“If it’s fake, then I’ll never step into the Davis family again!” Emilia sneered.

She had shown her greatest sincerity but she was getting doubted over and over again. This is not how she should be treated! Moreover ...

She knew that this was what they were waiting for.

So what if she had to give it to them!

“Alright!”

“Then let’s open it and take a look!”

Micheal Davis first had a straight face. As he opened the scroll, he suddenly said in surprise, “Mom, look!”

“If this isn’t a fake replica, I’ll eat it!”

The rest of them in the hall were suddenly interested.

As for Emilia, she frowned.

How could it be fake?

Oliver Walker was also puzzled. He had also confirmed that the painting was authentic!

Ma’am Davis, in particular, was unhappy after hearing this. “Is that so?”

She quickly looked at the painting and her face instantly turned red!

“You... You guys ...

“This is too much!

“Even if you want to bring in a fake one to fool me, you should at least find something else!

“This...!!!”

“You guys!!!!”

How ironic!

Did they really take her for a fool?!

Micheal Davis and his son laughed. How could Emilia have known that the real work was already with them?

But now ...

The show was about to begin!

Let's see how Emilia is going to quibble!

Chapter 357 Nothing But An Outsider

“A fake?”

“That's impossible!”

Emilia's first reaction was that the tragic scene that happened eight years ago was about to repeat itself.

The unjust Ma'am Davis once again sided with Michelle Davis's family in order to suppress her!

That painting had been left at home and had never been touched. How could it turn from a real painting to a fake one?

“Hmph!”

“You still dare to quibble?”

Ma’am Davis angrily threw the fake painting at Emilia’s feet. “Take a good look at the watermark on this!”

Then, every one of the attendees started laughing.

William Davis was especially proud. Now, Ma’am Davis had been enraged.

Emilia wanted to come back?

That would be impossible.

Oliver Walker picked up the painting on the ground and said indifferently, “It’s indeed fake!”

Emilia felt as if she had been struck by lightning, and her head was about to explode!

This time, she had really embarrassed herself!

Although she had an opinion of Ma’am Davis, it was not to the extent that she would deliberately send a fake painting to lower her character and dignity!

Mary Grimm took a deep breath. In fact, she had wanted to return to her roots, but now it seemed that there was no hope!

“I know that you’re angry, Emilia, but...” She sighed in despair.

“Why would you do that?”

She shook her head in despair. “Olivia, let’s go home!”

In fact, she could understand her daughter’s feelings, but even if she didn’t want to give Ma’am Davis a present for her birthday, Emilia still shouldn’t bring a fake!

This was...

“Mom!”

“I ... I ... I didn’t!”

Emilia was anxious and quickly explained herself, “Can’t you just trust me this once?”

She did not care about what anyone thought!

The only people that she cared about were her daughter, husband and her mother!!

She also knew that it had not been easy for her mother to support the family with her all these years...

“Just leave me alone!”

Tears of grief flowed down Mary Grimm’s old face. “I...”

“Stop following me!”

Micheal Davis and the others were gloating as they watched the show.

As the initiator of the whole incident, William Davis was even more smug.

Emilia's current state should be considered that she has been deserted by her family and friends right?

This would not only be the consequences of this matter. If Ma'am Davis were to make trouble again, Emilia wouldn't be able to turn the tables no matter how hard she tried!

"Honey!

"Don't worry about mom. It's just a misunderstanding!

"She's with Olivia. She won't do anything stupid!

Oliver Walker quickly comforted Emilia. Since the other party had already ignited the war, they should not be begging for mercy later on.

Moreover, even if their mother had left, the imperial guards were still waiting by the entrance and they would not be in any trouble.

"I ..."

Emilia's heart was filled with doubts and grievances!

Even now, she had no idea what happened to the painting!

She did not know what to do as well!

"Just trust me!"

Oliver Walker smiled warmly and said, "Leave the rest to me!"

Emilia nodded her head in a daze.

Now, she finally had someone to rely on!

She was no longer fighting alone!

Her husband was definitely a trustworthy person!

“You?”

“Who do you think you are?!”

“Are you even from the Davis family?”

“In this house, only those from the Davis family and the company have the right to speak. What right do outsiders have to speak?”

“...”

Everyone knew that Emilia had a very strong self-esteem. Otherwise, she wouldn't have chosen to starve to death than to come begging for help from those in the Davis family.

In fact, she didn't even lower her head when she was crushed to the ground.

This might be a small matter to others, but it was definitely a fatal blow to Emilia, who had a very strong sense of self-esteem!

“Since when did we, the Davis family, allow any outsider to have a say?” William Davis laughed.

“You, Walker! Don't think that you belong to the Davis company just because you're married to one!”

“You’re not worthy of it!”

“Hahaha...”

Chapter 358 Are you my grandmother?

He had indeed lost a lot!

However, as long as he was able to win just once, he would be able to completely clear the path for Emilia to return home.

There was a trace of disdain in everyone’s eyes, especially the anger in Ma’am Davis’s eyes, which was clearly about to explode!

Emilia, who felt embarrassed, bit her red lips tightly, wishing she could find a mouse hole to hide in.

She felt her face flushing as well.

Oliver Walker took a step forward and smiled. “So, only those with Davis as their last name would be able to speak here?”

“Of course!” William Davis replied proudly.

“You don’t even carry ‘Davis’ as your last name. Get out of here now!”

There was indeed such a rule in Davis where no outsiders were allowed to speak.

Even William Davis’s mother, who was also Micheal Davis’s wife, had been well-behaved until now!

“It seems like all of you agree with him?” Oliver Walker asked around.

He still had a smile on his face.

His demeanor had also never changed!

“Nonsense!”

“This is the rule of the family!”

“Only those from the Davis family were allowed to speak!”

“...”

The hall was in an uproar!

With a teasing smile on their faces, they wanted to know where this wild dog got its confidence from to be jumping around here!

This was simply a joke!

In a flash, Oliver Walker’s gaze fell on the gloomy-looking Ma’am Davis, and he immediately teased, “Old lady, it seems like your children don’t care about you at all!

“They said that outsiders are not qualified to speak!”

“Old lady, aren’t you going to step down from your seat and allow those from the Davis family to take over?”

Such a sharp question silenced all the mocking voices in the hall!

Motherf**ker!

This...

What kind of logic was this?

How did Ma'am Davis get involved?

Fuck!

He was diverting the attention of the crowd.

"I... I... I'm not ..."

William Davis's eyes suddenly turned red with anxiety, and he quickly explained, "Grandma ... Grandma, I wasn't talking about you!"

"Don't listen to this kid, he's talking nonsense!"

Who was Ma'am Davis?

The current main shareholder of the company!

After all, he held half of the group's shares. This was definitely not a joke!

In other words, she would be able to appoint the next chairman!

Without her support, Micheal Davis was nothing!

"Hmph!"

“Good job, Oliver Walker. You’re really smart!”

Ma’am Davis’s eyes shot out a cold light. Was she someone who would be confused so easily?!

Then, with the help of her dragon-headed walking stick, she slowly stood up from the armchair made of pear blossom wood. “You’re calling me old lady?”

“This is ill mannered and disrespectful to your elders!”

In an instant, Micheal Davis’s eyes lit up, and he said coldly, “If you don’t respect your elders, you’ll be punished!”

“You... You’re too arrogant!”

The next moment, with the help of Ma’am Davis, those from the Davis Group found their opportunity to fight back.

They began attacking Oliver Walker aggressively!

Emilia’s Phoenix-like eyebrows furrowed slightly. How could her husband fight all of them alone?

The staff of the Davis Company may not be the most capable but they were amazing when it came to hitting those who were already injured.

She was really afraid that her husband would be taken advantage of!

After all, they were the ones in the wrong, and it was indeed unreasonable for them to present a fake painting.

However, in the face of the crowd's condemnation, Oliver Walker stood tall like Aiden Wilson. "Then, may I ask if you're my respected teacher or my elder?"

He was smiling!

I'd like to see how Ma'am Davis will answer this question!

In fact, Ma'am Davis had already felt that something was wrong ...

However, none of those who were furious noticed that they were placed in a trap.

If the answer was yes, then the Davis family would have to pay for what they have done.

If the answer was no, Oliver Walker could not be convicted of disrespecting his elders!

It was just that those from the Davis Group were simple-minded and didn't realize the complexity of the problem!

"She's Emilia's grandmother!

"And you're Emilia's husband, so naturally, she is also your grandmother!"

William Davis proudly reproached, "Since she's your grandmother, how dare you say that she's not your elder?"

Chapter 359 Let's Have Street Food

This was a dead end. In the eyes of the people from Davis Group, Oliver Walker was bound to pay the price for his words and deeds!

However, Ma'am Davis was not Micheal Davis.

Ma'am Davis had been in Colorado for years, and her connections were by no means comparable to Micheal Davis.

However, she would rather see the Davis Group suffer losses year after year and has refused to help Micheal Davis with her connections.

Why?

This was because these connections were like double-edged sharp blades.

If used well, it could kill the enemy!

If not, the Davis family would be ruined.

Ma'am Davis clearly knew how capable her second son was.

Therefore, she didn't budge.

After all, if she gave it all to his son, she would be harming Micheal Davis!

If she kept it to herself, she would still be able to turn the tables when the Davis Group heads into misery.

Therefore, everyone in the Davis Group knew that Micheal Davis wouldn't be able to deal with Emilia and Oliver Walker, but Ma'am Davis could.

"Alright."

"Since the old lady is Emilia's grandmother, it means that Emilia is also a member of the Davis Group."

Oliver Walker then showed a cold smile. "Since she's part of the company, she should be given a part of the shares!"

"My wife didn't get a single cent of dividends for eight years.

"Now, you'll only have to return all of the dividends along with the interest and return the shares that she deserved....

"I wouldn't mind being punished according to Davis family rules!"

With that said, the entire hall turned silent.

What?!

Does this man even have brains?!

Why would there be such tricky logic?

It felt like he.....

He had only attended this banquet so that he could get the money!

Eight years of dividends along with the interest...

William Davis was dumbfounded!

Micheal Davis was stunned too!

Those from the Davis group kept their mouths shut.

These shares and money were their lifeblood, so how could they possibly hand them over to Emilia.

At the same time, Emilia's beautiful eyes widened as she looked at her husband, who had been quiet all this while, and began to reevaluate him!

Originally, she thought that her husband was just a 'barbarian' who would use his fist wherever he went.

Although he was a gentleman, has there ever been a time where he would use his brain?

In fact....

These people weren't even worth Oliver Walker wasting his time and effort.

He had always been a person who convinced others with virtue!

If they were not convinced, he would beat them until they were convinced!

However, he remembered their grandfather's kindness and had always been very generous to those from the Davis family.

"Hmph!"

Just as everyone else turned mute, Ma'am Davis cleared her throat and said with an embarrassed expression, "We're talking about the fake painting, not anything else!"

"You don't have to change the topic!"

Micheal Davis's face turned red!

In this round of confrontation, he was completely defeated!

But ...

Fortunately, there was still Ma'am Davis, who brought them back on track!

'I'd like to see how this wild dog can quibble!'

"Alright!"

"Since there's no kinship, let's talk about the gift!"

Oliver Walker smiled calmly and said, "My wife and I, as business partners, are merely here for the celebration.

"The gift is merely just for show. Our intention is what matters most.

"We have already presented our gifts and showed our most sincere intentions.

"If the Davis family is a bunch of snobs, then there shall be nothing left for my wife and me to say."

With just two rounds of conversation, Emilia had completely refreshed her understanding of her husband!

Such an answer not only pushed all the blame to Davis company, but the key was that if Ma'am Davis didn't want to be labeled as a snob, she would have to swallow her rage silently!

This.....

Even she couldn't help but admire him!

The next moment, she raised her head and cooperated with her husband. “Hubby, the food here is expensive. We can’t afford it!”

“I think street food would taste better.”

This couple was embarrassing the rest of the Davis family!

This ...

All of them didn’t know what to say.

These two were comparing the garbage food on the street to the Davis family dinner. Wasn’t this sarcasm?!

“Well, we’ll have whatever you want.”

Oliver Walker smiled indulgently. In fact, he had always been too lazy to reason with others, mainly because it was too troublesome.

It was not as practical as fighting with his fists!

But... that didn’t mean that he was unreasonable!

Chapter 360 A sincere heart in exchange for one

He was a mentor afterall.

He was the teacher who had nurtured five war gods, six divine doctors, and eight gods of wealth!

This was also the teaching experience that he was most proud of!

“Also, I have something to say to the old lady!”

“I wonder if it’s possible for me to say so.”

In the face of Oliver Walker’s continuous counterattacks, Ma’am Davis had been completely defeated. If she didn’t allow him to do so, she would be even more embarrassed.

This ...

Therefore, after a moment of silence, Ma’am Davis said in a low voice, “Speak!”

Her eyes were filled with sharp light!

She had never looked at Oliver Walker in the eye before, but now she had to reevaluate him.

This child was definitely not an ordinary person!

Whether it was his temperament, demeanor, or courage...

Even she had to admit defeat!

“A sincere heart in exchange for one.”

Oliver Walker left these six words and said, “Let’s go, honey!”

He had already said what he wanted to say!

Ma’am Davis was not stupid. On the contrary, she was very smart!

It was impossible that she wouldn't understand what Oliver Walker meant by that.

Was Oliver Walker an ingrate?

Then why was he so tolerant of the Davis Group?

Why did he go to his grandfather's grave to ask for permission before he made a move on Davis?

He had never been an ungrateful person!

If not for his grandfather's existence, the Davis Group would have long since ceased to exist!

Would Emilia be soft-hearted?

No!

Of course not!

She knew who was kind-hearted sincerely and knew who to repay.

Otherwise, she wouldn't have saved up money to pay incense for her grandfather every year during Qingming Festivals even when she was starving.

Even if she wasn't allowed to visit her grandfather's grave to pay her respects, he would kneel in the direction of her grandfather's and express her longing.

There were some people who were still alive but had already died in the heart of others.

While some who have died will always remain alive!

Obviously, Master Davis was the latter, and Ma'am Davis was the former!

"Impudent!"

"Arrogance!"

"This is too much!"

"..."

The people from the Davis family started cursing with red faces!

With just a few simple words, Oliver Walker had belittled the entire Davis family!

They couldn't reason with him, so they could only be unreasonable like shrews and curse him!

Oliver Walker and Emilia were holding each other's hands, as if they were separated from the rest of the family.

As for those curses, he pretended not to have heard them.

In fact, he was too lazy to care about it!

"Wait... Wait!!!"

Ma'am Davis's lips trembled, and her throat was also squirming. There was a sour feeling that rose from inside her.

A sincere heart in exchange for one?

This sentence pierced her heart deeply.

She knew that Emilia had done nothing wrong back then, but she still helped Micheal Davis, suppressed Emilia in every way possible, and deprived Emilia of all money and property!

However, she would never admit this mistake!

Was allowing Issac Davis's family to return a sign of defeat and remorse?

Absolutely not!

Her motive was obvious. First, he was considering her funeral which would happen in a few years' time.

If her eldest son wasn't at the funeral, she wouldn't be able to rest in peace. When she reported to hell, she would also be charged with the crime of being dissatisfied.

Secondly, she only allowed Emilia to return home now because she would no longer be a threat to Micheal Davis.

She had originally planned to give a small favor to Emilia so that she would be grateful once again and would work relentlessly for the Davis Group, bringing the company back on track!

However, she realized that it was no longer realistic!

Emilia was a prodigy in the business world to begin with, and now with Oliver Walker's help, she was like a tiger that had grown wings!

"Grandma!"

“Mom!”

“Just kick them out of here!”

“...”

The lungs of Micheal Davis and the others were about to explode!

When these two work together, it's simple...

They did not have the words to refute them and leaving them here was just uncomfortable!

There was no guarantee that something even more unpleasant would happen next!
