

Chaplain 371

Chapter 371 The Old vs The Young

“Grandma!”

“He’s here!”

William Davis’s face was filled with excitement, and he couldn’t help but wave the ferrule in his hand while leaping on the ground.

“En!”

Ma’am Davis nodded and heaved a long sigh of relief. “It’s good that you’re here!”

“It’s good that you’ve come!”

This wasn’t a warm welcome, but it was almost certain that Oliver Walker didn’t have any identity.

She was just scaring herself!

She would start with Oliver Walker, then force Emilia to come back to work.

After all, it would be a waste of resources if she didn’t make use of such good business talent.

As for the Davis Group?

This was merely a small sacrifice that they had to make.

Compared to the huge benefits that Emilia could bring, there was really nothing to fear!

Tap tap tap.....

Oliver Walker pressed the lighter and lit a cigarette. He stood at the door and looked down the path that was 50 metres long. He stared at Ma'am Davis standing directly opposite him.

"F*ck!"

"This kid can really act!"

"I'm even suspecting that he works as an actor!"

"..."

The employees of Davis Group on both sides of the path started to mock Oliver Walker with malicious smiles!

The father and son, Michelle Davis, were extremely excited!

Since Oliver Walker had dared to come, they would be too ashamed to face anyone in the future if they didn't let him go back with a cripple.

Plus, once Oliver Walker became crippled, then no matter how good Emilia's business talent was, would she be able to stand up to their endless means?

Therefore, in order to eliminate the threat of Emilia, they had to get rid of Oliver Walker!

"Very good!"

Ma'am Davis's hoarse voice resounded through the ancestral Hall. "You actually came. This is indeed beyond my expectations!"

"A gentleman never goes back on his word!" Oliver Walker replied with a smile.

"How can I go back on my word?"

With just the Davis family and their staff, what's the worst that they could do?

If he didn't even dare to face these mortals, how could he recover the losses from the battles in Indiana?

It could only be said that he never took these people seriously.

Of course, these people had never thought highly of him as well!

Today, they shall finally witness it!

"Are you sure you want to be punished?"

Ma'am Davis tried to goad him into action again and said, "If you agree to it now and back out halfway, I will only look down on you even more!"

"I'm already here! Let's see what you can do!" Oliver Walker spoke indifferently.

"But if I pass the test and you go back on your words, refusing to let my mother home, then there shall be no need for the Davis Group to exist anymore!"

He was here to fulfill his mother-in-law's long-cherished wish!

As for Davis' group? He really didn't care about them!

Such arrogant words made those from the Davis Group completely furious!

“You... Who do you think you are?”

“Is the Davis Group something that can be destroyed just because you said so?”

“This is too much!”

“...”

At the same time, Ma’am Davis’s eyes shot out a cold light as she stared at Oliver Walker, who was 50 meters away!

No one had thought that at this time, he would dare to challenge Davis’s authority. Who could stand it?

However, Oliver Walker did not avoid it. He faced Ma’am Davis sharp gaze head on!

The atmosphere in the ancestral hall instantly became tense!

Compared to Ma’am Davis’s sharpness, Oliver Walker was like an ancient well, without the slightest ripple.

But, he was able to stand the look from Ma’am Davis!

It was clear who was stronger and who was weaker!

“Hmph!”

William Davis suddenly shouted, “I’ll say the ugly things first...”

Oliver Walker smiled lightly and said, "You're ugly, so you shall speak first. It sounds reasonable!"

The moment that was said, the rest of them almost laughed out loud!

At this point, Oliver Walker was still trying to provoke them?

Wasn't he aware that William Davis would be the executor this time?

Chapter 372 First, Mountain of Blades

Where did he get the courage from?

Motherf*cker!

William Davis's face immediately turned green, but he suppressed his anger and coldly said, "Once the punishment starts, there shall be no pauses!"

He wouldn't mind for this wild dog to act arrogant for now!

Let's see how long he can be stubborn!

This time, if he couldn't make Oliver Walker cry for his parents and beg for mercy, William Davis could commit suicide to atone for his sins!

"You talk too much nonsense!"

Oliver Walker said contemptuously, "I'm short on time, so don't waste it!"

His wife didn't know that he had come here, so he wanted to end it as soon as possible and head back to give his mother-in-law and wife a surprise.

However, Ma'am Davis couldn't stand his arrogance any longer. She nodded her head, signaling that they could start!

She wanted to see where Oliver Walker's courage came from!

"Mountain of blades!"

William Davis, who had been impatient for a long time, suddenly raised his voice and shouted.

Bang bang bang...

Dong Dong Dong...

Clang Clang Clang...

The next moment, they saw Davis's bodyguard throw all kinds of wine bottles on the road.

The sound of glass shattering was like a passionate symphony!

It was thrilling!

In the next moment, the bluestone path was filled with glass shards.

The sharp glass reflected the sun's rays, making it look extremely ferocious!

Those from the Davis family had gloating expressions in their eyes.

Once he saw this scene, would Oliver Walker's legs go soft?

However, Oliver Walker's expression remained indifferent, without the slightest change!

William Davis furrowed his brows slightly. This brat was still putting on an act?!

He was definitely still pretending to be indifferent!

"Listen well, you have to walk on this path and come to grandma!"

"If you can't hold on, you lose!"

"Remember, you have to take it one step at a time!"

The corners of his mouth curled into a mocking smile. "Do you still have the guts to do this?"

Ma'am Davis's face was ice-cold!

This was the punishment of the Davis family that struck fear into the hearts of those in the family.

Just looking at the 20-meter long glass shards was enough to make one's soul tremble, let alone the glass shards!

As long as they dared to leave, then their two legs would definitely be crippled!

Furthermore, this was only the first step.

"That's all?"

Oliver Walker shook his head in disdain and took a puff of his cigarette. "I thought you guys would come up with something new. I didn't expect you to disappoint me so much!"

This kind of punishment could only be used to scare ordinary people!

Just the Indiana frontline alone was covered in yellow sand. Even with shoes on, it felt like it was being burned by fire during the day.

This small path was only about 20 metres long, but it was incomparable to the sand that was more than 60 degrees celsius!

Why was there no man's land in Indiana that was ten thousand miles long?

It was because there was no one there who could survive.

Even for the specially trained soldiers, many of them were killed by the high temperature when they first stepped into the no man's land.

One could only imagine how terrible the environment there was.

Therefore, this little thing in front of Oliver Walker was completely insignificant and not worth mentioning!

However, his words made those prideful people from the Davis family furious again!

"I think you're just good at talking!"

William Davis couldn't take it anymore and he immediately roared, "If you're so capable, walk on it and let us see..."

Before he could finish his sentence, Oliver Walker had already taken off his shoes and stepped on the glass fragments!

Blood instantly oozed out from the soles of his feet!

However, the smile at the corner of his mouth was still there. The people from the Davis family were shocked!

What kind of lunatic was this?

However, these people were just flowers in a greenhouse. How could they be compared to Oliver Walker, who had experienced hundreds of battles?

Oliver Walker had been injured countless times, and every time was more serious than this.

For example, in the last battle, he killed 100000 enemy soldiers alone and was seriously injured. He had to lie in bed for four years. So, what did these superficial injuries count for?

Crack... Crack...

When Oliver Walker took his second step, he was still as steady as Aiden Wilson; so much so that the people of the Davis family widened their eyes in shock.

When he took his third step, his expression still did not change. He walked so slowly as if he was walking on flat ground...

Chapter 373 Second, Sea of Fire

The people from the Davis family had their mouths wide open!

Their faces were full of disbelief!

Was this pain something that a human could endure?

This ...

When Oliver Walker took five steps, six steps, and more than ten steps in a row, Ma'am Davis was so frightened that she stood up from her chair!

She didn't even need a walking stick!

In an instant, the people from the Davis family were completely dumbfounded!

It was a painful scene to look at, but Oliver Walker could still laugh!

If it wasn't for the bloodstains on the ground, they would have thought it was an illusion!

But ...

Everything was so real!

"What else is there?"

Oliver Walker stood on the broken glass, still as graceful as ever. "Just bring it on!"

The entire place was silent!

All of them looked at each other and trembled as if they have never seen anything like this!

After a full three minutes...

William Davis gritted his teeth and shouted, "Go... Go to the sea of fire!"

He didn't believe that Oliver Walker could stand this any longer!

Whoosh, whoosh, whoosh ...

After the order was given, the bodyguards took out a flint and threw it on the road in front of Oliver Walker.

The friction between the flint and the path caused a spark.

Suddenly, a soft sound was heard, and a wild, red flame that was half the height of a person with black flames instantly rose!

The place was filled with the pungent smell of sulphur and black charcoal!

That's...

The smell of gunpowder!

Oliver Walker stood with his hands behind his back and took a look at it. There should be special combustion-supporting materials added to it. Otherwise, it would not be able to burn for such a long time!

"I don't believe you'll dare to take another step forward!"

William Davis roared with a ferocious expression, "If you have the guts, then talk big again!"

"Did you really think that there was nothing that we could do to you?!"

If a pig was put in such a flame, it could be directly roasted!

What about a living human being?

Even if this man could run across it quickly, it'll still be comfortable to do so!

He might survive, but he would definitely be severely burned!

He might be disfigured!

This was the punishment for Oliver Walker, who had injured his sister!

The people from the Davis family frowned and held their breath. They stared at Oliver Walker and did not say anything.

After all, to be able to walk step by step while standing on the broken glass was definitely not something that an ordinary man could do.

In fact, even if Oliver Walker had left, they would not look down on him.

How much did his reputation worth when his life was now at risk?

Ma'am Davis narrowed her eyes slightly. Although there was a trace of fatigue on her old face, she had no intention of leaving!

The temperature of the flames also made Oliver Walker feel hot. He smiled and said, "You used glass shards to break the soles of my feet so I would not be able to walk through these flames quickly. This would then cause me to burn in such huge flames."

"You guys are really something!"

He finally understood why his wife had been so resistant!

The punishment of the Davis family was not some low-class punishment like a normal beating.

Putting aside the glass shards under his feet, just the flames in front of him were enough to intimidate ordinary people.

Unfortunately, he ...

He was not an ordinary man!

Thus, he stepped out with his bloody feet and stepped into the tall flame under everyone's watchful eyes!

Motherf*cker?!

The people from the Davis family were completely convinced!

What kind of monster was this?

Where did he find such courage?!

The corners of Ma'am Davis's lips wriggled slightly, but she couldn't say anything.

She then waved his hand and ordered the bodyguards to fill the pool that was five meters long and one meter deep with 'clear water'.

Everyone's jaws dropped as they watched Oliver Walker walking in the flames.

Chapter 374 Lastly, Pool of Death

"This guy! Why isn't he afraid of the heat?"

“He’s not a human!”

“He’s definitely a monster!”

“ ... ”

It was unbelievable!

Those were flames!

How could someone do such a thing?

In the midst of the huge flames, Oliver Walker was drifting erratically. This was an illusion due to the high temperature of the flame.

However, there was one more thing. Oliver Walker’s aura protected his body and resisted the damage caused by the flames!

The temperature of the flame should be around 500 degrees. Even under the protection of his inner Qi, Oliver Walker’s body temperature was still rising.

He was sweating all over!

Just like that, step by step, he crushed the perception of those from the Davis family!

After stepping out of the flames, Oliver Walker’s clothes were all intact!

This was ridiculous!

Ma'am Davis could no longer sit still. It was as if the chair beneath her was not the armchair that symbolized her status but a bed of needles!

In front of the ancestral hall, it was completely silent!

It was simply to an appalling degree!

William Davis trembled as he opened his mouth and wanted to carry out the next step of the punishment, but he had lost his voice.

Everyone's eyes widened!

They couldn't believe what they had just seen.

Especially the happy and content expression on the man who was punished crushed the pride in the depths of their hearts!

A pool of blood was under Oliver Walker's feet, but his expression was still the same. As those from the Davis family remained silent, he asked, "Is this the last stage... a pool filled with alcohol?"

Oliver Walker then looked up at Ma'am Davis.

There was no sharpness in his eyes, only indifference!

"Um... Yes, yes..."

William Davis could no longer speak. He could only make some muffled sounds from his throat before nodding his head repeatedly!

Even if the man who passed through the flames didn't die, his body would still be set on fire. Once he sees the pool of water, he couldn't resist jumping into it.

That was why they couldn't wait for him to jump into it!

But, in fact, this was no ordinary pool. It was alcohol mixed with sea salt!

If he jumped in with a flame on his body, he would definitely ignite the pool of alcohol and burn to death.

However, in the process of death, the sea salt would tear the injury under his feet and intensify the pain from the injuries that he had suffered.

Therefore, although there seemed to be only three punishments, when combined together, it was deadly.

Even if they were lucky enough to escape the 'Mountain of Blades' and 'Sea of Fire', they would still die in the pool.

Emilia didn't allow Oliver Walker to come because she knew the cruelty of the punishments!

However, Oliver Walker still came in the end!

If he hadn't left eight years ago, his mother-in-law wouldn't have been left out there!

He would definitely pay back what he owed!

If his grandfather had not treated him so well when he was alive, how could Davis have a chance to torture him now?

The only thing that he could say now was...

The reason the Davis Group could still exist was all because of his grandfather!

Whoosh!

The next moment, Oliver Walker jumped into the pool without hesitation!

The alcohol and sea salt in it continuously aggravated the pain from the wounds under his feet.

If one had to describe it, the pain must have surpassed the tearing pain of childbirth.

It might even be several times more painful! An unbearable pain for ordinary people!

However, Oliver Walker only grinned and did not even make a sound.

He just stood in the pool calmly!

The perception of those from the Davis family underwent a tremendous change!

In fact ...

If they could visit the Indiana front line, they would know that this was nothing.

But!

For the children of rich families like them, once they set foot in Indiana, no matter how many people they had to protect, they wouldn't be able to leave that place alive!

No man's land was definitely not a joke!

It was a harsh desert where even wild beasts could not survive, but Oliver Walker had forcibly led his troops into it and driven out all the intruders!

With their narrow vision, what right did they have to make things difficult for Oliver Walker, who had passed through the true mountains of blades, entered larger seas of fire, and actually suffered those injuries?!

Chapter 375 Shutting Their Mouths

“Old lady, for grandfather’s sake, I have already completed the punishments.”

“If anyone dares to make things difficult for my mother-in-law after she returns home, I’ll kill them all!”

Oliver Walker’s expression turned cold. “You... You don’t have any objections, right?”

In an instant, the temperature in the ancestral hall began to drop!

The people from the Davis family couldn’t help but shudder!

This was.....

Even Ma’am Davis was only pretending to be calm, in fact, her heart was already in a state of shock. “You...”

She could clearly feel the intense killing intent coming from Oliver Walker!

Oliver Walker’s eyes had a murderous look in them!

It was clear that he was not joking.

“I’ll make it clear. If you want to mess with us, you can try!”

“If you want to play with something exciting, I’ll accompany you to the end!”

“Farewell!”

Oliver Walker did not have a good impression of them which was why he wouldn’t be respectful towards them!

If it wasn’t for his mother-in-law, he wouldn’t even be here!

“Don’t tell me that you only accepted the punishment because of him?!”

The moment Oliver Walker turned around, Ma’am Davis stood up in a rage and shouted in a hoarse voice, “Could it be that I’m not even as good as a dead person?”

She had been extremely competitive all her life!

It was a great humiliation that a living person was inferior to a dead person!

It was also an insult to her from Oliver Walker!

“If it wasn’t for him, do you think we would still be talking to each other in this manner?”

Oliver Walker’s question made everyone present shudder!

This ...

What did that mean?

It was clear that he didn't care about the most important person in the Davis family.

If it was before, they would have dared to sneer, but now, was there anyone who dared to do so?!

They didn't even dare to look at Oliver Walker's eyes, let alone refute him.

Ma'am Davis's body was trembling violently!

Her turbid eyes were fixed on the back of the figure who was leaving bloody marks with each step that he took!

He could still walk?!

He was still alive?

He was still so disdainful and arrogant!

He had completely crushed Davis's dignity under his feet!

"Hubby!"

At this moment, an anxious voice resounded through the entire ancestral hall!

Emililia had been crying the entire journey in the car!

She didn't expect that she was still too late!

When she stood at the door and saw the scene in front of her, her heart felt like it was being torn apart!

Her tears fell again...

Her petite body also started trembling!

“Aren’t I fine?”

A warm smile spread across Oliver Walker’s face. He was even more touched when he saw his wife’s beautiful face.

“You ...”

Emilia couldn’t even say a single word!

This was because it hurts so much just by looking at the man standing before her!

“Let’s go home!”

Oliver Walker’s tone was indifferent. He didn’t care about this little injury at all.

Instead, he walked step by step, holding his wife’s hand, and disappeared from their sight.

There wasn’t a single noise heard throughout the ancestral hall!

It was so quiet that it was as if it was the middle of the night!

After more than ten minutes, Micheal Davis said in a daze, “Mom!”

“That dog, he...”

Ma’am Davis’s cold face turned and she roared, “Shut up!”

“If anyone dares to offend Mary Grimm after she returns, I’ll make them suffer the same punishment!”

Her words caused everyone present to shiver uncontrollably!

Especially after how they have witnessed the ‘Mountains of Blades’, ‘Sea of Fire’ and ‘Pool of Death’...

Their bodies started shaking uncontrollably.

“It’s ... It’s ...”

Micheal Davis lowered his head, but he quickly said, “Then... We’re just going to be humiliated by him like this?”

He can’t accept that he has been defeated!

In the business world, only Leon Williams would be able to stand above him!

Chapter 376 The Old Master’s Words

Now, as the head of the Davis family and the chairman of Davis Group, he couldn’t even deal with Davis’s abandoned son-in-law.

How preposterous was this?

“You... All of you guys...”

“You’re all useless!”

“All of you are trash!”

“Whoever dares to make a move again and bring disaster to the family will have to pay for it!” Ma’am Davis said angrily.

“If you can’t stand it, then show me your ability!”

“I want all of you to pressure Emilia and suppress her arrogance!”

“There are more than thirty men in this family and you can’t even deal with a woman?! If none of you can even deal with a woman, you... What right do you have to inherit the wealth?”

This was true!

Emilia had already been kicked out of the company for years!

What did her children and grandchildren have to be afraid of?

However, she did not know that Micheal Davis was also in a difficult position but he couldn’t say a thing. Emilia had at least 20% of the shares!

They were completely on par with him!

However, if he brought it up now, Ma’am Davis would be infuriated!

Thus, Micheal Davis could only lower her head and kept his mouth shut.

That kind of grievance was like hundreds of millions of ants crawling on his organs!

Thump... Thump... Thump... Thump...

Under the gazes of her children and grandchildren, Ma'am Davis left the ancestral hall with a gloomy expression, holding her dragon-headed walking stick.

She was having mixed feelings deep inside.

After returning to the bedroom, she sat on the recliner in a daze and muttered to herself, "Old man, I didn't believe what you said before, but now I do!"

"But you know me, I'll never admit defeat!"

"As long as I'm not dead, as a girl, Emilia will never be able to take over the company!"

"The company shall only be left for those that hold the name Davis!"

"Otherwise, I won't be able to face your family's ancestors!"

She looked at the silent portrait and gradually...

She fell into deep thought and memories!

The old man had once said that Emilia was a gem who was a genius in the business world.

If the company could work as one, it would definitely reach new heights.

But unfortunately ...

As soon as he passed away, the company broke apart.

He had also said that Oliver Walker was not an ordinary person, but a dragon amongst men!

There was no need to guard against affection and righteousness!

But ...

Old Master Davis, who saw things clearly, had a short life. He didn't make it to the day when Emilia took control of the company.

That was the start of a direct confrontation between Oliver Walker and the Davis family. However, it was also his kind actions that saved Davis from the risk of being destroyed.

But ...

There was a limit to one's patience!

If the people from the Davis family still couldn't see the picture clearly, then it did not matter how kind Old Master Davis had been to Oliver Walker because there would be a day where all of these would run out.

Back at the ancestral hall...

"Dad!"

William Davis gritted his teeth and said in a cold voice, "What should we do now?"

In a head-on confrontation, he had been defeated!

He was defeated to the point that his confidence had completely collapsed!

"If you can't win him righteously, why not play dirty?"

Micheal Davis also had an ugly look on his face. It was the first time he had lost so badly. "Listen to me. You're not allowed to torture Mary Grimm . Otherwise, that dog will really kill us!"

William Davis weakly replied, "I... I understand."

In one of the homestay close to the Davis Mansion...

Originally, Emilia had wanted to bring her husband to the hospital, but Oliver Walker insisted that they didn't have to, because there was really no major problem.

All of these minor wounds would heal within a day.

Furthermore, he was a doctor himself.

"Why did you lie to me?"

"Didn't I forbid you from going?"

"I don't want to go home!"

"I really don't want to!"

After making sure that her husband was fine, Emilia completely exploded.

She had been on tenterhooks the entire way!

As for the man in front of her?

He was still smiling!

Chapter 377 Kiss The Man

“But our mom wants to go home!”

Oliver Walker said in a serious tone, “She saved my life. Even if she wanted the stars in the sky, I would pluck them for her!”

What was the most difficult thing to repay in one’s life?

It was a favor!

Mary Grimm was like his mother who gave him a second life.

Although she was his mother-in-law, her position in his heart was no less than his birth mother, whom he had never met.

He was an extremely simple person.

For those who treated him kindly, he would repay their kindness indefinitely.

“But have you ever thought about my feelings?”

“What?” Emilia was furious. “If my mother knew that you asked her to go home in this way, would she agree to it?!”

The colder those people treated her, the more the hatred grew.

That heartless woman, could she still be considered as a grandmother?!

Just for the sake of the family's wealth, she had actually kicked her eldest son out of the family!

She even gave Emilia's husband such a cruel punishment just for the sake of her own reputation.

If Emilia didn't feel sorry for her husband, who would?

"That's why I don't want to go home and cause mum to suffer!"

Oliver Walker took a deep breath. If his wife hadn't come, he would treat his wound secretly, pretend that nothing had happened, and go home.

But his wife knew him too well!

If she was a little slower, she wouldn't have known that Oliver Walker had gone to the Davis Mansion.

"You ..."

"You reap what you sow!"

Emilia turned her body around indignantly. "You don't even know what we want!"

"We just want a home. A home where no one is absent!"

"Do you understand?"

When had she ever asked her husband to do such impossible things?

Now, she had a mixed feeling in her heart.

It was as if she was very selfish!

“Ow...”

Looking at his wife’s back, Oliver Walker suddenly shouted, “It hurts... It hurts...”

Such acting skills were perfect!

Every minor expression was on point!

“You...”

Emilia, who was still angry at first, quickly turned around after seeing this. “Where does it hurt?”

“I’m sorry!”

“I’m sorry! It’s all my fault!”

She was feeling anxious!

When she saw her husband’s leg being pierced by the glass shards, she felt as if she was the one in pain!

She was angry because she thought that her husband was really fine!

But now that her husband was crying out in pain, she instantly started to blame herself!

Although he couldn’t bear to see his wife in pain, his wife would definitely be angry for a long time and might even give him the cold shoulder if he didn’t pretend to be in pain.

“My feet hurt. Everywhere hurts!” That was the only thing that he could say.

“What should I do to stop you from hurting?” Emilia asked weakly.

She wanted to touch his foot that was wrapped in gauze with her hands, but...

In the end, she gave up!

She felt lost!

Oliver Walker also enjoyed his wife’s concern for him. Then, he said seriously, “You don’t have to say anything. Just kiss me.”

Although it was a little shameless, he.....

This was his wife after all.

“You ...”

Emilia wasn’t stupid and she immediately realized her husband’s intentions. She was instantly angry, annoyed, and distressed. She wanted to throw a tantrum, but when she looked at that gentle face, she couldn’t vent it on him.

“Honey!”

With a hurt expression, Oliver Walker said, “I’m really in pain!”

If his disciples were to see this, their jaws would probably drop!

The man who killed 100000 enemies in one battle, was regarded as the god of death by the enemies. If they knew that the man respected as the chaplain actually knew how to act coquettishly...

It was ridiculous!

Even internationally, Oliver Walker was someone with a high status!

To actually do such a shameless thing ...

Hmm!

He was indeed shameless.

When she saw the weak side of the man in front of her, her heart melted. She then pursed her red lips and closed her bright eyes!

She was so nervous!

For her to take the initiative to kiss a man...

Chapter 378 Time To Learn Your Lesson

She felt shy!

“Phew ...”

Emilia took a deep breath, not knowing what to do!

However, in the next moment, Oliver Walker pulled the seemingly weak and boneless body into his arms and kissed it without much hesitation.

Those red lips were so sweet!

It was so insatiable!

It also made him lose his mind and was about to go crazy.

Emilia's heart was beating wildly!

She could smell the strong masculine hormones of the man in front of her!

...

In order to recuperate, Emilia got Oliver Walker to stay at the homestay instead. Plus, she didn't want her mother to worry.

So, she simply found a reason to tell Mary Grimm that they wouldn't be going back tonight.

The one that suffered most tonight was Isaac Davis, who was locked up in an interrogation room with four iron walls.

The longer he stayed inside, the more oppressive it was. It was to a point where Isaac Davis could no longer breathe.

"Sir, I... What else should I say! I really didn't..."

Isaac Davis said in a sobbing tone, "That painting really isn't with me. I was also deceived by William Davis!"

His hatred for William Davis had reached its peak.

That damned guy actually sent people to beat him up and snatched away the 'Lin Han's Snow Landscape'.

Issac Davis had taken such a big risk. However, not only did he not get a single cent from this, he was now locked up in an interrogation room after being beaten up.

This grievance ..

George Lee asked again with a blank expression, "What else?"

If not for the identity of the man in front of him, George Lee would have punched this man!

He had never seen someone who would trick his own daughter in such a manner!

"Still....I..."

"I admit that I'm in the wrong for the fraud, but... But Oliver Walker is my son-in-law!"

"No matter what, this is our family's business, right?"

"We're family, how can this be considered a scam?"

As Isaac Davis cried, he suddenly sobered up and said shamelessly, "That's right, I... I think there's something wrong with Oliver Walker. He's just a stinky soldier."

"He gives us ten thousand dollars every month! How is that possible?"

"You have to look it up!"

"There's definitely something wrong with him!"

All he wanted now was freedom, and for that, he would not hesitate to drag anyone down with him!

Besides, as long as he could get Oliver Walker in, he would be able to find a new, shining husband for Emilia.

After all, that poor son-in-law had spent all his retirement fees. There was no value in extorting him!

Besides, even if Oliver Walker had the money, Issac Davis wouldn't be able to get any of it!

"I've never seen a man like you who doesn't have any sense of responsibility!"

George Lee couldn't hold it in any longer. He stood up and said with a sharp gaze, "As a man, you don't protect your home! You don't defend your country!"

"You're always reluctant to leave the casino, what kind of man are you?"

The chaplain is suspicious.

Are you kidding me?

If they didn't see it with their own eyes, who would have thought that there would be someone in the world who would trick their own son-in-law?

"I ..."

Isaac Davis was dumbfounded, but his desire for freedom was strong. So, he gathered his courage and asked, "No... Didn't you say that if I confessed, I would get a lighter sentence?!"

"I... I... I've already explained everything that I should!"

“Please let me go! Please!”

He even cried!

This place was too f*cking scary!

It had only been ten hours but he felt that he was about to turn crazy!

“You have the audacity to think that you’d still be set free?”

“Just stay here!” George Lee sneered.

“Serve him well!”

This was what the chaplain wanted. Oliver Walker wanted to give Isaac Davis a good scare. Otherwise, Oliver Walker would not be at ease leaving Issac Davis at his home.

This time, he stole the ‘Kiss of Judas’. Next time, would he do something even crazier?

“Wuwuwu ...”

“I admit my crimes!”

“I won’t dare to do it again!”

“I ...”

“Where are you guys taking me?”

“ ... ”

Just as Isaac Davis was crying and begging for mercy, two guards in black suits took him into the prison.

“You shall go to a place where you will never commit another crime!”

“Reflect on your actions while you’re there!”

Chapter 379 Karma is a b*tch

Where was he going?

Naturally, it was the prison!

When Isaac Davis entered the prison, he saw the huge room that was enough for more than ten people to sleep in. The prisoners inside were all looking at him with fierce eyes!

“Bro!”

“Hello, brothers!”

Isaac Davis’s legs were trembling, but he still had to smile and try his best to please the rest of them. He was afraid that he would be beaten up if he did something wrong!

“Do it!”

“Damn! I despise those who cheat women!”

“Damn it, beat him up!”

“ ... ”

In the next moment, more than ten people had surrounded him!

All of them started punching and kicking Issac Davis whenever they had the chance.

They were hitting him from every direction.

These weren't fatal but for a man like Isaac Davis, who lived in luxury, has he ever suffered such grievances?

“Ahhhh!!!”

“Don't... Brothers! Stop hitting me, please!”

“Who are you calling your brother?!”

“Beat him up!”

“I didn't abduct a good woman, I... I'm innocent!”

“You still have the audacity to lie?!”

“ ... ”

Shrill screams came from inside the prison.

Isaac Davis was really wronged. He had never abducted any good women before!

But ...

None of the men here were listening to him!

One of the Imperial Guards outside frowned and said, "Captain, this... Isn't that a little too cruel?"

"When dealing with people like them, you have to use a ruthless method," George Lee said indifferently. "Otherwise, you will not be able to teach them a lesson."

"But, he's still the father-in-law of the chaplain. If we do this..." The Imperial Guard quickly spoke up, feeling troubled.

That's right!

No matter how much Isaac Davis had crossed the line, he was still the father-in-law of the chaplain!

Even if this felt great, they shouldn't be doing this.

"The chaplain is a kind man. If we don't do anything, Issac Davis will never be well-behaved after he gets out."

"He'll definitely cause more trouble for the chaplain!"

"Besides, it's impossible for him to know that we're working for the chaplain." George Lee gave a straightforward answer.

This may seem heartless!

But ...

He had no choice!

If Isaac Davis continued to stir up trouble after he got out, then the chaplain would be the one in trouble.

It would be better to subdue him once and for all.

So, that in the future, Issac Davis would also suffer less physical pain!

“Even if this gets exposed, I’ll take the blame if the chaplain wants to kill or cut me up in order to teach me a lesson!”

George Lee replied in a domineering manner, “Don’t kill him, just cripple him!”

“I’m going to report something to the state preceptor!”

“Keep your eyes on him!”

Isaac Davis was in a terrible state. It was too much to look at, and Issac Davis was about to be depressed.

But ...

This was karma!

Even if Oliver Walker had been patient with him, there would always be someone who couldn’t!

For a man like him, what did he do to his own daughter?

His granddaughter had almost died in his hands because of the lack of medical expenses!

Getting beaten up was already considered a light punishment!

This was called getting what he deserved!

Back in the homestay ...

“Jacob, that woman is really beautiful!”

“And.... that man’s legs seem to be disabled!”

“Are we going to do this or not?”

The shifty-eyed man muttered in a low voice, “If I miss it, I’ll regret it for the rest of my life!”

The small room was filled with more than a dozen men.

All of them were shirtless and had tattoos on their bodies. With one look itself, one could tell that they were not good people.

The bald man named Jacob glared at him coldly and rebuked him mercilessly, “What kind of bullshit is that?”

“Are we going to quit if the man isn’t disabled?”

“It’s as if we can only bully the weak.”

“Brothers, let’s go!”

Jacob’s words immediately excited the tattooed men.

When had they ever seen a beauty like Emilia while they were in the city?

There wasn't any deep hatred to do this, it was just a simple lust.

Jacob was a famous local tyrant in this area and he had never been afraid of anyone!

Therefore, he led his men and headed towards Emilia and Oliver Walker's room in a bold manner.

Chapter 380 Robbery

"Does it still hurt?"

After dinner, Emilia looked shy but her eyes were filled with heartache.

She had never thought that this man's love would be so pure!

"It hurts!"

Oliver Walker continued being shameless. He held his wife's soft and delicate body and didn't want to be separated from her for a moment.

This was the first time the two of them were lying on the same bed since he returned!

Naturally, he was a little fantasizing ...

"You deserved it!"

"Even if it hurts, you'll have to endure it!"

Emilia glanced at him. She was saying these words but she didn't actually mean it.

In fact, she was also in pain. Her heart ached, but what could she do?

Oliver Walker was disappointed. He had thought that his wife would give him some special reward.

"Bang ..."

However, at this moment, the door was kicked open!

In an instant, under Jacob's lead, more than a dozen hooligans rushed in!

"Hahaha..."

"Jacob, this woman is really pretty!"

"It's indeed f*cking beautiful!"

"..."

All of the men have their eyes wide open.

AT the same time, they were spewing vulgarity from their mouths.

"You... You guys ..."

Emilia didn't have the time to be shy. She quickly took the ashtray on the bedside table and asked in fear and anger, "Who are you people?"

She had never thought that she would encounter such a thing when she decided to stay in a homestay.

Most importantly, they were on the mountain. Even if they called for help, no one would respond!

“Honey, you don’t have to care about who they are. Just step aside for now.”

Oliver Walker, who was lying on the bed, said indifferently, “A bunch of hooligans like them can’t do anything to me!”

In fact, he was fine. If he wasn’t afraid that his wife would be angry, these minor injuries were nothing to him.

“No!”

After all, Emilia had seen her fair share of incidents like this. She quickly calmed down and used both her hands to shield her husband behind her. “You used to protect me, but now it’s my turn to protect you!”

Her thoughts were very simple. No matter if the dozens of hungry wolves in front of her were robbing her of her money or her body, she would not let them hurt her husband.

Her words warmed Oliver Walker’s heart.

His wife has always been this way.

“Motherf*cker!”

“You’re still showing off your love when you’re already in trouble?”

“I really had lovey-dovey couples like you two.”

“What is love?” Jacob asked with a cold smile.

“Love is nothing more than a man loving a woman’s body and a woman loving a man’s money!”

“How dare you put on such an act? F*ck!”

“You think I’ll be touched?”

Why did he choose this path?

It was because he was a broke man and his girlfriend had left him for a rich man.

Therefore ...

He fell into the abyss of crime step by step!

Would he actually pity a couple like them?

To hell with love!

This was something he would never believe in his entire life!

“Kneel down and surrender, and I’ll spare your lives!”

“Don’t force me to do it!” Oliver Walker warned in a deep voice.

He hates killing people!

He only got his current status because countless brothers of his had blood spilled all over the desert in Indiana.

This was the reason why he was willing to retire. It was also the key reason why he was unwilling to kill again!

But ...

“Kneel down?”

“F*ck you!”

“Kill him!”

Jacob was furious. With a wave of his hand, the people behind him charged forward with ferocious expressions!

“How dare you speak to Jacob in that manner?!”

“You’re f*cking dead!”

“Kill him!”

“...”

This group of people were also ruthless!

Otherwise, they wouldn’t have gathered together and killed people for their goods.

Plus, this homestay in the wilderness was a heaven for committing crimes!

Therefore, no one would be soft-hearted!

“You guys... Don’t come any closer!”

Emilia shouted loudly, hoping to stop this group of people, but it was completely useless. She could only throw out the ashtray.

However, the damage was minimal!
