

Chaplain 431

Chapter 431 Sweetheart

“Young people should focus on their careers!”

“Olivia and I are doing well. You don’t have to worry about us.”

In fact, under Oliver Walker’s deterrence, Ma’am Davis had ordered Micheal Davis and the others not to cause trouble for Mary Grimm and Olivia Walker.

Otherwise, they wouldn’t be so relaxed.

“Yes!”

Emilia nodded and looked at the playful scene between Ma’am Davis and her daughter. She frowned slightly and said, “How long has it been?”

She really did not expect such a thing to happen.

Why didn’t she want to return to the Davis Mansion?

She was afraid that her mother and daughter would be troubled here in the mansion. Now that she had the shares to the group, there would be more reasons for there to torture them.

“It hasn’t been long. Actually, your grandmother isn’t a bad person. ”

“It’s just ...”

Mary Grimm sighed.

The source of all these was because she had become infertile after giving birth to Emilia.

Otherwise, Micheal Davis would never have received such protection.

The concept of favoring sons over daughters was deeply rooted in the eyes of many older generations.

Emilia did not say anything and just smiled. Whether Ma'am Davis was bad or not, she was definitely biased.

It had been wrong since his grandfather passed away, the internal strife in the company continued to this day.

It was with no exaggeration to say that Ma'am Davis' decline was inseparable from her.

"Little sweetheart, do you know?"

"There are some things that you have to do even if you know it's wrong." Ma'am Davis sighed.

"This is life!"

"Hmmm... You won't understand even if I tell you this."

"But it's precisely because you don't understand that I can tell you what's on my mind!"

She felt helpless.

When she had kicked Emilia out of the company, she had hoped that when the situation was settled, Emilia would come back and apologize to her.

However, she never expected that even if Emilia went to pick up trash and was banned, she never came back and begged for another chance.

However, it was also Micheal Davis who deliberately hid the news. She didn't even know that Olivia had fallen ill and almost died.

"Madam!"

Olivia Walker replied obediently, "I have to go back now. If Grandma can't find me, she'll be anxious."

Mrs. Davis stroked her handsome face kindly. "Go ahead. Remember to come and chat with Madam when you're free!"

"Actually, I..."

"I feel quite lonely too!"

When she finished speaking, a disappointed expression appeared on her face.

How could he not be lonely?

In the entire family, other than Emilia who could take on the big responsibility, people like Micheal Davis and William Davis were all useless.

None of them would be able to understand her.

The only one who she could speak to was Emilia, but now, they were like fire and water!

She didn't even want to call him 'grandma'.

"Mom!"

At this moment, Mary Grimm walked up. "If you like Olivia, I'll have her come over every day to chat with you."

Ma'am Davis slowly turned around and smiled from ear to ear. "That's good, that's good!"

However, when she saw Emilia, her cloudy eyes clearly became complicated.

There was an indescribable sadness!

"Grandma!"

Emilia thought for a long time and finally greeted him.

She had always been clear about her relationship with the Davis Group. When she was in the corporation, she would not acknowledge anyone.

If it was at the Davis Mansion, it was not impossible to change it a little.

Sometimes, forgiveness requires great courage.

When one learned to forgive others for their mistakes, it was also a form of growth.

"Good!"

Ma'am Davis revealed a long-lost smile. "This little sweetheart is as clever and obedient as you were when you were young."

She also wanted to find an opportunity to have a good talk with Emilia but...

In the end, she didn't know where to start.

Sometimes, even if you were wrong, you could never admit it because it was a matter of standing.

Emilia only smiled politely. This was the most magnanimous response she could do.

"Are you going to take this sweetheart home?"

Ma'am Davis frowned and felt a sense of danger. "I don't care how you fight with each other, but I hope that Davis' descendants can grow up in this mansion."

Chapter 432 Regained Freedom

"Don't worry. With me here, no one will dare to bully them!"

Ma'am Davis panicked.

She was also afraid!

This was the first time she felt the feeling of loneliness!

"No..."

Emilia shook her head. "I'm happy to hear that. I can rest assured now that you've said that!"

"Also, when will Issac be home?" Ma'am Davis brought up the conversation.

"Although this child has been disobedient since he was young and was difficult for me to deal with while growing up, he is still my son.

“No matter what Oliver Walker does, he can’t send my son to jail!”

“This is contempt for me and a disgrace to the entire Davis.”

The smile on Mary Grimm’s face froze when she heard that. She asked anxiously, “This...”

“Emilia, what happened?”

Ma’am Davis was smart enough to play such tricks.

She knew that her actions had completely provoked Emilia’s retaliation. Her words no longer had any control over Oliver Walker.

But ...

There must be someone that Emilia cares about, right?

It could be said that every word that came out of her mouth had a reason.

It was also equivalent to exerting pressure in disguise!

“Mom!”

“Don’t misunderstand!”

” He only went to cooperate with the investigation. He wasn’t arrested.” Emilia quickly explained himself.

“Oliver Walker has gone to pick him up. He’ll be home soon.”

In fact, it wasn't that Emilia couldn't see through Ma'am Davis's schemes, but she opposed this matter as well.

Isaac Davis had indeed done many ridiculous things, but he was still her biological father.

Sometimes, not only did one have to pay attention to legal principles, one also had to pay attention to the relationship between them.

They were of a kind that were unexplainable.

"That's good!"

Mary Grimm heaved a sigh of relief. In fact, she still had feelings for Issac Davis. Of course, she also felt guilty.

Perhaps the love that she had for him was also equivalent to the hate that she had for him.

At the Colorado State Police Department!

"Chaplain!"

"Your father-in-law is showing signs of repentance," George Lee said respectfully.

"Should we keep him here for a few more days?"

Repent?

It didn't exist!

It was just that he had suffered a lot inside.

After all, none of the people inside were good people. With the authorization of special care, it would be strange if Issac Davis got to live a good life in prison.

“Forget it!”

Oliver Walker took a deep breath. “Where is he? I’ll go pick him up!”

George Lee smiled guiltily and said, “Let me do it.”

It was his own decision to imprison Issac Davis in the room of a group of villains. If the chaplain knew about it, he would definitely be angry.

“Alright!”

Oliver Walker did not insist. Instead, he sat down!

His mind was occupied.

He was not afraid of anything except his family.

It seemed that no matter what he did, it would be a mistake!

An upright official couldn’t even settle a family matter!

“Hahaha ...”

Micheal Davis said arrogantly, “I’m going out. Bully me again then if you dare!”

“A bunch of prisoners! Useless!”

When he found out that he was getting released and would be leaving the prison, the first thing he did was to straighten his chest and show off.

The rest of the prisoners in the cell were all glaring angrily at him. They had seen arrogant people before, but they had never seen someone who could still be so smug after being taught a lesson for a few days!

Sitting opposite him was Arnold Frost, who was suspected of dangerous driving.

At this moment, his face was haggard.

“Frost! Don’t forget our agreement.”

“As long as you can get Oliver Walker down, I’ll help you chase after my daughter!”

Issac Davis sneakily went up to him. When Arnold Frost recognized him, the two of them reached an unspeakable deal!

Chapter 433 Bailing The Villain

“Damn it!”

Arnold Frost clenched his fists and gritted his teeth in hatred. “I must make that grandson realize the grave mistake he made!”

“How dare he actually report me!”

“Motherf*cker, he even caused my driver’s license to be revoked!”

“Dog!”

He had already thought of how to take revenge. That was to destroy Oliver Walker’s family, get Emilia, and then abandon her!

He will never.... take this without retaliation!

“Yes!”

“That kid is too damn hateful!”

With a gloomy face, Issac Davis shouted, “Then, this shall be how we deal with it.”

But before he could finish, the prison guard next to him said coldly, “What’s wrong? Haven’t you spent enough time inside?”

As soon as he said that, Issac Davis instantly sobered up and quickly smiled obsequiously. “Let’s go!”

“I’ll leave now, hehe...”

Who would be willing to stay here unless their head was broken?

Arnold Frost looked depressed. He did not understand why his uncle, Leon Williams, had not come to bail him out.

This place was really not a place for humans to stay.

More importantly, he wanted to take revenge!

Otherwise, he would have been suffocated to death in prison.

At the same time, outside the prison...

Leon Williams rushed over. When he saw the person sitting inside, his heart skipped a beat. This...

Could it be that his nephew had offended Oliver Walker?

If that was the case, would he still dare to bail her out?

“What a coincidence, Mr. Walker. Why are you here?”

Oliver Walker nodded with a smile. “Yes. Well, nothing much.”

The more it was like this, the more afraid Leon Williams was. Could it really be related to Arnold Frost?

His body could not help but stiffen!

“Remember to behave yourself when you get out. After all, you’ve seen the environment inside.”

“Although someone has bailed you out, it doesn’t mean that you’re really innocent!”

“Don’t ever fall into my hands again,” warned George Lee.

Issac Davis nodded and bowed. “Sir, don’t worry. I will be a law-abiding citizen!”

“I’m a good person, I’m really a good person!”

George Lee looked at him disdainfully. If he was a good person, then there would be no villains in the world.

Upon seeing this, Leon Williams instantly heaved a sigh of relief. It turned out that Oliver Walker was here to bail out his father-in-law.

That was good!

He was almost scared to death!

However, it made sense. His nephew should not be qualified to know Oliver Walker. How could he offend him?

Therefore, he quickly went to settle the procedures!

“Hmph!”

After seeing Oliver Walker, the humble look on Issac Davis’s face instantly changed, and it was replaced by displeasure and anger. “What are you doing here?”

He did not know that the person who bailed him out was Oliver Walker.

After all, Arnold Floss had said that he would bail him out in prison.

Especially after seeing Leon Williams, he was even more certain.

“If I didn’t come, would you still have the chance to lose your temper with me?” Oliver Walker spoke indifferently.

He had never expected that his father-in-law would feel any remorse at all!

“Hah!”

“Stop putting gold on your face. It has nothing to do with you!”

“I’m telling you. Don’t ever offend me again. I have found someone to support me now!”

“Have you seen Leon Williams?”

“He was the one who bailed me out!”

With Arnold Frost supporting me, he was not afraid of anything.

He also felt that he had welcomed the second spring of his life.

As long as Emilia could get together with Arnold Frost, he would be able to build a relationship with Leon Williams.

As for Oliver Walker?

In the end, he was just a pitiful person who had to be dealt with!

“Just take care of yourself.”

Oliver Walker did not argue. Instead, he said, “Mom, I’ll wait for you at the Davis Mansion. Don’t make her sad again, or I won’t let you off easily!”

Chapter 434 Getting Revenge

After saying that, he turned around and left.

At the same time, Issac Davis also roared hysterically at his back, “I won’t let you off either.”

“You brat, just you wait. There will be a time when you kneel down and beg me!”

“Once I return to Davis, I’m an existence that you can’t reach!”

He had no idea how he got back to Davis.

He didn’t even know how he came out.

Some people were just born muddle-headed!

Then, Leon Williams also got into the car with Arnold Frost.

“Uncle, that grandson actually dared to report me and even caused my driver’s license to be revoked.”

“You have to help me vent my anger!”

Arnold Floss spoke up so that he could deal with Oliver Walker. However, he thought that his uncle, the richest man, would not know that good-for-nothing and so he did not bother to say his name.

“Shut up!”

“They reported you for your own good,” Leon Williams shouted. “Once you f*cking kill someone else one day, you won’t even have the chance to cry!”

“Since you’re back in the country, you better behave yourself. Don’t cause trouble all day!”

Leon Williams also knew what kind of person his nephew was.

But, he had no choice. He had to take care of it, right?

That was why he was given the management rights of Hongri Mall!

“Alright.”

Like a coward, Arnold Frost felt that the atmosphere in the car was a little cold. He quickly changed the topic and said, “I heard that the Sovereign has been sold?”

Leon Williams took a deep breath, his eyes full of awe. “He’s a real big shot. However, it’s best that you don’t come into contact with him now. ”

“When the time is right, I will arrange for you to meet.”

Arnold Frost was a troublemaker. Would he dare to introduce him?

After all, that big shot was an existence that even he could not afford to offend.

However, if he knew that Arnold Frost had already formed a grudge with Oliver Walker, Leon Williams would definitely stop him immediately.

It was also because he doted on his nephew that he wanted to protect him.

Leon Williams didn’t want her to come into contact with dangerous big shots.

Arnold Floss didn’t take it seriously, and it was even more impossible for him to know that the person living in the Sovereign was Oliver Walker, whom he hated.

“Oh right, there’s a charity dinner tomorrow. Be prepared for it.”

Leon Williams added, "Since you're back, you should get in touch with the rich and powerful circles in the state. That big shot will also be there. Don't spout nonsense then."

He had already sent out an invitation.

After all, Oliver Walker's money was a hot potato in his pocket.

So...

He had to donate it!

And it was donated in the name of Oliver Walker and Emilia.

Inside the Sovereign.....

Emilia was still busy because she had to seize every minute and every second!

Oliver Walker walked forward and closed the laptop. He said with heartache, "It's already eleven o'clock. Let's get to bed early."

"Staying up late is not good for your health!"

"Alright!" Emilia smiled.

"Oh right, hubby!"

"I'm going to think about marketing tomorrow. At night, I have to attend a charity dinner. You should come along with me!"

She had been very tired recently, but she enjoyed it.

This was the career life she had dreamed of when she was living on the streets!

Humans should have dreams that they pursue!

“Alright!” Oliver Walker smiled.

He had always been passionate about charity.

He was the one who established the largest charity organization in the country.

However, he did not want anyone to know about this.

Some people did charity for fame and fortune, but he had everything he needed. He had long passed the age of chasing after fame and fortune.

His life goal was to protect the woman next to him.

The next morning...

Emilia didn't even go to the company. Instead, she went straight to Hongri Mall.

As long as she could get it to the counter inside, she would be able to boost the popularity of the Heavenly Doctor Beauty Mask.

After all, Hongri Mall was the largest mall in the state of Colorado, and it was home to all kinds of luxury brands.

Meanwhile, Arnold Floss sat on a chair with his hands crossed on his thighs and revealed an evil smile. “Giving you a counter is just a piece of cake.”

“But why should I help you?”

“Don’t forget what heartless things your husband has done to me!”

Chapter 435 Second Chances

Arnold Frost, who had just left prison, was filled with anger. The more he spoke, the harder it was for him to control his emotions.

He stood up instantly, placed his hands on the table, and looked down at Emilia. “My driver’s license has been revoked!”

“Aren’t you just afraid that your lies will be exposed?”

“It’s not your fault that you can’t afford to live in the Sovereign because even I don’t have the right!”

He thought for a long time!

Oliver Walker reported him because he was afraid that his lie of staying in the Sovereign would be exposed.

Moreover, Uncle said that the person who bought it was a big shot!

A person that even his uncle looked up to was obviously not Oliver Walker!

Emilia frowned slightly and stood up as well. “Well, since there’s nothing left for us to talk about, I’ll leave now.”

It wasn’t necessary for her to explain everything to everyone.

Instead of wasting time here, it would be better to look for another buyer.

After all, she still had a lot of things to do.

“Stop!”

However, at this moment, Arnold Floss, who had flown into a rage out of humiliation, strode forward and blocked her path. “There is another way that we can settle this. Either you accompany me to bed, or let him come over, get down on his knees and apologize!”

He had already done his research. Right now, Emilia wasn't living a good life!

In fact, their defeat was already set in stone!

Even if she managed to get it to the counter of Hongri Mall, it was just a drop in the bucket and a futile struggle.

However, he knew that for a person who was in a desperate situation, as long as there was hope, she would not give up.

So ...

“Shameless!”

Emilia's beautiful eyes were filled with anger as she turned around to leave!

But ...

As soon as she opened the office door, she saw two bodyguards blocking her way.

“Hehe...”

“Do you think you can walk away from me?”

Arnold Frost laughed coldly. “You’ve already delivered yourself to my doorstep. How can I let you escape?”

“It’s a pity that your useless husband isn’t here. Otherwise, I would have beaten him to the ground and knelt in front of me!”

His revenge had finally begun!

He wanted to let Emilia taste despair and helplessness!

“What exactly do you want?”

“Are you going to commit another crime?!”

In fact, it was because of the car incident that she didn’t want her husband in here.

After all, her husband’s temper was really bad!

He didn’t even blink when he killed someone!

“I’ll give you a chance. Call him and tell him to come over immediately!”

“If you don’t appear in front of me within 20 minutes, I don’t know what crazy things I’ll do to you!”
Arnold Frost sneered.

“I’ll use this to make up for the damage to my soul and body!”

He could not wait any longer!

He had never seen such a difficult woman to pursue. If he counted from his school days, it would have been more than ten years.

“You...”

Emilia subconsciously clenched her phone and said angrily, “You’d better not ask for trouble. Once he’s here, you’ll definitely regret it!”

What was she most afraid of?

It was her husband who caused trouble!

However, her husband doted on her and could not bear to see her suffer any grievances.

Although she was happy about it, she was also very troubled!

Honestly speaking, she did not want to live such a life of fear.

Perhaps nothing happened in the past but Arnold Frost wasn’t an ordinary man!

“Get her phone!”

“I want to see how capable he is,” Arnold Floss said coldly. “He can try to make me regret this decision if he even has the guts to do so!”

After the order was given, the two bodyguards outside the door rushed in.

Emilia frowned and shouted, “He will kill you!”

“Why do you keep provoking him?”

“Go away!”

She tried her best to protect her phone.

However, how could a delicate woman like her be a match for a specially trained bodyguard?

Her body was held up by a pair of strong hands and her phone that she desperately tried to protect was taken away from her.

“Don’t move!”

“Hahahahah!”

“Give it to me, you!”

“F*ck! I’m trying to give you a second chance here!”

Chapter 436 Pissing Off the Dragon

“You’ll be in trouble!”

“I’m not afraid. My uncle is Leon Williams!”

“...”

After a few rounds of fighting, Emilia warned him several times, but the arrogant Arnold Frost did not listen to her advice. Instead, he used even more force.

And in the fight, he got his wish!

Emilia was stunned!

Oliver Walker was a fierce tiger!

Once he knew that she was in danger, he would definitely risk his life to save her.

At the same time, Arnold Floss held his phone and looked at Emily's pretty face. After unlocking it, he found the call history and dialed Oliver Walker's number!

"Hey!"

"Do you still remember me?" he asked proudly.

Oliver Walker, who was waiting outside the mall, had a bad feeling. He rushed in and said angrily, "You'd better not act rashly!"

How could his wife's phone be in Arnold Frost's hands?

There could only be one explanation, and that was...

Something had happened!

"Hahaha ..."

"You motherf*cker, you're quite arrogant!"

"Your wife is sleeping with me just to get a counter!" Arnold Floss said coldly.

Such framing words made Emilia furious. She quickly retorted, "I didn't. Don't slander me!"

However, Arnold Floss wasn't angry at all. Instead, he smiled and said, "Honey, you're not clean anymore. Why are you still pretending to be pure and innocent?"

"So, are my skills better than your husbands?"

"Hahaha..."

Emilia was furious. It was hard to imagine how such a shameless person could exist!

Most importantly, her husband must have been enraged!

Arnold Floss deliberately turned on the speaker, and an irritable voice came from the receiver. "If you dare to touch my wife, I'll tear you into pieces!"

Oliver Walker was furious!

He was furious!

The love of his life was his weakness!

He knew very well what kind of woman his wife was, and Arnold Frost's words were undoubtedly to disgust him.

Of course, he wouldn't believe it, so he naturally wouldn't be alienated!

However, his wife was definitely in danger.

His eyes were bloodshot, and his anger soared to the sky. He ran all the way to the general manager's office of Hongri Mall with a murderous aura!

"Hahaha ..."

"I'll wait for you here!"

Arnold Frost still did not know how much trouble he had caused. After hanging up the phone, he teased Emilia, "I've studied psychology overseas. It's said that the more incompetent a man is, the worse his temper will be!"

"As expected, he has a bad temper!"

"But ..."

Arnold Frost smiled!

He had already started planning it when he was in prison!

The purpose of doing so was very simple. He wanted to disgust Oliver Walker and cause a rift in their relationship.

When the time came, wouldn't it be a piece of cake for Issac Davis to destroy this marriage as long as he had tried his best.

Of course, this was just a scheme. He really didn't dare to make a move on Emilia.

After all, this was a serious crime. Even if he wanted to do it, he couldn't do it so brazenly.

"You're dead."

Emilia smiled bitterly and helplessly. She could hear the grief and indignation in her husband's words.

In fact, in order to change her husband's bad temper, she had specially read some books about the aftermath of war.

Therefore, she had been comforting her husband...

However, she did not expect that there would always be someone who wanted to provoke a fierce dragon!

"He was the one who offended me. He would be the one who'll end up dead!"

Arnold Floss glared at him and roared, "If I don't let him kneel in front of me and admit his mistake today, then it'll be my incompetence!"

"This is the consequence of offending me!"

"And he would always be suspicious about how you have slept with me. Then, he will always hold a grudge against you!"

"Oh..."

"I think I've said something wrong. He's just a gigolo. He wouldn't dare to divorce you!"

"Hahaha ..."

This was definitely a poisonous move.

However, he misunderstood what Emilia meant.

He had underestimated Oliver Walker, and also overestimated himself!

“Bang ...”

At this moment, Oliver Walker, who was filled with anger, kicked open the office door and roared with killing intent, “You’re f*cking dead!”

Chapter 437 Being a Pussy

Why were there always people who wanted to challenge his bottom line?

Oliver Walker thought that he must have been too merciful.

In fact, he did not have any aftereffects of the war because he was not on the same level as Emilia.

Therefore, it was very difficult for his wife to understand what he had done!

However, he was also very grateful that his wife had silently sacrificed so much for him!

“Damn it!”

“Beat him up!”

Arnold Frost was so pleased with himself that he roared, “We must make him get him on his knees!”

He thought that two bodyguards were enough to deal with this good for nothing.

But ...

He was wrong!

He was so wrong that it was ridiculous!

The two bodyguards were knocked to the ground by Oliver Walker before they could even extend their fists!

Their bodies even twitched twice before they passed out.

“F*ck!”

Arnold Frost was dumbfounded. Didn’t they say that Oliver Walker was a good-for-nothing gigolo?

How could he instantly kill the two professional bodyguards his uncle had sent him?

Moreover, these were all professional martial artists.

A dozen ordinary men would be nothing for these bodyguards.

But now, they have fallen to the ground like broken tofus.

Oliver Walker stepped forward and raised his fist!

Arnold Frost was dumbfounded. He wanted to turn around and escape, but his collar was grabbed by a hand that was harder than steel!

“No...”

“Save me... Help!”

Arnold Frost, who felt like he was going to die, widened his eyes and mouth. He felt terrible!

He could feel the coldness in the pair of eyes in front of him!

His entire body began to tremble uncontrollably!

Looking at the fist that was getting closer and closer, he felt a warm current gush out from his crotch, wetting his pants!

“Hubby!”

“Stop!”

“He didn’t hurt me. He just wanted to provoke you!”

Seeing that things were about to get out of hand, Emilia quickly stopped her husband.

Indeed, Arnold Frost had never thought of hurting her. He only had a despicable goal in his mind which was to put a wedge between their relationship.

However, he had overestimated his own strength!

“Yes ... Yes!”

Arnold Frost trembled as he begged, “I was just joking around with her...”

“I... We are all very young. Please...! You must not walk on the path of breaking the law!”

“All you wanted was a counter right?!”

“I... I’ll give it to you, I’ll give it to you now!”

He was so scared that he peed his pants. Was he still going to pretend to be a hero?

Even if he was a good man, he still couldn’t afford to continue embarrassing himself.

“Hubby!”

“Let go!”

Emilia was indeed anxious. In fact, she would have been fine with it if her husband wanted to beat Arnold Frost to death.

She had nothing to blame!

However, she was afraid that one day, Oliver Walker would not be able to restrain his murderous aura and eventually become a murderous maniac.

The aftereffects of war were very serious!

She wasn’t being pretentious. She was just worried about her husband!

“I...”

Oliver Walker’s eyes were sharp. When his fist was about to land, he finally withdrew his strength.

He could ignore what others thought of him, but he would never forget what his wife had done for him.

“Phew ...”

Emilia heaved a sigh of relief. It seemed that her husband's rationality was not controlled by the murderous aura.

At the very least, it meant that there was still room for redemption.

Meanwhile, Arnold Frost was completely in shock. He only felt that his weak legs could not support his body at all.

Therefore, after Oliver Walker let go, he knelt on the ground and shouted in horror, "I... I'll sign it now."

"You want one right?"

"I'll give it to you. I promise to organize another event. The Hongri Mall and the Heavenly Doctor Face Mask event will be known to everyone in Colorado!"

"I don't care about that!" Oliver Walker said coldly.

"If this happens again, you will never be able to speak another word."

In fact, he didn't matter as long as his wife was fine.

However, people like Arnold Frost were really despicable.

"Hubby, let's go!"

Emilia was afraid that things would change, so she quickly pulled her husband's arm and walked out.

As for the counter or the event, she didn't care at all.

So what if she lost the bet?

Chapter 438 Teaching Dogs A Lesson

At most, she would go back to the bitter days of the past. It wasn't like she couldn't suffer.

However, if her husband was really controlled by the desire to kill one day, it would be too late.

She would never let that day come!

Absolutely not!

"Damn it!"

"That adulterous couple!"

After the two of them left, the exhausted Arnold Frost regained a little strength. He then roared angrily, "Useless things. All of you are trash that couldn't even take a simple hit from that good for nothing!"

"Useless!"

"Oliver Walker, I will definitely put you in prison!"

He gritted his teeth and took out his phone to call the police. "I just got beaten up by someone in the general manager's office of Hongri Mall. "

"Yes!"

"The one who hit me is called Oliver Walker!"

He hung up the phone angrily.

He started editing the surveillance video. This was evidence!

Although it may be a small crime, it should not be a problem for that annoying wild dog to go in and squat for two months.

By the time the wild dog gets released, he would have already gotten bored by playing with Emilia

Twenty minutes later...

George Lee had brought two imperial guards with him!

When he saw who it was, Arnold Frost, who was already impatient, took out the edited surveillance video, "Look, this is the evidence!"

"Hurry up and catch him!"

"Arrest him and lock him up!"

All three of them laughed at the same time!

Especially George Lee, who sat on the chair and deleted the surveillance video!

Arnold Frost was dumbfounded. "What are you doing?"

George Lee's lips curled into an evil smile. "I believe that he has been merciful toward you..."

This kid dared to bully the chaplain's wife?

If he didn't teach him a lesson, how could he face the chaplain in the future?

"You... You guys..."

Arnold Floss swallowed a mouthful of saliva. He knew that things were not good and quickly said,
"Don't... Don't do anything rash!"

Slam!

"Ah... It hurts! Don't ... Don't hit my face!"

"Ahhhhh!!!!"

In the next moment, a scene of a two-man fight was heard in the office.

The reason why the first war god kept them here?

Naturally, it was for the chaplain!

Clowns like these would be too dirty for the chaplain!

However, they were different. They liked reckless people like Arnold Frost.

Another ten minutes later, Arnold Frost felt pain in every muscle on his body as if it was being torn apart even though there were no obvious wounds seen on the surface.

"You guys..."

"I want to file a complaint against you!"

He was crazy!

When had he ever suffered such grievances?

He felt wronged!

“A complaint?”

George Lee smiled scornfully. “I deleted the video. How are you going to complain about us?”

“Oh...”

“Oh right, this is my ID!”

“My personal information is on it. Do you want me to make a copy and send it to you?”

His words were filled with mockery!

When Arnold Frost saw the ID, he had a bad feeling about it. He saw the eye-catching words ‘Imperial Guards’ written on it!

And there was even an official seal!

This...

Such an identity directly scared him silly!

After George Lee stood up, he said coldly, "Listen up, there are some people you can never afford to offend!"

"Just because he didn't get even with you doesn't mean that no one else will!"

"If I hear about this ever again, it would not be as simple as a punch or a kick.

"Retreat!"

As soon as he finished, he left with his two teammates.

Their style was to do things without leaving any evidence. They even wore gloves before throwing their fist on Arnold Frost.

No matter how depressed Arnold Frost was, he had to suffer this loss!

He...

Which big shot had he offended?

Oliver Walker?

When he thought of this, Arnold Frost, who was in pain all over, shivered!

A boundless sense of fear arose spontaneously...

Chapter 439 Paying the Neighbours A Visit

"No!"

“Impossible!”

“He’s just a lousy driver!”

“Damn it!”

Arnold Frost endured the pain and shook his head to deny it. Then, he frowned. “Could it be that I offended that big shot on the road yesterday?”

The more he thought about it, the more terrifying it became!

He absolutely could not let his uncle know. Otherwise, he would have to get lost and his future would be ruined!

Then, he gritted his teeth and got up. He brought a car full of luxury goods and headed to the garden villa.

The main thing was that this group of people was really ruthless.

He did not dare to make a big deal out of it, so he could only go home to recuperate.

In addition, he also lived in the Garden Villa, so he naturally had to pay a visit to the big shot.

He wanted to let his uncle know that he was not a good-for-nothing!

However, she was indeed muddled from anger yesterday. Otherwise, how could she drive like that?

In the Garden Villa, in the Sovereign

Emilia took a deep breath. The more she thought about it, the more she felt that something was wrong.

If she didn't open up a sales channel, then...

How could she reoccupy the market?

This was very difficult!

Oliver Walker sat down. "We'll cross that bridge when we come to it. Don't think too much!"

Actually, he didn't know if it was right to make his wife so busy.

However, he had already arranged many things.

It was just that his wife cherished this opportunity too much and she still couldn't believe it still.

"Yes!"

"Actually..." Emilia smiled.

"What were you thinking at that time?"

She was curious about her husband's way of thinking. No normal person would sign that gambling agreement.

It was indeed time to have a good chat!

"Actually, it's not that difficult!"

Oliver Walker said confidently, "Isn't there a charity dinner tonight?"

“I think the product is excellent. We should be able to sell out at the event itself.”

He was naturally very clear about the effects of the Heavenly Doctor Face Mask.

Setting the price so low was actually to benefit mankind.

After all, plastic surgeries cost hundreds of thousands; even people like Jeremy Adams couldn't afford it, let alone ordinary people.

“But are you really sure that the effect will be that good?”

“If it doesn't, we will lose everything.” Emilia frowned.

In fact, she was indeed suspicious of the effect of the facial mask.

Especially at a charity dinner, if they promoted the product there, it was very likely to cause public outrage.

If the product doesn't give the effect as per promised, she was afraid...

“Don't worry!”

“It'll definitely be fine!”

“It's time to open the market tonight.” Oliver Walker said with a smile. “It's a good form of advertisement.”

“Besides, we will be able to make business while doing charity.”

“Are you sure that a beauty product of a few hundred would have the same effect as those beauty treatment?”

“Can it completely remove the scar?”

The truth was if Oliver Walker wasn't sure of the effect of it, he wouldn't have suggested marketing it at a charity dinner.

“Phew...”

Emilia took a deep breath. This was a very bold idea.

Normal people wouldn't dare to try.

Plus, the product had not been tested in clinical trials, so the effect was unknown.

So...

She still couldn't make up her mind.

As for production, the production line had not stopped for the past two days, so there was naturally a lot of stock!

Ding dong...

At this moment, the doorbell rang, breaking Emilia's train of thought. She immediately wanted to get up.

“I'll go!”

Oliver Walker got up. When he turned on his phone and saw Arnold Frost pacing around the door, he knew what was going on.

At this moment, Arnold Frost kept stroking his chest. He would be lying if he said he wasn't nervous.

Who could be a big shot that even his uncle could not afford to offend?

After all, Leon Williams was the richest man in Colorado!

He didn't dare to say that his uncle was an existence that could cover the sky with one hand, but there wouldn't be anyone in the state of Colorado that his uncle would be afraid of, right?

It could be said that his heart was filled with nervousness and curiosity.

He was sizing up the villa from time to time.

Chapter 440 The Driver

But ...

When he saw Oliver Walker come out, he felt terrible!

What the.....

How could it be him?

Why him?

Could it be that Oliver Walker was driving for the big shots who lived in the Sovereign?

If that was the case, it would explain why Oliver Walker could drive a state car.

“What are you doing here?”

Oliver Walker said jokingly, “Is it because your skin is itchy and you’ve sent yourself to our door to be beaten?”

Oliver Walker didn’t know what would happen after he left. After all, George Lee wouldn’t disturb his peace over such a small matter.

To be precise, no one took Arnold Frost, a clown, seriously. Only Arnold Frost felt good about himself.

However, these words were unintentional, but they undoubtedly pierced Arnold Frost’s fragile heart. “You...”

However, he quickly calmed down. “I’m not here to quarrel with you. I’m here to visit the owner of the Sovereign!”

“If you know what’s good for you, get lost!”

“Don’t loiter in front of me!”

How dare a driver be so arrogant?

This man was simply asking for a beating!

But, Arnold Frost had also learned his lesson, so he remained standing next to the car door. If Oliver Walker dared to attack again, he could immediately get into the car and escape.

However, he guessed that Oliver Walker would not have the guts to do so!

After all, he was here to visit a big shot!

“Heh ...”

Oliver Walker was amused. “You’re here to visit the owner of the Sovereign? Didn’t you ask who the owner was before you came?”

This man was a joke.

It was indeed rare to see a weirdo!

“Well, it wouldn’t be you.”

Arnold Frost rolled his eyes in disdain. “A wage earner should have the awareness of a wage earner. Otherwise, if the big shots blame you, you won’t be able to bear the consequences of it.”

“Where did you come from?” Oliver Walker said contemptuously. “Get lost. If you dare to harass me again, you will be the one who has to bear the consequences!”

He was not joking.

It was a waste of time to talk to such a retard. So, Oliver Walker turned around and left!

“You...”

Arnold Frost said angrily, “Don’t go too far with this. I’m not someone you can offend either!”

But, Oliver Walker did not even turn his head!

Arnold Frost was so angry that he stomped his feet. His eyes were filled with ruthlessness!

This was too much!

This...

;Ding, ding, ding...'

Suddenly, his phone rang. Arnold Frost hurriedly answered the call. "Hello, Uncle, what's the matter?"

"Okay, I got it. I'll be there immediately!"

After hanging up the phone, he glared at the house hatefully and roared angrily, "Consider yourself lucky, but the heavens will not always favor you."

"When the time comes, I will definitely teach you a lesson!"

When had he ever suffered such a loss?

Had he fallen for such a trick?

The seed of hatred had long sprouted in his heart!

"Who is it?"

Emilia asked.

"It's no one." Oliver Walker smiled. "It's from property management!"

"Ohhh..."

“How much do you think we should donate this time?”

“We can’t just donate the Heavenly Doctor Face Mask, right?”

However, she didn’t have much funds with her.

After all, the company did not belong to her alone. She couldn’t just sell her shares for the donation.

“Don’t worry, someone will donate for us!”

Oliver Walker’s eyes were filled with confidence.

However, he didn’t know what Leon Williams was thinking. It was time for the rich and powerful circles in the state of Colorado to pay a price for treating his wife and daughter like this!

After all...

These words left Emilia confused. She was very puzzled, but she did not ask anymore questions.

This was because her husband was a very mysterious person.

Perhaps their understanding was really not in the same world!

Leon Williams’s invite was a huge event. All of the wealthy families of Colorado would be attending the event.

It could be said that tonight was definitely a grand event for the business world in the state of Colorado.

Of course, these people would then become Oliver Walker's targets...
