

Chaplain 521

Chapter 521 Get Me Your Daughter

If they handed it over to the authorities, the worst thing that could happen to him was imprisonment.

But now, it was a double torture, both mentally and physically!

One could imagine how cruel that was!

In a few minutes, his eyes would be permanently blinded!

"Heh..."

Oliver Walker bent down and chuckled. "You were the one who broke the law first. Why should I abide by the law?"

"If you don't tell me the truth, only death awaits you!"

When dealing with enemies, he never cared about what methods he used.

Laws were made for humans, not animals!

It could be said that his wife has never offended anyone.

She would tolerate most of the things that others would say to him.

But why should she be treated like this?

"If..... If I say it, my entire family would be killed!"

Jack Lee said painfully, "You... You can't force me like this!"

He was really going crazy!

Who was Arnold Frost?

He knew very well that once that man went crazy, he could really do anything!

"So you can trample on my dignity?"

"I'll ask you one last time," Oliver Walker said in a daze. "Are you going to tell me or not?"

He had seen too many people like this!

He only felt anything inside for men like him.

"You..."

Jack Lee's expression turned ugly.

However, he wanted to speak, but he could not say anything!

Another minute later, Oliver Walker said coldly, "Kill him."

Even without Jack Lee, it was only a matter of time before they could find the mastermind.

The only thing that stopped Jack Lee from being tortured again was that he mentioned his family.

Otherwise...

Crack –

George Lee didn't say anything else and directly snapped off Jack Lee's neck.

Then, he said, "Sir, there will definitely be results by tomorrow afternoon."

Oliver Walker nodded. "You've worked hard!"

As soon as he finished speaking, he drove away!

In fact, he had already had an idea who might be behind this.

It was either someone from Davis, Arnold Frost, or the bankrupt Fernando Walter.

With such guesses, it was not difficult to follow the clues.

After all, Jack Lee wouldn't smear Emilia for no reason. He must have gotten something for doing this.

Therefore, as long as he checked the transaction records, everything would be clear soon!

At the same time, Arnold Frost panicked as well because he couldn't get through to Jack Lee's number.

In fact, after seeing how Jack Lee was being targeted online, Arnold Frost had deleted all evidence of the crime.

"Damn it!"

"Bastard!"

"Emilia!!!! I will never let you get away with this!!!"

"Don't think that you can escape from me just because you have someone supporting you?!"

He was crazy!

He never expected that the person helping Emilia could move so quickly.

Then, he dialed Issac Davis's number again and said coldly, "Is there any way for you to get your daughter to meet me."

"As long as the good thing between me and her succeeds, then naturally, you will get what you deserve."

He decided to take the highway!

Otherwise, once he gets exposed, Leon Williams would not let him off either.

Perhaps, he would never have the chance to get Emilia ever again!

How terrifying was a man's obsession?

Even though he knew it was dangerous, he still did it!

This was because he had a bad premonition!

Those that were unkind and cruel.

Issac Davis smiled obsequiously. "Don't worry, leave this matter to me. Send me the address!"

He had long disliked Oliver Walker!

Chapter 522 Luring His Daughter Into The Trap

If his daughter could marry Arnold Frost, then he would be rich.

After all, he was Leon Williams 'nephew!

He could only say that he had chosen the wrong side again. The current Arnold Frost was no different from a dead man. Arnold Frost was becoming crazy.

At the same time, it was time for Emilia to get off work. Just as she finished dealing with everything, she saw a number that she was extremely reluctant to see!

However, after hesitating for a moment, she still pressed the answer button and said indifferently, "What is it?"

She was now facing such a huge scandal.

This man must have called her either to mock her or to ask for money!

But he was still her father!

After all, he hadn't done anything overboard recently!

"Emilia!"

"I just saw the news!"

"I admit that I've been muddle-headed all these years. I also hope to have a good heart-to-heart talk with you!"

At this moment, Issac Davis said earnestly, "After all, we're father and daughter. We can't have such a hard relationship between us, right?" *bednovel. com*

When she heard this, Emilia felt as if the sun had risen from the west. Her eyes were filled with disbelief. "You..."

Was this something her father would say?

Unbelievable!

She couldn't believe it either!

"Yes!"

"I've thought it through!"

"That's why I really hope that I can apologize to you properly!"

"If you're still willing to acknowledge me as your father, then come to the luxurious private room of the Grand Canyon Hotel!"

His eyes were filled with a cold smile!

Well, of course he wouldn't be there but there were people waiting for Emilia to take the bait!

Emilia took a deep breath and remained silent for a long time before saying in a vigilant tone, "But, Oliver is still out. He hasn't returned yet."

In fact, if Issac Davis could really turn over a new leaf and not to anything stupid, she would be willing to acknowledge him as her father and treat him like one.

However, she really did not have the guts to go alone!

After all, Isaac Davis was capable of anything!

"What's wrong?"

"You don't even believe me?"

After a sigh, Issac Davis said, "That's right. I'm not worthy of your trust. After all, I'm a complete bastard!"

"I'm not worthy of being your father!"

"Sigh..."

Such words directly hit on Emilia's soft spot!

That's right!

Even if it was Issac Davis, no matter how crazy he was, he wouldn't do anything that would directly hurt her, right?

Moreover, this was a rare opportunity to repair the father-daughter relationship. She did not want to give up!

Then, she frowned and said, "I'll go over now!"

In fact, just like Olivia, she yearned for fatherly love!

She also had many grievances from all these years that she wanted to vent to that man!

A father is someone whom everyone would trust.

And she was no exception!

However, Issac Davis took advantage of this weakness of human nature and lured Emilia onto Arnold Frost's pirate ship.

In fact, Issac Davis did not realize how shameless his actions were!

How dangerous would it be for Emilia?! Was there anyone who would be willing to trust him in the future?

On the contrary, he felt that if he were to be Arnold Frost, it would be extremely beneficial for him if Emilia took the bait. She could also marry into a rich family and not raise that good-for-nothing gigolo.

When Arnold Frost received the news from the luxurious private room, he laughed sinisterly. "Emilia, I'll give you one last chance. Otherwise, don't blame me for being ruthless!"

The feeling of loving someone but not being able to get them was definitely torturous!

Especially for Arnold Frost, who had always been arrogant all his life. He could not accept the fact that he had lost to a pretty boy.

Therefore, he had to enjoy himself before the matter was exposed.

Getting her body was the best that he could do!

If he couldn't get her, then he would destroy her. No one would be able to get her!

However, in the old Davis mansion, Mary Grimm frowned and said, "Didn't you say that you wanted to have a good talk with Emilia?"

"Why aren't you leaving yet?"

She had heard the phone call just now!

So at this moment, she was filled with doubts!

"I'm doing this for her own good. You'd better not interfere, or else don't blame me for being rude!"

Issac Davis threatened fiercely, "Don't tell me you want her to work hard every day to earn money and use it to worship that pretty boy?"

"Sleeping with Arnold Frost is the path she should choose!"

Chapter 523 The Monster

"My father is not a gigolo, he... He's a great hero!"

Olivia Walker had always been timid, but whenever she heard someone insulting her father, she would always muster up all her courage to stand up for him.

She knew that the words 'gigolo' did not sound nice!

"You bastard, don't you dare say another word!!!"

Issac Davis said fiercely, "If it weren't for you, I wouldn't have suffered so much for so many years!"

He had blamed everything on Oliver Walker.

If it weren't for Emilia marrying Oliver Walker, Olivia Walker wouldn't exist.

Without Olivia Walker, Emilia would have married a super-rich man. Why would they end up being kicked out of the Davis family?!

He would have been the head of the Davis family now!

"I... I... My father is not a gigolo!"

"I'm not a bastard either. I am the daughter of my parents!"

Olivia Walker's eyes were filled with tears, but she still shouted out boldly!

She had to clear her father's name!

"You..."

Issac Davis was so angry that he raised his arm and was about to hit her!

At that moment, Mary Grimm quickly protected Olivia Walker and shouted angrily, "What are you doing?"

"Do you even know who Arnold Frost is?"

"You'll hurt Emilia!"

"What's wrong with Oliver Walker?"

"He is a thousand times better than you!"

That's right!

Although Oliver Walker was irrational and hot-tempered, he had always been respectful to her.

He could also be responsible for his family!

On the other hand, Issac Davis had no such ability and all he had was a bad temper!

More importantly, he had become the blood-sucking bug of the family all these years!

She had seen everything!

Slap –

But the next second, Issac Davis slapped Mary Grimm in embarrassment. "Woman, how dare you speak to me like that?!"

"I must kill you today!"

Issac Davis had gone crazy from the alcohol. He had to vent all the grievances he had suffered at Oliver Walker's place tonight, or else he would feel uncomfortable!

"Ahhhhh!!!!!"

"You're not allowed to hit Grandma. If you want to hit her, hit me first!"

"Olivia... Olivia, run! Quickly!!!"

"I will settle this old and young one today! Once and for all!!!"

"This family is mine to deal with!!!"

"Ah..."

For a moment, the courtyard where Mary Grimm lived was filled with cries and the roars of domestic violence from Issac Davis.

Mary Grimm hugged Issac Davis's thigh, her face covered in bruises. She shouted, "Olivia, Run! Go and get help! Run!!!"

Olivia Walker stepped forward." Grandma!"

"Hurry up and leave!" Mary Grimm allowed Issac Davis to trample on her body but she still held onto him.

Olivia Walker cried, "I... I'll get Daddy to save you now!"

"Huhuhu~~~"

She rushed out of the room!

However, Issac Davis continued to roar, "He's just a good-for-nothing!"

"When Arnold Frost becomes my son-in-law, your dad will be kicked out of the Davis family!!!"

"I don't like him!"

"Don't make the same mistake again!" Mary Grimm cried.

"You're a man. I've endured all these years, but you can't... Ahhh!"

Issac Davis started punching and kicking drunkenly. "Shut up!"

The voices in the room made Olivia Walker run as fast as she could. She cried out, "I beg you... Please, save my grandmother..."

"Please!!!"

However, the cold and indifferent people from the Davis family watched quietly and even secretly laughed at them.

They even whispered under their breath about how they wouldn't help.

"Hehe..."

"Emilia really has a bad father."

"That's true."

"..."

Those people sneered and watched from the sidelines. Some even went to the entrance of Mary Grimm's courtyard to listen to the 'beautiful symphony'!

After all, Emilia had taken away Davis Cosmetics and the popular Heavenly Doctor Beauty Mask.

Chapter 524 Being The Good Guy For Once

Emilia had threatened their winnings now.

Who wouldn't be jealous?

Why would they want to help her?

Was there such an obligation?

"Madam!"

"Madam, please save Grandma!"

"Wuuu..."

Olivia Walker, who had been crying all the way, rushed into Ma'am Davis's residence!

Perhaps it was true that Ma'am Davis really wanted someone to be by her side.

The kind that had no conflict of interest. So, when she heard Olivia Walker's cries, she quickly stood up, trembling. "Oh dear, my little sweetheart, this... What's going on?"

She hugged the crying Olivia Walker in her arms, her heart aching.

Olivia was her first great-grandchild. Although she was a girl, she was the only one who was willing to chat with her every night without any ulterior motives.

Her heart ached. It really did.

Otherwise, she would not have given the jade pendant that she had carried for decades to the little girl in front of her.

Of course, all of this had nothing to do with Emilia and Oliver Walker.

"Grandpa...?Grandpa is drunk and is beating grandma!! He even lied to his mum, asking her to go to the Grand Canyon Hotel.?He even said that someone was waiting for her there..."

"Huhuhuhu!!"

"I... I'm so scared. They're bad people..."

"Madam, please call Dad!"

Olivia was crying her heart out. She didn't know what this meant, but she didn't need to understand everything. She just needed to know that it wasn't a good thing.

And now, the only person who could save her mother and grandmother was her father!

"What?"

"They are really out of their minds!"

Ma'am Davis was furious as she raised her dragon-headed walking stick!

It was true that she hated Oliver Walker's arrogance!

But, no matter what, Emilia was her granddaughter. How could she be framed by outsiders?

She may look down on Mary Grimm but she despised her eldest son, who was a useless trash!

Therefore, after much hesitation, she still took out her phone!

Of course, she wasn't admitting defeat. She simply couldn't stand this matter.

Secondly, it wasn't that she didn't like this granddaughter of hers, but she didn't want Davis 'assets to fall into the hands of a woman.

However, she could still distinguish right from wrong in general!

At the same time, Oliver Walker had just arrived at the company and was about to pick up his wife from work. However, he then found that she had already left.

Of course, he didn't think too much about it. Perhaps Emilia had gone home!

Ring, ring, ring~

However, at this moment, his phone rang. After seeing the caller ID, he immediately pressed the answer button.

It was very strange that Ma'am Davis would call him!

However, he still remained calm.

He still had a clear conscience while facing those from the Davis family.

"Listen up, Emilia might be in danger at the Grand Canyon Hotel!"

"Huhu.... Daddy, go save Mommy... Hurry up!!!"

"Hurry over now!"

"The people of Davis Company can't fall into the hands of an outsider.

Ma'am Davis's tone was very firm and furious!

The sound of his daughter crying on the other end of the phone made Oliver Walker feel uneasy. He quickly rushed out of the company and boarded the L5. He turned on the intercom system and shouted crazily, "Gather at the Grand Canyon Hotel!"

"Fully armed!"

He did not know what had happened!

And why did his wife go to the Grand Canyon Hotel?

He also did not know why Ma'am Davis was the one who called him!

But...

It's better to believe it than not!

If it was really a trap aimed at him, then what was there to be afraid of?

But if something happened to his wife, that would be a real disaster!

At this moment, his heart was burning with anxiety!

He stepped on the gas pedal and sprinted toward the Grand Canyon Hotel. "Honey, hold on!"

"I... I'm coming!"

His body was filled with killing intent!

These people were really pushing his buttons!

Since that was the case, he would let go of everything and go completely crazy!

No matter who it was, they would be killed without mercy!

Chapter 525 Super Surprise

In the luxurious private suite of the Grand Canyon Hotel.

"Super surprise!"

"Emilia, I've been waiting for you!"

"Please sit down!"

The moment Emilia pushed open the door of the private room, she saw Arnold Frost in a white suit holding a bouquet of roses. Behind him were various hydrogen balloons that formed a huge heart shape.

They were all floated romantically in the air.

"You?"

Emilia was completely stunned!

She had never expected that her father would betray her again!

That was her biological father!

In an instant, her heart was filled with anger!

She hated Arnold Frost!

This was because he was a complete hypocrite whose head was filled with evil intentions!

"Yes!"

"It's me!"

Arnold Frost had a sincere look on his face. "You should know that I've always liked you!"

"So this time, I asked you out to confess to you!"

Although he was an extremely crazy person, he was a romantic man and he hated forcing himself on her.

It would be best if Emilia did not resist, but even if she did, he would not let her go!

However, in the eyes of Emilia, who did not like or even hate him, his romance was simply disgusting!

What was even more hateful was that Isaac Davis actually...

However, this was a matter for the future. She immediately said coldly, "I'm sorry! I'm a married woman, and I'm not the kind of person you think I am!"

She was about to leave after finished speaking!

However, just as she turned around, more than ten bodyguards appeared at the door!

"Ms. Davis, please go back!" David said coldly.

Such unyielding words made Emilia feel threatened.

She turned around again and frowned.

That's right!

What was Arnold Frost trying to do?

Why did he disregard her feelings?

Could he actually force her to have feelings for him?

Even her husband had never forced her to do anything, but Arnold Frost had forced her step by step using such a despicable move.

If not for her desire for fatherly love and her yearning for kinship, she would not have been fooled!

"Bang..."

Arnold Frost gave him a look, and David closed the door of the room!

Then, he said in what he thought was an affectionate manner, "You know, I only wanted you!"

"This has never changed since high school!"

"So I hope you can accept my love for you!"

His gaze began to burn!

This was because the person he wanted was right in front of him!

In the huge private room, there were only the two of them!

They could even feel each other's breathing!

"I'm already married!"

Emilia's heart was in her throat because she didn't know what kind of crazy things Arnold Frost would do. "Please Let me go so that you can also let yourself be free. Why don't we do that?"

The only thing she could do now was to face the crisis calmly and rationally.

It would be best if she could persuade him to let him leave!

But if she couldn't, then...

"No! That's not a good idea!"

"Of course not!"

Arnold Frost's tone suddenly became tough. "I don't care if you're married or even have a child. I just want you!"

Such shameless words simply destroyed Emilia's morale.

Emilia forced herself to calm down and comforted him with a frown, "But I have a husband, and we are very much in love. I won't do anything that would disappoint him.

"You..."

Arnold Frost waved his hand and threw the bright-colored rose bouquet on the ground. He roared angrily, "Enough!"

"What can he give you?"

"He's just a good-for-nothing gigolo!"

"But I can help you quickly gain a foothold in the state of Colorado!"

"You can only be happy with me. There's no happiness for you when you're with him!"

He was really anxious!

After all, once Jack Lee got arrested, he would also be exposed.

So he couldn't wait!

However, he did not know that Jack Lee was already dead!

Chapter 526 Unleash The Inner Demon

However, even if he died without saying who the mastermind was, Arnold Frost was still in trouble.

In addition to what had happened now, there was indeed not much time left for him!

"You are not aware of who he is."

"He's not someone you can offend!" Emilia retorted.

"I'm telling you that it's better to stop what you're doing now!"

Oliver Walker, except for his bad temper, was the most polite gentleman she had ever met!

When he wasn't angered, his graceful demeanor made him look like a scholar who had walked out of a painting!

Gentle!

Considerate!

He had also paid more attention to her feelings at all times and had never forced her to do anything she did not like!

When he went crazy, it was because they forced him too!

Even she couldn't stand these shameless people, so it was completely within her expectations that her husband would fly into a rage!

"Enough!"

"I'm Leon Williams's nephew!"

"The richest man in Colorado is my uncle!"

"Do you think I can't afford to offend a gigolo?"

Arnold Frost roared crazily, "You're looking down on me?"

"Aren't you?!"

An incompetent man would always use his connections when questioned.

He would never rely on his ability to solve problems!

On the contrary, the more powerful one was, the more disdainful it was to use any connections to get out of trouble.

This was because the latter would have the abilities to solve things on their own.

If one were to always talk about his connections, it would show that he himself had nothing at all.

Without Leon Williams, there was no halo above Arnold Frost's head!

"Calm down! You need to calm down!"

Emilia gulped and leaned against the door, trying not to anger the other party. She said, "You have to think about the consequences of doing this!"

What could she do?

She was just a weak woman!

In terms of strength, she was no match for Arnold Frost!

Moreover, there were more than ten professionally trained bodyguards outside the door!

If she fought head-on, it would only make her end even more tragic!

Perhaps...

Arnold Frost would also be punished, but she would definitely be the first to suffer!

Therefore, unless it was absolutely necessary, she would never do anything beyond reason.

"Shut up!"

"My consequences might be deadly!!!"

"But it won't let you have a good end either!"

"Emilia, do you know how much I love you?"

"In order to get you, I had to sacrifice your reputation so that that pretty boy would despise you!"

"But I overestimated his bottom line as a man. He just allowed you to cheat on him?!"

Arnold Frost roared coldly, "Would someone as cold as you fall in love with him?"

"No way!!!!"

"Didn't you love him? You kept calling him hubby, but in fact, you were heartbroken. You just didn't want others to say that you married the wrong person back then!"

As soon as he finished speaking, he went completely crazy. He pounced on Emilia in a wild manner and shouted while panting, "Be with me!"

"Only I will make you truly happy!!!!"

Emilia turned sideways and wanted to escape, but Arnold Frost pressed a hand on her neck and stuck her to the door!

"Let me go!"

"Let go of me!"

"Bastard!"

She was anxious!

Tears welled up in her beautiful eyes!

She was angry at Arnold Frost for using such a method to frame her innocence. She also hated him for using such a method to deceive her!

She was even more furious that her father, Isaac Davis, had made such an unforgivable mistake!

She had all kinds of mixed emotions in her heart!

She resisted with all her might, but she did not have much strength!

"You're resisting me?!"

"Hit me as hard as you can then!!!!"

"Do you believe that I will strangle you to death?"

Arnold Frost laughed maniacally with a ferocious expression. "Today, I will definitely make you a slut in my bed!!!!"

"Hahaha..."

Chapter 527 Last Resort

"Ahhhhh!"

In the next moment, Emilia opened her mouth and bit Arnold Frost's right hand that was about to hit her.

Caught off guard, Arnold Frost let out a shrill scream!

He could only loosen his grip on Emilia's neck!

"Hu hu hu..."

Emilia, who finally caught her breath, managed to breathe and her blood started flowing back onto her beautiful face.

After her breathing became smooth, she quickly panted heavily!

"B*tch!"

Arnold Frost first looked at the bloody bite mark on his arm, then glared at the disheveled Emilia. He instantly became beastly. "I will have you beneath me!!!"

He was furious!

As a man, he almost fell into the hands of a woman. How could he tolerate this?

"You're courting death by doing this!"

Emilia said angrily, "My husband will make you regret this!"

That's right!

She knew Oliver Walker's temper all too well!

He had killed more than one or two people in front of her, not to mention not that Arnold Frost was about to violate her.

"Him?"

Anger was written all over Arnold Frost's face as he said in disdain, "Why would I be afraid of a gigolo?"

"Besides, once I've laid my hands on you, would you dare tell anyone about this?!"

"Hahaha..."

"Just be mine. No one can save you tonight. You're destined to be my bride!"

As he spoke, he moved forward, and the ruthlessness in his eyes became more and more intense!

Emilia panicked. There was no one that she could call to save her!

She had never expected that Issac Davis would cooperate with Arnold Frost to deceive her!

She knew that it was impossible to escape. After all, there were so many professionally trained bodyguards outside.

Moreover, it was impossible for her to hold Arnold Frost back.

But, there was no time to be afraid. She could only force herself to calm down!

At this moment, she noticed the dinner on the table. It was a western-style dinner!

Red wine, steak, and of course, the cutleries!!!

However, she did not dare to take large steps back. If Arnold Frost discovered her intentions, the outcome would be very tragic!

"Hu hu hu..."

Therefore, at this moment, she could only constantly adjust her breathing and watch as Arnold Frost moved closer to her.

She had to get the knife and fork on the table to have the capital to defend herself.

"Motherf*cker!"

"You're too beautiful. I can't hold it in anymore!"

"It's really a f*cking crime!"

"Honey!!! Here I come!"

Arnold Frost felt every cell in his body being awakened by the messy-looking beauty.

Therefore, like a predator, he instantly pounced forward...

At this moment, Emilia was only a few meters away from the dining table, so she quickly picked up the knife on the table and gestured in front of her chest. "Don't... Don't move!"

"One more step, and I...I will kill you!"

In this luxurious private room that was 60 square meters and even had a lounge, the western knife in her hand became her last sense of security!

However, Arnold Frost's lips curled into a contemptuous smile. He stepped forward and grabbed Emilia's wrist, which was holding a knife. "Playing this game with me?"

"You're still a little inexperienced. I'm also a martial artist!"

He had practiced kickboxing before. Although he wasn't that good, what kind of skills did he need to deal with a weak woman?

Clang --

With just one twist, Emilia felt the pain and let go of it uncontrollably. As her last straw of hope, it fell to the ground!

"Since you don't know how to appreciate kindness, don't blame me for not knowing how to take pity on women!"

"Hahaha..."

"Let me go!"

"Bastard!"

"My husband will never let you get away with this!!!!"

"Then let that trash find me!"

"Motherf*cker!"

"..."

A fierce battle broke out at the scene, but no matter how Emilia resisted, it was useless in the end. All that was left was despair.

At this moment, her body was pressed against the white marble table, and her hands were bound!

Chapter 528 Rescue Mission 101

Her beautiful eyes were filled with tears of humiliation!

"Hubby?"

"I'm sorry. I'm afraid that I would never be able to stay by your side for the rest of your life."

"You have to live well without me!"

She bit her red lips and closed her eyes, thinking of death!

She couldn't face the man who loved her with a body that was no longer clean!

"Hahaha..."

"Do you know how hard it was for me to wait for this day?"

"Do you know?"

"Those women were boring to me."

"I always imagined that it was you instead beneath me."

"..."

After controlling Emilia, Arnold Frost did not rush in to attack.

Instead, he said one sentence after another as if he was showing off his spoils of war!

At the same time...

With a towering rage, the car drove directly to the entrance of the Grand Canyon Hotel of Colorado. Then, he rushed in as fast as he could.

"Sir, you can't park here!"

"Get lost!"

The two security guards who wanted to step forward were pushed aside by Oliver Walker, who had almost lost his mind!

At this moment, Oliver Walker did not care about anything!

His aura exploded, and he was mighty!

All he could think of was Emilia.

No matter who was in the private room, as long as his wife was hurt, he had to pay the price with his life!

"Someone is causing trouble!"

"Quickly gather the guards!!!!"

However, before he could finish his sentence, George Lee walked in with ten Imperial Guards and stopped the car at the entrance!

"The Imperial Guards are in charge of this place now! Those who get in the way will be punished!"

This time...

Oliver Walker wasn't the only one who was furious!

George Lee and the others were also furious!

Why were they killing enemies at the front line?

It was to protect the country!

It was for the people to live and work in peace!

But f*ck, if he couldn't even protect the woman he loved the most, then wouldn't all the blood shed at the front line be in vain?

There would always be ignorant wild dogs who wanted to challenge the dignity of the unparalleled king!

The result of this?

They would only bring about their own destruction!

The security guards of the Grand Canyon Hotel, who had just gathered, were shocked by Oliver Walker and the Imperial Guards, who were full of murderous intent!

Although they were trained, how could they be compared to people who had just returned from the battlefield?

The murderous intentions in their eyes were like the sharp blades of a sword that could kill thousands.

At this moment, Oliver Walker also got out of the elevator and arrived at the luxury private room of the Grand Canyon Hotel!

"Oliver Walker?"

David, who was in charge of the security outside the private room, had a cold expression when he saw the person. "Mr Frost is inside right now."

Soon, more than ten bodyguards also blocked the door of the private room!

"You're courting death!"

The furious Oliver Walker became even more furious when he heard that the person inside was really Arnold Frost. In an instant, he went all out!

In just a few moves, he had knocked down more than ten bodyguards to the ground!

"Damn it!"

"Kill him!"

In the next moment, more than ten bodyguards pulled out their pistols!

All of them aimed at Oliver Walker!

At the same time, George Lee and the others who arrived later also took out their guns and shouted with killing intent, "If you don't want to die, put down your gun!"

In an instant, David and the others were dumbfounded!

They gulped. They did not want to lose their lives. They were also frightened by the terrifying look in their eyes. So, they quickly put down the guns in their hands and raised their hands!

"Bang..."

Oliver Walker kicked open the door of the private room without looking back. "Whoever touches my wife will die without a doubt!"

Chapter 529 Hero To The Rescue

The sound was like a thunderbolt!

It quickly exploded in the entire private room!

"Hubby!"

When Emilia saw Oliver Walker, tears fell like rain!

She had never expected that this man would actually come over!

To rush over at such a critical moment!

Arnold Frost was also stunned. He quickly turned around and was dumbfounded when he saw the person in front of him!

Oliver Walker stepped forward with a murderous aura!

His eyes were bloodshot!

"It's my fault for being too merciful!"

"That's why you little rats dare to bully my wife!"

He was indeed too merciful!

Otherwise, the person in front of him was not worthy of touching Emilia, let alone hurting her!

"Come... Someone come..."

Arnold Frost, who had finally realised that something was off, immediately shouted out of the private room!

However, David and the others were arrested outside.

With the gun pointed at their heads, even if they heard it, they wouldn't dare to make a sound!

Arnold Frost panicked, but before he could be afraid, Oliver Walker crushed his shoulder blade and threw him to the ground!

"Ah..."

It was a painful cry!

However, after the pleasant surprise, a look of evasion appeared in Emilia's beautiful eyes!

She was afraid that her husband would despise her!

Therefore, she could only cry!

"It's over!"

"Don't be afraid," Oliver Walker said softly. "I'm here!"

At this moment, he only felt heartbroken for his wife.

"I know!"

Emilia clearly had a thousand words to say, but she could not say them out loud. She only lowered her head as her heart filled with unease!

Seeing his wife's expression, Oliver Walker wanted to say something, but he hesitated in the end. "Send my wife home now!"

He knew that his wife was badly frightened!

No matter what he said now, it might not be effective!

He still had to give her time to calm down.

Two Imperial Guards walked in from outside. Emilia raised her head slightly, her red lips moving slightly, but in the end, she left with tears in her eyes!

"Son of a b*tch!"

"My uncle is Leon Williams. You can try to lay your hands on me again if you have the audacity!!!"

"Your wife is so f*cking sexy!!!"

"Hahaha..."

The arrogant Arnold Frost bared his teeth and roared!

In fact, he hadn't had the time to make a move yet, but by saying that, he was just trying to disgust Oliver Walker with his status!

In addition, although Emilia's hair was messy, her clothes were intact. Oliver Walker was not a fool. He naturally knew what this despicable man was up to.

"Your uncle is Leon Williams?"

"Then do you know who I am?"

Oliver Walker's voice was laced with an awe-inspiring aura of death. At this moment, Arnold Frost was already a dead man in his eyes!

Even if the Heavenly King got here, no one would be able to save Arnold Frost.

"I don't care who you are!"

"I dare you to f*cking lay another finger on me!!!"

"F*ck you," Arnold Frost mocked, "You're just f*cking with me now with this act!"

He was very calm!

He sat on the ground and endured the pain because he wanted to see Oliver Walker explode from anger but could do nothing about it.

Although he didn't get Emilia, he still got what he wanted by pissing off Oliver Walker.

But the next moment, Oliver Walker picked up the knife on the dining table, grabbed Arnold Frost's dirty hands, pressed it to the ground, and stabbed it.

"Ah..."

Arnold Frost, who was originally smug, felt his palm being pierced through and nailed to the marble floor by a table knife. The intense pain invaded his nerves and he instantly screamed miserably!

Especially when he saw blood seeping out from the wound and dyeing the carpet red, he said angrily, "My uncle is Leon Williams. You...You will die a horrible death!"

Oliver Walker smiled coldly. Without saying anything, he picked up another fork and nailed Arnold Frost's other palm to the ground!

"Ah..."

"You... I..."

Arnold Frost was about to die from the pain. He gritted his teeth and spat, "You... Are you... Not afraid of death?"

He clearly understood that the only person who could save him now was his own and only support!

Chapter 530 Messed With The Wrong Person

"I'm tough, even the grim reaper wouldn't get close to me."

Oliver Walker said coldly. "But you are one with balls. I admire you!"

"But what I like the most is to torture a person's stubbornness and disintegrate their final will!"

Kill Arnold Frost just like that?

That would be too easy on him!

Seeing his wife's injured state, even if he were to drag this bastard out and shoot him to death for ten minutes, it wouldn't be enough to appease his hatred!

Therefore, Oliver Walker picked up another table knife and pierced Arnold Frost's leg, nailing it to the ground!

"You motherf*cker!"

"My uncle... He wouldn't... he will never let you get away with this!!!"

Arnold Frost was still struggling, but every movement was extremely painful!

At this moment, he could only kick his left leg to express his protest!

Slam!

But soon, another fork pierced through the flesh and nailed his remaining leg to the ground!

At this moment, Arnold Frost, who was screaming, was pinned to the ground with his body spread out.

The two sets of cutlery that he had originally prepared were all used on him!

At this moment, Arnold Frost felt boundless fear!

He didn't even dare to look Oliver Walker in the eye!

He only shouted heartbreakingly, "I..." I want to... I want to see my uncle!

"I want you to talk to my uncle face to face!"

This was his last straw of hope!

He also clearly realized that Oliver Walker was a prehistoric beast!

The cruelty of his methods were bone-shilling!

But...

How was this even possible?

Compared to a battlefield full of bones, it was nothing!

"He should be here soon!"

"I'll make you leave this world in despair," Oliver Walker said indifferently. "But you're not worthy of dirtying my hands!"

In fact, those outside have already informed Leon Williams about this.

Coincidentally, Leon Williams was in the hotel for business, and he was in the private suite next door. So, he quickly arrived at the scene in fear!

"Mr..... Mr Walker..."

When he saw the scene in front of him, he stuttered!

He had clearly warned Arnold Frost repeatedly not to provoke Oliver Walker, but he still f*cking did it!!! Wasn't this just getting himself killed?!"

"Uncle, save me... Hurry up and save me..."

"I... I'm in so much pain... Ahhhhh!!!!!"

Arnold Frost roared loudly. The light in his eyes kept flickering as if he had seen hope.

"Shut up!"

Leon Williams roared angrily. Who was the person in front of him?

This was the master of the first war god!

He was a man who stood at the peak of the country.

And his disappointing nephew dared to offend Oliver Walker?

His nephew still wanted him to plead for mercy?!

Forget about his nephew, even if Arnold Frost was his son, there was no possibility of Leon Williams pleading for mercy from Oliver Walker!

This was because his status was worlds apart from Oliver Walker's. The two were not equal.

Even though he was known as the richest man in the state of Colorado, he was nothing but an insignificant ant in front of Oliver Walker!

"Do you know?"

"I once said that anyone who touches my wife will be killed no matter how far away they are!"

"I've killed hundreds of thousands of enemies in Indiana, but the enemies never dared to lay a hand on my family!"

"Because they know that once they move, it will be the beginning of a war that would destroy their country.

Oliver Walker sat on the chair expressionlessly and said indifferently, "But not only did he have thoughts of doing so, he even dared to put them into action. Tell me, what should I do now?"

"Kill him?"

"But I'm afraid that that would be too easy on him."

There would always be a soft spot in their hearts.

If they were two armies fighting each other on opposite ends, they would then still have a chance to smile and shake hands with each other and be friends after the war is over.

However, if someone touched their family....

Regardless of the situation, there was only one outcome, and there was no possibility of easing the situation!

Without a doubt...

Arnold Frost had made a mistake that no one in the world dared to make!

Therefore, his death would not be that simple!

This was because he lacked the reverence to be respected by anyone in this world!
