Chapter 561 Count On Me

"Then..."

Sarah Lee's eyes were still filled with disdain, but she still asked, "What should we do now?"

She was the manager of the public relations department.

Now that the company was facing a crisis, she naturally had to bear the brunt.

However, she couldn't think of any way.

It could only be said that Adams Group's schemes were perfect.

"Listen to my husband and close the store first before making any announcement. As for the losses caused by the news, we will definitely hold all the major new media companies accountable to the end."

That was the only reply from Emilia.

It wasn't that she didn't want to worry, but that she really didn't have a solution.

If she wanted to prove herself innocent, she needed evidence, but all the evidence was in the hands of Adams Group.

Even if it wasn't, would Emma Adams be magnanimous enough to show it to the public?

It was obviously impossible!

This was the human heart!

Sarah Lee's expression was filled with anxiety. "Can... This would not be of any use."

Emilia smiled and said, "It doesn't need to help but my husband will settle it.""

"You can leave first!"

Confidence!

Absolute confidence!

Emilia didn't know when it started, but as long as she saw her husband's smile, she knew that there wouldn't be any difficulties.

"Alright... Fine!"

Sarah Lee left the office with a heart full of doubts.

When they reached the lobby, all the employees stood up spontaneously!

"Miss Lee, what did Ms. Davis say?"

"Do you have a solution now?"

"What do you plan to do?"

"..."

Ever since Emilia took over the Davis Cosmetics and changed its name to Davis Heavenly Sect Pharmaceuticals, she had also carried out a wave of cleansing of the company's internal staff who had risen to the top because of their connections.

She had also restored the benefits of these employees to what they deserved/

Those who were left behind were those who had been oppressed by William Davis and had been given a second chance by Emilia.

Therefore, when something happened to the company, they were more anxious than anyone else.

This was also Emilia's ability to make her employees stay with her.

"Sigh..."

Sarah Lee shook her head. "I really don't know what Ms. Davis is thinking. She actually thinks that Oliver Walker can solve this problem."

"She told us not to worry about anything."

"Just continue with the production while closing all of our physical stores."

Everyone in the company was stunned!

Could Oliver Walker actually solve the problem?

If he could solve it, would he still need to live off a woman?

"Sigh..."

"Looks like Ms. Davis has no choice!"

"I'm willing to accompany the company until the last moment. William Davis have been a despicable man!" *bednovel. com*

"Me too!"

"..."

Soon, the employees working for Emilia expressed their stance.

Even though their jobs were in danger, many people were still willing to stay.

After all, Emilia was a thousand times better than William Davis.

Such a boss was worth risking his life for!

At the very least, she had never forgotten about them when she had any achievements!

Back at the Adams Group's guest room!

Adrianna Collins came back with a depressed expression.

"Sis, where's the facial mask?"

Adam Collins hurriedly got up and cried, "My face is getting more and more sensitive. If I don't treat it soon, I'll really be disfigured!"

He relied on his face to make a living. Once he was disfigured, the consequences would be unimaginable!

He might even lose all his endorsements and fans overnight.

But when Adam Collins was filled with hope...

Adrianna Collins revealed a look of despair and suffocation. "All of their stores are closed."

"We're here with no connections. It's difficult to find anyone to even help us!"

"If you ask in your fan group, one of them may have it but you should know what the consequences are by doing that."

Emma Adams had kept them here because she didn't want the news of Adam Collins's allergy to spread.

Chapter 562 The Desperate Emilia

If they were really discovered, with Emma Adams's ruthlessness, she could really make the siblings disappear from the face of the earth.

"Why is this happening?"

"Then what should I do now?"

Adam Collins was anxious. He had never expected that he would cause such trouble.

Now, he was filled with regret. Not only did Emma Adams play with his body, but his career was also being played with.

This...

"Perhaps there is another way!"

Adrianna Collins took a deep breath. "That is to ask Emilia or Oliver Walker for help. Only then can we solve the root problem."

"Otherwise, we..."

Adam Collins's expression was extremely ugly. "You want me to beg him?"

"Impossible!"

"This is absolutely impossible!"

"Even if I'm disfigured, I don't want to beg him!"

The thought of Oliver Walker defeating him with the piano in public was unbearable.

He was in despair!

A kind of unprecedented despair!

Soon, Adam Collins frowned and changed his words. "Sister, why don't you go and ask him for help?"

"I can't bring myself to do this!!!!"

Adrianna Collins sighed. "That's the only way. Luckily, they only restricted your freedom and not mine."

"Otherwise, it would be really troublesome!"

At the same time, Emma Adams was sitting behind her office. After seeing the news, she couldn't stop smiling.

"I really didn't expect that Emilia would have to take the blame for me when I should have failed."

"Hahaha!!!!!!!!!!!!!"

How could she feel uncomfortable in such a situation?

"Ms. Adams, what about Adam Collins?"

"He has asked to go to the hospital many times. We can't just ignore him, right?"

The current situation was indeed better than before, but there was still a hidden disaster!

If they didn't solve it now, who knew when this bomb would explode?

"Ignore it!"

"A useless piece of trash with a pewter spearhead that couldn't even last two minutes. I spent five million in less than ten minutes."

"Disfigured?"

"That's great!!!!!"

"That is the price of greed!"

Emma Adams really despised Adam Collins. He was just like a toothpick. She even looked forward to sleeping with him before this.

However, after experiencing it for real, it felt terrible. bednovel.com

Besides, what if the news was leaked once they found a doctor?

How could a young hunk's face be compared to the entire company?

"Of course, Madam."

Mike quickly nodded.

Emma Adams said flirtatiously, "You're the best. Come on, stop pretending."

Mike gulped and immediately pounced forward. Emma Adams, who was in a good mood, was once again in the mood to enjoy herself!

A great battle was inevitable!

At the Davis Group, when Micheal Davis heard the good news, he was extremely excited. Ge laughed loudly and said, "What a blessing!"

"What a blessing!"

"Dad, what's the matter? Why are you so happy?" William Davis asked excitedly.

"Did you see the news?" Micheal Davis laughed.

"Emilia is in big trouble. All the stores have been closed."

"But what does this have to do with us?" William Davis was dumbfounded.

He could not think of any connection between the two.

It was true that he wished that they would close down, but they still wouldn't benefit from this.

"You really have a pig's brain!"

Micheal Davis scolded. "Emilia must be buried in trouble now and she would want to sell her company."

"Do you believe that I can make her obediently run over like a dog and beg for mercy with just one phone call?"

He was sure that Emilia did not have much money.

It would be difficult for them to ride through the waves this time.

Not only did he fancy the Heavenly Doctor Mask, but he also wanted to see Emilia kneel in front of him and apologize.

"Oh!!! I understand now!"

William Davis suddenly realized, "Hurry up and call that hateful woman!"

Micheal Davis confidently took out his phone and dialed a number. He was already imagining what kind of desperate voice Emilia would make on the other end.

Chapter 563 Hot Potato. Who Else Would Want It Except For Me?

At the same time, Emilia, who was in the company, shook her head in self-mockery when she saw the caller ID.

She did not expect her uncle to not miss any opportunity to mock her.

But in fact, the reason for closing the shop was only because of insufficient production capacity. It had nothing to do with this matter.

However, out of courtesy, she still answered the call. "Hello, what's the matter?"

Of course, she didn't sound nice on the phone. After all, their relationship was already very tense. There was no need for them to pretend to be friendly.

On the other end of the phone, the speaker was on.

Micheal Davis and William Davis could hear her clearly.

Her indifferent tone made them mistake it for a voice of despair.

Then, Micheal Davis said, "I've already heard about what happened to you, although there was indeed much unpleasantness between us."

"But no matter what, we're family."

"So I can provide you with the necessary help!"

His words made Emilia slightly stunned. Could it be that her uncle had changed?

He wasn't here to mock her?

But no!

His tone was still filled with all kinds of superiority and dominance!

"Tell me, how do you want to help me?" she asked curiously.

As the saying went, one should not hit those who have something to offer. Before the other party made a move, she naturally could not take the initiative to attack.

"Hehe..."

"Your company now is a hot mess. Whoever takes over will be unlucky!"

Micheal Davis said confidently, "However, I'm still willing to pay a sky-high price of 100 million to buy it over on account that you're my niece."

"What do you think?"

100 million?

The current market value of their company was more than 100 million yuan.

Not to mention the Heavenly Doctor Mask, this product that was so popular that it was in short supply was not something that could be bought for 100 million!

But.... This was only natural. How could Micheal Davis offer any higher price?

After all, he had made this call with the intention of watching a joke and taking advantage of others.

As long as Emilia agreed, he would never pay 100 million to Emilia. Instead, he chose to find an excuse to lower the purchase price again.

"Are you really trying to give me a helping hand or just sprinkling salt on my wounds?"

Emilia asked in return and then said, "If there's nothing else, I'll hang up then."

He really treated her like a fool!

He even thought that the Davis Heavenly Sect Pharmaceuticals was in big trouble!

However she didn't take all of these seriously at all!

"Hehe..."

Micheal Davis sneered. "I don't believe you dare hang up on me. Because other than me, there's no one else who would pay such a high price to buy a company that's about to close down..."

"Beep, beep, beep..."

However, before he could finish his sentence, Emilia hung up the phone, leaving Micheal Davis and William Davis dumbfounded.

"She..... How dare she hang up on me?"

"Ungrateful sl*t!"

"She has no idea what she's doing!!!!"

"Who does she think she is?" **bednovel.com**

Micheal Davis roared furiously and dialed the phone again, unwilling to give up . "Emilia, if you don't sell it, you'll go bankrupt!"

"It's my business whether I sell it or not," Emilia sneered.

"You don't have to worry about it. If you have the time, why don't you think about how to save the Davis Group instead?"

Then, she hung up the phone again.

It was so straightforward!

Only the shameless Micheal Davis could say such righteous words with the mentality of wanting to take advantage of her.

She wondered how her husband was doing.

She felt a little melancholic!

But there shouldn't be any problems, right?

At this moment, Oliver Walker was in the command center.

"Sir, according to the GPS, Adrianna Collins has been to multiple stores."

"Adam Collins, on the other hand, has been in the Adams Group all this time. He hasn't even stepped out of his room."

Chapter 564 I Am Not Adrianna Collins!

George Lee said to the big screen, "He must have been controlled."

George Lee was naturally paying attention to this matter too.

Plus, all this information basically confirmed Oliver Walker's guess.

Something must have happened to Adam Collins, which was why Adrianna Collins wanted to buy the Heavenly Doctor Mask to save his problematic face.

"Good!"

"I know!" Oliver Walker said with a smile.

This was going to be exciting!

Once the matter was exposed, the problem of Emma Adams framing their company would naturally be solved.

The Adams Group would also suffer a blow because of its reputation.

As for whether it would be fatal, it was hard to say.

In fact, Adam Collins was also burning with anxiety. How to find the contact numbers of Emilia and Oliver Walker was a big problem.

After all, they didn't have many connections in Colorado.

As for the company's phone number, they did not dare to call it at all. Once it was exposed, it would be even more interesting for the Adams Group's spokesperson to seek help from his competitor.

But, there were always more solutions than difficulties.

With the generous amount of money invested, Adrianna Collins finally got Oliver Walker's number. As for why she didn't look for Emilia, the reason was actually very simple.

That was that Emilia was too powerful and could easily see the nature of the problem. *bednovel.com*

She wanted the Heavenly Doctor Mask, but she did not want to expose her target.

Oliver Walker, on the other hand, was a well-known gigolo. As long as they had money, it would definitely be easy to get things done.

Therefore, after getting the number, she quickly dialed it. "Is this Mr. Walker?"

"Yes!" Oliver Walker replied with a smile.

If he wanted to find Adam Collins and Adrianna Collins 's numbers, it would be a piece of cake.

However, if they took the initiative to send themselves to his doorstep, it would easily encourage their arrogance.

So...

He had been waiting!

"I'm a talent scout from Xinghuo Entertainment. I saw a video of you playing the piano on TikTok. Do you have the intention to meet with me so that we could talk?"

Adrianna Collins spoke in a well-spoken manner. After all, they had a conflict before, so she definitely could not say it directly.

That was why she had put up a cover.

Moreover, they had only met once, so they probably wouldn't remember her.

As for a live-in son-in-law who was despised by others, would he not be eager to prove his worth and get rid of his ridiculous title of being a gigolo??

If he became a celebrity, it would naturally be the fastest to prove himself. He would have had the hope of becoming famous overnight.

Therefore, she threw out the bait and waited for the other party to take the bait.

Adrianna Collins's thoughts were obviously clearly seen through by Oliver Walker. He smiled and said, "If Miss Adrianna Collins is not being sincere, then it's better for us not to talk about it."

Adrianna Collins 's expression tensed up when she heard this. "You... How did you know my name?!"

She clearly didn't say anything just now!

Adrianna Collins's heart rose to her throat!

The siblings held their breaths. Could it be that the person on the other end of the phone had already guessed it?

"Put Adam Collins on the phone!"

"After all..." Oliver Walker said jokingly, "If something happens to your face, you'll have a hard time in the future.""

"Besides, he still relies on his face to make a living!"

Adrianna Collins 's eyes were filled with surprise. Her face was flushed red, but she stubbornly said, "You... You're mistaken. That's not my name, and I don't know Adam Collins."

There were many things that were not convenient to talk about over the phone.

What if it was recorded?

Therefore, she quickly distanced herself from him.

It had to be said that as a celebrity manager, she was usually wary of the paparazzi, so she was careful with her words and had a certain degree of anti-reconnaissance ability.

In fact, Oliver Walker had indeed recorded the call. Otherwise, what if the other party denied it?

Although Adrianna Collins denied it, Oliver Walker was not anxious at all. Instead, he said slowly, "Since you're not, then we don't need to talk anymore."

"I have no interest in being a celebrity."

"But I'm very interested in Adam Collins's face."

As a talent scout, wouldn't you know young famous people like Adam Collins?

Only a ghost would believe such lies!

That was why Adrianna Collins was anxious! Her logic was not convincing enough!

Chapter 565 Face or Wealth

Seeing that the other party was about to hang up, Adrianna Collins could only admit the truth and say, "I... Alright then... I'd admit that I'm Adam Collins's sister and manager."

"I want to buy the Heavenly Doctor Mask!"

If she didn't admit it, what else could he do?

No matter how big the risk was, she had to take it. Otherwise, what awaited Adam Collins would only be his disfigurement, his reputation, and his ability to earn money.

"This might not be easy to handle. After all, our stores have no choice but to close because of your publicity!"

Oliver Walker's smile grew wider and wider.

Why did they close the shop?

Wasn't it all for this?

Perhaps Adam Collins would look for someone else to buy it, but masks were consumables, and it was difficult to keep them in stock.

In addition, Adam Collins would not take such risk and so he would still end up looking for Oliver Walker as well.

In fact, even if Adam Collins found someone else, he wouldn't be able to hide it from Oliver Walker.
bednovel.com

"I can pay a high price for it."

"You're a manufacturer. You can't possibly be out of stock, right?"

"Name your price!"

"But you have to help me keep it a secret, or else..." Adrianna Collins panicked.

As long as money could solve the problem, it was not a problem.

She wanted to threaten Oliver Walker, but she held back in the end.

But Oliver Walker continued, "Otherwise, if there's a problem with Adam Collins endorsing an unreliable product, his reputation will be ruined?"

Her intentions were clear.

The problem of the ratio was carefully researched by generations of divine doctors in the Heavenly Sect.

How could a cosmetics company figure it out in just half a month?

The Adams Group was in a hurry to release the immature product because they were afraid that Davis would seize the market.

It was understandable and was something normal in the business industry.

However, Emma Adams used the wrong means.

She wanted to use Oliver Walker's formula to defeat his wife.

Most importantly, Emma Adams even went to such extremes to frame his wife.

This was what made him unhappy.

"You..."

"What exactly are you trying to say?" Adrianna Collins asked aggrievedly.

Oliver Walker didn't beat around the bush and said bluntly, "I didn't want to make things difficult for you, but you made things difficult for me first."

"The Heavenly Doctor Mask can only save those who are fated."

"As long as Adam Collins is willing to reveal the truth to the media after he recovers his face, I'm willing to give it to him for free!"

Adam Collins was a good person?

How was this possible?

Otherwise, why would he go against his conscience and endorse such a product?

In the end, he was just a villain who would do anything for money.

"Impossible!"

"This is absolutely impossible!"

Adam Collins roared crazily, "Do you know how much compensation I'll have to pay if I were to break the contract?"

"I'll pay you a million as long as you sell me the Heavenly Doctor Mask!"

Right now, his face was extremely itchy, and it was getting worse.

He had already raised this issue with Emma Adams countless times, but Emma Adams had turned a blind eye to it and even detained him.

One could imagine how aggrieved he felt.

"In that case, goodbye!"

"Because I've already gotten what I wanted!"

Oliver Walker hung up the phone. He was not the one who was on the edge, but Adam Collins!

After all, this matter did not affect their company at all.

Closing the shop was just to force Adam Collins come out of hiding.

Secondly, it was to replenish their inventory, but it was interpreted by the outside world as being forced to close down because of this chaos??

What a joke!

In addition, the phone call just now had been recorded. Once the recordings get released, it would be enough to explain many problems.

Emma Adams would be the only person who would suffer in this case.

"Sis, what do we do now?"

Adam Collins's face was flushed red as he kept scratching. "I... I really can't take it anymore!"

Adrianna Collins whispered, "Do as he says. After all, it was Emma Adams who fooled us first."

"And I suspect that the call just now has been recorded."

"Rather than being exposed, it's better to take the initiative to expose it. We can even get the fan's sympathy!!!"

As for compensation?

What was that bit of money?

"But he's going too far!"

"I can't accept this!!!!"

Chapter 566 Fixing His Face

That's right!

That damned Oliver Walker, he was always controlling him. Why?

He was the most dazzling star!

How could he be restrained?

"Can you calm down?"

"Stop throwing a tantrum!"

"If you don't lower your head now, you'll definitely be finished." Adrianna Collins said anxiously.

"It's better to take the initiative to expose the secret now and apologize to reduce the losses as much as possible!"

Adam Collins fell silent.

Actually, he wasn't stupid. He just couldn't take it!

His face might be cured, but if the recording was exposed, he would really be finished.

Therefore, keeping silent was equivalent to tacitly agreeing to what was done.

Adrianna Collins heaved a sigh of relief and made another call. "Hello, Mr. Walker."

"I'll go over to you. Please give me your address."

"Open the window," Oliver Walker teased. "There are too many people outside!"

As soon as he said that, Adrianna and Adam Collins instantly looked out the window.

When they saw Oliver Walker...

Both of them were dumbfounded!

This was the 18th f*cking floor!

He...

Was he Spiderman who could climb the walls?

Adrianna Collins took a deep breath and hung up the phone with her mouth agape. Then, she opened the window. "You... Are you trying to get yourself killed?!"

Lunatic!

He was definitely a lunatic!

"Me?"

Oliver Walker shook his head.

Ten years ago, he was hunted down by his enemies. In order to protect him, his master's life was still unknown.

Four years ago, he had fought against an army of 100,000 by himself, and he even ended up heavily injured!

How could a mere 18th floor stop him?

Even Emma Adams did not expect Oliver Walker to do such a shocking thing.

However, Oliver Walker had always been a man who would return a tooth for a tooth.

Emma Adams was the one who resorted to unscrupulous means first.

Then, he couldn't be blamed!

"Where's the facial mask?"

Adam Collins's tone was a little stiff. After all, it was not easy to bow down to Oliver Walker.

However, for the sake of the future star path, he still chose to tolerate it!

"After Emma Adams finds out that your face has been healed, she will definitely hold another press conference."

"You should know what to say!"

Oliver Walker threw the mask on the table and left.

He was not afraid that Adam Collins would go back on his word!

And with such a move, even if Adam Collins wanted to go back on his word, he wouldn't have the guts to do so!

The Collins siblings were stunned for a moment before they ran to the window. When they saw Oliver Walker who disappeared, was still in a complete piece leaving in such a carefree manner, they were dumbfounded!

They were speechless for a long time!

This was not something a human could do!

He might as well be a God!

"Brother, don't just stand there. Quickly use the facial mask!"

"I'd like to know if this mask is really that magical!" Adrianna Collins quickly said.

This was trash?

This was clearly a f*cking prodigy! *bednovel.com*

With his skills alone, they would never believe that Oliver Walker became a live-in son-in-law because he was poor!

Adam Collins also quickly came back to his senses. He quickly tore off his mask and lay on the sofa.

Half an hour later...

Adam Collins looked at the mirror and touched his smooth skin. He was so shocked that he stopped breathing.

Adrianna Collins couldn't believe it either. This...

The Heavenly Doctor Mask that could be regarded as a divine product. It was indeed extraordinary!

"Ta Ta Ta..."

However, at this moment, the sound of high heels stepping on the floor could be heard, causing the siblings to instantly become nervous.

Adrianna Collins reacted quickly and hid the packaging of the Heavenly Doctor Mask.

The next second, Emma Adams, who had just had sex with her subordinate, appeared in the living room with a surprised expression. She said confidently, "You... Isn't your face better now?"

"It means that our product is still useful. It's just that the effect takes a little longer."

Chapter 567 Showtime!

Emma Adams was relieved!

This was a huge win!

Not only did she shut down Davis Heavenly Sect Pharmaceuticals, but his own product would also replace the sales of the Heavenly Doctor Mask.

What kind of joyous occasion was this?

"Yes... That's right!"

Adam Collins said, "My face has recovered. It should be over now, right?"

He did not want to help Oliver Walker.

Therefore, he wanted to run away, hoping that Emma Adams would not make things difficult for him.

Otherwise, when the time came, no one would be able to walk away unscathed.

"Hmph..."

"The press conference isn't over yet and you want to leave?"

Emma Adams snorted coldly.

Adam Collins wanted to tell the truth, but he did not dare!

He couldn't!

His hatred for Emma Adams had reached a point where it was already at its peak!

Although Oliver Walker was annoying, he was too kind compared to Emma Adams!

"Yes, yes, yes..."

Adrianna Collins was afraid that her brother would say something wrong, so she quickly stepped in and said, "Ms. Adams, I suggest that we expand the scale of the press conference."

"The effect of this facial mask excellent!"

"Look at my brother's skin. It's as smooth as a newborn baby!"

Why were they encouraging Emma Adams to make a huge scene out of this?

This was for their own safety!

The more people present, the safer it would be if they were exposed.

After this matter was over, they would leave the state of Colorado immediately. When they returned to their company, no matter how powerful Emma Adams was, would she dare to cause trouble in Starfire Entertainment's territory?

Unless she was courting death!

"Yes!"

Emma Adams nodded. "That's a good idea. I'll gather the rich and powerful people of the state of Colorado to attend tonight's press conference."

"As for Emilia, I want her to see with her own eyes how she would be defeated by me!!!"

She was extremely satisfied with this suggestion and left.

The press conference also shocked the entire rich and powerful class of the state of Colorado.

This was because Emma Adams didn't do a good job!

Anyone who wasn't stupid would know that Emilia was framed.

Otherwise, he wouldn't have fallen to the point of closing his shop.

Davis Heavenly Sect Pharmaceuticals!

"Hubby, how did it go?"

"Emma Adams is holding a press conference at the Grand Hotel in Colorado tonight at eight o'clock. She's inviting all the dignitaries."

"I'm sure she'll make a scene there."

It would be a lie to say that she was not worried!

After all, if Adams's press conference was a success, it would have a certain influence on them.

"Don't worry!"

Oliver Walker laughed and said, "Just wait for the show!"

He had already arranged everything.

Tonight would indeed be very exciting!

Adams Group would either die on the spot or go bankrupt instantly.

"Alright."

Emilia smiled faintly even though she did not know what her husband was up to.

However, after experiencing so many ups and downs with him, she had indeed gained more trust!

It was the kind that came from the soul!

Eight in the evening on the same time.

The night breeze blew!

The streets were flashing with neon lights! ***bednovel.com***

The Grand Hotel was exceptionally lively!

As soon as Emilia and Oliver Walker arrived at the banquet hall, they instantly attracted everyone's attention.

How did they actually show up here?

Shouldn't they be sitting quietly at home waiting for their death to be announced?

It was a pity that Heavenly Doctor had such a good product.

Just because he was weak, he had to be bullied by an industry overlord like Adams. Not only did Emma Adams blatantly plagiarize them, but she could even put them in such a miserable state.

"Yo..."

Micheal Davis held a glass of red wine and said with a strange smile, "My dear niece, you're here!"

"Wouldn't it be rude if I didn't come since I was invited?" Emilia smiled calmly.

Chapter 568 The Upcoming Storm

Such a jovial manner indeed aroused the curiosity of many people.

Why was Emilia still in the mood to laugh? Shouldn't she be crying now?

"Heh..."

Micheal Davis was not angry. Instead, he said, "The Davis Heavenly Sect Pharmaceuticals is still worth 80 million now. What do you think?"

He was obviously still asking for the company.

Of course, he would not be reaching out to help.

Instead, he was confident that he could manage the Davis Heavenly Sect Pharmaceuticals, who had a trump card product like the Heavenly Doctor Mask.

"You're thinking too much!"

"Even if it's a billion, I won't sell it!"

Emilia smiled, as steady as Aiden Wilson. "Well, thank you for your trust."

Now, the current Davis Heavenly Sect Pharmaceuticals and the Davis Group had completely parted ways.

The Davis Group has no say in the Davis Heavenly Sect Pharmaceuticals.

However, Emilia still held the shares of the Davis Group!

This was what made Micheal Davis uncomfortable!

"Humph!"

"I want to see how stubborn you can be!"

Micheal Davis sat down. Once the press conference ended, there would be a time when Emilia would beg him. ***bednovel.com***

At the same time, the Internet was also in an uproar.

After being hidden for one whole day, Adam Collins's face had become the concern of his fans.

As for the facial mask?

That was secondary.

At this moment, Emma Adams walked up to the stage with a smile. "Welcome to Adams's new product launch."

"The reason why I gathered everyone here is because I can't wait to spread this good news."

"I would also like to inform the Adam Collins fans in the live broadcast room that his face is completely intact after being treated with our new facial mask."

"Next, I won't waste any more time. Let's welcome the Adams Group's spokesperson, the piano prince, Mr. Adam Collins!"

When the sonorous and powerful words fell, the venue erupted into warm applause!

The atmosphere in the live broadcast room had also reached a boiling point!

Everyone present wanted to know if the Adams Group's mask were as good as those from the Davis Heavenly Sect Pharmaceuticals.

Most of the people in the live broadcast room were fans of Adam Collins. They wanted to know how their idol was doing.

The next moment, Adam Collins went up on stage!

When the skin that looked like a newborn baby appeared under the spotlight, the live broadcast room and the audience were once again in an uproar!

This...

The effect was indeed similar to those from the Davis Heavenly Sect Pharmaceuticals!

"Photographers! Please turn off your beauty and filter!"

"I want to present the most realistic picture to everyone!"

Emma Adam looked confidently at the projection of Adam Collins on the big screen. "Everyone, look. Your piano prince is perfect even with the beauty and filter turned off."

"This is due to the powerful effect of the Adams mask. We are only selling them for 108 each! Wouldn't you want to get your hands on them?!"

This...

Who could withstand it!

It was simply too perfect!

The reason why it was sold at a higher price than the Davis Heavenly Sect Pharmaceuticals was because of the premium price of the brand. If it was cheaper, it would be out of order and would not be beneficial to their sales.

Of course, the money for the endorsement had to be borne by Adam Collins's fans.

Therefore, it was reasonable for it to be expensive!

Micheal Davis sneered and said, "See that? You're not the only one who has such an amazing facial mask!"

"I wouldn't want the Davis Heavenly Sect Pharmaceuticals now even if you paid me ten millions!"

He was making sarcastic remarks just to see the regret on Emilia's face.

This would give him an unprecedented sense of accomplishment.

Emilia frowned slightly. She really didn't expect Adams to really develop it.

Such a situation was naturally disadvantageous to the Davis Heavenly Sect Pharmaceuticals/

"Don't be anxious!"

Oliver Walker smiled indifferently.

Emilia nodded, and her flustered heart calmed down a little.

After all, the investments that they've put in their masks were hefty.

The Adams could afford to lose money, but the Davis Heavenly Sect Pharmaceuticals definitely could not!

"Next, let's invite Mr. Adam Collins to talk about his experience!"

A mocking smile appeared on Emma Adams's face as she looked at the audience. She was obviously provoking Emilia.

However, she had no idea that things had already gotten out of control!

She did not know how much Adam Collins hated her!

A storm of venting was about to sweep over...

Chapter 569 Exposed

Although Emilia did not know why her husband was so confident, she was still full of anticipation.

She wanted to know what would happen next.

At the same time, the people in the live broadcast room also started spamming the bullet screen.

This was Adam Collins's home ground. After all, he was a popular young hunk and was quite popular. Otherwise, Emma Adams would not have taken a fancy to him.

"Hello everyone, I am Adam Collins!"

When Adam Collins took the microphone, he said with a smile, "Regarding the sudden termination of the press conference last night, I would like to take this opportunity to explain."

This question was also the key to many people's concern.

He didn't want to waste his breath and didn't want to keep anyone in suspense!

Therefore, he went straight to the point!

Emma Adams had a confident smile on her face. In less than two minutes, she would be able to crush the rising Heavenly Sect Pharmaceuticals.

And there was only Adams in the state of Colorado. She would kill whoever dared to show up!

"Today, I'm here to sincerely apologize to all my fans! There was no ambush last night!"

As soon as he finished speaking, Adams's mile gradually cooled down.

Things didn't seem to be what she thought!

On the Internet and in the venue, there was also an intense commotion!

"What?"

"What happened?"

"Silence!"

"..."

Crazy!

The nobles in the venue couldn't take it anymore. Could there be big news here?

Could this be true?

"Cough cough..."

At this moment, Adams coughed lightly. He seemed to be smiling, but he was actually threatening, "Mr. Adam Collins, you really know how to joke, but this is easy to cause misunderstandings."

What was the hidden meaning behind her words?

That was to never speak nonsense!

Otherwise, he would have to bear the consequences!

However, Adam Collins was also a man with a temper. He did not believe that Emma Adams would dare to be lawless in public, so he continued, "The truth of the matter is that when I used the Adams Mask, it caused a serious allergic reaction."

"That's why President Adams had no choice but to cut off the electricity. That's why there was such a long stagnation period last night."

As soon as he said this, everyone fell silent!

F*ck!

This...

Emilia's beautiful eyes flashed with a strange color. It was obvious that there was a story behind this.

"Did you threaten him?" she asked in a low voice.

If that was the case, it was definitely not possible.

After all, Adam Collins had only accepted an endorsement deal, so he hadn't done anything wrong.

He also did not incite his fans to attack the Heavenly Sect Pharmaceuticals.

"Just continue watching and you will know what happens next. The story here is more wonderful than the imagination of any author."

Oliver Walker smiled mockingly. b e d n o v e l . c o m

If Emma Adams hadn't been so eager for quick success and ignored Adam Collins's request for medical treatment, this wouldn't have happened.

"You... What nonsense are you talking about? This is a live broadcast. You're the spokesperson of Adams Group. You have to be responsible for your words!"

Emma Adams exploded. The smile on her face froze. She quickly reminded him in a low voice, "Besides, isn't your face fine now?"

That's right!

This was also the doubt of many people!

Now that he had turned off his beauty and filter, Adam Collins did not put on any makeup. His skin was indeed extremely soft and smooth.

So, what exactly happened?

"When I had my allergic reaction, you refused to provide me medical treatment and even locked us up in the room. I've called you six times and recorded every time. There's also a WeChat chat record!

"They even sent people to put me under house arrest at Adams Group and not allow me to leave!" Adam Collins said proudly.

"But you never thought that someone would bring me the Heavenly Sect Pharmaceuticals' Mask and cure my face!"

When the truth came to light...

The scene fell silent. No one could believe that this was true.

Meanwhile, on the stage, the situation was extremely awkward!

Especially Emma Adams's change in expression. In just two to three minutes, she had gone from being complacent to her ashen face. It was simply wonderful!

At the same time, the live broadcast room exploded!

"You're so brave!!!"

Chapter 570 Another Killer At Site

"The Adams are evil!!!!"

"It's lucky that we still have Heavenly Sect Pharmaceuticals. Otherwise, our idol would have been disfigured!"

"..."

This group of fans completely believed their idol's words!

They didn't even think of whether it could be true or false.

This was also the terrifying thing about idols and celebrities. Their cohesiveness was too strong.

However, Adam Collins was telling the truth!

He even had to be very subtle. Otherwise, would he tell others that Oliver Walker climbed up the window of the eighteenth floor to give him a facial mask, then jumped down and left in a carefree manner?

Wasn't this a joke?

"Adam Collins, I won't let you off!"

"Nonsense! It's all lies!"

Emma Adams 'graceful and elegant image of a noblewoman disappeared, replaced by a face filled with extreme anger. "How much did Emilia give you?"

Unwilling!

Resentment!

She almost lost her mind and her entire body was trembling!

Emilia was shocked. She had already guessed it, but she did not expect the truth to be like this.

The person who sent the facial mask must be her husband, right?

As usual, Oliver Walker had a faint smile on his face!

"If I lie, I'm willing to be struck by lightning! I won't let you off either. I'll use legal means to protect my legal rights!" Adam Collins said angrily.

"Blame me for being blind. I signed the contract with you back then, and then I was held hostage! You still owe me justice!"

The spokesperson and the brand had a face-to-face confrontation at the press conference.

This was definitely the first time since ancient times!

Just as the situation got out of control, Emma Adams took off the microphone from her collar and threw it to the ground angrily. Then, she said angrily, "You will pay for what you did tonight!"

Any normal person would know how bad the impact of this matter would be.

Emma Adams, on the other hand, was playing with fire because of her arrogance and selfishness. be d n

The most infuriating thing was that the spokesperson he had signed was actually promoting a competitor's product at the press conference.

How humiliating was this?

Damn it!

After leaving this sentence, she left angrily!

Seeing that the situation was not right, Mike instantly stopped the live broadcast.

He turned around and chased after her!

However, this video had already spread like wildfire on the Internet!

Even if he wanted to suppress it, he couldn't!

"Little brother, let's go! We'll be in trouble if we don't leave now" Adrienne Collins quickly went up to the stage and reminded him.

Adams Group was definitely a local tyrant in the state of Colorado. They could not afford to offend them at all.

And with Emma Adams's temper, she would definitely not let them off.

Starfire Entertainment would not have sent people from their headquarters to coordinate.

So now, they could only rely on themselves.

With just a few bodyguards, it was undoubtedly a fool's dream to fight against the local tyrant!

"Damn it!"

"How could this be?"

"Why is this happening?"

Micheal Davis had wanted to take advantage of the situation and take over the Heavenly Sect pharmaceuticals, but he never expected the situation to turn around like this.

This caused his good dream to be completely disturbed!

"Honey, you should head back first."

Oliver Walker said gently, "Tonight, there might be some chaos in Colorado."

He naturally knew that Emma Adams would definitely not let it go and launch a crazy revenge.

Moreover, he had just sensed a reserved killing intent, which meant that there must be an expert around here beside Emma Adams!

Although Adam Collins and his sister had no choice but to tell the truth because he had something on them.

However, there was a fundamental difference between him and Emma Adams!

He was the keeper of order!

How would he let Adam Collins and his sister get into trouble in Colorado?
