

Chaplain 621

Chapter 621 Welcome Home

Douglas Martin was shocked! The people in the command post were also shocked!

Letting such a dangerous person like Aiden return to the country?

What is his intention?

“Master, what kind of evil intentions are you playing this time?”

Douglas Martin finally asked the question in his heart. He really couldn't figure it out. There was no starting point at all! They were all ready to arrest him!

“How rude! What a joke, why don't you look at your partner!”

“He's a good candidate,” Oliver Walker said with a smile. “All the security guards in my wife's company have resigned.”

Everyone was stunned when they heard this! To let an unruly mercenary king like Aiden come back to be a security guard? Only Oliver Walker could do such a thing.

“Amazing, my master!”

Douglas Martin raised his thumb and said with an exaggerated expression, “Forgive me for being uncultured. I really can't find any other words to express my admiration for you.”

As soon as he said that, the command room burst into laughter. The fourth War God was often a joker in daily life. The key was that he was chubby and quite comical.

“Then why don’t you read more books?” Oliver Walker laughed.

In fact, taking in disciples was not his original intention. However, this was the rule and he had no other choice. If he wanted to learn the skills of the Heavenly Doctor Sect, he naturally had to join the sect.

Now that his master had gone missing, he could only accept disciples but from the bottom of his heart, he had always treated these people as his brothers.

In his daily life, he naturally wouldn’t put on airs like a master!

“Reporting to the state preceptor!”

“Aiden!” At this moment, an intelligence soldier stood up and said, “Lin Yuan Town, we’ve found Aiden! It was just a flash!”

“Get in touch with him immediately,” Douglas Martin said. “The garrison in Linyuan Town is looking for Aiden. We must protect him immediately. Also, pay close attention to the movements of the foreign armed forces to prevent assassinations!

Oliver Walker waved his hand. “This is my personal matter. Don’t involve the military! Even if it’s a foreign armed force, they have people in Lin Yuan Town. They can’t kill Aiden. Otherwise, he doesn’t deserve to be the Soldier King!”

“Yes, sir!” Douglas Martin said immediately.

After completing his task, Oliver Walker went to Linyuan Town alone.

There were some things that were really troublesome once the military was involved. That was not the situation he wanted to see!

Linyuan Town was located in the southern border and was a small town by the border. It was also a relay station for many merchants!

Aiden didn't choose to stay in a hotel because of his identity. He was afraid that someone would assassinate them and cause a bad influence.

He had returned to the country with sincerity. Naturally, he did not want to cause such a huge commotion at the beginning. Therefore, he had always stayed in a remote place.

The advantage of this method was that he could instantly notice anyone.

"Who is it?"

However, at this moment, a figure appeared.

The alertness that he had honed from years of life and death told Aiden that the person in front of him was very dangerous!

"Aiden! Welcome home!"

The person who came was Oliver Walker. He walked up with a smile. When the words 'welcome' came out of his mouth, Aiden let down his guard, his eyes filled with tears!

"I'm home!" He repeated in a trembling voice. "I'm finally home!!!"

At the age of five, he was brought abroad to receive cruel training!

He had experienced life and death! However, there was one belief that no one could shake and it was the fact that he wanted to be home. As he was still young when he left, he could not remember where his home was. He even forgot what his relatives looked like. Therefore, to him, returning to the country was returning home!

Although Oliver Walker had never been abroad, he could understand his feelings!

It was said that the fallen leaves returned to their roots, but how much helplessness was there in life? He also knew that Aiden's decision to come back was the greatest trust he had in him.

Aiden had also risked his life to cross thousands of mountains and rivers. That kind of excitement was definitely difficult to express in a few words.

Chapter 622 The Slaughter

But in the next moment, Oliver Walker and Aiden looked at the same place.

Because... There was a strong killing intent around them!

"Bang bang bang..."

"Hooo..."

In the next second, the bomb exploded, and the light it emitted instantly lit up the night.

Fortunately, Aiden had chosen a place with no one around. Otherwise, the bombardment would have caused casualties.

"Be careful! They're coming!" Aiden shouted instantly.

Oliver Walker stood in the darkness and smiled.

"I can't attack them either." Aiden said. "What should I do now?"

Since he had returned to the country, he could not go on a killing spree like he did overseas. From now on, he was just an ordinary person and not the mercenary king of Blood Fiend.

"You have to kill them!"

Oliver Walker hated mercenaries the most. They were causing trouble in America, so what was the point of keeping them? After receiving the order, Aiden dashed toward the enemy's direction, braving the gunfire.

Fighting? He was good at this!

Anyone who tried to stop him from going home was an enemy!

"Damn it!"

"This lunatic, does he not want to live anymore?"

"Fire!"

At this moment, the leader who was hiding in the darkness, under the light of the artillery fire, looked at Aiden, who was filled with killing intent, and actually panicked!

At this moment, only the gun in his hand could make him feel slightly at ease!

But Aiden was still Aiden! It was not that easy to become a Soldier King! If he couldn't even take care of these minor attacks, how could he be known as the king?

"Boss!"

"Damn it! Bullets don't seem to be able to hit him!"

"I can't hit him too!!"

"..."

In the next moment, the group of people completely panicked!

The leader's expression changed. "Retreat!!!"

He had only received an order from above. Otherwise, he would not have been willing to provoke such a killing god! Now that the situation was out of control, he naturally turned around and wanted to leave!

"You want to leave? It's too late!" Aiden smiled coldly.

As soon as he finished speaking, the hunt had already begun!

During the day, he was chased so miserably, how could he not feel resentment?

Aiden took out a dagger and kept reaping the killers and without exception, they were all killed in one blow! Provoking the King of Mercenaries was like committing suicide!

It was obvious that the price of this joke was very high. He had to pay with his life! As the massacre began, the smell of blood in the night became stronger and stronger!

Oliver Walker looked at the hunting feast with admiration in his eyes!

In terms of skills, Aiden was no worse than Douglas Martin.

Of course, this was Aiden's job. Even if he was on a large-scale mission, he could only lead a hundred people at most. It was incomparable to Douglas Martin, who commanded more than 100,000 soldiers at every turn.

Therefore, in terms of comprehensive ability, he was still much weaker than Douglas Martin. However, with such skills, wasn't he suitable to be a bodyguard? Therefore, there was nothing wrong with his choice.

As long as there was no problem with his loyalty, he would earn a lot.

Thinking about it carefully, with Mike and Aiden guarding the place, who would he be afraid of?

In the future, if there were things that were not convenient for him to appear, with Mike and Aiden, it would not be so difficult. And at this moment, the slaughter had already reached the final stage!

Many people had already put down their weapons because they had never seen such a person who surpassed the limits of humanity.

Was this even human?

No!

This was clearly the Grim Reaper!

Chapter 623 To Kidnap Olivia Walker

“Aiden!”

“Aiden, spare me!”

“...”

The terrified militants threw away their weapons and knelt on the ground, begging for their lives!

“Ah...”

Aiden didn't stop. He killed them all in one go! After he was done, he came to Oliver Walker and explained, “These people deserve to die but how should we deal with it?”

There were quite a number of corpses! He couldn't just leave it here, right?

"Of course not."

Oliver Walker nodded. "Someone will take care of this. Bandage your wound. I'll bring you back tomorrow."

"Yes!" Aiden said excitedly.

His injuries weren't very serious. After a day of fleeing, even a god would feel tired, let alone a human!

The next day, Oliver Walker and Aiden took a private plane back to Colorado!

Emilia was still occupied while on the other hand, in the Queen Bar!

"Brother Andy, we've hurt so many brothers. Is Mr Martin just going to let it slip like this?!"

"No!"

"We absolutely cannot negotiate. We can't allow this!"

"..."

At this moment, the Queen Bar was still under renovation, but the backstage was not affected at all.

Andy looked troubled. "I can understand your feelings but you know that this is not something I can decide and just yesterday, Mr. Martin and that damned Oliver Walker reached a settlement agreement! Unless..."

At this point, Andy suddenly paused. What did he mean?

Of course, he did not dare to betray Freddy Martin!

But he hoped...

His subordinates could act up. If the matter succeeded, it would be his credit. If he didn't succeed, there was a possibility of him regressing!

"Brother Andy, we know you're in a difficult position!"

"But brothers, if we can get together, we'll go through thick and thin together!"

"That's right!!!"

"Now that Mr. Martin has achieved success and fame, he has long wanted to retreat. Why would he care about the lives of us?"

"..."

As expected, everyone in the hall was in an uproar! Their words were clearly extreme! Andy was laughing inside, but he was serious on the surface.

"However, that's Mr Martin. Even if he made the wrong choice, it must be for our own good!"

These words seemed to be extinguishing the fire, but it sounded more like they were intensifying the conflict!

In fact, someone had been fooled!

“Brother Andy!”

A small leader knelt on the ground and said angrily, “Mr. Martin is wrong. He doesn’t care about the lives of our brothers. Can’t we do something about it?”

“Brother Andy, I’m willing to bring my men to kidnap Olivia Walker and kill that damned Oliver Walker.”

“If anything happens, it has nothing to do with you!”

The person who spoke was called Andy. He had always been a simple-minded person, but he was fierce in fights and cruel in his methods. Therefore, he had quite a reputation among Andy’s underlings.

Now that he had stepped forward, a group of his underlings quickly knelt down and began to beg for orders.

“Andy, that’s right!”

“Brother Andy, please allow it!”

“If we fail, we are willing to be punished. We definitely wouldn’t mention your name!”

“Brother Andy, I think Mr. Martin should not be in the position of the gang leader since he has retired!”

“I support Brother Andy!”

“...”

In an instant, the three hundred people in the hall were in complete chaos!

“You... You guys...”

“Why bother?” Andy asked with a look of deep affection but deep inside, he had a deeper plan.

Chapter 624 Reluctant to Part

Throwing in the gas and setting up the fire. He was trying to provoke the dissatisfaction of his underlings! This way, he would be able to replace Freddy Martin!

If he succeeded, he could replace Freddy Martin. Even if he failed, the outcome would have nothing to do with him. Freddy Martin already had achieved what he wanted but Andy still had ambitions!

Besides, did he really want to avenge his subordinates?

No!

He only wanted to inherit the throne!

No matter how bad it was, he could still appease his brothers. Even if Freddy Martin was furious, he could rely on his men to establish his own family and become the boss he dreamed of.

He should not wait for Freddy Martin to get tired of power and then give it to him!

Firstly, he could not wait!

Secondly, who knew if Freddy Martin was telling the truth?

If he were to hand over the number one position to his son, wouldn't he suffer a huge loss? However, if they rebelled directly, they would have to bear the reputation of being unjust. In the underworld, this was no different from treason!

“Those who are not afraid of death, follow me!

“We can’t make things difficult for Brother Andy!” Andy’s underling understood when he saw Andy’s hesitant expression.

As soon as he said that, more than a hundred people stood up and followed Andy! They just wanted to cause trouble! They wanted to mess with Oliver Walker.

“Listen up! Those people who just went out are no longer my subordinates!”

“I don’t have disobedient underlings!” Andy said with a sorrowful expression.

Although he said that, he was extremely happy in his heart!

At the same time, the people present consoled him again but Andy remained indifferent. What was he waiting for?

Once Olivia Walker was in his hands, he would force Oliver Walker to his death. Then, overnight, he would gain unprecedented prestige and naturally take over the Black Dragon Sect! Andy and the others were not slow. They quickly found Olivia Walker’s location!

Today was the graduation ceremony of the kindergarten!

So...

New Galaxy Nursery.

“Everyone, don’t crowd. Line up properly and take a graduation photo. Then, you can go to school!”

As the homeroom teacher, Lily Jones was especially busy today!

She was wearing an elegant dress. Her delicate appearance was also very outstanding.

“But Teacher Lily, I can’t bear to part with you. Can I not go to school?”

Olivia Walker was not as excited as the other children. She was very dependent on Lily Jones. This was because she was the person who treated her the best before her father came back, other than her grandma and mother.

She was a teacher in name, but in reality, she was like family.

When she was called a wild child and no one dared to approach her because of leukemia, it was always Lily Jones who defended her. This teacher-student relationship was very deep.

“Olivia, how can you stay in kindergarten?”

Lily Jones squatted down and smiled. “People need to grow. Your world should be wider and not limited to one place!”

Olivia Walker’s eyes were filled with tears. “Then, will I still be able to see you in the future?” What if I miss you?”

This relationship was very heavy in her heart! Lily Jones was the sun in her heart! When she was cold and desperate, he gave her the warmth she needed to grow up!

“ Oh?” Lily Jones was slightly stunned, but she still said, “Then you can always come back to visit me!”

However, she knew very well that it would be very difficult for them to meet again because she could not stay in kindergarten forever. In fact, a better school had already offered her a job, but she refused because she was reluctant to part with Olivia Walker. However, it was time to part ways.

“Ah...”

Suddenly, a group of black-clothed men wearing balaclavas and holding machetes rushed into the kindergarten’s field.

It frightened a large group of teachers and students!

“Kneel down!”

“Whoever dares to move, I’ll cut them down!”

” Where is Olivia Walker?”

“Hurry up and tell me!”

Chapter 625 Kidnapped

The person who spoke was Andy. He held a knife and placed it on the neck of a teacher. His eyes were filled with ferocity!

“Wuwuwu...”

The female teacher was so frightened that she did not dare to speak. She only dared to point at the class led by Lily Jones.

Andy was too lazy to talk nonsense. He put away his saber and walked straight over there!

“Don’t move!”

“Be f*cking obedient!”

“Ah...”

“They...Who are they?”

“...”

This was originally a place to educate people, but now that such a person had barged in, how could they not panic?

Lily Jones was also frightened. Facing a group of aggressive men in black, her face turned pale.
“What....what do you want?!”

Who wouldn't panic when faced with such a situation?

She was just an ordinary teacher! She was not a saint!

“Hehe... You better stay out of my business!”

“Take her away!” Andy snorted coldly.

Following the order, a man in black walked straight towards Olivia Walker, who was beside Lily Jones.

“No! You can't take my students away!”

“What exactly are you doing?”

Lily Jones 'face was pale, but she still protected Olivia Walker behind her.

She really liked Olivia Walker. She had a difficult childhood as well. Seeing Olivia Walker was like seeing her own past.

Therefore, she had special feelings for Olivia Walker!

“Get lost!”

The man pushed Lily Jones to the ground!

Then, he grabbed Olivia Walker with one hand!

“Wuuu... You’re the bad guys, why did you hit Teacher Lily? Why did you arrest me? I’m not leaving. I don’t want to leave now!!!”

Olivia Walker cried loudly. She did not know what would happen if she was taken away!

“Because you deserve to die!” Andy laughed coldly.

In his heart, the family of his enemies would directly be his enemy. He had done this kind of thing many times! Therefore, he did not feel guilty at all. He did not think that Olivia Walker was just a child. They were enemies!

A magic treasure that could deal with enemies!

“What you’re doing is illegal!” Lily Jones also rushed forward. “Her father was a hero on the front lines of the state of Indiana! Don’t you know?!”

Olivia Walker had just recovered from her illness and now she was getting kidnapped?! This would cause the child’s young heart to suffer a major trauma, and it would even be difficult to recover!

“Illegal?! The hero of the front line in the state of Indiana? I don’t even want my life anymore. Why would I be afraid of these things?” Andy said gloomily.

“I’ll teach you a lesson first!”

As soon as he finished speaking, he swung the butcher knife in his hand and landed on Lily Jones 'arm!

“Ah...”

In an instant, blood splattered everywhere. Lily Jones cried out in pain and fell to the ground. She hugged the bleeding area and felt heart-wrenching pain. There was no pity in Andy's eyes. In fact, he was just a cold-blooded machine. He did not have any feelings!

Then, he left the field with a group of men in black. They got into a few vans without license plates and sped in all directions!

The reason why they were not heading in the same direction was to avoid detection!

By the time they were found, they would probably have finished what they wanted to do. These pitiful men still didn't know that he had been used by the scheming Andy. They thought that the oath they made in front of Mr. Martin's sculpture was true!

Soon, the school was in chaos!

Lily Jones was sent to the hospital...

As Oliver Walker was still on the plane, his phone was not turned on.

Therefore, he did not know what had happened.

After all, in his opinion, the grudge between him and the Black Dragon Sect had long ended. The 'generous gift' he gave had indeed intimidated Freddy Martin. However, it did not deter the ambitious Andy!

“What?”

Chapter 626 The Desperate Mother

“Olivia got kidnapped?”

When the busy Emilia heard the news, she felt as if the sky had collapsed!

Her daughter was her everything! Her everything!

No matter how strong she was, at this moment, her body felt cold.

“Who is it? Why did they kidnap my daughter? Why?”

She was crying! She was in despair!

She had thought that her career was finally on the right track and her life was getting better. She had never expected to encounter such a thing.

At this moment, she was just a mother!

She was not some high and mighty chairman! Hearing the heart-wrenching sound inside, Mike instantly rushed in and hurriedly comforted her, “Sister-in-law, don’t worry! It will definitely be fine! There must be a reason why they are doing this.”

Every kidnapping must have a strong motive!

However, he wasn’t too sure about which aspect!

Oliver Walker had saved Aiden, which meant that he had done him a great favor! Now that Oliver Walker’s daughter had been kidnapped, how could the Thunder God, who had once dominated the mercenary world, sit idly by?

He wanted to let the kidnappers know what cruelty was!

It would be best if those damned fellows never appeared in front of him. Otherwise, they would definitely be reduced to ashes!

No! Even that wouldn't be enough!

"Where did he go? Why can't I get through to the phone? Ahhhh!!!"

Emilia broke down and cried!

She had clearly experienced that kind of despair before, but why did she have to experience it again?

This was unfair!

Mike frowned and said, "Boss will be back soon. Ms. Davis, please calm down first! If you receive a call from an unknown number, you must fulfill all their conditions!"

That was the only way to ensure Olivia Walker's safety!

However, for Emilia, she wished she could receive the call right now!

But... When would that call come?

Every minute and every second was torture for her.

It was like being in a volcano!

At the same time, Aiden, who had just gotten off the plane, could not wait any longer!

He and Mike had not seen each other for a long time!

At the same time, Oliver Walker forgot to call his wife. This was because he was afraid of disturbing his wife's work. After all, it only took ten minutes from the airport to the company.

"Mr. Walker, thank you so much. I still feel like I'm dreaming!"

Aiden couldn't suppress his joy and kept nagging on the plane.

Oliver Walker understood the feeling. It was just like when he returned to Orlando from Arizona. He had an inexplicable sense of familiarity. "How does it feel to be back?"

"I know that this is just a small city in the state of Colorado," Aiden said solemnly. "But Colorado now is no worse than the ones overseas. If it's a big city, it'll definitely be better! I'm not afraid of you laughing at me, but after returning to China, I feel that even the air is filled with sweetness."

Looking at the tall buildings outside the car and the heavy traffic on the road, he, who had been wandering abroad for nearly 30 years, felt a little emotional!

He may not know where his home was but this place was his hometown!

"Haha... The future of this country will only get better and better," Oliver Walker said with a smile. He knew that Aiden was eager to return, so he sped up and let him meet Mike as soon as possible.

When the car stopped in the parking lot!

Oliver Walker smiled. "Come with me. You can finally meet each other!"

Aiden nodded solemnly.

When the two of them stepped into the elevator and went straight to the office! He saw Mike sitting at the door with a deep expression and clenched his fists!

“Mike!”

Aiden immediately shouted. There was too much emotion in his voice!

However, Mike, who slowly raised his head, was not excited at all. Instead, he looked depressed!

“What’s wrong?” Oliver Walker realized that something was wrong. He immediately asked, “What happened?!”

Chapter 627 She Needed An Answer

The atmosphere instantly turned heavy! Oliver Walker’s heart skipped a beat. It seemed that something serious had really happened!

Could it be that his wife...

He did not dare to think about it anymore!

“Say something! What happened?”

Aiden, who had been immersed in the joy of meeting his brother, realized the seriousness of the matter.

They were all waiting! Waiting for an answer!

“Plop...”

Mike suddenly knelt down. His eyes were bloodshot as he roared, "Boss, I'm sorry. I didn't protect your family well! If you want to kill me, you can do whatever you want! But I hope it's after I kill all those bastards! Olivia got kidnapped!"

His words struck Oliver Walker's Anthony acupoint like a bolt from the blue. It was no exaggeration to say that his brain was completely dumbfounded!

There was even a buzzing sound!

"I... My wife, do you know?"

Oliver Walker's face was extremely ugly! He could still maintain a trace of calmness, but what would happen if his wife found out?

It would definitely be earth-shattering!

At the same time, the killing intent on his body exploded! In an instant, it occupied the entire office floor!

Although Aiden did not know who Olivia Walker was, he could tell from her surname and conversation that she was definitely Oliver Walker's daughter.

In order to save him, his daughter was kidnapped!

He... He didn't feel good either!

"Ms Davis...She..."

Mike was speechless!

Meanwhile, Oliver Walker rushed into the office anxiously. When he saw Emilia slumped on the ground, her voice hoarse from crying, his heart was pounding. "Honey..."

He hurriedly rushed forward and hugged his wife's arm!

"Where did you go? Where did you go? Our daughter has been kidnapped! Do you know?!"

Emilia, who was teary-eyed, cried out in heart-wrenching pain.

She really couldn't stay calm! Who could remain calm in such a situation?

Olivia Walker was the apple of her eye. Where was her sensible daughter now, and how was her situation?

Would she be beaten up? Would she....

She didn't dare to think about it anymore! Fear spread from her heart to every corner of his body!

"I know! I know!"

Oliver Walker's eyes were bloodshot. "Don't worry. She'll be fine. I won't let anything happen to her! Honey, calm down first! No news now is the best news!"

Generally speaking, kidnappers would not kill hostages so easily! Kidnapping was not the ultimate goal, but a means to achieve something else!

Whether the other party wanted money or something else, he should be able to give an explanation soon!

"I can't calm down! I really can't! She is my daughter, our daughter! Hubby, I know you have the ability to save her, right?" Emilia shouted heartbreakingly.

“You must save our daughter!”

She did not dare to call the police because he was afraid that the other party would kill the hostage!

Now, all her hopes could only be placed on her husband!

Her beautiful eyes were filled with a trace of desire! She only wanted an answer now!

This omnipotent man would definitely continue to be omnipotent!

Chapter 628 Get Me Information On Them!

“Definitely! Give me one day,” Oliver Walker said with a firm expression. “But I hope you keep in mind that you have to take good care of you. Don’t hurt yourself!”

It shouldn’t be difficult to find his daughter but he was really afraid that his wife would take things too hard!

“Yes, yes, yes...”

Emilia nodded repeatedly. The despair she felt could no longer be described with words but she had never doubted her husband. She really wouldn’t!

Oliver Walker was not only a national hero, but also a peerless hero in her and her daughter’s hearts!

Oliver Walker was already talking on the phone. As he walked out of the office, he shouted, “George Lee, find out what happened at New Galaxy Nursery. The more detailed, the better!”

“Send someone to protect my mother and my wife! Remember, no other accidents must happen!”

He had already made a move on Olivia Walker. It was hard to say if he would make a move on his mother-in-law and wife!

Who was the enemy this time?

Blood Fiend's people? Or the armed forces of Myanmar?

Or perhaps Freddy Martin?

These were all possible!

First of all, the Blood Fiend was not an ordinary mercenary organization. Their intelligence system was very strong, and it was very likely that they had penetrated deep into the country.

After knowing that he had accepted Mike and Aiden, he was no exception. It was the same for the armed forces in Myanmar.

But what was the Black Dragon Sect doing?

"Mike! Aiden!"

Oliver Walker roared with killing intent. No matter who the other party was, he would make them pay a painful price!

Life alone was far from enough! They would be tortured and die in despair!

"Boss!"

Mike and Aiden also stood up! They were just waiting for the order! Oliver Walker had treated them with great kindness. At this moment, they would not even frown even if they had to pack up and charge back to the Blood Evil Headquarters, let alone kill someone.

Just because he retired didn't mean that he had lost his courage!

On the contrary, once they were forced into a corner, they would do all kinds of crazy things! They were already fugitives, so why would they care about the consequences?

"You should have the means to immediately investigate if any foreign armed forces have entered the country?"

For his daughter, Oliver Walker did not hesitate to dig three feet into the world! It was just the Blood Fiend, the armed forces of Myanmar, or the Black Dragon Sect. As long as they did it, they would be killed no matter how far away they were!

"Yes, sir!"

Mike and Aiden immediately nodded!

They would definitely use their strength to prove that Oliver Walker's choice was not wrong! They were once the kings of the underground, so they naturally had their own connections. So what if they were exposed?

At the same time, Oliver Walker had already left the company and headed to the headquarters in Colorado! With the Imperial Guards, there shouldn't be any problems with their families!

"Salute!"

The soldiers outside the door immediately stood up and saluted!

Oliver Walker was not in the mood to greet them. Instead, he rushed straight into the command room with a murderous look on his face!

“Chaplain! We’ve investigated all the surveillance cameras and obtained everything that we could from the nursery. However, we still know very little about the situation at that time!”

George Lee immediately reported, “There were a total of 20 kidnapers. They were in four vans with no license plates. They entered the nursery with knives in their hands. They injured Lily Jones, the teacher who was protecting Olivia Walker. It took less than seven minutes to take Olivia Walker away. After leaving the school gate, the four cars left in four directions.”

“The kidnapers are very cunning and have extremely strong anti-reconnaissance abilities. They changed vehicles a few times along the way. Other than that, there are no other clues! This is the video from that time!”

Oliver Walker looked at the surveillance video and still remembered his daughter’s form teacher, Lily Jones.

He didn’t expect such a responsible teacher to be injured by a ferocious kidnapper! This made him even angrier!

Other than that, there were no other clues! But soon, the shiny machetes entered Oliver Walker’s sight. This machete was clearly a standard weapon. In the few clashes with the Black Dragon Sect, he had seen this type of machete!

Therefore, it was clear who the kidnapers were!

“Sir! I’ll bring some people and destroy the Black Dragon Sect right now. I’ll make sure that this bunch of troublemakers can no longer harm anyone!”

George Lee looked indignant. He was a soldier who protected the peace of the Wan family!

Obviously, the Black Dragon Sect had done this many times before! They shouldn’t be allowed to leave anymore!!!

Chapter 629 Annihilating the Black Dragon Sect

“We’ll talk about this later! But be prepared,” Oliver Walker said with a frown. “We can’t rule out this possibility!”

Now, his daughter was still in the hands of others.

The Black Dragon Sect had tens of thousands of people, so they definitely had countless spies! If they found out that the military was involved, the other party would be even more vicious.

“Then...What should we do now?”

“Could it be...”

“Sigh...”

George Lee clenched his fists. He really wished he could pull his men together and kill all those troublemakers!

“Wait for my order!” Oliver Walker said coldly.

“Also, prepare an ordinary car for me!”

He didn’t use the L5 because it was too conspicuous!

The threat was built on a one-sided situation! Therefore, once both sides had hostages, even the Black Dragon Sect would not dare to act rashly.

Therefore, what he needed to do was to pay Freddy Martin a visit!

He wanted to see who gave him the courage to do something that crossed his bottom line!

George Lee, who had received the order, could only wait for orders. However, he did not stay idle. The fully armed army was already ready to go. As long as he gave the order, he would be able to launch a war to wipe out all the members of the Black Dragon Sect in the state of Colorado!

At the same time, after receiving the notice, Mike and Aiden quickly drove to the mountaintop villa!

They had gone with murderous intent! This time, he had to kill them all!

The villa at the top of the mountain was heavily guarded, so when the car drove into the foot of the mountain, it was already discovered!

“What are you doing here again?”

“Mr. Martin,” a small leader of the Black Dragon Sect said coldly. “We’ve tolerated enough!!!”

Soon, the members of the Black Dragon Sect nearby also surrounded him!

It could be said that reaching a settlement agreement was the greatest humiliation for these outlaws. Therefore, when they saw Oliver Walker, everyone’s expressions turned ugly!

“You...”

Mike clenched his fists and was ready to kill them. He really did not need even a second to kill these ten or so people!

Aiden’s body was also filled with a murderous aura!

“Little brother, please inform the Black Dragon Sect Master that an old friend is visiting!”

Oliver Walker looked very calm! Even if they got rid of these people, this mountain belonged to Freddy Martin, so they would be easily discovered.

If there was a helicopter on the mountaintop, what would happen if Freddy Martin fled? Freddy Martin probably didn't realize that he had been exposed. After all, it had been less than an hour since the kidnapping.

Therefore, Freddy Martin should still be here! If he didn't meet Oliver Walker and flew away, then something must have happened!

“Impudent!”

“Mr. Martin is going abroad soon. We don't have time to see trash like you!”

And when Oliver Walker heard the words 'going abroad...'

The killing intent could no longer be suppressed!

'Snap!'

He directly made a move and snapped that person's neck!

The arrogant leader did not even have time to react before he fell to the ground with his life force gone!

He had no idea why Oliver Walker was here! They had no idea what the consequences would be if they said that Freddy Martin had gone abroad at such a sensitive moment!

“Damn it!”

“Kill them!”

Several members of the Black Dragon Sect around him also roared and charged at Oliver Walker and the other two with their sabers.

“Leave no one alive!”

Oliver Walker got into the car and did not even bother to look at the members of the Black Dragon Sect!

If it was just a suspicion before, then now, it was completely confirmed! Freddy Martin never dreamed that his subordinate’s words would bring him a fatal disaster!

At the same time, Aiden and Mike had killed nearly 20 people in an instant! Oliver Walker also drove to the villa on the top of the mountain.

Even if there was a helicopter at the mountaintop villa, it would still take time to start. However, there was not much time left for him. Thus, he encountered three checkpoints along the way and directly charged through them.

“Mr. Martin, something bad has happened!”

“Oliver Walker and his men are here to attack us!”

“We can’t stop them at all!”

“...”

Soon, the news reached the mountaintop villa!

Chapter 630 What They Want Is Oliver Walker

Freddy Martin, who was wearing a white Tang suit, put down the shower in his hand after hearing the report. His expression changed drastically. He shouted angrily, "Bastard!"

"Damn it, what do you want?"

"Do you really think my Black Dragon Sect is just a bunch of mobs?"

"Kill them! Kill! Kill!"

He was indeed preparing to go overseas to see his son! However, he couldn't leave now. Otherwise, he wouldn't be watering the plants in the garden.

"Yes, sir!"

A trusted aide quickly organized the defense work after receiving the order!

A large number of Black Dragon Sect elites who were responsible for guarding the villa on the mountain peak had also begun to be fully armed! The automatic rifles were ready for a perfect defense!

Forget about a human being, even a fly wouldn't be able to enter this place.

Freddy Martin sat in the living room with a gloomy expression. He lit a cigar and his eyes were filled with ruthlessness! The reason why they reached a compromise was indeed because they were afraid!

But... Being afraid didn't mean that he would sit and wait for death!

He was not a good person himself, so he would not show mercy!

"Mr. Martin, why don't you leave first?"

Payton Adams frowned.

Freddy Martin said angrily, "I'm not going anywhere. It's not like I haven't seen anyone kill. What's the big deal? This is the headquarters of the Black Dragon Sect. If I leave, how would I be able to face the public?"

So what if it was dangerous?

He had nowhere to go! Although he had already thought of retreating, but...

He couldn't bear to part with the party that he had fought so hard for!

Pass it to Andy? That was just nonsense to calm the hearts of the people!

What he didn't know was that Andy didn't believe him at all, and he still pissed off Oliver Walker!

"Buzz, buzz, buzz..."

At the same time, Oliver Walker sped up to 120 on the rugged mountain road. This made Mike and Aiden, who were also proficient in driving, have no choice but to admit defeat!

'Da da da...'

When the car reached the top of the mountain, gunshots were suddenly heard from all directions.

'Bang bang...'

Soon, the car was smashed into a sieve, and all the windows were shattered!

“Kill them all!” Oliver Walker said coldly.

We must not show mercy to these militants!

Not to mention the kidnapping of his daughter, even if it didn't happen, the Black Dragon Sect was still a great threat to society by arming themselves like this. He had always believed in using extreme methods to deal with dangerous people.

These people were used to killing, and their hands were already stained with human lives, so their deaths were not worth regretting.

Lock them up in prison? Where would there be enough space to keep all of them?

Therefore, killing them was the only solution!

“Yes, sir!”

There was no need to doubt Mike and Aiden's skills.

After all, being able to become the King of Mercenaries had long proven their strength!

So... as soon as the car stopped, the two of them rushed into the villa with a whoosh. They began to hunt down those who fired the guns! Oliver Walker was the same, but he was not there to kill, but to find someone!

He had to capture Freddy Martin and force him to release his daughter!

To sit and wait for them to call?

Waiting for them to blackmail him?

No! He was a person who always liked to take the initiative.

In this life, other than his family, he had never compromised with anyone else.

Compromise would not solve the problem, but would instead make it more complicated. It would also make those who caused trouble more lawless!

Why did Freddy Martin kidnap Olivia Walker?

It was definitely to take revenge! The only result was that they wanted Oliver Walker's life, but...

If he died, would his family really be safe?

It was impossible!
