Chapter 641 Snitches Get Stitches

“Oliver Walker, I’ll f*ck your ancestors! Kill me if you dare!” Andy, whose adrenaline was running high, roared. “If I don’t die, your daughter will... have to die... I still want to sleep with your wife...Hahaha...”

That miserable scream was heart-wrenching.

He was clearly in pain, but he knew that he absolutely could not explain because Olivia Walker was his amulet!

However, at this moment, more than a hundred bones in his body had been shattered!

He could only lie paralyzed on the ground and roar loudly!

“You still dare to be stubborn?”

Oliver Walker stepped on Andy’s crotch again, and soon...

Andy was no longer a healthy man. His bones were clearly shattered, but he was still wriggling unwillingly...

Oliver Walker was the devil!

No!

He was even more devilish than a devil!

“Boss! Olivia!” Aiden said. “She’s in the warehouse at 87 Rambla Avenue!”

Actually, he didn't plan to say it so early, but he didn't expect Andy to be so stubborn. Now, Andy was already half-dead. Even if he was sent to the hospital and rescued in time, he could only lie in bed for the rest of his life.

"Who told you that?"

"No, no, no! She's not there..."

Andy's eyes were wide open like a bull's, and he looked anxious.

Oliver Walker's expression suddenly relaxed.

Torturing Andy was not his goal. He had used all these methods just to force out the whereabouts of his daughter.

At this moment, it was already dark!

It had been more than five hours since the kidnapping.

Who knew what would happen to her daughter in the hands of a group of vicious criminals?

Especially the Rambla Avenue, which was located in a secluded suburb...

"Ding, ding, ding..."

At the same time, his phone rang. Oliver Walker saw the caller ID and immediately answered the call.

"Boss!" George Lee shouted anxiously. "Olivia's location has been confirmed. She's at Rambla Avenue..."

Before he could finish, Oliver Walker had already turned around and left!

Now that Aiden's intelligence was consistent with George Lee's investigation results, it was almost impossible for any accidents to happen! Freddy Martin's heart was dark. Looking at the departing figure, he heaved a sigh of relief.

However, in the next second...

Oliver Walker did not stop or turn his head, but he said angrily, "You should know how to deal with this. I want the entire Black Dragon Sect to learn from this! If you dare to disobey, I will come to your door at any time and take your life!"

Oliver Walker's figure had already disappeared, but...

His words were still lingering in the empty villa hall! After the echo ended, Freddy Martin felt that the terrifying pressure that had enveloped the villa earlier had suddenly disappeared.

Immediately after, he began to pant heavily!

"Mr. Martin... Save... Save me... You said that we were brothers through life and death. You said it before..."

Andy, who had a strong desire to survive, began to play the emotional card.

However, he had neglected one thing, and that was...

Freddy Martin had been in the underworld for so long, and he had always been ruthless. Now, his underling had dared to disobey him and almost caused him to die, yet he still wanted to save him?

How was this possible?

"Payton Adams! Mobilize the elites of the Black Dragon Sect immediately to fill the guard duty of the villa on the mountain top! Also, hang Andy on the high ground of the villa and invite the other seven Guardian Deities to a meeting!"

“I want everyone to know that this is what happens to traitors!” Freddy Martin said indifferently.

“Yes!” Payton Adams said.

As soon as he finished speaking, he left. However, it was undeniable that what happened tonight had also caused a huge impact on his soul.

He completely understood why Freddy Martin was so ruthless!

“Mr. Martin! I’m Andy!”

“Have you forgotten that I saved you back then?”

“Mr. Martin... Save me!!!!

Chapter 642 The Hostage

Andy knew that death was coming, but he was still unwilling to give up the last trace of hope.

Freddy Martin lit up a cigar and said coldly, “You betrayed me. Rebel! You’re all f*cking rebellious. I was too kind to you!”

Actually, he had wanted to retire a long time ago. However, he was reluctant to give up the power in his hands. Even so, he could not tolerate his subordinates coveting it.

In addition, the sudden appearance of Oliver Walker made him realize that the Black Dragon Sect was really a mob.

At that time...

On the road to the suburbs, there was little traffic. Oliver Walker drove the car, bringing Aiden and Mike to the warehouse at 87 Rambla Avenue anxiously!

His daughter would have to be fine....

Otherwise, he would make those bold people end up even more miserable than Andy! There should be a way to deal with animals.

Now that he had already removed all his duties, he naturally did not care about any methods!

87 Rambla Avenue was a huge logistics warehouse. However, it had already gone bankrupt since a long time ago.

“Jack, do you think after Brother Andy succeeds? Will he...”

One of his subordinates suddenly brought up an extremely heavy topic while drinking. However, he did not continue. Instead, he made a throat-slicing gesture.

As a result, the atmosphere at the table instantly became gloomy.

What if Andy really did it?

After all, he had to give Mr. Martin an explanation!

Whoosh whoosh whoosh...

In an instant, all eyes were on Andy.

“Impossible!”

Jack waved his hand and said firmly, “Brother Andy, I’m not a person who burns bridges after crossing the river. None of you should talk about this topic anymore.”

“Otherwise, don’t blame me for falling out with you!”

“Come, let’s drink!”

“Eat meat!”

Soon, the atmosphere at the table was restored.

And these people did not realize the danger that had descended at all!

Olivia Walker was curled up in the corner with her hands around her knees. Her watery eyes were filled with fear.

“Motherf*cker, little bastard, come here for a moment!”

“Cheer up for me!” Jack shouted.

Perhaps it was because he could no longer find any fun just by drinking.

Therefore, he had set his sights on the hostages!

“I... I...”

Olivia Walker shook her head. “You... Don’t hurt... Hurt me... My father is a great hero...”

In this situation of extreme fear, her father was the only hope in her heart.

Because Daddy was a great hero!

Both her mother and teacher had said that her father was unparalleled!

“F*ck?”

“Hero?”

“He’s the biggest bear in the world. Otherwise, why can’t he protect you?” Jack’s face was flushed red from the alcohol.

As soon as he finished speaking, he stood up instantly and walked toward the corner with a fierce expression.

“Jack, we can’t let this little bastard off easily!”

“That useless father of hers injured so many of our brothers. We have to vent our anger today!”

“Motherf*cker!”

“Yes!”

“Revenge! Starting with this little bastard!”

“...”

In an instant, more than 20 people at the two tables stood up and began to shout loudly.

In their eyes, Olivia Walker was not a child!

He didn't have the thought of harming his family!

Instead, they were only thinking that Oliver Walker, that bastard, had hurt many of their brothers!

Therefore, he had to resort to unscrupulous means to take revenge!

"You... You guys... Let go of me!!! My father will never let you get away with this!!! Huhuhuhu~~"

"Daddy... Save me!"

Olivia Walker had always been timid. This had something to do with the environment she grew up in. It was already very brave of her not to turn mad by now.

But now, she was being held by Jack with one hand....

Chapter 643 Rescuing Olivia Walker

"Then let that trash come!"

"Little bastard, swallow all these bones for me!"

"Otherwise, I'll kill you!"

Jack controlled Olivia Walker with one hand and pressed the little skull with the other. He pressed it against a pile of chicken bones on the table. "Eat!"

"Hurry up and eat!"

Olivia Walker resisted with all her might. Even though it was useless, she was still resisting with all her might. "I will no....not! These are... Wuuuu... I can't eat them..."

However, those people showed no mercy. Jack was clearly looking for pleasure, so he didn't use too much force. Instead, he allowed Olivia Walker to resist.

"Haha..."

"This little bastard is still f*cking stubborn!"

"She looks a little like her mother!"

"Yeah! Jack, why didn't you kidnap her mother?"

"That Emilia, is she really...Tsk tsk tsk..."

"..."

There was a loud roar of laughter in the warehouse, mixed with Olivia Walker's weak resistance.

These bad guys...

Daddy.... Would he come?

She was feeling extremely scared.

However, at this moment, Oliver Walker got out of the car when he arrived at the entrance of the warehouse and rushed in as fast as he could.

Mike and Aiden followed closely behind.

Their movements were so weak that they could be ignored. Under the cover of the night, they sprinted towards the room that was lit up.

At this moment...

He should not alert the enemy, because it was very likely that he would force the kidnappers into a desperate situation!

“Little Rascal, eat!”

“I won’t!!!!”

“Hahaha...”

“Bang bang...”

The next moment, the door was kicked open!

“F*ck your ancestors!”

When he saw more than 20 men in black surrounding Olivia Walker and torturing her, Oliver Walker was so angry that he cursed. Mike and Aiden, who had rushed over, were also furious!

However, it was so sudden that Andy and the other kidnappers were instantly dumbfounded.

It was the kind of time that was so short that he couldn’t even react.

“Leave him alive!”

“Leave all of them alive!”

“None of them are allowed to die!”

Oliver Walker’s eyes were bloodshot. In an instant, his body rushed toward his daughter like a rocket.

Mike and Aiden were also mercenary kings, so they were naturally not bad. The three of them attacked in three directions, cooperating seamlessly!

“Daddy...”

Olivia Walker’s tender face was filled with tears. The moment she saw her father, she cried even harder! She knew that her father was a great hero and would definitely come to save her!

He would definitely come! He was finally here!

“F*ck...”

“Don’t you f*cking move, or I’ll kill her...”

Jack reacted instantly and grabbed Olivia Walker’s neck. His entire body was emitting a terrifying aura.

“Ah...”

However, Oliver Walker was very fast. Before Jack could make the next move, he had already grabbed Jack’s hand.

Jack, who was in pain, felt as if his entire body had been electrocuted. He was so numb that he couldn’t use any strength. In an instant, he lost control of Olivia Walker!

“Just you wait...”

Oliver Walker kicked Jack against the wall with a loud bang.

It was only because he did not want to swear in front of his daughter that he suppressed all the anger in his heart!

But... What was the point of keeping him alive?

That was to let these beasts die in the way of beasts and directly slaughter them?

They were not worthy at all!

They should have tasted all the torture in the world and then went to the eighteen levels of hell to repent layer by layer!

“Olivia... You...”

Oliver Walker carefully held his daughter in his arms, his eyes filled with fear and unease.

Chapter 644 Next, Emilia?

If he hadn't been careless and mistakenly thought that he had taken care of Freddy Martin, his family wouldn't have been in any danger, and so many things wouldn't have happened.

His self-reproach was ever-present!

“Daddy...Wuuu...”

Olivia Walker blinked her teary eyes. She buried her head into the shoulder that gave her a sense of security. "Dad, why did they capture me? Why did they force me to eat the bones that were left behind?"

"I... I didn't even eat... Wuuu..."

"He..." Olivia sobbed. "He... They even hurt Teacher Lily.... Dad, you're a great hero. You must...We can't let them off."

The teacher-student relationship between Olivia Walker and Lily Jones was really deep!

Therefore, even if he was in danger, he was not afraid.

"Olivia, you were very brave. Daddy is very happy!"

"I'm sorry," Oliver Walker said with a hint of embarrassment. "I promise you that I won't let these bad guys off!"

He gently patted his daughter's weak back. Perhaps he still hadn't learned how to be a father! At the very least, he was not a qualified father.

"Yes!"

Olivia Walker sobbed and nodded. "I miss Mommy, Grandma, and you so much!"

At this moment, Mike and Aiden had already knocked down everyone and looked at the warm scene in front of them.

Fortunately, Olivia Walker was fine. Otherwise, they would all be sinners.

At this moment, he finally heaved a sigh of relief.

“Aiden, you’re back. What are your plans?”

“You should first find a wife, then give birth to ten sons and daughters. You’ll have a family of your own then!”

“Yes, I want to get married too!”

“...”

The two people who had gone through life and death together finally had time to talk after meeting for more than ten hours.

However, without exception, after wandering outside for so long, they all had an extreme desire for a family. Therefore, he was especially envious of Oliver Walker, who could hold his daughter.

They were also thinking that if they had children one day, they would definitely dote on them to the heavens!

At this moment, they were no longer the king of mercenaries, nor were they the killing gods who killed without bloodshed. They were just ordinary middle-aged men who yearned for a family.

At the same time, Oliver Walker said, “Let’s tell Grandma and Mom that we’re safe first. I’ll take you home later!”

He was sure that his wife and mother-in-law were extremely anxious!

Therefore, the most important thing now was to let them settle down.

“Mom, Olivia is fine!”

“Are you alright?”

“Yes, completely unharmed!”

“Alright... That’s great...”

“Mom, I’ll let Emilia know that we’re safe. I’ll hang up first!”

“Yes, yes, yes. It’s what you should do. Hurry up and call her!”

Although Mary Grimm was in a hurry to see her granddaughter, she wasn’t so anxious after knowing that she was safe. At the very least, her daughter would definitely be as anxious as she was!

After Oliver Walker hung up the phone, he immediately sent a video call to his wife, but unfortunately...

The ringtone rang again and again, but no one answered! This made Oliver Walker’s expression turn bad!

He clearly knew how important his daughter was to his wife. What if...

He had a bad feeling! His heart was up to his throat!

“You know what to do!” he ordered as he sprinted toward the door.

Keeping these animals alive was to make them die a horrible death!

It wasn’t to let them live!

Mike and Aiden’s methods were naturally not inferior to ordinary people!

Therefore, he would definitely not let them off easily!

“Big... Big brother...”

“Spare me... I...We don’t deserve to die...”

“Hand me over to the law!”

“...”

The group of kidnappers were completely afraid after feeling Mike and Aiden’s gazes.

That fear came from the depths of his soul...

Chapter 645 For Old Days Sake

“Mike, what do you think we should do?”

Aiden’s eyes flashed with ruthlessness. He couldn’t let these bastards off easily!

Mike frowned and said, “It’s better if you do it. Just treat it as a welcome party!”

Mercenaries were mercenaries. Even the way they welcomed the guests had to be different! And gore was the best test for mercenaries, and also the best reward!

The next moment...

Aiden looked at the van outside, and Mike instantly understood and nodded.

Then, Aiden went out to prepare...

“What are you doing?”

“I have elders and children!”

“Big brother, please spare me!”

“...”

When the kidnapers at the scene targeted unarmed ordinary people, they were all like demons who had descended from the heavens. And when it was their turn, they were all as cowardly as grandchildren.

The unknown was the most terrifying!

Mike snorted coldly, “Those who don’t want to die, stand up and line up outside the door!”

When the group of kidnapers heard that there was hope, they gritted their teeth and endured the pain as they stood up.

They shouldn’t be called kidnapers now.

In the hands of the two mercenary kings, they were just pitiful creatures waiting to die. However, this was human nature. Even if there was a little hope of survival, they were unwilling to give up.

All of them lined up outside as told but what awaited them was not a way out, but a dark path leading to purgatory!

As it was a logistics warehouse that had stopped operating, there were many tools left behind.

Aiden used iron chains to divide the four vans into two groups and connected them from the front to the back.

The kidnapers, who were at a loss, did not dare to resist because of extreme panic or because they had a strong desire to survive and were unwilling to resist. They were tied around the van with ropes.

Perhaps they mistakenly thought that Mike and Aiden were doing this because they were afraid that they would escape. However, they did not know that fear was the real attack!

“Mike, after so many years, I really want to know if your driving skills have regressed!”

“Heh... Back then, you often lost to me!”

“That may not be true now!”

“Then let’s compete!”

“The destination is that mountain!”

Aiden and Mike got into the leading van and started the car!

The moment they heard the buzzing sound of the engine, all the kidnapers felt an inexplicable fear!

“You... What are you doing?”

“Damn it!”

“NO NO NO NO!!!”

“People will die!”

“You said you would let us go!”

“...”

Andy and the others shouted in fear, but the car was not in their hands. In an instant, the van that was originally used to transport goods turned into a racing car.

The empty suburban road was Mike and Aiden’s race track!

The two cars sped side by side, neither willing to give way to the other!

“Ah...”

“Bang bang...”

However, there were continuous screams coming from outside the car!

Those people...

Even if he ran with all his might, how could he keep up with the speed of the car?

Therefore, the moment the car started moving, they fell to the ground and were forced to drag forward.

The van was in the hands of the two mercenary kings, and they were even turning left and right. They were even bidding farewell to each other. No one was willing to lose to the other.

This was a battle between brothers and along with that was a pool of blood left on the ground.

At this moment, the garden villa, at the Emperor, it was pitch black!

It was as if there was no one there!

Oliver Walker was extremely nervous when he saw this. After stopping the car, he rushed into the villa with his daughter in his arms and shouted, "Honey! Honey, where are you?"

He was afraid!

He was really afraid that Emilia would take things too hard and do something stupid that he did not dare to think about! This wasn't just a random thought. Olivia Walker was everything to Emilia!

"Mom!"

Chapter 646 A Place Called Home

"Mommy, I'm back! Where are you?"

"Olivia!" When the lights were turned on, the haggard Emilia stood up immediately. "Olivia!"

However, because she had not eaten for the entire day, coupled with her haggard mental state, she felt a wave of dizziness the moment she stood up. She almost fell to the ground.

"Mommy... I miss you so much!"

Olivia Walker broke free from her father's embrace and ran into her mother's arms!

"Let me take a look. Are you hurt?"

"Mommy, I'm not injured. Daddy is very powerful!"

“Olivia!”

Emilia cried. After the extreme panic, she suddenly cried tears of joy!

Oliver Walker was also relieved. As long as his wife was fine, everything would be fine! After seeing this, he did not say anything else.

The relationship between a daughter and her mother was not something that anyone could compare to. Perhaps she was too tired, so Olivia Walker quickly fell asleep in Emilia’s arms.

“Hubby! Thank you!”

Emilia’s beautiful eyes were filled with gratitude. If it weren’t for Oliver Walker, she really didn’t know what to do.

Ever since her husband returned, her life had been full of surprises! It was unlike before, when there were surprises and dangers!

“Aren’t we a little distant from each other when we talk about these things?”

Oliver Walker smiled bitterly. “Do you know how anxious I was when I couldn’t get through your phone?”

To him, family was everything! No matter who dared to make a move, they would definitely be severely punished!

“That’s true!”

“Anyway, I...” Emilia smiled sweetly. I love you...”

The sudden confession stunned Oliver Walker. He thought he had misheard and was dumbfounded.

After being stunned for a long time, he said, "You... What did you just say?"

"Forget it if you didn't hear me!" Emilia hugged her daughter and pouted.

As soon as she finished speaking, she rushed into the bedroom! Such a confession was already awkward for her, who had always been reserved!

Her husband was usually very smart, so why did he act like a fool at the critical moment?

Oliver Walker quickly caught up with her. "Honey, what did you promise me the day before yesterday? Does it still count?"

He had always been thinking about it!

It wasn't that he was being silly, but he really didn't expect his wife to suddenly say that!

"I promised you the day before yesterday. That was last night! Tonight doesn't count. We'll see how you perform in the future! I'll see if you dare to act again!" Emilia smiled as if she was punishing him.

"Honey, I'm not pretending!" Oliver Walker hurriedly explained. I really didn't hear anything just now, I swear to God!"

What injustice!

What a great injustice!

Seeing her husband's anxious look, Emilia could not help but explain, "Our daughter is here. Wait... Next time!"

She only wanted to spend time with her daughter. As for other things, they should not have happened now.

“Phew...”

Oliver Walker heaved a sigh of relief, but was his daughter really his father’s ‘little lover’ in his previous life?

She was clearly here to fight for favor!

However, his wife’s decision was undoubtedly correct. So, he was willing to wait!

The next morning, the first thing Emilia said when she woke up was, “Hubby, we should go over to the hospital to visit Lily Jones. She has always taken good care of Olivia. This time, she even got injured because of Olivia. I... I feel bad.”

If she wasn’t too busy with work, she would definitely go there personally. However, even if she let her husband go first, she would still go when she had time.

They had to repay this kindness. They couldn’t be ingrates!

“Yes!”

Oliver Walker had this plan in mind. All along, they had neglected this responsible teacher. She did not give up until the very end and had tried her best to be responsible towards her students.

It was hard not to respect such a teacher!

Chapter 647 Freddy Martin Paying Them A Visit

At the same time, Freddy Martin, who was in the mountaintop villa, was still trembling after a night of fear! No one could guarantee that Oliver Walker would not turn around and attack again!

If there was a next time, would he still be alive?

“Who do you think he is?”

Freddy Martin was smoking a cigar, frowning in worry. He no longer looked like a boss.

Oliver Walker was definitely not an ordinary person, especially Mike, Aiden, George Lee, and the other eleven people. All of them were extraordinary.

Even the most elite subordinates of the Black Dragon Sect were no different from trash compared to these people.

“I don’t dare to speculate on Mr. Martin’s intentions!”

Payton Adams quickly lowered his head. “But I’ll be bold to say this. They’re definitely up to something by appearing in the State of Colorado. I... We might be targeted!”

Although only 13 of Oliver Walker’s subordinates had come out, the Black Dragon Sect was like a country bumpkin compared to them.

That’s right! They were like the kind who had never seen the world and always thought that they were very strong!

In the end, the moment he appeared, they were asking for humiliation!

“Gulp...” Freddy Martin rubbed his temples and gulped. “You mean...”

It was indeed worth pondering! Why did these people come?

“Mr. Martin, I... I’m just spouting nonsense!”

Payton Adams ‘words had already hinted at it clearly, but the rules of the underworld were like that. They definitely couldn’t be overstepped.

Otherwise, Andy, who was hanging on the roof of the villa and had just died in the morning, was the best example.

“No, no, no...”

“Yes!” Freddy Martin waved his hands like a frightened bird. “You’re right. I plan to surrender!”

Although he was very unwilling, but... Was there any other way?

When faced with a power that they could not resist, they would either submit or die!

There was no other choice! Payton Adams lowered his head, unwilling to speak.

There were some things Freddy Martin could say, but he absolutely could not!

“Hurry up and prepare the car. I need to get to the Heavenly Sect Pharmaceuticals to apologize and beg Mr. Walker for forgiveness!”

After thinking about this, Freddy Martin did not want to delay at all. He was afraid that a long delay would lead to trouble!

Taking the initiative to surrender was definitely different from being passively surrendered. After surrendering, even if Oliver Walker asked him to leave the Black Dragon Sect, it would be a relief. At least he could live.

But...

If he were to come again, the situation would not be so simple!

At Heavenly Sect Pharmaceuticals

There were not many employees at the moment, but all of them were working at full capacity. They were willing to work overtime to help the company tide over the difficulties.

Soon, Freddy Martin arrived at the front desk of the company!

“Mr... Mr. Martin!”

The young lady at the front desk was shocked and her entire body was trembling. “I... I’m just a part-time worker...”

Freddy Martin!

Who didn’t know that this man was Andy’s boss? Andy alone could make Heavenly Sect Pharmaceuticals end up in devastation, let alone the Big Boss.

“Uh...”

Freddy Martin was caught off guard. He rubbed his hands nervously. “That little girl, don’t be afraid. I’m not a bad person. I... I’m here to visit Ms. Davis and Mr. Walker. Please inform them.”

Freddy Martin’s words stunned all the staff of Heavenly Sect Pharmaceuticals!

How... Why did the Underground Emperor start to be polite?

This wasn’t Freddy Martin’s style! Just looking at his subordinate Andy was enough to make him look ferocious, let alone this boss who had retired behind the scenes.

“Alright... Alright...”

The receptionist called the chairman’s secretary and said in a trembling voice, “Miss... Mr. Martin is here to visit Mr. Davis.”

“Andy’s boss!”

Sarah Lee immediately ran to the office and reported, “Ms. Davis, Freddy Martin is here!”

“Let him in!” Emilia frowned.

She didn’t know what Freddy Martin wanted...

Chapter 648 Visiting Lily Jones

Rejecting them outside the door was not a solution. It would only make the impact worse.

She also believed that the person her husband had found!

Mike and Aiden were silent at the door. Perhaps Freddy Martin was here for revenge?

No! He shouldn’t have the guts!

However, no matter what he was here for, as long as he dared to cause trouble, he would be killed immediately!

To them, killing people was just a common occurrence!

“I... I’m here to apologize to Ms. Davis. Please make an exception!”

Freddy Martin, who had just come up, saw the two expressionless killing gods. In an instant, his attitude became extremely humble.

Although he was of the 'Lord' in the underworld and had tens of thousands of underlings, he was still a young man.

However, in front of these two, he was a nobody!

"Alright!"

Mike could not be bothered to speak at all. He just nodded. With them around, even if Freddy Martin wanted to play tricks, he wouldn't have the guts!

"Thank you, thank you!"

Freddy Martin bowed repeatedly. He didn't want to stay outside for a moment longer and slipped straight into the office.

That was because the pressure that those two people gave him was not just ordinary!

"Mr. Martin, why are you here?"

Out of politeness, Emilia also stood up, but her tone was not as good.

After all, the crisis the company was facing now was all caused by Freddy Martin. Even the kidnapping of his daughter was done by Freddy Martin's men.

To make her treat the enemy kindly?

That would be impossible!

“Mr. Davis, I’m here to apologize!”

Since Freddy Martin was here, he had already put down all his dignity. He cupped his fists and said, “It’s my fault for being insensible. I’ve done so many things that I regret. I have sinned, and I am willing to accept all punishment!”

He lowered his head and bent over! This was undoubtedly the smartest choice!

“Apologize to me?”

Emilia’s pretty face was slightly stunned. She did not expect this to be an unprecedented miracle.

The Underworld Lord who had dominated the underground world for decades actually came to apologize to her?

This... Why did it feel like a dream?

“Yes! I’m willing to bear all of Heavenly Sect Pharmaceutical’s losses,” Freddy Martin said. “I really didn’t know about the kidnapping of your daughter, but that doesn’t absolve me of my crimes!”

“Are you here to apologize to my husband?” Emilia’s expression slowly returned to normal.

“I know my limits. I don’t think I have the power to make you apologize in person!”

It seemed that her husband had made a move!

Otherwise, Freddy Martin wouldn’t be so humble!

“This...”

Freddy Martin’s kind face was filled with embarrassment, “You and Mr. Walker are the people I want to apologize to. Please forgive me. I wonder if Mr. Walker, he...”

He went to the hospital to visit the teacher who was seriously injured by you,” Emilia spoke coldly.

“If you really have the sincerity to apologize, I think you should go to the hospital to repent!”

Olivia did not suffer any substantial damage, but Lily Jones had been stabbed. She was also one of the biggest victim!

“It’s my duty, I... I’ll go now!”

Freddy Martin immediately turned around, but he turned back and said,” I hope Ms Davis can make a list so that I can compensate you one by one!”

“I will!” Emilia nodded.

Doctor Davis had suffered a great loss, but she was not someone who would demand an exorbitant price.

Freddy Martin was just an honest businessman, so it was within his responsibility to compensate according to the price. There was nothing to be unreasonable about.

The First People’s Hospital of Colorado!

Lily Jones was still in the ward. Although her vitals were not injured, the knife wound was still very serious.

Her face was pale and her body was weak. Even so, she was still worried about Olivia Walker's safety.

She even blamed himself for not protecting his students well...

Chapter 649 Mirroring Herself with Olivia Walker

"How's Lily Jones's injury?"

The moment Oliver Walker arrived at the First Hospital, James Frost led a group of hospital leaders out to welcome him.

After all, he was the master of the Chinese Medical Sage, and he was also the honorary director that their hospital wanted to recruit.

However, Oliver Walker had rejected them.

"The knife wound goes from the left collarbone to the upper part of the chest. The deepest part is close to two centimeters. You can already see the collarbone."

"There's no problem with the rest, but..."

"It will definitely leave a scar."

"I wonder if the facial mask from the Heavenly Sect Pharmaceuticals can cure it," James Floss replied hurriedly.

"After all, this is the cheapest and most effective solution. If we do a skin transplant, there will still be a scar on the other side."

This was no longer something plastic surgery could do. However, the cost of skin transplantation was relatively expensive. However, under normal circumstances, this method of robbing Peter to pay Paul would only be used when the face was injured.

“Face masks won’t do! It’s impossible to heal such a deep wound!” Oliver Walker said after hearing about the injury.

“I’ll go take a look!”

Some things would never be known unless they were present.

At the same time, a woman arrived at the ward first!

“Mom! Why are you here?” Lily Jones asked with a frown.

The exquisitely dressed woman in her forties was Lily Jones ‘mother, Mary.

“Cut the crap. Haven’t you transferred this month’s money to my card yet?” he said fiercely.

Lily Jones frowned. “I’m hurt. You... Don’t you care? Are you still my mother?”

Why did she favor Olivia Walker?

Actually, they were really very similar!

She was also a child from a single-parent family, but with her mother, she would only spend time outside. As long as she received money every month, she would not ask about her life or death.

In the past, she could still tolerate it, but this time, she felt extremely wronged. She was injured and lying on the hospital bed!

Her mother did not come here to check on her! She was only here for money!

“Aren’t you still alive? Besides, the school has already paid for your insurance,” Mary said nonchalantly.

“Plus, you got into trouble in school. The school has to take responsibility. The compensation can’t be less. When will you get the money? I’m still waiting to repay the loan sharks!”

Her cold tone and expression made Lily Jones ‘tears drip down her cheeks. “Mom, it’s not easy for me to earn money. Can you understand how I feel?”

“Don’t gamble anymore, okay? I beg you!”

Lily Jones was extremely agitated! It was simply difficult to control. That feeling was mixed with all kinds of feelings!

In fact, she sympathized with Olivia Walker because Olivia Walker was exactly like her!

But now, she was envious! At least Olivia Walker had a father who loved her very much!

As for her? There was nothing!

The kind that had nothing!

Humans were emotional creatures!

There would always be a time when she would collapse, especially now. The pain and unwillingness that had been suppressed in her heart all erupted!

“Heh... You wretched girl, you’re lecturing me? I shouldn’t have given birth to you back then. You don’t deserve to live!” Mary rebuked angrily.

“Hurry up and get the money. Stop talking nonsense here!”

To her, her daughter was a mobile ATM. Other than that, she had no other use.

“But how much debt do I have to pay for you?” Lily Jones bit her red lips with tears in her eyes.

“From 10,000 back then to 30,000 now. Why do you always have a loan shark that you can’t pay off?! My salary really isn’t much!”

Lily Jones had always told herself to be strong!

Chapter 650 Lily Jones’s Story

As long as she could survive, she would be able to see the rainbow after the rain. However, a person’s endurance was completely limited. She could not withstand such a blow at all!

The loan sharks that her mother owed were bottomless. With her current salary, it was impossible for her to pay them off.

She had also thought that her mother would wake up one day and completely quit gambling, but she had never thought that her mother would sink deeper and deeper.

“Mind your own business!”

Mary was furious. There was no pity in her eyes. Instead, she went forward and rummaged through Lily Jones’s bag. Then, she put all the bank cards in her hand!

Lily Jones looked on and stopped struggling! This was because it was powerless to struggle! That kind of pain was indescribable. She could only let her tears wet her entire face and even bite her red lips!

“Wretched girl, listen up. After the compensation is paid, don’t make me open my mouth! Also, I’ve arranged a blind date for you. If you refuse again, I’ll beat you to death!” Mary scolded.

“Why don’t you ask around? Toby Walker is worth millions. Is he not worthy of you?”

The most infuriating part was the matchmaking.

There were many rich second-generation heirs or rich people who wanted to get to know Lily Jones and propose a relationship. They also promised to give her a large betrothal gift as soon as they got married.

But what about Lily Jones?

She would always play all kinds of tricks to persuade others to retreat!

How could she tolerate the fact that she could never see the betrothal money?

This... she really couldn't tolerate it!

"I have a boyfriend!"

Lily Jones, who had been silent for a long time, finally exploded.

"Haven't I paid you back enough all these years? I've been studying and working since high school. Have you considered my feelings?"

Boyfriend?

She had a strong sense of inferiority. Although she had many suitors, she never dared to agree or even think about it because of her family.

She was only saying this to deceive her mother!

'Slap!'

But the next moment, Mariam raised her hand and slapped Lily Jones on the side of her face.

“Ah...”

Such a sudden move made Lily Jones, who had yet to recover from her injuries, grunt.

“If you dare to find a pauper to take revenge on me, I’ll definitely destroy your family! Humph!”

Mariam instantly turned around and prepared to leave.

But at this moment, the door opened, and the tonic Chinese medicine that Oliver Walker had personally prepared blocked the way. However, he did not know what had happened.

When he saw Mariam, his first reaction was that she must be Lily Jones’s relative. He quickly smiled and said, “Hello, Auntie!”

He was very respectful towards Lily Jones. Perhaps it was because they were both teachers!

The only difference was that Lily Jones was a kindergarten teacher, while he was the teacher of a country!

Therefore, he naturally wouldn’t be careless with his family!

“Auntie?”

Mariam narrowed her eyes and sized him up. Then, she commented, “You’re dressed decently. You don’t look like a poor kid. You’re my daughter’s boyfriend, right?”

Oliver Walker was indeed well-dressed. He was in a suit and looked handsome, so he gave off the first impression that he was really a rich young master.

Boyfriend? What the hell?

He was dumbfounded and was about to explain...

“He’s not!” Lily Jones said with tears in her eyes.

Actually, she had never been in a relationship before! Because she didn’t dare to ask for more!

“You still dare to say no? Don’t think I don’t know,” Mariam said. “You don’t have any friends. If he’s not your boyfriend, who else can he be?”

“But he really isn’t. He’s my...” Lily Jones explained while crying.

However, Mariam did not care. She directly ordered in a high and mighty manner, “Kid, it’s not that easy to make friends with my daughter! You still have to go through me. If you don’t meet my expectations, I’ll let her go on a blind date tonight! Don’t blame me for being ruthless and breaking up the couple!”
