

## **Chaplain 651**

### Chapter 651 Revealing Her Scars

Hearing this, Oliver Walker finally understood something.

The woman in front of him was Lily Jones's mother. She had forced her to go on a blind date, but Lily Jones refused and said that she had a boyfriend.

The conflict between the mother and daughter should be here but he really wasn't her boyfriend!

Could it be...

Did Lily Jones lie to her mother on purpose because she didn't want to go on a blind date?

However, there was nothing he could do about it. He smiled and explained, "Auntie, I'm really not. But if you need money, I can give it to you."

How could he know the real conflict between Lily Jones and Mariam? How could one judge a person's true character with just a few sentences?

Therefore, it was normal for misunderstandings to occur.

However, if they were short of money, he could indeed give it to her because he never lacked money.

Whether it was Lily Jones, who had fought in the front line and had not returned for a few years, taking care of her daughter, or getting injured because of her daughter, he was worthy of gratitude.

"Money? That's easy!"

Mariam's tone softened a lot, but it was still tough." Give me 100,000 yuan first. Otherwise, I won't be able to pay off the debt!"

"Mom, what are you doing?!" Lily Jones panicked.

She had always been afraid that others would find out about her family.

And Oliver Walker was the parent of a student. How could she ask for money?

What kind of person did she take her for?

"I'm fine!"

Oliver Walker smiled. He quickly took out a check and said, "Auntie, I'll give you 200,000 yuan. Just repay the debts first."

Mariam's eyes were wide open. She wanted 100,000 yuan, but she directly gave 200,000 yuan! She had never heard of such a big deal before!

Could it be that Lily Jones had really hooked up with a super rich second-generation heir? No wonder she was unwilling to go on a blind date!

In an instant, a smile appeared on Mariam's face.

"Good! Excellent, this is the best!"

After taking the check, she turned around and said kindly, "My dear, recuperate well. I'll come and see you next time!"

After saying that, she greeted Oliver Walker and left happily!

“Mmmm...”

However, Lily Jones was not happy at all. After being wronged, she buried her head in her tears. Was this considered accepting bribes?

But...

“Teacher Lily, I’m really sorry. Because of Olivia, you’ve been implicated! This is a small token of my appreciation,” Oliver Walker quickly said.

He had personally concocted tonics.

It was much more effective than having an IV drip here.

Lily Jones’ face was pale and she was clearly very weak.

“Leave! Get lost!”

“Who wants your stinking money?” Lily Jones broke down. “Who told you to give her money? I will return this money to you!”

Oliver Walker gave Mary 200,000 yuan, making her, who had always had a clear conscience, a sinner.

However, with her current salary, how long would it take? Even if she had resigned and went to a noble primary school to be a teacher, but...

It would only pay 10,000 a month!

In other words, even if she didn’t eat or drink, she would still need a year to pay off her debt, and that was under the condition that Mary didn’t owe any new debts.

Instantly... The pressure was overwhelming!

Oliver Walker frowned. "I'm not short of money." He quickly said, "Compared to what you've done for Olivia, this money is really insignificant. If you have any difficulties, you can tell me at any time."

Gradually, Oliver Walker realized that something was wrong.

It seemed... Things were not what he had imagined!

This 200,000 had become the weapon that pierced through Lily Jones' last trace of dignity!

Lily Jones did not speak either! Because she didn't know what to say!

That kind of pain, trapped in her heart, was simply...

There was no place to vent!

"Uh..."

Chapter 652 Lily Jones's Childhood

Oliver Walker stayed for more than ten minutes. He frowned. "Miss Lily, I'm a doctor. I heard from the hospital that your injury is a little troublesome. Can I treat it for you?"

What James Frost said was definitely true!

There were injuries on her left collarbone and above her chest. It was definitely not easy to heal, especially since the wound was quite deep. However, this was not a big problem for Oliver Walker.

"No need! No need! I really don't need anything! Go! Leave quickly, leave me alone!"

Lily Jones's emotions were indeed on the verge of collapse.

She had always been docile and could not fight back when she was hit or scolded, but...

There was a limit!

Seeing this, Oliver Walker frowned. How could he be at ease if he left like this?

At the very least, he had to wait for Lily Jones to calm down, right?

"If you're unhappy, you can tell me. If you keep it in your heart, it'll be hard for you to handle it alone.

In fact, to Oliver Walker, owing anything was fine, but owing a favor made him feel uncomfortable.

He was always thinking about solving the problem, and Lily Jones clearly had something to hide. If he pretended not to know and left just like that, what if something happened?

"She's a gambler, you know? I've been supporting myself since high school. When I reached university, I helped her pay off her gambling debts! You know what?

"When I was in school, the hooligans who wanted to collect debts blocked my school gate and pulled up banners, making it difficult for me to live! Did you know about that?!

"When I was sleeping at night, the window was smashed, and countless glass bottles were thrown in through the gap! Will you ever understand that feeling?"

"And..."

Lily Jones sobbed in pain. She had buried these things in her heart for too long. If she didn't tell them now, she would become a lunatic.

Oliver Walker's frown deepened...

He had never expected that the person he had just helped was that kind of person!

Although it was just a verbal description, but...

He could also clearly feel Lily Jones's situation!

"You think you've repaid her debt, but let me tell you, in less than half a day, she'll come looking for you again!"

Lily Jones bit her red lips. Her tearful eyes flashed with heartbreaking helplessness. "You've been targeted by her. She even wants to sell me to pay off the debt!"

Oliver Walker fell silent...

In the ward, only Lily Jones's crying could be heard!

Looking at her heartbreaking appearance, Oliver Walker wanted to go forward and comfort her, but he had no way to open his mouth!

He did not know how to comfort people!

As for Lily Jones, she looked very obedient and docile. She was the type of girl next door, giving people a natural sense of intimacy. He wanted to give her the best care!

The ward fell into dead silence again! Neither of them knew what to say!

Lily Jones was afraid of being laughed at, but Oliver Walker did not know how to comfort her!

“I’d better treat your injuries!”

Oliver Walker’s tone was very heavy because he did not say anything else. However, he would not forget the main purpose of his visit today!

Lily Jones was stunned, and her mind was filled with Mary.

At the same time, as Lily Jones had expected, Mariam once again lost all the 200,000 that she had just received.

They were surrounded by a group of people in black! Gambling was a path of no return!

No matter how much she owed, she still wanted to recoup her losses! Even if he only had a single cent on hand, he would throw it in without hesitation.

“Hey! It’s time to settle the debt!”

The leader was called Andy. He was burly and fierce. “The interest for this period is 58,000! Including the principal, you have to pay a total of 100,000 yuan!”

“Boss, I...” Mariam’s face was filled with a humble smile. I don’t have money. Can you give me another two days?”

As soon as he said that, the security guard in the casino smiled maliciously.

“Do you know whose place this is? Is the debt of the Black Dragon Sect something you can owe just because you want to? Hurry up and return the money!”

Chapter 653 I Can Pay!!!

“It’s not that I don’t want to help you, but there are rules in the underworld!” Jack grinned.

“If you were a little younger, it wouldn’t be impossible for you to repay your debts with your body! But you’re old. Tell me, which hand should I chop off today?”

According to the rules of the venue, it was fine to be late, but the price was too high! Chopping off a hand could extend the time by a week!

If it was late, then...

“Jack, I...” Mariam’s face was pale, but she quickly said, “Jack, I... I won’t postpone it, but... But if you accompany me to the hospital, I promise to give you the money!”

She couldn’t afford it but wasn’t there still a sucker?

Thinking of Oliver Walker’s generosity, it would not be a problem for him to repay her another 100,000 yuan.

“Fine, that’s possible but do you know what will happen if you dare to lie to me?”

‘Clang...’

As soon as he finished speaking, Jack’s expression suddenly darkened. He stabbed the dagger in his hand into the table.

He was one of Freddy Martin’s Eight Great Warriors! Naturally, he was not a good person!

“Ah...”

Mariam was so scared that her entire body was trembling. I... I don’t dare... I wouldn’t dare...”

“Let’s go!” Jack signaled with his eyes.

As soon as she finished speaking, Mariam was escorted into a car by two of her subordinates!

He sped toward the First Hospital!

Meanwhile, in the ward, Oliver Walker did not show any discomfort when he saw the shocking wound. He had seen bloodier things than this! However, such a knife wound on a girl’s body was indeed heartbreaking!

“Unbutton another button!”

Oliver Walker quickly said after applying the Chinese medicine on Lily Jones ‘left collarbone.

“No, no, no. Don’t...”

Lily Jones bit her red lips and shook her head repeatedly. If she undid another one, it would be there!

She would never agree! After all...

“Forget that I’m a man. You just need to remember that I’m a doctor!”

Oliver Walker’s expression was quite indifferent, and he did not have the slightest intention of taking advantage of him. It was normal for a sick person to avoid treatment.

Medicine was sacred, not dirty!

“But...”

Lily Jones 'face was already red. She lowered her head. "Put the medicine down. I can do it myself!"

She was also a university student. Naturally, she knew that a sick person should not avoid treatment, but... Psychologically, it was hard to accept!

"Do you know how to dredge the blood vessels? The wound is too deep," Oliver Walker said helplessly. "It won't be effective if we rely on the medicine alone."

"I'm not as..."

There were some things that needed to be said in consideration of the patient's feelings.

However, what had the Heavenly Doctor Sect been researching?

Isn't it just a human body?

Men and women were different. It wasn't like he hadn't seen it before. Otherwise, he wouldn't have such high medical skills.

When he was young, he followed his master to travel the north and south of the Yangtze River. Every time his master went to a place, he would set up a free clinic and treat his illness for free.

The men and women she met were all different, and there were even more awkward places than this.

What bad intentions could he have?

Besides, Lily Jones's situation was not that bad! It was only on her chest! It was indeed nothing!

"I..."

Lily Jones knew that her injury was not life-threatening, but it would definitely leave a long scar on her body. She was already very self-abased and if she had another scar on her....

Sick people shouldn't avoid doctors!

After thinking about this, she could only close his eyes and unravel a little.

However, she never expected that Oliver Walker's hand would really be massaging her. It was as if a warm current was bursting out of her wound.

"Uh..."

The instant of comfort made her frown and make a coquettish sound. She wished she could find a hole to hide in.

She regretted it but...

Chapter 654 He's My Son-In-Law!

It seemed like it was too late to stop him!

'Sick people don't avoid doctors!'

'Sick people don't avoid doctors!'

She could only chant in her heart.

That inch of skin was as smooth as snow, but there was no distracting thought in Oliver Walker's eyes.

After a few minutes, he said, "Alright! After a day, just wash off the Chinese medicine and you'll be cured!"

Lily Jones did not say anything and just buttoned her shirt silently. Oliver Walker also packed up and prepared to get up.

But at this moment...

With a loud bang, the door of the ward was kicked open.

Oliver Walker instantly turned around, and Lily Jones was like a little girl who had secretly eaten forbidden fruit. She became anxious after being discovered, especially when she saw Mariam with a group of strange men. Her face turned pale and she quickly clenched the blanket!

“HAH! And you said he’s not your boyfriend!”

Mariam smiled darkly. “You’re doing it even in broad daylight!”

This self-righteous look gave off a sense of déjà vu as if he had caught an adulterer in bed. As for Jack and the others, they had evil smiles on their faces. It was obvious that they were thinking the wrong thing.

However, with this posture and reaction, it was difficult to not think about it!

“Everyone, what’s the matter?”

After knowing Mariam’s character, Oliver Walker became less polite, especially the dozen or so men around her, who confirmed Lily Jones’s words.

“I’m fine! You must pay for what you did to my daughter!” Mariam said coldly.

“Give me five million, or don’t even think about walking out of this door today!”

Her expression was cold!

It was also because of Oliver Walker's generous offer earlier. He had asked for a huge sum of five million! Of course, Jack was the source of her confidence!

"I do have money but are you worthy of it?" Oliver Walker asked indifferently.

"Are you worthy of being a mother? She is your daughter, not your slave!"

What happened to Lily Jones was a sad story.

Mariam dared to be so domineering because Lily Jones's personality was too docile.

Or rather...

Since young, Mariam had deliberately nurtured him into this kind of personality. That was why he did not know how to resist after encountering such a situation.

"Brat! Do you know who you're talking to?"

The furious Mariam came up and was about to wave her hand at Oliver Walker's face. However, Oliver Walker had never been used to such pestering people! He waved his hand to block it!

"Ah..."

The aggressive Mariam's slap seemed to have hit an indestructible piece of steel. Her face cramped in pain and she let out a miserable cry!

"I don't care what you want to do but there is nothing between Lily Jones and me. No one can slander me! Get lost!" Oliver Walker shouted.

He really didn't do anything. Why couldn't he feel at ease?

As a doctor, was it shameful to just do what a doctor should do?

No!

This was a sacred doctor-patient relationship, not a relationship between a man and a woman!

"You... Rebel!"

"Jack!" Mariam shouted angrily. "You don't have to give me face! Just teach him a lesson!"

She thought that Jack would help her deal with Oliver Walker for the interest, but she never expected...

"Take her out!" Jack glared at her coldly. If they couldn't collect the interest and principal, they would deal with the woman however they wanted.

Who would care what Mariam did?

"Jack, he's my son-in-law. He's rich, he's really super rich..." Mariam was brought out of the door by a member of the Black Dragon Sect, but she was still shouting loudly and unwilling to stay put.

Jack narrowed his small but ferocious eyes. "Boy, you are very arrogant!"

"Do you know who I am? There are people who dare to tell me to scram in the state of Colorado, but it's obviously not you! Apologize! Kneel down and beg for forgiveness!"

Chapter 655 We're The Black Dragon Sect

In order to put pressure on Jack, the Black Dragon Sect members behind him also took a step forward! He revealed a ferocious appearance!

“Apologize?”

Oliver Walker raised his leg and kicked Jack in the stomach!

“Ah...”

The moment Jack felt the pain, he instantly knelt on the ground with an extremely painful expression.

“F\*ck!”

“This little bastard dared to hit Jack!”

“Kill him!”

“...”

As soon as they finished speaking, most of the fools rushed.

Oliver Walker picked up Jack, who was kneeling on the ground, and threw him out of the door. “You dare to disturb her peace? You’re going against me!”

At the same time, a few Black Dragon Sect members also rushed forward!

Oliver Walker’s fist was fast. In less than ten seconds, more than a dozen people were sent flying out of the door. As for the person outside, after seeing that his boss had suffered a loss, he also rushed forward like a moth trying to put out the flame. However, it was difficult for him to escape the fate of being hit to the ground and losing his ability to fight.

Seeing this, Mariam's face turned green. However, she quickly took the opportunity to escape from the scene! Similarly, how could the Black Dragon Sect care about Mariam who was fleeing?

"Motherf\*cker!"

Jack's face darkened. He threatened with a ferocious expression. "You're done for, kid. I'm the Eight Great Guardian Warriors of the Black Dragon Sect!"

Hearing the commotion, Lily Jones did not care about her shyness and ran out. In fact, after Oliver Walker's treatment, the wound miraculously stopped hurting.

However, the treatment method was difficult to describe in words.

"Mr. Walker, he...They..."

Lily Jones, who was feeling uneasy, naturally knew what kind of demons these people in front of her were because of Mariam.

It was them who tortured her until she was uneasy! It had also left an indelible shadow in her heart.

At this moment, Oliver Walker had offended these people for her, which made her feel really bad.

"Hahaha... Kid, you're quite good at fighting! But I don't believe that you can stay by her side twenty-four hours a day. There must be times when you're careless, right?"

Jack was not afraid at all. On the contrary, Jack continued to provoke Oliver Walker.

Before he could finish his sentence, Oliver Walker kicked Jack ten meters away again. "Even Freddy Martin doesn't dare to talk to me like that. You're just a small fry. Who gave you the guts?"

In an instant, everyone was shocked!

Crazy! This kid was mad!

Mr. Martin had indeed suffered a lot in the hands of a force recently. Even Jack, one of the eight Guardian Warriors, had paid the price with his life because of this matter!

But... Even so, Mr. Martin was not someone that could be slandered by any Tom, Dick, or Harry!

“Don’t be afraid, I’m here!”

Oliver Walker said indifferently. “A few rotten fish and shrimps can’t cause any trouble!”

“But they...” Lily Jones frowned.

At this moment, at the end of the corridor, two people walked out of the elevator and toward them!

“Mr. Martin!”

“Mr. Martin, why are you here?”

“Damn it, no matter what, this kid is in trouble!”

“...”

The Black Dragon Sect members who were beaten up were furious and were waiting to vent their anger!

“Why are you guys here?”

Freddy Martin’s heart thumped when he saw the scene before him, and his expression became terrified.

Could it be that his subordinates were here to provoke Oliver Walker again?

“Mr. Martin! I’ve embarrassed you, but this kid doesn’t put you in his eyes!”

“I’m really...” Jack said furiously.

However, before he could finish his sentence, Freddy Martin’s expression was extremely ugly. He went up and slapped him. “Shut your dog mouth!” he shouted angrily.

Jack, who was being beaten up, was dumbfounded!

The underlings also started panicking!

This kid...

Chapter 656 Close The Casinos?!

It couldn’t be...That person?

Thinking of this possibility, a chill rose from the depths of his soul!

“Mr. Walker, it’s all my fault!”

Freddy Martin bowed and apologized in fear and trepidation.

This scene not only stunned Jack, but also shocked Lily Jones!

According to her knowledge, Freddy Martin was someone she didn’t even deserve to come into contact with. Now, he was actually so respectful to Oliver Walker!

“Don’t talk nonsense, just tell me why you’re here!”

Oliver Walker’s tone was cold. He was getting more and more dissatisfied with Freddy Martin.

It was not because of anything offensive, but because of gambling. How many happy families had been destroyed.

Some things must not be touched. Once touched, it was impossible to retreat!

“I... I’m here to apologize to Miss Jones!”

Freddy Martin shuddered and then made a gesture that no one could understand. He knelt on the ground.

Even if it was an apology, with his status in the martial arts world, there was no need for him to be so humble, right? However, the more this was the case, the more panicked Jack and the others were!

Lily Jones, on the other hand, immediately dodged to the side. She could not stand Freddy Martin’s kneeling. But the next moment, Freddy Martin stuttered, “Secondly, I’m here to surrender. I hope Mr. Walker can take over our Black Dragon Sect!”

As soon as he said this, Jack felt as if he had been electrocuted!

He had thought that the person in front of him was not someone to be trifled with, and even Mr. Martin had to give in to him.

But now... How was this considered giving in?

Freddy Martin was clearly begging for a way out!

“I don’t accept any trash! Go back and discipline your men,” Oliver Walker said coldly. “Show me your sincerity and cancel all the black casinos under the Black Dragon Sect!”

He didn’t want to take over the Black Dragon Sect because he could suppress it!

However, after experiencing the typical incident of Mary, it was clear that if he wanted to rectify it, he had to deal with it from the root. Otherwise, it would be useless!

Thinking about it carefully, wasn’t his father-in-law also ruined by the word ‘gambling’?

Gambling was harmful to people, and whether it was Isaac Davis or Mariam, they were just the tip of the iceberg in this society.

Who knew how many people had lost their families because of gambling!

Lily Jones looked at the man beside her. She had an indescribable feeling.

He was clearly a meritorious minister at the front line of the Indian State. Why was he involved with these people?

He was a bad person, but... He also wanted to cut off the black casino under the Black Dragon Sect that had caused her a lot of trouble!

So, was the man beside her a good person or a bad person?

“Mr Walker... Mr. Walker...”

Freddy Martin’s brows instantly furrowed. The black gambling den was the Black Dragon Sect’s biggest source of income!

Once they were all revoked, then...

“Is there a problem? If there is, please do as you please, Black Dragon Sect Master!” Oliver Walker asked in a dignified manner.

It was just one sentence, but it made Freddy Martin sweat profusely.

This...

How should he answer this?

If the casino was removed, the Black Dragon Sect would face a financial crisis?

It was impossible!

Why should the big shot in front of him care about the life and death of the Black Dragon Sect?

Then, he said, “Umm... the thing is... even if we don’t do some business, it doesn’t mean that others won’t do it. Moreover...”

However, the next moment, a cold gaze shot at Freddy Martin, and he immediately swallowed all the excuses he had prepared. He gritted his teeth and made up his mind. “I promise to do it. All the casinos under the Black Dragon Sect will be canceled within a month!”

This was the only way out!

He would rather earn less than be afraid! It was because this man was too terrifying!

“One month is too long. I’ll give you three days. After you’re done, come back and surrender to me!”

Oliver Walker’s words were authoritative. This was an order, not a business that could be negotiated.

He naturally knew that there would be others who would continue to do this but what he could do was to have a clear conscience!

He was even more unwilling to see more families being torn apart! Some things had to end with him!

Chapter 657 If I don't enter hell, who will?

"Yes, sir! I promise to complete the mission!"

Freddy Martin now regarded him as his underling. He had to submit to Oliver Walker!

Otherwise, he would not be able to feel at ease!

"Go!"

Oliver Walker couldn't be bothered with these people. Even if he did recruit them, he only wanted to manage them.

He didn't want to use them for anything.

If a bad person stopped doing evil, he might not be able to become a good person.

But at least... If they stopped stirring up trouble, there would be fewer victims.

It was actually very difficult to eradicate all of them!

There would always be people who would risk their lives to do something that would give them a thousand percent or even ten thousand in return.

"Why are you still embarrassing yourself here? You're looking for trouble with Mr. Walker. I think you're just trying to light a lamp in the toilet. You're courting death!"

Freddy Martin shouted at his subordinates.

To be honest, his scalp was really numb.

If Oliver Walker blamed him, it would ruin his plan. It would not be surprising if he was killed on the spot, let alone surrender.

As for Jack and the others, how could they still dare to speak? He struggled to get up from the ground, hugged his injured area, and quickly fled the scene.

But after a long time, Lily Jones remained silent!

“Teacher Lily, what’s wrong?”

Oliver Walker asked with a gentle smile when he noticed the strange gaze. “Is there something wrong?”

“I can’t tell if you’re a good person or a bad person anymore.” Lily Jones shook her head and said with a complicated expression.

He was clearly a great hero, but he was willing to degenerate!

However, when it came to depravity, the things he did were especially difficult to understand!

“What’s the difference between a good person and a bad person?”

Oliver Walker looked at the scenery outside through the window at the end of the corridor. “In fact, sometimes I’m also very confused because I don’t know whether I’m a good person or a bad person!”

That’s right! Where was the dividing line between good and bad?

“But they’re all people from the underworld. You... How could you...”

Lily Jones found it hard to accept, but for a moment, she could not refute.

Oliver Walker turned around and said, “If I use the means of a bad person to stop bad people, am I also a bad person?”

Lily Jones shook her head!

Using violence to deal with violence had always been his principle!

Managing people is called law, and managing animals is called criminal law! He had always liked to deal with humans and beasts separately!

Lily Jones shook her head again!

Just looking at the man in front of her did not seem to make her feel afraid!

“Teacher Lily, actually, I...”

Oliver Walker hesitated for a moment, then sighed. “I’m helpless too. There’s not only day in this world, but also night. We can’t just think about how to fight in the day and forget how to use the night! Do you understand what I mean?”

What was right and what was wrong?

Actually, there was really no definition to it, but in everyone’s heart, there was a scale!

“I...”

For the first time, Lily Jones was speechless.

To say that Oliver Walker was wrong, his justification made sense but to say that he was right, it was something that normal people would find difficult to accept.

“Well, Buddha once said, if I don’t enter hell, who will?”

Oliver Walker shook his head with a smile. “If I don’t do it, someone else will but I can at least guarantee that the Black Dragon Sect’s behavior will be controlled to the greatest extent. It will no longer endanger the entire society!”

Actually, he had thought about this idea for a long time!

However, very few people came to talk about it. Perhaps Lily Jones did not understand it, or perhaps she could not understand the logic behind it, but at least he had an audience.

Chapter 658 You Have Big Plans

Perhaps sometimes, a single sentence could expose his blind spot.

“Olivia’s father, I know you’re not a bad person!”

Lily Jones bit her red lips lightly. Judging from the treatment method just now, there was clearly a chance to take advantage of her, but she did not stop.

Secondly, Oliver Walker’s eyes were pure and innocent, like an ancient well without ripples.

“Do you know what my biggest dream is?” Oliver Walker asked again.

“I’m not too sure!” Lily Jones shook her head.

She found that Oliver Walker's thinking was indeed different from that of ordinary people. Just based on what he was doing now, he could feel it clearly.

"There is no war in this world, and the people live in peace!"

Oliver Walker's eyes suddenly turned deep. "After the war in Indiana ends, our country should not face any more invasions from powerful enemies for a long time."

Because this time, he had crippled the enemy! Without eight to ten years, it would be difficult for them to catch a breath.

"Yes!"

Lily Jones nodded slightly. She suddenly realized that the man beside her looked like a monk, but he was ambitious!

"But can the people live and work in peace and contentment without war?"

"Impossible!" Oliver Walker said again. "Natural disasters, diseases, or the dark side of society will all cause a family to bear the risk of losing their wife and children. These are collectively called accidents!" I can't stop the natural disaster. I can only do my best to stop outsiders from attacking us."

After hearing everything, Lily Jones was shocked.

It was reverence!

This...

"So, Heavenly Sect Pharmaceuticals has such a good effect, but it's sold at such a low price. Aren't you only doing this to get a head start in the industry to continue expanding in the future."

Lily Jones asked the question in her heart. This was something that many people could not understand.

Including her!

“The Heavenly Sect Pharmaceuticals is just the beginning! If a company wants to do something, they must survive in the cruel competition!” I can’t promise that the future products will have zero profit, but it’s definitely worth the price. When money reaches a certain level, it’s just a concept,” Oliver Walker replied frankly. “What you want is not to earn more money but to improve your life. It’s about how to earn more money and give back to society. A capitalist and an entrepreneur are both businessmen, but they are very different. The differences between the two parties are obvious.”

The capitalists wanted to make profits to satisfy themselves! Even if it wasn’t entirely to give back to society, at least they would do a lot of meaningful things!

However, whether it was a capitalist or an entrepreneur, if they wanted to survive in the cruel business world, they had to have some means.

“I understand!”

Lily Jones nodded solemnly. “You have a big plan. I’m impressed!”

She clearly understood that she was not on the same level as Oliver Walker!

She only saw the narrow side, but Oliver Walker was a man of many talents!

“Teacher Lily, thank you for taking care of Olivia!”

“Thank you,” Oliver Walker thanked him with a smile. “If you need anything in the future, just give me a call. I’ll be around to help.”

Lily Jones shook her head. “You’re welcome. I only see myself in Olivia. She is very brave and strong. I took the step to resist injustice, I...”

When she said this, she couldn't help but smile bitterly.

Lily Jones did not know how to reject him!

Otherwise, he wouldn't have been bullied until now. Perhaps he should have learned to resist, but he couldn't break the shackles of kinship.

After all, Mariam was the most important person in her heart but Mariam only treated her as a mobile ATM!

"What are you talking about?"

At this moment, a voice came from the end of the corridor.

Oliver Walker and Lily Jones turned around at the same time and saw Emilia walking over with Olivia Walker and fruits in her hands.

They were not ungrateful people, so no matter how busy Emilia was, she would still take the time to bring her daughter to visit her teacher.

"Teacher Lily, how are you?"

Olivia Walker's face was full of worry. Her obedient appearance was lovable.

Chapter 659 The Blood Fiend Mercenary Group

"I'm fine!"

Lily Jones smiled. She was already very happy to know that Olivia was fine.

It wasn't that she hadn't thought of rebelling against life, but she was afraid to take that step.

She had watched the brave little Olivia grow stronger step by step. It made her feel as if she would one day be like this.

“Yes! You’re fine!” Olivia Walker nodded. “That’s great!”

That’s right! As long as they were all fine, it was great.

Oliver Walker, Emily, and Lily Jones were all shocked. Sometimes, the words that children said seemed to be of no standard, but they often pointed straight to the depths of their hearts.

Peace and safety were blessings, and gradually seeing them was the truth!

What was the point of asking for that?

“When will Teacher Lily be discharged? I’ve always wanted to treat you to a meal, but...” Emilia asked with a smile.

In the past, she didn’t have the conditions back then, but now, she didn’t have the time. Regardless of whether they had money or not, they were not as free as they imagined.

Today, she had indeed pushed away a lot of work to come and visit.

“She can’t for the time being!”

Oliver Walker shook his head. “The wound hasn’t healed yet. We won’t move it. Let’s wait for another time.”

He was a doctor, so he naturally had to consider Lily Jones’s health.

“That’s right! I’m already very happy that you’re here,” Lily Jones said apologetically.

“If you don’t mind, there’s food in the hospital canteen but....”

There were some things that he couldn’t say out loud. After all, the hospital cafeteria couldn’t be compared to the outside world.

“Of course not! We should have a meal together. Let’s go to the cafeteria!” Emilia answered with a smile.

She didn’t have such high expectations for food. She didn’t have the airs of a CEO. After a few years of wandering, she had already truly integrated into the bottom of society.

At the same time, at the headquarters of the overseas Blood Fiend Mercenary Corps!

“Army Commander, according to my investigation, Aiden and Mike are currently in the state of Colorado. They were both recruited by a man named Oliver Walker!”

A fierce-looking man had a face full of displeasure.

Forget about Mike! Those who retired from the martial world had obtained the approval of Blood Fiend.

However, Aiden was different. He had left his post and fled to that country during his mission. These were two different concepts.

“Oliver Walker?” The man sitting at the head of the table was in his forties. His face was filled with shock. “Oliver Walker? Which Oliver Walker?”

Oliver Walker! The Chaplain?!

These two words instantly pierced his heart!

If it was really the unparalleled Oliver Walker, then...

No matter how angry he was, he had to endure it!

“As far as I know, this Oliver Walker shouldn’t be the Chaplain that we know of. This is all the information we have so far!”

“Look!”

These words made the Blood Fiend Mercenary Group’s commander, Blood Fiend, heave a long sigh of relief.

However, for the sake of safety, it was better to be cautious. After reading it, he clenched his fists and said, “A live-in son-in-law from a small company dares to do such a thing? Doesn’t he know that Aiden is Blood Fiend’s man?”

According to the current information, this Oliver Walker was indeed not the same Oliver Walker. Naturally, there were many people with the same name.

So...

Was he courting death?

“Uh...”

“He really doesn’t deserve to come into contact with us, given his status. Maybe Aiden thought that a man with a low status like him would be able to give him a low profile.”

Chapter 660 Killing Two Birds With One Stone

After all, the Blood Fiend Mercenary Group was ranked seventh in the world. Indeed, he was not a magnate that just any Tom, Dick, or Harry was worthy of knowing!

Aiden was also very smart. If he really joined a big company, he naturally wouldn't be able to rest easy.

Although that particular country was a forbidden area for mercenaries, which famous company did not have business overseas? If they took Aiden in, they would offend the Blood Evil Mercenary Corps, which would cut off their way of making money overseas.

"Kill him!" The men of the Blood Fiend slammed the table and shouted angrily. 'Kill him!'"

"And Mike, that traitor. I let him off, but he came to poach me."

"Clean them up together!"

Oliver Walker's actions were undoubtedly challenging the authority of the Blood Fiend Mercenary Corps.

And because Davis was too small..... so small that they did not even have any overseas business, they could not punish him. They could only sneak into that country and kill the 'traitor' as a warning to others!

"Yes, sir! I'll take the Law Enforcement Hall and fly over as soon as possible!" Sean Martin immediately replied.

He used to be Aiden's instructor, so he wouldn't be soft-hearted when he cleaned up the sect.

"Wait!"

"Wait!"

But soon, Blood Termination's brows furrowed again. "It's better to be cautious. You're already an investor. Return to the country and establish yourself in the state of Colorado first.

"We must find out whether this Oliver Walker has the same name as the chaplain or are they the same person!"

Although the probability was very small, it could not be ruled out. Therefore, being careful was not a bad thing.

Moreover, there was no rush!

The Blood Fiend Mercenary Group also had a legitimate investment company. It was true that they saw potential in the country.

This trip there was killing two birds with one stone. They would be able to clear away the traitor and also deal with the investments.

"Yes, sir!"

After Sean Martin received the order, he led the Law Enforcement Hall and the investment group, boarded a private plane with the facade of a businessman.

The bloodshed in Colorado was clearly inevitable!

However, since Oliver Walker had taken in Mike and Aiden, he was naturally mentally prepared. No matter who it was, if it was an investment, they would naturally welcome it!

But if they were here to kill...

In that case, there was no return!

Their country was a hospitable country, and it was also a nation that was good at martial arts!

When friends came, there would be good wine, and when enemies came, there would be guns! When the sky turned dark, the lights of the Emperor.

Olivia Walker had been staying with her parents for the past two days, and Mary Grimm did not rush her. However, Madam Davis had called a few times to ask about it.

“Hubby, the company’s production capacity problem should be solved soon.”

“It should be.” There was a hint of fatigue in Emilia’s smile. “After the new factory is put into use, the company will be on the right track!”

“Don’t tire yourself out!” Oliver Walker said with heartache.

He did not know if he was harming his wife or helping her because his wife was indeed busier than before.

On the other hand, Emilia was a typical workaholic. Once there was a problem at work, she would devote herself to solving it, so she did not have any time for entertainment.

“Yes!” Emilia nodded slightly. “But at least every day is fulfilling, isn’t it?”

Oliver Walker frowned. He wanted to retort, but he did not say anything in the end. His wife should have her own choice. If his wife could really do it, he was willing to help her reach the peak of the business world.

But...

“Alright, I know I haven’t been spending much time with you recently but I still have something to do tomorrow morning. I’ll go to bed first!”

"I'm sorry." Emily's eyes were apologetic. "Send Olivia back to the old mansion tomorrow."

Although her mother didn't urge her, Madam Davis had called more than ten times today. In a sense, Olivia was not only their daughter, but also the great-granddaughter of Mrs. Davis and Mary Grimm.

"Alright."

Oliver Walker actually had something to say in his heart, but when he saw his wife's haggard look, he was too embarrassed to say it out loud.

Perhaps when the factory was officially put into production, they would remember the agreement between them, right?

Looking at his wife's beautiful figure, he actually always had the urge to go forward and hug and possess her...
