

## Chaplain 661

Chapter 661 A Date with Toby

The next morning, Lily Jones was discharged.

The knife wound had healed very well, not even leaving a single scar! However, before she could leave the hospital, she was stopped by Mariam.

“Mom! I really don’t have any money on me! You’ve taken them all!” Lily Jones ‘tone was filled with humility. Her brows were slightly furrowed, making one’s heart ache.

Her salary card had been taken away, so where would she have any money left?

It was nothing more than a little bit of medical insurance reimbursement fees left on him!

“I’m not here to ask you for money! I’m here to inform you that Toby is going to treat you to lunch at the Grand Canyon Hotel this afternoon,” Mariam said without any guilt.

Lunch? Was it that simple?

Initially, Lily Jones was relieved when she heard that Mary did not want money. However, after hearing the second half of the sentence, she was not in a good mood. “I won’t go on a blind date with him. Mom, can you consider my feelings?”

Her heart was filled with grievance! There was even a hint of humility in her tone, begging for mercy.

She had thought about leaving her gambling addict mother alone, but she couldn’t bear it in the end.

“Wretched girl, I’m considering your feelings. Can you help me pay my debts? The Black Dragon Sect will chop off my hand if they find me! Tobysaid that he’ll help me pay off all the loan sharks if you promise him!” Mariam roared.

There was no one who was not afraid of the Black Dragon Sect!

After all, he had been in the casino for a long time, so he could naturally see many cruel sides!

“But Oliver Walker has already solved your problem. What else do you want? Besides, I’m your daughter, not your product!”

In her life, she had never done anything with a clear conscience. Only this time, Oliver Walker gave Maraim 200,000 yuan, which made her feel very depressed.

She was a teacher!

How could ahe do such a thing?

“Hehe... Then let me tell you, a woman needs to be pursued in order to show her value.”

“You...” Mariam was cunning. She smiled sinisterly. “The more you are pursued, the more he cares about you. When the time comes...”

“What?” Lily shouted in despair. “You think you would get more money from me?!”

She wanted to resist! She had to resist!

Otherwise, one day, ahe would definitely be dragged down because of Mariam! Even if she resigned, she would still work in another school. What would happen if Mariam asked her parents for money in her name?

It wasn’t that she didn’t want to be filial! It was because some people were not worthy of being filial!

“You understand me the best! They’re all rich people anyway,” Mariam said nonchalantly. “The more they fight, the better it will be for them. It all depends on who’s willing to spend money on you!”

Spend money on Lili Jones?

No!

What she meant was spend money on Mariam!!!

“That’s enough! I’m not the kind of person you think I am. I won’t sell my soul for your own selfish desires!” Lily Jones shouted loudly.

“From today onwards, if you continue to force me like this, we will sever our mother-daughter relationship!”

Finally...

The little universe that had been hidden in her heart for more than ten years had completely exploded! That kind of venting was like a flood breaking through a dam. In an instant, it attracted the attention of all passersby!

“Aiyoyo... You wretched girl, you have no conscience. I raised you up painstakingly. How can you treat me like this?”

In an instant, Mariam’s acting skills flew. She sat on the ground and slapped the ground as she cried. “Everyone, come and judge!”

“This unfilial daughter wants to sever ties with me just because I’m old!” She doesn’t have a father. I was the one who raised her. She even became a teacher!”

“...”

Lily Jones panicked!

She knew how shameless her mother was!

But...

She had never expected that her mother would twist right and wrong in public!

Using such a method to tarnish her reputation!

“How shameless!”

Chapter 662 Pin To The Pillar of Shame

“Yeah, how can such a person be a teacher?”

“Misleading the students!”

“Unfilial daughter, what do you want her for?”

“Are you letting your mother down by doing this?”

“...”

For a moment, passersby who did not know what was going on stopped in their tracks and began to fight for justice with righteous indignation!

Lily Jones bit her red lips. Her eyes were filled with anxiety. “I’m not! It’s not what you think. I really didn’t...”

She cried and explained! She wanted to tell the truth with all her might!

However, it was useless. More and more people gathered around!

They all pointed at her!

Mariam was still crying loudly, but her heart was so happy that it was like a flower blooming. She might not be able to deal with the Black Dragon Sect, but wouldn't it be easy for her to deal with Lily Jones?

Anyway, she was shameless. Besides, was face more important than money?

Obviously, as long as she had money, she would naturally have face!

"This is too much!"

"Yeah, you still dare to quibble!"

"I think such an unfilial daughter should be punished by the law!"

"Yes, we must expose her and get the school to expel her!"

"..."

When someone took out her cell phone, Lily Jones quickly covered her tearful face and wanted to escape from this place.

Once it was uploaded online, the school would definitely be pressured by society and fire her.

In the future, don't even think about finding a job!

From the beginning to the end, she had never thought about what she had done wrong. If one wanted to blame someone, they could only blame Mariam for being too shameless!

“You can’t leave,” Mariam grabbed onto Lily Jones. “You can’t leave unless you promise to take care of me!”

“I’ll do it!” Lily Jones, who was so ashamed and angry, could do nothing but scream in pain. “I promise you, okay?”

She did not know what to do! She really had no choice! She felt like dying!

Was being a good person destined to be bullied by bad people?

Why?

She was unwilling!

She was pissed!

She obviously felt helpless as well!

“Alright, you said it yourself! If you dare to betray me like that again, I’ll go to your school and make a scene. I’ll make sure you never see anyone for the rest of your life!” Mariam whispered after Lily Jones agreed.

She had no reason! She was Lily Jones’s mother, which would win the sympathy of the public.

Lily Jones was her slave!

It was her bargaining chip!

Lily Jones hugged her head and left after Mariam let go of her

She even cried and ran far away, as if she could still hear the insults. It was as if she had been nailed to the pillar of shame, as if she would never be able to wash away her infamy.

Mariam had never thought about her, she just wanted to squeeze the last bit of value out of Lily Jones.

When James Frost saw this, he frowned slightly. This Lily Jones seemed to have a close relationship with Oliver Walker. Should he inform Oliver Walker about this?

Lily Jones ran to a remote area and looked blankly at the endless stream of people.

These people were still struggling. At least they still had a goal to strive for.

But where was her tomorrow?

She took out her phone and wanted to find someone to complain to, but when she saw a series of contacts, no one could understand her. However, when she stopped at the interface between Oliver Walker and Emilia...

She hesitated for a long time!

Perhaps they would comfort her. Perhaps Oliver Walker could help her solve the problem.

But now, no matter how she explained it, Mariam had already regarded Oliver Walker as her boyfriend. She could not cause a rift between Oliver Walker and Emilia because of her.

After all, this was a sensitive topic...

Therefore, she sat there until noon. Like a soulless zombie, she chose to obey her fate and walked towards the Grand Canyon Hotel!

## Chapter 663 A Match Made in Heaven

“Ding, ding, ding...”

At the same time, Oliver Walker, who had just sent his daughter to the Davis Mansion, had his phone ringing before he left.

When he saw that it was James Frost, he frowned. Could something have happened to Lily Jones? It shouldn't be, right?

“Hey, what's wrong?”

Oliver Walker asked in a serious tone. Lily Jones was Olivia Walker's benefactor, and she could not be mistreated.

“I can't explain it clearly in one or two sentences. I'd better send you the surveillance video!”

James Floss sighed deeply and sent the surveillance video to Oliver Walker's phone through WeChat.

After reading it, Oliver Walker could not calm down for a long time!

This...

How could there be such a shameless mother in this world?

However, since there were shameless fathers like IssacDavis in the world, it was not surprising that Mariam was added to the mix. He also knew that Lily Jones had promised Mariam that she would go to the Grand Canyon Hotel. Nothing good would come out of it.

As for who 'Toby' was, Oliver Walker had never heard of him.

However...

Oliver Walker couldn't let an honest person be bullied like this, right?

Therefore, they quickly got into the car and headed to the Grand Canyon Hotel. Since Lily Jones did not agree, no one could force her to agree.

It was still necessary to deal with shameless people. He was quite experienced in using ruthless methods.

\*\*\*\*\*

In the lobby of the Grand Canyon Hotel, by the window!

"You should already know about my situation! I think that we are very compatible. What do you mean?"

Toby Walsh was a fat man with shiny hair that looked very greasy. He was about 40 years old and had a domineering smile on his face.

On the other hand, Lily Jones was pure and beautiful. She was only 22 years old!

Were they compatible? Of course not!

"Mr. Walsh, I..."

Lily Jones frowned slightly, her eyes filled with embarrassment.

She was afraid that Mariam would make a scene again.

This time, she was in the hospital. If she Mariam went to where she worked the next time, she would be surrounded by familiar faces. Would she still have the face to live in the future?

“There’s no need to be nervous, and there’s no need to feel inferior! I’ve seen many girls like you!”

“You’re pretty,” Toby Walsh said, feeling good about himself. “I’m rich. Aren’t we a match made in heaven?”

His eyes were filled with lust. He did not even blink as he stared at Lily Jones. He felt like he had picked up a treasure. In terms of looks, Lily Jones was not inferior to the number one goddess of the State of Colorado, Emilia.

However, in terms of temperament, it was obviously lacking. This lack of temperament was what made him want to love her even more!

In fact.... Lily Jones was already prepared to compromise!

But...

“You have looks, and I have money.”

Her self-esteem, which had been dormant for a long time, suddenly woke up. She stood up and refused. “I’m sorry. I’m not that kind of person!”

That’s right!

What kind of person did he take her for?

A gold digger?

This was the greatest insult to her character!

“But your mother needs it!”

Toby Walsh chuckled. “I’ve seen a lot of girls like you. At first, you say you don’t want to fall in love for money, but slowly, your body becomes honest. I think you should stop pretending. How much do you want? Name your price!”

He was very confident that the only way to control Lily Jones was to use money!

If 500,000 didn’t work, then one million!

In short, he was determined to get the pure beauty Lily Jones in front of him!

“Have you played with many girls like me? What right do you have to look at me like that?” Lily Jones stood up angrily.

“Well, if there weren’t a hundred of them, there were at least 50 of them. So in my eyes, you are all the same kind of people!”

Toby Walsh was very calm and treated his feelings as a transaction! He thought that this was a matter of time!

As long as a woman was good-looking, she would never lack rich men.

As long as a man had money, he would never lack beautiful women!

“You’ve got the wrong person. I don’t accept it! I have a boyfriend!” Lily Jones shouted angrily.

Chapter 664 A Ferrari vs an L5

She was a teacher!

Teacher, what a noble profession!

How could she accept such humiliation? How could she teach and educate people in the future?

“Boyfriend? Is he as rich as I am?!” Toby Walsh asked playfully.

“Any love without money as the foundation is just a show!”

“You...” Lily Jones gritted her teeth.

She was no longer able to communicate with the shameless old man in front of her with the thoughts of a normal person!

However, she was just a normal person. She really had no other means!

“Stop pretending to be reserved! Why are you doing this anyway? Toby Walker continued to laugh.

“In the end, won’t you still have to obediently sleep with me? What’s wrong with getting straight to the point?”

Lily Jones was speechless!

Shameless!

Despicable!

“But that’s right. You’re a teacher. You want to save face, so you’re must be hypocritical but your mother owes 300,000 dollars to loan sharks,” Toby Walker said jokingly.

“Think about it. How much is a teacher’s dignity worth?”

This news was like a thunderbolt that struck Lily Jones 'heart! She didn't expect Mariam to owe him 300,000 yuan!

This was a huge sum of money that she would need many years to accumulate without eating or drinking. According to Mariam's personality, she would definitely be a bad gambler for a long time and the debt would only grow.

What kind of family was this!

There was only bitterness in her heart! A sense of powerlessness arose spontaneously!

"You don't have to worry about her!"

At this moment, Oliver Walker, who had been driving at full speed, finally found Lily Jones and heaved a sigh of relief.

As long as nothing happened, it was good news! Otherwise, he and his wife would feel bad.

When Lily Jones saw who it was, she felt even more ashamed. She really didn't want anyone to know about her family; especially the parents of the students. It was because she was afraid of being suspected of her coaching ability!

"Hehe... You're her boyfriend, aren't you?" Toby Walsh sneered.

"But I don't know you. After all, I know all the rich people in Colorado."

His words were filled with disdain!

Of course, Toby Walsh was indeed rich, but he was only at the level of a petty capitalist. He was not on the same level as a truly rich person.

Naturally, he would not be able to get in touch with the core of the business circle in the state of Colorado, much less know Oliver Walker.

“But why haven’t you seen me before? You’re one to brag.” Oliver Walker sneered. “You’re not afraid of breaking your tongue!”

Although Oliver Walker had just returned, most of the upper-class people in Colorado had been taught a lesson by him.

Since he had never seen Toby Walsh before, it could only mean that Toby Walsh was nothing special.

“You...Impudent!”

Toby Walker’s face was flushed red. As he spoke, he took out a Ferrari key and placed it on the table. “I want to tell you that love needs money as the foundation. Are you worthy of her?”

Lily Jones, who was already so ashamed, could not say anything because Toby Walker was a weirdo.

Money was the only thing that mattered. Just like love, it was just business!

“Teacher Lili, please sit!”

Oliver Walker made a gesture of invitation, while Lily Jones frowned slightly, but eventually sat down.

At the same time, Oliver Walker placed the L5’s car keys on the table when he sat down.

When Toby Walker saw the eye-catching logo, his expression turned ugly.

People who drive this kind of car...

They were either rich or noble! On the contrary, his million-dollar Ferrari was not worth mentioning at all. His face instantly turned red with embarrassment!

Toby Walsh hurriedly used a napkin to cover up the Ferrari's car keys.

His pathetic appearance even made people want to laugh!

Chapter 665 Speak in private

"Love comes with money? But you're not rich!" Oliver Walker teased.

Toby Walsh's face turned red. He wanted to retort, but he couldn't!

This was f\*cking...

He had just come to teach Lily Jones a lesson, but now he was being taught a lesson.

The tables had indeed turned!

What was the reason for Oliver Walker not leaving? Naturally, he wanted to help Lily Jones solve the problem once and for all!

"Love is not a business! When I was with my wife, I was penniless," Oliver Walker said coldly. "We've come this far, step by step."

"Only people like you, who think that you have the truth just because you have a little money, would distort the sacred love to such an extent."

He was telling the truth!

Back then, he had nothing, but Emilia protected him everywhere and had been in love with him until now.

What money could buy was not love!

He was just pretending to be polite!

This answer was considered an answer. He was not Lily Jones 'boyfriend.

However, Lily Jones had treated Olivia well, so he would not allow her to be bullied. The key was Lily Jones 'character. She was indeed a little girl with a very good outlook on life!

"Hmm... Yes, yes..."

Toby Walsh was filled with anger, but he could only nod in response.

He also misunderstood that when Lily Jones was with Oliver Walker, Oliver Walker had nothing.

He had never thought that the man in front of him would be the husband of the number one goddess of the state of Colorado!

"Misunderstanding... It's all a misunderstanding..."

"Actually..." said Toby Walsh.

"Actually, I did this because of her mother. I... I promise I won't harass Miss Jones again!"

He desperately wanted to explain.

After all, someone who could drive an L5 was definitely not an ordinary person! A casual sentence could torture him to death!

Therefore, admitting defeat was inevitable!

Lily Jones also understood that money was the truth.

When Toby Walsh scolded her, she couldn't refute him. When Oliver Walker scolded Toby Walsh, Toby Walsh kept quiet like a coward.

"Let's go! I haven't eaten yet," Oliver Walker said with a smile. "Let's have a chat in the private room!"

The reason why he chose the private room was because he did not want to put Lily Jones in a difficult position. After all, no one wanted outsiders to know about that kind of family scandal but in Toby Walker's opinion, going to the private room was definitely for excitement. After all, he had done this kind of thing many times.

"Yes!"

Lily Jones took a deep breath, feeling helpless. She didn't want Oliver Walker's family to know, but she was eventually discovered.

Her mental endurance had reached its limit!

She needed to find someone to talk to, or else she would go crazy!

Seeing the goddess he was pursuing follow Oliver Walker into the private room and do such a thing, Toby Walsh felt extremely frustrated, but he had no choice.

There were women where everyone wanted to play with them but not everyone could afford to play with it!

“Ding, ding, ding...”

At this moment, the bell rang. Toby Walsh, who had been holding in his anger and had nowhere to vent, shouted angrily, “Why did you lie to me? Didn’t you say that her boyfriend doesn’t have much money?”

“Why can he drive an L5?”

Mary was stunned when she heard that.

“What L5? Why didn’t I know? Isn’t it just a lousy domestic product?”

Toby Walsh’s face turned green. It was indeed not a famous brand!

Chapter 666 I Have no other choice!!

But that is an L5!!!!

Damn it, his lungs were about to explode from anger!

Mariam started to panic. “CEO Walsh, calm down. I’ve never seen him drive an L5. I’m guessing that the wretched girl must be putting on a show with him on purpose.”

Such an explanation was understandable. In the past, Lily Jones had even claimed that she was sick in order to persuade her blind date to leave. Therefore, it was not surprising that they rented a car now.

Of course, she knew that Oliver Walker was rich, but she thought that he was on the same level as Toby Walsh.

And what was her motive?

Wasn’t it just to make the two men fight for their dignity?

Lily Jones would belong to whoever gave her the most money.

“Is what you said true?”

Toby Walsh’s expression turned slightly better!

Thinking about it carefully, could an L5 be bought with money?

He needed status!

Oliver Walker was so young, how could he drive an L5?

After all, he didn’t even see the car. He only saw the car keys. Young people nowadays would do anything to show off.

Buying a car key online was not a rare thing!

“Dammit!”

Toby Walsh’s face turned cold. He hung up the phone and angrily made another call. “Hello, Jack. Are you there? There’s something I need your help with. Don’t worry, I’ll definitely pay for your meal but please check the parking lot for L5s before you come!”

He knew Jack well and he was also a regular customer of the casino. Otherwise, he wouldn’t have known Mariam.

However, he had better self-control. He would leave after losing a few tens of thousands, so this money was only for entertainment.

This time, he was really angered by Oliver Walker. Otherwise, he wouldn’t have spent so much money to find Jack, one of the eight Guardian Warriors of the Black Dragon Sect.

He had to let Lily Jones know who was the real capable one!

\*\*\*\*\*

At the same time, in the luxury suite of the Grand Canyon Hotel!

“Why didn’t you tell me?”

After Lily Jones stopped crying, Oliver Walker frowned. “Actually, you don’t have to treat us as outsiders. Olivia has deep feelings for you.”

He could tell that Olivia was very dependent on Lily Jones.

In the two days he spent with his daughter, he could not help but talk about Lily Jones.

It was obvious that Lily Jones was a person who was imprinted in the depths of her daughter’s soul.

If it weren’t for Lily Jones ‘guidance and education, Olivia might not have truly become brave and fearless.

“I... I don’t want to trouble you!”

Lily Jones lowered her head, took the tissue from Oliver Walker, and wiped the tears from the corners of her eyes.

In fact, educating Olivia was her duty. How could she dare to ask for other gratitude?

She liked Olivia from the bottom of her heart. Most importantly, Oliver Walker was a married man, but now Mariam directly identified him as her fabricated boyfriend.

What would Emilia think if she knew about this?

Therefore, for various reasons, she had always wanted to avoid this relationship that was supposed to be pure.

“But are you going to let those people bully you? You should know what kind of person Toby Walsh is,” Oliver Walker said. “And your unworthy mother is pushing you into a fire pit.”

To be honest, not to mention that Lily Jones was her daughter’s mentor, even if they were strangers, she would not be able to stand it.

Especially the video sent by James Frost, which made him angry, but Lily Jones not only held back, but also obeyed.

Perhaps this was fate; neither he nor his wife wanted Lily Jones to end up in such a miserable state.

“I...”

Lily Jones lowered her head. Her eyes were filled with helplessness. “But since you already know, you should understand. This time, she can cause trouble in the hospital. Next time, she will block my school gate.

“If it really happens, I won’t be able to live as a human anymore. I might even be expelled from school. If I post it online, I’ll be labeled as unfilial for the rest of my life!

“I’m also in despair, but what can I do?”

Chapter 667 Why Was It Him?!

Lily Jones was just an ordinary person, an extremely ordinary woman! Even the former Emilia could only swallow her anger after encountering such a thing.

Therefore, Lily Jones was really helpless. Even if she wanted to resist, she had no way to retaliate!

“I’ll settle this matter for you! You should know that years of tolerance will only make you more humble,” said Oliver Walker.

Lily Jones frowned slightly. “What do you want to do?”

“It’s my business,” Oliver Walker replied with a smile. “I just hope I can help you! But don’t worry, it won’t hurt her safety!”

To deal with a woman like Maraim, it was impossible to satisfy her growing appetite with just money. Therefore, he naturally had to use some unconventional means. However, considering Lily Jones’s feelings, he could only threaten her at most, but it should be enough.

“Jack! the person is inside! That’s the kid!” Toby Walsh said humbly. “He stole my woman. Maybe he’s up to something in there!”

That’s right!

Perhaps if they broke in now, they would be able to see an indescribable scene. However, when he thought about how the woman who should have belonged to him was now being suppressed by another man, he felt extremely unbalanced.

When he thought of Oliver Walker’s pretentious act in front of him, he was even more furious!

“Doing something good?”

Andy smiled. “Brothers, take out your phones. Get ready!”

The casino couldn’t be opened, but... He could still take on private jobs!

Therefore, when he heard that there was something for him to do, he got especially excited!

These were the seeds of hope! As for the L5 that Toby Walker had shown him?

He couldn't even be bothered to look!

That was why he directly said no!

"Alright! We're ready!!!"

"..."

Soon, his underlings revealed lewd smiles.

Toby Walsh felt the same way. He didn't care anymore since he had already been killed.

Expose! Expose that dog couple!!!

He was doing this to vent his anger!

'Slam!'

After his subordinates were ready, Jack shouted and kicked open the door.

As for the group of waiters, they were already standing at the side with pale faces and hands covering their heads.

Who dared to disobey the Black Dragon Sect?

However, when Jack entered the private room with his subordinates who were recording with their phones, he was dumbfounded!

Motherf\*cker!

Why are they here?

In an instant, he was so frightened that he stood rooted to the ground and trembled!

Lily Jones and Oliver Walker turned around at the same time and saw who it was.

However, Oliver Walker was obviously displeased!

“F\*ck you!” Toby Walsh said angrily. “Do you know who I am now? And you little b\*tch, how dare you betray me!”

Oliver Walker looked at Jack with an interesting look on his face.

‘Plop...’

In an instant, the Black Dragon Sect members that Jack had brought with him knelt on the ground!

Why was it this god of death? This was a ruthless person who had even recruited Mr. Martin!

In other words, they were now under Oliver Walker’s management!

No! He was only a subordinate of Oliver Walker!

Moreover, the underworld was a place that was extremely particular about seniority. Such disrespect was a heinous crime that could not be forgiven!

The atmosphere in the private room suddenly froze!

“Ja....Jack, you... You’re...”

Sensing that something was wrong, Toby Walsh was dumbfounded!

“Do you know what to do now?”

Oliver Walker glanced at her and said, “Oh, and about Mariam.... I hope no one will find trouble with Lily again!”

Chapter 668 Leaving Lily Jones Alone

He couldn’t be bothered with Toby Walsh, but it was obvious that Jack was a smart person.

“Understood! I... I promise to get things done!”

Jack was covered in cold sweat and could not help but hold his breath.

His underlings were the same. They all kept quiet out of fear.

With a glance from Jack, he dragged Toby Walsh out.

“Mr Walker.... Mr Walker, I... was blind!”

“You...”

Toby Walsh’s intestines were turning green with regret! Who would have thought that they would meet such a tough guy?

He only knew that Freddy Martin had the final say in the state of Colorado. How could he have known that Jack, who was above everyone, would kneel down to a stranger he had never heard of?

“Teacher Lily, let’s continue!”

Oliver Walker smiled. It was indeed a small matter for him.

With just a word, it could be settled.

However, to Lily Jones, it was a huge matter. It was enough to oppress her and make it difficult for her to breathe.

“I... I’m full!”

Lily Jones frowned slightly. It was still difficult for her to accept such a way of handling things, but it could indeed help her escape from her misery.

“Then I’ll send you back!”

Oliver Walker added. Regardless of whether Lily Jones could accept it or not, this was the nature of society.

It was also the law of survival. The truth always existed in the fist.

“No, thank you very much!”

Lily Jones bowed slightly and turned around, but she quickly said worriedly, “But she... After all, she’s my mother! You... Can you...”

She didn’t know if her words would work but she was afraid that Oliver Walker would be too ruthless and make her difficult.

“Don’t worry,” Oliver Walsh said with a gentle smile. “They know their limits!”

After receiving the assurance, Lily Jones nodded slightly and turned to leave. At the same time, Oliver Walker also drove to the company.

He had been taking care of the baby for the past two days and had no idea what her wife was busy with.

\*\*\*\*\*

At the same time, Adams Group!

“We’re finished! It’s all over!”

Emma Adams lay on the executive chair and muttered one sentence after another.

In the last bid, because of her anger, she bought five factories in a row, causing a huge crisis in the company’s cash flow.

If she could stop the Heavenly Sect Pharmaceuticals, it would be worth it. However, Emilia still managed to get the largest factory. Now, the factory was going to be at full capacity and increase production.

With the current reputation of Heavenly Sect Pharmaceuticals in the market, as long as there was no shortage, Adams products would not be able to compete at all.

In other words, Adams’s real crisis would come with the new factory of Davis Heavenly Doctor.

At this moment, she felt as if a huge rock was pressing down on her chest, and she could not breathe at all.

“President Adams, there is someone outside who wants to see you?”

At this moment, a secretary walked in.

“No!”

“No one!” Emma Adams said weakly.

This kind of business failure could be described as a huge loss. It was enough to destroy a person’s fighting spirit!

“I’ve never missed the person I want to see!”

However, the next moment, Sean Martin, who had just returned from overseas, had a devilish smile on his face. “President Adams, let’s talk.”

“Who let you in?” Emma Adams was furious. “Get out!”

“Where are the security guards?”

“Security!”

At this moment, she was so upset that she was not in the mood to talk about anything.

Moreover, she had never seen the person in front of her before. In other words, she must be a nobody!

“Pa...”

However, at this moment, Sean Martin took out a silver Desert Eagle and placed it on the table. His eyes were sharp. "Your security guards can be thrown into the trash! And now, you only have two choices. Do you want to be my friend or my enemy?"

In an instant, the air froze!

When Emma Adams saw the pistol in front of her, she was dumbfounded. She gulped and gritted her teeth. "Friend!"

"Big brother... If there's anything, we can discuss it! What do you want?"

Chapter 669 Getting An Ally

Emma Adams was about to curse in her heart. That feeling was not comfortable.

After all, she had Freddy Martin's protection in the past. When had she ever cared about threats? When had she ever been threatened?

But now, Freddy Martin had submitted to Oliver Walker, catching her off guard.

"What I want is what you want! I want to kill Oliver Walker. What do you think?" Sean Martin said with a sinister smile.

He had come to America not only to kill Oliver Walker, but also to torture him to death. Otherwise, the mercenary world would treat Blood Fiend as a joke.

The Soldier King, who had been carefully nurtured, turned around and betrayed the organization and joined Oliver Walker.

Destroying a person was actually very simple. It was to destroy the person they cared about the most.

Therefore, revenge naturally had to start with the Heavenly Sect Pharmaceuticals.

“Ah... There’s such a good thing?” Emma Adams was stunned.

To be able to get a gun in this country meant that the other party was not someone to be trifled with. What was she worried about now?

Didn’t he just want to destroy Heavenly Sect Pharmaceuticals?

“What?”

But soon, Emma Adams was shocked again. “Don’t tell me you’ve taken a fancy to Emilia too?”

If that was the case, even if she killed Oliver Walker, it would not do her any good! In the end, there was still someone protecting Emilia.

“Pa...”

Sean Martin waved his hand and slapped her.

This slap was not light. Emma Adams fell back into the boss’s chair and let out a shrill scream. In the next moment, she did not dare to say anything else. This fellow was too violent. If she wasn’t careful enough, she might even lose his life.

“Women will only be a stumbling block on a man’s path! If it weren’t for the fact that women can give birth and be played with, this world wouldn’t need women at all!”

Sean Martin’s voice was extremely cold!

Actually, mercenaries rarely wanted a family because these were two extremes!

Once the thought of marriage sprouted, then...He definitely wouldn't have the mood to come in the wind and go in the rain, living a life with his head on his belt. He was the number one instructor of the Blood Evil Mercenary Group, and he disdained to be concerned!

"Big... Big brother..."

Emma Adams covered her face and said aggrievedly, "But the current Emily has the Black Dragon Sect protecting her. "I..."

"You have to be careful. What do you want me to do?"

What else could she not agree to?

Although cooperating with this extreme man was no different from dancing with wolves, as long as he could kill Emilia, it was not a loss.

"I'm the chairman of the Holy Light Group. This is my business card. If you want to cooperate with me, you must submit to the Holy Light Group!"

Sean Martin was very overbearing.

Of course, this was only for Adams Group, a weak company.

Compared to those big companies, they still needed to cooperate and make concessions. After all, a strong dragon wouldn't be easily suppressed by just anyone.

However, in a small place like Colorado, let alone a local snake, the Blood Fiend Mercenaries Corps couldn't even find an earthworm!

No!

Perhaps Heavenly Sect Pharmaceuticals, who had taken in Mike and Aiden, could barely be considered to have some strength.

“Yes... It’s...”

Emma Adams forced a smile. Although it was a forced acquisition, the company’s current days were indeed not good. It wasn’t necessarily a bad thing for her to find an ally.

The name on the business card had Sean Martin’s real name.

“Who’s the most powerful person in the state of Colorado?”

“Also...” Sean Martin said sternly, “Tell me everything about Heavenly Sect Pharmaceuticals’s recent movements in detail.”

He was not a dawdling person. Since he had decided to make a move and had found his target, he naturally had to be fast, ruthless, and accurate!

“Freddy Martin! Mr. Martin from the Black Dragon Sect!”

Emma Adams immediately replied, “He has tens of thousands of people under him. He also has the Seven Guardian Warriors under him. All of them are ruthless people.”

There used to be eight when Andy was still alive but now.... He was already dead.

Chapter 670 Taking over the Black Dragon Sect

To be honest, she was also confused as to why Freddy Martin would submit to Oliver Walker.

“Very good! I’ll see you tonight!” A smile appeared on Sean Martin’s face.

This was exactly the same as what he had investigated.

Mercenaries were naturally suspicious because this was a life-saving skill.

Hence, the question he had asked earlier was a test of Emma Adams 'loyalty. If she had lied just now, then...

Emma Adams would now have a bullet hole in her head!

Looking at Sean Martin's back, Emma Adams kept patting her chest with a lingering fear.

"Forget whether this was a good thing or not! But as long as I can defeat Emily, everything is fine!"

Her eyes were filled with hatred! As a woman, she wouldn't allow any other woman to be more outstanding than her. Her halo would not be replaced by anyone else.

At the same time, Sean Martin, who had left Adams Group, did not go to the mountaintop villa. Instead, he went straight to the underground boxing arena.

This was Jack's territory!

It was also the main source of income for the Black Dragon Sect. After all, the underground gambling den was gone.

"This is an important place. Unauthorized people can't continue to advance!"

Seeing that Sean Martin was about to barge into Jack's office, the four Black Dragon Sect members immediately waved their hands to stop him.

"Am I just a random person? I'm your future master!" Sean Martin sneered.

He knew the rules of the underworld too well. Those with the word 'Lord' would always be superior.

It was just like how there was only one master in the underworld of the state of Colorado, and that was Freddy Martin!

"Damn it!"

"You definitely came here looking for trouble!"

"Motherf\*cker!"

"..."

The four members of the Black Dragon Sect cursed angrily. This was a provocation to them.

Therefore, he did not waste any more time. He took out his standard machete and slashed at Sean Martin!

"Bang bang..."

However, with four gunshots, four Black Dragon Sect members had already fallen into a pool of blood.

Sean Martin blew at the hot barrel of the Desert Eagle and said scornfully, "Everyone, times have changed. We all use guns now."

"Rest in peace!"

After he finished speaking, he continued walking inside.

"F\*ck! A gunshot!"

“It’s coming from Jack’s side!”

“Gather the brothers! Gather them immediately!”

“...”

No one expected that someone else would dare to make trouble here except Oliver Walker. Did they really think that the Black Dragon Sect, which had dominated the state of Colorado for more than ten years, was a pushover?

Soon, more than fifty men chased after him.

When they saw Sean Martin’s back, they started shouting, “Stop!”

“F\*ck, you’re courting death!”

“...”

Sean Martin walked along the long and narrow corridor without turning his head. He relied on the sound of his voice to judge and fired a few shots, knocking down the five people at the front!

The people from the Black Dragon Sect were completely dumbfounded! All of them swallowed a mouthful of saliva and completely lost their sense of propriety!

“F\*ck!” someone shouted. “Kill him!”

As soon as these words were said, everyone present instantly came to their senses again.

That’s right!

How many bullets could a pistol have?

Now that nine people had died, it meant that the guy really didn't have any more bullets in his hands!

However, when the crowd rushed up, Sean Martin did not panic at all. He even stopped and lit a cigarette. Then, he took out two grenades from his pocket. After pulling out the fuse, they collided with each other and were thrown into the corridor behind him.

The Black Dragon Sect wanted to submit to Oliver Walker?

Did he agree to it?

“What!!!!”

“Hand grenade...”

“F\*ck...”
