

Chaplain 671

Chapter 671 Surrender or Die

When the members of the Black Dragon Sect saw it clearly, fear appeared on their faces.

Who was this guy? How did he get his hands on such a military grenade?

Just as the fifty Black Dragon Sect members were about to retreat, two grenades exploded at the same time.

Sparks shot out and spread in all directions along with the shrapnel.

“Ah...”

“My leg...”

“I... My hand is gone...”

In the next moment, the six unlucky people standing at the front did not even have the chance to cry out in pain before their souls returned to the underworld.

As for the dozen or so people who were still alive, they weren't in a good state either. Some had broken arms and some had broken legs. Some of them hugged their bleeding stomachs and rolled on the ground, screaming.

The smell of gunpowder and blood filled every corner of the underground arena!

Those who were unharmed were also shocked silly.

Compared to pistols and grenades, the standard machetes in their hands were not even toys.

“Who are you?”

Jack naturally heard the commotion outside, so the moment Sean Martin stepped into the office, he was already on guard.

His right hand was under the table, holding a black pistol.

“Those who obey me will prosper, and those who resist me will die!”

“Remember, you only have one life!” Sean Martin’s eyes were filled with mockery.

As one of the eight Guardian Deities, Jack had seen too many such scenes.

But...

At the moment, it was a little unusual.

He had a gun in his hand, so he was not afraid at all. He then said coldly, “You want to subdue a hall of my Black Dragon Sect by yourself?”

However, he clearly knew that the person in front of him must have real ability. Otherwise, it would be impossible for him to come straight to him alone.

Therefore, he was much more cautious.

“No no no.... Of course not.”

Shawn Martin sat down and said playfully, “I think you’re mistaken. You’d better not take out your gun. Otherwise, we won’t even have the chance to be friends!”

In fact, as the ancestor of guns, he had long seen Jack's every move.

However, he did not care!

"F*ck you!"

"I'll kill you!"

Jack, whose intentions had been exposed, instantly took out his loaded pistol in anger. He pointed it at Sean Martin and pulled the trigger.

But in the next moment, Shawn Martin's body moved like a ghost!

As the number one instructor of the Blood Fiend Mercenary Group, if he didn't even have the ability to dodge bullets, how could he have nurtured a soldier king like Aiden?

When Jack finished reloading the magazine, he was completely stunned. He looked at Sean Martin, who was smiling evilly, and his heart was filled with fear!

This kid...

He was faster than a bullet!

Shocking!

This was a scene that could only be seen in martial arts television dramas, right? He did not expect it to happen in reality!

"Shh..."

Sean Martin did not speak. Instead, he put his pinky in his mouth and whistled!

'Rumble...'

In the next moment, the originally solid wall collapsed from the impact of the huge object.

Following closely behind was a bulldozer with eight fully armed and masked men standing on it!

"You..."

Jack stuttered in fear, "You guys..."

This was the basement!

Damn it, how did the bulldozer get here?

The simple and crude method had also left an indelible shadow in his heart.

"Submit or die. Choose one!"

Sean Martin took a step forward, his aura rising steadily. There was no longer a smile on the corner of his mouth, but a dense killing intent.

Looking at the eight rifles that were enough to turn him into a sieve and Shawn Martin who was closing in step by step, Jack's expression became more and more nervous, and his pupils dilated.

Submit or die?

Any fool would know how to choose!

'Plop...'

Jack's expression changed drastically as he knelt on the ground. "I'm willing to lead the Black Dragon Sect to serve you forever!"

He had to surrender to one of them anyways. Did it matter who it was?!

Chapter 672 A Good Night's Sleep?

However, the person in front of him was clearly more powerful!

Maybe he could even have a hot meal. After all, Oliver Walker didn't like having illegal casinos, which was equivalent to cutting off his source of income.

Relying on a lousy boxing arena, it was fine if it was for a short term, but if it was for long term, his brothers would definitely cause a ruckus.

He would never starve someone to death!

"Forever loyal?"

"I never believed it!"

"I only believe in fists," Sean Martin said indifferently. "I can suppress all betrayals!"

"Tomorrow is the opening ceremony of the new factory of Heavenly Sect Pharmaceuticals. I want them to be in chaos. If you can't do it, you're not even qualified to be my dog!"

If he accepted Jack as his underling, he would probably be laughed at by the mercenary world!

So...only Jack could be his dog! Moreover, it was a dog of the lowest breed!

After saying that, he led the eight Blood Fiend mercenaries and swaggered out of the underground arena.

Jack was left alone in the dilapidated office.

What kind of people were they? It felt like the sky in Colorado was about to change!

The Black Dragon Sect, which was originally the overlord of the state of Colorado, was only an insignificant force.

In the future, the state of Colorado would either belong to Oliver Walker or that man! But he didn't know that neither Oliver Walker nor Sean Martin would be interested in this small piece of cake from the State of Colorado.

However, the state of Colorado would definitely become a new battlefield!

"Jack! Where is that person?"

"F*ck! Nine of our brothers are dead, and ten of us are seriously injured!"

"..."

A few minutes later, the people from the Black Dragon Sect rushed in again!

Jack was like a soulless zombie. He muttered to himself, "In the future, there will be another master in the State of Colorado. Our master!"

Resist? He didn't have the guts!

Oliver Walker wanted to cut off their casino business, so when he got the chance, he naturally wanted to rebel.

He would send anyone who dared to block his path to wealth to hell!

The opening ceremony of Heavenly Sect Pharmaceuticals new factory tomorrow?

He had no choice but to go!

West City Industrial Park!

“Hubby, look, this is our new factory!”

After a few days of hard work, the new factory could finally be put into use. Emilia was as happy as a child. “I’ve already sent an invitation to the Chamber of Commerce of the State of Colorado. This will be the witness of my return!”

“I want to build a business empire, starting with this state!”

Everyone had dreams!

If she hadn’t been expelled from the company eight years ago, then the Davis Group would have long left the small state of Colorado under her leadership!

“Congratulations, Ms Davis!”

Oliver Walker said jokingly.

“Don’t laugh at me!” Emilia waved her fist and punched Oliver Walker’s chest.

“Call me your wife!”

She was someone else’s Ms Davis, but she would always be this man’s wife!

“Honey! Don’t tire yourself out!” Oliver Walker said affectionately.

His wife had been too busy these days!

She was so busy that he couldn’t bear to disturb her!

“Thank you,” Emilia said as she got into the car with a smile. “I can finally sleep well tonight!”

Busy and happy!

At the very least, he was much better than many busy poor people who did not have the slightest sense of happiness.

She was already very content with her current life!

Back at the Davis Mansion!

“Humph!”

Micheal Davis threw the invitation on the ground and shouted angrily, “She...” She’s demonstrating her power to me! She’s demonstrating it to me! I won’t let her have it easy! Absolutely not!”

The current Davis Group was half-dead, but the separated Heavenly Sect Pharmaceuticals was thriving. Wasn't this a slap to his face?

It was said that there was no harm without comparison, and Emilia's current achievements had already confirmed his title of trash.

How could he tolerate this?

I can't stand it!

Chapter 673 The Opening Ceremony

"Dad! Then what should we do?" William Davis asked in a deep voice.

After all, Oliver Walker was too strong. If he brazenly caused trouble, he would definitely be beaten up. This was not a matter of bringing bodyguards, but even if they did, they would not be able to defeat Emilia!

"I can't cause trouble, but I can still tear them down! We'll play it by ear then," Micheal Davis said viciously. "I don't believe that Emilia can be flawless!"

At the same time, the invite for the opening ceremony of Heavenly Sect Pharmaceuticals' new factory was indeed distributed to every member of the Chamber of Commerce.

This matter also set off a storm in the business world of Colorado!

Except for Leon Williams, they had all prepared congratulatory messages and gifts. The rest of them either had grudges or were in a hurry to take revenge, or they were still waiting to see.

Whether or not Heavenly Sect Pharmaceuticals could rise to power, it was not up to Emily!

Have you asked the Black Dragon Sect?

Have you asked Adams?

Of course, the current Adams was indeed in a miserable state, but a starving camel was still bigger than a horse!

That family business was no joke.

No matter how down and out they were, their current leading position in the cosmetics market in Colorado was still not something that Heavenly Sect Pharmaceuticals could replace.

That night, Oliver Walker also contacted his apprentice. He was bound to send a generous gift to celebrate the start of his wife's career.

He would also let the people from the Chambers of Commerce have a good look at the strength of Heavenly Sect Pharmaceuticals!

At the same time, Luke Adams, who was known as the God of Wealth, said to his assistant, "Mobilize all helicopters immediately and head to the state of Colorado to celebrate the opening ceremony of the new factory of the Heavenly Sect Pharmaceuticals."

"It must be grand!"

No matter how big or small his wife's new factory was, he had to show his sincerity.

After the order was given, helicopters from several cities around the state of Colorado were rented.

Just for a moment of splendor, he didn't care about how much money he had. He just wanted to amaze the state of Colorado and save his wife's face!

The next morning, at the industrial park in the west of the city!

Luxury cars were already parked in front of the new factory.

Basically, all the famous people in Colorado were present!

“Damn, there are so many people here!”

The corner of Micheal Davis’s mouth twitched, and her eyes were filled with jealousy.

Since when did he have the same charisma? But now, he had been pushed out of the Chamber of Commerce of the State of Colorado, and his status had plummeted.

When he saw Emilia in a black and white female business suit, her temperament was dazzling.

Even now, no one could replace the title of the number one goddess in the state of Colorado!

“Welcome, everyone, to the opening ceremony of the new Heavenly sect Pharmaceuticals factory. Please forgive me if I haven’t been a good hostess to everyone present.”

Emilia stood on the stage with a microphone in her hand and smiled at all of her guests.

That’s right!

Once upon a time, she was just as glorious!

Now, with her husband’s help, she had stood up again. Only she knew how much bitterness she had experienced.

Without money? They would only be looked down upon!

“Ms. Davis, you’re welcome!”

“Yeah, you do what you need to do. We’ll just join in the fun!”

“Congratulations, Ms. Davis!”

“...”

In the next moment, the people below the stage who had come to watch the show began to exchange pleasantries.

“What?” At this moment, a discordant voice came from the crowd. “You’re not just lacking in hospitality?”

“You’re deliberately neglecting us!”

“Which one of you here isn’t a reputable person from the state of Colorado? How dare you mock us at the opening ceremony?”

The person who spoke was Micheal Davis!

He couldn’t just watch as the rise of the Heavenly Sect Pharmaceuticals overshadowed the glory of the Davis Group!

This was absolutely not allowed. Therefore, even if he had to pick a bone from an egg. He had to cause trouble!

In an instant, the scene fell silent!

Those who had been waiting to see how Emilia would deal with it naturally stood aside and watched. Most of the people did not expect Micheal Davis, who had lost her sense of existence, to start jumping around again.

“You...”

Emilia’s expression changed slightly. It was obvious that he was here to embarrass her.

The opening ceremony would definitely be held in the factory, and it was already very sincere for the factory to be decorated like this.

It definitely couldn’t be compared to the hotel!

Opening Ceremonies like this should be held in hotels!

Chapter 674 The Opening Ceremony II

“What’s wrong?”

Micheal Davis enjoyed the feeling of being the center of attention. “Have I said something wrong?”

“Such an arrangement is even worse than my doghouse. You’re not humiliating everyone here, you’re humiliating yourself!”

These words caused the scene to become even more lively.

Emilia’s expression froze. She had put in a lot of effort into the decorations here. Just the temporary renovation, the stage, and the VIP area had cost more than three million!

Moreover, this was only temporary! But even so, Micheal Davis still said that it was worse than a doghouse!

Even if it was the dog of the richest man in the world, how luxurious could its kennel be?

“Then, what kind of extravagance do you think is considered luxurious and not neglecting you?”

Oliver Walker’s eyes were sharp. He had long known that someone would nitpick, so he was prepared.

The opening performance that Luke Adams had prepared for him would definitely not be too bad!

“Heh...”

“I’m not going to give you a gift!” Michelle Davies laughed coldly. “Your place definitely doesn’t deserved it!”

He was here to cause trouble. How could he have so many reasons?

“I won’t send you off either!”

“Like I said, this show is not sincere at all!”

“I think it’s better to just leave!”

“This is the worst opening ceremony I’ve ever seen!”

“...”

The merchants who were watching the show naturally echoed. Was there anyone who wanted to give Emilia a gift sincerely?

After all, why should Emilia rise to power?

Hearing the words below the stage, Emilia frowned slightly. Although she was angry, she knew that she had to stabilize the situation.

It was not that she was not popular, but her status had not been fully recognized by most of the people in the Chamber of Commerce in the State of Colorado.

So.. That was why!

What could she do when faced with someone who was deliberately picking on her?

If they couldn't come up with a solution, Micheal Davis would probably ruin the opening ceremony.

Emilia was really angry! However, she could only grit his teeth in anger. She could not do anything to Micheal Davis!

"I think we've been quite sincere! If you don't believe me, look up at the sky!" Oliver Walker said with a smile.

That's when everyone noticed what was happening above!

The helicopters flying over from afar were like a dense flock of birds! This must have been prepared by Luke Adams. Otherwise, there wouldn't be such a group of helicopters!

"What is it?"

"Are you toying with our intelligence?"

"There's clearly nothing!"

“...”

How sharp was Oliver Walker’s eyesight?

He could only see the size of a helicopter and only a dot, let alone those ordinary people.

“There’s nothing there!” Emilia frowned in confusion.

However, after living for so long, she believed that her husband was not a person who would shoot without thinking, but it was true that he did not!

“Don’t worry, we’ll get there soon!”

Oliver Walker smiled and stood on the podium, waiting for the arrival of the helicopters!

Emilia’s heart suddenly skipped a beat!

The voices of dissatisfaction below the stage grew louder and louder!

“What’s the point of playing with us?” Micheal Davis shouted loudly.

However... Before he could finish his sentence, a buzzing sound suddenly came from the sky. It was like a thunderclap!

“Look! Helicopters!!!

“No! That’s a fleet!”

“Oh my god, there are so many of them! How many of them are there?!”

“This... I’ve never seen so many helicopters in my life!”

“...”

Chapter 675 Micheal Davis Cleaning the Ground?

The person who had been making sarcastic remarks just now was dumbfounded!

When had they ever seen such a big scene?

There was nothing he could say against it now....

However, at this moment, Michelle Davis suddenly said with a flushed face, “This is clearly a group training helicopter group. What does it have to do with the Heavenly Sect Pharmaceuticals?!”

As soon as he said that, the entire place instantly fell silent.

That’s right!

This was just a military training. Although they had never seen so many helicopters training together, it was impossible for this to have anything to do with Heavenly Sect Pharmaceuticals!

“You’re really stubborn!”

Oliver Walker did not explain. Instead, he said with a smile, “Let’s continue watching the performance!”

“Did you find these helicopters?” asked Emilia in a low voice.

She believed it!

After all, her husband never did things according to common sense.

But... How much money would it cost for such a big event?

From her angle, there should be at least a few hundred helicopters.

According to the rental fee, how much would it cost?

Emilia couldn't help but feel a little reluctant. After all, Heavenly Sect Pharmaceuticals had invested too much recently and didn't have much liquid capital.

"No!"

Oliver Walker shook his head with a smile!

A hint of disappointment appeared in Emilia's beautiful eyes at first, but she soon heaved a sigh of relief.

Oliver Walker spoke up, "But they are indeed here to celebrate the opening ceremony of the new factory of Heavenly Sect Pharmaceuticals!"

Emilia's red lips moved slightly. She wanted to say something, but in the end, she could not say anything.

This extravagance...

It was probably the largest company in the state of Colorado.

"Hehe..."

Michelle Davis was still shouting from below the stage. “This helicopter group? If Heavenly Sect Pharmaceuticals was the one that hired them, I’ll kneel down and clean up the scene!”

His face was filled with pride.

In fact, it wouldn’t cause any substantial harm, but it would just disgust Emily and make her unable to get off the stage.

Otherwise, where would he put his face?

“I don’t think so either!”

“The rent alone is no less than ten million. There are also sky-high fees such as burning oil.”

“There really aren’t many companies that can afford it...”

“No, no, no. No, look, the helicopters have changed their formation!”

“F*ck!”

“...”

The people who were originally disdainful suddenly stopped when the hundreds of helicopters turned into the words ‘Congratulations Heavenly Sect Pharmaceuticals!’

What replaced it was a face that was so wide that its eyes were about to pop out!

However, it was far from that. In the next second, the planes released a seven-colored fog that streaked across the sky, leaving behind a long tail. It was simply gorgeous to the extreme!

“I think I heard Mr Davis say that he wanted to kneel on the ground and clean up the scene.”

“Yes, I heard about it too!”

“Bah... I... I didn't say anything!”

“...”

In their shock, after witnessing the power of Heavenly Sect Pharmaceuticals, everyone in the arena quickly turned around and attacked in order to draw a clear line between them and Micheal Davis.

Micheal Davis's face turned red as if a fishbone was stuck in his throat. He felt his entire body burning. In the end, he left in a hurry with a cold face in an embarrassing situation.

Indeed, if he continued to stay here, he was afraid that these people would definitely belittle him to the point of being worthless in order to please Heavenly Sect Pharmaceuticals.

This... was human nature.

Oliver Walker and Emilia, who were still watching the grand performance of the sky helicopters on the stage, were not in the mood to pay attention to Micheal Davis, who was running away in a panic.

“I'm very curious. Who invited them?”

“I'm afraid that there aren't even so many helicopter rental companies in the entire state of Colorado.”

Emilia's pretty face was filled with shock. When she finished speaking, she looked at her husband beside her.

“I heard him say that he rented all the helicopters in the surrounding cities,” Oliver Walker said with a smile.

“Then... How much did it cost?”

Oliver Walker shrugged. “I don’t care about money so I don’t know.”

His answer made Emilia roll her eyes.

Chapter 676 An uninvited guest

“Buzz, buzz, buzz...”

When the helicopters flew over their heads, the hatch of each helicopter opened in an instant. Red vertical banners that were more than ten meters long and filled with blessings fell at the same time!

“Awesome, awesome!”

“Amazing!”

“Heavenly Sect Pharmaceuticals’s financial resources would be able to kill Adams Group instantly.”

“...”

The scale of each group’s opening ceremony was actually regulated.

The grander it was, the stronger the group was!

“Heavenly Dragon Group’s Chairman, Leon Williams, offers his congratulations to the God of Fortune, the Golden Jade, and congratulates Heavenly Sect Pharmaceuticals on the start of the new plant!”

“Luna Thomas, the daughter of Thomas Company in East Ocean City, sends a congratulatory gift of 8.88 million to congratulate the start of the new plant of Heavenly Sect Pharmaceuticals!”

“Chairman of the Jinfeng Grand Hotel in Colorado...”

“...”

Every time the emcee announced a name, everyone present would be shocked!

This...

All these f*cking influential people were present, right?

Leon Williams was the wealthiest man in the state of Colorado and the president of the Chamber of Commerce!

Luna Thomas’s status wasn’t bad either. Thomas Company was the number one company in Eastern City!

The remaining people were naturally famous big shots!

On the contrary, those who had been waiting to see a joke and had no intention of preparing congratulatory gifts were all shocked.

What did such a grand display and such a huge commotion mean?

It showed the strength of the Heavenly Sect Pharmaceuticals!

It also meant that Emilia’s status in the top society of the state of Colorado had already been recognized!

“Cough cough...And me...”

“I’m the boss of Taihang Company. I’m here to present a gift of 680,000...”

“I, I, I...”

Soon, the people who were scared silly started to send gifts after learning about the true strength of Heavenly Sect Pharmaceuticals.

In fact, there was no special reason. It was just that this bit of money was indeed nothing to a businessman.

However, connections were very important.

If they didn’t pay the monetary gift, they wouldn’t even be qualified to sit here!

Oliver Walker smiled. “How is it? Are you satisfied?”

“Yes!” Emilia remained calm.

In fact, it was only on the surface that he looked calm. In reality, his heart was filled with surging waves!

“Sister Emilia, congratulations!”

At this moment, Luna Thomas walked up with a smile on her face.

“Where have you been recently?! I haven’t heard anything from you! How did you make it here today?!”

She had a very good relationship with Luna Thomas. The two of them became friends when Luna Thomas got into a car accident. However, she had been very busy recently and had not had the time to contact Luna Thomas.

“Hehe... You’re a busy man now. How would I dare to disturb you?” Luna Thomas laughed.

“Tell me the truth!” Emilia pretended to be unhappy.

“I used to run a luxury store,” Luna Thomas said playfully. “My dad thinks I’m not doing my job properly, so he pulled me back and gave me a lecture. He also said that if I’m not interested in my family’s business, he’ll give me one billion to start a new company.”

“I’m still confused! You didn’t come here here to flaunt in my face?” Emilia was envious.

Luna Thomas waved her hand. “No, no, Sister Emily, you go ahead. We’ll talk more after this!”

She knew that Emilia was very busy, so she did not waste any more precious time.

Emilia was also preparing to entertain the other guests!

After all, Leon Williams and the others were also big shots with status. It was not good to leave them at the side!

“Yo... How lively!”

“What’s going on?” Just as everyone was celebrating, a discordant voice sounded in the VIP area. “So many of them have brought gifts, if I don’t bring one, wouldn’t I be the one out of place?”

Chapter 677 Emma Adams

When Emma Adams appeared in the VIP area, she had a devilish smile on her face.

This time, she came prepared.

She also had someone supporting her!

She did not believe that she couldn't destroy the Heavenly Sect Pharmaceuticals.

Plus, she felt even more furious when she saw the new factory. After all, at the factory bidding, Emilia and Oliver Walker had worked together to scam more than a billion yuan.

Her factory was still abandoned there.

Adams Group's sales had been declining ever since the birth of the Heavenly Sect Pharmaceuticals, resulting in an overproduction. They could only offer discounts.

Everyone present laughed.

Heavenly Sect Pharmaceuticals and Adams Group were fighting for the leading position in the cosmetics industry in the state of Colorado.

However, from the looks of it, Heavenly Sect Pharmaceuticals had the upper hand!

"Welcome, President Adams!"

Emilia was generous and did not show any neglect because they were competitors.

Although Adams had used many dirty tricks, at least on the surface, they still had to maintain their relationship.

Otherwise, it wouldn't make sense!

"Hehe..."

Emma Adams stood on the red carpet in the aisle and smiled contemptuously.

It also caused the atmosphere at the scene to fall into an awkward state.

Leon Williams's expression froze. He knew that Emma Adams was not here to congratulate them. She was clearly here to cause trouble.

Then, he lowered his voice. "Director Adams, if you want to send a congratulatory gift, please hurry up. There are still many ceremonies to come."

Such a reminder could be considered as giving Emma Adams a way out.

But... The real purpose was to not let the joyous event encounter bad luck and ruin the celebration. This was a taboo for businessmen!

"What if I don't? What can you do to me?"

Emma Adams' expression suddenly turned cold. She crossed her arms and looked domineering.

Her answer made everyone present suck in a cold breath.

Was Emma Adams crazy?

How dare she contradict Leon Williams?

It was ridiculous!

Who gave her the confidence?

"You..."

Leon Williams wanted to get angry, but in the end, considering that this was Oliver Walker's celebratory event, he could only endure it.

Emilia also frowned slightly. It was obvious that Emma Adams did not care about morality, but it was also right. Since when did Emma Adams talk about morality?

"So..."

Oliver Walker narrowed his eyes, still wearing a calm smile. "Are you here to cause trouble?"

Emma Adams glanced at him and scolded. "Do you have the right to speak here? You really don't know the rules at all! You're not even as good as Mike, and you still dare to jump in front of me?"

As soon as he said that, Mike, who saw Emma Adams again, felt even more uncomfortable.

After all, he had once loved Emma Adams, and it was from the bottom of his heart.

"Impudent!"

At the same time, Leon Williams couldn't hold it in anymore. After all, things were already unpleasant. If he didn't stop it in time, things would only get worse. "Who are you to talk to Mr. Walker like that? If you don't get lost now, I think there's no need for you to stay here in Colorado!"

As the president of the Chamber of Commerce and the most influential businessman in the business world of the state of Colorado, he naturally had the right to say such words.

It would be troublesome for him to deal with Emma Adams, but it was not impossible!

"What are you here for?" asked Emilia coldly.

When the atmosphere froze, it was naturally impossible for her to be in a good mood!

Who would feel comfortable when their competitors deliberately caused trouble when they opened their business?

“I’m here to give you a gift!”

Emma Adams’ tone was firm. She waved her hand behind her. “Bring me the generous gifts. Let the business world of the State of Colorado see the spirit of Adams!”

A generous gift?

Naturally not!

Moreover, anyone with discerning eyes could feel that the air was filled with a thick smell of gunpowder.

Oliver Walker did not speak!

Emilia remained silent!

Similarly, Leon Williams and the others also looked at a cuboid covered in red cloth carried by two bodyguards.

What was Emma Adams going to present? How was she going to court death?

The people present could not help but hold their breaths!

“Look carefully, this is my gift to Heavenly Sect Pharmaceuticals!”

A hint of ruthlessness flashed across Emma Adams’ eyes. Then, she waved her hand and tore off the red cloth!

Chapter 678 Emma Adams Embarrassed

A pendulum clock that was more than a meter tall also appeared in everyone's sight!

In an instant, Emilia, who had been suppressing her anger and maintaining a smile, was truly furious.

Leon Williams, Luna Thomas, and the others!

They were all indignant!

"A clock!"

"She actually gave Emilia a clock!"

"Even if they're competitors, there's no need to do this, right?"

"This is too much!"

"..."

Was Emma Adams cornered by Heavenly Sect Pharmaceuticals?

And one had to know that giving a bell was a big taboo!

After all, sending the clock had the same meaning as sending off the dead.

She was cursing Emilia and Oliver Walker to die on this festive day!

“Impudent!”

“I think you’re courting death!”

“Adams Group is really getting more and more arrogant!”

“...”

Leon Williams, Luna Thomas, and the others were furious.

How could he tolerate this?

How could he endure this?

At the same time, Emilia’s angry glare slowly disappeared. It was replaced by a smile. She then asked, “Husband, I don’t think we have a second child other than Olivia, right?”

Such words stunned everyone!

Talking about such a topic on such an occasion?

She was actually not mad at Emma Adams?

Was it magnanimity or helplessness?

“It seems that we only have one daughter, unless you gave birth to twins behind my back.”

Oliver Walker understood immediately and cooperated. “But isn’t this daughter growing too fast?”

“Yes, you’re right!” Emilia nodded.

Such a conversation stunned most people.

But soon, the entire room burst into laughter.

Emma Adams was asking to be humiliated!

“Let me ask her!”

“Alright, then ask!”

The conversation between the husband and wife was seamless.

“You’re in such a hurry to support us in our old age. Are you trying to inherit the family business?” Emilia turned around and said.

“But from the beginning to the end, you haven’t called us Dad or Mom! How do you want us to hand over A pendulum clock that was more than a meter tall also appeared in everyone’s sight!

In an instant, Emily, who had been suppressing her anger and maintaining a smile, was truly furious.

Leon Williams, Luna Thomas, and the others!

They were all indignant!

“Bell?”

“She actually gave me a bell!”

“Even if they’re competitors, there’s no need to do this, right?”

“This is too much!”

“...”

Was Emma Adams cornered by Doctor Davis?

And one had to know that giving a bell was a big taboo!

After all, sending the bell had the same pronunciation as sending off the dead.

He was cursing Emily and Oliver Walker to die!

Furthermore, it was on a festive day.

“Impudent!”

“I think you’re courting death!”

“Adams Group is really getting more and more arrogant!”

“...”

Leon Williams, Luna Thomas, and the others were furious.

How could he tolerate this?

How could he endure this?

At the same time, Amelia's angry glare slowly disappeared. It was replaced by a smile. She then asked, "Hubby, I don't think we have a second child other than Olivia, right?"

Such words stunned everyone!

Talking about such a topic on such an occasion?

He's actually not angry?

Was it magnanimity or helplessness?

"It seems that we only have one daughter, unless you gave birth to twins behind my back."

Oliver Walker understood immediately and cooperated. "But isn't this daughter growing too fast?" he asked.

"Yes, you're right!" Emilia nodded.

Such a conversation stunned most people.

But soon, the entire room burst into laughter.

Emma Adams was asking to be humiliated!

"Let me ask her!"

"Alright, then ask!"

The conversation between the husband and wife was seamless.

“You’re in such a hurry to support us in our old age. Are you trying to inherit the family business? But from the beginning to the end, you haven’t called us Dad or Mom! How do you want us to hand over Heavenly Sect Pharmaceuticals to you?”

As she spoke, the crowd burst into enthusiastic applause.

It had to be said that Emilia was indeed quick-witted and quickly found a way to humiliate Emma Adams.

Trying to send them off after they’ve dead?

That was something a younger generation does for their elders.

Didn’t that mean that Emma Adams had acknowledged Oliver Walker and Emilia as her godfather and godmother?

“Congratulations to Mr. Walker and Ms Davis for having such a big daughter!”

“But this daughter doesn’t seem to be filial,” Leon Williams said with a smile. “I think it’s time to buy the Adams Group.”

“So I’m going to be an auntie again?” Luna Thomas said with a smile.

“Am I that old?”

As Leon Williams, the richest man in the state of Colorado, and the daughter of Thomas Corporation, the number one company in Eastern City, spoke together, everyone present knew what was going on.

No matter how strong the Adams Group was, they would not have a good life in the future.

It was definitely closed down! It would depend on whether he could last for a week or half a month!

“You... You guys...”

Emma Adams was so angry that her lungs were about to explode. Her expression was extremely ugly. She roared out of embarrassment, “You’ll pay the price!”

She had someone backing her up. Otherwise, she wouldn’t have dared to do such a bold thing. She was not afraid at all but she was mad!

She wanted to make things difficult, but she ended up getting humiliated instead!

“Anyone can say harsh words but let me give you a piece of advice,” Oliver Walker said indifferently. “Don’t seek your own death after humiliating yourself.”

“Get lost!”

As soon as he finished speaking, an aura that could topple mountains and overturn seas instantly covered the entire scene.

Chapter 679 Perfect Curtain Call

If it weren’t for today’s special occasion, Oliver Walker would have made his move long ago.

He had to be ruthless when dealing with someone like Emma Adams.

Of course, it could not be ruled out that Emma Adams felt the pressure from the Heavenly Sect Pharmaceuticals.

Therefore, jumping around now was the last act of insolence!

“Heh... Hahaha...”

Emma Adams looked up at the sky and roared. “Alright, I can get off work now. There will be someone on duty next! I’m telling you, the weather is about to change in colorado.”

“He, Leon Williams, is nothing! And the same goes for Emilia! Everyone present, I will remember how you laughed at me. I will definitely return the favor in the future!”

Emma Adams shouted as she walked!

His eyes were filled with fierceness!

“Madman!”

“She’s really hopeless!”

“What kind of joke is this?”

“...”

Everyone present sighed.

Just a few days ago, Emma Adams was the richest woman in Colorado.

However, ever since the bid, she had fallen into such a situation.

This was the real business world!

There were also many people who were billionaires a second ago, but in the next second, they became old scammers who needed to be cleared of their assets.

Such a situation was naturally not surprising after seeing it many times!

“Although some unpleasantness happened, Ms Davis resolved it with his witty and humorous words. Why don’t we cut the ribbon now?” Leon Williams said with a smile.

“Say goodbye to the low point of the past and march towards a higher future!”

“Alright!” Emilia nodded.

She had no choice!

Otherwise, why would she allow herself to be bullied like this?

Oliver Walker also gave Aiden and Mike a look, asking them to move the huge pendulum clock to another place.

Such a ‘generous gift’ had to be returned!

Leon Williams, as the richest man in the state of Colorado, naturally had no objections to being the ribbon-cutting guest.

‘Bang bang bang...’

When scissors cut the red string, he raised the red flower and handed it to Amelia.

The next moment, fireworks and firecrackers burst out, and the applause was thunderous.

'Buzz, buzz, buzz...'

"Who is it?"

'Rumble...''

Soon, more than ten cars, with full power, violently knocked down the factory gate.

This was not it!

Jack had ordered his underlings to drive the car and crash into the crowd!

"Ah..."

After the crisis ended,, the order of the scene instantly fell into chaos. No one had expected that things would develop to such an extent.

"What should we do now?" Emilia was furious.

Seeing that the ribbon-cutting ceremony was over, they only needed to leave, but someone was unwilling to let them have a perfect curtain call.

If anyone got hurt her, the situation would only be even more troublesome!

"Don't be anxious!"

Oliver Walker's anger had already accumulated to the point where it was difficult to be reignited. He immediately shouted, "Everyone, leave now in an orderly manner!"

"Mike, Aiden!"

As soon as he finished speaking, the two of them had already rushed towards the speeding car with anger.

No matter what, they had to stop this disaster.

However, Emma Adams's lawlessness also made Oliver Walker remember it completely. If he didn't cripple this vicious woman, he would be letting down his still beating heart.

This was simply too much!

"Run!"

"Hurry up and leave!"

"..."

The scene became more and more chaotic.

As for those who fled in a hurry, they did not care about their status and face.

All of them ran as fast as they could.

Otherwise, if he was crushed by the wheels, how miserable would he die?

"Bang..."

When the first car knocked down more than 20 chairs in a row, the hood was directly scrapped.

Aiden's eyes flashed with a cold light as he jumped into the car like a ghost!

Chapter 680 Cleaning Up After Themselves

He wanted to see who would dare to cause trouble in front of him.

At the same time, Mike also took the opportunity to attack!

“No!”

“No!”

Freddy Martin frowned.

He was familiar with these license plates and cars!

Black Dragon Sect!

“What happened?”

Oliver Walker asked in a deep voice. He really wanted to know who was courting death behind the scenes!

Otherwise, he wouldn't be able to take this lying down.

“Jack's men!”

Freddy Martin's face was gloomy, but he quickly explained in fear, “Mr. Walker, I really didn't know about this. I didn't arrange it!”

F * ck!

First, it was Andy, that unlucky fellow, who caused him to lose more than a hundred fully armed elites.

Now even Jack was rebelling!

Freddy Martin panicked. "I'll call him now. Don't worry, I'll definitely explain this matter."

How dare he not?!

If he didn't have an explanation to Oliver Walker, he would end up getting slice into pieces.

After all, Oliver Walker's methods were even crueller than his.

Oliver Walker did not speak...

Jack?

He was still respectful in front of him yesterday, and now Jack was rebelling?

First Emma Adams, then Andy. Someone must have done something behind the scenes!

And in the state of Colorado, who else could subdue the Black Dragon Sect?

He finally understood why Emma Adams was fearless! But could she really be fearless?

"Jack, what the f*ck is wrong with you?"

The moment the call went through, Freddy Martin cursed angrily. Wasn't this pushing him to his death?

How hateful!

When he returned, he would definitely cut this damned fellow into pieces.

“Freddy Martin, I’m not afraid of you anymore!”

Jack smiled coldly. “My underlings and brothers, none of them are convinced. You have eaten and drunk your fill, but what about us if we close the casino?”

“Go to hell!”

Freddy Martin’s face darkened.

“Since I’ve done it, I won’t be afraid of you!” Jack said.

“Bringing our brothers and giving away the territory that we fought so hard for? I disagree!”

Freddy Martin was speechless. He had already considered this outcome.

He was also prepared to hand over the legitimate business in his hands to the Black Dragon Sect. However, he did not expect Jack’s betrayal to come so quickly, catching him off guard!

‘Beep, beep, beep...’

When he wanted to speak again, Jack had already hung up.

His eyes were lifeless, and his body was trembling. He said in fear, “Mr. Walker, it’s all my fault. I didn’t teach them well, but please give me a chance to redeem myself. I will clean them up!”

Oliver Walker shook his head. "It's not that simple. More people are coming into Colorado. I'm afraid you don't have the ability to clean it up anymore."

Since the other party had already made a move, they would definitely not show any mercy. The other six valiant generals of Freddy Martin had probably been subdued as well.

"I..."

Freddy Martin was dumbfounded and wanted to argue!

"This is not your fault! I'll handle it!" Oliver Walker said coldly.

It was obvious that even if Freddy Martin was not a commander without an army, he probably did not have many subordinates that he could use.

He didn't care about the Black Dragon Sect.

It was about the mastermind who had secretly taken control of the Black Dragon Sect overnight!

"Boss!"

Mike walked over and said angrily, "We caught eight of them alive. The remaining cars all ran away. We didn't chase after them!"

"Those bastards ran too fast!"

"You're here?" Oliver Walker's eyes flashed coldly. "Save them all for me. Get ready for work tonight."

During the day, the target was too big!

It was better to do things in the underworld at night. Otherwise, if they disturbed the people, the impact would be very bad.

“Yes, sir!”

Mike nodded solemnly, “I really didn’t expect these bastards to be so lawless.”

Oliver Walker did not say anything. Instead, he turned around and left.

At the same time, Freddy Martin also boarded the car and headed to the mountaintop villa.

Although he didn’t know exactly what had happened, he believed that he still had the means to clean up his own place. Therefore, those who betrayed him would definitely die!
