Chapter 711 I Will Never Agree To It!

At this moment, an angry shout came from outside!

Oliver Walker's expression changed slightly.

"Boss, I've embarrassed the company!"

Mike's face was filled with guilt. That feeling was really uncomfortable!

Oliver Walker glared at him. "Remember. Apologize when you get out of there. If you hit them again, I'll beat you up!"

After he finished speaking, he walked out.

At the same time, the employees of the company had already walked out!

"Isn't this Sarah Lee's mother?"

"It is!"

"Who's Mike?"

"Is there someone with that name working in our company?"

"..."

Since they were all colleagues, and Sarah Lee was kind and modest, she was quite popular. As for Mike, he usually did not talk much, so many people knew him, but no one knew his name. It was even more impossible for them to know the relationship between Sarah Lee and Mike.

“Mom, calm down first!”

“This is the company, you... If you do this...How am I supposed to work here in the future?”

Sarah Lee’s face was flushed red. She was so anxious that she wanted to drag her mother away right now. Disturbing the company’s order was fine, but if the company wanted to make them pay, they would definitely go through the judicial process.

“You... Shut up!”

Mrs. Lee looked rather refined and did not say anything insulting. However, she had a black eye. It was obvious that she had been punched. “I’m here to look for Mike. What does it have to do with the company? If he’s still a man, he should show himself!”

Her heart was filled with anger! She was really filled with anger!

At the same time, Emilia rushed out after hearing the commotion. “What happened to you?”

She knew Sarah Lee’s mother.

Her name was Katherine, and she was a very cultured educator. If she wasn’t forced into a corner, she definitely wouldn’t have done such an extreme thing!

“Ms. Davis, sorry for the trouble!”

“I... I...”

Katherine was in pain.

“Auntie, what’s the matter? Come in and talk,” said Emilia with a frown.

“It’s not good to be outside!”

Sarah Lee was also anxious, but she did not dare to say anything. She was getting embarrassed here in public!

“No, I’m here to look for someone, not to cause trouble!”

Katherine was indeed angry. “It’s said that men and women should get married when they’re of age. I don’t object to Sarah Lee dating. I even heard that she was very happy after she got a boyfriend.

“But... But I didn’t know until yesterday that Mike is five years younger than me! He’s eighteen years older than my daughter!”

“Ms. Davis, please be reasonable. This... Can I agree to this marriage?”

“Auntie, please calm down. The country is now advocating free love. I think you should listen to Sarah Lee’s opinion. After all, times have changed!”

She knew that this matter was indeed a little inappropriate. But then again, Sarah Lee was the one who pursued Mike. Plus, Mike may be a little old but at least he was a decent person.

He was definitely someone that Sarah Lee could depend on. Therefore, Emilia was trying her best to say good things about Mike.

“Ms. Davis, I can’t agree with what you said! I’m a dignified middle school teacher and can be considered a cultured person. I only said a few things to my daughter because of this issue and I ended up getting punched in the eye!

“Do you think I would dare to agree to my daughter’s request to spend the rest of her life with such a person?”

“Of course not!”

“I did propose a betrothal gift of 10 million, but that was not because I was snobbish. It was from the bottom of my heart that I did not want them to be together!”

The 10 million betrothal gift was indeed just to make Mike retreat. In other words, this was not a matter of money. Even if Mike really took out 10 million or even 20 million, she might not agree to it. After all, the age difference between the two had already reached a level that she could not accept at all!

Chapter 712 Trying To Calm the Mother

In fact, at this moment, Mike was outside the crowd. He did not know how to face it. However, he was pushed into the crowd by Oliver Walker and appeared in front of everyone!

Apologize!

He had to apologize!

No matter who it was, they couldn’t just let it go after doing something wrong! Moreover, Katherine really didn’t go overboard. It was reasonable for her to come looking for him!

“Alright! You actually dare to come out!”

“Look!” Katherine was furious. “It was him who hit me! How can I trust such a person with my daughter? I only have one daughter!”

Her daughter was her everything! She really did not have any selfish motives in doing so. It was completely out of her duty and responsibility as a mother!

Oliver Walker and Emilia felt a headache coming on. If Katherine was really being unreasonable, it would be easy to deal with her but she wasn't doing anything out of line!

"Auntie...Yes... I'm sorry!"

Mike lowered his head. "I'm not good with words. You can hit or scold me as you like. As long as it can make you vent your anger, don't make things difficult for her. It's all my fault!"

Such sincere words touched Sarah Lee's young heart once again. The staff of Heavenly Sect Pharmaceuticals also suddenly realized that Mike was the burly man who guarded Emily's door every day.

"You..."

Katherine waved her hand, wanting to hit Mike, but in the end, she stopped in mid-air for a long time. "I'm a cultured person. I don't hit people!"

Seeing this scene, Emilia heaved a sigh of relief. She quickly said, "Auntie, things have to be settled. Why don't we come in and have a chat?"

Actually, it wasn't a matter of whether it would affect them or not. It was a matter of finding a solution. It was useless to argue!

"Ms. Davis, I'm really sorry to have troubled you," said Katherine, who was not an unreasonable person.

"Sigh..."

She glared at Mike angrily and then glanced at her daughter beside her. Her sigh was filled with the helplessness of a mother.

"Sarah Lee, teach him a lesson. If he dares to fight back, I'll come out and help you treat him!" Oliver Walker said resentfully towards the couple and followed his wife into the room.

Of course, this sentence was also to ease Katherine's emotions and make it easier for them to discuss the matter. Sarah Lee also knew that her boss were both helping her and Mike, so her eyes were filled with gratitude.

Otherwise, she really didn't know how to deal with this kind of thing.

There were only three people in the office!

"Auntie, you have to believe that Mike was just impulsive. He's actually an honest man." Emilia said earnestly.

"Perhaps he made a mistake because he saw Sarah Lee being bullied, so he made a mistake out of love. This also proves that he really cares about Sarah Lee!"

If it was possible, of course, she hoped that this marriage would succeed. After all, Sarah Lee had a good relationship with her, and Mike was Oliver Walker's brother. They were not outsiders.

Emilia would first minimize the matter and then secretly express the fact that the two of them were truly in love.

"Ms. Davis! You have to understand it from our point of view as well!"

Katherine shook her head. "If he was a little younger, even if he was ten years older, I could still reluctantly accept it. But... But if this succeeds, how will I face everyone else? Plus, people are unpredictable. They might even scold us for allowing our daughter.... To be sold to such an old man for money!

"We're.... We're not that kind of family!"

Emilia found it difficult to answer. After all, what Katherine said was also a common social phenomenon. Her worries were not without reason!

This... It was really troublesome!

Chapter 713 Mike's Identity

"Auntie, the fact is that.... Mike is indeed a little old. I don't think that's a problem. Instead, he knows how to care for your daughter. You said it yourself. Sarah Lee is your only child. Do you want to force her to marry someone she doesn't like so that you wouldn't be judged by the public?"

"But..." Katherine frowned.

"Auntie," Oliver Walker said with a smile, "You should know that Sarah Lee isn't a child anymore. She's twenty-two this year, right? She already has her own opinion."

"There must be something about Mike that attracts her. There is no such thing as inexplicable love in this world!"

Mike's appearance was indeed a little ordinary. Coupled with the cruel training he had received, his skin was dark and he looked like a kind old farmer. Perhaps in the eyes of a snob, this kind of appearance was not likable.

However, it was obvious that Katherine was the kind of person who was reasonable and did not seek wealth, but only peace. Therefore, being honest and kind became Mike's greatest strength.

"Sigh... Since we're done talking about the secular world, let's talk about reality." Katherine sighed again.

"Mike is a man in his forties. It's fine if he doesn't have a car now. He doesn't even have a house or any savings! This..."

Although she was not a materialistic person, there were many facts that she had to face. They only had one daughter, and she would grow old one day.

At this point, Mike could only support himself. Could they still count on him to support them when they grow old.

The atmosphere instantly fell silent!

Emilia's red lips moved slightly. She wanted to speak, but in the end, she hesitated.

"Auntie, since you're worried about this, I'll tell you the truth. He's not just a security guard," Oliver Walker said with a smile. "His real identity is a little more complicated than you think. He's serving the country now! The security guard is just his hidden identity!"

"I... Do you understand?"

At this moment, Mike was indeed working for the country. Although he was not officially in the organization, under his command, he would play a very big role in the entire society. Perhaps Mike did not hold a major role in the country now but he was still serving the country.

In the future, they would not only have to protect the dark night of the state of Colorado, but also the dark night of the entire country!

After all, organizations like the Black Dragon Sect did not only exist in the state of Colorado. It wasn't an exaggeration to say that there will be gangs and crowds like them as long as there was civilization.

And where there was a pugilistic world, there would definitely be black and white!

"You mean..."

Katherine's eyes lit up. As a cultured person, she naturally understood the hint in Oliver Walker's words.

"Auntie, how about this? He's working under me now. If there's anything he doesn't do well in the future, feel free to tell me!"

“As long as you agree to this marriage, we’ll do everything we can to prepare for a grand wedding,” said Oliver Walker with a smile.

“To make up for his contribution to the country!”

The atmosphere fell silent!

Oliver Walker’s words were very clever. He did not lie, but he was definitely offering something that wasn’t true to Katherine.

The fact that Mike was a hero, a spy for the country that could not reveal his true identity. The reason why he hadn’t gotten married for so many years must have been because of work.

If he was really an unsung hero of the country, then her daughter did not marry the wrong person.

Plus, this wasn’t entirely a lie.

In fact, ever since Mike worked for Oliver Walker, he had been doing things to eliminate the Black Dragon Sect. Up until now, the Black Dragon Sect’s harm to society was already very small. The number of people had also been reduced to a controllable range.

Chapter 714 Is He Really Working For The Country?

Weren’t these credits as well?

However, with Mike’s identity, it was destined that he would not be able to get an official establishment. At the same time, Katherine was in a dilemma. She frowned and asked seriously, “I want to know if he’s really working for the country?”

What she was conflicted about now was Mike’s identity.

Logically speaking, Davies was just an ordinary company. Even if he was a spy, he could not be in this company, right?

Emilia frowned slightly because Oliver Walker was obviously lying. He raised Mike to a height that he should not have.

“Auntie, this is my ID!”

Oliver Walker took out a red notebook and handed it to Katherine. “I can’t reveal too much!”

When Katherine saw the identity information on the notebook, she was shocked at first, then she stood up solemnly, her eyes filled with respect!

“Auntie, what do you think?”

Oliver Walker asked again while the iron was hot.

In fact, he did not have full confidence in convincing the older generation, but Mike’s character was worth giving it a try.

“I... I’ll think about it!”

Katherine was very rational. Things had to be different. She could not gamble on her daughter’s future happiness. After all, until now, Mike had an extremely bad impression in her heart.

“Come out with me for a while. Let Auntie think about it carefully!”

Emilia was a little angry, but she didn’t show it too clearly. Perhaps Oliver Walker lied to help Mike and Sarah Lee, but this lie was essentially a fraud.

“Alright!”

Oliver Walker smiled. He knew why his wife was looking for him. Now, it was time for his wife to know Mike's true identity. He was really not an ordinary security guard.

"Mr. Davis, Boss, she... What did she say?"

Mike became even more nervous when he saw the two of them go out. Sarah Lee, who was beside him, also looked anxious.

"Don't worry, this matter is basically done!"

Oliver Walker reassured the two of them first. Then, he said earnestly, "But I'll have to say this upfront. Auntie is a good person. If you dare to do something stupid again, I'll be the first to come at you!"

Like most mothers, Katherine was very concerned about her daughter. It was precisely because of this that such a situation had occurred. All her actions were reasonable.

"Boss, you also know that I'm a dumb talker!"

Mike said with a solemn expression, "In the future, whatever you say goes! As long as she agrees with it, I will not do anything bad against them!"

He had indeed acted on impulse yesterday afternoon. It was indeed because he cared about Sarah Lee, and he was already very careful at that time. However, he did not expect Katherine to be too intense, which led to something bad happening.

"Yes!"

Oliver Walker patted Mike's strong shoulder and exhorted him again. "Go in and apologize to Aunty. With your stubborn temper, if you dare to go overboard again, I'll teach you a lesson."

An elder was an elder! No matter who Mike used to be, he could not be arrogant.

Moreover, Katherine was indeed a respectable elder. What was wrong with him? Mike nodded and brought Sarah Lee into the office.

On the contrary, it was Emilia and Oliver Walker who came to the stairs!

“Honey, do you know what you’re doing? I don’t mind if it’s true,” said Emilia with a frown. “But now... You’re clearly lying about it!”

She could not understand why her husband would lie about this. If they wanted to become husband and wife, they naturally had to know each other well. She did not think that Mike was bad, but he was indeed not that great.

Oliver Walker lit a cigarette and took a deep puff. “Who told you that this isn’t real? But it’s my fault for not having the time to tell you his true identity.”

Chapter 715 I Can’t Afford Them!

“Who exactly is he?”

Emilia felt that something was unusual, but she asked herself honestly. She did not look down on Mike. She just felt that Oliver Walker’s deception was a kind of harm to Katherine, so she was angry.

“He and Aiden are both famous mercenary kings! You might not know much about these things,” Oliver Walker said. “But let me tell you this. He’s not an ordinary security guard.”

“For example, it’s not an exaggeration to say that he alone can destroy the entire Black Dragon Sect!”

“This...” Emilia frowned.

Oliver Walker added, “I’m being serious. I’m not joking. According to the price in the industry, he’ll be paid 100 million for each successful mission. If he were to be hired as a bodyguard, his annual salary wouldn’t be less than one billion.”

This wasn't an exaggeration. This was the value of a mercenary king.

Emilia's red lips moved slightly, but she wanted to say something but hesitated...

One billion!

This... Looking at her husband's expression, it seemed like he was not joking. In other words, Mike and Aiden alone would have an annual salary of 2 billion?

The total market value of her company was only a few billion!

Would they be able to afford these people to work for them?

"Mercenaries? A real mercenary?" Emilia asked. "Are they people who would do anything for money? No faith, no justice?"

That was what they said on TV! That was why she was afraid that if...

"Indeed!"

Oliver Walker did not deny it. "But you can rest assured. They are different. Mike's faith has changed. He is indeed working for me now. And Aiden, he almost died at the border just to get home! They are all serving the country now!"

He had seen countless people! Therefore, he still had this bit of confidence!

"What?" Emilia gasped. "Then I'll have to raise their wages, but... I can't afford it either!"

She didn't know if she should be happy or sad about this. She had always made a clear distinction between public and private affairs. She never squeezed the blood and sweat of the workers as her code of conduct.

However, who knew that there were two grim reapers sitting in the company? How was she going to pay them? If she really gave it to them, she would go bankrupt in less than a year!

"You don't have to worry about their salary! They are now supernumerary personnel of the special department," Oliver Walker said with a smile. "We will provide them with the corresponding treatment."

"As for them working here, it's considered earning extras. There's no need to feel any burden."

There were many capable people in the army. If they really paid according to the market price of mercenaries, how bad would that be?

A year's military expenditure was not even enough to cover a person's normal expenses. In fact, the salary of his five disciples wasn't that high either. Those who did this job were loyal to the country and the flag.

Who would join the army for money?

"That's good!"

Emilia's nervous heart finally heaved a sigh of relief.

At the same time, in the office!

"You have to think about it carefully. Our family motto is to be faithful until the end. You should know what kind of temper your father has. You can't be willful after marriage!"

After Katherine accepted Mike's apology, she began lecturing her daughter again. To be honest, if it weren't for Oliver Walker, she really wouldn't have agreed.

After all... Putting aside Mike's identity, there was no one who was worthy of their daughter.

"Mom! I've really thought it through!"

Sarah Lee went from being shy to nervous and afraid. Now, she was waiting for happiness to knock on her door.

In fact, what she liked was Mike's bravery and honesty. Among the young girls, some were materialistic, while others were realistic. Of course, there were also people who could risk their lives for love.

"Mike, you have to treat her well! Otherwise, Mr. Walker won't let you off!" Katherine turned around and said.

Chapter 716 Happily Ever After

Mike smiled foolishly and nodded repeatedly.

"Auntie..."

"What did you call me?" Katherine's face turned stiff.

Mike looked puzzled. He didn't feel that there was anything wrong with this form of address! Although the age difference wasn't too big, with seniority, didn't she have to call her auntie?

"Idiot! Call her mom!" Sarah Lee complained.

Mike instantly reacted.

Katherine nodded in satisfaction. "Okay, that's it. You guys have to work hard. Ms. Davis is a good person. You can't let her down!"

In fact, from their conversation, she could feel that Emilia did not have the arrogance of a rich person. On the contrary, she was very approachable. It was rare to see such a young and promising chairman.

"Got it, Mom! Take care!" Sarah Lee smiled.

"You're not even married yet, and you're already thinking of ways to chase me away?" Katherine glanced at her and pretended to be angry.

"Of course not!" Sarah Lee said playfully.

After a few more instructions, Katherine stood up and walked to the door!

At the same time, Oliver Walker and Emilia also knew the answer when they saw the smiles on Sarah Lee and Mike's faces.

"Ma. Davis, I'm really sorry for today! I've been a nuisance today." Katherine apologized.

"No, no!" Emilia smiled generously.

"We should head for lunch together now!"

"School is starting soon, isn't it? I have to go back to school to prepare for work," said Katherine with a smile.

"Come to my house another day. I'll treat you!"

After a few more greetings, Katherine finally left the office and the matter was finally resolved perfectly!

After lunch, Mike sat at the door and smiled foolishly. This made Aiden jealous!

“Well, it’s a beautiful day.”

It was actually quite good to be able to let Mike have a home. Sarah Lee was also much better than Emma Adams!

“How can it not be beautiful? I never thought that I would be able to get such a beautiful and young wife in my life!” Mike said excitedly.

“Hehehe... Boss, from now on, my life is yours!”

“Boss, when are you going to give me a wife?” Aiden asked sourly.

Oliver Walker smiled “If you want a wife, you have to fight for it yourself.”

“I’m such a fool. Why did I expect anything else.” Aiden was disappointed. He was a lost child. All these years, he had been trying to find his way home, but it was so difficult.

Oliver Walker went forward to comfort him. “I’ll introduce you to someone suitable!”

Mike smiled and said, “Our boss is not a heartless person!”

In fact, they all knew what happened to Aiden, and they also understood the importance of family. But sometimes, fate was just that wonderful. If it appeared, you wouldn’t even be able to stop it even if you wanted to.

“Yes!”

Aiden smiled.

The days were peaceful for half a month. With the help of Oliver Walker, Freddy Martin regained control of the Black Dragon Sect. However, the current Black Dragon Sect had shrunk by at least two-thirds compared to a month ago. Fortunately, the peace in Colorado had stabilized.

Oliver Walker wouldn't stop Freddy Martin from making money, but it was his order to close the casino, not to harass ordinary people, and not to do anything harmful to society.

At the same time, Heavenly Sect pharmaceuticals was preparing a second product that was a special medicine for the heart. After it was released, it was immediately adopted by all the major hospitals.

Emilia also chose Ocean City, next to the state of Colorado, as the next market to attack.

If she wanted to grow stronger, she had to leave the state!

"Ding, ding, ding..."

However, at this moment, the phone rang. After answering the call, Luna Thomas's anxious voice came from the other end. "Emilia, there's a change of plans. Don't come here for the time being. Things are spiralling!"

Chapter 717 Kidnapped?!

His words instantly caught Emilia and Oliver Walker's attention.

The situation in Ocean City was about to change?

The reason why he chose the next market to be in Ocean City was because of Luna Thomas's repeated invitations.

In addition, Thomas Company was the number one company in the Ocean City, so it was naturally easy for Heavenly Sect Pharmaceutical to go over.

But it wasn't hard to tell what Luna Thomas meant!

As an old company that had dominated the Ocean City for decades, something must have happened.

"What happened?" asked Emilia with a frown.

She had always been on good terms with Luna Thomas.

A while ago, they were still talking about starting a company together. But now, something unexpected had happened. It was indeed quite unimaginable.

What was even more worrying was whether Luna Thomas was in danger.

"It's a long story. In short, just don't come for now. I'll let you know when things get better," Luna Thomas said solemnly.

But would it get better?

She was not confident at all!

She did not know where the Holy Light Group had come from, but they were going against Thomas Corporation everywhere.

The key was that he was powerful and his methods were brutal. It was simply...

How would she know that the Holy Light Group was a legal company under the name of the Blood Fiend. Their strength was naturally not something that Thomas Company could resist.

"But..."

Emilia still wanted to continue understanding the situation. She couldn't just make friends with Luna Thomas when it was at its peak and forget about it when it was on the decline, right?

As someone who had also experienced the lowest point, she knew that Luna Thomas's current condition must be very bad!

Therefore, she was naturally worried and wanted to know what had happened.

"Miss, something bad has happened. The master has gone missing!"

"What?"

"..."

After hearing these words, Emilia's heart trembled. Had such a big thing happened?

"Beep, beep, beep..."

The next moment, the call was hung up!

Everything happened so suddenly!

As the head of the number one company in Ocean City, how could he be kidnapped so easily?

It was obvious that they had encountered a powerful enemy!

"Honey, what should we do now?"

Emilia was anxious. After all, she had always been on good terms with Luna Thomas. Especially after they got to know each other, Luna Thomas had also provided a lot of help.

This friendship couldn't end just because their family had declined, right?

Then what was the difference between her and those snobs? So she looked at the omnipotent man beside her!

"Don't worry about it first. Mark Thomas?" Oliver Walker frowned. "He should be fine!"

Mark Thomas was Luna Thomas's father and the head of the Ocean City family. All kidnappings must be accompanied by a strong motive. Before the mastermind succeeded, they would definitely not harm the hostages.

On the contrary, it was easy for problems to arise after agreeing.

"But what should we do now? Luna Thomas must be having a hard time!"

"I..." Emilia said anxiously. "I can't just sit back and do nothing, right?"

Before anything bad happened, Luna Thomas has been trying her best to help Emilia bring her company into Ocean City. Regardless of whether she succeeded or not, it was still a favor!

"You can just continue your preparation to march into the Ocean City first. I'll head over first to understand the situation!"

Oliver Walker offered a solution. After all, he didn't know anything, so how could he make a decision? He had always had a good impression of Luna Thomas. She was a positive, cheerful, and lively rich girl.

It was just like when the car lost control and hit the delivery man. Shee did not run away, nor did she choose to use the company's power to suppress this matter. Instead, she had been guarding by the side, which was enough to show that he had a good heart.

In addition, her relationship with his wife had always been very close. How could he sit idly by? Even if he had to abandon everything and the matter involved kidnapping, he would definitely do it for an ordinary person, let alone his friend's father.

Chapter 718 The Holy Light Group

Even though he was no longer on the frontlines, the country's law and order were unstable. He had to clean up the mess to ensure ordinary people could live and work peacefully and contentedly.

Dealing with the underground forces was like dealing with the Black Dragon Sect and the Blood Fiend Mercenaries meant that they had to resort to unscrupulous means.

As for his reputation?

He had once reached the summit and had long enjoyed the scenery, so he no longer cared. Right or wrong, leave it to future generations to discuss!

"Alright." Emilia nodded. "Even if we can't find Mr Thomas, we must ensure Luna Thomas's safety. She's my only friend now!"

Heavenly Sect Pharmaceuticals had indeed risen. Her social circle also slowly expanded. However, those relationships were only for benefits. Once the benefits were different, it was inevitable that they would part ways.

These people might even stomp on her when things go wrong for the Heavenly Sect Pharmaceuticals.

Luna Thomas was different. When they met, Emilia was still in the mud. Luna Thomas was the daughter of Thomas Corporation. She did not look down on her because of this and even often helped her. Therefore, it was not an exaggeration to say she was her only friend!

"Alright. I'm leaving!"

After saying goodbye to his wife, Oliver Walker came to the door. Mike and Aiden did not know what had happened, but from Oliver Walker's tone, it was easy to tell that something had happened again. Therefore, he said nothing else and went straight to the elevator.

As for the safety of his wife and family, with the eight Imperial Guards around, it would definitely not be a problem.

The imperial guards were stronger than the Blood Fiend mercenaries. Moreover, the only Blood Fiend left was Sean Martin.

Sean Martin?

Could it be that he knew about the relationship between Thomas Corporation and Emilia, so he took revenge? Thinking of this, Oliver Walker's expression changed drastically. After all, with Sean Martin's ability, it was not difficult for him to find out about these relationships that were not secret!

"Boss, what happened?"

At the same time, George Lee, who had rushed over to gather, also asked the question in his heart.

"Contact Ocean City immediately and find out what has happened in the business world recently."

Oliver Walker quickly gave the order. Thomas Company was not a low-end company but the number one company in Ocean City.

Everything would attract the attention of countless people. Therefore, such a huge upheaval had happened. There couldn't be any news.

And now, all he needed was clues!

"Yes, sir!"

After George Lee received the order, he immediately went to the front passenger seat and began to contact the Ocean City officials. These things could not be hidden from the eyes of the officials.

Soon, he received some essential news.

“Recently, an overseas company suddenly landed in Ocean City. In just a few days, it acquired many local companies in Ocean City with its strong financial strength,” George Lee quickly reported.

“Then, they launched a siege on Thomas Corporation in various fields. They clearly want to fight for the position of the dragon head!”

Ocean City was not a small city!

Ocean City was considered one of the biggest cities in the entire country. And in all aspects, it was much better than California.

This was also why Heavenly Sect Pharmaceuticals wanted to enter Ocean City. They had to gain a foothold in the big city if they wanted to expand.

After all, the state of Colorado was limited, and the market was easily saturated. As the provincial capital, Ocean City could meet all the development needs of the current Heavenly Sect Pharmaceuticals.

“An overseas power?”

Oliver Walker’s eyes suddenly became much deeper.

“Holy Light Group!” George Lee replied.

Oliver Walker’s expression became much colder. “Investigate the background of the Holy Light Group for me. The main point is to see if they have business dealings with the Blood Fiend. In other words, there is a possibility that they are of the same type!”

In just a few days, this company had acquired so many companies in Ocean City and reached the point where it could compete with Thomas Corporation. It was not something that could be done with a strong capital.

He was afraid that there were many unspeakable secrets amongst them...

Chapter 719 Were You Bribed?!

“Yes, sir!” George Lee replied and continued to contact the intelligence department.

This was very important to them. Even though he had set up an inescapable net, Sean Martin was still lucky enough to have escaped.

To be honest, Oliver Walker was quite unwilling!

It wasn't that they weren't strong enough, but that Sean Martin was in the dark while they were in the open. Therefore, in the confrontation with Sean Martin, they had lost the initiative.

“Boss, I've heard a little about it. The Blood Fiend Mercenary Group's business is mainly divided into two parts,” Aiden said with a frown. “They are involved in both white and black parties.”

“Unfortunately, although many people know that Blood Fiend has a legitimate company, very few people know about it. The higher up you are in the Blood Fiend Mercenary Group, the more mysterious your identity is!”

In the end, he was just a part-timer. In the Blood Fiend Mercenary Group, he could barely be considered as a middle-level.

He had no access to the core secrets! If Aiden, who had just returned, was already like this, let alone Mike, who had returned to the country for more than ten years.

It could only be said that the Blood Evil Mercenary Group had learned the lesson of the destruction of the previous Dark Night Mercenary Group and had become more focused on hiding themselves. This was indeed disgusting.

“Alright then!”

Oliver Walker nodded. He did not expect to get any useful information from Mike and Aiden. Because he knew what kind of existence the Mercenary King was.

However, he did not expect it to be so troublesome! If the Holy Light Group was really a legitimate company under the Blood Evil Mercenary Group, then it was worth pondering about the sudden appearance in their country.

This was a dangerous matter. It would be worse if they wanted to do something big. The car was still speeding on the highway.

At the same time, in Ocean City!

“Let me go! Let go of me!”

Mark Thomas was tied to a chair. He roared angrily, “Marcus Bane, you bastard! We’ve always minded our own business!”

“Aren’t you afraid of revenge?”

The man in front of her was the representative of the evil forces in Ocean City! However, Thomas Corporation was extremely powerful and did not need to be afraid at all, so they could still get along peacefully.

This time, he had suffered a setback!

“Hehe... Think about how you’re going to survive first,” Marcus Bane said with a cold smile.

“It’s not that I want to attack you, but you’ve offended someone you shouldn’t have offended; Even I can only submit to them.”

Mark Thomas was also puzzled!

He felt even more aggrieved! From an Earth Monarch to a slave in the blink of an eye, who could endure this? But there was no other way!

If he wanted to stand, he had to die!

“Who is it? I wouldn’t have offended anyone like that!” Mark Thomas roared.

He really did not want to be a muddle-headed ghost. Even if he died, he wanted to see the culprit behind the scenes.

“I’m sorry! I don’t know either!”

Marcus Bane shook his head.

“He’s like the King of the Eventide. Do you know how many of my brothers died in one night? A total of more than 300 people!”

“Haih.... Why am I telling you this?!”

“Then why did you kidnap me?” Mark Thomas asked again.

“Get him out!” Freddy Walker laughed self-deprecatingly. “What do I know? Just behave yourself. When he wants to see you, you will then be able to see him.”

Helplessness! That’s all he felt. Perhaps he mentioned these things to Mark Thomas because he was extremely depressed and wanted to find someone to confide in.

Then, he realized that even after he said it, it did not alleviate his depression at all. Instead, he kept quiet.

“Stop talking nonsense! Did Gary Stevens of the Holy Light Group bribe you?”

Mark Thomas continued to ask unwillingly. He remembered!

A week ago, he received a text message. The message mentioned that the other party wanted to buy over the Thomas Corporation for 100 million. Back then, he naturally scoffed at it!

Chapter 720 Where’s my Brother?

After all, The Thomas Corporation had a market value of more than ten billion and was the largest real estate company in Ocean City.

A 100 million acquisition? What a joke.

He vaguely remembered that the person claimed to be the chairman of the Holy Light Group, Gary Stevens. Now, combined with the recent attacks from various industries, Thomas Corporation seemed able to explain it.

Revenge! This was definitely a retaliatory kidnapping!

At the same time, Marcus Mane had already turned around and left, returning to his office. However, there was someone else sitting in the boss’s chair!

That person... He didn’t even reveal his eyes. He was armed to the teeth!

“Master, what should we do now?”

Marcus Mane bowed humbly. He did not even dare to breathe loudly while waiting for an answer.

“Hehe...”

Sean Martin laughed wantonly. "There's no need to deal with it. I want him to see with his own eyes that Thomas Corporation will go from its heyday to its decline. It only takes ten days to half a month."

Friends with Emilia, huh?

Alright, very good! This was the price!

"Yes, sir!" Only then did Marcus Bane retreat backwards? All the etiquette was like a eunuch in ancient times facing an emperor. He almost knelt on the ground to serve him.

Tap, tap, tap...

Sean Martin's five fingers tapped the table smoothly. "You killed my men. I'll ensure you don't look at each other from head to tail! Blood Fiend isn't that easy to offend!"

"Even if you really are the Chaplain, the current Blood Fiend is no longer the Dark Night of the past. Accept the baptism of blood!"

He could almost confirm Oliver Walker's identity. That was because the act last night could not have been a coincidence. In other words, he had fallen into Oliver Walker's trap.

He almost got himself killed. Since the heavens had spared his life, he naturally had to take revenge.

So... The next move would be ruthless!

At the same time, in Thomas 'villa!

“Miss, I’ve already contacted the officials and even sent out many people, but so far, I haven’t gotten any clues about the master!”

James Williamson’s expression was solemn. After hesitating for a moment, he said, ‘I’m afraid... I’m afraid that there will be bad news....’”

He originally wanted to say he was doomed, but considering the Miss’s mood, he eventually shut his mouth.

“Then continue searching!”

“Mr. Williamson, I’m really counting on you this time!” Luna Thomas held her swollen head.

“Thomas Corporation can’t do without my father! Absolutely not!”

As the number one company, Thomas Corporation was naturally not the only one.

Moreover, many of the businesses under Thomas Company were handed over to their clan members. Once her father fell, Thomas Company might fall apart.

They might even turn their guns against her! There was nothing that she could do about it.”

“Please rest assured, Young Lady. I owe my life to the Master!”

“But once I know who the bastard is!” James Williamson said emotionally. “I’ll ensure he doesn’t want to live or die!”

James Williamson was also capable, at least not much weaker than Oliver Walker. He was definitely stronger than Mike, Aiden, and even Sean Martin!

Because he... It was an ancient martial arts practitioner!

“Alright!”

Luna Thomas had a splitting headache. She hadn't completely taken over Thomas's business yet! She did not have much idea about the company's regulations. She didn't know how many companies were under Thomas Corporation's name.

But not long after James Williamson left...

Another group of uninvited guests arrived in the living room!

“Luna, is there any news about my brother?”

The man who spoke was called Richard Thomas, Luna Thomas's second uncle. The people behind him were naturally all members of the Thomas Company.

This sentence was originally normal, but Richard Thomas's eyes were clearly filled with desire.

After all, with the family head missing, he finally had a chance to reach the top! So this time, he was here to make things difficult!
