Chapter 721 Trying to Trample on her

“Not yet!”

Luna Thomas knew that the situation was not good, but she could only pretend to be calm. She wanted to make use of her family relationship to alleviate her second uncle’s ambition.

Although the chances were slim, she had to try.

After all, Thomas Corporation was now at a critical juncture. If there was another internal strife, it would speed up the pace of its destruction.

“Sigh... I’m deeply sorry about what happened to my brother. I should be the one getting kidnapped!”

Richard Thomas pretended to be indignant. “He’s been working hard for the company all his life. It’s good for him to take a break! However, I am willing to take on this heavy burden and share your worries.”

When he said those shameless words in a loving tone, a few drops of tears appeared in his eyes.

Richard Thoams clearly wanted to seize power, but he could still say it so nicely. Some people really knew how to simply make things look different with a few words.

He could clearly express that kind of threat, but he could still not fall out with them. This was his skill.

“Second Uncle, there’s still no news of my father’s death!”

“I hope you don’t spread negative emotions and disrupt the morale of the army!” Luna Thomas’s pretty face was filled with anger, but she could only pretend to be calm.

She had just returned from abroad. Therefore, she was not familiar with many of the businesses and relationships in the company.

Before her father's accident, the company could still maintain a harmonious appearance. But now, it was obvious there are people who no longer wanted to put up such act.

"Luna, you don't understand what I mean! A country cannot live without a ruler, and a home cannot live without a master!" Richard Thomas said shamelessly.

"Now that something has happened to Big Brother, we don't have time to grieve. We have to quickly stabilize the situation. You just came back from abroad, and you're not sensible enough to do so. As your second uncle, I can only take over the mess of Thomas Corporation!"

He was actually laughing on the inside, but the words that came out of his mouth made people feel as if he had been forced to do something tragic.

"I disagree! Even if something happens to my father, Thomas Company is not your business!" Luna Thomas scolded angrily.

"As his daughter, I have the right to inherit everything!"

Even if they didn't see through Richard Thomas's scheme, who would allow their wealth to be handed over to someone they weren't familiar with?

Luna Thomas had grown up abroad since she was young. She would only come back for ten days to half a month during the New Year!

Everything in the company was unfamiliar to her.

Including this second uncle. They were only related by blood, but they had no kinship!

“Luna, I’m doing this for the good of the company! I’m taking a huge risk. Let me tell you, they’ve already set their eyes on Thomas Corporation. It’s very dangerous for anyone to be the family head!”

“You... Why don’t you understand my painstaking efforts?”

Richard Thomas did not want to fall out with him. After all, who knew if something had really happened to Mark Thomas?

What if he came back?

Therefore, they definitely couldn’t fall out with each other. The best outcome was to force Luna Thomas to hand over her power.

At that time, even if Mark Thomas really came back, he would be able to escape unscathed. It had to be said that in wealthy families, there was always scheming! Even blood brothers could kill each other. Not to mention that they were uncle and niece.

“Second Uncle, I won’t agree!”

“You’re right. Now that Thomas Corporation is in trouble, we should work together! That’s why you should help me,” Luna Thomas said angrily. “You shouldn’t force me to step down like this!”

“My dad treated you guys well in the past!”

She did not have any authority or connections in Thomas Corporation.

Now, Mr. Williamson, who had grown up with her, had also gone to look for traces of her father.

In other words, she was the only one in Thomas ‘company. She looked at the Thomas Company people behind Richard Thomas, hoping that they would remember her father’s good deeds and support her at a critical moment.

However, those good things were nothing compared to his boundless ambition!

After all, Richard Thomas had promised that as long as he took power, he would give them more benefits!

“Luna Thomas, you’re still young. You can’t control the situation! Do you know how many companies the Thomas Corporations have? Do you know how many businesses we’re involved in?! I’m afraid you don’t even know us, your relatives, right?”

“...”

Chapter 722 Kicked Her Out Of the House

Those sarcastic words also became the last straw that suppressed Luna Thomas!

No one in the Thomas family was willing to speak up for her!

She regretted it!

When she returned to the country, she should not have thought of starting her own business. Instead, she should have listened to her father and helped manage the company’s business.

Otherwise, she wouldn’t have been forced to such a state!

“Second brother, something has already happened to the family head. You can’t have anything happen to you.”

“That’s right. I think we have to hurry up and confirm this matter.”

“Second Uncle, please bear all the pressure!”

“...”

Their words completely ignored Luna Thomas! Instead, she complimented Richard Thomas!

“Sigh...”

“This... That’s not good, right?”

Richard Thomas put on a pretentious look. “After all, this is my eldest brother’s family. I... it wouldn’t be nice for me to do it, and it doesn’t go well with my words.”

“If Big Brother comes back...”

He wanted to rise to the top, but he did not have the guts! And who here wasn’t smart?

Who couldn’t see Richard Thomas’s ambition to be crowned emperor?

But...

The current situation was that Richard Thomas was the only one in power, so it was better to do him a favor.

“Second Brother, you have to think about the entire company!”

“What do you mean by improper?”

“Luna Thomas is insensible. We have to think about the big picture!”

“...”

Those words were clearly what Richard Thomas wanted.

He didn't want to be the head of the family. He had no choice but to take over the dangerous position of the head of the family for the sake of the company's survival.

"Fine! For the sake of the company, I'll temporarily take over the position of the family head. When my brother comes back, I'll give it back to him." Richard Thomas had a solemn expression.

This... Was he speaking in human language?

"I disagree! You can't do this!"

"Even if my father is no longer around, I still have the final say!" Luna Thomas roared angrily.

Why should she give away the things that belonged to his family?

In addition, she knew very well that if Richard Thomas was really allowed to act as the family head, then the hope of her father returning would be even slimmer.

What if...

Richard Thomas refused to accept the criminal's request and ruined her father's hope of survival. She didn't even have the right to stop him.

"Listen up, my niece's emotions are not very stable. You must take good care of her."

Richard Thomas was stunned. "If anything happens to my niece, I'll hold you responsible."

The bodyguards he brought with him instantly understood what he meant.

They were putting Luna Thomas under house arrest! However, it was only natural!

“You... You guys...”

Luna Thomas was so angry that she stomped her feet. The people from Thomas Company, led by Richard Thomas, left her villa happily.

She wanted to go up and argue, but she was stopped by the two bodyguards!

Could it be... Was it over just like that?

Fortunately, she didn't ask Emilia to come. Otherwise, she would feel guilty for the rest of her life.

What was a friend? She may not be able to provide much aid now but she shouldn't drag her along.

At the same time, three black cars stopped outside Thomas 'villa complex.

“May I know who you are looking for?”

At this moment, the security guard at the door walked over and began to check.

“I'm a friend of Luna Thomas,” Oliver Walker said. “Please inform her.”

When the security guard heard that it was Luna Thomas's friend, his expression changed.

Chapter 723 What Was Really happening?

“I'm sorry. Miss said that she won't receive any friends for the time being! You can come back after a few days.”

The security personnel were smart. Thomas Company had a family change. If they wanted to continue working, they naturally had to know who to side with. However, this matter had yet to stabilize, so he naturally could not let the outside world know.

Otherwise, it might cause trouble.

Oliver Walker frowned slightly. Logically speaking, it was understandable that Luna Thomas didn't welcome friends. After all, her father had been kidnapped, and the company's businesses were likely to be destroyed.

The most important task now was to rescue Mark Thomas and revitalize the enterprises under Thomas Company. However, the problem was that the security guard's eyes had clearly shown signs of dodging.

However, he did not raise any doubts. What if it was a misunderstanding?

"Sorry to disturb you!"

After he finished speaking, he got into the car.

Under the watchful eyes of several security personnel, he drove out of the Thomas Corporation villa area.

"Boss, something's wrong! There must be an issue here," said George Lee sharply.

At the same time, Oliver Walker nodded, stopped the car, and took out his phone. As expected, he couldn't get through, be it through WeChat or phone calls.

Obviously...

Something had really happened to Luna Thomas! It even happened inside her own home.

Soon, after the three cars left, Richard Thomas walked out.

This was a sensitive period, so he naturally had to be careful.

Actually, he had already heard the report from his trusted aide in charge of the surveillance cameras. He only asked this question because he was timid. After doing such a thing, he felt that someone would betray him, so he wanted to test the loyalty of the security guards at the door.

“Reporting to the family head, there were a few people who claimed to be Luna Thomas’s friends, but I sent them away.”

His answer made Richard Thomas feel relieved. He was obviously very happy, but he deliberately put on a straight face and said, “My niece is the eldest daughter of Thomas Corporation. You can’t call her by her name. Be careful next time.”

“Work hard. I think your future is limitless! I’m promoting you to the head of security. Don’t disappoint me.”

Actually, calling him by his name was a deliberate display of loyalty by the security personnel. Obviously, not only did Richard Thomas not blame him, he even promoted the ordinary security guard. In fact, that was what he meant.

Moreover, it was the time to raise his own men, so it was only natural to give these watchdogs some benefits. Only then would they be more loyal to him.

“Yes, sir!”

A smile immediately appeared on the security guard’s face. From now on, he could be considered a person with a backer. Then, he would have a meteoric rise in Thomas Corporation!

“What do we do now?”

George Lee immediately asked. It was not just Thomas Company’s problem, but this series of events was likely to be related to the escape of Sean Martin.

“You guys hide first. Don’t expose the target! I’ll go in and check it out at night,” said Oliver Walker.

The sun was already setting, so there was no hurry. He had to understand the situation clearly.

This time, he had to help Luna Thomas out of danger.

In terms of personal friendship, they were friends.

Luna Thomas did not forget to inform Emilia even when she was in such a crisis. This meant that she really regarded Emilia as a close friend.

He had the responsibility to maintain the stability of this country. After all, Thomas Corporation was the number one company in Ocean City and a huge tax collector.

In addition, when Mark Thomas was the chairman, Thomas Company was considered to be open and aboveboard. Therefore, he had the responsibility and obligation to help Thomas Corporation tide over the difficulties.

Chapter 724 Sneaking into The Villa

Another reason was because of Sean Martin.

This game of hunter and prey was not over yet. He would definitely unveil the mystery of Sean Martin and then deal a heavy blow to Blood Fiend. Once again, he declared to the world that their country had zero tolerance for mercenaries!

When night fell, Oliver Walker wore black clothes and dodged the dense cameras with his agile movements.

It had to be said that Thomas Company was incredibly wealthy. The security level was also top-notch. Just from the arrangement of the surveillance cameras, it could be seen that they had hired an expert. They had almost done 360-degree surveillance without any blind spots.

The three-meter-tall wall was also covered with an electric net, as well as many barbs and various small traps that were impossible to guard against.

It was no exaggeration to say that even the top thieves knew that Thomas Corporation was rich. After seeing such a defense, they would definitely be afraid.

However, Oliver Walker was not a top-notch thief, but the chaplain of the country. Who would want to walk in like a thief if it wasn't because he had no other choice.

Before the matter was investigated, he did not want to fall out.

After all, this was Luna Thomas's company. If it was just a misunderstanding, they might not even be friends in the future.

Like a phantom, Oliver Walker shuffled through the villa area. As a veteran, he was naturally very experienced in reconnaissance.

Therefore, when he saw a villa that was obviously more majestic and stable than the other villas, he concluded that it should be the villa where the most important person in Thomas Company lived. He hid in the dark and glanced around. He realized that the lights in the villa were all on.

Only the bathroom was pitch black. There were security guards guarding the main entrance. Coupled with the cameras everywhere, he had no choice but to sneak into the bathroom.

Moreover, the height of the two-story building was not difficult for him at all. With just a light leap, he jumped up.

The sound was so soft that it was almost negligible, even Luna Thomas didn't notice it. However, the moment the window was opened, Oliver Walker was stunned. With the help of the light outside, he could clearly see Luna Thomas, who was naked...

His hair was wet!

Moreover, her figure was curvaceous!

Luna Thomas was also dumbfounded!

She had never expected that this man could actually come up from the window. More importantly...

She had just taken a shower and had not had the time to put on her clothes!

In an instant, their eyes met. Oliver Walker was relatively calm and did not feel any shock from the erotic scene in front of him.

Luna Thomas, on the other hand, opened her mouth in a daze, clearly about to shout!

After all...

Seeing this, Oliver Walker could only brace himself and rush to Luna Thomas at lightning speed. He quickly reached out to cover her cherry mouth that was about to lose control.

He also whispered, "Don't... Don't shout..."

Luna Thomas's beautiful eyes were completely empty, and her brain had stopped functioning!

His breathing began to accelerate!

A moment later, he reacted in a hurry and quickly covered his vital parts with his hands.

However, she only had two hands. How could she cover three points?

She was so anxious that she was about to cry...

Especially Oliver Walker, who was so close to her that they could feel each other's hot breaths. The atmosphere in the bathroom suddenly became ambiguous.

After the situation stabilized, Oliver Walker was also extremely embarrassed. Bathing for...Why didn't you turn on the lights?"

The reason why he came up here was because he thought that there was no one here!

Who would have thought...

He had miscalculated!

A lifetime of fame was destroyed in a single day!

"I'm under house arrest...Afraid... I'm afraid there are surveillance cameras..."

Luna Thomas's voice was very soft, and her face was flushed red. Her body was burning up.

After all, this situation was indeed too difficult!

She even felt like crying!

Chapter 725 What Really Happened?

"Uh..." Oliver Walker couldn't find anything to refute...

The truth proved that his guess was correct. He had also come to the right place! However, he had entered the wrong place at the wrong time and saw something he shouldn't have.

The atmosphere in the bathroom dropped to freezing point.

No one could say a word! the more silent they were, the more awkward the situation became.

No matter why Luna Thomas didn't turn on the lights, she was in her own home and didn't seem to need to explain to anyone.

"Cough cough..."

In order to ease the atmosphere, Oliver Walker coughed softly and said, "Don't... Don't be afraid, I'm here to understand the situation."

He had indeed sensed that something was wrong and was worried about Luna Thomas's safety. He had no choice but to choose this method to infiltrate.

"Yes, yes, yes..."

Luna Thomas nodded repeatedly. To be honest, she wasn't touched at all. Instead, she wanted to find a rat hole to hide in. This was the first time she had been seen naked by a man.

More importantly, it was so close up and this man was her best friend's husband!

"Can you let me... put on some clothes first?"

Her beautiful eyes were filled with grievance. There was no place for her to reason. Was he going to be seen naked for nothing?

She...

Oliver Walker felt terrible. Only then did he remember Luna Thomas...

His face was flushed red as he quickly turned around.

Thinking back to the scene just now, he felt even more embarrassed!

At the same time, Luna Thomas hurriedly put on her clothes, but her heart was pounding wildly. "Well, I... I'm done!"

The shy blush on her pretty face and her wet hair made it difficult for people in the dim bathroom not to fantasize. After all, they were both adults. How could they not know what they should know?

"I'm sorry, I... I didn't do it on purpose!"

Oliver Walker frowned and explained uneasily, "My wife is worried about your safety, so she asked me to come and take a look. This matter..."

What would happen if Emilia found out?

Even if it was really a misunderstanding, there would still be a grudge, right?

His relationship with his wife had finally reached the level of an ordinary couple. If it weren't for the appearance of the damned Blood Fiend Mercenary Group, they would have been able to share some intimate time together. Therefore, he absolutely could not reveal it!

"Uh..."

Luna Thomas was also speechless. "I won't say anything. Just pretend that it never happened!"

She felt wronged! She really felt wronged!

Her body had been seen by a man, and she could not vent her anger.

Most importantly, would he feel awkward or guilty when he saw Emilia in the future? She did not know either.

“What happened to the Thomas Corporation?”

In order not to dwell on this topic, Oliver Walker could only cut to the chase. As for the external reasons, he already had a rough idea. As for things that he didn't know, Luna Thomas would definitely know about it.

“It's my second uncle in the company. After he found out that my father had been kidnapped, he seized power. They put me under house arrest here and want to kick me out of Thomas Corporation's management!”

“Mr. Walker, can you help me?” Luna Thomas cried.

“If I don't have the power, then even if the kidnappers propose an exchange, they won't agree to it.

Richard Thomas had already gotten everything he wanted. How could he allow her father to come back when his ambition had swelled to such a degree?

“Alright.” After hearing the whole story, Oliver Walker nodded. “We'll settle this tomorrow! He must have just seized power. He will definitely win over the hearts of the people in the company. We have to stop him tomorrow.”

Although Richard Thomas didn't kill Luna Thomas, that was only because he hadn't secured his position yet. Once they had control of the situation, even Luna Thomas would be doomed, let alone the kidnapped Mark Thomas.

“Yes, yes!”

Chapter 726 Can You Stay Tonight?

Luna Thomas seemed to have grasped the last straw. She knew clearly that only Oliver Walker could help her at this moment. “I suspect that the person who kidnapped my father was Richard Thomas.”

This kind of suspicion was actually very reasonable.

After all, from the current point of view, Richard Thomas was the biggest beneficiary. But thinking about it carefully, this suspicion was not worth pondering.

After all, Thomas Company was first besieged by the Holy Light Group, and then there was internal strife. It was most likely that Richard Thomas had long had ambitions, and this power grab was only because Mark Thomas was kidnapped.

Therefore, everything happened smoothly!

“Don’t think too much about it. No one can take away what belongs to you! If they don’t come to their senses,” Oliver Walker said, “I’ll make sure they receive the punishment they deserve.”

This kind of thing was considered a family matter, but it was lawless!

No matter who it was, they would be severely punished!

“Yes!” Luna Thomas frowned slightly and pleaded, “Then... would you be able to stay for the night?”

She was afraid!

James Williamson had left to look for traces of his father. At this moment, everyone outside was Richard Thomas’s men.

What if...

After all, the down-and-out lady was worse than pigs and dogs. Although those were just bodyguards and employees of Thomas Corporation, they would definitely offend her when they were truly evil.

Oliver Walker pondered for a long time. "But we..."

To be honest, when he saw it just now, he didn't feel anything because he was nervous.

But afterwards... There was clearly a reaction!

This kind of normal physiological reaction was really not something that humans could control.

Afterall, he was a normal, healthy man.

In addition, during this period of time, his wife's vague goodwill had long made him unable to hold on. Encountering such an awkward situation again, really...

Speechless!

"You can sleep on the bed while I sleep on the ground!"

After Luna Thomas finished speaking, she bit her red lips and waited for an answer. She naturally knew that it was not good for a man and a woman to be alone in the same room, but she trusted the man in front of her.

After all, the bodyguards outside were not trustworthy!

"Forget it!"

Oliver Walker quickly dismissed the idea. "Go to sleep. I'll stay here!"

In the bathroom?

This was the only way. At least this way, they were not in the same room. Even if no one knew, he still had to pay attention to the matters between the both of them.

After all, he had a wife and children and Luna Thomas was a single woman. It was indeed inappropriate!

The next morning!

Richard Thomas stood upstairs and stared at Luna Thomas's villa. They had succeeded in seizing power.

However, it was still unstable, so he felt extremely guilty.

He was also afraid that his eldest brother, Mark Thomas, would suddenly return. If something happened to Luna Thomas, he would have no way out.

"It's not noisy. Instead, it's surprisingly quiet!"

The person who spoke was Justin Thomas. He was Richard Thomas' adopted son and a capable confidant. He had put in a lot of effort in this power struggle. "Godfather, what if Uncle comes back..."

His voice was trembling!

"I'm just managing Thomas Corporation. As long as Luna Thomas is fine, everything will be fine."

"I'm going to hold a group meeting soon," said Richard Thomas with a frown. "You have to keep an eye on Luna Thomas. Don't let anything happen to her. Do you hear me?"

Now that he had reached a critical juncture, once he stabilized the situation, even if his brother came back, Thomas Corporations would no longer be the Thomas Corporations from before.

“Of course, father. I’ll go take care of her right now!” Justin Thomas nodded.

Although he was afraid of Mark Thomas, the thought of Luna Thomas’s graceful figure and pure face made him restless.

To be honest, he already had an idea. However, he didn’t dare to do so before, but it was different now.

Dying under the body of a woman who was as beautiful as a peony, there will be no regrets at all.

Chapter 727 First Time into The Young Miss’s Room

“I’m coming!”

When the evil thoughts in his heart became stronger and stronger, Justin Thomas could not help but quicken his pace. When he stepped into the master’s central villa, he felt the blood in his body boiling!

“Sir, good morning!”

The bodyguards at the door greeted him one after another.

Although Justin Thomas was only the adopted son of Thomas Company, Richard Thomas was in power now, his status naturally rose.

“Morning! Remember, no matter what happens inside, don’t let anyone disturb you! If it’s done well, I won’t treat you badly!”

Justin Thomas walked in impatiently after he finished his instructions.

The bodyguards at the door also knew clearly that no matter what happened inside, they could not disturb them. The meaning behind his words were easily understood.

Everyone knew how much Justin Thomas loved Luna Thomas.

It was just that the difference in status was like a chasm. Therefore, even if he liked her, he could only hide it in his heart. However, Luna Thomas had lost her father's protection and was no longer the high and mighty young lady of Thomas Corporation.

In front of Justin Thomas, she was a powerless little beauty!

"Hey, guess how long Justin Thomas can last this time?"

"If he took the pills, at least fifteen minutes!"

"If he didn't, he would have lasted at most two minutes."

"Hahaha..."

"What a pity for Luna Thomas!"

"Tsk tsK tsK... That woman stole my heart just by standing there."

"..."

The group of bodyguards began to discuss in whispers. In fact, they even had the urge to...

After all, she was a rare, fair, rich, and beautiful woman. Who wouldn't be moved by her? However, they still did not know that there was not only a fair, rich, and beautiful woman among them, but also a tall, rich, and handsome man who was a little ruthless!

"Dong dong dong..."

When they entered the villa, Justin Thomas stood at the door of Luna Thomas's bedroom. He tidied his clothes before knocking on the door.

He was still fantasizing about what style and color of pajamas Luna Thomas was wearing. Just thinking about it was exciting.

The knocking on the door also woke Oliver Walker up!

At the same time, Luna Thomas's beautiful eyes flashed with fear. After getting Oliver Walker's nod, she understood and shouted, "Who is it?"

What was he lacking the most now?

It was undoubtedly useful information, and the person must be Richard Thomas's men, or even Richard Thomas himself.

"It's me! Sis, I'm here to see you," Justin Thomas said with a smile.

He was a month younger than Luna Thomas, so there was no problem with him calling her sister but the tone...

"It's inconvenient right now! Come back later," said Luna Thomas quickly.

She was clearly trying to figure out Justin Thomas's intentions. However, he did not expect that the word 'inconvenient' would make Justin Thomas's imagination run wild.

Was she naked? Or was it really convenient?

Justin Thomas, who had long been blinded by desire, was even more unwilling to miss this once-in-a-lifetime opportunity. He was too lazy to be polite and raised his leg to kick the door open violently.

“Ah...”

The sudden noise made Luna Thomas cry out in shock.

Justin Thomas, who had barged in, looked around the bedroom with a lecherous gaze. This was the first time he had entered the young miss ‘bedroom.

However, when he realized that he did not see what he wanted to see, his evil eyes were filled with disappointment. He then said coldly, “Isn’t this quite convenient?”

Although Luna Thomas was dressed neatly, was that important? It really didn’t matter, because he would do it himself! Never in his dreams would he have thought that there would be another man hiding in the room.

“You... What are you trying to do? Who gave you the right to barge into my bedroom? Get out!” Luna Thomas roared in anger.

Chapter 728 Enjoy My Love For You

She was very smart! She knew how to force the person to reveal his intentions. However, his grief and indignation were real!

Justin Thomas was Richard Thomas ‘adopted son. Even if he was her brother, he wouldn’t kick her bedroom for no reason, would he?

“Heh... I thought you were a high and mighty young miss?”

“I’m here!” Justin Thomas sneered. “It should be an honour. You’d better not be ungrateful, or I’ll be unhappy!”

As he spoke, he swaggered forward. The evil light in his eyes grew brighter as he sized up Luna Thomas's curvaceous figure. It was obvious that he would not give up after seizing the opportunity.

"You... What are you trying to do?" Luna Thomas was so angry that her face turned red.

She retreated to the corner! She pretended to be afraid just to get some useful information. However, the trembling kitten, which seemed to be injured, made it difficult for men to resist. They had the urge to go forward and love it.

"You should know what I want to do! You're no longer a young lady," Justin Thomas said with an evil smile. "I still have some say in Thomas Corporation."

"Isn't it ironic? Whether or not you want to find a way out for yourself depends on your choice!"

His words were full of hints. It would naturally be best if the top-grade item in front of him could cooperate with him. Forcing was ultimately the lowest strategy.

After all, if his adoptive father, Richard Thomas, found out that he had forced himself on Luna Thomas, he would probably be furious.

"I... I don't know what you're going to say..."

Luna Thomas shook her head. "Hurry up and get out!"

Justin Thomas sat on the bed, picked up Luna Thomas's shirt, and sniffed it with an intoxicated expression. This made it even more difficult for him to control the restlessness in his body.

"Stop pretending to be innocent. Let me tell you, my godfather is already at the office. He's holding a group meeting. Once the situation stabilizes, they will definitely not let you off. If you want to live, the only way is to be my woman! Whether you live or die, you decide!"

It had to be said that he was very shameless! It was one thing to seize power by force, but he still wanted to tarnish the young miss?

However, this was reality!

Luna Thomas's experience reminded Oliver Walker of his wife's past, who was also a young lady with no power.

There were no human rights to speak of. However, Emilia was able to go out and pick up trash with a big belly. She insisted on giving birth to their daughter, Olivia Walker. One could imagine how much courage she needed and how many difficulties she had overcome.

Therefore, Emilia deserved all his love!

"What's wrong with being my woman? Even if you're no longer the eldest daughter of Thomas Corporation, you can still become the young mistress of Thomas Corporation!"

"Come on!" Justin Walker closed in, his expression becoming more and more ferocious. "Come with me! I've liked you for a long time. I fell in love with you from the first time I saw you but back then, you were someone that I could reach."

Every step he took, he would say something. The desire in his heart would also soar.

Especially when the distance between them was getting closer and closer, and he could even feel the breath of the top grade in front of him, he stretched out his demonic claws even more impudent.

"Ah... Mr. Walker, save me!" Luna Thomas shouted.

She curled up, not knowing why Oliver Walker had not appeared yet. After all, she already knew everything she wanted to know! Little did she know that Oliver Walker was deep in thought.

He only woke up when he heard her screaming.

“Hahaha... Do you think I was scared?”

Justin Walker laughed maniacally and pounced on him. “So what if there’s someone here?”

“This is the Thomas Villa. Let’s see who dares to be impudent! Enjoy my love for you.”

Chapter 729 Another Man Walked Out

However, just as Justin Thomas’s hands were about to touch Luna Thomas’s delicate body...

Suddenly, a breeze rushed out of the bathroom!

“Who is it?”

Justin Thomas felt a strong gust of wind behind him when he felt a raging anger rushing towards him. He could not help but turn around. When he saw the man who had appeared in the room, he broke out in a cold sweat.

“Ahhhhhh!!!!”

However, before he could react, he was punched in the face. His body fell to the ground with a bang and he let out a miserable cry!

“Mr. Walker!”

Luna Thomas, who had long been scared out of her wits, could not control herself and hid behind Oliver Walker. Although Oliver Walker had appeared, she was still terrified!

Fortunately, she let him stay the night yesterday. Otherwise, what could she do now? Even if she resisted, could she defeat Justin Thomas?

Obviously, it was impossible!

“Blood... It’s blood...”

Justin Thomas felt a sticky liquid on his face. After blocking his vision, he subconsciously touched it. Only then did he realize that he was injured. He shouted angrily, “You... Who exactly are you?”

For some reason, a man suddenly appeared in Luna Thomas’s room.

After all, Thomas Corporation was heavily guarded. Especially after yesterday’s incident, they’ve strengthened the protection around the villa; even a fly could not fly in.

Not to mention a living person?

“Someone who wants your life!”

Oliver Walker’s voice was cold as he instantly stepped forward. He hated people who repaid kindness with ingratitude the most in his life. Not only did this man not know how to be grateful, but he even had to hurt the young lady of Thomas Company. He was simply the scum of the scum.

What was the use of keeping it?

“Save...Help! Help!”

Justin Thomas began to roar loudly, and his voice spread outside.

The bodyguards at the door were all stunned!

“Justin Thomas is asking for help!”

“F*ck!”

“Hurry up and barge inside!”

“...”

Although they didn’t know what had happened, they were sure that if something happened to Justin Thomas, they would definitely have a hard time.

Being fired was a small matter, but if Richard Thomas were to fly into a rage, it was not impossible for him to kill them! Therefore, after thinking of this, all the bodyguards were ready to go.

“Are you all idiots?” the captain of the bodyguards reprimanded.

“Justin Thomas told us not to let us in no matter what happens. Maybe he’s playing with Luna Thomas inside! If you guys rush in, aren’t you just asking for death?”

These words hit them silly!

However, Justin Thomas’s hobby was really strange. Could it be that he had masochistic tendencies?

“Ah... Spare me.... Someone come... Help me...”

Justin Thomas’s miserable screams kept coming from the room. However, the bodyguards outside treated it as a joke.

Who would have thought that Justin Walker was already covered in blood?

Oliver Walker was not going easy on him. He could not let such a person off easily.

However, just as she was about to end Justin Thomas's life, Luna Thomas suddenly hugged his raised arm and said anxiously, "Mr. Walker, there's no time. Let's go! Once Richard Thomas stabilizes the situation, there will be no turning back!"

The meeting had already begun and there was no time to delay. It didn't take long to kill someone.

But...

After all, this was Luna Thomas's family matter, so Oliver Walker withdrew his hand and comforted her. When the two of them left the bedroom and walked out of the villa, all the bodyguards were stunned.

F * ck...

What was going on?

Justin Thomas was clearly inside. Why did someone else come out?

Chapter 730 Racing with Time

Could it be a disguise?

Awesome!

It was precisely because of this that Oliver Walker and Luna Thomas didn't encounter any obstacles but even if these people attacked, they would only be courting death.

It was not until Luna Thomas and Oliver Walker disappeared that the captain of the bodyguards reacted. "Damn it, something's wrong. Hurry up and inform the brothers outside to stop them."

As soon as he finished speaking, he rushed into the villa.

When he saw Justin Thomas lying in a pool of blood, he was stunned. This was

“Justin Thomas!”

“Mr Thomas, are you alright?”

After being stunned for a few seconds, the bodyguard captain’s face turned pale. He hurriedly rushed forward and squatted on the ground to help Justin Thomas up. He was so anxious that he was about to cry.

If anything happened to him, he wouldn’t be able to bear the blame.

“You... Are you blind? Do you think I look fine?! Huff huff...”

Justin Thomas’s breathing was heavy, and he said weakly. “Do I look fine? Why didn’t you come and save me?”

He was furious!

He thought that if those bodyguards had come in, this would never have happened.

“Justin Thomas, you were the one who instructed me to do so!”

“No matter what happens inside, we’re not allowed to disturb...” the captain said aggrievedly.

Justin Thomas’s expression changed drastically, and he almost choked. “Send me to the hospital now!”

” Find out all the information about that man...”

The others finally understood what had happened earlier. Why was there a man in Luna Thomas's room?

It must be her boyfriend, and he had entered the villa before Mark Thomas's accident.

Justin Thomas wanted to call his adoptive father, Richard Thomas, but his consciousness blurred in an instant. His vision turned black and he fell unconscious!

At the same time, by the time the Thomas Company's bodyguards reacted, Oliver Walker and Luna Thomas had already gotten into the car and headed to the Thomas Corporations.

The business scope of the Thomas Corporations was very wide.

However, his main business was real estate, so he owned the tallest building in the center of Ocean City. It was eighty-eight stories high and three hundred meters tall.

In the large conference room of Thomas Corporations, there were thousands of people. There were shareholders and executives of various companies!

"Everyone must have heard about the chairman!"

"Luna Thomas has just returned to the country. She doesn't know much about the company's affairs, and she's in a state of extreme sadness."

"Therefore, I will be in charge of the Thomas Corporations!"

"Everyone here is the pillar of our company. I hope that when the group encounters difficulties, you can accompany us unwaveringly."

“Please don’t fight amongst yourselves. After the crisis is over, I will never forget your contributions during these hard times.”

The entire place was silent! When Mark Thomas was the chairman, he was already very prestigious because he always kept his word and never harsh on employee benefits.

Many people were still grieving after being kidnapped.

“Thank you!” Richard Thomas wanted this effect. He stood up and bowed with tears in his eyes. “I thank everyone in advance on behalf of my brother!”

In an instant, the people below the stage shouted.

“We will definitely accompany the group through this crisis!”

“Yes, Mr. Thomas has treated us well!”

“We can’t be ingrates!”

“...”

The cheers from the audience also made Richard Thomas laugh in his heart. This was the first step to taking control of Thomas Corporations. After it stabilized, he would definitely replace it with his own people. By then, even if his brother Mark Thomas came back, he could only acquiesce to his status.

“Luna Thomas has entrusted such an important task to me!”

“I won’t let the company and Luna Thomas down!”

“Thomas Corporations will definitely reach a higher peak!”

Richard Thomas shouted passionately. There was no sadness at all. His expression was filled with smugness!

However, he had no idea that the surveillance cameras in the conference room had long been controlled by hackers. Luna Thomas, who was rushing over, was broadcasting it live on her phone...
