

## **Chaplain 741**

### Chapter 741 Drugged

“Damn it!”

Oliver Walker realized that there was definitely something wrong with the food.

They were drugged!

As early as four years ago, he was alone in the canyon. After killing the enemy’s army of 100,000, he was not doing well either. Although he looked like a normal person now, he was still far from his true peak strength.

This was because he could no longer gather any Qi inside him. Otherwise, when his daughter was critically ill, with his medical skills, he would not have needed to trouble his disciple to come and help.

He could clearly feel the sudden heat in his body, making his desire stronger!

Who was the culprit?

But now...

It didn’t matter anymore. He quickly took out a golden needle and stabbed it at his calming acupoint. However, he had to suppress this evil fire no matter what. Otherwise, it would be dangerous.

When a golden needle appeared between his eyebrows, it temporarily controlled the evil fire that was about to occupy his entire body!

However, this was not a solution at all. It was really very troublesome to completely disperse this evil fire. There was the possibility of a misstep at any time.

In the past, when his internal organs were not severely injured, he could solve the problem with one needle with the help of inner strength.

Even a knockout powder of this level could not cause any harm to him after entering his body.

“Ah...”

However, just as he was concentrating on resisting the poison, a painful cry suddenly came from the bedroom.

Even with his physique, it was difficult for him to resist, let alone Luna Thomas, who was just an ordinary person. He hesitated for a moment before pricking his acupoint again. After maintaining his consciousness for a short while, he rushed into the bedroom.

If something happened to Luna Thomas, then...

The consequences would be severe!

Luna Thomas knew that something was wrong, so she locked the door to prevent danger. If Oliver Walker was an unmarried man, she might be tempted.

However, Oliver Walker was not only married, but he was also the husband of Emila, whom she regarded as her best friend.

So...

Between them, there must be absolute innocence.

“Bang...”

But the next moment, Oliver Walker had already broken through the door. He saw Luna Thomas grabbing her hair with both hands and forcing herself to calm down.

When she realized that the door had been opened, she, who was already enduring intense pain, bit her red lips tightly and looked at the person with resentment and anger. She roared unwillingly, "Why... Why did he... Why did you do this?!"

If someone else drugged him, why was Oliver Walker fine? Little did she know that Oliver Walker had also been drugged, but he was only temporarily relieved.

Therefore, when she saw Oliver Walker, who was perfectly fine, she was naturally furious.

"No, no, no. It wasn't me..."

Oliver Walker shook his head and explained with his last bit of clarity, "Someone else. You... Calm down first, I'll help you..."

However, Luna Thomas clearly did not believe him anymore. She shouted in resistance, "Get lost, you bastard!"

"I... Emilia and I are good sisters... How could you do such despicable and shameless things?"

She was so angry! However, as time passed, the heat flow in her body became more and more obvious.

It even made her lose all her strength, and the thoughts in her heart... It was getting more and more terrifying!

"It really wasn't me! Don't move!" Oliver Walker repeated and rushed forward.

He felt that the medicinal properties in his body were about to enter an explosive period, but at least he could still hold on for a while.

“Bastard...”

However, the next moment, Luna Thomas, who had already reached her limit, cursed and used all her strength to get up and slap Oliver Walker hard.

But... Because of his lack of strength, she lost her footing and was about to fall to the ground...

Oliver Walker could only brace himself and rush forward to hug Luna Thomas.

It was fine if he didn't hug her, but once he hugged her, there would be a huge problem!

When he touched Luna Thomas's soft and boneless body...

When Luna Thomas smelled the strong scent of hormones...

Both of their bodies became powerless as if they had been electrocuted!

Their eyes met. There was only pain and hatred in Luna Thomas's eyes. “I will never let you off...”

Chapter 742 Losing Control

She had thought that Oliver Walker was a modest gentleman who came to help her sincerely, so she had never doubted him. She did not expect this guy to be a sanctimonious prodigal. He was clearly married, but he still drugged her. He was simply shameless to the extreme.

“I...”

Oliver Walker was in unspeakable pain. He felt that his body was about to explode!

When he looked at Luna Thomas in his arms again, he actually had thoughts that he shouldn't have.

At the same time, Luna Thomas was too weak to resist.

That kind of pain and suffering was simply unprecedented despair.

...

Jinling Hotel, in the manager's office!

"Justin Thomas, I've done everything according to your instructions!"

Sandy Lynn hurriedly walked in to take credit. She had taken a huge risk this time, and she only hoped that the reward would be worth it.

"Very good!"

Justin Thomas looked at his watch and took out his phone. "Is everything ready? Half an hour later, I want you to rush in immediately and capture the dirty scene!"

When the call ended, Justin Thomas had mixed feelings. He liked Luna Thomas, and it was true that he wanted her. However, he never expected that he would personally deliver it into Oliver Walker's arms.

"I'll make sure you die without a burial place!"

His eyes flickered with a vicious light.

As long as Luna Thomas was able to convince Oliver Walker, who was a married man, both of them would lose their reputations overnight. At that time, Luna Thomas would have no hope of making a comeback and would lose all her supporters in the group.

As for Oliver Walker?

He was just a gigolo. What could he do?

However, he was already the live-in son-in-law of the Davis family. He reckoned that this kind of person did not care about his face. When he was no longer a threat, he would just kill him.

Anyone who had touched Luna Thomas could not live in this world.

\*\*\*\*\*

In the presidential suite!

“Oliver Walker...”

Luna Thomas shouted. Her beautiful eyes were filled with desire, but as a woman, her reservedness and her relationship with Emilia made it impossible for her to speak. However, his body could not take it anymore.

She wished she could die right now! She was so weak that she didn't even have the strength to commit suicide.

Why did he do this? If they really had sex, what would it matter?

How could she face Emilia in the future?

But now... Her body temperature was still rising. It had really reached a critical point. She was afraid that she would not be able to hold back and say something shameless!

Therefore, she gritted her teeth, and even her red lips were bleeding. She held Oliver Walker's shoulder tightly with all her strength.

However, her struggle in Oliver Walker's arms would undoubtedly agitate him even more!

At this moment, he was about to turn crazy but his rationality was still there! He could do anything except for betraying his marriage. He didn't dare to think about how Emilia would look at him once they had sex! He wouldn't even know how to face his daughter!

However, after the matter was over, they would definitely find out who had drugged him and cut him into a thousand pieces.

The moment before he lost his mind and was about to turn into a beast, he took out his phone and quickly sent a text message with the words 'something happened.

He knew that the mastermind must have a reason for doing so. They were trying to frame him with Luna Thomas!

"Oliver Walker..."

But the next second, Luna Thomas called out softly again. Her tone was pleading, but her eyes were filled with hatred. Finally, the warm current in his body completely erupted! Her arms suddenly wrapped around Oliver Walker's neck, and she fell in love with him...

Chapter 743 Catching the Big Fish

"I'm sorry!"

Oliver Walker used his last bit of consciousness to knock Luna Thomas out!

Now... This was the best choice!

Then, he waved his palm and knocked himself unconscious!

The two hugged each other and fell onto the bed together.

However, before he fainted, he only hoped that George Lee would be one step ahead before the mastermind arrived to stop what was about to happen.

He had no choice but to leave his fate to the heavens but he had a clear conscience...

He had never let down Emilia, nor had he let down his family!

He definitely wouldn't hurt Luna Thomas either!

This was the greatest that he could do in such a critical moment.

"Did something happen?"

George Lee, who was carrying out a mission outside, had a sudden change in expression. Something had happened to the chaplain.

This must have been a message sent out in a hurry in a critical situation.

Oliver Walker, the state preceptor, had his internal organs destroyed in the battle four years ago, and he had yet to recover. He seemed to be very strong, but his injuries were very serious and he was disabled.

Could it be that the assassination had caused his old injuries to relapse?

"Beep, beep, beep..."

He dialed the phone immediately to confirm the whole story, but no one picked up.

Then, he quickly got into the car and dialed Mike's number. "Something happened. Stop all missions immediately. Bring Aiden and gather at the Jinling Hotel!"

After hearing that something had happened to Oliver Walker, Mike and Aiden immediately gave up on the target they had been chasing for a long time. Their expressions changed as they rushed into the car and rushed to the hotel as fast as they could.

Oliver Walker didn't care about their past mistakes. Instead, he provided them with shelter.

Help them return to this country and live a normal life.

On the other hand, if it weren't for them, Boss wouldn't have been in trouble. Therefore, at this moment, his eyes were bloodshot, and there was only one belief in his heart.

If anything happened to Oliver Walker, they would have to fight their way back overseas even if they had to die, and the Blood Fiend Mercenary Group would be in a constant state of panic.

“Bang...”

At the same time, at the Jinling Hotel!

A group of reporters who had been waiting for a long time broke into the presidential suite after reaching the stipulated time. They held up their cameras and scrambled to enter the presidential suite.

After all, this was explosive news!

Luna Thomas was the heiress of the number one company in the Ocean City. After failing to plot against Richard Thomas, she had already been criticized online.

If they were to find her with a gigolo who was a married man in bed together, it would only increase her popularity and her reputation tarnish. There would be no room for her to turn things around.

They had even thought of tomorrow's headline. Just thinking about it made him feel excited. This news would definitely be headline news!

“Ka ka ka...”

When these reporters rushed into the bedroom, the cameras kept flashing. Oliver Walker and Luna Thomas didn't react at all.

“This won't do! It doesn't look real. Can someone cover Luna Thomas's face?”

“Good idea!”

“...”

In order to pursue 'truthfulness', some sinister reporters even fabricated the illusion that Luna Thomas used a duvet to cover her face.

This was clearly to create Luna Thomas's instinctive fear after being exposed.

“Not bad!”

“Hahaha...”

“That's good!”

“...”

When the reporters got the photos they wanted, they left the presidential suite in satisfaction.

At the same time...

“Sir!”

When George Lee saw the broken door of the presidential suite, he instantly roared in grief and indignation. "Bastards! You'll pay the price!"

"F\*ck your ancestors!"

The chaplain had dedicated his entire life to the country. In order to protect every inch of land in the state of Indiana, he had abandoned his wife and daughter, almost causing a disaster.

For the sake of the country's main military force, which was almost ambushed, he did not hesitate to carry the flag and fight against the enemy's 100,000-strong army in the canyon.

In the end, he was severely injured and had yet to recover his strength.

Chapter744 Starting of the Masterplan

When they arrived....

Oliver Walker was covered in blood, and the corpses piled up under his feet were almost like a mountain.

However, that man was still carrying the flag on his back. Even though he was on the verge of death, he did not bend his proud body. It was also that battle that made the Oliver Walker famous all over the world.

However, who knew how much bitterness was mixed behind this?

George Lee rushed into the bedroom with tears in his eyes. When he saw Oliver Walker, he was suddenly stunned.

"He's still breathing, hahaha..."

"Not dead!"

No matter what happened, it was great news that Oliver Walker did not die.

“Boss!”

At the same time, Mike and Aiden also rushed in. “Boss! How is he? What exactly happened?”

They were anxious! Tears covered their faces!

If there was anyone in their lives that they respected from the bottom of their hearts, it would be Oliver Walker.

“He’s fine. It’s just that he passed out. I’m not too sure what happened,” said George Lee.

“However, there must be a huge conspiracy behind this matter! You guys stay here and take care of Boss and Miss Luna Thomas. I’ll go to the front desk now and ask for the surveillance video.”

No matter what, he had to get to the bottom of this.

As long as Oliver Walker was fine, everything was still alright.

It was the blessing of the country.

George Lee wanted the mastermind to suffer!

\*\*\*\*\*

At the same time, in Thomas ‘villa!

“Godfather, good news!”

Justin Thomas placed the photos on the table and shouted excitedly, “Luna Thomas won’t be able to make a comeback this time.”

” They don’t know how powerful that drug is.”

“Hahaha!!!!”

Richard Thomas took the photos and admired them one by one.

This...

There were no revealing photos at all, but the photos of them hugging each other tightly and lying on the bed were enough to explain everything.

However, when he saw Luna Thomas’s charming appearance in the photo, he couldn’t help but say, “How nice would it be if we didn’t have this blood relationship?”

He was indeed tempted.

However, he did not dare to do anything. After all, Luna Thomas was his biological niece!

Compared to the big picture, personal desires were indeed nothing.

“Good job.” He nodded and praised, “You did well. Buy all the media outlets immediately and publish the headlines.”

“I want to send my dearest niece’s face to be on the trending searches, hahaha...”

Justin Thomas nodded quickly. "Godfather, just wait and see. I'm ready!"

The atmosphere in the villa's living room was very relaxed!

"In that case, the Thomas Corporations can only be mine. That unlucky big brother of mine definitely won't be able to come back."

"Big Brother, I'm sorry. I don't want to do anything to my niece, but the smell of power is too irresistible."

"Hahaha..."

Richard Thomas laughed maniacally. "Also, this news must not be published by the media under Thomas Corporation."

"Give me some time. I'm going to apologize on behalf of my dearest niece!"

His eyes were filled with evil. No matter what he had done, he had to act like a biological uncle in front of the public.

In this way, he could completely control the hearts of the people of the Thomas Corporation!

"Godfather, that's great!"

Justin Thomas was already waiting for his reward. After all, he was the one who planned this from the beginning to the end.

Oliver Walker still wanted to fight with him?

Why don't you take a piss and look in the mirror! That man was really f\*cking courting death!

The father and son, who were in cahoots, began to discuss brazenly.

Little did they know that their every move was controlled by the Internet Surveillance Bureau that Silver Wolf was in charge of!

This conversation would be the irrefutable evidence of their execution!

Chapter745 The Explosive News

The next morning, an explosive piece of news quickly blew up the entire Ocean City!

[The love between the young lady of the Thomas Corporation and a married man]

[Thomas Company's Missy's Sinful Life]

[After the Wealthy Class fails to seize power, they actually act as a mistress and destroy other people's families.]

“...”

Such news instantly swept across the Internet.

At the same time, there were all over major newspapers!

The content was similar to the public account.

The photos of Oliver Walker hugging Luna Thomas in bed, as well as the photos of Luna Thomas covering her face with a velvet quilt, coupled with the text, were even more eye-catching.

The gimmick was too explosive!

The contents of the news even revealed that Oliver Walker was the live-in son-in-law of the Davis family in Colo.

He was an idle person without any real ability.

Just by looking at those words, Oliver Walker was really criticized as useless.

However, none of this was important. It was just a prelude. He was only saying this to smear Luna Thomas 'reputation.

After learning of Oliver Walker's handsomeness, Luna Thomas gave up on managing the family business and ran to Ocean City to open a shop, purely to keep this man as her personal gigolo.

Then, after successfully getting him, the Thomas Company of the Ocean City had an unexpected situation. In order to seize power, they collectively smeared Richard Thomas.

She even forced him to kneel and beg at the shareholders' meeting.

In short, the news were shocking!

Oliver Walker had become an out-and-out gigolo. In order to cling to the eldest daughter of Thomas Corporation, he had even cheated when he was already married.

And Luna Thomas had also become an evil figure!

On the Internet, there was a wave of scolding!

They showed no mercy to Luna Thomas and Oliver Walker!

And the matter was getting bigger and bigger...

\*\*\*\*\*

Back at the Thomas Corporation.

“Hahaha... Not bad, not bad!” Richard Thomas couldn’t stop smiling as he read the reports.

This time, even if it was Luna Thomas, with the help of the heavens, she would not be able to make a comeback! She would also be nailed to the pillar of shame forever and suffer the abuse and slander of tens of thousands of people!

“Godfather, the press conference is ready!”

Justin Thomas smiled smugly. He had planned all of this.

If he directly helped Richard Thomas to sit on the throne of the person in charge of the Thomas Corporation, his status would naturally rise in the future.

“Yes!”

Richard Thomas tidied his suit and then began to brew a sad mood. After he went out, he was completely different from the joy he had inside.

At this moment, his footsteps were hurried, and his face was filled with anxiety and unease as he stepped into the venue.

“Mr. Thomas, what do you think of Miss Luna Thomas’s incident?”

“Mr. Thomas, Miss Luna Thomas is your biological niece. Didn’t you notice anything unusual about her private life earlier?”

“And...”

After seeing the current head of Thomas Corporation appear, the reporters below the stage immediately let out a puzzled voice.

The scene was like a wet market, extremely chaotic.

After all, Thomas Corporation was the number one company in the Ocean City. This kind of change in a wealthy family should not be too eye-catching. Everyone wanted to get the answer they wanted.

“Everyone, please be quiet!”

Richard Thomas stood on the podium with a sad look on his face. After the crowd gradually quieted down, he bowed and said, “I apologize to the public for Thomas Company’s recent changes.”

“Miss Luna Thomas is my niece. She did this because I...”

“I never expected this!”

“I... I represent her to make a sincere apology to the public.”

“She was spoiled by the company since she was young. It’s indeed my and Big Brother’s fault for educating her.

“Now that Big Brother’s life and death are unknown, I’m willing to bear all the negative consequences brought by Luna Thomas. If anyone wants to scold me, please do it towards me!

It had to be said that these words were extremely sincere. Especially when paired with his peak acting skills, he created the image of a good uncle who loved his niece.

This move also completely shook the determination of the people who were originally prepared to support Luna Thomas.

At least so far, Richard Thomas had been conscientious and conscientious. There was nothing wrong with him, and he was even tolerant of Luna Thomas's mistakes!

"I hope that the media will show mercy to my niece. After all, she is still young."

Chapter746 Crocodile Tears Part 2

"Her thinking is still immature!"

Richard Thomas once again shed tears and bowed in front of the camera to apologize. Then, he quickly left the scene because he wanted to laugh. He wanted to laugh to his heart's content, but he was afraid that he would be exposed.

Plus, leaving the scene quickly could also cause the reporters at the scene to have endless fantasies!

At the same time...

Heavenly Sect Pharmaceuticals back in Colorado.

"You... You guys..."

Emilia browsed through the news on the website, her heart aching so much that she was trembling. If it was just words, she would not believe it at all. But now, they had caught them red-handed and the evidence was conclusive.

Moreover, the scene of Oliver Walker hugging Luna Thomas tightly seemed to be to protect Luna Thomas!

She was crying!

That's right!

Oliver Walker was so outstanding, and Luna Thomas was so beautiful! There was no accident that something would happen between them, right?

“I trusted you so much. Why would I do this? Why?”

Emilia cried, and her tears kept flowing!

She treated Luna Thomas as her best friend, and Oliver Walker was her true love. She couldn't understand why these two people were so cruel to her. Did they really have no sense of propriety and shame?

“Sister Emilia, something bad has happened!”

“I'm sorry.” Sarah Lee ran into the office in a panic. “There are reporters outside the office. They want to interview you.”

The matter had blown up so much that she naturally knew about it. They also knew how much of a blow this would cause to Emilia.

“I don't want to see them!”

Emilia hugged her head and cried.

She had thought that she would be able to live with her husband until they were old, but she never expected that she would be unable to resist fate.

“But they said that if you don't appear, they won't leave.”

“What?” Sarah Lee said with a sorrowful and angry expression, “Do these inhumane fellows only know how to rub salt into other people's wounds?”

After such a thing happened, they used such a method to invade Emilia's life in pursuit of popularity.

How shameless!

"They've gone too far!"

Emilia slapped the table with tears in her eyes. She stood up and wiped her tears away. "Tell them to come to the meeting room!"

No matter what, she had to respond to it. Otherwise, Heavenly Sect pharmaceuticals would not be able to continue with their business.

This group of reporters would never consider her feelings!

"Emilia...."

Sarah Lee was very worried. In fact, she did not dare to leave Emilia, afraid that she would not understand.

After all...

"I... I'm fine! What's the worst that could happen?"

As Emilia spoke, tears fell from her eyes as she said in a self-deceiving manner, "I... I'm a strong person."

"Hurry up and go!"

She was anxious! She rarely lost her temper, but this was the first time she had yelled at Sarah Lee!

Sarah Lee frowned slightly. She looked at Emilia with heartache and then left!

Emilia walked toward the conference room with heavy steps and tears in her eyes. "You guys..."

"Why are you doing this to me?"

"Heh... Haha... What did I do wrong?" she asked with a bitter smile.

She had already accepted Oliver Walker, and they could be together after everything was over.

In fact, she had already agreed long ago. However, a series of things had delayed their relationship and pushed it to the final step.

However, she did not expect Oliver Walker to actually...

Since such an unspeakable affair had happened, it was fortunate that they did not take a huge step forward. Otherwise, she would regret it even more.

#### Chapter 747 We're Not Married

When Emilia walked into the meeting room with a dejected heart, a smile that could topple a country suddenly appeared on her peerless face. When all the reporters saw this scene, they were all dumbfounded.

They didn't know if they should continue asking the questions they had prepared.

According to the information they had, Oliver Walker and Emilia had always been very loving. Now that Oliver Walker was cheating on her, shouldn't Emilia be heartbroken?

'Why...'

Instead, she looked like nothing had happened?

Even Sarah Lee could not believe her eyes. She asked in a trembling voice, "Sister Amelia, you..."

The meeting room was silent! They couldn't figure it out. They really couldn't figure it out!

"What's wrong?"

"Oh?" Emilia smiled and looked at the reporters curiously. "Are you here to promote Davis' new product?"

"But you're all entertainment reporters. Have you changed your profession?"

She smiled innocently and even joked. She did not look sad at all.

"Ms Davis... What do you think of Oliver Walker's affair?"

"Yes, he is, after all, he is your husband!"

"Tell us!"

"Are you forcing a smile?"

"..."

The reporters finally reacted. Questions that would pierce through Emilia's heart came one after another.

Sarah Lee's eyes were filled with worry. She did not understand why Oliver Walker would betray Emilia.

Ms Davis was such a good person.

Oliver Walker actually did such a thing. Was he still human? Not to mention the reporters, even she could not stand it anymore.

“Why should I force a smile? Besides, what does Oliver Walker’s affair have to do with me?”

“Are you guys mistaken?”

“He was indeed my husband, but we are no longer together! We’re just good friends.”

The moment these words were said, it was like a bolt of lightning that struck the heads of the reporters!

F\*ck!

What was going on? This sudden reversal left them at a loss. Their brains could not react at all.

This...

“First of all, I want to clarify something. I’m single, and so is Mr. Oliver Walker We’re just very good friends. I don’t know why there are so many scandals.”

“Isn’t it natural for Mr. Oliver Walker to be with Miss Luna Thomas now?”

“Shouldn’t we give our blessings?”

Emilia’s rhetorical questions caused the atmosphere in the meeting room to drop to freezing point.

After a long silence...

The reporters below finally reacted. "That's impossible. You and Mr. Oliver Walker are clearly husband and wife. This is a well-known fact in the state of Colorado!"

"Right, how can this be fake?"

"And..."

Just as everyone was talking about it below the stage!

Emilia suddenly stood up and retorted angrily. "I hope you can take responsibility for your words and deeds. Don't mislead the public. There's nothing between me and Mr. Oliver Walker!"

"If you don't believe me, you can go to the Civil Affairs Bureau to check on our marital status!"

Although she was extremely sad, since Oliver Walker had done so, she could not be blamed for being heartless.

She couldn't let her daughter bear the infamy of her father's adultery. She didn't want to be cuckolded!

She only had the courage to say this because she had never registered her marriage with Oliver Walker. This was also the reason why she did not receive any preferential treatment from her family when Oliver Walker participated in the Battle of Indiana.

"But... But you both have a daughter..."

The reporters below the stage did not know how to ask. They were all dumbfounded.

Such a sudden situation had turned them into idiots, and even their brains had stopped thinking.

This was especially true for Emilia. If she dared to ask them to go to the Civil Affairs Bureau to check, it really meant that Oliver Walker and Emilia were no longer husband and wife.

Otherwise, who would be so foolish as to betray her?

Chapter 748 We're Separated

"We do have a child together, but we broke up peacefully. As the father of the child, could he possibly appear in my house to see if there's anything wrong with the child?"

"Do we have to become sworn enemies after breaking up?" asked Emilia.

The reporters present were speechless at his continuous questions.

After a long silence, they left the meeting room.

After all...

They could no longer get what they wanted.

There was no longer a love triangle between the rich and powerful!

Moreover, what Emilia said was flawless. Who said that after a divorce, they had to turn against each other? Morally and legally, it was only right for Oliver Walker to stay at home and take care of his children.

"Emilia, you..."

After all the reporters left, Sarah Li frowned and said, "I..."

She did not know what to say anymore.

“Mmmm...”

But the next moment, Emilia hugged her head and cried in pain.

“Why did he betray me? Betray our family?”

She didn’t understand it at all!

He had already persevered to this point. Why couldn’t he persevere a little longer?

Perhaps she shouldn’t have let Oliver Walker help Luna Thomas from the beginning. Otherwise, this wouldn’t have happened.

However, she also knew that no one could snatch it away from her. If it wasn’t hers, she couldn’t keep it even if she wanted to.

If Oliver Walker really had a change of heart, then even if Luna Thomas wasn’t there, there would still be another woman who would steal his heart.

After all, it was impossible for an outstanding man to lack the temptation of women!

\*\*\*\*\*

At the same time, in the presidential suite of the Jinling Hotel!

“Motherf\*cker!”

Oliver Walker looked at the news reports and cursed. He had been framed. “Did you find out who it was?!”

“According to our surveillance, it was Richard Thomas and Justin Walker who did it together,” said George Lee angrily.

“And that woman who delivered the food is definitely an accomplice!”

“Get the evidence ready,” Oliver Walker said coldly. “Make that woman disappear from this city!”

“As for Richard Thomas and Justin Walker, I want them to become street rats!”

Anyone who destroyed his family must receive the most severe punishment!

“Oliver Walker!”

“You bastard!”

At the same time, the bedroom door opened. Luna Thomas shouted angrily, “I really didn’t expect you to be such a person. You...”

What happened yesterday was too obvious.

It was obvious that Oliver Walker had taken a fancy to her body, and the real purpose of coming to Ocean City was not to help her. He just wanted to get her!”

Therefore, climbing up from the bedroom that night in Thomas Corporation’s villa could not be a coincidence!

Oliver Walker was anxious. “Luna Thomas, listen to me!”

This matter had to be explained clearly. Otherwise, there would be a big problem.

Moreover, the evidence was already being sorted out. The truth would be revealed soon!

'Pa...'

Luna Thomas slapped Oliver Walker's face with tears in her eyes. "Save your explanation for Emilia!" she said angrily.

"I... I will never forgive you!"

As soon as she finished speaking, she rushed out of the hotel!

The purity that she had kept for more than twenty years was just like this...

As expected, a tiger was bullied by dogs. If her father hadn't been in trouble, she would still be the eldest daughter of Thomas Corporation. Would Oliver Walker dare to do such a dirty thing?

She was filled with grief and despair!

"Boss, what should we do now?"

George Lee frowned. From the looks of it, the situation was quite unfavorable for the chaplain!

If he used his special privileges to wipe out all the news, it would cause even more dissatisfaction and controversy.

After all, it had already blown out of proportion!

Chapter749 Luna Orchestrated This?

"Forget it. Send someone to follow her first. We must ensure her safety!"

The frustrated Oliver Walker quickly made a decision. After all, the truth would come to light one day. As a victim, it was reasonable for Luna Thomas to misunderstand him!

So... He only wanted to capture Richard Thomas and Justin Walker and kill them.

However, killing them would be too easy for them.

Considering the overall situation of Thomas Corporation, he had to explain this matter clearly to the public.

After all, Thomas Corporation was a pillar enterprise of Ocean City. It could not fall. Otherwise, it would be a huge blow to the economy of this city.

Although he no longer cared about the government's affairs, every decision he made had to be considerate.

"State Preceptor, look!"

"Sister-in-law, we have a response!" George Lee took out his phone. "She said that you two aren't husband and wife, and she even said that she wishes you both happiness!"

This matter had blown up!

Oliver Walker frowned. "Tell them to ensure my wife's safety. Don't let her commit suicide. I... I'll give her a call and explain it to her."

He knew very well that the more beautiful his wife's smile was, the more despair she felt. After all, they were truly in love, and their relationship was extremely strong. This sudden situation was not only a huge blow to Emilia, but it was also a devastating blow to him.

If it wasn't for the serious injury four years ago, which resulted in the damage to his internal organs, this wouldn't have happened.

In fact, he was still trying to avoid suspicion. In the end, no matter how much he planned, he never considered that his body would fail him. He never saw this coming.

Even so, there was no reason for him to fall for an ordinary knockout powder.

He could only say that this time, he was really unlucky!

He quickly took out his phone and dialed his wife's number. However, a desperate voice came from the other end. "I'm sorry. The number you have dialed is currently on the line!"

This voice from the machine showed that either Emilia was hanging up on him or he had been placed on her blacklist.

He quickly switched his phone to WeChat and sent a series of messages:

[ Honey, it's not what you think.]

[ Luna Thomas and I were framed!]

[ There's nothing between us!]

[ Honey, I'm already gathering evidence.]

[ Please give me one day, the truth will definitely surface!]

...

He had sent a lot of messages, but he did not know if it would be able to ease his wife's emotions. That feeling was really uncomfortable!

“Wuuu...”

At the same time, Luna Thomas cried into the phone, “Sister Amelia, I really didn’t expect him to be such a man. I... I was drugged too!”

“I really...”

She swallowed her words and slowly stopped talking. Only the sound of crying could be heard.

“Is that so?” said Emilia, pretending to be relaxed. “It’s better if we don’t contact each other. After all, there’s a lot of public opinion now to avoid misunderstandings.”

Perhaps Oliver Walker was an unfaithful man, but he would never do something like drugging.

After all, they had lived together for so long, and Oliver Walker had never overstepped his boundaries. Therefore, it was very likely that Luna Thomas had orchestrated this.

“Sister Emilia...”

Luna Thomas felt extremely wronged, but before she could say anything else, the phone was hung up. She felt so wronged that she wanted to bang her head against the wall!

But if she died just like that, wouldn’t that be even more aggrieved?

Her father’s fate was unknown, she was violated by Oliver Walker, and the company was seized by Richard Thomas. It was simply...

Life was dark!

“Beep...Beep... Beep...”

However, at this moment, Oliver Walker finally called his wife, which meant that his number had not been blocked.

“Answer it!”

“Answer it!”

Chapter 750 You Can Get Whatever Evidence You Want

“Please answer it!”

Oliver Walker kept praying in his heart. He wished he could fly back to Colorado immediately, but he had to deal with the matter here! Therefore, if they could talk first, they might be able to buy some time.

Finally, the call went through in the next second, but there was no sound from the other end.

Emilia hugged her phone with a blank expression. She really didn't know what to say.

She had already seen those WeChat messages, but...

What did that mean?

“Honey! Listen to my explanation. It's definitely not what you think!”

“I know you will hate me, but...But I swear to God that nothing happened between Luna Thomas and me. We were all framed!”

Oliver Walker's heart was on fire. He said a lot in one breath.

He just hoped that his wife would trust him as always!

Even if it was just once!

“Luna Thomas told me everything!”

“You...” Emilia, who had been silent for a long time, suddenly interrupted Oliver Walker’s explanation.  
“She said that you violated her.”

Oliver Walker frowned.

“She doesn’t know the truth at all. This matter is very complicated. If we explain it from the beginning, it will take a long time. but I’ve already collected the evidence. I’ll send it to you after I’ve sorted it out!”

“I know you’re powerful.” Emilia laughed hoarsely. “You can get anything you want.”

“Since things have already started between the two of you, I wish you happiness. Don’t worry about my feelings. I can’t accept you anymore.”

That’s right!

That man could do whatever he wanted. Wasn’t it easy for him to fabricate evidence?

But...

“Honey...”

Oliver Walker was anxious.

However, before he could explain, he heard a busy tone. It was obvious that the desperate Emilia did not want to listen to any more explanations!

“Follow me to the Thomas Corporation!” he roared angrily.

Damn it!

After fighting for so many years, he had never felt so aggrieved before!

He was indeed careless! He had underestimated the people of the secular world!

As the saying goes, three brains working together are better than one genius.

He didn't think that geniuses had an undeserved reputation, so it was reasonable for him to fail. Even a wise man would make a mistake!

Pride comes before a fall!

However, this time, he wanted to make Richard Thomas and Justin Thomas suffer so much that they wished they were dead!

“Yes, sir!”

At the same time, George Lee, Mike, and Aiden, who were already ready to go, had even colder expressions. Since the other party had dared to do such a crazy thing, then don't blame them for being crazy too!

At the same time, in the Thomas Corporation!

“How did this happen? How could he not be married?”

When Richard Thomas saw that the news media from Colorado had refuted the rumors, he immediately flew into a rage. If Oliver Walker was not married, didn't that mean that Luna Thomas and Oliver Walker were in a normal relationship?

In that case, Luna Thomas naturally couldn't be considered a mistress.

This... The reversal came too quickly!

"Listen up. Find those news media outlets immediately and forbid them from sending out any more news to refute the rumors. Also, contact the media and tell them to come here now. I want Luna Thomas's crime to be confirmed!" Richard Thomas roared angrily.

If Luna Thomas didn't lose her reputation, he wouldn't be able to rest easy.

After all, the strength of the shareholders in the group were far higher than his. Once they realized that things had reversed, they would definitely come looking for trouble and trip him up. This kind of thing must not happen.

What he did not know was that someone even more powerful than the chairman's faction had already come to seek revenge with anger! This time, he was doomed because he had offended a man he should not have offended!
