

## **Chaplain 751**

Chapter 751 Mary Grimm's Call

"Yes, sir!"

Justin Thomas immediately turned around and left. He had done this kind of thing too many times. He just wanted the local media in Colorado to shut up!

Wasn't this easy? If they didn't want to, all he had to do was pay them!

As the number one company in Ocean City, Thomas Corporation had never lacked money. If they still did not know how to appreciate kindness, then they would be like a moth flying into the fire, courting his own death.

At the same time, in a speeding car on the road!

"Boss, Silver Wolf has already taken control of the network of Thomas Corporation. As long as you give the order, the evidence can be shown on the screen. Richard Thomas's decision to hold a press conference will be his stupidest decision."

George Lee kept reporting the situation, and the evidence had been sorted out. It was time for the truth to be revealed.

Most importantly, the impact of this matter was too bad. It was a huge blow to the chaplain's reputation and his family.

"Yes!"

Oliver Walker looked indifferent. Perhaps Richard Thomas's methods were indeed good. However, no matter how good his acting skills were, he was just a clown in front of absolute strength.

It could be said that from the beginning to the end, he did not put Richard Thomas in his eyes. Instead, he placed all his attention on Sean Martin.

This resulted in him being in a passive situation for two consecutive days. However, when he was ready to counterattack, he definitely had the absolute initiative.

“Ding, ding, ding...”

However, at this moment, a phone rang. Oliver Walker could not remain calm after seeing the caller ID.

The call was from his mother-in-law. He was hesitating if he should answer the call. What if the misunderstanding escalated before the matter was clarified?

After all, the current situation was not friendly to him.

However, after thinking for a long time, he finally pressed the answer button.

“Grandma, what happened to Mom and Dad? I don’t want them to quarrel. Can you let Daddy come back? Wuuu...”

Olivia Walker’s cries came from the other end of the phone, and it instantly touched Oliver Walker’s heart.

He...

The corners of his lips moved slightly, but he hesitated to speak.

“Olivia, be good. Go and chat with Madam. I’ll get your father to come back.”

Mary Grimm’s tone was filled with helplessness. Olivia Walker, on the other hand, believed it when she heard that her grandmother had asked her father to come back.

After all, a child's heart has always been very pure.

"Oliver Walker, what have you done? What did our family do wrong to you?" Mary Grimm sounded like she was about to cry.

"Why are you so cruel to my daughter? Doesn't your conscience hurt?"

The matter had blown up so much that he naturally couldn't hide it from her. Even the people from Davis Company deliberately mentioned this matter in front of her to make a fool of her.

However, making a fool of himself was a small matter, but his daughter's happiness was the most important! After all, they had a daughter, Olivia Walker.

How much of a blow would such a scandal deal to Olivia Walker?

"Mom!"

Oliver Walker frowned. "I can't explain this in a few words but you'll see the whole story tomorrow at the latest! Nothing happened between the both of us!"

His heart ached! Even his kind mother-in-law was involved in this matter. He...

"Alright. I'll wait until tomorrow," Mary Green said in grief. "I'm willing to believe you, but you have to give Emilia an explanation for this! You're a good child. You must not disappoint our family!"

There had been many misunderstandings in the past. She did not trust Oliver Walker, but after so many ups and downs, she was willing to believe him once.

So...

Chapter 752 The Press Conference

“Yes, sir! I’ll definitely give Emilia a satisfactory truth,” Oliver Walker replied firmly.

After hanging up, he leaned back in his seat and sighed.

Was it easy to be human? It was easy to be a bad person, but to be a good person, one had to take into account everyone’s feelings.

Being a man was also difficult. He had to be worthy of the country and his family.

When the car stopped at the entrance of the Thomas Corporation, the bodyguards around immediately rushed up.

“This is not a parking space. Please move...”

” F\*ck, isn’t that Oliver Walker?”

“How dare you come to this place?”

“Brothers, beat him up!”

“...”

In an instant, the eyes of the bodyguards of Thomas Corporation turned red. No matter what, he had really harmed Miss Luna Thomas.

Therefore, the security department, which was originally under the control of the chairman, was instantly furious. At this moment, Luna Thomas had already become a street rat. She couldn’t even return home.

When they thought of the chairman's kindness to them before the accident, their tone became even louder. Therefore, they had to vent all his anger on Oliver Walker. They wouldn't ask any more questions and would just take out their weapon and beat him up!

"Don't hurt them!"

From their angry words, Oliver Walker could tell that the security guards were not enemies but friends. They were angry because of a misunderstanding.

Of course, he couldn't be ruthless!

As for Aiden, he stayed behind to cover the rear and did not attack ruthlessly. At least, he did not injure these powerful security guards.

"Oliver Walker?"

"F\*ck, you actually dare to come?"

"Brothers, catch him and bring him to the general manager."

"..."

After entering the group, they met another group of people. However, this group of people were clearly loyal to Richard Thomas, so they were unlucky.

Mike did not show any mercy. Soon, painful screams resounded throughout the entire group. Along the way, they also encountered resistance!

However, no one could stop Oliver Walker from heading to the conference room of the Thomas Corporation!

At the same time...

In the meeting room!

It was already crowded. As the matter fermented, it caused the heat to continue to rise. Basically, any news media that could be named in the East Ocean had come to participate in Thomas Corporation's public press conference.

After all, this was a hot topic. No one would go against money.

"Dear reporters and friends, hello. I am the Chairman of Thomas Corporation."

Richard Thomas was dressed formally, and his expression was even more serious. "I apologize to all the friends who care about my ability through all the news media present for the things that happened to Thomas Corporation in the past two days."

His acting skills were always on point!

"Hello, Mr. Thomas. I would like to know what you think about Emilia's refutation of the rumors in Colorado. What if it's real?"

This was something that everyone was paying attention to!

"Phew..."

Richard Thomas took a deep breath and said with a solemn expression, "Miss Emilia, as the eldest daughter of Davis, a wealthy family in Colorado, and the founder of Heavenly Sect Pharmaceuticals, it's naturally reasonable for her to respond like this."

Such an answer made one's imagination run wild. He was clearly implying that Emilia had said that she was not married to Oliver Walker in order to save face. However, he managed to preserve his image as a good uncle.

“I would then like to ask, what do you think of Miss Luna Thomas?”

It was another sharp question that resounded throughout the large conference room. Everyone was looking forward to it. After all, the waters here were still very deep. They also wanted to know if Richard Thomas was just creating a persona or if he really loved Luna Thomas!

“My heart aches but the child is still young, and it’s inevitable for her to make mistakes. I sincerely hope that everyone in society can give Miss Luna Thomas another chance.”

“Can we stop reporting this matter?”

Richard Thomas said one thing and meant another. He looked sad, but he was laughing like a pig in his heart. “We should give people a chance to turn over a new leaf, not trample them to death after making a mistake!”

Chapter 753 Please Forgive Her

He had to admit that his intentions were vicious! This answer seemed to be a chance for Luna Thomas to gain sympathy and forgiveness.

But in reality?

It was equivalent to admitting Luna Thomas ‘mistake!

In addition to the previous response to the news report in Colorado, it formed an echo!

That meant that Oliver Walker and Emilia were married, and it was also true that Luna Thomas was keeping Oliver Walker as a mistress and interfering in someone else’s marriage as a third party.

If he was really convicted! Then who would be willing to forgive Luna Thomas?

Is there any one who would still accept Luna Thomas?

Therefore...

As long as Mark Thomas did not return, the Thomas Corporation will always belong to Richard Thomas.

When the main family perished, then the branch family would naturally take over. Then, he would have already turned the tables.

Of course, Mark Thomas would never return. This was because he had already cut off all possibilities of Mark Thomas coming back.

They were even more aggressive in their counterattack against the Holy Light Group. The person who kidnapped Mark Thomas was most likely the chairman of the Holy Light Group, Gary Stevens!

So what reason did Gary Stevens have to release Mark Thomas?

“So, Luna Thomas is really that kind of sinister woman?”

“Oliver Walker is also despicable. As a man, he is actually willing to be kept as a mistress!”

“He has even become a live-in son-in-law. Does he still care about this?”

“...”

As this press conference was a live broadcast, the entire Internet began to curse.

Oliver Walker was not a good person, and Luna Thomas was naturally not one either. This was the standard modern version of an adulterous couple.

At the same time, Luna Thomas had already hidden away. When she saw the comments on the Internet, she instantly threw her phone away.

Her emotions and pressure were extremely great!

Naturally, Emilia was also watching. She also made a disheartened choice and turned off her phone.

The two girls were in a terrible state. They were all furious. They were furious that that man would actually do such a terrible thing.

At the same time, the press conference continued!

Richard Thomas pretended to cry bitterly. "After the incident, my niece suffered a lot of pressure. It did have a bad impact on society, but she's not willing to come back now."

"She even cut off all contact with me! I would like to use this chance to speak to her.

"No matter what happens, blood is thicker than water! It's all my fault for not educating you well. I'm sorry! Your family cares about you very much. Come back quickly!"

The passionate shouts moved everyone on the Internet. The reporters at the scene did not have the heart to ask tricky questions again.

"Bah..."

"How can such a b\*tch deserve such a good uncle?"

"She's really blind!"

"We aren't doing good enough with the scolding to wake her up. Let's do better!!!"

“...”

The reporters at the scene, on the other hand, kept as quiet as possible and captured the tearful scene of Richard Thomas from all angles!

How touching!

“I think you don’t want her to come back, right?”

At this moment, a sonorous and powerful voice resounded throughout the entire meeting room!

It also instantly attracted everyone’s attention!

In an instant, the cameramen tacitly switched their cameras.

“Oliver Walker!”

“Damn, how dare this man!”

“Brothers, don’t be stingy. Let’s drown this b\*stard!!!”

“You’ve really embarrassed us men!”

“F\*ck you!”

“...”

In an instant, the entire Internet was filled with curses!

After all, most people hated ungrateful people. Especially after this incident, how Oliver Walker married into Davis, a wealthy family in Colorado, was clearly exposed!

Chapter 754 Oliver Walker vs Richard Thomas

How could he betray the number one goddess of the state of Colorado?

“Oliver Walker?”

At the same time, Richard Thomas, who was on stage, was dumbfounded.

Why was he here? How did he get in?

This...

But soon, Richard Thomas calmed down. With a loud bang, he slammed the table and stood up angrily. “Bastard! Give me back my niece! If you hadn’t deceived her, my niece would never have done such a shameless thing!”

After all, in order to win the support of the shareholders, he had created the image of a good uncle. If there was any problem, he couldn’t blame Luna Thomas.

Naturally, he had to push all the blame to Oliver Walker!

It could be said that Oliver Walker’s appearance had indeed aroused the anger of the crowd!

“I think we’ll know who’s the shameless one soon!”

Oliver Walker strode toward the podium. “In order to control the corporation, you put your niece under house arrest and even framed her. However, in order to obtain the support of the chairman’s faction, he created the image of a good uncle. You thought you did it flawlessly, but...”

“There’s another proverb: If you don’t want others to know, don’t do it yourself!”

Oliver Walker’s reply was full of confidence, and there was no fear on his face.

The reporters were stunned!

Could it be that things were going to turn around again?

“No way, no way?”

“What face does he have to be so stubborn?”

“No wonder he could become a live-in son-in-law and even seduce the young miss of the Thomas family. He’s actually quite good-looking!”

“But damn it, don’t you feel shamless?!”

“...”

No one on the Internet was willing to believe Oliver Walker!

At least, before the evidence appeared, this was an established fact.

No matter what he said, it would not work!

“Nonsense!”

“What nonsense!”

“Don’t slander me!” Richard Thomas roared with bloodshot eyes.

“Men, chase him out!”

He was anxious!

It wasn’t that he was in a hurry to perform, but that he was really desperate.

After all, what Oliver Walker said was the truth. No matter how strong his mentality was, he would still feel guilty. He knew very well that if Oliver Walker really had evidence, he would definitely become a street rat and live in fear for the rest of his life.

More importantly, the power that he had obtained would also be backfired! The more glorious he was now, the more miserable he would be in the future!

“Why are you so anxious?”

“You look scared as well.” Oliver Walker said indifferently. “Are you sure you’re not guilty?”

As soon as he finished speaking, he had already stepped onto the podium and was only a short distance away from Richard Thomas. Their eyes met. His gaze was sharp, filled with contempt and disdain.

In stark contrast, Richard Thomas’s eyes were clearly evasive.

“Ta...”

Soon, a group of security guards rushed in!

However, George Lee, Mike, and Aiden were guarding three directions. Without Oliver Walker’s permission, they would not let anyone disturb the scene!

“Hurry up and kick him out. The Thomas Corporations doesn’t welcome him!”

“Hurry up!”

Richard Thomas ordered frantically. Although he knew that Oliver Walker might just be stubborn and had no evidence, he was caught off guard and could not help but feel guilty.

“We want the truth! Mr. Thomas, you’re not that kind of person anyway. It’s not a problem to let him struggle on his deathbed.”

“That’s right!”

“This kind of man should be made famous in the world!”

” He’s too detestable. I want to rush up and beat him up!”

“...”

Soon, the reporters below the stage disagreed!

Seeing that things were very likely to turn around, how could they choose to give up?

After all, the popularity of the matter and the dram here were equivalent to their pay next month.

Faced with the strong demands of the reporters below the stage, Richard Thomas’s expression changed drastically. He was in a dilemma...

Chapter 755 Play The First Video

“Alright then! I’ll make you famous. You’d better show me evidence, or I’ll sue you for slandering my reputation! I’ll let you rot in prison!”

Slowly, Richard Thomas's emotions stabilized.

In his opinion, this matter was flawless. It was impossible to leave any evidence behind.

So... How could Oliver Walker turn the tables?

After thinking about this, Richard Thomas was not only not afraid, but also more confident!

"Mr. Thomas is upright and wouldn't be afraid of you!"

"Of course!"

"I think Oliver Walker is courting death!"

"Agreed!"

"..."

At this moment, the enthusiasm of the netizens had not subsided. Instead, more people joined in. Whether it was office workers, students, retired elderly, or housewives, they all began to eat the melons seriously.

After all, the gossip of wealthy families was the most interesting. The key was to keep them well-cooked!

"Miss Luna Thomas and I are just friends!"

"This matter has caused a great impact on us," said Oliver Walker. "So we have to clarify it."

It had indeed caused an extremely bad influence. When he said this, because he felt no guilt, he could naturally face all the doubts calmly.

“Would innocent friends hug each other and lie on the bed? My family is unfortunate!” Richard Thomas said coldly.

Oliver Walker ignored Richard Thomas. Instead, he faced all the cameras and continued to clarify frankly. “Emilia and I do not have a marriage certificate, so she did not lie but I love her and am willing to wait for her for the rest of my life until she agrees to register our marriage!”

Such words caused the entire scene to fall silent!

What kind of logic was this?

Did he treat this as a confession scene?

Was there water in his brain?

“F \* ck!”

“Oliver Walker is really good at playing!”

“Otherwise, how could he capture the hearts of the two women?”

“That makes sense!”

“...”

The entire internet was filled with sarcastic comments. What a f\*cking joke. He opened the door for jokes and even made jokes all the way home.

“Words are useless! Show me the evidence!”

Richard Thomas roared step by step. If it wasn't for the live broadcast on the Internet, if there were no outsiders present, he would have strangled this annoying guy to death long ago.

If Oliver Walker hadn't saved Luna Thomas, things wouldn't have gotten so out of hand. He didn't need to act. He could take it step by step and take control of Thomas Corporation.

“That's right!”

“Show us the evidence!”

“Empty words!”

“...”

As more and more people voiced their doubts, the incident reached a climax!

At the same time, they finally waited for the right opportunity!

Oliver Walker nodded at George Lee.

Soon, the screen on the podium suddenly changed to a surveillance video.

There were several surveillance cameras from different scenarios. There were only two people on the surveillance cameras, Richard Thomas and Justin Walker!

“Impossible!”

“This is impossible!”

Richard Thomas naturally recognized that this was his office and home. The discussion with Justin Thomas was naturally carried out in this extremely safe setting.

“Who allowed him to use our company’s equipment?”

“Hurry up and close it!”

“Quickly close it!”

Richard Thomas roared like an old dog in panic. These videos must not be exposed, or he would suffer the backlash of public opinion. Everything that he had obtained with great difficulty would turn into nothing in the blink of an eye!

“This is a conversation between Richard Thomas and his godson, who plotted to seize power and put Miss Luna Thomas under house arrest. The video has not been edited at all. After all, everyone here is an expert in this field. If it was edited, all of you would definitely be able to see it.

Oliver Walker ignored Richard Thomas, who was struggling in his death throes. “Begin playing the first video.”

Chapter 756 I’ll Prove You Wrong

After all, his men had already taken control of the computer room. No one could turn off the big screen.

When Silver Wolf used his remote control to press the play button, the scene began!

“Godfather, we can’t let the family head come back!”

“Do you have any good ideas?”

“We have to cooperate with the kidnappers and strike first!”

“Hmm?”

“Put Luna Thomas under house arrest and take over the power. When the kidnappers propose an exchange, we can do something about it.”

” But there are risks in doing so, but it’s not a man without poison. I’ll do it!”

” I’ll contact my clansmen tomorrow and promise them some benefits. I don’t believe they won’t take the bait!”

“...”

This was a video of Richard Thomas in his study at home. Once it was exposed, it instantly caused an uproar!

It was enough to prove that Luna Thomas was really under house arrest!

And Richard Thomas had planned this for a long time, so...

It went without saying!

“Stop it!”

” What are you waiting for?!” Richard Thomas shouted crazily, but no one responded to him.

“Do it!”

” Whoever takes down Oliver Walker will be rewarded with ten million yuan!”

He had never expected that the surveillance cameras in his house were meant to protect his family.

Now, it had become a means to expose his evidence.

However, Thomas Corporation's network had always been maintained by top-notch hackers. How could it have been compromised?

However, he did not know that even though Silver Wolf was unknown in the hacker world, the things he did more than once shocked the world of hackers.

However, no one knew Silver Fox's code name when they praised him. They only had one name, and that was the American Internet Surveillance Team!

Many crimes that threatened the country were solved on the Internet.

No matter how much money Thomas Corporation was willing to spend to find the world's top hackers, it would be useless.

Of course, he had to admit that Thomas Corporation's network security was really strong.

Even Silver Wolf, who had made outstanding contributions, spent more than a day to quietly enter Thomas Company's network system and obtain these precious surveillance videos!

"Go!"

"F \* ck it, for the money, I'll do it!"

"Brother, let's charge together!"

“ ... ”

As the saying goes, there must be brave men under great rewards. That was 10 million. Once he earned it, so what if he had to bear the infamy?

After all, this was money that they would never be able to earn in their entire lives!

However, that group of people thought it was too natural.

Whether it was the captain of the Imperial Guards, George Lee, or the former mercenary kings, Mike and Aiden, they were not exist that they could challenge.

Therefore, no matter how many people there were, they were just a motley crew. They were all blocked below the podium.

” F \* ck, this Richard Thomas is so f\*cking disgusting!”

“Yes, I am!”

“I really didn’t expect him to be such a person.”

“ ... ”

Very quickly, the entire internet’s comments were reversed.

All the verbal attacks were aimed at Richard Thomas.

” Mr. Oliver Walker, but this video cannot prove your innocence with Ms. Thomas.”

“Yes, I am!”

“Are you deliberately hiding something?”

“...”

The reporters below the stage began to ask questions again.

In order to seize power, Richard Thomas placed his niece under house arrest.

But there was still the next explosive point!

That was Luna Thomas. It was crucial whether she had seduced a married man.

However, wealthy families had always been full of chicken feathers. How could they be clean?

“As for that, I’ll tell you the answer in the next video!”

Oliver Walker replied frankly again, feeling very comfortable!

After all, the misunderstanding was about to be resolved. To be honest, the pressure of the past two days was not ordinary.

“Oliver Walker, where did you come from? I’ll fight it out with you!”

Richard Thomas had lost his mind. Seeing that the security guards below the stage could not rush up, he could only wave his fists and attack Oliver Walker’s temple in person...

Chapter 757 How Can You Prove Your Innocence?!

“Get down!”

Oliver Walker kicked Richard Thomas off the podium without even looking back.

“Rumble...”

After another loud bang, Richard Thomas’s body fell heavily to the ground. He spat out blood, and his eyes were filled with unwillingness. Richard Thomas knew that he could not stop it anymore. Everything that he had racked his brains for was ruined!

Immediately after, the big screen began to play the surveillance video again!

“Godfather, I’m ready.”

“Is it reliable?”

“Don’t worry, that knockout powder is enough to make a chaste woman fall for it. This time, Luna Thomas will definitely lose her reputation.”

“Mm, well done. I want her to never be able to raise her head again!”

“...”

Next, the surveillance camera continued to play!

“F\*ck!”

“Is he still human?”

“He’s simply worse than pigs and dogs!”

“He’s actually still acting, and his acting is so realistic. Why doesn’t he become an actor?!”

“...”

The entire Internet was filled with curses, and the situation was instantly reversed!

Every time the surveillance video was played, Richard Thomas's sins were revealed.

Richard Thomas's expression turned uglier and uglier! This was because he was at the end of his rope.

He had wanted to wield the butcher's knife of public opinion to kill Luna Thomas, but he was the one who was killed in the end.

“Let's go!”

Richard Thomas knew that he could not stay in this place any longer.

Therefore, he fled like a rat crossing the street.

However, at this moment, George Lee was ready to capture him. After all, he had done so many bad things. Could he just leave and solve it?

“Let him go!”

Oliver Walker said that even if Richard Thomas was not arrested now, his life would not be easy. If he was captured and imprisoned, it would help alleviate his pain.

Of course, the most important thing was that Oliver Walker was setting up a trap to catch a big fish.

There was still no news of Mark Thomas, and after he learned of the drastic changes in Thomas Company, he would definitely extend an olive branch.

In a desperate situation, Richard Thomas would definitely choose to collude with the other party. As long as he had this lead, it would not be difficult to find Sean Martin who was hiding in the dark.

Of course, the most important thing now was how to force Richard Thomas to the enemy. However, this shouldn't be a problem for them, who currently had the absolute advantage.

"Mr. Oliver Walker, I want to know how you can prove that you didn't have sex with Miss Luna Thomas under the influence of the knockout powder?"

As soon as he said that, the meeting room fell silent again.

That's right!

These surveillance videos could only mean that Luna Thomas and Oliver Walker were framed! It didn't mean that nothing happened between them.

Such a question was indeed difficult for Oliver Walker. How could he prove that he had never touched Luna Thomas?

This...

Could it be that he had knocked himself unconscious? It was extremely absurd!

Even if he told others, no one would believe him, right?

Everyone was waiting for an answer. Clearly, they did not want this hot topic to end so quickly. They wanted to dig deeper into the details behind it.

If he had allowed it, the reporters would have asked Oliver Walker how many times he had persisted, how long he had persisted, and what positions he had used.

“Luna Thomas and I, as victims, are we going to be attacked now?”

Oliver Walker retorted angrily. “I’ve already said that nothing happened but you don’t want to believe me. What else can I do?”

“Has your conscience been eaten by dogs?”

He was furious!

These reporters clearly did not want the storm to stop!

When they completely fell out with each other, these reporters were also scolded by the entire Internet!

“He’s too f\*cking useless!”

“If they only care about gossips, why didn’t he ask his mother in the morning if she had a good time last night?”

“Damn it, I really can’t stand it anymore.”

“Are these reporters all pigs?”

“...”

Chapter 758 Trust From His Family

Seeing the wave of criticism on the Internet, the reporters instantly became obedient after receiving the reminder from the staff.

They wanted to ask more questions, but Oliver Walker had already left angrily.

He knew very well whether he had done it or not, but how could he f\*cking prove it?

Was he to blame for cursing?

No!

These people were human without conscience! Was he wrong for cursing at them?

“Where is Luna Thomas now?”

“Get her back quickly,” Oliver Walker immediately asked after they left the conference room. “We’ll take control of the situation with this wave of popularity.”

The country needed a leading company like the Dingsheng Group. Once there was internal division, it would be a heavy blow to the economy.

He naturally knew that Richard Thomas, who had lost his reputation, would definitely shed all pretence of cordiality. He would not hand over his power and would only stubbornly resist to the end. However, this would also arouse strong resentment from the shareholders.

Therefore, it was especially important for Luna Thomas to be recognized by them.

“Miss Luna Thomas hid in a hotel after the incident was exposed. She didn’t want to talk to anyone.”

George Lee told him everything he knew. “During this period, she attempted suicide twice, but we stopped her. Now, she’s just crying uncontrollably and we can’t seem to stop her.”

It was quite normal for a girl to react like this after encountering such a thing.

Oliver Walker felt a headache coming on. He felt depressed!

But no matter what, Luna Thomas had to walk out of the shadows and return to the Thomas Corporations. Otherwise, the economy of Ocean City was likely to collapse.

This was what he was most worried about. Therefore, no matter how awkward it was, he had to persuade her.

Anyway, the truth was out now. As for whether she had done it or not, Luna Thomas should know as a girl, right?

He had a clear conscience!

On the way, Oliver Walker hurriedly called his wife's number, but...

No one answered! He was anxious!

Oliver Walker could only dial his mother-in-law's number to understand the situation. If something was wrong, he would need to fly back to Colorado immediately.

Fortunately, the call went through. She quickly said, "Mom, you should have seen the news, right? How's Emilia?"

"You've been wronged," Mary Grimm spoke in a serious tone. "I can forgive you regardless of whether you two really had sex. Deal with the things in Ocean City first before returning home. You'd better not come back yet. I'm afraid she won't be able to take the blow."

At least, based on the evidence that had been exposed so far, Oliver Walker was indeed not to be blamed.

She also knew that Oliver Walker's identity was extraordinary and had his own mission.

So... Even if they had sex, what could they do?

Her son-in-law was also a victim. She couldn't hurt him again, right?

"Mom! Nothing happened between us," Oliver Walker said emotionally. "Please believe me!"

His mother-in-law's understanding was what touched him the most. Therefore, he really wanted to clarify this difficult misunderstanding.

At the same time, inside the Davis Group!

"Emilia, have you seen the news?"

After the live broadcast ended, Sarah Lee rushed into the office.

Emilia's expression was dull as she curled up in her chair. When she heard that things had turned around, a hint of anticipation suddenly appeared on her desolate expression.

She turned on the computer, but... she didn't dare to look!

After hesitating for a moment, she asked nervously, "What..." What reversal?"

She really hoped that things weren't as she saw them.

But... She didn't have the courage to watch it again!

"Mr. Walker and Luna Thomas were framed. In short, it's hard to explain. Now the evidence is conclusive, and it's the kind that's irrefutable. The entire Internet is denouncing the culprit of this incident, Richard Thomas!"

Sarah Lee didn't say the unanswered question because she wanted to let Emilia read it before deciding whether she would forgive Oliver Walker.

In short, she felt that Oliver Walker was really innocent!

Chapter 759 What Else Do You Want?

Emilia's beautiful eyes lit up, but it quickly dimmed.

"What's wrong, Sister Emilia?" Sarah Lee frowned.

"You don't know what he's capable of." Emilia shook her head. "It's too easy to get evidence."

Who was Oliver Walker? He was the chaplain of this country!

With a single order, countless people were willing to risk their lives for him. Who would have the ability to say that this was a set-up?

Moreover, Luna Thomas had explained everything to her on the phone. She had indeed been defiled by Oliver Walker. Therefore, no matter how big the reversal was, she did not want to see it!

"He..."

Sarah Lee was stunned. "But he was framed!"

"You can leave." Emilia shook her head. "I want to be alone."

Her heart was in a mess right now. She didn't know if she should really believe it.

After all... It was difficult to express those complicated emotions!

If he had no regrets, why didn't he come back?

Explain everything to her face? Perhaps he was feeling guilty!

“Then... I shall leave then.”

Sarah Lee was very worried, so she asked tentatively. She didn't know what to do.

After Emilia nodded, she turned around and left.

When the office was empty, Emilia turned on her computer.

She didn't look at it before because she was afraid that outsiders would see the flaws in the evidence.

At that time, there would be no room for regret.

Now that she was alone, no matter what, she could at least deceive herself!

At the same time, in the Jinglin Hotel.

Oliver Walker knocked on the door with a heavy heart. There was no response from inside!

“She hasn't spoken for a long time!”

The guard responsible for protecting Luna Thomas told the truth.

This made Oliver Walker even more embarrassed. However, the next moment, he still shattered the lock with a wave of his hand and pushed the door open!

Luna Thomas curled up in the corner, her face covered in tears. She bit her red lips and looked at the person with hatred.

The atmosphere in the room was very heavy!

Oliver Walker frowned slightly. Then, he slowly relaxed and smiled, trying to break the awkward situation. "Have you seen the news?"

Luna Thomas did not answer!

This made the already gloomy atmosphere even heavier!

"Uh..."

Oliver Walker's thoughts were a little messy. "Why aren't you opening the door?"

Women were really troublesome!

He... He was really helpless!

As long as she saw the news, it would not be like this. After all, nothing had really happened between them.

"Is that necessary? You can still come in even if I don't open it," Luna Thomas said angrily.

That's right! She was placed under house arrest in the company. Now, she had left the wolf's den and entered the tiger's den. After her father was kidnapped, she had become a marionette, allowing others to manipulate her without any resistance.

Silence!

It was her last bit of stubbornness!

“Uh... I’m just worried about your safety!”

“You’re my wife’s friend, after all,” Oliver Walker said with a bitter smile. “She entrusted you to my protection. If anything happens to you...”

“What?” Luna Thomas suddenly stood up and reprimanded her with tears in her eyes. “Are you even worthy of mentioning Emilia?”

“Is this how you protect me? You drugged me, and then...”

She did not watch the news, so she mistakenly thought that the knockout powder was Oliver Walker’s masterpiece.

“What do you want?” She was too embarrassed to say what she wanted to say next. Luna Thomas could only change the topic quickly. “Tell me, what more do you want?”

Chapter 760 Women Are Weird and Confusing

“Don’t you just want me? Why are you so hypocritical?”

The more she spoke, the more aggrieved and agitated she became. She tried to end her own life, but she was stopped. That kind of grievance was simply...

In her eyes, he was once a man she could trust. Now, he had become a nightmare that she could not get rid of.

“I know you won’t believe me no matter what I say now, but why do you think I’ll do something to you? If I wanted to get you, would I need to resort to such despicable means?” Oliver Walker said helplessly.

Luna Thomas was indeed beautiful!

There was also a time in the bathroom when there was a misunderstanding about beauty. There was a trace of blind thinking. However, that was completely normal human nature. He could completely restrain himself.

Why would he use such despicable methods?

“Heh... Haha...”

Luna Thomas cried and laughed. Her beautiful eyes were filled with resentment. “You already did it. Why are you still trying to be a saint? What’s the difference between you and Richard Thomas?”

“I... I really misjudged you. I shouldn’t have let the wolf into the house back then!”

She regretted it so much! If she didn’t trust Oliver Walker so much, such a thing wouldn’t have happened.

After she returned to the country, her only best friend had broken up.

Men were indeed the most unreliable creatures in this world!

“Forget it!”

Over the past few days, Oliver Walker had been holding back his anger. He picked up the remote control and turned on the television. “The truth has been revealed. You can watch the news yourself.”

What did he do wrong?

First, he was scolded by the entire Internet, and then his wife misunderstood him. Now, even the people he wanted to help thought that he was a crazy mad dog!

Did he really do all the good things and end up as a bad person?

The matter was blown up. Almost all the television stations were reporting on the changes in the wealthy Thomas Corporation.

After all, Thomas Corporation was the number one company in Ocean City. Any slight movement could cause hundreds of thousands of people to be laid off.

This was very serious and could even cause a wave of job losses. Was there anyone who didn't pay attention to this? It seemed like a scandal of a wealthy family, but in fact, it was a shocking matter!

"The station will be reporting on the aftermath of Thomas Company's scandal. Mr. Oliver Walker has taken out the surveillance video and proved his innocence. He was also a victim like Miss Luna Thomas."

"In order to kill Miss Luna Thomas, Richard Thomas set up a series of traps."

"We hereby express our strong condemnation and our sincerest apologies to the victims, Miss Luna Thomas and Mr. Oliver Walker."

"..."

After the host finished reporting, the camera quickly switched to the surveillance video provided by Oliver Walker. As the truth surfaced, Luna Thomas became more and more shocked and flustered.

Of course, it was also mixed with endless anger!

"Now you should understand that I was wronged."

Oliver Walker frowned and explained helplessly, "After I was drugged, I knocked you out first. Then, I called my brothers to come over and help. Then, I knocked myself out."

“This is the best I can do. If you think that it’s a violation, I... I have nothing to say!”

He was really lacking in the handling of this matter. If the person who came was not a reporter but an assassin, what would the outcome be?

However, in a moment of desperation, and with the knockout powder in his body, he was about to lose his rationality. How could he think of all aspects?

How could he have known that this would lead to a series of troubles?

“But you clearly...”

Luna Thomas began to feel uneasy. She knew what had happened, but her body had obviously changed. What was with the red stain on the bed? She had clearly seen it on her pajamas.

Before this, she was still innocent.

Wasn’t there only one explanation for this?

Oliver Walker had taken over her body.

“I... What do I have to do to make you believe me?” Oliver Walker asked unwillingly.

“Do you still want the control rights of the Thomas Corporations? Now is the best time to launch a counterattack against Richard Thomas. Are you going to hide and let him do whatever he wants in the group?”

Women were really a weird creature. In any case, it was really difficult for him to understand. He had explained everything that needed to be explained, but this woman was still stubborn and unwilling to believe it.

However, the important thing now was to talk about these details. It was a waste of time. Once Richard Thomas stabilized the situation, it would be difficult to turn the tables!
