Chapter 761 Finally Acting Rational

Now was the time for Richard Thomas to lose his sense of propriety. As the saying went, they should take advantage of this weakness now and launch a counterattack. Once they missed this once-in-a-lifetime opportunity, it would be even more difficult to launch a perfect counterattack.

If not for the hundreds of thousands of employees under Thomas Corporation, he would have really lost his patience.

There were some things that were obviously small and unspoken when it came to men. Why was it so difficult to explain when it came to women?

What sin did he commit?

However...

At this moment, Luna Thomas's eyes glazed over. She stared at the wound on Oliver Walker's arm and frowned. "When did you get this injury?"

The next moment, it was Oliver Walker's turn to be dumbfounded. After a long silence, he slapped his head in frustration and said gloomily, "I'm really impressed by you. Is this the time to ask such things?"

He had too many injuries.

Why would he care about such a small wound?

"This is very important to me!"

However, Luna Thomas's face was full of seriousness as she stared at the man who was about to go crazy.

That's right! This was really important to her!

If this injury was from yesterday, then the red on the bedsheet and the blood on the pajama pants, could it be...

After all, judging from Oliver Walker's reaction, it seemed like he really hadn't done anything to her!

"I..."

Oliver Walker was in a mess. From the beginning to the end, their focus had never been on one thing. However, when he saw Luna Thomas's stubborn look, he could only pat his head and try his best to recall.

He was really about to go crazy! However, it seemed that if he did not say anything, he would not be able to get over this hurdle. But soon, he saw the diamond ring on Luna Thomas's hand and suddenly realized something.

"It's the ring on your finger. You fell yesterday. When I went to pick you up, I was scratched by the outline of the ring. Look at this wound. It matches the outline of the diamond ring perfectly."

He finally remembered. It was just that he didn't notice it at that time!

When had he ever been so delicate as to care about such a small injury?

If he hadn't seen the diamond ring on Luna Thomas's finger, he really wouldn't have been able to explain himself.

"Hmm?"

Luna Thomas looked at the wound on Oliver Walker's hand and then at her diamond ring. Her last doubts surfaced.

It was obvious that they had fallen onto the bed together and Oliver Walker was cut as they fell.

The moment she understood, her face turned red with embarrassment. She wanted to find a rat hole to hide in.

On second thought, with Oliver Walker's skills, would he have been photographed by the reporters if he had been sober? It was completely unreasonable!

Therefore, the final conclusion was that she was overthinking!

Indeed, nothing had happened between them!

"Sis!"

Oliver Walker had never been so speechless before.

Crazy!

He was really going crazy!

Dealing with Richard Thomas was not a big deal. The key was that if they wanted to stabilize the situation of the corporation, they needed Luna Thomas's cooperation.

But...

"Ah..."

Luna Thomas also came to her senses. "Mr. Walker, I think you're right. Let's go to the corporation now and launch a final counterattack against Richard Thomas."

Instantly, an apologetic smile appeared on her face.

Oliver Walker would never know about this. After all, it would be too embarrassing.

“Uh...”

Oliver Walker was stunned at first. He did not understand why Luna Thomas had suddenly become enlightened, especially when her attitude towards him had changed drastically.

Women... What a weirdo!

Perhaps only Luna Thomas was the weirdo!

But soon, he reacted. “It’s good that you understand! Follow me!”

Luna Thomas quickly nodded, but why did she feel so disappointed when she got into the car?

Was she not beautiful?

Why did Oliver Walker, who had been drugged, not have feelings for her?

At that time, she clearly felt so strongly. Could it be that this man... had some problems?

Chapter 762 Can’t Help Falling In Love

Then... Why would she think of these questions?

Suddenly, her heart pounded wildly. However, women had a natural curiosity.

She could not help but look at the man beside her who was focused on driving.

Could it be that she was really unattractive? She actually developed a strong interest in this man. Could this be love?

No!

Luna Thomas, you have to calm down! He already has a wife! She was ashamed of her own thoughts!

“Listen well. When you arrive at Thomas Corporation, you must try your best to find the shareholders that support your father. Borrowing the influence of this matter to regain the right to speak, at least to the extent of being on par with Richard Thomas.”

“Don’t worry about your safety,” Oliver Walker said while driving. “I’ll protect you the whole time. I won’t let what happened yesterday happen again.”

Luna Thomas bit her red lips and nodded absent-mindedly.

At the same time, in the chairman’s office of Thomas Corporation!

“Bastard!”

“They’re all fence-sitters!”

“A bunch of bastards!”

“Ah...”

Richard Thomas looked at the overwhelming scolding on the Internet and was furious. He smashed everything in the office!

“How can he control our surveillance cameras?”

“Go and kill that person. He ruined my plan. I want him to die without a burial place.”

It must be the person in charge of Thomas Corporation’s network security system who betrayed him. Therefore, this person must die!

His eyes were terrifyingly red, and his entire body was emitting a monstrous murderous aura.

“Godfather, calm down first! Let’s think about how to stabilize the situation now. What if Luna Thomas counterattacks...” Justin Thomas shouted hurriedly.

That’s right!

Once Luna Thomas used the momentum of public opinion to return to the group. Then, the shareholders would definitely turn against them without hesitation.

Perhaps the word defection was not accurate. After all, those people were loyal to the chairman.

But...

“Then let’s strike first!”

“Hold a board meeting immediately. I want them to make a clear statement!”

Richard Thomas’s hands supported the table as he panted heavily. “Those who obey me will prosper, and those who resist me will perish! Only I can control the Thomas Corporation! No one can get involved! Hurry up and get it done!”

He had gone mad, and he had gone mad. He had begun his final madness.

At special times, special methods had to be used, even unscrupulous methods.

“Yes, sir!”

Justin Walker hurriedly ran out with sweat all over his head.

Ten minutes later, there were more than 20 people in the group’s high-level meeting room, sitting on both sides.

“He actually has the face to initiate a board meeting?”

“How shameless!”

“Yes, I am!”

“This time, we can’t let Miss Luna Thomas suffer!”

“Old chairman, you’ve treated us well!”

“...”

The elders who had always been loyal to Mark Thomas expressed their opinions angrily.

In fact, fighting against Richard Thomas was not only to help Luna Thomas but also for his own personal interests.

After all, once Richard Thomas took control of the situation, he would definitely replace them. They were all old foxes rooted in the business world. How could they not understand the simple truth of a gentleman becoming a courtier?

Only by sending Luna Thomas to the position she deserved could they temporarily protect their rights and interests from being violated. This was because Luna Thomas had to rely on their strength to fight against Richard Thomas.

So today, they had to fall out.

“Everyone, looks like your resentments towards me are quite deep!”

At this moment, Richard Thomas walked in with a gloomy face. He coldly swept his gaze across the noisy elders of the chairman’s faction. “I can understand that you are dissatisfied with me, but from today onwards, you must f*cking obey me!”

Chapter 763: Turning Mad

Translator: Dragon Boat Translation Editor: Dragon Boat Translation

Richard Thomas had a tough attitude and was already prepared. Since he couldn’t control their hearts, he would control their bodies!

In short, he was determined to get it!

“Richard Thomas!” At this moment, a white-haired old man slammed the table and stood up. “How dare you!”

“How dare you openly usurp the power of the group and be so impudent!”

“They’ll fall for your tricks, but I won’t!”

The person who spoke was called Sunny James. Although he was not from Thomas Corporation, he was a veteran. Even if Mark Thomas came, he would be respectful!

“Old Sun’s right!”

“You framed Miss Luna Thomas. How shameless!”

“Richard Thomas, aren’t you afraid that the chairman will come back?”

The people from the chairman’s faction stood up one after another! They absolutely could not give in. Otherwise, when Richard Thomas took control of the situation, he would definitely start to settle all kinds of unwarranted accounts with them.

Although Luna Thomas was not a big deal, she was at least the chairman’s biological daughter.

He was the true successor of Thomas Corporation. With their influence and

Luna Thomas’s identity, they had a good reason to fight against Richard

Thomas.

“Hehe...”

“You’re my father’s descendant!” Richard Thomas sneered. “Logically speaking, you’re from the same generation as my father. I have to call you uncle!”

His words were slow but full of threat!

Sunny James wasn’t afraid. Instead, he patted his chest and said, “It’s good that you know that. You’d better know your place.”

“Even if your brother, Mark Thomas, was kidnapped, the Thomas Corporation doesn’t need a treacherous and immoral person to control the situation!”

Their strength was actually not weak!

Once they were expelled from the group, it was no exaggeration to say that at least half of the entire group's business would be paralyzed. At that time, it would cause the stock price to plummet and cause a butterfly effect. It was very likely to pull the Thoams Corporations into the abyss!

"Well said!"

Richard Thomas was still smiling. He actually took the lead in clapping. Then, he said mockingly, "But you old thing, are you getting old and suffering from dementia? Should you retire behind the scenes and enjoy life?"

Such disrespectful words made Sunny James so angry that his chest heaved up and down!

"Impudent!"

"Are you even worthy of talking to Uncle Sun like that?"

"You really overestimate yourself!"

"Hurry up and apologize!"

All of the shareholders knew that they wanted to go against Richard Thomas.

It was necessary to use Luna Thomas as the name, with the highly respected

Sunny James as the core, so how could they tolerate Richard Thomas's nonsense?

“Apologize? What?” Richard Thomas asked in return. Then, he stood up and suddenly waved his hand. He grabbed Sunny James’ hair and said with a ferocious expression, “You shameless old thing. If you want me to apologize, you have to ask my pride if I agree or not!”

As soon as he finished speaking, he pressed down on Sunny James’s head and slammed it against the marble table. After a loud bang, blood seeped out of the table!

“Ahhhh!

Sunny James screamed in pain!

In the meeting room, everyone was silent except for Sunny James’s voice!

“Damn it! The Thomas corporation obviously belongs to the Thomas family.

Since when is it your turn to criticize me?”

“Who else has objections?” Richard Thomas said angrily. “Stand out!”

It was inevitable that he would turn angry from embarrassment! If the heavens wanted to destroy a person, they would first make him crazy. It was obvious that Richard Thomas could only stake everything on this!

If he could not suppress public opinion and quickly control the overall situation of the group, then what awaited him would be death!

“You... Quickly let go of Uncle Sun!”

“Doing so will incur the wrath of the heavens!”

“Bastard, are you crazy?”

Chapter 764: Chopped Fingers

Translator: Dragon Boat Translation Editor: Dragon Boat Translation

“Uncle Sun is the most experienced person in Thomas Corporation!”

In an instant, the voices of dissatisfaction grew louder and louder because they really could not believe that Richard Thomas would do such a treasonous thing.

Back then, even the old chairman thought highly of Sunny James. Every time something big happened, the old chairman would first look for Sunny James for a drink and chat when he was still alive.

It could be said that Sunny James was someone with a high status in the Thomas Corporation as an outsider. He even held the shares rewarded by the old chairman. It was enough to show how capable this person was.

But...

When a scholar meets a soldier, it's hard to explain!

Moreover, the crazy Richard Thomas was not a soldier at all, but a bandit who committed all kinds of crimes. He wanted to make a move on Sunny James to establish his authority and quickly suppress the voices of opposition in the board of directors.

“I'm not afraid of the heavens! I will never be condemned by the heavens!”

“Justin, come in!” Richard Thomas roared angrily.

Everyone fell silent!

Because they heard a series of messy footsteps coming from outside the door! The people inside the room immediately knew that something was wrong.

“Bang bang...”

The next moment, Justin Thomas and Thomas ‘bodyguards kicked the door open and surrounded the conference room!

One by one, the fierce-looking bodyguards released their auras, condensing into a pressure that covered everyone’s hearts.

Sunny James struggled in pain. His face was covered in blood. He shouted unwillingly, “Richard Thomas, you bastard! What do you want? I’m loyal to the old chairman. I’m loyal to the chairman. I’ll never submit to a traitor like you!”

He was indebted to the old chairman. Therefore, after the drastic changes in Thomas Corporation, they contacted all of the shareholders and formed a situation of equal standing.

Who would have thought that Luna Thomas would be slandered and the scandal would spread, causing all his plans to fall through. Now that the scandal had subsided, Richard Thomas had caught him off guard.

In his heart, he was filled with hatred!

“Isn’t it obvious what I want to do? Today, those who obey me will prosper, and those who resist me will die!”

Richard Thomas pressed Sunny James’s head on the table with one hand and took out the share transfer agreement that he had prepared beforehand with the other hand. He angrily rebuked, “Sign it. For my father’s sake, I’ll let you enjoy your old age. If you don’t sign it, I guarantee that I’ll kill you, you old bastard! ”

What was the most domineering way to control a corporation?

Naturally, it was controlling shares! Therefore, he urgently needed enough authority to speak. For the shares, he could naturally do anything!

Reputation? Is that thing useful?

When he was still pretending, there were some things that he could not do openly. However, when it came to life and death, what could not be done?

“I won’t sign it!”

“I’ll see how you’re going to face the old chairman in the afterlife after you die,” Sunny James said angrily while enduring the pain.

He knew that once he signed it. Then the defeat was set in stone!

“It’s not up to you to sign it or not! The living don’t care about the dead!”

Richard Thomas took out a dagger and instantly cut off Sunny James’s finger. He pressed his right thumb on the table and struggled desperately.

That bloody scene made one’s hair stand on end!

Sunny Hames was in so much pain that he was about to faint.

Under everyone’s watchful eyes, Richard Thomas picked up the broken finger, stained it with blood on the table, and pressed it hard on the share transfer agreement!

“Hahaha... Who else?” Richard Thomas laughed crazily.

“Who else dares to stop me?”

The meeting room was silent because Sunny James had fainted. The people from the chairman’s faction also became obedient!

But at this moment, Luna Thomas, who had been watching the surveillance camera and had arrived in time, shouted angrily with tears in her eyes, “Richard Thomas is horrible!!”

Chapter 765: Someone To Save Them!

For a moment, the meeting room was noisy! Those who stood on Richard Thomas ‘side felt guilty because what Richard Thomas did would make them bear a lifetime of infamy.

If this succeeded, at least they would be able to obtain some benefits. So what if they ended up getting judged?

But after seeing Luna Thomas, they lost their confidence. Even Richard

Thomas was stunned. He never expected Luna Thomas to act so quickly.

Her appearance would only make the people in the shareholders resist even more fiercely! However, when he saw Oliver Walker, his mouth twitched.

How dare Luna Thomas work with this man? It was clearly the man behind Luna Thomas who had ruined her reputation and made her a street rat overnight.

“Miss!”

“Miss, you’ve finally appeared!” “We’ve been waiting so hard for you!”

“Uncle Sun, he...”

In an instant, the morale of the chairman’s faction was once again stabilized!

If they lost Sunny James and Luna Thomas, then they would really lose the Thomas Corporation!

“You guys are courting death!”

Richard Thomas’s eyes were full of hatred, especially his scarlet eyes, which were staring at Oliver Walker.

As for Luna Thomas?

She was just a little girl who was still wet behind the ears. It was impossible for her to achieve anything!

“Don’t worry, everyone! I won’t let Grandpa Sun’s blood flow in vain!” Luna Thomas cried bitterly.

She had seen it clearly through the surveillance footage just now.

Although they were not familiar with each other.

However, what touched her was that Sunny James could still treat her like this. What reason did she have to hide? She was going to stand up against Richard Thomas!

“Humph! I might not be able to move mountains but I can change how the river flows! I won’t let this go!” Richard Thomas said coldly. “Let’s go!”

He calmed down and knew that he couldn’t act willfully anymore. After all, he had witnessed Oliver Walker’s skills with his own eyes.

If he were to use force, then he, who had prepared in a hurry today, might suffer a huge loss. Therefore, he had the idea of retreating!

Although Justin Thomas was unwilling, he did not dare to go against Richard Thomas.

“Leave? Did I allow you to leave?” Oliver Walker asked with an indifferent expression and a sharp gaze.

After doing such a heartless thing, he still wanted to leave unharmed? This was impossible! His conscience wouldn't allow it! Justice would not allow

“Damn it! I'm warning you, kid!” Richard Thomas cursed. “This is the Thomas

Corporation's internal affairs. It's not something you can interfere with.” “Besides, I have quite a number of people. Do you think you can stop me?”

Although he knew that Oliver Walker was a tough nut to crack, there were hundreds of well-trained Thomas Company bodyguards inside and outside the conference room at the moment, so he was not very afraid.

“Them?”

Oliver Walker smiled coldly. “They won't be able to save you!”

As soon as he finished speaking, his body turned into an afterimage and arrived in front of Richard Thomas at lightning speed. Such a scene scared Richard Thomas so much that he broke out in cold sweat. “Save me...”

In an instant, the Thomas Company bodyguards, who realized that something was wrong, rushed up. These people were all trusted aides of Richard Thomas, who was paid a high salary.

They didn't care about Luna Thomas's identity because their boss was Richard Thomas. Even if the chairman, Mark Thomas, came, he couldn't order them around.

bang...

However, the next moment, Oliver Walker grabbed Richard Thomas' hair and pressed it against the marble table, making a loud noise.

After a sharp pain invaded his nerves, Richard Thomas grimaced and let out a shrill scream.

"Behave yourselves!"

Chapter 766: An Eye For An Eye

Translator: Dragon Boat Translation Editor: Dragon Boat Translation

Oliver Walker picked up the dagger on the table and swept his cold gaze across the group of restless bodyguards.

An eye for an eye, blood for blood, this had always been his principle.

Even if he wanted to use Richard Thomas to lure out Seann Martin who was hiding in the dark, he would not let him go so easily.

"You motherf*cker, let go of my dad!"

Justin Thomas was anxious. If anything happened to Richard Thomas, he would have no one to rely on. The outcome would definitely be very miserable.

Slam —

“AHHHHHHH! ! ! !

However, in the next moment, Oliver Walker swung his dagger down. In an instant, Richard Thomas' right thumb was cut off on the marble table. Blood gushed out and a shrill scream erupted at the same time.

The scene was cruel and terrifying!

However, Richard Thomas had treated Sunny James with the same manner, so the people in the chairman's faction did not think that Oliver Walker had done anything wrong.

This was also what Richard Thomas deserved.

“Godfather!”

Justin Thomas was so anxious that his face turned red. However, he stood where he was without any choice. He could only watch as Richard Thomas was in so much pain.

“You have to remember, what you sow will bear fruit! The Thomas Corporation is not a place where you can hide the sky with one hand!”

Oliver Walker's tone was very cold. He swung his dagger again and cut off another finger of Richard Thomas. “Don't use ignorance as a capital to commit crimes. You're not worthy!”

As soon as he finished speaking, Oliver Walker waved his dagger, and it flashed coldly in the air. After three consecutive strikes, there were no fingers left on his right hand.

Everyone fell silent! Why was this guy so ruthless?

That was Richard Thomas!

Even if his reputation was ruined, but... He had real power in his hands!

Wasn't Oliver Walker afraid of revenge?

"Mr. Walker..."

Luna Thomas's beautiful eyes flashed with a hint of pity. Of course, it was not because she felt sorry for Richard Thomas, who had framed her. It was because she did not want Oliver Walker to fall into the abyss and be unable to extricate himself for her!

"I know my limits!"

Oliver Walker's consciousness was still very clear. If he had lost his mind, Richard Thomas would have died the moment he learned the truth. However, Sean Martin was too cunning. Without enough bait, it would be difficult to lure him into the trap.

Of course, even if he kept Richard Thomas alive, it was still unknown whether he could force the cunning Sean Martin to fall for it. However, there was still hope, so he could not kill him!

"Leave behind your fingers and the share transfer agreement. Get lost!" Oliver Walker's voice was filled with hostility.

It also allowed Richard Thomas to catch his breath. He held his severed finger and endured the pain as he left in a sorry state. However, when he reached the door, he roared indignantly, "You'll regret it!"

"You're just a little Davis 'son-in-law. How dare you dream of going against Thomas Corporation? I won't let you off! Let's go!"

If he didn't leave now, he would faint!

Justin Thomas was about to pick up the broken finger on the marble table and send Richard Thomas to the hospital to be reattached, but Oliver Walker glared at him coldly. He gave up his childish idea and quickly fled the conference room.

At the same time, when only the shareholders was left in the office, he hurriedly rushed forward.

“Hurry up and call 120!”

“F*ck, Richard Thomas, you’re too much!” “Miss, you’re back. You have to stand up for us!”

“We are loyal to the corporations.”

In fact, they might not be loyal to the Thomas Corporations. They just had to stand on the same boat as Luna Thomas to protect their own interests. Especially now that they had shed all pretenses of cordiality, there was no room for negotiation.

“Mr. Walker, please save Grandpa Sun!”

Luna Thomas’s beautiful eyes were filled with pain. She knew that Oliver Walker’s medical skills were unparalleled. He could even bring a dying person back from the gates of hell, let alone a living person.

“It’s nothing serious,” Oliver Walker said. “There’s no need to rush!”

As soon as he finished speaking, he took out a silver needle and started to stop the bleeding for Sunny James. Then, he said, “Keep the severed finger. Send it to the hospital. It can be reattached.. I’ll make a call now and get someone to arrange for the surgery!”

Chapter 767: Attaching Broken Bones

Translator: Dragon Boat Translation Editor: Dragon Boat Translation

Medical was very advanced nowadays. As long as a normal severed limb was not deliberately damaged, it could be reattached within 24 hours.

The shorter the time, the better the recovery effect.

Once it was over 24 hours, all the cells in the severed limb would die. Even if he was at his peak, he would be powerless.

After all, healing a dead person was just a medical legend. It existed in the records of the Heavenly Doctor Sect, but no one had ever achieved it.

It was not an exaggeration to say that the Heavenly Doctor Sect was definitely at the peak of the world in terms of medical skills. However, ever since his master was hunted down by his enemies, the sect had been destroyed. The five great doctors of the country were also considered disciples of the

Heavenly Doctor Sect. However, they had already reached their peak. Coupled with their age, it was difficult for them to advance further.

He could only hope that among the disciples they brought, there would be talented ones. When the time came, he would personally take them over and guide them further.

The next moment, the call went through. Oliver Walker immediately said, "George Lee, contact the best hospital in Ocean City immediately. Prepare a surgery to reattach the severed finger. It has to be quick!"

Why was he doing this?

He knew that many people seemed to support Luna Thomas now, but in fact, it was only because of their own interests. Therefore, if he wanted these people to be loyal to Luna Thomas, he had to show off his strong network and stabilize their hearts.

Soon, the ambulance arrived at the scene, and Sunny James was also sent to the hospital!

The meeting room turned quiet.

Luna Thomas was a little at a loss. After all, this was the first time she had truly faced the team her father had left for her. She did not even know many people, so it was inevitable that she would be nervous.

“Aren’t you going to say something?”

Oliver Walker reminded her. In this aspect, Luna Thomas was indeed much more immature than Emilia. Perhaps she was young, or perhaps she didn’t have enough experience.

“Yes, yes! Thank you for your support.” Luna Thomas quickly calmed herself down and said, “Thank you for your support.”

She did not know what to say but gratitude was inevitable.

If not for the people his father left behind, it would not have been so easy to control the situation.

“Miss Luna Thomas, you’re too polite. The chairman has treated us well. How can we watch you be persecuted?”

“Yes, I am!”

“Richard Thomas is simply lawless.”

“He must be severely punished!”

Everyone present was furious. They were afraid that Richard Thomas would play some dirty tricks again.

so...

The faster they resolved this matter, the quicker they could rest at ease.

“Everyone, don’t worry. I definitely won’t let him off but I have to familiarize myself with the businesses of the Thomas Corporation as soon as possible, so please help me as much as possible,” Luna Thomas promised in a solemn tone. “Can we have a meeting now? Tell me about the current situation.”

In the past, she had never thought that this day would come so quickly.

It was because she thought that her father was still very young and was still the omnipotent superman but now that the giant had collapsed, she had to pick up the burden and continue moving forward.

As they all had a common enemy, the shareholders did not have the intention to fight among themselves.

The most important task now was to help Luna Thomas stabilize the situation and completely push Richard Thomas into an abyss that he could never turn over.

The meeting lasted for an entire afternoon. After all, the Thomas Corporation was not a small company. Even so, what Luna Thomas had learned was only the tip of the iceberg. However, everyone was tired and needed to rest.

At the same time, Sunny City’s surgery was a success.

However, due to his age, the recovery of wounds was slow. Or rather, even after recovery, the sensitivity of the thumb would decrease greatly.

But... It was better than nothing, right?

In stark contrast, it was Richard Thomas.

He didn't dare to go to the hospital, and Thomas Corporation also had a special medical team. However, since he did not have fingers, he only did a simple bandage.

"Bastard!"

Chapter 768: Hiring A Killer

Translator: Dragon Boat Translation Editor: Dragon Boat Translation

"I want him dead. He must die! Moreover, he will die without a burial place!"

The pale-faced Richard Thomas roared angrily at home. Justin Thomas frowned. "Godfather, watch your words. What if..."

He did not finish, but Richard Thomas was not a fool!

That's right! He was currently being monitored.

Oliver Walker could see him at any time. "Destroy all the cameras in the house," he roared angrily.

"Immediately get someone to check if there are any more bugs in the house." Justin Thomas was very fast. After all, he knew where the cameras were.

After removing everything, Richard Thomas continued to curse. "F*ck, Oliver

Walker, that bastard. I'll make him regret it for the rest of his life. Contact Gary

Stevens immediately!"

As the business overlord of Ocean City, the level of contact was naturally not something that ordinary people could touch.

Gary Stevens was the underground emperor of this place. As long as he had money, that man would do anything. Especially since they had many ruthless subordinates, demons who killed without blinking were everywhere.

Otherwise, they wouldn't dare to touch Mark Thomas!

"Godfather," Justin Thomas said after half an hour. "Gary Stevens refused. He said he wouldn't do it no matter how much money he was offered." "What?" Richard Thomas was caught off guard. "What did you say?" At this moment, he panicked!

That man refused him?! Even when he was willing to pay?!

Could it be that this Oliver Walker had some sort of background? Even Gary Stevens was afraid of him? However, Oliver Walker's background was indeed very powerful, but Gary Stevens didn't know at all. He didn't agree because of Sean Martin's instructions.

"Give me the phone!"

Richard Thomas put down his arrogance unwillingly. He picked up his phone and dialed a number. "Brother, long time no see. How have you been?"

He was trying to build a relationship with Gary Stevens

But to be honest, with Martin Thomas in the picture, no one would know who Richard Thomas was. Freddy Walker was indeed very strong, but he did not dare to have a conflict with Thomas Corporation.

Therefore...

The friendship between them was not as cordial as it sounded.

“Hehe... What a rare guest!”

“But you don’t have to try to make friends with me,” Gary Stevens said coldly. “That matter isn’t about money.”

It was said that money was omnipotent, but it was obvious that the wealth in Richard Thomas’s hands was not enough to tempt Sean Martin, who controlled the Holy Light Group.

“Can you tell me the reason? Or state your conditions!”

Richard Thomas was so angry that his face turned red, but he had to force himself to calm down.

The person on the phone was clearly a whore who wanted to establish a reputation. She was a person who did all kinds of evil for money. Why was she pretending to be noble in front of him?

He reckoned that he was going to rip him off ruthlessly.

However, Richard Thomas was already mentally prepared. No matter how much money he spent, he had to kill Oliver Walker.

“My condition is very simple. As long as you agree to meet someone, if he nods his head and agrees, I will take action even if I don’t take a single cent.”

Gary Stevens was also a money-grubber, but the situation had changed. What he said did not count!

“Good! Time and place!” Richard Thomas gritted his teeth.

“Tonight at eight o’clock, Longteng Teahouse! Call me when you arrive. He will meet you!”

After hanging up, Richard Thomas became cautious.

After thinking for a long time, he said, "Go to Longteng Teahouse in advance and ambush them. We must bring our weapons."

In fact, Thomas Corporation was not weak but he couldn't use their men.

Therefore, he could only pay for the murder. After all, Oliver Walker was working for Luna Thomas, and he was afraid of causing his subordinates to suffer emotional backlash..

Chapter 769: The Monkey

Translator: Dragon Boat Translation Editor: Dragon Boat Translation

When night fell, about a dozen cars left the Thomas villa complex.

This was only to protect Richard Thomas 'entourage. There were others who had laid an ambush in advance in Longteng Teahouse. From this, it could be seen how much he cherished his life now!

"Boss! According to the latest inputs, Richard Thomas went to Longteng Teahouse. I've already sent people to keep an eye on it!"

George Lee quickly began to report. Even if Richard Thomas destroyed Thomas Company's surveillance, it was unrealistic to hide it from their informants.

Oliver Walker smiled. "I don't know if it's Sean Martin or Richard Thomas but the big fish is finally going to take the bait!"

Letting Richard Thomas go was to lure Shawn Martin out. He did not expect Richard Thomas to move so quickly.

“According to our investigation, Long Teng Teahouse is the property of the Seven Stars Gang. The gang leader is Gary Stevens. This is all the information on him.”

George Lee took out a document from his bag and handed it to Oliver Walker.

After a moment, Oliver Walker finished reading everything and said, “Get Freddy Martin to send 2,000 members into Ocean City.”

“Also, get Mike and Aiden to closely monitor the movements of the Seven Stars Gang. He might be Shawn Martin’s new substitute!”

Based on their first encounter, it wasn’t difficult to judge that Seann Martin, who had been completely wiped out, would definitely not mobilize mercenaries from overseas. After all, it was very risky. In particular, the army had been used in the last battle of annihilation.

With Sean Martin’s intelligence, he should have guessed his identity and moved underground.

“Yes, sir!”

George Lee left immediately. These things were very important.

After all, he had used such a large force last time, but the cunning Sean Martin had still escaped. He was holding back his anger. If he did not deal with Sean Martin this time, he would never be able to vent his anger.

Oliver Walker had sent Freddy Martin and his men to Ocean City to confuse Sean Martin. Oliver Walker did not deliberately hide his identity, but he was afraid that Sean Martin would use the lives of ordinary people to threaten him.

It would be very troublesome then. Especially when he had taken in the Black Dragon Sect back then, wasn’t it to use them as a good cover up?

Secondly, these people were not good people. If they fought, a large number of them would definitely die. Therefore, it was also a way to reduce the burden on society.

At the same time, when Richard Thomas arrived at Longteng Teahouse, he received a phone call that made him angry. He immediately roared, "You want me to go over Queen's Bar? Do you think I'm a monkey?"

Furious!

"You only have 20 minutes. Otherwise, you'll miss your chance! When the time comes, you'll be the one to lose!" Gary Stevens said coldly.

Richard Thomas hung up the phone and cursed angrily. "F*ck! When I take control of Thomas Corporation, I'll kill you first, you bastard!"

However, as he cursed, he still had to switch to Queen's Bar. After all, he had a favor to ask.

Of course, Freddy Walker did not think too much about it, but the cunning Sean Martin, who had super-class anti-reconnaissance abilities, naturally knew that Richard Thomas would definitely alert Oliver Walker's men if he mobilized such a large force. Therefore, changing locations was part of the plan.

He did not want to confront Oliver Walker head-on!

"Tsk tsk tsk... Perhaps this is what a powerhouse is like!" Freddy Walker exclaimed.

"We're not even close brothers. Although we are bandits, we still care about friendship!"

"What are you trying to say?" Mark Thomas, who was imprisoned in the cage, was covered in injuries, but his eyes were firm.

Although he had become a prisoner, Mark Thomas was still someone who managed hundreds of thousands of employees. Naturally, he was not someone to be trifled with. It was just that he was careless this time!

“What I mean is, hand over half of your shares and I’ll help you kill Richard Thomas. How about that?”

Gary Stevens’s actions were completely instigated by Sean Martin. “Otherwise, you should know that we won’t let you leave without paying a price.”

What was Sean Martin like?

Chapter 770: The Reason Why He Was Alive

Of course, they wanted the Thomas Corporation of the Ocean City. Therefore, he wanted to obtain shares by hook or by crook as a new cover for his identity.

“Hahaha...!”

Mark Thomas laughed. “If I hand over my shares, can I still leave this place?”

That’s right! The only reason he was alive now was because of the shares in his hands. He had also done something to the shares. Even if he forced them to sign, it would not work.

It was stored in the bank vault, without the password, even he himself could not touch the shares in his hands. This was also an important reason why he was able to survive until now.

“Why bother?”

Gary Stevens shook his head and said earnestly, "Otherwise, as an old friend, I can't bear to see you getting beaten up every day!"

Prior to this, he did not expect Mark Thomas to be so tough.

F*ck, Mark Thomas had been arrested for a few days and even used torture. In the end, there was no result. He had been scolded and was so angry that he vomited blood.

"Let me tell you, if you dare to torture me again, I will die in this dungeon. You won't get anything!"

Mark Thomas knew what his advantage was, so he would naturally seize it. After all, he was an old fox who dominated the business world.

In terms of intelligence, he was still very smart.

"You..."

Gary Stevens's expression changed drastically!

Mark Thomas continued, "Don't worry. There are conditions. I've had enough. I want the roast duck and Moutai from Happiness Den. As for the other side dishes, do as you see fit. If you don't have these, I'll die in front of you. I don't think it's easy for you to explain, right?"

Freddy Walker was furious. "F*ck you! Do you think my place is a resort?"

Mark Thomas stopped talking and lay on the bed with his eyes closed.

He allowed Gary Stevens to continue cursing outside.

"Ding, ding, ding..."

At this moment, the phone rang. Gary Stevens answered the call. "Once you're in the luxurious private room, wait obediently. Someone will contact you." Then, he hung up.

Richard Thomas's face was extremely gloomy. He felt that he had really been played like a monkey. He even had the heart to curse!

However...

At this moment, Sean Martin's voice suddenly came from the private room. "It's actually very simple to kill Oliver Walker. Hand over 5% of the shares of the Thomas Corporation, and I'll fulfill your wish."

"You're asking for too much." Richard Thomas's face turned green. "I won't agree."

The market value of Ding Sheng Group was over 100 billion. It was a true giant.

Richard Thomas only had 7% of the shares. If this man wanted 5% at once, it would be equivalent to 5 billion. Plus, in reality, the value of shares was far higher than the equivalent cash!

"You can choose not to give it to me. I'm not forcing you. This is business, not coercion but you have to think carefully," Sean Martin said calmly. "If you don't give it to him, will you be able to deal with him?"

"Once you let him help Luna Thomas regain control of Thomas Corporation, you will be swept out of the house or even die without a burial place!"

As a top-notch mercenary, he knew how to break through a person's mind. As for Mark Thomas and Richard Thomas, although they were brothers, it was obvious that their schemes were worlds apart.

Richard Thomas was much easier to deal with than Mark Thomas.

"Stop exaggerating! I won't agree to it!" Richard Thomas stood up angrily. Sean Martin smiled instead. "Take care. I won't see you out!"

He knew that Richard Thomas couldn't sit still, so he wasn't in a hurry. In fact, even if Richard Thomas wanted to leave, he wouldn't have the chance..

Although Sean Martin did not show up, he was actually in the private room

next door!
