

Chaplain 771

Chapter 771: The Terrifying Aura

“Farewell!”

Richard Thomas stood up angrily, but when he reached the door, it was as if a sandbag weighing 200 pounds was tied to his legs. He could no longer move.

As Sean Martin had said, if he did not deal with Oliver Walker, he would be very miserable.

Shawn Martin dared to ask for an exorbitant price because he knew what Richard Thomas was thinking.

Therefore, after understanding this point, Richard Thomas, who was also shrewd, opened the private room door. However, in an instant, his expression changed, and he shouted, “You... Who are you? What do you want?”

However, just as he finished speaking, he was then kicked by a man wrapped up in long pieces of clothes.

“Bang, bang...”

Without any time to react, Richard Thomas hugged his stomach and fell to the ground, screaming miserably.

“You want to leave? Do you think my territory is your backyard?” Sean Martin laughed coldly.

He would not let the person in front of him go. Controlling the shares of the Thomas Corporation group was a top priority. Only by strengthening his influence in this country could Oliver Walker be wary of him and not dare to attack him easily.

“You... How dare you!”

“If I can’t get out of here, the bodyguards will definitely blow this place up,” said Richard Thomas angrily.

He was not afraid! Although the people who had ambushed the teahouse were no longer useful. However, he still brought hundreds of followers with him. They were just outside. Once they stayed outside for a long time, they would definitely notice something unusual!

“That bunch of trash? You think they can stop me?” Sean Martin laughed coldly. If you have something to consider, think about your useless life!” As soon as he finished speaking, a black dagger appeared in his hand.

Every step he took would release a trace of killing intent! The pressure made Richard Thomas hold his breath.

“You tricked me here just to snatch my shares?”

He finally understood what happened, but it was too late! He also clearly understood that he was no match for the man before her. Once a conflict broke out, he would definitely be the first to die.

However, he was unwilling...

“Hehe... I can’t compare to you in terms of being despicable!” Sean Martin sneered.

“What right does a bastard who can even betray his own niece have to insult

Richard Thomas’s face suddenly turned red, but the next moment, Sean Martin looked down from above and said, “Oliver Walker only chopped off five of your fingers? He is so kind! Do you want to see true cruelty?”

Sean Martin's every word pierced the deepest wound in Richard Thomas's heart, especially the last threat, which terrified him even more!

True cruelty? What was true cruelty?

At this moment, he even had the heart to curse! He also clearly realized that he had encountered a tough opponent this time!

"Stop talking!"

The more Richard Thomas thought about it, the more afraid he became, and he broke down. However, who wouldn't think too much about such a thing?

"Don't worry. Indeed, being my dog doesn't have much dignity, but at least you can live! I just wanted some of your shares earlier, but now, I want everything you have. Because if I get angry, the consequences will be very serious!"

"I'll give you five minutes to think about it!" Shawn Martin's mouth was filled with ruthlessness.

If it wasn't for the fact that the person was still useful to him, he would have tortured this man so badly that he would have no time to beg for his life.

Richard Thomas's expression was extremely terrible. It was not difficult to detect the terrifying aura from the masked man in front of him..

Chapter 772: He Hasn't Called

At the same time, at the East Ocean Hotel!

"Boss, we've locked onto the target! If nothing goes wrong, that bastard Sean Martin is hiding in the Queen's Bar," George Lee immediately reported.

"I'll call the army now and surround that place."

Last time, he had let Sean Martin escape, and he had been furious. He had not been able to find him. This time, he wanted to see where Sean Martin could run to.

This country was not a place he could come to whenever he wanted. It was not a place where he could leave just because he wanted to!

“What?” Oliver Walker asked back. “Do you think Sean Martin will fall for the same trick twice?”

Indeed, Shawn Martin’s cunningness was unprecedented; especially hiding in the dark was his specialty.

“Then what should we do now?”

George Lee felt extremely unbalanced. He had finally found Shawn Martin’s address, but in the end...

“Don’t alert the enemy! Just the four of us,” Oliver Walker said resolutely. “We’ll rush to the Queen’s Bar as fast as we can. You guys guard the exit. I’ll go find him!”

After the plan was finalized, Mike and Aiden nodded and followed Oliver Walker, preparing to leave.

But at this moment...

“Thank you so much, Mr. Walker,” Luna Thomas said as she appeared in the corridor.

Although the current Thomas Corporation was not stable, at least she had the support of her father’s subordinates, which meant that she had a firm foothold in the group. She also had the capital to compete with Richard Thomas.

However, she did not know that Oliver Walker’s opponent was not Richard Thomas, the clown. Otherwise, he wouldn’t have used Richard Thomas as bait.

“This is what I should do.”

Oliver Walker smiled, but before he could say goodbye...

“Mr. Walker, I’d like to treat you to a meal to express my gratitude,” said Luna Thomas, blushing.

She herself did not know why she was blushing; perhaps this man’s charm was too strong. This was also the first time she had taken the initiative to ask a man out for a meal. It was not that she liked him, but she was a little embarrassed.

“I’m not eating. I still have something important to do. You should rest early!”

After saying that, Oliver Walker turned around and left. Time was tight, and he didn’t have much time to explain.

Looking at Oliver Walker’s back, Luna Thomas frowned. Something important? What was so important?

Could it be...

Was Oliver Walker angry with her and deliberately not wanting to communicate with her?

Thinking of this, her heart was tangled up.

This man... Did something happen to Emlia?

“What’s wrong?” She quickly took out her phone and opened the WeChat video.

“Sister Emilia, are you okay?”

“I’m fine!” Emilia said in a heavy tone.

She had also watched the clarification videos, but she was still not sure if the evidence was true. Therefore, it was even more uncertain whether Oliver Walker and Luna Thomas were really innocent.

If they were, then how could the bloodstains on the white bedsheet be explained?

It could only mean...

Perhaps there really was something between them, but he was deliberately hiding it from her.

“You’re right.” Seeing the worry on Emilia’s face, Luna Thomas, who was also a woman, also had a very accurate sixth sense. “There’s no need to lie to you between us, right?”

She tried her best to explain. There were some things that couldn’t be said directly, but that was the problem.

Although the Heavenly Sect Pharmaceuticals had risen, it was only a small boat in the sea compared to Thomas Corporation.

“Is that so? I’m not sure.” Emilia’s tone was solemn. “But he hasn’t called me even now. Do you think that’s normal?”

If it was any other time, the call would have been made long ago, right?

She had been waiting! However, he had not been able to wait for a long time and was already on the verge of despair.

“But he’s very busy now. He hasn’t rested for a whole day.” Luna Thomas frowned.

Oliver Walker was indeed quite innocent. He would have wanted to call his wife but he didn’t have the time. After all, he had been preparing for the plan to kill Sean Martin for so long. He did not want to be distracted by anything at the critical moment..

Chapter 773: Is That So?

“Really?”

A bitter smile appeared on Emilia’s face.

Was he really busy? If it was, she would be very happy. But what if it wasn’t? After she finished speaking, she hung up the video call! Luna Thomas, on the other hand, was caught off guard.

At the same time, a car sped along the road.

“Boss, Queen’s Bar has three exits. One is for the guests, the other is for the staff, and the last one is the emergency exit.”

George Lee handed the blueprint to Oliver Walker and said, “However, Queen’s Bar is only five stories high. I suspect that he will most likely choose to jump off the building and escape!”

This analysis was not without reason. After all, even if an ordinary person jumped down from a five-story building, they would not die if they were not too unlucky.

Moreover, what about them? Jumping down from this height was as easy as walking on flat ground.

“You guard this place,” Oliver Walker said with a frown. “It happens to be the only way out of the three exits.”

“Mike, Aiden, wait downstairs! Tonight, no matter what, we must send him to Hell tonight!”

Sean Martin was a dangerous person.

In addition to the previous confrontation, if they could not kill him in one blow, they would definitely be desperate. After losing their rationality, they would probably cause great casualties.

“Yes, sir!”

George Lee, Mike, and Aiden all knew that the mission was very important.

The first instructor of the Blood Fiend Mercenary Group had fooled them twice and escaped from the extreme hunting by luck. He had already proved his strength.

Of course, at their level, sometimes luck was also a part of strength.

In one of the luxurious private rooms of the Queen’s Bar.

“I’ve already signed the share transfer agreement, but you have to promise to kill that bastard Oliver Walker.”

With no way out, Richard Thomas finally chose to give in. After all, he didn’t want to die. More importantly, he didn’t want to die in front of Oliver Walker.

Due to the hatred in his heart, he would kill Oliver Walker and avenge himself even if he had to give up everything but he had obviously overestimated himself!

“Bang...”

The next moment, after Sean Martin received the share transfer agreement, he raised his foot and pressed it against Richard Thomas’ neck. “Are you telling me what to do?” he asked coldly.

Richard Thomas’s old face turned red from suffocation, and he showed a painful expression.

He was dancing with wolves! Wolves were ferocious animals. Since when did they care about friendship? In order to survive, he could only shake his head with difficulty under Sean Martin's tyrannical power!

"Don't use your identity as Mr. Richard Thomas from Thomas Corporation in front of me. You're just my dog," Sean Martin said scornfully. "If you're happy, I can give you a bone. If you're unhappy, you must die!"

The Thomas Corporation? In front of Blood Fiend, it was really nothing!

Even in this country, it could not be considered a first-class company. How could Richard Thomas be compared to him?

"Uh..."

There was a hint of fear in Richard Thomas's eyes. He could only nod with difficulty and seek a way out. However, he had already made up his mind. If he could leave this place alive, he would definitely capture Freddy Walker and force him to reveal his identity. Then, he would cut him into pieces.

Thomas Corporation was not to be trifled with!

"Get lost!"

Sean Martin loosened his legs, sat on the sofa, and lit a cigarette.

Richard Thomas ran out in a flash. He wanted to gather his bodyguards to kill the masked man. However, when he saw the scene in the corridor, he was scared silly. He saw the hundreds of bodyguards he had brought lying on the ground in a mess but there was not a single drop of blood that could be seen at the scene.

This made him shudder. In the end, he could only grit his teeth and leave.

He didn't believe that this was done by the masked man. There must be helpers. Therefore, he had to find more reliable men after he returned.

"Oliver Walker, Oliver Walker!"

Sean Martin took a deep puff of his cigarette. Smoke slowly came out of his nostrils. There was a hint of anticipation in his eyes. "I haven't met a master of your level in a long time, but... The one who will die in the end will definitely be you!"

"Hahaha.... "

Chapter 774: The Best Of The Country

It could be said that ever since he became Blood Fiend's number one instructor, he had never been forced into a dead end.

So... There was no doubt that Oliver Walker was strong!

"Bang..."

But the next moment, Oliver Walker kicked the door open and appeared in the private room. "Are you sure I'm the one who'll end up dead?" he asked with an imposing manner.

Shawn Martin was dumbfounded!

"How did you find me?"

His tone was filled with doubt. He couldn't figure it out! He really couldn't figure it out! He had clearly disguised himself very well, so why was he still found?

"No matter how cunning a fox is, it can't escape a hunter's trap!"

"Die!" Oliver Walker launched an attack as soon as he finished speaking.

His body turned into an afterimage, and his fist ferociously cut through the air, heading straight for Sean Martin's vital points. Sean Martin's skills were not bad, and his reaction was quick. He was not caught off guard.

Instead, he began to look for an opportunity to attack while defending! "So, Richard Thomas is just your bait?" he roared indignantly. He had thought it through. There was absolutely no problem with him. Then the problem could only be Richard Thomas! In other words, from the beginning to the end, this was a trap waiting for him to jump into!

"Bang bang bang..."

"Boom boom..."

Oliver Walker did not answer Sean Martin's question. Instead, he punched the man in front of him. If he was not injured, would Sean Martin be worthy of being his opponent? Without a doubt..

Impossible!

"Damn it! How can you be so strong?"

Sean Martin went completely crazy after fighting for more than a hundred rounds. He could not find any openings under Oliver Walker's attacks. Naturally, he could only defend passively and could not launch a counterattack. In terms of skills, his strength could definitely rank among the top three in the mercenary world and even the assassin world.

Didn't that mean that Oliver Walker was even qualified to fight for first place?

However, in fact, Oliver Walker did not care about being number one at all, because at his peak, he was far more terrifying than this so-called number one. "There are still many people in this country who are stronger than me!"

Oliver Walker swung his fist and aimed it at Shawn Martin's head. "You should feel lucky to have met me!"

Seann Martin reacted quickly and dodged the attack. However, he suddenly realized that Oliver Walker's punch was just a feint. The real killer move was the kick that flew towards him after he dodged to the side.

He had realized it, but it was too late to dodge.

"Bang!"

When Oliver Walker's foot landed, it landed on Seann Martin's chest.

"Pfft..."

Seann Martin, who was severely injured, spat out blood and fell to the ground. He left a mark on the concrete and steel floor! One could imagine how terrifying the power of this kick was!

"You motherf*cker!"

"I'll kill you!" Shawn Martin shouted angrily. Facing Oliver Walker, who was attacking him again, he did a carp jump and stood up. "I'll kill you!"

His eyes were bloodshot! They were both experts, but they were at a disadvantage. Naturally, they were not convinced.

“Bang...”

However, before he could, another kick flew over and hit his chest again. Sean Martin was stunned! However, the viciousness in his eyes grew stronger and stronger!

“You won’t be able to escape tonight! Accept your fate!” Oliver Walker said coldly.

After waiting for so long, the opportunity had finally arrived.

On the other hand, Seann Martin first turned the entire state of Colorado upside down after he entered the country. Now that he had escaped to the Ocean City, he was stirring up trouble again.

This man almost destroyed his family and almost annexed the Thomas Corporation.

Hatred was already irreconcilable! However, it was finally time for the final reckoning! Therefore, he went all out and pounced towards Shawn Martin..

Chapter 775: Teacher vs Students

“You want to kill me? Dream on!”

Sean Martin’s eyes turned red. “You think I’m not prepared?”

As soon as he finished speaking, his hand pulled out the cabinet on the coffee table in front of him. In an instant, the flash bomb fuse hidden inside was pulled open.

“Boom... ”

After a series of loud bangs, the originally colorful private room was instantly occupied by an intense, dazzling white light.

“Bastard!”

Oliver Walker’s reaction was fast. The flash bomb was enough to blind a person; even he had to be wary!

“I won’t give you a third chance! Whoosh...’

The furious Sean Martin did not stay any longer even if he wanted to kill Oliver Walker. He knew that it would be difficult to trap an expert of this level with such a small trick. Therefore, he chose to break out of the window.

“Do you think you can escape?”

In an instant, the light began to weaken. Oliver Walker slowly opened his eyes, adapting to the strong light that had yet to disappear.

‘Ding dong... Ding dong...’

However, the next moment, the sound of a time bomb being activated came from the room again.

As a qualified mercenary, no matter the environment, he would put his own safety first; not to mention Sean Martin. The current him was like a stray dog. It was even more impossible for him to relax at all.

Therefore, he had already made full preparations in the private room!

“Damn it!”

Oliver Walker rushed over. If the time bomb exploded, who knew how many people would be killed or injured? Therefore, they could only give up on chasing Sean Martin.

He heaved a sigh of relief when he saw that there was still one and a half minutes left before the activation time.

This kind of time bomb was not complicated, but its power was not small.

The reason for this design was that Sean Martin, who had fled to the Ocean City in a panic, could not get any high-level fuse. He could only use the traditional method of choosing an autonomous time bomb.

The reason why he chose to set the timer at 90 seconds was because he was not prepared to blow the person up. It was just to stall for time.

Sean Martin knew very well that once the time was short, Oliver Walker would definitely not care about him. Instead, he would continue to hunt him down, which would be equivalent to taking his own life.

However, he never expected that after he went downstairs in a sorry state...

In front of the dimly lit nightclub, two murderous auras suddenly appeared.

“Where are you going?”

These two people were naturally Mike and Aiden, who had been waiting for a long time!

Sean Martin’s expression was extremely bad. He had suffered two kicks and at least three of his ribs were broken. Otherwise, he had the confidence to kill the two people in front of him in a short time.

But now...

“I was the one who taught you your skills. Do you think you can keep me here?”

Sean Martin endured his injuries and pretended to be fine. He wanted to scare the two people in front of him.

“We still have to try!”

Aiden was furious. He waved his fists and stepped forward. “You said it yourself. If you’re going to kill someone, you have to be prepared to be killed!”

It was the person in front of him who almost caused him to lose his life outside the country. However, he also knew how powerful Sean Martin was, so this attack was just a test.

“Bang...”

After Sean Martin counterattacked, the two fists collided. “If you want to kill my brother, then give me your life!”

At the same time, Mike had already punched from the side.

The friendship between him and Aiden was something that transcended life and death. It was no exaggeration to say that if Sean Martin wanted to kill Aiden, it would be the same as killing him.

In fact, Sean Martin was not prepared to let them go.

Sean Martin’s strength was indeed outstanding. He could not defeat Oliver Walker, but when faced with the siege of Mike and Aiden, he was more than enough to deal with them. He even had the upper hand.

“Swoosh...”

In an instant, Aiden took out a black dagger and aimed it at Sean Martin’s neck artery. They were all in the killing industry, so why would there be so much nonsense. Sometimes, a glance was more useful than a thousand words.

Mike was the same. The two brothers cooperated closely..

Chapter 776: Releasing the Cunning Fox

During the farce, Shawn Martin's skin and clothes were torn apart... He frowned and calculated carefully that Oliver Walker was about to catch up, so his expression changed.

He clearly knew that he was no match for Oliver Walker. If he didn't leave now, he would be courting death.

However, with Mike and Aiden, one in front and one behind, he had to attack and defend at the same time, making it difficult for him to find a breakthrough.

In an instant, he looked at Mike's fist, and his eyes hidden under the special goggles flashed with a hint of viciousness. Following closely behind, he clearly showed a flaw that he didn't defend!

"Give me your life!"

Mike saw that Sean Martin had nowhere to hide, and the power of his attack increased.

"Bang..."

In the next second, the fist arrived in an instant and struck Sean Martin's shoulder. At the same time, Sean Martin gritted his teeth and jumped more than ten meters away from the two people's encirclement with the help of the powerful impact.

"The Bloody Fiend will not forgive your sins! Farewell!"

Sean Martin used the constant flow of traffic as a cover. As the sound became softer and softer, he disappeared.

“Damn it!”

Aiden cursed and wanted to continue the chase. However, Mike stopped him. “If we continue chasing, I’m afraid we’ll be the ones at a disadvantage.”

Although Aiden was unwilling to accept this, as the first instructor, Sean Martin had many tricks up his sleeve. He was definitely not an enemy to be underestimated.

At the same time, Oliver Walker also jumped down from the fifth floor after removing the time bomb.

“Boss!”

Mike and Aiden shouted in unison. Oliver Walker frowned. “He escaped again?”

A look of shame appeared on their faces.

Sean Martin had been seriously injured by Oliver Walker, but they still could not deal with him.

“Boss, I...’

Mike lowered his head.

That’s right! He had indeed tried his best!

If Sean Martin had not been in a hurry to escape, they would have been killed!

“I’m fine! Since we caught him once, it means that he’s not as cunning as we thought.”

Although it was a pity, there was no other way.

“But he’s being cautious. It’ll be harder to catch him in the future.” Aiden frowned.

As Sean Martin’s former subordinates, and of course, Sean Martin’s disciples, they knew all too well how difficult it was to deal with this man. In such an environment, he was a king.

“Are you injured?”

Oliver Walker looked at the blood on the ground and quickly asked with concern. He knew that Mike and Aiden were loyal and would not go easy on them.

After all, they were already irreconcilable enemies.

“It’s his!”

Aiden replied, showing the blood on the dagger. If that move had been a little faster and a little more precise, he might have been able to kill him in one strike.

“Yes! Finally, there are some gains! Give me the dagger!”

Although Aiden was confused, he still handed over the dagger.

After Oliver Walker took the dagger, he called George Lee.

With Sean Martin’s blood, he did not believe that he could not dig out this person’s DNA. Moreover, judging from his accent, Sean Martin was definitely from this country. As long as he was born here, he would definitely be recorded in the DNA database.

Therefore, it was not impossible to retrieve the genbank data based on the blood and uncover the mystery of Sean Martin.

Such high-tech means were impossible for any mercenary force to exist.. There is a huge database on the genbank and it could only be deployed by the country as a unit to be meaningful and useful!

Chapter 777: Finally Getting The Call

“Boss, how’s the situation?”

George Lee frowned. After sizing up Mike and Aiden, he spoke again.

“Motherf*cker!”

At that moment, he was really furious. He had waited for so long but in the end...He missed again!

That sense of loss filled his heart.

Mike and Aiden were already uncomfortable. Seeing George Lee so aggrieved, they felt even more ashamed.

“Stop cursing. Although he escaped, you still have a critical mission.”

Oliver Walker handed George Lee the dagger stained with Sean Martin’s blood.

“Get the DNA database immediately. I want to see who he is!”

As long as Sean Martin's appearance was found, it would be even more difficult for Sean Martin to hide his whereabouts in the future. Otherwise, it would be difficult to recognise him even if Sean Martin appeared in front of them with his true appearance

"Yes, sir!"

George Lee put away the dagger and left in a hurry.

"You guys can go back too!"

Oliver Walker took a deep breath. "I want to be alone. Quiet."

It wasn't because of Sean Martin's problem but because the misunderstanding in his family hadn't been resolved yet. His nerves had always been tense.

He didn't even have the time to call his wife. Moreover, the Ocean City incident was not just Thomas Corporation's problem. Sean Martin and his lackeys were also involved. Every step was tiring.

However, he had no choice but to bear it.

"Boss, are you... Do you think we're useless?" Aiden asked boldly.

Ivne S eyes dISU snuvveu d 01 evdSIU11.

After all, he knew that it was not easy for his boss to scheme against Sean Martin to this extent. However, due to their lack of strength, Sean Martin escaped again. Naturally, they blamed themselves even more.

"What are you talking about? The arrangement of troops is actually the same.

How can there be an ever-victorious general?"

Oliver Walker smiled and patted Mike and Aiden on the shoulder. "I've been defeated before. It's not a big deal. I want to talk to my wife. Do you want to listen too?"

He was delighted with Mike and Aiden.

The skills of these two people were indeed not bad. They were at least on the same level as George Lee. It was just that the opponent was too strong and was an uncontrollable factor. It really had nothing to do with them.

Hearing this, Mike and Aiden blushed.

It was obvious that they wanted to whisper. How could they not know what was good for them?

The night wind was bleak!

The streets of Ocean City were indeed much more bustling than those in California. After all, it was a provincial capital city and a first-tier city. Naturally, it was not comparable to the state of Colorado.

Oliver Walker took out his cell phone, but his emotions were complicated. He strolled under the lights and thought for a long time before dialling Emily's number because he didn't know if his wife was still angry!

"Beep, beep, beep..."

When he was about to hang up automatically, Oliver Walker frowned slightly, his heart full of bitterness. It seemed that his wife had really misunderstood this time.

"Hello?" The next moment, Emilia's eyes turned red as she answered the call with tears in her eyes.

Although it was only one word, trembling and weak, such a familiar voice swept away all the fatigue that Oliver Walker had felt over the past few days.

“Honey, did you see that?”

“I... We’ve really been wronged. I promise you that we’ll definitely pay attention at all times. We won’t let this happen again.”

“Honey, I really didn’t do that,” Oliver Walker said quickly. He wanted to pour out all the grievances in his stomach.

There was only silence on the other end of the phone. Amelia bit her red lips lightly, but she let out a choked cry. Although it was very late, she finally got the call.

“Honey! What happened to you?”

Oliver Walker’s heart was in his throat. He wished he could fly back to Colorado immediately.

But....

Chapter 778: Could She Have Fallen In Love With Him?

Sean Martin’s crisis in the Ocean City was still not resolved. How could he leave without worry?

“Hubby, take care of yourself!”

Emilia’s grievance was immediately released. “Nothing can happen to you, do you understand?”

Actually, she had a little willfulness as a woman. Was she really angry because

of that incident?

NO!

She was only angry because her husband did not call her to explain the incident!

In fact, on second thought, how could Oliver Walker be that kind of person? As the heir of Thomas Corporation, Luna Thomas would never make such a decision.

On the contrary, she was very worried about Oliver Walker's situation.

"Honey..."

Oliver Walker was moved, but he quickly said, "Did you hear what I said on

Perhaps the marriage certificate was just a piece of paper and a form. However, even for someone like him who never cared about formality, he wanted to get a marriage certificate with Emilia. He had said that he wanted to give his wife a

grand wedding.

"You... You're all... What did you say?"

Emilia's tone clearly paused for a moment because she was shy!

She also wanted to hear Oliver Walker say those words to her alone!

"I love you!"

Oliver Walker's tone was very light, but it was mixed with deep emotions.

“Look, Olivia is almost in her first year. We’re not married yet. Is it...”

‘ You...’ Emilia smiled sweetly. “Aren’t you ashamed? There are so many people watching. You...” You actually...”

“Humph! I disagree!”

She was throwing a tantrum because she wanted to make Oliver Walker anxious.

In fact, she also wanted to be a bride, a real bride, not the kind of shabby wedding that no one gave her blessings and was even filled with ridicule.

However, she had her concerns! After all, Olivia had grown up. She was really embarrassed and did not have the courage to wear a wedding dress again.

“If you don’t marry me now, when you’re old and want to marry me again, you’ll have to ask for my permission.”

Oliver Walker said half-jokingly as he walked toward Jinglin Hotel.

That’s right!

In the blink of an eye, their daughter was already all grown up, but they had not registered their marriage and had not been recognized by the country.

This... It was really a little strange!

“Humph! You are indeed a guy who likes the new and hates the old! If you don’t want to marry me, I don’t want to marry you either! It’s not like no one wants me, it’s just that...” Emilia retorted without showing any weakness.

Actually, she was too embarrassed to say the second half of the sentence! She didn’t want anyone but Oliver Walker! Their love was unforgettable!

“But what?”

Although his wife didn’t say anything, Oliver Walker had already guessed it, so he asked.

“I’m not going to talk to you anymore, but remember, you must ensure your own safety. You’re mine. I won’t allow you to hurt yourself. Otherwise, I really won’t want you anymore.”

Although they were all very plain words, the love between them no longer needed words to express.

At the same time, in the Jinglin Hotel!

‘Where’s Mr. Walker?’

Luna Thomas was still awake, especially when she saw Mike and Aiden return. She felt even more anxious.

She didn’t know why either. Could this be...

Thinking of this, she quickly abandoned all thoughts that she should not have. She only wanted to thank Oliver Walker. How could she possibly have any feelings of admiration {

“Boss is chatting with sister-in-law! Ms. Thomas, you should rest early too,” said Mike.

“Tomorrow, Boss will bring you back to Thomas Corporation.”

Now that the matter of Thomas Corporation had been resolved, and Richard

Thomas had lost his value as the bait, it was naturally time to eliminate him

Chapter 779: Trying To Stop Herself

“Yes!”

Luna Thomas didn't know why, but she felt a sour feeling in her heart.

She seemed to have noticed that Oliver Walker seemed to be deliberately keeping a distance from her. The disappointment she felt was indescribable.

NO!

Did she really fall in love with that man? But that man was Amelia's husband.

But... Who wouldn't love such an outstanding man?

Before she met him, she had only thought that Oliver Walker was very strong, but she had never had feelings for him. However, after getting to know him more, this man's charisma and gentlemanly bearing were really...

They were unparalleled! Why was she single for 22 years and never dated?

With her qualifications, her pursuers had long been lined up overseas. Even the young master of the world's richest company, Rothschild, was interested in her, but she wasn't interested in him.

This was because money and power were not attractive enough to her.

Moreover, she was a very pure Asian girl. The so-called gentlemanly demeanor that Western men spoke of was not within her aesthetic range.

On the other hand, Oliver Walker, who dared to love and hate, was gentle and refined and always had a scholarly air about him. He was a typical Asian man, but he walked into her heart.

“Luna Thomas! What are you thinking?”

She patted her temples and muttered to herself in frustration.

If Oliver Walker was single, she would definitely take the initiative to pursue him without hesitation. However, his child could already call her Auntie, so she...

How could he still have such shameless thoughts?

But... This must be love!

Sometimes, one could only rely on self-control for no reason. There was nothing wrong with liking someone, but it depended on how one controlled themselves.

Right now, her thoughts were in a mess as she paced back and forth in the corridor!

All of a sudden, the sound of footsteps coming from the elevator entrance made her heart feel as still as water. However, it was only for a moment that the little deer in her heart began to pound wildly again!

Oliver Walker deliberately wandered downstairs for a long time because he did not know how to face the young lady in front of him.

After all, something that shouldn't have happened had happened. Moreover, she was his wife's best friend. Even if he was calm in his heart, how could he not feel awkward when he met her?

Luna Thomas paused for a moment. "I can't sleep. I heard that we're going back to the company tomorrow?"

She did not want to reveal her inner thoughts. She did not even know that she had been pacing back and forth in the corridor. It was only when she saw this man that she could feel at ease and feel a sense of security.

"Yes! Richard Thomas is no longer useful," Oliver Walker said. "It's time to settle the score."

"As for your father, I will do my best to find him."

He had already asked Freddy Martin to mobilize 2,000 elites of the Black Dragon Sect. They were definitely going to cause trouble.

The Seven Stars Gang, which was entrenched in Ocean City, was definitely not innocent. Therefore, he speculated that Mark Thomas was most likely killed by Freddy Walker.

"Alright! I believe in you!" Luna Thomas smiled.

In fact, apart from Oliver Walker, there was another person she could trust, and that was Williamson. However, Williamson seemed to have disappeared in the past few days. Obviously, they were trying their best to find Mark Thomas.

Besides, Williamson had watched her grow up. He was her bodyguard in name, but he was no different from her father. After all, Williamson had been with her the longest while she was abroad for many years.

However, it was indeed rare for her to have such trust in Oliver Walker even though she had not known him for long!

“Rest early!”

Oliver Walker said before entering the room. What he could do now was to minimize his personal contact with Luna Thomas.

Guilt might be one of the reasons, but more importantly, she was afraid that someone would create a scandal..

Chapter 780: Attack The Thomas Corporation

“Mr. Walker, good night!”

Luna Thomas said before returning to her bedroom!

The next morning, Thomas Corporation villa complex!

“Motherf*cker! Do you all think I’m a pushover? A live-in son-in-law is bullying me! A bastard who can’t see the light is also trying to rob me!” Richard Thomas roared crazily.

“I’m Mr. Richard Thomas from Thomas Corporation. How dare they?” He was really going crazy from holding it in.

After laying low for so many years, he had thought that he would be able to take down everything smoothly this time. However, he did not expect that he would be like a stray dog at this moment.

The crisis was far from over!

As long as Oliver Walker was not dead, he would not be able to rest easy!

“Godfather! I’ll bring some men and capture that bastard Freddy Walker,”

Justin Thomas said. “We’ll force him to reveal the whereabouts of that masked man. We’ll avenge you.”

He and Richard Thomas were in the same boat.

Although they weren’t biological father and son, it had to be said that Richard Thomas was indeed good to him. Moreover, if Richard Thomas’s days were not good, then his situation would naturally become extremely bad.

‘Yes! Gather the troops immediately,” Richard Thomas said coldly. “Attack the headquarters of the Seven Stars Gang at lightning speed.”

His hatred for Freddy Martin was extraordinarily deep.

It could even be said that if it weren’t for Freddy Martin’s teasing, he wouldn’t have lost his shares in Thomas Corporation.

However, what he did not know was that the share transfer agreement was not taken away by Sean Martin. Instead, it was in the hands of Oliver Walker. This meant that the shares were still in the hands of Richard Thomas.

After all, the contract had been signed, but Sean Martin could not produce any valid evidence to prove that he was the owner of the shares. Although Oliver Walker had received the share transfer agreement, it was signed by Ling Hai. In other words, it was completely invalid.

In front of Thomas Hotel!

“Boss, the blood on the dagger has been sent to the appraisal department. It won’t be long before there are results, but searching the database will be a time-consuming task.”

George Lee frowned. Sometimes, it was just a matter of luck to check the database.

If he was lucky, the first set of genetic data might be the result he wanted. If they were unlucky, they might have to find till the very last one.

There were billions of people in this country. Even with the help of the computer, the workload was not light.

“Yes! Also, check on a man named Gary Stevens,” said Oliver Walker. “Try to search for wealthy businessmen or people related to the Holy Light Group.”

Naturally, he had seen the name of the first party on the contract, and Sean Martin might not have signed the contract in his own capacity. However, he would definitely not use the identity of a stranger. Therefore, this person named Gary Stevens must be related to Sean Martin.

This was the only way to make sense!

“Yes, sir!”

George Lee turned around again and communicated with the relevant departments.

This period of time was indeed not easy, but as long as they could kill Seann Martin, who threatened the safety of the Ocean City, it would be worth it no matter how hard they worked.

After all, it was his duty. What could he complain about?

“Mr. Walker, the elites of the Black Dragon Sect have gathered! As long as you give the order, we’ll be ready to sell our lives at any time,” Freddy Martin said respectfully.

He had placed himself in a very proper position! Oliver Walker was the real controller of the Black Dragon Sect.

Oliver Walker would not have asked him to mobilize two thousand elites to the Ocean City for no reason.

“Attack Thomas Corporation!”

Oliver Walker’s tone was cold. These people from the underground forces were never worthy of calling him brother.

An official was an official! Bandits, they were bandits!

To put it bluntly, subduing the Black Dragon Sect was to let these underground forces kill each other and reduce the harm to society!
