

Chaplain 781

Chapter 781: Who Dares Attack The Thomas Villa?!

“Yes, sir!”

Freddy Martin led the way. After they went downstairs, he shouted, “Everyone, get in the car. The target is Thomas Corporation!”

Elites were elites. They weren’t something that the outer members of the Black Dragon Sect could compare to.

They got into the car very quickly! Some people even threw away their cigarettes as soon as they lit them. Hundreds of black sedans sped along the road like a long dragon.

Their auras was soaring! The atmosphere was oppressive!

“Mr. Walker, this...” Luna Thomas frowned. “Are these your people?”

At first, she thought that Oliver Walker was a good fighter and a veteran. However, from the looks of these people, Oliver Walker was not as simple as he seemed.

Could an ordinary person gather two thousand people overnight? This was simply impossible!

Furthermore, the elites of the Black Dragon Sect were all dressed in suits and leather shoes. They had a uniform and didn’t look like scattered soldiers.

“I guess so!”

Oliver Walker didn’t know how to explain it. He couldn’t help but recall his conversation with Lily Jones. He often asked himself if he was a good person.

Perhaps... he was or perhaps, he wasn't! But was that important?

The most important thing was that he was serving the country!

Luna Thomas's tightly furrowed brows slowly relaxed.

That's right! If the man beside him was just a veteran who was good at fighting, how could he dare to confront Richard Thomas?

How could he help her break through the desperate situation again and again?

From the loss of control of Thomas Corporation to the two of them being framed and losing their reputation. Every time, it seemed that there was no room for a comeback.

However, every time Oliver Walker appeared, the battle would change in an instant. And this time, it wouldn't be an exception, right?

But soon, Luna Thomas's expression became much more complicated. Which woman wouldn't love such a man?

In fact, Oliver Walker had already restrained himself very much. He was afraid of attracting bees and butterflies. There were some things that had to be done, but if he did, it was inevitable that he would encounter some trouble.

Half an hour later, when the aggressive convoy entered the surveillance range of Thomas Corporation's villa area like a long queue...

Freddy Martin picked up the walkie-talkie and shouted, "Everyone, listen up.

When you arrive at the scene, surround them immediately."

“Without Mr. Walker’s permission, not even a fly is allowed to fly out!

Otherwise, bear the consequences!”

He knew that Oliver Walker must have a powerful background, especially when he mobilized the army to destroy the Blood Fiend Mercenary Team. It was not difficult to deduce that Oliver Walker might have a military background.

After so many years, he knew that he had committed a grave sin. Oliver Walker had always been lukewarm to him, but he had no choice but to obey his orders.

This was his, or rather, the Black Dragon Sect’s, last chance of survival. There was no other possibility!

“Yes, sir!”

The elites of the Black Dragon Sect didn’t know so many details. They only knew that their current master took orders from Oliver Walker. He had indeed used shocking methods to subdue the entire Black Dragon Sect, so...

They only had the right to carry out orders!

At the same time, in the surveillance room of Thomas Villa.

“Justin Thomas, something bad has happened! There are hundreds of cars speeding toward our direction.”

A person in charge of the monitoring room quickly reported.

At this moment, Justin Thomas was still gathering his men and preparing to attack the headquarters of the Seven Stars gang and capture Freddy Martin alive to avenge his godfather.

In fact, hundreds of professionally trained bodyguards had already gathered.

“Everyone, listen to my order. Gather at the gate immediately!” Could it be that the Seven Stars Gang had struck first?

But... Where did the Seven Stars Gang get the guts to surround Thomas Company’s territory?

In terms of strength, Thomas Company, as the overlord of the Ocean City, had always looked down on the Seven Stars Gang..

Chapter 782: Facing the Enemy Head On

The Seven Stars Gang had controlled the underground world of Ocean City for many years and had never interfered with Thomas Company. Now that they suddenly took the initiative to attack, it was intriguing.

“Godfather! ” Justin Thomas shouted as he ran into the villa after arranging all the Thomas Company bodyguards at the door. “Godfather! The Seven Stars Gang is here!”

Although he had a lot of power now, he did not have the authority to deal with such a big matter. Of course, he didn’t have the ability to deal with it!

‘What? These bastards!’

“Damn it!” Richard Thomas roared angrily. “Does Freddy Martin really look down on me? Prepare the weapons. Since they’re here, it’ll save us the trouble!”

As soon as he finished speaking, he walked towards the door! Why was Thomas Corporation known as the number one company in the Ocean City?

That was because they not only controlled the leading enterprise of the Ocean City; this was also had the largest private villa complex in the city!

There were more than 2,000 security personnel in charge of the villa area.

What kind of concept was that? It was no different from a private army.

This was also where Richard Thomas had nothing to fear!

Justin Thomas also held back his anger and followed closely behind Richard Thomas. He wanted to see where Freddy Walker, the leader of the Seven Stars Gang, got his guts from.

At the same time, there were six to seven hundred people at the entrance of Thomas' villa complex, all of them waiting in formation!

'Buzz, buzz, buzz...

Soon, the roar of a motor came from the intersection.

Richard Thomas picked up the loudspeaker and shouted arrogantly, "You have already entered Thomas Corporation's private territory. If you don't retreat now, you will die without a burial place."

Actually, after calming down, he did not want to drag the flames of war into his family. This would deal a huge blow to Thomas Corporation's reputation.

He had already regarded himself as the owner of Thomas Corporation.

However, the car ignored Richard Thomas's shout and began to carry out Freddy Martin's encirclement plan.

The huge Thomas Company villa area was surrounded by cars that formed a defense fortification.

“Damn it! Freddy Martin, don’t go too far! The Thomas Corporation is not something you can afford to offend!”

Richard Thomas was desperate. After all, the feeling of being ignored was really bad! He had always thought that the people who came were the Seven Stars Gang, but he had neglected the Black Dragon Sect!

‘Godfather, it seems... It’s not the Seven Stars Gang! These cars are all from the state of Colorado!’

Justin Walker noticed the abnormality and frowned. No matter how powerful the Seven Stars Gang was, how could they mobilize the underground forces in Colorado? Obviously, this matter was not as simple as it seemed!

“Motherf*cker! Listen up, no matter who comes, make sure they don’t return!”

Richard Thomas roared angrily. He knew that he would not be able to escape a big battle today. However, he was very confident in Thomas Company’s security.

They didn’t even care about the Seven Stars Gang, so why would they care about the Black Dragon Sect from a small place like Colorado?

“Buzz...”

Soon, more than ten cars blocked the entrance of Thomas Corporation! Richard Thomas’s eyes were like a poisonous snake, staring at every car, trying to find the key person.

Immediately after, Freddy Martin got out of the car! The 2,000 elites of the Black Dragon Sect also alighted at the same time.

“Freddy Martin, what are you doing?” Richard Thomas’s face was cold.

“Do you really think this place is your backyard?”

He had thought that the person from the State of Colorado might be Oliver Walker. After all, Oliver Walker was from the State of Colorado. The hatred between them had long reached the point where they could not live under the same sky.

He had never expected that it would be Freddy Martin! There was clearly no grudge between them!

“Richard Thomas, stop bragging! I, Freddy Martin, have been through a lot for decades. I’m not scared! But the person who came to find you today wasn’t me. It was my boss!” Freddy Martin said coldly.

“Black Dragon Sect’s true master!”

Chapter 783: 50 Million Reward

The real master of the Black Dragon Sect?

Richard Thomas frowned. No wonder Freddy Martin had the guts to surround Thomas Company.

So there was someone behind it? But who was this person?

Gary Stevens? Or was it the masked man who had fooled him?

But no matter who it was, things had already reached a point where it was out of control!

“Damn it! Get him out if you have the guts,” Richard Thomas cursed. “Don’t f*cking hide in the dark. What kind of hero is he?”

In fact, when did Oliver Walker hide?

However, when she was about to get out of the car, Luna Thomas stopped her. "What do you want to do?"

She was afraid that Oliver Walker would start a massacre. After all, the battle had already begun, but no matter what, this was her company!

These bodyguards were all employees of Thomas Corporation.

It was not a big deal to just kill Richard Thomas, but she could not accept the fact that so many people were slaughtered!

"I won't kill the innocent. As long as they give up resisting, no one will be punished!"

"When you go down later," Oliver Walker said indifferently, "you can use your identity as the young lady of Thomas Company to persuade them to avoid any unexpected disaster."

He wasn't a murderer, especially since these bodyguards were all employees. Moreover, he was here to solve Luna Thomas's problem, not to massacre the Thomas Corporation.

"Yes!"

Luna Thomas nodded and hurriedly got out of the car, as if she was afraid that

Oliver Walker would go back on his word!

"It's you!"

Richard Thomas was stunned. He never expected Luna Thomas to become the master of the Black Dragon Sect and the boss of Freddy Martin.

What the hell was going on? But the next moment, when Oliver Walker appeared again, Richard Thomas was shocked again!

Was Oliver Walker the real master of the Black Dragon Sect?

His eyes were filled with hatred. When enemies met, their eyes turned red!

If it weren't for Oliver Walker, why would Luna Thomas fight him? If Luna Thomas collapsed, how could he fall for it and lose the shares of the Prosperous Group?

When he saw Oliver Walker, his right hand, which had no fingers, began to ache. It was no exaggeration to say that he wished he could skin Oliver Walker alive, drink his blood, and eat his flesh!

"When you come out to mingle, you have to pay back! Do you want to end it yourself, or do you want me to send you on your way?" Oliver Walker asked calmly.

Domineering!

"Damn it! Aren't you little Davis 'son-in-law?" Justin Thomas raged.

"Do you really think that you can fight Thomas Corporation with these mobs? The power of Thomas Corporation is not something you can imagine! My godfather is not someone you can offend! Since you're here, leave your life behind ! "

He hated Oliver Walker to the core. After all, he had liked Luna Thomas for so long, but in the end, he was...

Especially when he thought about how he had drugged Luna Thomas and given her to Oliver Walker, he was even more ashamed and furious!

Oliver Walker was too lazy to talk to him. Even Richard Thomas was not qualified to talk to him, let alone his godson. There were thousands of people in the confrontation.

After all, there were many bodyguards in Thomas Corporation!

All of them were not to be trifled with. They looked fierce and a battle was about to break out.

Of course, in their eyes, a life-and-death battle was no different from a child's play in Oliver Walker's eyes.

The reason why he didn't make a move was because he was waiting for Luna Thomas!

However, Luna Thomas didn't say anything for a long time, either because she was nervous or afraid.

Similarly, Mike and Aiden's resolute faces were filled with arrogance. They had indeed let Sean Martin escape, but that did not mean that they were not capable. Dealing with these mediocre bodyguards was really nothing.

"Listen up. Whoever takes Oliver Walker's life will be rewarded with 50 million!"

After a short silence, Richard Thomas finally couldn't help but make his move.

As the saying goes, there must be brave men under the reward. When they heard the reward of 50 million, the eyes of Richard Thomas's trusted aides lit up.

This....

Chapter 784: Picking The Right Side

Who could take it?

“Everyone! Don’t you see the situation?” Luna Thomas suddenly climbed onto the roof of the car and shouted anxiously.

“Richard Thomas wants you to be cannon fodder! I’m the young miss from Thomas Corporation, and you’re Thomas Corporation’s bodyguards. Are you really going to attack me?”

She was anxious! If there were too many casualties, it would definitely be a huge loss for Thomas Corporation!

She could not let this happen!

The bodyguards from Thomas Company clearly struggled when they heard Luna Thomas’s words. As Thomas Corporation’s bodyguards, were they really going to lay their hands on their employer?

After all, there were indeed some trusted aides of Richard Thomas, but there were only 300 to 400 of them. The remaining 1,000 or so were all Mark Thomas’s men.

But 50 million was indeed...

It was too difficult for them to stop themselves.

“Are you even worthy of calling yourself Miss Thomas?”

Richard Thomas’s expression changed slightly, but he quickly reacted. “They actually colluded with the Black Dragon Sect from Colorado. They want to lure “Everyone! Don’t you see the situation?” Luna Thomas suddenly climbed onto the roof of the car and shouted anxiously.

“Richard Thomas wants you to be cannon fodder! I’m the young miss from Thomas Corporation, and you’re Thomas Corporation’s bodyguards. Are you really going to attack me?”

She was anxious! If there were too many casualties, it would definitely be a huge loss for Thomas Corporation!

She could not let this happen!

The bodyguards from Thomas Company clearly struggled when they heard Luna Thomas's words. As Thomas Corporation's bodyguards, were they really going to lay their hands on their employer?

After all, there were indeed some trusted aides of Richard Thomas, but there were only 300 to 400 of them. The remaining 1,000 or so were all Mark Thomas's men.

But 50 million was indeed...

It was too difficult for them to stop themselves.

"Are you even worthy of calling yourself Miss Thomas?"

Richard Thomas's expression changed slightly, but he quickly reacted. "They actually colluded with the Black Dragon Sect from Colorado. They want to lure the wolf into their house and destroy Thomas Company! I'd like to see how you can face the ancestors of Thomas Corporation after your death!"

"You are the traitor of Thomas Corporation! You're a traitor!"

He was not afraid of Oliver Walker, but he was afraid of Luna Thomas! After all, Luna Thomas's identity was definitely well-known in Thomas Corporation and had a certain appeal! Once he was allowed to break the fighting spirit of Thomas Company's bodyguards, he would lose his bargaining chip!

Therefore, he had to stand on the moral high ground and ruthlessly criticize Luna Thomas, making her worthless!

His words had indeed calmed the morale of the army.

Thomas' bodyguards had already set their sights on 50 million yuan, and now that Luna Thomas was labeled as a traitor, they naturally didn't feel guilty anymore.

“Richard Thomas,” Luna Thomas reprimanded.

“If you hadn’t been so aggressive, would the company have fallen to this state?”

“Ask yourself, are you still human? How can you have the face to mention your ancestors? Don’t you feel ashamed?”

Luna Thomas had too much anger in her heart!

If not for Oliver Walker’s help, she would have been ruined by Richard Thomas and defiled by Justin Thomas. Even after Richard Thomas stabilized the situation, would that restless ambition let her go?

It was impossible! She clearly understood that if it weren’t for Oliver Walker, she would have become a cold corpse!

“That’s right! She...She’s a young miss! Our Chairman has treated us well.”

Soon, the group of bodyguards were in a difficult position.

Actually, humans all had emotions. How could they not know who was good to them?

Besides, with Richard Thomas’s character of going back on his word, would they really be rewarded of 50 million even if they killed Oliver Walker?

Obviously, this was unrealistic!

“I’ll do it! Just to take back everything that should have belonged to me!” Luna Thomas retorted angrily. “If there’s a real traitor, it’s you. I’m the legal heir to the company. You don’t deserve it! ”

Second uncle, he was indeed his biological second uncle! However, the relationship between them was clearly much colder than blood.

“Damn it! I quit!”

“Richard Thomas is a complete villain!”

“I don’t want to do such a heartless job anymore!”

As soon as he finished speaking, hundreds of people began to take off their uniforms. There was no need for them to bet their lives on a piece of flatbread that they did not know if they could eat.

Moreover, if they did, it would be unreasonable. Perhaps in the end, Richard Thomas would betray them in the blink of an eye. At that time, they would have to wait to be shot and let Richard Thomas enjoy the fruits of his labor..

Chapter 785: Keep Your Friends Close and Your Enemies Closer

“You... You guys... I’ll see who dares to leave!” Richard Thomas roared angrily.

The morale of the army was already unstable!

Who would do something against their conscience for this little bit of money?

It wasn’t that they had no desires, but they really couldn’t see any hope. So who was willing to risk their lives?

After someone took the lead, the bodyguards who originally belonged to Mark Thomas’s faction hurriedly retreated and drew a clear line with Richard Thomas.

When Richard Thomas looked around again, there were less than 500 people left behind Richard Thomas.

Amongst them, there were three to four hundred trusted aides. The remaining hundred or so people were all filled with a strong sense of adventure and wanted to earn that fifty million; but in fact, even those trusted aides were shaken!

“Richard Thomas ‘death is upon him!’”

“Are you all going to die with him?”

Oliver Walker exerted pressure again. This was also the last time. If those people did not leave, they would become his enemies.

After all, no one had the time to analyze everyone’s thoughts.

“Go, go, go...” “What are you waiting for?”

“Damn it, I quit too!”

Soon, some of his trusted aides finally wavered. In an instant, half of the people behind Richard Thomas were gone.

The remaining 200 people were all strong-willed people, but..

F*ck, how could they fight against more than 2,000 people with just a few people?

This... Wasn’t it obvious that he was going to die?

Therefore, no matter how loyal and adventurous he was, he had to draw a line with Richard Thomas immediately with hatred when he remembered the 50 million!

“You guys...You bunch of ingrates! I’ll give you a lifetime’s worth of wealth!” Richard Thomas’s eyes were bloodshot with rage.

Was money really important to them now?

No!

It was no longer important. What they wanted was a chance to live!

At this moment, he was like a trapped beast that had long lost his rationality.

His mouth was full of vulgarities!

“Do you know why you are deserted because a just cause enjoys much support,” Oliver Walker said coldly. “An unjust cause has little support. You will never conquered the hearts of the people!”

Oliver Walker was certain that if he was in Richard Thomas shoes now, the same thing would not happen to him.

If he was surrounded today and was badly outnumbered, he didn’t even need to say a word. The Six War Gods wouldn’t choose to betray him. Instead, they would accompany him to the death and kill a bloody path.

“Bullshit!”

“Bullsh*t!”

“Who said I was deserted?”

“Justin, I didn’t dote on you for nothing!” Richard Thomas roared hysterically.

“We can be companions on the road to the afterlife. We won’t be lonely anymore!”

He already knew that he would definitely die today!

But soon, he felt a sharp pain in his abdomen, followed by a hot flow.

His eyes were filled with disbelief. He sized Justin Thomas up suspiciously and reached out to touch his wound. When he saw his bloody hand, he asked in pain, “Why.. Why would you... Do you have to treat me like this?”

He could not figure it out!

Although he also had the intention of using Justin Thomas, he had indeed given Justin Thomas fatherly love!

“Because you’re evil! Because I want to abandon the darkness and turn to the light!”

“Richard Thomas!” Justin Thomas pulled out his bloody dagger. His eyes were filled with viciousness. “You forced me to do so many things against my conscience. Today, I will make you pay with blood!”

“AHHHHH!!!!”

As soon as he finished speaking, he waved his dagger and stabbed Richard Thomas’s abdomen once again!

Fresh blood continuously splattered!

Richard Thomas's consciousness became more and more blurry, and then he fell to the ground with a bang. He had imagined countless ways of how he would die. He had schemed against many people, but he never expected that he would die at the hands of his godson..

Chapter 786: The Fence Sitter

When his vision slowly darkened, Richard Thomas spat out blood, and his face revealed a ferocious expression of pain. His limbs twitched, and his life came to an end.

Unwilling! Resentment! Regret!

Unfortunately, it was too late!

This scene made Thomas' bodyguards witness Justin Thomas's cruelty. This also made Luna Thomas frown slightly. A life was gone just like that?

However, he was completely indifferent to Oliver Walker and the others.

Richard Thomas was not a hero, but he had been in the business world of Donghai for so long that he could be considered a hero of his generation. It was just that the way he died was too humiliating!

"Clang..."

In the next second, the sound of the dagger falling to the ground broke the depressing atmosphere in front of Thomas' villa.

"Mr. Walker, Ms. Thomas, I..." Justin Thomas quickly stepped forward with a look of hatred. "I was forced to do this!"

“Richard Thomas forced me to do everything. If I don’t do it, he’ll kill me!”

In any case, the dead could not speak. Therefore, he would definitely push all the blame on Richard Thomas. The reason why he did this was because he repented and wanted to atone for his sins?

No!

He only watched as Richard Thomas lost his power. If he did not do so, he would not be able to escape death!

So... In order to survive, not to mention killing his father, he was willing to do even crueller things.

“You...”

Luna Thomas bit her red lips. She really didn’t know how to evaluate Justin Walker’s actions.

On the contrary, Oliver Walker said indifferently, “You did well! ”

Justin Thomas saw a chance of survival.

“Plop!” He quickly knelt on the ground and swore, “Mr. Walker, I’m willing to abandon the darkness and join the light. I’ll be loyal to you forever. I hope you can take me in!”

Has he ever thought highly of Oliver Walker? After a series of events, he suddenly understood that Oliver Walker was definitely a big shot that could not be underestimated.

Although Luna Thomas had defeated Richard Thomas and destroyed the fighting spirit of Thomas’ bodyguards, at least he wouldn’t starve. At least, he would have some future prospects.

The eyes of the Thomas Company bodyguards were filled with anger. How could there be such a shameless bastard?

A second ago, he was still shouting loudly that he would fight Oliver Walker to the death. The next second, he killed his father and sacrifice himself to the heavens, then turn around and throw himself into the arms of the enemy!

Oliver Walker didn't say anything, but his eyes were full of mockery. Mike and Aiden did not say anything because they knew that such people did not deserve to live at all! But if Boss really wanted to accept them, what could they do?

Freddy Martin, in particular, disdained such traitors!

As a big shot who had been in the underworld for so many years, he would usually kill such shameless people as a warning to others.

"Mr. Walker!"

"I, I, I...I'm really capable! As long as you give the order, I won't complain even if I have to go up a mountain of knives or go down a sea of fire."

The atmosphere in front of the door was too oppressive.

Justin Thomas, who was tensed up, became even more nervous when he saw Oliver Walker's playful gaze. "I beg you, Mr. Walker, to take me in and let me atone for my sins."

He kowtowed! In order to survive, he could do anything! This was human nature!

However, he had never thought that his actions had almost destroyed Oliver Walker's family. How could the other party let him continue to live?

"You'll do whatever I tell you to do?" he asked with a smile.

Justin Walker patted his chest and said seriously, "Mr. Walker, if I lie, I'll be struck by lightning!"

Everyone's gaze changed. Could it be that Oliver Walker really wanted to take in a shameless person like Justin Walker?

Freddy Martin's opinion was especially loud.

However, before he could finish his sentence, Oliver Walker waved his hand and interrupted him. Then, he looked down at Justin Thomas, who was kneeling on the ground and expressing his loyalty. "In that case, use that dagger to kill yourself!" he said.

These words made Justin Walker's expression change drastically.. He felt as if the sky had collapsed!

Chapter 787: Dealing With The Traitor

In an instant, the thousands of people present felt comfortable!

That's right! How could Oliver Walker not see through Justin Thomas's intentions with his status? It would be a joke if they let him go!

"Mr. Walker..."

"I... I sincerely want to join you..."

Justin Thomas, who was in extreme panic, instantly crawled to Oliver Walker with tears streaming down his face. "Mr. Walker, I even killed Richard Thomas. Why did you... Aren't you willing to give me a chance?"

His entire body was trembling!

There was no doubt that a single sentence from the man in front of him could make his soul scatter!

Dignity? In the face of life and death, dignity was nothing! As long as he was alive. He just wanted to see the sun tomorrow morning! He didn't want to think about anything else!

"But I'm afraid that you'll use the same method to kill me one day!"

Oliver Walker's tone was full of mockery. "I remember that in history, there was also a big shot who surrendered by killing his godfather. I don't want to be betrayed one day and lose my life because of the one decision I make now." Kill? Of course he had to kill! But he wanted Justin Thomas to die in fear.

Destroying his family was not something that could be solved by death alone.

Justin Thomas shouted in despair, "Mr. Walker, I... I was wrong... I've made a terrible mistake! Please, give me a chance!"

"You're begging to the wrong person."

Justin Thomas was at the end of his wits.

"Freddy Martin," Oliver Walker said indifferently, "I think you have the most tricks up your sleeve to deal with such people. If there's anything, just greet him. Don't let him die a quick death!"

"Yes, Mr. Walker!" Freddy Martin quickly stepped forward.

"Men, take him away!"

There were simply too many ways to deal with such traitors in the underworld!

Lighting the sky lantern was the most commonly used method!

Justin Thomas would be placed in a jar, filled with wax, and his body was used as a wick until the wax burned out and he turned into ashes!

“Ah... f*ck your ancestors!”

“You... You don’t keep your word... Damn it!”

As the voice faded away, Justin Thomas was also taken away by a few burly men.

Everyone in Thomas Company was in endless panic! “Miss Luna Thomas...!... We were forced!”

“!... We didn’t do anything!”

“Yes, yes, yes...”

Thomas Company’s people quickly complained about their difficulties, wanting to stay out of it. In fact, they really didn’t have the ability to deal with Luna Thomas. They were also forced to do so by Richard Thomas which caused them to do things that they weren’t proud of.

Oliver Walker could only make an example out of this and let the Thomas Company know that Luna Thomas had a backer. It was impossible to kill all these people!

What was the difference between that and destroying Thomas Corporation?

“Miss! 1... we...”

Soon, more than a thousand Thomas Company bodyguards lowered their heads and waited for punishment. They didn’t want to lose their jobs and most of them were innocent!

“Let’s forget about this matter and give my second uncle a lavish burial!”

Luna Thomas looked at everything in front of her and gave her final solution. She knew very well that without the man beside her, these people would never lower their heads to her!

These people were not without ambition, it was just that their strength did not

match..

Chapter 788: His True Identity

However, it was indeed impossible for her to kill everyone. This was because she didn’t have the guts to do it, nor could she be so ruthless!

“Thank you, miss, for sparing my life!”

Everyone heaved a sigh of relief!

After all...

Such an outcome was extremely merciful to them.

Luna Thomas’s bearing also gave them a sense of identity.

“Freddy Martin, head back and settle down your subordinates. Remember not to cause trouble! I need to talk to you in the afternoon,” Oliver Walker gave his orders.

Now, Thomas Corporation’s crisis had been completely resolved.

It was time to dig deep into Sean Martin. However, before dealing with Sean Martin, he had to eliminate his minions, the Seven Stars Gang.

“Yes, sir!”

Freddy Martin quickly nodded. Ever since he had followed Oliver Walker, he had never thought of betraying him. Although Oliver Walker was young, his methods were not weaker than his. It could be seen from the few words that had given Justin Thomas hope before sending him into the abyss.

After the people of the Black Dragon Sect left, the Thomas Company villa area returned to its usual tranquility.

The incident happening to the Thomas Corporation was also completely settled at almost no cost. He stabilized the number one company in Ocean City and also stabilized the leading enterprise in this place.

This way, Ocean City’s economy wouldn’t collapse, and it wouldn’t cause a wave of layoffs.

“Mr. Walker, I... I really don’t know how to thank you!”

“I’m sorry.” Luna Thomas gritted her teeth. She looked embarrassed, but she quickly apologized.

“I apologize for the misunderstanding. In the future, if there’s anything you need from Thomas Corporation, feel free to ask, regardless of whether my father can come back or not. Thomas Company is willing to go through fire and water for you!”

In the living room of the villa, Luna Thomas was very nervous.

Thinking back to how he had slapped Oliver Walker without asking why, he felt even more ashamed.

“We’re friends. If you say these words, you’ll be estranged.”

“If you really want to thank me,” said Oliver Walker, “remember to manage

Thomas Corporation well. This is very important to the entire East China Sea. As for your father’s whereabouts, I will do my best to find him.”

Today’s Thomas Corporation was not just company on its own. It was linked to the entire Eastern coast. If anything went wrong, the consequences would be unimaginable.

“Yes!”

Luna Thomas nodded solemnly. “I’ll try my best!”

The pressure of suddenly taking on such a heavy responsibility was really great, but this was the responsibility she should bear.

Therefore, he couldn’t have any complaints.

“Remember, you have to have a conscience in everything. I hope that all the companies under Thomas Corporation, can continue the prosperity and order of your father’s time and not make money that goes against their conscience!”

Oliver Walker instructed again. The reason why he took action was not only because of their personal relationship, but also because Thomas Corporation had an irreplaceable position in the Ocean City.

“Mr. Walker, don’t worry!”

Luna Thomas nodded. Then, a strange light flashed in her beautiful eyes. “I’m very curious. Who are you actually?”

If Oliver Walker was just an ordinary person, he would never tell her about these things. On the contrary, his attitude of worrying about the country and the people made this man's image even higher in her heart!

"Does it matter who I am?"

"The point is," Oliver Walker said with a smile. "We are all citizens of this country and we share the same blood."

Luna Thomas was clearly a little disappointed by this answer.

Obviously, Oliver Walker could hide it, which meant that he didn't think she was trustworthy. She did not know when she had started to treat Oliver Walker as her most important friend, but perhaps in Oliver Walker's heart, their relationship was just very ordinary.

Seeing Luna Thomas's disappointment, Oliver Walker smiled. "I'm the chaplain, but I'm currently on an important mission, so I can't reveal my identity. The country isn't peaceful enough yet."

He was exhausted! He had originally left the military to compensate his family, but he was not living an idle life.

In fact, a person like him had long been tied to the fate of the country. How could he be idle?

"The Chaplain?!"

Luna Thomas suddenly stood up. Her beautiful eyes were filled with shock..

Chapter 789: Dinner?

“What’s wrong? You’ve heard of me?” Oliver Walker asked in surprise.

Logically speaking, not many people knew about him! After all, he had returned before the end of the war in Arizona and did not attend the ceremony. He was like an invisible person, unknown to others. At least not known to most people!

“Hmm... Yes, yes...”

Luna Thomas suddenly became nervous, and her eyes were filled with admiration. “When I was overseas, I heard that you, the Chaplain of the country, single-handedly reversed the situation in the state of Indiana and single-handedly changed the nation’s fate.”

This... Was it an exaggeration?

It sounded quite exaggerated, but the truth was, this was not an exaggeration at all.

If Oliver Walker hadn’t killed 100,000 elite enemy troops to cover the rear, the battle situation in Indiana would have been rewritten.

If it weren’t for Oliver Walker, who had nurtured the five great Chinese doctors, the six great War Gods, and the eight great Gods of Wealth, the foundation of this country wouldn’t be so strong.

“It’s just a legend. It’s not as exaggerated as you think!”

Oliver Walker shook his head. “Lord MO is the only one who can be conferred the title of Marquis! Those soldiers who are sleeping in the state of Indiana are the real heroes.”

Whether it was a commander or a general, they couldn’t do without their soldiers fighting!

That was why he rarely mentioned that past. This was because there were often people who only remembered his achievements and ignored the blood of those martyrs.

“Mr. Walker, can I treat you to dinner tonight?”

Luna Thomas extended another invitation. In fact, no matter who Oliver Walker was, she had to treat him to this meal because, without Oliver Walker, she might have died by now.

“Hmm?”

Oliver Walker hesitated for a moment. He didn't want to be alone with Luna Thomas, but rejecting her continuously didn't seem right.

“Alright, I'll go back first to settle some matters! In fact, you don't have to stay in a hotel,” Luna Thomas said. “Thomas Company doesn't lack anything. “There are many rooms here in this villa.”

Letting Oliver Walker continue to stay in the hotel was indeed not the way to treat guests. Moreover, there were indeed many empty rooms in the villa area. so...

“Let's talk about it later! Remember to inform me if there's anything. Don't put yourself in danger if you encounter something you can't be sure of. Your safety is related to the stability of the entire Ocean City.”

Oliver Walker smiled and turned to leave.

Mark Thomas had been kidnapped, and Luna Thomas was the rightful heir. If something happened to Luna Thomas, who else could command Thomas Corporation?

When that time came, they would be divided into different factions, and the companies under the company would take the opportunity to become independent.

This was not what he wanted to see!

Looking at Oliver Walker's back, Luna Thomas felt extremely complicated. That feeling in her heart was growing.

She... How should she control her emotions?

This feeling was really terrible. Perhaps everything will get better after Emilia comes!

Perhaps her dependence on Oliver Walker was not because she liked him. Perhaps it was because she was mentally lacking and could not find anyone to talk to.

She had never been in love before, so she really knew nothing about relationships. The feeling of being in a daze, as if she liked him, but also as if she didn't. It wasn't very pleasant!

In the presidential suite of the Ocean City Hotel.

"Mr. Walker, you're back!"

Freddy Martin, who had been waiting for a long time, stood up respectfully.

"Yes." Oliver Walker nodded and got straight to the point. "How much do you know about the Seven Stars Gang?"

In fact, he had already done a lot of research, and George Lee had also provided it to him. However, Sean Martin had taken over, so he had to be careful to avoid being caught again.

"Seven Stars Gang?"

Freddy Martin frowned and said, "Gary Stevens is in the smuggling business.

He has a lot of power, and their underground forces are not something our

Black Dragon Sect can compare to."

Although Ocean City was adjacent to Colorado, one was a big city in China, while the other was small.

The sects that were born were naturally not on the same level.

Could Oliver Walker want him to deal with the powerful Seven Stars Gang with merely two thousand men?

This....

Chapter 790: The Seven Stars Gang

He suddenly felt pressured!

“Well, it’s good that you know! Don’t be careless!”

“From now on, I want you to take over the Seven Stars Gang’s business bit by bit,” said Oliver Walker.

“You should be more familiar with the rules of dividing territory in the underworld than I am!”

It seemed that Freddy Martin did not know more than him. Therefore, there was no point in talking about it anymore. The most important thing now was to attack the Seven Stars gang’s property and make Sean Martin, who was hiding in the dark, useless.

He wanted to take over Ocean City to better maintain order. Perhaps Freddy Martin was not a good person, but at least he was obedient. The Black Dragon Sect wasn’t that powerful, but at least they had a decent cohesion.

It was another local power in the state of Colorado. Therefore, it was also an important reason for his choice.

Freddy Martin widened his eyes and looked troubled. "But you...You should also know that just in terms of weapons, we're not on the same level as the Seven Stars Gang."

"1... We..."

It wasn't that he didn't want to execute it, but the disparity in strength was too great.

There was simply no chance of winning. In fact...

He had a feeling that Oliver Walker was sending him to his death! Oliver Walker wanted the entire Black Dragon Sect to die!

"What are you afraid of!"

Mike slapped the table. "A soldier who doesn't want to be a general isn't a good soldier. My boss gave you a chance. Don't you know how to seize it?"

"Are you looking down on me and Mr. Walker?" Aiden said coldly.

Actually, they had already discussed it on the way back. Mike and Aiden were in charge of supervising the Black Dragon Sect. Of course, when necessary, they would also act as thugs. Meanwhile, George Lee and the officials continued to investigate.

With both of them working together, there was bound to be a way to force Sean Martin out.

"Uh... Hehe..."

Freddy Martin laughed even harder than he was crying. "With Mr. Walker and

Aiden joining us, the Seven Stars Gang is nothing.”

“Mr. Walker, I’ll ask Freddy Martin out first and see what he has to say.”

According to the rules of the underworld, negotiations had to be held first. They could only start fighting after the negotiations broke down. Of course, the so-called negotiation was no different from a declaration of war.

“Yes!”

Only then did Oliver Walker nod in satisfaction. Of course, he knew that the Black Dragon Sect and the Seven Stars Gang were vastly different.

However, he was not prepared to support these underground forces. If he wanted to truly stabilize public security, he had to let these underground forces kill each other.

They did not have the energy to oppress the people.

At the same time, in the Holy Light Group!

“Damn it!” Sean Martin, who was dressed in a suit, had a cold expression. “I swear I’m not a human if I don’t kill you!”

He actually found him! He was mad!

“President Martin, what should we do now?”

The person who spoke was called Moose Howards. He was in his forties and was the general manager of the Holy Light Group. He was also an old man of Blood Fiend.

Oliver Walker thought that there was only one small team entering the country, but in fact, it was not.

Although the Holy Light Group was a clean enterprise, it was only clean on the surface. The real higher-ups were still people from Blood Fiend.

“What should we do? We’ll deal with it when the time comes.

“Send Ling Hai overseas and announce to the public that he’s on a business trip,” Sean Martin said coldly.

“Kill him! Only the dead can’t speak!”

Ling Hai was not a member of Blood Fiend. He was only a senior executive of the Holy Light Group in America. Now that the matter of the share transfer agreement had been traced back to Ling Hai, he naturally wouldn’t keep it any longer.

He never expected Oliver Walker to be so fast.

If it wasn’t for his luck last night, he really wouldn’t have been able to leave Queen’s Bar. However, the game was far from over!

This was only the beginning!
